RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 1116

Offered by Representative Holbrook:

WHEREAS, Ehlers-Danlos Syndrome (EDS) is a group of inherited disorders characterized by excessive

looseness and instability of the joints, fragile and hyperelastic skin that bruises, scars, and tears easily, and major blood vessels that can disintegrate catastrophically; the overall prevalence of all types of Ehlers-Danlos Syndrome is estimated at 1 in 5,000 births worldwide, representing over 75,000 Americans and 1.5 million globally; and

WHEREAS, Some forms of Ehlers-Danlos Syndrome involve serious, life-threatening, or fatal complications; major blood vessels, organs, and the aorta can tear or rupture unpredictably, causing acute pain, internal bleeding, shock, and premature death; life can be foreshortened for those with this vascular type: the average life span is only to the forties and tragically, many die in their teens; and

WHEREAS, It is the mission Ehlers-Danlos National Foundation (EDNF) to provide information and advocacy for people living with Ehlers-Danlos Syndrome and to provide a network of support and knowledge to the medical profession, greater healthcare community, and public at large; currently, there is little research dedicated to EDS outside of research funded by EDNF; increased interest, study, and understanding of EDS and its genetic connections will generate breakthroughs that may provide better screening, treatments, and a cure; and

WHEREAS, There is neither screening nor a cure for Ehlers-Danlos Syndrome and individual symptoms must be evaluated and cared for appropriately; physical and occupational therapy, evaluation, and intervention by rehabilitation specialists is often required to address basic life tasks; appropriate therapy and treatment is especially essential for EDS in children; early and accurate diagnosis will provide the opportunity to create life-saving emergency medical plans, ensure proper cardiac monitoring, and allow for the optimum quality of life for EDS families; and

WHEREAS, Ehlers-Danlos Syndrome is frequently misdiagnosed or undiagnosed for decades, resulting in greater discomfort and disability; the vascular form may only be recognized with the advent of an often-fatal medical emergency; for some, the diagnosis only accompanies autopsy; earlier recognition can prevent many of these premature and tragic deaths and allow earlier and more effective management of EDS; and

WHEREAS, Increased awareness of Ehlers-Danlos Syndrome in the medical profession will allow earlier diagnosis, treatment, and care to ensure hope of a better life and participation in society; the reduced disability, pain, and expense will offer tangible positive effects and an enhanced quality of life for EDS families; and

WHEREAS, It is imperative that additional funding be dedicated to research this underrecognized and under-diagnosed condition; by fostering and funding further studies of EDS, new understanding of syndrome processes and therapeutic interventions can be acquired; current work at the National Institutes of Health and other research institutions can be expanded and increased, generating an increased knowledge base; and

WHEREAS, In memory of all of our families and friends who have died from Ehlers-Danlos Syndrome, the Ehlers-Danlos National Foundation will continue to educate and fund research so that someday we will see a brighter day; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we designate the month of May 2006 as Ehlers-Danlos Syndrome Awareness Month; and be it further

RESOLVED, That a suitable copy of this resolution be sent to the Ehlers-Danlos Foundation.

WHEREAS, The Veteran Grant Program, the Illinois National Guard Grant Program, and the MIA-POW Scholarship Program are all considered entitlement grants; thus, if the General Assembly does not fully fund these programs to cover all expenses, the public university or community college must waive all tuition and fees on behalf of that student; and

WHEREAS, Public universities and community colleges in this State must raise tuition and fees in order to compensate for unfunded mandates placed upon them by the Governor's budget; and

WHEREAS, It is not fiscally responsible for the Governor to increase government spending while other parts of the budget continue to be underfunded; and

WHEREAS, The Governor's proposed budget for fiscal year 2007 provides level funding for the Veteran Grant Program, the Illinois National Guard Grant Program, and the MIA-POW Scholarship Program despite increasing enrollment primarily due to the Global War on Terrorism; and

WHEREAS, This level funding will require public universities and community colleges to waive an estimated $12.7 million in tuition and fees; therefore, be it

RESOLVED, That the Board of Higher Education conduct a study detailing over the last four fiscal years the amount of tuition and fees each public university and community college has waived in order to compensate for the lack of funding in the Governor's budgets for the Veteran Grant Program, Illinois National Guard Grant Program, and MIA-POW Scholarship Program, to be submitted to the General Assembly and Governor no later than January 1, 2007; and be it further

RESOLVED, That the Board of Higher Education conduct an annual study detailing the amounts each public university and community college had to waive in tuition and fees the previous academic year in order to compensate for the underfunding in the Governor's budget for the Veteran Grant Program, Illinois National Guard Grant Program, and MIA-POW Scholarship Program, to accompany the Board of Higher Education's annual budget recommendations to the Governor and General Assembly; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor, the Board of Higher Education, and the president of each public university and community college in this State.

Sec. 34-4.5. Chronic truants.

(a) Office of Chronic Truant Adjudication. The board shall establish and implement an Office of Chronic Truant Adjudication, which shall be responsible for administratively adjudicating cases of chronic truancy and imposing appropriate sanctions. The board shall appoint or employ hearing officers to perform the adjudicatory functions of that Office. Principals and other appropriate personnel may refer pupils suspected of being chronic truants, as defined in Section 26-2a of this Code, to the Office of Chronic Truant Adjudication.

(b) Notices. Before any hearing may be held under subsection (c), the principal of the school attended by the pupil or the principal's designee shall notify the pupil's parent or guardian by personal visit, letter, or telephone of each unexcused absence of the pupil. After giving the parent or guardian notice of the tenth unexcused absence of the pupil, the principal or the principal's designee shall send the pupil's parent or guardian a letter, by certified mail, return receipt requested, notifying the parent or guardian that he or she is subjecting himself or herself to a hearing procedure as provided under subsection (c) and clearly describing any and all possible penalties that may be imposed as provided for in subsections (d) and (e) of this Section.

The hearing shall be private unless a public hearing is requested by the pupil's parent or guardian, and the pupil may be present at the hearing with a representative in addition to the pupil's parent or guardian. The board shall present evidence of the pupil's truancy, and the pupil and the parent or guardian or representative of the pupil may cross examine witnesses, present witnesses and evidence, and present defenses to the charges. All testimony at the hearing shall be taken under oath administered by the hearing officer. If the parent or guardian of the chronic truant shows that he or she took reasonable steps to insure attendance of the pupil at school, he or she shall not be required to perform services.

(e) Non-compliance with sanctions. If a pupil determined by a hearing officer to be a chronic truant or the parent or guardian of the pupil fails to comply with the sanctions ordered by the hearing officer under subsection (c) of this Section, the Office of Chronic Truant Adjudication may refer the matter to the State's Attorney for prosecution under Section 3-33.5 ~~3-33~~ of the Juvenile Court Act of 1987.

(f) Limitation on applicability. Nothing in this Section shall be construed to apply to a parent or guardian of a pupil not required to attend a public school pursuant to Section 26-1.

AMENDMENT NO. 1. Amend Senate Bill 2348 by replacing everything after the enacting clause with the following:
"Section 5. The Illinois Municipal Code is amended by changing Section 11-74.4-4 as follows:
(65 ILCS 5/11-74.4-4) (from Ch. 24, par. 11-74.4-4)
Sec. 11-74.4-4. Municipal powers and duties; redevelopment project areas. A municipality may:
(a) The changes made by this amendatory Act of the 91st General Assembly do not apply to a municipality that, (i) before the effective date of this amendatory Act of the 91st General Assembly, has adopted an ordinance or resolution fixing a time and place for a public hearing under Section 11-74.4-5 or (ii) before July 1, 1999, has adopted an ordinance or resolution providing for a feasibility study under Section 11-74.4-4.1, but has not yet adopted an ordinance approving redevelopment plans and redevelopment projects or designating redevelopment project areas under this Section, until after that municipality adopts an ordinance approving redevelopment plans and redevelopment projects or designating redevelopment project areas under this Section; thereafter the changes made by this amendatory Act of the 91st General Assembly apply to the same extent that they apply to redevelopment plans and redevelopment projects that were approved and redevelopment projects that were designated before the effective date of this amendatory Act of the 91st General Assembly.
By ordinance introduced in the governing body of the municipality within 14 to 90 days from the completion of the hearing specified in Section 11-74.4-5 approve redevelopment plans and redevelopment projects, and designate redevelopment project areas pursuant to notice and hearing required by this Act. No redevelopment project area shall be designated unless a plan and project are approved prior to the designation of such area and such area shall include only those contiguous parcels of real property and improvements thereon substantially benefited by the proposed redevelopment project improvements. Upon adoption of the ordinances, the municipality shall forthwith transmit to the county clerk of the county or counties within which the redevelopment project area is located a certified copy of the ordinances, a legal description of the redevelopment project area, a map of the redevelopment project area, identification of the year that the county clerk shall use for determining the total initial equalized assessed value of the redevelopment project area consistent with subsection (a) of Section 11-74.4-9, and a list of the parcel or

tax identification number of each parcel of property included in the redevelopment project area.

(b) Make and enter into all contracts with property owners, developers, tenants, overlapping taxing bodies, and others necessary or incidental to the implementation and furtherance of its redevelopment plan and project. Contract provisions concerning loan repayment obligations in contracts entered into on or after the effective date of this amendatory Act of the 93rd General Assembly shall terminate no later than the last to occur of the estimated dates of completion of the redevelopment project and retirement of the obligations issued to finance redevelopment project costs as required by item (3) of subsection (n) of Section 11-74.4-3. Payments received under contracts entered into by the municipality prior to the effective date of this amendatory Act of the 93rd General Assembly that are received after the redevelopment project area has been terminated by municipal ordinance shall be deposited into a special fund of the municipality to be used for other community redevelopment needs within the redevelopment project area.

(c) Within a redevelopment project area, acquire by purchase, donation, lease or eminent domain; own, convey, lease, mortgage or dispose of land and other property, real or personal, or rights or interests therein, and grant or acquire licenses, easements and options with respect thereto, all in the manner and at such price the municipality determines is reasonably necessary to achieve the objectives of the redevelopment plan and project. No conveyance, lease, mortgage, disposition of land or other property owned by a municipality, or agreement relating to the development of such municipal property shall be made except upon the adoption of an ordinance by the corporate authorities of the municipality. Furthermore, no conveyance, lease, mortgage, or other disposition of land owned by a municipality or agreement relating to the development of such municipal property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality's request. The procedures for obtaining such bids and proposals shall provide reasonable opportunity for any person to submit alternative proposals or bids.

(d) Within a redevelopment project area, clear any area by demolition or removal of any existing buildings and structures.

(e) Within a redevelopment project area, renovate or rehabilitate or construct any structure or building, as permitted under this Act.

(f) Install, repair, construct, reconstruct or relocate streets, utilities and site improvements essential to the preparation of the redevelopment area for use in accordance with a redevelopment plan.

(g) Within a redevelopment project area, fix, charge and collect fees, rents and charges for the use of any building or property owned or leased by it or any part thereof, or facility therein.

(h) Accept grants, guarantees and donations of property, labor, or other things of value from a public or private source for use within a project redevelopment area.

(i) Acquire and construct public facilities within a redevelopment project area, as permitted under this Act.

(j) Incur project redevelopment costs and reimburse developers who incur redevelopment project costs authorized by a redevelopment agreement; provided, however, that on and after the effective date of this amendatory Act of the 91st General Assembly, no municipality shall incur redevelopment project costs (except for planning costs and any other eligible costs authorized by municipal ordinance or resolution that are subsequently included in the redevelopment plan for the area and are incurred by the municipality after the ordinance or resolution is adopted) that are not consistent with the program for accomplishing the objectives of the redevelopment plan as included in that plan and approved by the municipality until the municipality has amended the redevelopment plan as provided elsewhere in this Act.

(k) Create a commission of not less than 5 or more than 15 persons to be appointed by the mayor or president of the municipality with the consent of the majority of the governing board of the municipality. Members of a commission appointed after the effective date of this amendatory Act of 1987 shall be appointed for initial terms of 1, 2, 3, 4 and 5 years, respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. Their successors shall be appointed for a term of 5 years. The commission, subject to approval of the corporate authorities may exercise the powers enumerated in this Section. The commission shall also have the power to hold the public hearings required by this division and make recommendations to the corporate authorities concerning the adoption of redevelopment plans, redevelopment projects and designation of redevelopment project areas.

(l) Make payment in lieu of taxes or a portion thereof to taxing districts. If payments in lieu of taxes or a portion thereof are made to taxing districts, those payments shall be made to all districts within a project redevelopment area on a basis which is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment project area.

(m) Exercise any and all other powers necessary to effectuate the purposes of this Act.

(n) If any member of the corporate authority, a member of a commission established pursuant to Section 11-74.4-4(k) of this Act, or an employee or consultant of the municipality involved in the planning and preparation of a redevelopment plan, or project for a redevelopment project area or proposed redevelopment project area, as defined in Sections 11-74.4-3(i) through (k) of this Act, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates and terms and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the corporate authorities and entered upon the minute books of the corporate authorities. If an individual holds such an interest then that individual shall refrain from any further official involvement in regard to such redevelopment plan, project or area, from voting on any matter pertaining to such redevelopment plan, project or area, or communicating with other members concerning corporate authorities, commission or employees concerning any matter pertaining to said redevelopment plan, project or area. Furthermore, no such member or employee shall acquire of any interest direct, or indirect, in any property in a redevelopment area or proposed redevelopment area after either (a) such individual obtains knowledge of such plan, project or area or (b) first public notice of such plan, project or area pursuant to Section 11-74.4-6 of this Division, whichever occurs first. For the purposes of this subsection, a property interest acquired in a single parcel of property by a member of the corporate authority, which property is used exclusively as the member's primary residence, shall not be deemed to constitute an interest in any property included in a redevelopment area or proposed redevelopment area that was established before December 31, 1989, but the member must disclose the acquisition to the municipal clerk under the provisions of this subsection. A single property interest acquired within one year after the effective date of this amendatory Act of the 94th General Assembly by a member of the corporate authority does not constitute an interest in any property included in any redevelopment area or proposed redevelopment area, regardless of when the redevelopment area was established, if (i) the property is used exclusively as the member's primary residence, (ii) the member discloses the acquisition to the municipal clerk under the provisions of this subsection, (iii) the acquisition is for fair market value, (iv) the member acquires the property as a result of the property being publicly advertised for sale, and (v) the member refrains from voting on, and communicating with other members concerning, any matter when the benefits to the redevelopment project or area would be significantly greater than the benefits to the municipality as a whole. For the purposes of this subsection, a month-to-month leasehold interest in a single parcel of property by a member of the corporate authority shall not be deemed to constitute an interest in any property included in any redevelopment area or proposed redevelopment area, but the member must disclose the interest to the municipal clerk under the provisions of this subsection.

(o) Create a Tax Increment Economic Development Advisory Committee to be appointed by the Mayor or President of the municipality with the consent of the majority of the governing board of the municipality, the members of which Committee shall be appointed for initial terms of 1, 2, 3, 4 and 5 years respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. Their successors shall be appointed for a term of 5 years. The Committee shall have none of the powers enumerated in this Section. The Committee shall serve in an advisory capacity only. The Committee may advise the governing Board of the municipality and other municipal officials regarding development issues and opportunities within the redevelopment project area or the area within the State Sales Tax Boundary. The Committee may also promote and publicize development opportunities in the redevelopment project area or the area within the State Sales Tax Boundary.

(p) Municipalities may jointly undertake and perform redevelopment plans and projects and utilize the provisions of the Act wherever they have contiguous redevelopment project areas or they determine to adopt tax increment financing with respect to a redevelopment project area which includes contiguous real property within the boundaries of the municipalities, and in doing so, they may, by agreement between municipalities, issue obligations, separately or jointly, and expend revenues received under the Act for eligible expenses anywhere within contiguous redevelopment project areas or as otherwise permitted in the Act.

(q) Utilize revenues, other than State sales tax increment revenues, received under this Act from one redevelopment project area for eligible costs in another redevelopment project area that is:

(i) contiguous to the redevelopment project area from which the revenues are received;

(ii) separated only by a public right of way from the redevelopment project area from which the revenues are received; or

(iii) separated only by forest preserve property from the redevelopment project area

from which the revenues are received if the closest boundaries of the redevelopment project areas that are separated by the forest preserve property are less than one mile apart.

Utilize tax increment revenues for eligible costs that are received from a redevelopment project area created under the Industrial Jobs Recovery Law that is either contiguous to, or is separated only by a public right of way from, the redevelopment project area created under this Act which initially receives these revenues. Utilize revenues, other than State sales tax increment revenues, by transferring or loaning such revenues to a redevelopment project area created under the Industrial Jobs Recovery Law that is either contiguous to, or separated only by a public right of way from the redevelopment project area that initially produced and received those revenues; and, if the redevelopment project area (i) was established before the effective date of this amendatory Act of the 91st General Assembly and (ii) is located within a municipality with a population of more than 100,000, utilize revenues or proceeds of obligations authorized by Section 11-74.4-7 of this Act, other than use or occupation tax revenues, to pay for any redevelopment project costs as defined by subsection (q) of Section 11-74.4-3 to the extent that the redevelopment project costs involve public property that is either contiguous to, or separated only by a public right of way from, a redevelopment project area whether or not redevelopment project costs or the source of payment for the costs are specifically set forth in the redevelopment plan for the redevelopment project area.

(r) If no redevelopment project has been initiated in a redevelopment project area within 7 years after the area was designated by ordinance under subsection (a), the municipality shall adopt an ordinance repealing the area's designation as a redevelopment project area; provided, however, that if an area received its designation more than 3 years before the effective date of this amendatory Act of 1994 and no redevelopment project has been initiated within 4 years after the effective date of this amendatory Act of 1994, the municipality shall adopt an ordinance repealing its designation as a redevelopment project area. Initiation of a redevelopment project shall be evidenced by either a signed redevelopment agreement or expenditures on eligible redevelopment project costs associated with a redevelopment project.

(55 ILCS 5/5-25012) (from Ch. 34, par. 5-25012)

Sec. 5-25012. Board of health. Except in those cases where a board of 10 or 12 members is provided for as authorized in this Section, each county health department shall be managed by a board of health consisting of 8 members appointed by the president or chairman of the county board, with the approval of the county board, for a 3 year term, except that of the first appointees 2 shall serve for one year, 2 for 2 years, 3 for 3 years and the term of the member appointed from the county board, as provided in this Section, shall be one year and shall continue until reappointment or until a successor is appointed. Monthly compensation shall not exceed $200 except in the case of the president of the board of health whose monthly compensation shall not exceed $400.

When a county board of health consisting of 8 members assumes the responsibilities of a municipal department of public health, and both the county board and the city council adopt resolutions or ordinances to that effect, the county board may, by resolution or ordinance, increase the membership of the county board of health to 10 members. The additional 2 members shall initially be appointed by the mayor of the municipality, with the approval of the city council, each such member to serve for a term of 2 years; thereafter the successors shall be appointed by the president or chairman of the county board, with the approval of the county board, for terms of 2 years.

Whenever possible, at least one member shall have experience in the field of mental health. All members shall be chosen for their special fitness for membership on the board.

Any member may be removed for misconduct or neglect of duty by the chairman or president of the county board, with the approval of the county board, of the county which appointed him.

SENATE BILL 1705. Having been reproduced, was taken up and read by title a second time.
The following amendment was offered in the Committee on Electric Utility Oversight, adopted and reproduced:

AMENDMENT NO. 1. Amend Senate Bill 1705 by replacing everything after the enacting clause with the following:
"Section 5. The Public Utilities Act is amended by changing Sections 16-101A, 16-102, and 16-107 as follows:
(220 ILCS 5/16-101A)
Sec. 16-101A. Legislative findings.
(a) The citizens and businesses of the State of Illinois have been well-served by a comprehensive electrical utility system which has provided safe, reliable, and affordable service. The electrical utility system in the State of Illinois has historically been subject to State and federal regulation, aimed at assuring the citizens and businesses of the State of safe, reliable, and affordable service, while at the same time assuring the utility system of a return on its investment.
(b) Competitive forces are affecting the market for electricity as a result of recent federal regulatory and statutory changes and the activities of other states. Competition in the electric services market may create opportunities for new products and services for customers and lower costs for users of electricity. Long-standing regulatory relationships need to be altered to accommodate the competition that could fundamentally alter the structure of the electric services market.
(c) With the advent of increasing competition in this industry, the State has a continued interest in assuring that the safety, reliability, and affordability of electrical power is not sacrificed to competitive pressures, and to that end, intends to implement safeguards to assure that the industry continues to operate the electrical system in a manner that will serve the public's interest. Under the existing regulatory framework, the industry has been encouraged to undertake certain investments in its physical plant and personnel to enhance its efficient operation, the cost of which it has been permitted to pass on to consumers. The State has an interest in providing the existing utilities a reasonable opportunity to obtain a

return on certain investments on which they depended in undertaking those commitments in the first instance while, at the same time, not permitting new entrants into the industry to take unreasonable advantage of the investments made by the formerly regulated industry.

(d) A competitive wholesale and retail market must benefit all Illinois citizens. The Illinois Commerce Commission should act to promote the development of an effectively competitive electricity market that operates efficiently and is equitable to all consumers. Consumer protections must be in place to ensure that all customers continue to receive safe, reliable, affordable, and environmentally safe electric service.

(e) All consumers must benefit in an equitable and timely fashion from the lower costs for electricity that result from retail and wholesale competition and receive sufficient information to make informed choices among suppliers and services. The use of renewable resources and energy efficiency resources should be encouraged in competitive markets.

(f) The efficiency of electric markets depends both upon the competitiveness of supply and upon the price-responsiveness of the demand for service. Therefore, to ensure the lowest total cost of service and to enhance the reliability of service, all classes of the electricity customers of electric utilities should have access to and be able to voluntarily use real-time pricing and other price- and demand-response mechanisms.

Section 16-113 of this Act, (ii) contract service, and (iii) services, other than tariffed services, that are related to, but not necessary for, the provision of electric power and energy or delivery services.

"Contract service" means (1) services, including the provision of electric power and energy or other services, that are provided by mutual agreement between an electric utility and a retail customer that is located in the electric utility's service area, provided that, delivery services shall not be a contract service until such services are declared competitive pursuant to Section 16-113; and also means (2) the provision of electric power and energy by an electric utility to retail customers outside the electric utility's service area pursuant to Section 16-116. Provided, however, contract service does not include electric utility services provided pursuant to (i) contracts that retail customers are required to execute as a condition of receiving tariffed services, or (ii) special or negotiated rate contracts for electric utility services that were entered into between an electric utility and a retail customer prior to the effective date of this amendatory Act of 1997 and filed with the Commission.

Section 99. Effective date. This Act takes effect upon becoming law.".

Floor Amendment No. 2 remained in the Committee on Rules.

Representative Currie offered the following amendment and moved its adoption:

AMENDMENT NO. 3. Amend Senate Bill 1705, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Public Utilities Act is amended by changing Sections 16-101A, 16-102, and 16-107 as follows:

(220 ILCS 5/16-101A)

Sec. 16-101A. Legislative findings.

(a) The citizens and businesses of the State of Illinois have been well-served by a comprehensive electrical utility system which has provided safe, reliable, and affordable service. The electrical utility system in the State of Illinois has historically been subject to State and federal regulation, aimed at assuring the citizens and businesses of the State of safe, reliable, and affordable service, while at the same time assuring the utility system of a return on its investment.

(b) Competitive forces are affecting the market for electricity as a result of recent federal regulatory and statutory changes and the activities of other states. Competition in the electric services market may create opportunities for new products and services for customers and lower costs for users of electricity. Long-standing regulatory relationships need to be altered to accommodate the competition that could fundamentally alter the structure of the electric services market.

(c) With the advent of increasing competition in this industry, the State has a continued interest in assuring that the safety, reliability, and affordability of electrical power is not sacrificed to competitive pressures, and to that end, intends to implement safeguards to assure that the industry continues to operate the electrical system in a manner that will serve the public's interest. Under the existing regulatory framework, the industry has been encouraged to undertake certain investments in its physical plant and personnel to enhance its efficient operation, the cost of which it has been permitted to pass on to consumers. The State has an interest in providing the existing utilities a reasonable opportunity to obtain a

return on certain investments on which they depended in undertaking those commitments in the first instance while, at the same time, not permitting new entrants into the industry to take unreasonable advantage of the investments made by the formerly regulated industry.

(d) A competitive wholesale and retail market must benefit all Illinois citizens. The Illinois Commerce Commission should act to promote the development of an effectively competitive electricity market that operates efficiently and is equitable to all consumers. Consumer protections must be in place to ensure that all customers continue to receive safe, reliable, affordable, and environmentally safe electric service.

(e) All consumers must benefit in an equitable and timely fashion from the lower costs for electricity that result from retail and wholesale competition and receive sufficient information to make informed choices among suppliers and services. The use of renewable resources and energy efficiency resources should be encouraged in competitive markets.

(f) The efficiency of electric markets depends both upon the competitiveness of supply and upon the price-responsiveness of the demand for service. Therefore, to ensure the lowest total cost of service and to enhance the reliability of service, all classes of the electricity customers of electric utilities should have access to and be able to voluntarily use real-time pricing and other price-response and demand-response mechanisms.

Provided, however, contract service does not include electric utility services provided pursuant to (i) contracts that retail customers are required to execute as a condition of receiving tariffed services, or (ii) special or negotiated rate contracts for electric utility services that were entered into between an electric utility and a retail customer prior to the effective date of this amendatory Act of 1997 and filed with the Commission.

"Delivery services" means those services provided by the electric utility that are necessary in order for the transmission and distribution systems to function so that retail customers located in the electric utility's service area can receive electric power and energy from suppliers other than the electric utility, and shall include, without limitation, standard metering and billing services.

Sec. 16-107. Real-time pricing.

(a) Each electric utility shall file, on or before May 1, 1998, a tariff or tariffs which allow nonresidential retail customers in the electric utility's service area to elect real-time pricing beginning October 1, 1998.

(b) Each electric utility shall file, on or before May 1, 2000, a tariff or tariffs which allow residential retail customers in the electric utility's service area to elect real-time pricing beginning October 1, 2000.

A customer who elects real-time pricing shall remain on such rate for a minimum of 12 months. The Commission may, after notice and hearing, approve the tariff or tariffs, provided that the Commission finds that the potential for demand reductions will result in net economic benefits to all residential customers of the electric utility. In examining economic benefits from demand reductions, the Commission shall, at a minimum, consider the following: improvements to system reliability and power quality, reduction in wholesale market prices and price volatility, electric utility cost avoidance and reductions, market power mitigation, and other benefits of demand reductions, but only to the extent that the effects of reduced demand can be demonstrated to lower the cost of electricity delivered to residential customers. A tariff or tariffs approved pursuant to this subsection (b-5) shall, at a minimum, describe (i) the methodology for determining the market price of energy to be reflected in the real-time rate and (ii) the manner in which customers who elect real-time pricing will be provided with ready access to hourly market prices, including, but not limited to, day-ahead hourly energy prices.

A proceeding under this subsection (b-5) may not exceed 120 days in length.

(b-10) Each electric utility providing real-time pricing pursuant to subsection (b-5) shall install a meter capable of recording hourly interval energy use at the service location of each customer that elects real-time pricing pursuant to this subsection.

(b-15) If the Commission issues an order pursuant to subsection (b-5), the affected electric utility shall contract with an entity not affiliated with the electric utility to serve as a program administrator to develop and implement a program to provide consumer outreach, enrollment, and education concerning real-time pricing and to establish and administer an information system and technical and other customer assistance that is necessary to enable customers to manage electricity use. The program administrator: (i) shall be selected and compensated by the electric utility, subject to Commission approval; (ii) shall have demonstrated technical and managerial competence in the development and administration of demand management programs; and (iii) may develop and implement risk management, energy efficiency, and other services related to energy use management for which the program administrator shall be compensated by participants in the program receiving such services. The electric utility shall permit the program administrator to include inserts in residential customer bills 2 times per year to assist with customer outreach and enrollment.

The program administrator shall submit an annual report to the electric utility no later than April 1 of each year describing the operation and results of the program, including information concerning the number and types of customers using real-time pricing, changes in customers' energy use patterns, an assessment of the value of the program to both participants and non-participants, and recommendations concerning modification of the program and the tariff or tariffs filed under subsection (b-5). This report shall be filed by the electric utility with the Commission within 30 days of receipt and shall be available to the public on the Commission's web site.

(b-20) The Commission shall monitor the performance of programs established pursuant to subsection (b-15) and shall order the termination or modification of a program if it determines that the program is not, after a reasonable period of time for development not to exceed 4 years, resulting in net benefits to the residential customers of the electric utility.

(b-25) An electric utility shall be entitled to recover reasonable costs incurred in complying with this Section, provided that recovery of the costs is fairly apportioned among its residential customers as provided in this subsection (b-25). The electric utility may apportion greater costs on the residential customers who elect real-time pricing, but may also impose some of the costs of real-time pricing on customers who do not elect real-time pricing, provided that the Commission determines that the cost savings resulting from real-time pricing will exceed the costs imposed on customers for maintaining the program.

(c) The electric utility's tariff or tariffs filed pursuant to this Section shall be subject to Article IX.

(d) This Section does not apply to any electric utility providing service to 100,000 or fewer customers.

"Aggregate extension" for all taxing districts to which this Law applies in accordance with paragraph (2) of subsection (e) of Section 18-213 means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before the effective date of this amendatory Act of 1997; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before the effective date of this amendatory Act of 1997; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after the effective date of this amendatory Act of 1997 if the bonds were approved by referendum after the effective date of this amendatory Act of 1997; (e) made for any taxing district to pay interest or principal on revenue bonds issued before the effective date of this amendatory Act of 1997 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before the effective date of this amendatory Act of 1997 to pay for the building project; (g) made for payments due under installment contracts entered into before the effective date of this amendatory Act of 1997; (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered into

before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for the handicapped under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; and (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment

project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property. The denominator shall not include the recovered tax increment value.
