In the case of a church, the distance of 100 feet shall be measured to the nearest part of any building used for worship services or educational programs and not to property boundaries.

(b) Nothing in this Section shall prohibit the issuance of a retail license authorizing the sale of alcoholic liquor to a restaurant, the primary business of which is the sale of goods baked on the premises if (i) the restaurant is newly constructed and located on a lot of not less than 10,000 square feet, (ii) the restaurant costs at least \$1,000,000 to construct, (iii) the licensee is the titleholder to the premises and resides on the premises, and (iv) the construction of the restaurant is completed within 18 months of the effective date of this amendatory Act of 1998.

As used in this subsection, "existing tax increment allocation redevelopment plan" means a redevelopment plan that was adopted under the Tax Increment Allocation Redevelopment Act (Article 11, Division 74.4 of the Illinois Municipal Code) prior to April 15, 2006 and for which property assembly costs were, before that date, included as a budget line item in the plan or described in the narrative portion of the plan as part of the redevelopment project, but does not include (i) any additional area added to the redevelopment project area on or after April 15, 2006, (ii) any subsequent extension of the completion date of a redevelopment plan beyond the estimated completion date established in that plan prior to April 15, 2006, (iii) any acquisition of property in a conservation area for which the condemnation complaint is filed more than 12 years after the effective date of this Act, or (iv) any acquisition of property in an industrial

park conservation area.

As used in this subsection, "conservation area" and "industrial park conservation area" have the same meanings as under Section 11-74.4-3 of the Illinois Municipal Code.

(b) If the exercise of eminent domain authority is to acquire property for public ownership and control, then the condemning authority must prove that (i) the acquisition of the property is necessary for a public purpose and (ii) the acquired property will be owned and controlled by the condemning authority or another governmental entity.

(c) Except when the acquisition is governed by subsection (b) or is primarily for one of the purposes specified in subsection (d), (e), or (f) and the condemning authority elects to proceed under one of those subsections, if the exercise of eminent domain authority is to acquire property for private ownership or control, or both, then the condemning authority must prove by clear and convincing evidence that the acquisition of the property for private ownership or control is (i) primarily for the benefit, use, or enjoyment of the public and (ii) necessary for a public purpose.

An acquisition of property primarily for the purpose of the elimination of blight is rebuttably presumed to be for a public purpose and primarily for the benefit, use, or enjoyment of the public under this subsection.

Any challenge to the existence of blighting factors alleged in a complaint to condemn under this subsection shall be raised within 6 months of the filing date of the complaint to condemn, and if not raised within that time the right to challenge the existence of those blighting factors shall be deemed waived.

Evidence that the Illinois Commerce Commission has granted a certificate or otherwise made a finding of public convenience and necessity for an acquisition of property (or any right or interest in property) for private ownership or control (including, without limitation, an acquisition for which the use of eminent domain is authorized under the Public Utilities Act, the Telephone Company Act, or the Electric Supplier Act) to be used for utility purposes creates a rebuttable presumption that such acquisition of that property (or right or interest in property) is (i) primarily for the benefit, use, or enjoyment of the public and (ii) necessary for a public purpose.

In the case of an acquisition of property (or any right or interest in property) for private ownership or control to be used for utility, pipeline, or railroad purposes for which no certificate or finding of public convenience and necessity by the Illinois Commerce Commission is required, evidence that the acquisition is one for which the use of eminent domain is authorized under one of the following laws creates a rebuttable presumption that the acquisition of that property (or right or interest in property) is (i) primarily for the benefit, use, or enjoyment of the public and (ii) necessary for a public purpose:

- (1) the Public Utilities Act,
- (2) the Telephone Company Act,
- (3) the Electric Supplier Act,
- (4) the Railroad Terminal Authority Act,
- (5) the Grand Avenue Railroad Relocation Authority Act,
- (6) the West Cook Railroad Relocation and Development Authority Act,
- (7) Section 4-505 of the Illinois Highway Code,
- (8) Section 17 or 18 of the Railroad Incorporation Act,
- (9) Section 18c-7501 of the Illinois Vehicle Code.

(d) If the exercise of eminent domain authority is to acquire property for private ownership or control and if the primary basis for the acquisition is the elimination of blight and the condemning authority elects to proceed under this subsection, then the condemning authority must: (i) prove by a preponderance of the evidence that acquisition of the property for private ownership or control is necessary for a public purpose; (ii) prove by a preponderance of the evidence that the property to be acquired is located in an area that is currently designated as a blighted area or conservation area under an applicable statute; (iii) if the existence of blight or blighting factors is challenged in an appropriate motion filed within 6 months after the date of filing of the complaint to condemn, prove by a preponderance of the evidence that the required blighting factors existed in the area so designated (but not necessarily in the particular property to be acquired) at the time of the designation under item (ii) or at any time thereafter; and (iv) prove by a preponderance of the evidence at least one of the following:

(A) that it has entered into an express written agreement in which a private person or entity agrees to undertake a development project within the blighted area that specifically details the reasons for which the property or rights in that property are necessary for the development project;

(B) that the exercise of eminent domain power and the proposed use of the property by the condemning authority are consistent with a regional plan that has been adopted within the past 5

years in accordance with Section 5-14001 of the Counties Code or Section 11-12-6 of the Illinois Municipal Code or with a local land resource management plan adopted under Section 4 of the Local Land Resource Management Planning Act; or

(C) that (1) the acquired property will be used in the development of a project that is consistent with the land uses set forth in a comprehensive redevelopment plan prepared in accordance with the applicable statute authorizing the condemning authority to exercise the power of eminent domain and is consistent with the goals and purposes of that comprehensive redevelopment plan, and (2) an enforceable written agreement, deed restriction, or similar encumbrance has been or will be executed and recorded against the acquired property to assure that the project and the use of the property remain consistent with those land uses, goals, and purposes for a period of at least 40 years, which execution and recording shall be included as a requirement in any final order entered in the condemnation proceeding.

The existence of an ordinance, resolution, or other official act designating an area as blighted is not prima facie evidence of the existence of blight. A finding by the court in a condemnation proceeding that a property or area has not been proven to be blighted does not apply to any other case or undermine the designation of a blighted area or conservation area or the determination of the existence of blight for any other purpose or under any other statute, including without limitation under the Tax Increment Allocation Redevelopment Act (Article 11, Division 74.4 of the Illinois Municipal Code).

Any challenge to the existence of blighting factors alleged in a complaint to condemn under this subsection shall be raised within 6 months of the filing date of the complaint to condemn, and if not raised within that time the right to challenge the existence of those blighting factors shall be deemed waived.

(e) If the exercise of eminent domain authority is to acquire property for private ownership or control and if the primary purpose of the acquisition is one of the purposes specified in item (iii) of this subsection and the condemning authority elects to proceed under this subsection, then the condemning authority must prove by a preponderance of the evidence that: (i) the acquisition of the property is necessary for a public purpose; (ii) an enforceable written agreement, deed restriction, or similar encumbrance has been or will be executed and recorded against the acquired property to assure that the project and the use of the property remain consistent with the applicable purpose specified in item (iii) of this subsection for a period of at least 40 years, which execution and recording shall be included as a requirement in any final order entered in the condemnation proceeding; and (iii) the acquired property will be one of the following:

(1) included in the project site for a residential project, or a mixed-use project including residential units, where not less than 20% of the residential units in the project are made available, for at least 15 years, by deed restriction, long-term lease, regulatory agreement, extended use agreement, or a comparable recorded encumbrance, to low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act;

(2) used primarily for public airport, road, parking, or mass transportation purposes and sold or leased to a private party in a sale-leaseback, lease-leaseback, or similar structured financing;

(3) owned or used by a public utility or electric cooperative for utility purposes;

(4) owned or used by a railroad for passenger or freight transportation purposes;

(5) sold or leased to a private party that operates a water supply, waste water, recycling, waste disposal, waste-to-energy, or similar facility;

(6) sold or leased to a not-for-profit corporation whose purposes include the preservation of open space, the operation of park space, and similar public purposes;

(7) used as a library, museum, or related facility, or as infrastructure related to such a facility;

(8) used by a private party for the operation of a charter school open to the general public; or

(9) a historic resource, as defined in Section 3 of the Illinois State Agency Historic Resources Preservation Act, a landmark designated as such under a local ordinance, or a contributing structure within a local landmark district listed on the National Register of Historic Places, that is being acquired for purposes of preservation or rehabilitation.

(f) If the exercise of eminent domain authority is to acquire property for public ownership and private control and if the primary purpose of the acquisition is one of the purposes specified in item (iii) of this subsection and the condemning authority elects to proceed under this subsection, then the condemning authority must prove by a preponderance of the evidence that: (i) the acquisition of the property is necessary for a public purpose; (ii) the acquired property will be owned by the condemning authority or another governmental entity; and (iii) the acquired property will be controlled by a private party that operates a business or facility related to the condemning authority's operation of a university, medical

district, hospital, exposition or convention center, mass transportation facility, or airport, including, but not limited to, a medical clinic, research and development center, food or commercial concession facility, social service facility, maintenance or storage facility, cargo facility, rental car facility, bus facility, taxi facility, flight kitchen, fixed based operation, parking facility, refueling facility, water supply facility, and railroad tracks and stations.

As used in this Section, "threat of condemnation" means that the condemning authority has made an offer to purchase property and has the authority to exercise the power of eminent domain with respect to that property.

(b) Any governmental entity seeking to dispose of property to which this Section applies must dispose of that property in accordance with this Section, unless disposition of that property is otherwise specifically authorized or prohibited by law enacted by the General Assembly before, on, or after the effective date of this Act.

Section 10. Business Enterprise Program for the Blind.

(a) The Business Enterprise Program for the Blind is created for the purpose of providing blind persons with remunerative employment, enlarging the economic opportunities of the blind, and stimulating the blind to greater efforts in striving to make themselves self-supporting. In order to achieve these goals blind persons licensed under this Act shall be authorized to operate vending facilities on any property within this State as provided by this Act.

It is the intent of the General Assembly that the Randolph-Sheppard Act, 20 USC Sections 107-107f, and the federal regulations for its administration set forth in Part 395 of Title 34 of the Code of Federal Regulations, shall serve as a model for minimum standards for the operation of the Business Enterprise Program for the Blind. The federal Randolph-Sheppard Act provides employment opportunities for individuals who are blind or visually impaired through the Business Enterprise Program for the Blind. Under the Randolph-Sheppard Act, all federal agencies are required to give priority to licensed blind vendors in the operation of vending facilities on federal property. It is the intent of this Act to provide the same priority to licensed blind vendors on State property by requiring State agencies to give priority to licensed blind vendors in the operation of vending facilities on State property and preference to licensed blind vendors in the operation of cafeteria facilities on State property. Furthermore it is the intent of this Act that all State agencies, particularly the Department of Central Management Services, promote and advocate for the Business Enterprise Program for the Blind.

(b) The Secretary, through the Director, shall continue, maintain, and promote the Business Enterprise Program for the Blind. Some or all of the functions of the program may be provided by the Department of Human Services. The Business Enterprise Program for the Blind must provide that:

(1) priority is given to blind vendors in the operation of vending facilities on State property;

(2) tie bid preference is given to blind vendors in the operation of cafeterias on State property, unless the cafeteria operations are operated by employees of a State agency;

(3) vending machine income from all vending machines on State property is assigned as provided for by Section 30 of this Act;

(4) no State agency may impose any commission, service charge, rent, or utility charge on a licensed blind vendor who is operating a vending facility on State property; and

(5) vending facilities operated by the Program use reasonable and necessary means and methods to maintain fair market pricing in relation to each facility's given demographic, geographic, and other circumstances.

(c) With respect to vending facilities on federal property within this State, priority shall be given as provided in the federal Randolph-Sheppard Act, 20 USC Sections 107-107f, including any amendments thereto. This Act, as it applies to federal property, is intended to conform to the federal Act, and is to be of no force or effect if, and to the extent that, any provision of this Act or any rule adopted under this Act is in conflict with the federal Act. Nothing in this subsection shall be construed to impose limitations on the operation of vending facilities on State property, or property other than federal property, or to allow only those activities specifically enumerated in the Randolph-Sheppard Act.

(d) The Secretary shall actively pursue all commissions from vending facilities not operated by blind vendors as provided in Section 30 of this Act, and shall propose new placements of vending facilities on State property where a facility is not yet in place.

(e) Partnerships and teaming arrangements between blind vendors and private industry, including franchise operations, shall be fostered and encouraged by the Department.

Section 15. Vending facilities on State property.

(a) In order to ensure that priority is given to blind vendors in the operation of vending facilities on State property as provided in Section 10, the Secretary, directly or by delegation to the Director, and the Committee shall jointly develop rules to ensure the following:

(1) That priority is given to blind persons licensed under this Act or under its predecessor Act (the Blind Persons Operating Vending Facilities Act 20 ILCS 2420/), including the assignment of vending machine income as provided in this Act.

(2) That one or more vending facilities shall be established on all State property to the extent feasible. Where a larger vending facility is determined by the Director and the Committee to be infeasible, every effort shall be made to place vending machines on the property whenever possible. The Director and the Committee shall take into account the following criteria when determining whether establishment of a vending facility is feasible:

(A) the number of State employees, visitors, and other potential facility customers

- on the property in a given period;
- (B) the size, in square feet, of the area owned, leased, occupied, or otherwise controlled by the State;
- (C) the duration the property is expected to be leased or occupied by the State;
- (D) whether establishment of a vending facility would adversely affect the interests of the State; and
- (E) the likelihood that the vending facility would produce an adequate net income for a blind vendor as determined by the average income of all blind vendors in the State.
- (b) Any determination by the Director, or by the State agency controlling the property, that the placement or operation of a vending facility is not feasible, or that the placement or operation would adversely affect the interests of the State shall be in writing and shall be transmitted to the Committee for review and ratification or rejection.
- (c) The Secretary, through the Director, subject to the rules developed and adopted pursuant to subsection (a) of this Section and the requirements of federal law and regulations, is authorized to select a location for a vending facility and the type of facility to be provided.
- (d) Beginning January 1, 2007, all State agencies that:
- (1) undertake to acquire any property, in whole or in part, by ownership, rent, or lease, or that undertake to relocate to any property, shall request a determination from the Director or his or her designee as to whether the new property includes a satisfactory site or sites for the location and operation of a blind vendor vending facility; or
 - (2) undertake to occupy a building that is to be constructed, substantially altered, or renovated, or in the case of a building that is already occupied by the State agency, undertake to substantially alter or renovate that building for use by the State agency;
- shall request a determination from the Director or his or her designee as to whether that building includes a satisfactory site or sites for the location and operation of a blind vendor vending facility.

Upon receiving a request for a determination under this subsection (d), the Director or his or her designee and the Committee shall have 10 days in which to notify that requesting State agency as to whether the new property or building is satisfactory or not satisfactory for the operation of a blind vendor vending facility. A site shall be deemed to be a satisfactory site by examining the potential customer base, including, but not limited to, State employees, State contractual employees, and the general public. The determination shall be based upon a site survey or any other reasonable means enabling an accurate assessment of the location. If the property has an existing private vendor, bottler, or vending machine operator, then the property shall be presumed to be a satisfactory site. If the Director, in consultation with the Committee, determines that the number of people using the location is or will be insufficient to support a vending facility, then the Director shall determine the property to be not satisfactory.

Upon a determination by the Director or his or her designee and the Committee that the new property or building is satisfactory for the operation of a blind vendor vending facility, the Director, in consultation with the head of the State agency and in accordance with the rules developed pursuant to subsection (a), shall inform the agency to comply with the priority established for the operation of vending facilities by blind persons under this Act.

(e) All State agencies shall fully cooperate with the Department to ensure that priority is given to blind vendors in the operation of vending facilities on State property. This includes notifying the Department prior to the expiration of existing contracts or agreements for vending facilities or when such contracts or agreements are considered for renewal options. The notification must be given, when feasible, no later than 6 months prior to the potential expiration or renewal of the existing vending facility contract or agreement.

Section 20. Other vending facilities. The governing body of any unit of local government or school board owning property or persons or entities owning or controlling private property are authorized and encouraged to construct or install on the property, or permit the construction or installation of, vending facilities for operation by blind persons licensed under this Act. In constructing or installing these vending facilities, the amount of space allotted for this purpose should be sufficient to adequately serve the number of persons at the site and to provide the kind of services to be rendered.

Section 25. Set-aside funds; Blind Vendors Trust Fund.

(a) The Department may provide, by rule, for set-asides similar to those provided in Section 107d-3 of the Randolph-Sheppard Act. If any funds are set aside, or caused to be set aside, from the net proceeds of

the operation of vending facilities by blind vendors, the funds shall be set aside only to the extent necessary in a percentage amount not to exceed that determined jointly by the Director and the Committee and published in State rule, and that these funds may be used only for the following purposes: (1) maintenance and replacement of equipment; (2) purchase of new equipment; (3) construction of new vending facilities; (4) funding the functions of the Committee, including legal and other professional services; and (5) retirement or pension funds, health insurance, paid sick leave, and vacation time for blind licensees, so long as these benefits are approved by a majority vote of all Illinois licensed blind vendors that occurs after the Department provides these vendors with information on all matters relevant to these purposes.

(b) No set-aside funds shall be collected from a blind vendor when the monthly net proceeds of that vendor are less than \$1,000. This amount may be adjusted annually by the Director and the Committee to reflect changes in the cost of living.

(c) The Department shall establish, with full participation by the Committee, the Blind Vendors Trust Fund as a separate account managed by the Department for the State's blind vendors.

(d) Set-aside funds collected from the operation of all vending facilities administered by the Business Enterprise Program for the Blind shall be placed in the Blind Vendors Trust Fund, which shall include set-aside funds from facilities on federal property. The Fund must provide separately identified sub-accounts for moneys from (i) federal and (ii) State and other facilities, as well as vending machine income generated pursuant to Section 30 of this Act. These funds shall be available until expended and shall not revert to the General Revenue Fund or to any other State account.

(e) It is the intent of the General Assembly that the expenditure of set-aside funds authorized by this Section shall be supplemental to any current appropriation or other moneys made available for these purposes and shall not constitute an offset of any previously existing appropriation or other funding source. In no way shall this imply that the appropriation for the Blind Vendors Program may never be decreased, rather that the new funds shall not be used as an offset.

(f) An amount equal to 10% of the wages paid by a blind vendor to any employee who is blind or otherwise disabled shall be deducted from any set-aside charge paid by the vendor each month, in order to encourage vendors to employ blind and disabled workers and to set an example for industry and government. No deduction shall be made for any employee paid less than the State or federal minimum wage.

Section 30. Vending machine income and compliance.

(a) After July 1, 2007, all vending machine income, as defined by this Act, from vending machines on State property shall accrue to (1) the blind vendor operating the vending facilities on the property or (2) in the event there is no blind vendor operating a facility on the property, to the Blind Vendors Trust Fund for use exclusively as set forth in subsection (a) of Section 25 of this Act.

(b) The Secretary, directly or by delegation of authority, shall ensure compliance with this Section and Section 15 of this Act with respect to buildings, installations, facilities, roadside rest stops, and any other State property, and shall be responsible for the collection of, and accounting for, all vending machine income on this property. The Secretary shall enforce these provisions through litigation, arbitration, or any other legal means available to the State, and each State agency in control of this property shall be subject to the enforcement. State agencies or departments failing to comply with an order of the Department may be held in contempt in any court of general jurisdiction.

(c) Any limitation on the placement or operation of a vending machine by a State agency based on a determination that such placement or operation would adversely affect the interests of the State must be explained in writing to the Secretary. The Secretary shall promptly determine whether the limitation is justified. If the Secretary determines that the limitation is not justified, the State agency seeking the limitation shall immediately remove the limitation.

(d) The amount of vending machine income accruing from vending machines on State property that may be used for the functions of the Committee shall be determined annually by a two-thirds vote of the Committee, except that no more than 25% of the annual vending machine income may be used by the Committee for this purpose, based upon the income accruing to the Blind Vendors Trust Fund in the preceding year. The Committee may establish its budget and expend funds through contract or otherwise without the approval of the Department.

Section 40. Licenses.

(a) Licenses shall be issued only to blind persons who are qualified to operate vending facilities. The continuing eligibility of a vendor as a blind person shall be reviewed biennially for partially sighted individuals or whenever the Director has information indicating the vendor is no longer blind as defined under this Act.

(b) Following agreement by the Secretary, the Director, and the Committee, the Secretary shall adopt and publish rules providing for (1) the requirements for licensure as a blind vendor; (2) a curriculum for training, in-service training, and upward mobility training for blind vendors; and (3) a regular schedule for offering the training, classes to be offered at least once per year.

(c) Each license issued pursuant to this Section shall be for an indefinite period as described by rule. The license of a blind vendor may be terminated or suspended for good cause, but only after affording the licensee an opportunity for a full and fair hearing in accordance with the provisions of this Act.

Section 45. Committee of Blind Vendors.

(a) The Secretary, through the Director, shall provide for the biennial election of the Committee, which shall be fully representative of all blind licensees in the State. There shall be no fewer than one Committee member for each 15 licensed blind vendors in the State.

(b) The Committee is empowered to hire staff; contract for consultants including, but not limited to, legal counsel; set agendas and call meetings; create a constitution and bylaws, subcommittees, and budgets; and do any other thing a not-for-profit organization may do through the use of the Blind Vendors Trust Fund. At the discretion of the Committee major issues may be referred for initial consideration to a subcommittee, or to all blind vendors in order to ascertain their views.

(c) The Secretary shall ensure that the Committee jointly participates with the State in the development and implementation of all policies, plans, program development, and major administrative and management decisions affecting the Business Enterprise Program for the Blind. The Secretary, through the Director, shall provide to the Committee all relevant financial information and data, including quarterly and annual financial reports, on the operation of the vending facility program in order that the Committee may fully participate in budget development and formulation, the establishment of set-aside levels, and other program requirements. A copy of all completed audits, reports, and investigations affecting the Business Enterprise Program for the Blind shall be distributed to the Committee in a timely manner. Any implementation of changes in administrative policy or program development that are within the discretion of the Department shall occur only after Committee review.

Section 50. Hearings; arbitration.

(a) Any blind vendor dissatisfied with any act or omission arising from the operation or administration of the vending facility program may submit to the Secretary a request for a full evidentiary hearing. This hearing shall be provided in a timely manner by the Department. Damages, including compensatory damages, attorney's fees, and expenses, must be paid to any operator who prevails in the full evidentiary hearing; however, payment of damages may not be paid from any program funds, the Blind Vendors Trust Fund, or federal rehabilitation funds. If the blind vendor is dissatisfied with any action taken or decision rendered as a result of the hearing, that vendor may file a complaint for arbitration with the Secretary.

(b) If the Secretary determines that any State agency has failed to comply with the requirements of this Act, the Secretary must establish a panel to arbitrate the dispute and the decision of the panel shall be final and binding on the parties. Any arbitration panel convened by the Secretary shall be composed of 3 members, appointed as follows:

(1) one individual appointed by the Secretary;

(2) one individual appointed by the State agency determined by the Secretary to be in noncompliance with the Act; and

(3) one individual, who shall serve as chairperson, jointly designated by the members appointed under items (1) and (2); provided that, if within 30 days following the Secretary's determination of noncompliance either party fails to appoint a panel member, or if the parties are unable to agree on the appointment of the chairperson, the Secretary shall select the final panel member or may designate a hearing officer of the Department who shall preside.

(c) The Secretary may issue a letter of reprimand to a blind vendor who violates program rules or policy. Depending upon the seriousness of the alleged violation, the letter of reprimand may indicate the intention to suspend or terminate the license of the vendor. All reprimand letters shall be sent in a medium accessible by the vendor, and shall be sent by certified mail, return receipt requested. The Secretary must make every reasonable effort to assist the subject vendor to correct the problem for which the vendor is reprimanded. No process to suspend or terminate a license shall be initiated before the vendor is accorded the opportunity for a full evidentiary hearing as provided under subsection (a). A vendor may be summarily removed from a facility only in an emergency.

Section 60. General provisions.

(a) Blind vendors operating vending facilities are subject to the applicable license or permit requirements of the county or municipality in which the facility is located necessary for the conduct of their business.

(b) Vendors licensed pursuant to this Act are authorized to keep guide animals with them while operating vending facilities subject to public health laws and rules.

(c) The Secretary, Director, and the Committee shall cooperate in the development of rules to be promulgated by the Department regarding life standards for vending facility equipment. Such rules shall include, but are not limited to, the life expectancy of equipment; time periods within which equipment should be replaced; exceptions to the replacement time periods for equipment with no service problem history; and replacement schedules for equipment subject to excessive failures not the fault of the vendor.

(d) The Secretary, through the Director, shall assign adequate personnel to carry out duties related to the administration and management of this Act. In selecting personnel to fill any program position under this subsection, the Secretary shall ensure that the Committee has full advance opportunity to review the selections, to submit comments thereon, and to assess the adequacy of staffing levels for the program.

(e) The Secretary shall provide each vendor access to: all financial information, his or her performance ratings, and all other individual personnel documents and data maintained by the Department. This includes providing each vendor a written copy of all rules and policies adopted pursuant to this Act. Upon request, the information shall be furnished in the medium most accessible by the vendor.

(f) The surviving spouse of a current Illinois licensed blind vendor who dies may continue to operate the facility for a period of 6 months following the death of the vendor, provided that the surviving spouse is qualified by experience or training to manage the facility.

(g) The Secretary shall, by rule, require licensed blind vendors to obtain additional training to operate a blind vending facility for State property determined by a State agency to be high security property.

Section 65. Program rules.

(a) The Secretary shall promulgate and adopt necessary rules, and do all things necessary and proper to carry out this Act. The Secretary by delegation shall review these rules with the Committee at least every 3 years.

(b) The rules shall include, but are not limited to, the following: (1) uniform procedures for vendor licensing and termination; (2) criteria and standards for selecting vendors and matching them to facilities to ensure that the most qualified person is selected; (3) equipment life standards and service standards for the inventory, repair, and purchase of equipment; (4) minimum requirements for the establishment of a vending facility; (5) standards for training, in-service training, and upward mobility; and (6) policies and procedures for the collection, deposit, reimbursement, and use of all program income, including vending machine income.

Section 70. Property Survey and Report.

(a) The Department shall survey and report on State property and vending facilities not later than December 31, 2007. The report shall contain the following information:

(1) A list of all State property or other property within the State that does or reasonably could accommodate a vending facility as provided for in this Act or as provided for in the federal Randolph-Sheppard Act.

(2) For the buildings or locations that have vending facilities or vending machines in place, an indication of the facilities operated by licensed blind vendors under the Business Enterprise Program for the Blind and an indication of the facilities operated by private entities.

(3) For the vending facilities or vending machines operated by private entities, an indication of the facilities from which commissions for the Business Enterprise Program for the Blind have been or are being collected.

(4) For the buildings or other property that do not have vending facilities in place, an indication of the locations where a vending facility could appropriately be placed, or the reasons why a vending facility is not feasible in the building or property.

(b) The Department shall obtain all available information and conduct a survey, before June 30 of every odd-numbered year after the effective date of this Act. This survey shall identify but not be limited to the following information:

(1) The number and identity of the buildings owned, leased, acquired, or occupied by the State.

(2) The number and identity of the State buildings where vending facilities or vending machines are located.

(3) The number of employees located in or visiting these buildings during normal working hours.

(4) The usable interior square footage of the building; and

(5) Any other information the Department may determine to be useful in expanding the

Business Enterprise Program for the Blind to the maximum extent feasible consistent with the purposes of this Act.

(c) All State agencies controlling State property or parts thereof where vending machines or vending facilities are located must cooperate with the Department by providing information on the vending machines or facilities at those locations. This information shall include, but is not limited to, the terms of contracts for vending, including financial terms, and the disbursement practices for vending machine income. The Department shall incorporate this information in its reports and updates.

(d) The Department shall use the reports and updates mandated by this Section to develop greater opportunities for the placement of blind vendors, to increase vending machine income to the program, and to aid in establishing vending machines and facilities on State property.

(e) The reports and surveys prepared pursuant to this Section shall be provided to the Committee and to the appropriate committees of the General Assembly.
