WHEREAS, As a result of the national healthcare crisis, health insurance premiums in Illinois increased by 73% between the years 2000 and 2007, while median earnings increased by only 11%; and

WHEREAS, The Illinois median yearly wage in 2007 was \$27,330, while the average healthcare premium for a family was \$12,153; and

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the time for a national solution to the American healthcare crisis that threatens the economic and physical health of the people of Illinois and people across the country is now; and be it further

RESOLVED, That we recognize the urgent need for a national solution to the healthcare crisis that meets key criteria for comprehensive health care reform set forth by President Obama and Health Care for America Now, including the following:

- (1) affordable coverage and care, with premiums and out-of-pocket costs based on a family's ability to pay and a choice of providers that meets our families' needs from preventative care to care for serious illness; and

(2) a choice of health insurance plans, including the right to keep one's current insurance, choose another private plan, or join a public health insurance plan; and

(3) equity in healthcare access, treatment, research, and resources to people and communities of color and the strengthening of health services in low-income communities; and

(4) a system in which government sets and enforces rules on insurance company practices and charges, requiring them to put our healthcare before their profits; and

(5) coverage that is predictable and affordable for working families, retirees, and small businesses and other employers and that controls costs while improving quality, with measures such as: lowering administrative expenses, investing in preventive care, actively managing disease, setting standards for performance, reducing medical errors, and using the public's purchasing power to lower drug and other prices; and be it further

RESOLVED, That we encourage local governments, families, providers, and businesses across Illinois to work together in 2009 with the newly elected President Obama, the Illinois Congressional delegation, and the leaders of the U.S. Congress to guarantee quality, affordable healthcare for everyone in our State and across the country; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to President Obama, the Illinois Congressional delegation, and the leaders of the U.S. Congress.

#### HOUSE RESOLUTION 315

Offered by Representative Bellock:

WHEREAS, During the transition from childhood to adulthood, adolescents establish unhealthy patterns of behavior and make poor lifestyle choices that affect both their current and future health; and

WHEREAS, Many adolescents may not have access to primary healthcare services; in Illinois over 250,000 children between the ages of birth and seventeen have no insurance; of these children, 6.3 percent have not seen a physician in the last five years and 2.6 percent have never seen a physician; and

WHEREAS, Adolescence is a critical time to develop positive habits and skills that can lead to healthy lifestyles and behavior over the adolescent's lifetime; the Institute of Medicine and National Research Council conducted a study which found that one important factor in designing an adolescent health service is the focus on prevention of disease; one of the study's findings concluded that "prevention, early intervention and timely treatment improve health status for adolescents, prepare them for healthy adulthood, and decrease the incidence of many chronic diseases in adulthood"; and

WHEREAS, Adolescents and young adults are adversely affected by serious health and safety issues such as motor vehicle crashes, violence, and substance abuse; they also struggle to adopt behaviors that could decrease their risk of developing chronic diseases in adulthood behaviors such as eating nutritiously, engaging in physical activity, and choosing not to use tobacco; environmental factors such as family, peer group, school, and community characteristics also contribute to the challenges that adolescents face; and

WHEREAS, In the past few years, immunizations have been licensed to provide protection for teens against infections and diseases such as meningitis, tetanusdiphtheria-acellular pertussis, influenza, and cervical cancer; and

WHEREAS, The Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), the American Academy of Family Physicians (AAFP), and the American Medical Association (AMA) recommend a routine healthcare visit for adolescents who are eleven or twelve years of age to receive recommended immunizations and other evidence-based preventive healthcare services; and

WHEREAS, The United States Department of Health and Human Services' Health Resources and Services Administration (HRSA) has developed, in conjunction with AAP, the Bright Futures Initiative, which provides a set of guidelines including recommendations on immunizations and routine health screenings for adolescents; and

WHEREAS, ACIP recommends the use of FDA-approved vaccines for tetanusdiphtheria-acellular pertussis, meningitis, influenza, and cervical cancer in adolescents; and the CDC has launched a national campaign to raise awareness about adolescent health and immunizations; and

WHEREAS, The Society for Adolescent Medicine has found that adolescent well visits are one of the best tools of preventive care to ensure continued health from childhood to adulthood and that children and adolescents who regularly visit a primary care physician are less likely to have emergency room visits and preventable hospitalizations; and

WHEREAS, Because adolescents remain under the guardianship of their parents, parental awareness of the need for an adolescent well visit plays an enormous role in the incidence of adolescent well visits; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we hereby express support for improved adolescent health and wellness by recognizing the importance of an adolescent well physical to prevent chronic diseases, help better identify and treat chronic diseases, and update immunizations; and be it further

RESOLVED, That copies of this resolution be sent to the Illinois Department of Public Health and the Illinois Department of Human Services to disseminate to State and federal agencies and stakeholder organizations who can assist with the promotion of adolescent well-health in Illinois.
