"Adverse determination" means a determination by a health carrier or its designee utilization review organization that an admission, availability of care, continued stay, or other health care service that is a covered benefit has been reviewed and, based upon the information provided, does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated.

"Authorized representative" means:

Section 15. Applicability and scope.

(a) Except as provided in subsection (b) of this Section, this Act shall apply to all health carriers.

(b) The provisions of this Act shall not apply to a policy or certificate that provides coverage only for a specified disease, specified accident or accident-only coverage, credit, dental, disability income, hospital indemnity, long-term care insurance as defined by Article XIXA of the Illinois Insurance Code, vision care, or any other limited supplemental benefit; a Medicare supplement policy of insurance as defined by the Director by regulation; coverage under a plan through Medicare, Medicaid, or the federal employees health benefits program; any coverage issued under Chapter 55 of Title 10, U.S. Code and any coverage issued as supplement to that coverage; any coverage issued as supplemental to liability insurance, workers' compensation, or similar insurance; automobile medical-payment insurance or any insurance under which benefits are payable with or without regard to fault, whether written on a group blanket or individual basis.

Section 20. Notice of right to external review.

(a) At the same time the health carrier sends written notice of a covered person's right to appeal a coverage decision upon an adverse determination or a final adverse determination as provided by the Managed Care Reform and Patient Rights Act, a health carrier shall notify a covered person and a covered person's health care provider in writing of the covered person's right to request an external review as provided by this Act. The written notice required shall include the following, or substantially equivalent, language: "We have denied your request for the provision of or payment for a health care service or course of treatment. You have the right to have our decision reviewed by an independent review organization not associated with us if our decision involved making a judgment as to the medical necessity, appropriateness, health care setting, level of care, or effectiveness of the health care service or treatment you requested by submitting a written request for an external review to us. Upon receipt of your request an independent review organization registered with the Department of Insurance will be assigned to review our decision."

(b) This subsection (b) shall apply to an expedited review prior to a final adverse determination. In addition to the notice required in subsection (a), the health carrier shall include a notice related to an adverse determination, a statement informing the covered person all of the following:

(1) If the covered person has a medical condition where the timeframe for completion of (A) an expedited internal review of a grievance involving an adverse determination, (B) a final adverse determination as set forth in the Managed Care Reform and Patient Rights Act, or (C) a standard external review as established in this Act, would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function, then the covered person or the covered person's authorized representative may file a request for an expedited external review.

(2) The covered person or the covered person's authorized representative may file a request for an expedited external review at the same time the covered person or the covered person's

authorized representative files a request for an expedited internal appeal involving an adverse determination as set forth in the Managed Care Reform and Patient Rights Act if the adverse determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the covered person's health care provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the adverse determination would be significantly less effective if not promptly initiated. The independent review organization assigned to conduct the expedited external review will determine whether the covered person shall be required to complete the expedited review of the grievance prior to conducting the expedited external review.

(3) If an adverse determination concerns a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the covered person's health care provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the request would be significantly less effective if not promptly initiated, then the covered person or the covered person's authorized representative may request an expedited external review.

(c) This subsection (c) shall apply to an expedited review upon final adverse determination. In addition to the notice required in subsection (a), the health carrier shall include a notice related to a final adverse determination, a statement informing the covered person all of the following:

(1) if the covered person has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function, then the covered person or the covered person's authorized representative may file a request for an expedited external review; or

(2) if a final adverse determination concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not been discharged from a facility, then the covered person, or the covered person's authorized representative, may request an expedited external review; or

(3) if a final adverse determination concerns a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational, and the covered person's health care provider certifies in writing that the recommended or requested health care service or treatment that is the subject of the request would be significantly less effective if not promptly initiated, then the covered person or the covered person's authorized representative may request an expedited external review.

(d) In addition to the information to be provided pursuant to subsections (a), (b), and (c) of this Section, the health carrier shall include a copy of the description of both the required standard and expedited external review procedures. The description shall highlight the external review procedures that give the covered person or the covered person's authorized representative the opportunity to submit additional information, including any forms used to process an external review.

Section 25. Request for external review. A covered person or the covered person's authorized representative may make a request for a standard external or expedited external review of an adverse determination or final adverse determination. Requests under this Section shall be made directly to the health carrier that made the adverse or final adverse determination. All requests for external review shall be in writing except for requests for expedited external reviews which may be made orally. Health carriers must provide covered persons with forms to request external reviews.

Section 30. Exhaustion of internal grievance process.

Except as provided in subsection (b) of Section 20, a request for an external review shall not be made until the covered person has exhausted the health carrier's internal grievance process as set forth in the Managed Care Reform and Patient Rights Act. A covered person shall also be considered to have exhausted the health carrier's internal grievance process for purposes of this section if:

(1) the covered person or the covered person's authorized representative filed a request for an internal review of an adverse determination pursuant to the Managed Care Reform and Patient Rights Act and has not received a written decision on the request from the health carrier within 15 days after receipt of the required information but not more than 30 days after the request was filed by the covered person or the covered person's authorized representative, except to the extent the covered person or the covered person's authorized representative requested or agreed to a delay; however, a covered person or the covered person's authorized representative may not make a request for an external review of an adverse determination involving a retrospective review determination until the covered person has exhausted the health carrier's internal grievance process;

(2) the covered person or the covered person's authorized representative filed a request for an expedited internal review of an adverse determination pursuant to the Managed Care Reform and Patient Rights Act and has not received a decision on request from the health carrier within 48 hours, except to the extent the covered person or the covered person's authorized representative requested or agreed to a delay; or

(3) the health carrier agrees to waive the exhaustion requirement.

Section 35. Standard external review.

(a) Within 4 months after the date of receipt of a notice of an adverse determination or final adverse determination, a covered person or the covered person's authorized representative may file a request for an external review with the health carrier.

(b) Within 5 business days following the date of receipt of the external review request, the health carrier shall complete a preliminary review of the request to determine whether:

(1) the individual is or was a covered person in the health benefit plan at the time the health care service was requested or at the time the health care service was provided;

(2) the health care service that is the subject of the adverse determination or the final adverse determination is a covered service under the covered person's health benefit plan, but the health carrier has determined that the health care service is not covered because it does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness;

(3) the covered person has exhausted the health carrier's internal grievance process as set forth in this Act;

(4) for appeals relating to a determination based on treatment being experimental or investigational, the requested health care service or treatment that is the subject of the adverse determination or final adverse determination is a covered benefit under the covered person's health benefit plan except for the health carrier's determination that the service or treatment is experimental or investigational for a particular medical condition and is not explicitly listed as an excluded benefit under the covered person's health benefit plan with the health carrier and that the covered person's health care provider, who is a physician licensed to practice medicine in all its branches, has certified that one of the following situations is applicable:

(A) standard health care services or treatments have not been effective in improving the condition of the covered person;

(B) standard health care services or treatments are not medically appropriate for the covered person;

(C) there is no available standard health care service or treatment covered by the health carrier that is more beneficial than the recommended or requested health care service or treatment;

(D) the health care service or treatment is likely to be more beneficial to the covered person, in the health care provider's opinion, than any available standard health care services or treatments; or

(E) that scientifically valid studies using accepted protocols demonstrate that the health care service or treatment requested is likely to be more beneficial to the covered person than any available standard health care services or treatments; and

(5) the covered person has provided all the information and forms required to process an external review, as specified in this Act.

(c) Within one business day after completion of the preliminary review, the health carrier shall notify the covered person and, if applicable, the covered person's authorized representative in writing whether the request is complete and eligible for external review. If the request:

(1) is not complete, the health carrier shall inform the covered person and, if applicable, the covered person's authorized representative in writing and include in the notice what information or materials are required by this Act to make the request complete; or

(2) is not eligible for external review, the health carrier shall inform the covered person and, if applicable, the covered person's authorized representative in writing and include in the notice the reasons for its ineligibility.

The notice of initial determination of ineligibility shall include a statement informing the covered person and, if applicable, the covered person's authorized representative that a health carrier's initial determination that the external review request is ineligible for review may be appealed to the Director by filing a complaint with the Director.

Notwithstanding a health carrier's initial determination that the request is ineligible for external review, the Director may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, the Director's decision shall be in accordance with the terms of the covered person's health benefit plan and shall be subject to all applicable provisions of this Act.

(d) Whenever a request is eligible for external review the health carrier shall, within 5 business days:

(1) assign an independent review organization from the list of approved independent review organizations compiled and maintained by the Director; and

(2) notify in writing the covered person and, if applicable, the covered person's authorized representative of the request's eligibility and acceptance for external review and the name of the independent review organization.

The health carrier shall include in the notice provided to the covered person and, if applicable, the covered person's authorized representative a statement that the covered person or the covered person's authorized representative may, within 5 business days following the date of receipt of the notice provided pursuant to item (2) of this subsection (d), submit in writing to the assigned independent review organization additional information that the independent review organization shall consider when conducting the external review. The independent review organization is not required to, but may, accept and consider additional information submitted after 5 business days.

(e) The assignment of an approved independent review organization to conduct an external review in accordance with this Section shall be made from those approved independent review organizations qualified to conduct external review as required by Sections 50 and 55 of this Act.

(f) Upon assignment of an independent review organization, the health carrier or its designee utilization review organization shall, within 5 business days, provide to the assigned independent review organization the documents and any information considered in making the adverse determination or final adverse determination; in such cases, the following provisions shall apply:

(1) Except as provided in item (2) of this subsection (f), failure by the health carrier or its utilization review organization to provide the documents and information within the specified time frame shall not delay the conduct of the external review.

(2) If the health carrier or its utilization review organization fails to provide the documents and information within the specified time frame, the assigned independent review organization may terminate the external review and make a decision to reverse the adverse determination or final adverse determination.

(3) Within one business day after making the decision to terminate the external review and make a decision to reverse the adverse determination or final adverse determination under item (2) of this subsection (f), the independent review organization shall notify the health carrier, the covered person and, if applicable, the covered person's authorized representative, of its decision to reverse the adverse determination.

(g) Upon receipt of the information from the health carrier or its utilization review organization, the assigned independent review organization shall review all of the information and documents and any other information submitted in writing to the independent review organization by the covered person and the covered person's authorized representative.

(h) Upon receipt of any information submitted by the covered person or the covered person's authorized representative, the independent review organization shall forward the information to the health carrier within 1 business day.

(1) Upon receipt of the information, if any, the health carrier may reconsider its adverse determination or final adverse determination that is the subject of the external review.

(2) Reconsideration by the health carrier of its adverse determination or final adverse determination shall not delay or terminate the external review.

(3) The external review may only be terminated if the health carrier decides, upon completion of its reconsideration, to reverse its adverse determination or final adverse determination and provide coverage or payment for the health care service that is the subject of the adverse determination or final adverse determination. In such cases, the following provisions shall apply:

(A) Within one business day after making the decision to reverse its adverse determination or final adverse determination, the health carrier shall notify the covered person and if applicable, the covered person's authorized representative, and the assigned independent review organization in writing of its decision.

(B) Upon notice from the health carrier that the health carrier has made a decision

to reverse its adverse determination or final adverse determination, the assigned independent review organization shall terminate the external review.

(i) In addition to the documents and information provided by the health carrier or its utilization review organization and the covered person and the covered person's authorized representative, if any, the independent review organization, to the extent the information or documents are available and the independent review organization considers them appropriate, shall consider the following in reaching a decision:

(1) the covered person's pertinent medical records;

(2) the covered person's health care provider's recommendation;

(3) consulting reports from appropriate health care providers and other documents submitted by the health carrier, the covered person, the covered person's authorized representative, or the covered person's treating provider;

(4) the terms of coverage under the covered person's health benefit plan with the health carrier to ensure that the independent review organization's decision is not contrary to the terms of coverage under the covered person's health benefit plan with the health carrier;

(5) the most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations;

(6) any applicable clinical review criteria developed and used by the health carrier or its designee utilization review organization; and

(215 ILCS 5/359b new)

Sec. 359b. Committee to create a uniform small employer group-health status questionnaire and individual health statement.

(a) For the purposes of this Section:

"Employee health-status questionnaire" means a questionnaire that poses questions about an individual employee's or covered dependent's health history and that is to be completed by the individual employee or covered dependent of a small employer that seeks health insurance coverage from a small employer carrier.

"Health benefit plan", "small employer", and "small employer carrier" shall have the meaning given the terms in the Small Employer Health Insurance Rating Act.

"Individual health insurance coverage" and "individual market" shall have the meaning given the terms in the Illinois Health Insurance Portability and Accountability Act.

(b) A committee is established in the Department consisting of 11 members, including the Director or the Director's designee, who are appointed by the Director. The Director shall appoint to the committee 5

representatives as recommended by the Illinois Insurance Association, Illinois Life Insurance Council, Professional Independent Insurance Agents of Illinois, Illinois Association of Health Underwriters, Illinois Chamber of Commerce, Illinois Manufacturers Association, Illinois Retail Merchants Association, and National Federation of Independent Businesses and 5 consumer representatives. The Director or the Director's designee shall serve as chairperson of the committee.

(c) The committee shall develop a uniform employee health-status questionnaire to simplify the health insurance application process for small employers. The committee shall study employee-health status questionnaires currently used by major small employer carriers in this State and consolidate the questionnaires into a uniform questionnaire. The questionnaire shall be designed to permit its use both as a written document and through electronic or other alternative delivery formats.

A uniform employee health-status questionnaire shall allow small employers that are required to provide information regarding their employees to a small employer carrier when applying for a small employer group health insurance policy to use a standardized questionnaire that small employer carriers shall be required to use. The development of the uniform employee health-status questionnaire is intended to relieve small employers of the burden of completing separate application forms for each small employer carrier with which the employer applies for insurance or from which the employer seeks information regarding such matters as rates, coverage, and availability. The use of the uniform employee health-status questionnaire by small employer carriers and small employers shall be mandatory.

(d) On or before July 1, 2010, the committee shall develop the uniform employee health-status questionnaire for adoption by the Department. Beginning January 1, 2011, a small employer carrier shall use the questionnaire for all small employer groups for which it requires employees and their covered dependents to complete questionnaires.

(e) The Director, as needed, may reconvene the committee to consider whether changes are necessary to the uniform employee health status questionnaire. If the committee determines that changes to the questionnaire are necessary, then the Director may adopt revisions to the questionnaire as recommended by the committee. Small employer carriers shall use the revised questionnaire beginning 90 days after the Director adopts any revision.

(f) Nothing in this Section shall be construed to limit or restrict a small employer carrier's ability to appropriately rate risk under a small employer health benefit plan.

(g) On or before July 1, 2010, the committee shall develop a standard individual market health statement to simplify the health insurance application process for individuals. The committee shall study health statements currently used by major carriers in this State who offer individual health insurance coverage and consolidate the statements into a standard individual market health statement. The standard individual market health statement shall be designed to permit its use both as a written document and through electronic or other alternative delivery formats. For purposes of the individual market health statement, the Director may, but shall not be required to, establish a committee distinct from that formed to develop an application for small employers. In that event, the composition of the committee shall be as prescribed in subsection (b) of this Section, although individual participants may change.

(h) Beginning January 1, 2011, all carriers who offer individual health insurance coverage and evaluate the health status of individuals shall use the standard individual market health statement.

(i) The Director, as needed, may reconvene the committee to consider whether changes are necessary to the standard individual market health statement. If the committee determines that changes to the statement are necessary, the Director may adopt revisions to the statement as recommended by the committee. All carriers who offer individual health insurance coverage shall use the revised statement beginning 90 days after the Director adopts any revision.

(j) Nothing in this Section shall prevent a carrier from using health information after enrollment for the purpose of providing services or arranging for the provision of services under a health benefit plan or a policy of individual health insurance coverage.

(k) Nothing in this Section shall be construed to limit or restrict a health carrier's ability to appropriately rate risk, refuse to issue or renew coverage, or otherwise rescind, terminate, or restrict coverage under a health benefit plan or a policy of individual health insurance coverage or conduct further review of the information submitted on the statement by contacting an individual, the individual's health care provider, or any other entity for additional health status related information.

(l) Committee members are not eligible for compensation but may receive reimbursement of expenses.

(215 ILCS 5/359c new)

Sec. 359c. Accident and health expense reporting.

(a) Beginning January 1, 2011 and every 6 months thereafter, any carrier providing a group or individual

major medical policy of accident or health insurance shall prepare and provide to the Department of Insurance a statement of the aggregate administrative expenses of the carrier, based on the premiums earned in the immediately preceding 6-month period on the accident or health insurance business of the carrier. The semi-annual statements shall be filed on or before July 31 for the preceding 6-month period ending June 30 and on or before February 1 for the preceding 6-month period ending December 31. The statements shall itemize and separately detail all of the following information with respect to the carrier's accident or health insurance business:

(1) the amount of premiums earned by the carrier both before and after any costs related to the carrier's purchase of reinsurance coverage;

(2) the total amount of claims for losses paid by the carrier both before and after any reimbursement from reinsurance coverage including any costs incurred related to:

(A) disease, case, or chronic care management programs;

(B) wellness and health education programs;

(C) fraud prevention;

(D) maintaining provider networks and provider credentialing;

(E) health information technology for personal electronic health records; and

(F) utilization review and utilization management;

(3) the amount of any losses incurred by the carrier but not reported to the carrier in the current or prior reporting period;

(4) the amount of costs incurred by the carrier for State fees and federal and State taxes including:

(5) the amount of costs incurred by the carrier for reinsurance coverage;

(6) the amount of costs incurred by the carrier that are related to the carrier's payment of marketing expenses including commissions; and

(7) any other administrative expenses incurred by the carrier.

(b) The information provided pursuant to subsection (a) of this Section shall be separately aggregated for the following lines of major medical insurance:

(1) individually underwritten;

(2) groups of 2 to 25 members;

(3) groups of 26 to 50 members;

(4) groups of 51 or more members.

(c) The Department shall make the submitted information publicly available on the Department's website or such other media as appropriate in a form useful for consumers.

Section 95. The Managed Care Reform and Patient Rights Act is amended by changing Sections 40 and 45 as follows:

(215 ILCS 134/40)

Sec. 40. Access to specialists.

(a) All health care plans that require each enrollee to select a health care provider for any purpose including coordination of care shall permit an enrollee to choose any available primary care physician licensed to practice medicine in all its branches participating in the health care plan for that purpose. The health care plan shall provide the enrollee with a choice of licensed health care providers who are accessible and qualified. Nothing in this Act shall be construed to prohibit a health care plan from requiring a health care provider to meet the health care plan's criteria in order to coordinate access to health care.

(b) A health care plan shall establish a procedure by which an enrollee who has a condition that requires ongoing care from a specialist physician or other health care provider may apply for a standing referral to a specialist physician or other health care provider if a referral to a specialist physician or other health care provider is required for coverage. The application shall be made to the enrollee's primary care physician. This procedure for a standing referral must specify the necessary criteria and conditions that must be met in order for an enrollee to obtain a standing referral. A standing referral shall be effective for the period necessary to provide the referred services or one year, except in the event of termination of a contract or policy in which case Section 25 on transition of services shall apply, if applicable. A primary care physician may renew and re-renew a standing referral.

(c) The enrollee may be required by the health care plan to select a specialist physician or other health care provider who has a referral arrangement with the enrollee's primary care physician or to select a new primary care physician who has a referral arrangement with the specialist physician or other health care

provider chosen by the enrollee. If a health care plan requires an enrollee to select a new physician under this subsection, the health care plan must provide the enrollee with both options provided in this subsection. When a participating specialist with a referral arrangement is not available, the primary care physician, in consultation with the enrollee, shall arrange for the enrollee to have access to a qualified participating health care provider, and the enrollee shall be allowed to stay with his or her primary care physician. If a secondary referral is necessary, the specialist physician or other health care provider shall advise the primary care physician. The primary care physician shall be responsible for making the secondary referral. In addition, the health care plan shall require the specialist physician or other health care provider to provide regular updates to the enrollee's primary care physician.

(d) When the type of specialist physician or other health care provider needed to provide ongoing care for a specific condition is not represented in the health care plan's provider network, the primary care physician shall arrange for the enrollee to have access to a qualified non-participating health care provider within a reasonable distance and travel time at no additional cost beyond what the enrollee would otherwise pay for services received within the network. The referring physician shall notify the plan when a referral is made outside the network.

(e) The enrollee's primary care physician shall remain responsible for coordinating the care of an enrollee who has received a standing referral to a specialist physician or other health care provider. If a secondary referral is necessary, the specialist physician or other health care provider shall advise the primary care physician. The primary care physician shall be responsible for making the secondary referral. In addition, the health care plan shall require the specialist physician or other health care provider to provide regular updates to the enrollee's primary care physician.

(f) If an enrollee's application for any referral is denied, an enrollee may appeal the decision through the health care plan's external independent review process as provided by the Illinois Health Carrier External Review Act in accordance with subsection (f) of Section 45 of this Act.

(g) Nothing in this Act shall be construed to require an enrollee to select a new primary care physician when no referral arrangement exists between the enrollee's primary care physician and the specialist selected by the enrollee and when the enrollee has a long-standing relationship with his or her primary care physician.

(h) In promulgating rules to implement this Act, the Department shall define "standing referral" and "ongoing course of treatment".

(215 ILCS 134/45)

Sec. 45. Health care services appeals, complaints, and external independent reviews.

(a) A health care plan shall establish and maintain an appeals procedure as outlined in this Act. Compliance with this Act's appeals procedures shall satisfy a health care plan's obligation to provide appeal procedures under any other State law or rules. All appeals of a health care plan's administrative determinations and complaints regarding its administrative decisions shall be handled as required under Section 50.

(b) When an appeal concerns a decision or action by a health care plan, its employees, or its subcontractors that relates to (i) health care services, including, but not limited to, procedures or treatments, for an enrollee with an ongoing course of treatment ordered by a health care provider, the denial of which could significantly increase the risk to an enrollee's health, or (ii) a treatment referral, service, procedure, or other health care service, the denial of which could significantly increase the risk to an enrollee's health, the health care plan must allow for the filing of an appeal either orally or in writing. Upon submission of the appeal, a health care plan must notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after the submission of the appeal, of all information that the plan requires to evaluate the appeal. The health care plan shall render a decision on the appeal within 24 hours after receipt of the required information. The health care plan shall notify the party filing the appeal and the enrollee, enrollee's primary care physician, and any health care provider who recommended the health care service involved in the appeal of its decision orally followed-up by a written notice of the determination.

(c) For all appeals related to health care services including, but not limited to, procedures or treatments for an enrollee and not covered by subsection (b) above, the health care plan shall establish a procedure for the filing of such appeals. Upon submission of an appeal under this subsection, a health care plan must notify the party filing an appeal, within 3 business days, of all information that the plan requires to evaluate the appeal. The health care plan shall render a decision on the appeal within 15 business days after receipt of the required information. The health care plan shall notify the party filing the appeal, the enrollee, the enrollee's primary care physician, and any health care provider who recommended the health care service

involved in the appeal orally of its decision followed-up by a written notice of the determination.

(d) An appeal under subsection (b) or (c) may be filed by the enrollee, the enrollee's designee or guardian, the enrollee's primary care physician, or the enrollee's health care provider. A health care plan shall designate a clinical peer to review appeals, because these appeals pertain to medical or clinical matters and such an appeal must be reviewed by an appropriate health care professional. No one reviewing an appeal may have had any involvement in the initial determination that is the subject of the appeal. The written notice of determination required under subsections (b) and (c) shall include (i) clear and detailed reasons for the determination, (ii) the medical or clinical criteria for the determination, which shall be based upon sound clinical evidence and reviewed on a periodic basis, and (iii) in the case of an adverse determination, the procedures for requesting an external independent review as provided by the Illinois Health Carrier External Review Act ~~under subsection (f)~~.

(e) If an appeal filed under subsection (b) or (c) is denied for a reason including, but not limited to, the service, procedure, or treatment is not viewed as medically necessary, denial of specific tests or procedures, denial of referral to specialist physicians or denial of hospitalization requests or length of stay requests, any involved party may request an external independent review as provided by the Illinois Health Carrier External Review Act ~~under subsection (f) of the adverse determination~~.

(f) Until July 1, 2013, if an external independent review decision made pursuant to the Illinois Health Carrier External Review Act upholds a determination adverse to the covered person, the covered person has the right to appeal the final decision to the Department; if the external review decision is found by the Director to have been arbitrary and capricious, then the Director, with consultation from a licensed medical professional, may overturn the external review decision and assign a new independent review organization to reconsider the overturned decision. If an external review decision is overturned by the Director pursuant to this Section and the health carrier so requests, then the Director shall assign a new independent review organization to reconsider the overturned decision. The new independent review organization shall follow subsection (d) of Section 40 of the Health Carrier External Review Act in rendering a decision. External independent review.

(1) ~~The party seeking an external independent review shall so notify the health care plan. The health care plan shall seek to resolve all external independent reviews in the most expeditious manner and shall make a determination and provide notice of the determination no more than 24 hours after the receipt of all necessary information when a delay would significantly increase the risk to an enrollee's health or when extended health care services for an enrollee undergoing a course of treatment prescribed by a health care provider are at issue.~~

(2) ~~Within 30 days after the enrollee receives written notice of an adverse determination, if the enrollee decides to initiate an external independent review, the enrollee shall send to the health care plan a written request for an external independent review, including any information or documentation to support the enrollee's request for the covered service or claim for a covered service.~~

(3) ~~Within 30 days after the health care plan receives a request for an external independent review from an enrollee, the health care plan shall:~~

(A) ~~provide a mechanism for joint selection of an external independent reviewer by the enrollee, the enrollee's physician or other health care provider, and the health care plan; and~~

(B) ~~forward to the independent reviewer all medical records and supporting documentation pertaining to the case, a summary description of the applicable issues including a statement of the health care plan's decision, the criteria used, and the medical and clinical reasons for that decision.~~

(4) ~~Within 5 days after receipt of all necessary information, the independent reviewer shall evaluate and analyze the case and render a decision that is based on whether or not the health care service or claim for the health care service is medically appropriate. The decision by the independent reviewer is final. If the external independent reviewer determines the health care service to be medically appropriate, the health care plan shall pay for the health care service.~~

(5) ~~The health care plan shall be solely responsible for paying the fees of the external independent reviewer who is selected to perform the review.~~

(6) ~~An external independent reviewer who acts in good faith shall have immunity from any civil or criminal liability or professional discipline as a result of acts or omissions with respect to any external independent review, unless the acts or omissions constitute wilful and wanton misconduct. For purposes of any proceeding, the good faith of the person participating shall be presumed.~~

(7) ~~Future contractual or employment action by the health care plan regarding the patient's physician or other health care provider shall not be based solely on the physician's or other health care provider's participation in this procedure.~~

- ~~(8) For the purposes of this Section, an external independent reviewer shall:~~
  - ~~(A) be a clinical peer;~~
  - ~~(B) have no direct financial interest in connection with the case; and~~
  - ~~(C) have not been informed of the specific identity of the enrollee.~~

~~(g)~~ Nothing in this Section shall be construed to require a health care plan to pay for a health care service not covered under the enrollee's certificate of coverage or policy.

Senate Amendment No. 2 to HOUSE BILL NO. 3987

Passed the Senate, as amended, May 30, 2009.

Jillayne Rock, Secretary of the Senate

AMENDMENT NO. 2. Amend House Bill 3987 by replacing everything after the enacting clause with the following:

"Section 5. The Energy Efficient Commercial Building Act is amended by changing Sections 1, 5, 10, 15, 20, and 45 as follows:

(20 ILCS 3125/1)

Sec. 1. Short title. This Act may be cited as the Energy Efficient ~~Commercial~~ Building Act.  
(Source: P.A. 93-936, eff. 8-13-04.)

(20 ILCS 3125/5)

Sec. 5. Findings.

(a) The legislature finds that an effective energy efficient ~~commercial~~ building code is essential to:

- (1) reduce the air pollutant emissions from energy consumption that are affecting the health of residents of this State;
- (2) moderate future peak electric power demand;
- (3) assure the reliability of the electrical grid and an adequate supply of heating oil and natural gas; and
- (4) control energy costs for residents and businesses in this State.

(b) The legislature further finds that this State has a number of different climate types, all of which require energy for both cooling and heating, and that there are many cost-effective measures that can reduce peak energy use and reduce cooling, heating, lighting, and other energy costs in ~~commercial~~ buildings.

Sec. 15. Energy Efficient Building Code. The Board, in consultation with the Department, shall adopt the Code as minimum requirements for commercial buildings, applying to the construction of, renovations to, and additions to all commercial buildings in the State. The Board, in consultation with the Department, shall also adopt the Code as the minimum and maximum requirements for residential buildings, applying to the construction of all residential buildings in the State, except as provided for in Section 45 of this Act. (Source: P.A. 93-936, eff. 8-13-04.)

(20 ILCS 3125/20)

Sec. 20. Applicability.

(a) The Board shall adopt the Code within 9 months after its publication. The Code shall take effect within 3 months ~~one year~~ after it is adopted by the Board and shall apply to any new commercial building or structure in this State for which a building permit application is received by a municipality or county, except as otherwise provided by this Act. In the case of any addition, alteration, renovation, or repair to an existing commercial structure, the Code adopted under this Act applies only to the portions of that structure that are being added, altered, renovated, or repaired.

(b) The following buildings shall be exempt from the Code:

- (1) Buildings otherwise exempt from the provisions of a locally adopted building code and buildings that do not contain a conditioned space.
- (2) Buildings that do not use either electricity or fossil fuel for comfort

conditioning. For purposes of determining whether this exemption applies, a building will be presumed to be heated by electricity, even in the absence of equipment used for electric comfort heating, whenever the building is provided with electrical service in excess of 100 amps, unless the code enforcement official determines that this electrical service is necessary for purposes other than providing electric comfort heating.

(3) Historic buildings. This exemption shall apply to those buildings that are listed on the National Register of Historic Places or the Illinois Register of Historic Places, and to those buildings that have been designated as historically significant by a local governing body that is authorized to make such designations.

(4) ~~(Blank). Residential buildings.~~

(5) Other buildings specified as exempt by the International Energy Conservation Code.

(c) Additions, alterations, renovations, or repairs to an existing building, building system, or portion thereof shall conform to the provisions of the Code as they relate to new construction without requiring the unaltered portion of the existing building or building system to comply with the Code. The following need not comply with the Code, provided that the energy use of the building is not increased: (i) storm windows installed over existing fenestration, (ii) glass-only replacements in an existing sash and frame, (iii) existing ceiling, wall, or floor cavities exposed during construction, provided that these cavities are filled with insulation, and (iv) construction where the existing roof, wall, or floor is not exposed.

(d) A unit of local government that does not regulate energy efficient building standards is not required to adopt, enforce, or administer the Code; however, any energy efficient building standards adopted by a unit of local government must comply with this Act. If a unit of local government does not regulate energy efficient building standards, any construction, renovation, or addition to buildings or structures is subject to the provisions contained in this Act.

(Source: P.A. 93-936, eff. 8-13-04.)

(20 ILCS 3125/45)

Sec. 45. Home rule.

(a) No unit of local government, including any home rule unit, may regulate energy efficient building standards for commercial buildings in a manner that is less stringent than the provisions contained in this Act.

(b) No unit of local government, including any home rule unit, may regulate energy efficient building standards for residential buildings in a manner that is either less or more stringent than the standards established pursuant to this Act; provided, however, that the following entities may regulate energy efficient building standards for residential buildings in a manner that is more stringent than the provisions contained in this Act: (i) a unit of local government, including a home rule unit, that has, on or before May 15, 2009, adopted or incorporated by reference energy efficient building standards for residential buildings that are equivalent to or more stringent than the 2006 International Energy Conservation Code, (ii) a unit of local government, including a home rule unit, that has, on or before May 15, 2009, provided to the Capital Development Board, as required by Section 55 of the Illinois Building Commission Act, an identification of an energy efficient building code or amendment that is equivalent to or more stringent than the 2006 International Energy Conservation Code, and (iii) a municipality with a population of 1,000,000 or more.

(c) No unit of local government, including any home rule unit or unit of local government that is subject to State regulation under the Code as provided in Section 15 of this Act, may hereafter enact any annexation ordinance or resolution, or require or enter into any annexation agreement, that imposes energy efficient building standards for residential buildings that are either less or more stringent than the energy efficiency standards in effect, at the time of construction, throughout the unit of local government.

(d) This Section is a denial and limitation of home rule powers and functions under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State. Nothing in this Section, however, prevents a unit of local government from adopting an energy efficiency code or standards for commercial buildings that are more stringent than the Code under this Act.

The 10-day period may be extended for an additional 20 working days if the agency provides to the individual, within the initial 10 working days, a written explanation of unusual circumstances causing the delay.

(b) Each agency that maintains any accessible personal record shall make that record available to the individual to whom it pertains in a reasonably intelligible form. Where necessary the agency shall provide a translation into common terms of any machine readable code or any code or abbreviation employed for internal agency use.

or to any information in a personal record or requires that the individual be given such access.

(e) For the State of Illinois, or a municipality having a population of 500,000 or more, or a county having a population of 3,000,000 or more, each department of the State, municipality, or county is a separate agency for purposes of this Section, and an individual's request to one department for access to his or her personal records shall not oblige that department to seek out any personal records of another department.

(10) pursuant to the order of a court of competent jurisdiction; or

(11) to a consumer reporting agency as permitted or allowed by federal or State statute.

Section 30. Limitations on an agency's maintenance of systems of personal records. Each agency that maintains a system of records shall do all of the following:

- (H) the agency procedures whereby an individual can be notified at his or her request how he or she can gain access to any record pertaining to him or her contained in the system of records, and how he or she may contest its content; and
- (I) the categories of sources of records in the system.

(4) Maintain all records that are used by the agency in making any determination about any individual with accuracy, relevance, timeliness, and completeness as is reasonably necessary to ensure fairness to the individual in the determination.

(5) Prior to disseminating any record about an individual to any person other than an agency, unless the dissemination is made pursuant to the Freedom of Information Act, make reasonable efforts to ensure that the records are accurate, complete, timely, and relevant for agency purposes.

(6) Establish rules of conduct for persons involved in the design, development, operation, disclosure, or maintenance of records containing personal information and instruct each person with respect to such rules and the requirements of this Act, including any other rules and procedures adopted pursuant to this Act, and the remedies and penalties for noncompliance.

(7) Establish appropriate and reasonable administrative, technical, and physical safeguards to ensure compliance with the provisions of this Act, to ensure the security and confidentiality of records, and to protect against anticipated threats or hazards to their security or integrity that could result in any injury.

Section 35. Limitations on an agency's maintenance of an individual's personal records. An agency shall maintain no personal record, whether or not the personal record is part of a system of records, describing how any individual exercises rights guaranteed by the First Amendment to the United States Constitution or Sections 3, 4, or 5 of Article I of the Illinois Constitution, unless expressly authorized by statute or by the individual about whom the record is maintained or unless pertinent to and within the scope of an authorized law enforcement activity.

Section 40. Civil remedies.

(a) An individual may bring a civil action against an agency in a circuit court of the State whenever an agency fails to comply with any provision of this Act, and after appropriate administrative remedies have been exhausted.

(b) In any action brought by an individual under this Section, the court may:

- (1) order the agency to disclose, correct, or amend the individual's personal record;
- (2) issue an injunction to require any other agency action, or to enjoin the agency from improper actions, as the court may deem necessary and appropriate to render substantial relief; and
- (3) order the agency to pay the individual all or a portion of the costs of maintaining the action, including reasonable attorney's fees, in any case in which the individual has prevailed.

(c) In any action brought by an individual under this Section in which the court determines that the agency knowingly or intentionally violated a provision of this Act, the agency shall be liable to the individual in an amount equal to the sum of:

- (1) actual damages sustained by the individual as a result of the failure of the agency

to properly maintain the personal record, but in no case shall an individual entitled to recovery receive less than the sum of \$1,000; and

(2) the costs of the action together with reasonable attorney's fees as determined by the court.

(d) An action may be brought against a State agency in the circuit court for the county where the State agency has its principal office or where the complainant resides. An action may be brought against a local agency in the circuit court for the county where the local agency is located. No action shall be brought later than 2 years after notification of the agency denial or, where applicable, the date of receipt of the final determination of the office of information practices.

(e) The rights and remedies set forth in this Act shall be deemed to be nonexclusive and are in addition to all those rights and remedies that are otherwise available under any other provision of law.

(f) Notwithstanding any other provision of this Act, no fees, costs, or damages may be assessed against an agency for a violation of Section 25 of this Act arising from the agency's disclosure of records pursuant to the Freedom of Information Act, unless the plaintiff can prove that the agency did not have an objectively reasonable basis in law or in fact to conclude that such disclosure was required by the Freedom of Information Act.

(g) If an individual brings any action under this Section that is not well grounded in fact, or is not warranted by existing law or a good-faith argument for the extension, modification, or reversal of existing law, then the court may impose an appropriate sanction upon the individual, which may include an order to pay the agency the amount of reasonable expenses incurred because of the filing of the action, including reasonable attorney fees.

(h) For civil actions alleging violation of items (1) or (4) of Section 30 or Section 35 of this Act, the administrative exhaustion required by subsection (a) of this Section shall include the individual notifying the agency of the precise information in the personal record to which the individual objects, and the agency having an opportunity to decide whether to remove or amend the disputed information.

Section 45. Agency responsibilities. Each agency shall: (1) issue instructions and guidelines necessary to effectuate this Act; and (2) take steps to ensure that all its employees and officers responsible for the collection, maintenance, use, and dissemination of personal records are informed of the requirements of this Act.

Section 50. Attorney General responsibilities. The Office of the Attorney General of Illinois:

(1) shall biennially submit to the Speaker of the House of Representatives and the President of the Senate a report:

(A) describing the actions of the Attorney General pursuant to this Section during the preceding 2 years;

(B) describing the exercise of individual rights of access and amendment under this Section during those years;

(C) identifying changes in or additions to systems of records; and

(D) containing such other information concerning administration of this Section as may be necessary or useful to the General Assembly in reviewing the effectiveness of this Section in carrying out the purposes of this Act;

(2) may, upon request by any person, provide advisory opinions or other information regarding that person's rights and the functions and responsibilities of agencies under this Act; and

(3) shall receive complaints from and actively solicit the comments of the public regarding the implementation of this Act.

Section 55. Government contractors. If an agency provides by a contract for the operation by or on behalf of the agency of a system of records to accomplish an agency function, then the agency shall, consistent with its authority, cause the requirements of this Section to be applied to that system.

Section 60. Rights of legal guardians. For the purposes of this Section, the parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, may act on behalf of the individual."

Senate Amendment No. 1 to HOUSE BILL NO. 3245

Passed the Senate, as amended, May 30, 2009.

Jillayne Rock, Secretary of the Senate

AMENDMENT NO. 1. Amend House Bill 3245 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments

due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334. For the 2007-2008 school year, the Foundation Level of support is \$5,734.

(3) For the 2008-2009 school year and each school year thereafter, the Foundation Level of support is \$5,959 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available

Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms

prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound

pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the

following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no

greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect, provided that the district, for the 2009-2010 school year through the 2012-2013 school year, also received a supplementary payment under this subsection (J) during the prior school year. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1), provided that the school district, for the 2009-2010 school year through the 2012-2013 school year, also received a supplementary payment under this subsection (J) during the prior school year. These supplementary payments shall be calculated as follows:

(a) For the 2009-2010 school year only, the Supplementary Grants in Aid shall be no more than 80% of the eligible amount under this subsection (J).

(b) For the 2010-2011 school year only, the Supplementary Grants in Aid shall be no more than 60% of the eligible amount under this subsection (J).

(c) For the 2011-2012 school year only, the Supplementary Grants in Aid shall be no more than 40% of the eligible amount under this subsection (J).

(d) For the 2012-2013 school year only, the Supplementary Grants in Aid shall be no more than 20% of the eligible amount under this subsection (J).

(e) For the 2013-2014 school year and every school year thereafter, no Supplementary Grants in Aid shall be made available under this subsection (J).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of

students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in

consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Together with the attached amendments thereto (which amendments have been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:

Senate Amendment No. 3 to HOUSE BILL NO. 2325

Passed the Senate, as amended, May 30, 2009.

Jillayne Rock, Secretary of the Senate

AMENDMENT NO. 1. Amend House Bill 2325 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Insurance Code is amended by changing Section 367e as follows:

(215 ILCS 5/367e) (from Ch. 73, par. 979e)

Sec. 367e. Continuation of Group Hospital, Surgical and Major Medical Coverage After Termination of Employment or Membership. A group policy delivered, issued for delivery, renewed or amended in this state which insures employees or members for hospital, surgical or major medical insurance on an expense incurred or service basis, other than for specific diseases or for accidental injuries only, shall provide that employees or members whose insurance under the group policy would otherwise terminate because of termination of employment or membership or because of a reduction in hours below the minimum required by the group plan shall be entitled to continue their hospital, surgical and major medical insurance under that group policy, for themselves and their eligible dependents, subject to all of the group policy's terms and conditions applicable to those forms of insurance and to the following conditions:

1. Continuation shall only be available to an employee or member who has been continuously insured under the group policy (and for similar benefits under any group policy which it replaced) during the entire 3 months period ending with such termination or reduction in hours below the

minimum required by the group plan. With respect to an employee or member who is involuntarily terminated between September 1, 2008 and December 31, 2009, continuation shall be available if the employee or member was insured under the group policy on the day prior to the termination.

2. Continuation shall not be available for any person who is covered by Medicare, except for those individuals who have been covered under a group Medicare supplement policy. Neither shall continuation be available for any person who is covered by any other insured or uninsured plan which provides hospital, surgical or medical coverage for individuals in a group and under which the person was not covered immediately prior to such termination or reduction in hours below the minimum required by the group plan or who exercises his conversion privilege under the group policy.

3. Continuation need not include dental, vision care, prescription drug benefits, disability income, specified disease, or similar supplementary benefits which are provided under the group policy in addition to its hospital, surgical or major medical benefits.

4. Upon termination or reduction in hours below the minimum required by the group plan written notice of continuation shall be presented to the employee or member and the insurer by the employer or mailed by the employer to the last known address of the employee. With respect to an employee or member who is terminated or whose reduction in hours below the minimum required by the group occurs after the effective date of this amendatory Act of the 96th General Assembly, this written notice must be given directly to the employee or member or sent via certified mail within 10 days after the employee's or member's termination or reduction in hours below the minimum required by the group plan. An employee or member who wishes continuation of coverage must request such continuation in writing within the 30 day ten-day period following the later of: (i) the date of such termination or reduction in hours below the minimum required by the group plan, or (ii) the date the employee is given written notice of the right of continuation by either the employer, or the group policyholder, or insurer. The written notice provided to an employee or member who is terminated or whose reduction in hours below the minimum required by the group occurs after the effective date of this amendatory Act of the 96th General Assembly must include an explanation that his or her option for continuation coverage will expire within the 30 day period following the later of (i) the date of such termination of employment or reduction in hours below the minimum required by the group plan, or (ii) the date the employee is given written notice of the right of continuation by either the employer, group policyholder, or insurer. In no event, however, may the employee or member elect continuation more than 60 days after the date of such termination or reduction in hours below the minimum required by the group plan. Written notice of continuation presented to the employee or member by the policyholder, or mailed by the policyholder to the last known address of the employee, shall constitute the giving of notice for the purpose of this provision.

In the event the employer fails or refuses to provide notice of continuation rights to the employee or member, the insurer is required to mail notice of the continuation rights to the employee or member at the last known address of the employee. In the event the employee or member contacts the insurer regarding continuation rights and advises that notice has not been provided by the employer or group policyholder, the insurer shall mail out notice to that individual. An employee or member shall have 30 days from receipt of the notice to elect continuation.

4a. Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, with respect to employees or members of health plans that are subject solely to State continuation coverage and who are terminated or whose reduction in hours below the minimum required by the group occurs between the effective date of this amendatory Act of the 96th General Assembly and December 31, 2009, the notice requirements of this Section are not satisfied unless notice is presented to the employee or member by the insurer informing the employee or member of the availability of premium reduction with respect to such coverage under the American Recovery and Reinvestment Act of 2009. Such written notice shall conform to all applicable requirements set forth in Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009. The Department shall publish models for the notification that shall be provided by insurers pursuant to this paragraph 4a.

4b. Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, with respect to employees or members of health plans that are subject solely to State continuation coverage who were terminated or whose reduction in hours below the minimum required by the group occurred between September 1, 2008 and the effective date of this amendatory Act of the 96th General Assembly and who have an election of continuation of coverage pursuant to this Section in effect, notice shall be presented to

the employee or member by the insurer informing the employee or member of the availability of premium reduction with respect to such coverage under the American Recovery and Reinvestment Act of 2009. Such written notice shall conform to all applicable requirements set forth in Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009 and shall be sent to the employee or member within 14 days of the effective date of this amendatory Act of the 96th General Assembly. The Department shall publish models for the notification that shall be provided by insurers pursuant to this paragraph 4b.

5. An employee or member electing continuation must pay to the group policyholder or his employer, on a monthly basis in advance, the total amount of premium required by the insurer, including that portion of the premium contributed by the policyholder or employer, if any, but not more than the group rate for the insurance being continued with appropriate reduction in premium for any supplementary benefits which have been discontinued under paragraph (3) of this Section. The premium rate required by the insurer shall be the applicable premium required on the due date of each payment.

6. Continuation of insurance under the group policy for any person shall terminate when he becomes eligible for Medicare or is covered by any other insured or uninsured plan which provides hospital, surgical or medical coverage for individuals in a group and under which the person was not covered immediately prior to such termination or reduction in hours below the minimum required by the group plan as provided in condition 2 above or, if earlier, at the first to occur of the following:

(a) The date 12 9 months after the date the employee's or member's insurance under the policy would otherwise have terminated because of termination of employment or membership or reduction in hours below the minimum required by the group plan.

(b) If the employee or member fails to make timely payment of a required contribution, the end of the period for which contributions were made.

(c) The date on which the group policy is terminated or, in the case of an employee, the date his employer terminates participation under the group policy. However, if this (c) applies and the coverage ceasing by reason of such termination is replaced by similar coverage under another group policy, the following shall apply:

(i) The employee or member shall have the right to become covered under that other group policy, for the balance of the period that he would have remained covered under the prior group policy in accordance with condition 6 had a termination described in this (c) not occurred.

(ii) The prior group policy shall continue to provide benefits to the extent of its accrued liabilities and extensions of benefits as if the replacement had not occurred.

7. A notification of the continuation privilege shall be included in each certificate of coverage.

8. Continuation shall not be available for any employee who was discharged because of the commission of a felony in connection with his work, or because of theft in connection with his work, for which the employer was in no way responsible; provided the employee admitted his commission of the felony or theft or such act has resulted in a conviction or order of supervision by a court of competent jurisdiction.

9. An employee or member without an election of continuation of coverage pursuant to this Section in effect on the effective date of this amendatory Act of the 96th General Assembly may elect continuation pursuant to this paragraph 9 if the employee or member: (i) would be an assistance eligible individual as defined in Section 3001(a)(3) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, if such an election were in effect and (ii) at the time of termination was eligible for continuation pursuant to paragraphs 1 and 2 of this Section.

Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, written notice of continuation pursuant to this paragraph 9 shall be presented to the employee or member by the insurer or mailed by the insurer to the last known address of the employee or member within 30 days after the effective date of this amendatory Act of the 96th General Assembly. Such written notice shall conform to all applicable requirements set forth in section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009. The Department shall publish models for the notification that shall be provided by insurers pursuant to this paragraph 9.

An employee or member electing continuation of coverage under this paragraph 9 must request such continuation in writing within 60 days after the date the employee or member receives written notice of the right of continuation by the insurer.

Continuation of coverage elected pursuant to this paragraph 9 shall commence with the first period of coverage beginning on or after February 17, 2009, the effective date of the federal American Recovery and Reinvestment Act of 2009, and shall not extend beyond the period of continuation that would have been required if the coverage had been elected pursuant to paragraph 4 of this Section.

With respect to an employee or member who elects continuation of coverage under this paragraph 9, the period beginning on the date of the employee's or member's involuntary termination of employment and ending on the date of the first period of coverage on or after February 17, 2009 shall be disregarded for purposes of determining the 63-day period referred to in Section 20 of the Illinois Health Insurance Portability and Accountability Act.

The requirements of this amendatory Act of 1983 shall apply to any group policy as defined in this Section, delivered or issued for delivery on or after 180 days following the effective date of this amendatory Act of 1983.

The requirements of this amendatory Act of 1985 shall apply to any group policy as defined in this Section, delivered, issued for delivery, renewed or amended on or after 180 days following the effective date of this amendatory Act of 1985.

Section 10. The Health Maintenance Organization Act is amended by changing Section 4-9.2 as follows: (215 ILCS 125/4-9.2) (from Ch. 111 1/2, par. 1409.2-2)

Sec. 4-9.2. Continuation of group HMO coverage after termination of employee or membership. A group contract delivered, issued for delivery, renewed, or amended in this State that covers employees or members for health care services shall provide that employees or members whose coverage under the group contract would otherwise terminate because of termination of employment or membership or because of a reduction in hours below the minimum required by the group contract shall be entitled to continue their coverage under that group contract, for themselves and their eligible dependents, subject to all of the group contract's terms and conditions applicable to those forms of coverage and to the following conditions:

(1) Continuation shall only be available to an employee or member who has been

continuously covered under the group contract (and for similar benefits under any group contract that it replaced) during the entire 3 month period ending with the termination of employment or membership or reduction in hours below the minimum required by the group contract. With respect to an employee or member who is involuntarily terminated between September 1, 2008 and December 31, 2009, continuation shall be available if the employee or member was insured under the group policy on the day prior to such termination.

(2) Continuation shall not be available for any enrollee who is covered by Medicare, except for those individuals who have been covered under a group Medicare supplement policy. Continuation shall not be available for any enrollee who is covered by any other insured or uninsured plan that provides hospital, surgical, or medical coverage for individuals in a group and under which the enrollee was not covered immediately before termination or reduction in hours below the minimum required by the group contract or who exercises his or her conversion privilege under the group policy.

(3) Continuation need not include dental, vision care, prescription drug, or similar supplementary benefits that are provided under the group contract in addition to its basic health care services.

(4) Upon termination or reduction in hours below the minimum required by the group contract, written notice of continuation shall be presented to the employee or member and the HMO by the employer or mailed by the employer to the last known address of the employee. With respect to an employee or member who is terminated or whose reduction in hours below the minimum required by the group occurs after the effective date of this amendatory Act of the 96th General Assembly, this written notice must be given directly to the employee or member or sent via certified mail within 10 days after the employee's or member's termination or reduction in hours below the minimum required by the group plan. An employee or member who wishes continuation of coverage must request continuation in writing within the 30 ~~40~~ day period following the later of (i) the date of termination or reduction in hours below the minimum required by the group contract or (ii) the date the employee is given written notice of the right of continuation by either the employer, ~~or the group policyholder~~, ~~or HMO~~. The written notice provided to an employee or member who is terminated or whose reduction in hours below the minimum required by the group occurs after the effective date of this amendatory Act of the 96th General Assembly must include an explanation that his or her option for continuation coverage will expire within the 30 day period following the later of (i) the date of such termination of employment or reduction in hours below the minimum required by the group plan or (ii) the date the employee is given written notice

of the right of continuation by either the employer, group policyholder, or HMO. In no event, however, shall the employee or member elect continuation more than 60 days after the date of termination or reduction in hours below the minimum required by the group contract. Written notice of continuation presented to the employee or member by the policyholder or HMO, or mailed by the policyholder or HMO to the last known address of the employee, shall constitute the giving of notice for the purpose of this paragraph.

In the event the employer fails or refuses to provide notice of continuation rights to the employee or member, the HMO is required to mail notice of the continuation rights to the employee or member at the last known address of the employee. In the event the employee or member contacts the HMO regarding continuation rights and advises that notice has not been provided by the employer or group policyholder, the HMO shall mail out notice to that individual. An employee or member shall have 30 days from receipt of the notice to elect continuation.

(4a) Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, with respect to employees or members of health plans that are subject solely to State continuation coverage and who are terminated or whose reduction in hours below the minimum required by the group occurs between the effective date of this amendatory Act of the 96th General Assembly and December 31, 2009, the notice requirements of this Section are not satisfied unless notice is presented to the employee or member by the HMO informing the employee or member of the availability of premium reduction with respect to such coverage under the American Recovery and Reinvestment Act of 2009. Such written notice shall conform to all applicable requirements set forth in Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009. The Department shall publish models for the notification that shall be provided by HMOs pursuant to this paragraph (4a).

(4b) Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, with respect to employees or members of health plans that are subject solely to State continuation coverage who were terminated or whose reduction in hours below the minimum required by the group occurred between September 1, 2008, and the effective date of this amendatory Act of the 96th General Assembly and who have an election of continuation of coverage pursuant to this Section in effect, notice shall be presented to the employee or member by the HMO informing the employee or member of the availability of premium reduction with respect to such coverage under the American Recovery and Reinvestment Act of 2009. Such written notice shall conform to all applicable requirements set forth in Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009 and shall be sent to the employee or member within 14 days of the effective date of this amendatory Act of the 96th General Assembly. The Department shall publish models for the notification that shall be provided by HMOs pursuant to this paragraph (4b).

(5) An employee or member electing continuation must pay to the group policyholder or his employer, on a monthly basis in advance, the total amount of premium required by the HMO, including that portion of the premium contributed by the policyholder or employer, if any, but not more than the group rate for the coverage being continued with appropriate reduction in premium for any supplementary benefits that have been discontinued under paragraph (3) of this Section. The premium rate required by the HMO shall be the applicable premium required on the due date of each payment.

(6) Continuation of coverage under the group contract for any person shall terminate when the person becomes eligible for Medicare or is covered by any other insured or uninsured plan that provides hospital, surgical, or medical coverage for individuals in a group and under which the person was not covered immediately before termination or reduction in hours below the minimum required by the group contract as provided in paragraph (2) of this Section or, if earlier, at the first to occur of the following:

(a) The expiration of 12 ~~9~~ months after the employee's or member's coverage because of termination of employment or membership or reduction in hours below the minimum required by the group contract.

(b) If the employee or member fails to make timely payment of a required contribution, the end of the period for which contributions were made.

(c) The date on which the group contract is terminated or, in the case of an employee, the date his or her employer terminates participation under the group contract. If, however, this paragraph applies and the coverage ceasing by reason of termination is replaced by similar coverage under another group contract, then (i) the employee or member shall have the right to

become covered under the replacement group contract for the balance of the period that he or she would have remained covered under the prior group contract in accordance with paragraph (6) had a termination described in this item (c) not occurred and (ii) the prior group contract shall continue to provide benefits to the extent of its accrued liabilities and extensions of benefits as if the replacement had not occurred.

(7) A notification of the continuation privilege shall be included in each evidence of coverage.

(8) Continuation shall not be available for any employee who was discharged because of the commission of a felony in connection with his or her work, or because of theft in connection with his or her work, for which the employer was in no way responsible if the employee (i) admitted to committing the felony or theft or (ii) was convicted or placed under supervision by a court of competent jurisdiction.

(9) An employee or member without an election of continuation of coverage pursuant to this Section in effect on the effective date of this amendatory Act of the 96th General Assembly may elect continuation pursuant to this paragraph (9) if the employee or member: (i) would be an assistance eligible individual as defined in Section 3001(a)(3) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009 if such an election were in effect and (ii) at the time of termination was eligible for continuation pursuant to paragraphs (1) and (2) of this Section.

Unless contrary to the provisions of, or any rules promulgated pursuant to, Section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009, written notice of continuation pursuant to this paragraph (9) shall be presented to the employee or member by the HMO or mailed by the HMO to the last known address of the employee or member within 30 days after effective date of this amendatory Act of the 96th General Assembly. The written notice shall conform to all applicable requirements set forth in section 3001(a)(7) of Title III of Division B of the federal American Recovery and Reinvestment Act of 2009. The Department shall publish models for the notification that shall be provided by HMOs pursuant to this paragraph (9).

An employee or member electing continuation of coverage under this paragraph (9) must request such continuation in writing within 60 days after the date the employee or member receives written notice of the right of continuation by the HMO.

Continuation of coverage elected pursuant to this paragraph (9) shall commence with the first period of coverage beginning on or after February 17, 2009, the effective date of the federal American Recovery and Reinvestment Act of 2009, and shall not extend beyond the period of continuation that would have been required if the coverage had been elected pursuant to paragraph (4) of this Section.

With respect to an employee or member who elects continuation of coverage under this paragraph (9), the period beginning on the date of the employee or member's involuntary termination of employment and ending on the date of the first period of coverage on or after February 17, 2009 shall be disregarded for purposes of determining the 63-day period referred to in Section 20 of the Illinois Health Insurance Portability and Accountability Act.

The requirements of this amendatory Act of 1992 shall apply to any group contract, as defined in this Section, delivered or issued for delivery on or after 180 days following the effective date of this amendatory Act of 1992.

Passed the Senate, as amended, May 30, 2009.

Jillayne Rock, Secretary of the Senate

AMENDMENT NO. 2. Amend House Bill 152 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Organ Transplant Medication Notification Act.

Section 5. Applicability. This Act shall apply solely to cases of immunosuppressive therapy when (i) an immunosuppressant drug has been prescribed to a patient to prevent the rejection of transplanted organs and tissues and (ii) as set forth in Section 15 of this Act, a prescribing physician has indicated on a prescription "may not substitute". This Act does not apply to medication orders issued for immunosuppressant drugs for any in-patient care in a licensed hospital.

Section 10. Definitions. For the purpose of this Act:

"Health insurance policy or health care service plan" means any policy of health or accident insurance subject to the provisions of the Illinois Insurance Code, Health Maintenance Organization Act, Voluntary Health Services Plan Act, Counties Code, Municipal Code, School Code, and State Employees Group Insurance Act.

"Immunosuppressant drugs" mean drugs that are used in immunosuppressive therapy to inhibit or prevent the activity of the immune system. "Immunosuppressant drugs" are used clinically to prevent the rejection of transplanted organs and tissues. "Immunosuppressant drugs" do not include drugs for the treatment of autoimmune diseases or diseases that are most likely of autoimmune origin.

Section 15. Quality assurance in patient care. In accordance with the Pharmacy Practice Act, when a prescribing physician has indicated on a prescription "may not substitute", a health insurance policy or health care service plan that covers immunosuppressant drugs may not require or cause a pharmacist to interchange another immunosuppressant drug or formulation issued on behalf of a person to inhibit or prevent the activity of the immune system of a patient to prevent the rejection of transplanted organs and tissues without notification and the documented consent of the prescribing physician and the patient, or the parent or guardian if the patient is a child, or the spouse of a patient who is authorized to consent to the treatment of the person.

Except as provided by subsections (a), (b), and (c) of Section 20 of this Act, patient co-payments, deductibles, or other charges for the prescribed drug for which another immunosuppressant drug or formulation is not interchanged shall remain the same for the enrollment period established by the health insurance policy or plan.

Section 20. Provision of notice; formulary changes.

(a) At least 60 days prior to making any formulary change that alters the terms of coverage for a patient receiving immunosuppressant drugs or discontinues coverage for a prescribed immunosuppressant drug that a patient is receiving, a policy or plan sponsor must, to the extent possible, notify the prescribing

physician and the patient, or the parent or guardian if the patient is a child, or the spouse of a patient who is authorized to consent to the treatment of the patient. The notification shall be in writing and shall disclose the formulary change, indicate that the prescribing physician may initiate an appeal, and include information regarding the procedure for the prescribing physician to initiate the policy or plan sponsor's appeal process.

(b) As an alternative to providing written notice, a policy or plan sponsor may provide the notice electronically if, and only if, the patient affirmatively elects to receive such notice electronically. The notification shall disclose the formulary change, indicate that the prescribing physician may initiate an appeal, and include information regarding the procedure for the prescribing physician to initiate the policy or plan sponsor's appeal process.

(c) At the time a patient requests a refill of the immunosuppressant drug, a policy or plan sponsor may provide the patient with the written notification required under subsection (a) of this Section along with a 60-day supply of the immunosuppressant drug under the same terms as previously allowed.

(d) Nothing in this Section shall prohibit insurers or pharmacy benefit managers from using managed pharmacy care tools, including, but not limited to, formulary tiers, generic substitution, therapeutic interchange, prior authorization, or step therapy, so long as an exception process is in place allowing the prescriber to petition for coverage of a non-preferred drug if sufficient clinical reasons justify an exception to the normal protocol."

WHEREAS, In 2008, the initiative, entitled the National Security Language Initiative, designated certain languages to be categorized as "Critical Need"; and

WHEREAS, The National Security Language Initiative was implemented on the notion that recognizes that "speaking another's language promotes understanding; conveys respect; strengthens our ability to engage foreign peoples and governments; and provides others with an opportunity to learn more about America and its people"; and

WHEREAS, In 2008, Arabic was one of the languages designated as a "Critical Need" language; and

WHEREAS, The National Security Language Initiative provides for federal funding for language instruction under Foreign Language Assistance Program grants; and

WHEREAS, In 2008, federal grants have been used to aid in instruction of Arabic in Illinois programs, such as grants totaling \$240,000 allowing for summer instruction for Chicago public school students to intensify their Arabic at the University of Chicago; and

WHEREAS, To date, this State still remains to be startlingly under-represented among Foreign Language Assistant Program grant recipients; and

WHEREAS, The State Board of Education also designates funding for an Arabic Language Initiative under its Arts and Foreign Language Education Grant Program; and

WHEREAS, In May 2008, Mayor Richard M. Daley announced that Chicago public schools were initiating a \$1,000,000 expansion of the Critical Languages Program; and

WHEREAS, Concerned local communities of this State have initiated a concerted effort since the creation of the National Security Language Initiative to propose the introduction of Arabic as a foreign language option for high school, junior high, and elementary school students; and

WHEREAS, The concerted effort has included numerous signed petitions, town hall meetings, and numerous personal one-on-one meetings with principals, students, teachers, parents, and superintendents; and

WHEREAS, These concerned communities have continued their efforts to maintain the goal of building a competitive advantage for Illinois students in a changing global dynamic; and

WHEREAS, A few public schools in this State have already begun to offer Arabic as a foreign language, such as Lindblom Math & Science Academy, Lincoln Park High School, Roosevelt High School, Volta Elementary School, Durkin Park Elementary School, and Peck Elementary School; and

WHEREAS, Funding options, research, and community interest have shown Arabic to be a foreign language that will be a welcomed option in school districts, providing competitive advantage for students in this State; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we encourage school districts in this State to explore the introduction of Arabic as a foreign language in their curriculum, particularly school districts that have constituencies with an interest in the instruction of Arabic, through a transparent and collaborative process with the community that takes full advantage of State and federal funding resources; and be it further

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has adopted the following Senate Joint Resolution, in the adoption of which I am instructed to ask the concurrence of the House of Representatives, to-wit:

SENATE JOINT RESOLUTION NO. 30

WHEREAS, The United States Supreme Court in *Olmstead v. L.C. Ex Rel. Zimring*, 119 S. Ct. 2176 (1999), held that the unjustifiable institutionalization of a person with a disability who could live in the community with appropriate supports and services, and wishes to do so, is unlawful discrimination in violation of the Americans with Disabilities Act (ADA); and

WHEREAS, Many individuals with developmental disabilities in Illinois who desire home- or community-based residential services are unable to obtain them due to the lack of funding for such options; and

WHEREAS, As a result of insufficient home- and community-based service options for individuals with developmental disabilities in Illinois, many individuals and their families must choose between living with their parents or other family members without the supports and services they need, or living in an Intermediate Care Facility, or an Intermediate Care Facility/DD 15 and under, or a State-operated developmental center, even if they could live successfully in a less restrictive setting with appropriate supports and services; and

WHEREAS, There are now over 16,000 individuals with developmental disabilities in Illinois with documented crisis, emerging crisis, or future service needs who are on the Department of Human Services' Priority of Urgency of Need of Services (PUNS) waiting list database for services and supports, and the need is probably greater because this number only represents those individuals who have actually signed up for the PUNS waiting list database; and

WHEREAS, Almost 10 years after the *Olmstead* decision, a report titled "The State of the States in Disabilities 2008" by the Department of Psychiatry and Coleman Institute for Cognitive Disabilities of the University of Colorado ranks the State of Illinois 40th nationally in fiscal effort for services for individuals with developmental disabilities, including all programs - home based, group home, and congregate care; 43rd in State fiscal effort for community services; 47th in home- and community-based waiver spending per capita; and 51st in serving people with developmental disabilities in environments of 6 or less; and

WHEREAS, Other studies, including but not limited to, "State Funding of Community Agencies for Services to Illinois Residents with Mental Illness and/or Developmental Disabilities: Final Report to the Illinois General Assembly", "The Report of the Community Integrated Living Arrangement Nursing Services Work Group", and "The Illinois Direct Support Professional Workforce Initiative" address the issues with the Illinois system; and

WHEREAS, "The Blueprint for System Redesign in Illinois" reviewed the findings of these studies as well as the results of a gaps analysis and created a framework for restructuring the current service system for people with developmental disabilities and their families; and

WHEREAS, These studies and numerous legislative measures and lawsuits over the last decade have attempted to address the shortcomings of Illinois' fragmented and inadequate system of services and supports to individuals with developmental disabilities; and

WHEREAS, In order to meet the urgent need for quality home- and community-based services in Illinois, major systemic fiscal and policy changes are necessary and must be a real priority for the State;

and

WHEREAS, The workers who provide direct support in the community to individuals with developmental disabilities should be paid fair and adequate wages; and

WHEREAS, Until the State breaks the cycle of underfunding and lack of significant growth of home- and community-based services and supports for people with developmental disabilities and their families which perpetuates short-term measures to address crises in the system and which, in the long term, has maintained and fostered the competition among many for scarce public resources, the community-based system will continue to be fragmented and inadequately funded; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that the Department of Human Services, Division of Developmental Disabilities, shall develop a 7-year Plan with yearly benchmarks to enhance and expand access to quality community services and supports as informed by the "Blueprint for System Redesign" (January 2008), "State Funding of Community Agencies for Services to Illinois Residents with Mental Illness and/or Developmental Disabilities: Final Report to the Illinois General Assembly", "The Report of the Community Integrated Living Arrangement Nursing Services Work Group", and "The Illinois Direct Support Professional Workforce Initiative" by December 1, 2009; and be it further

RESOLVED, That increases in the resources available to the Department shall be appropriated to services and supports consistent with the Benchmarks of the 7-year Plan considering factors including, but not limited to, fair and adequate wages and benefits for Direct Support Professionals, funding incentives, identifying new revenue sources, maximizing current revenue sources, creating opportunities for capacity building, and new rate methodologies that enhance quality service and quality assurance, crisis intervention, and workforce development; and be it further

RESOLVED, That the Secretary of Human Services shall provide an annual report on the implementation of the Plan, including a year-by-year fiscal impact statement on each aspect of the Plan, to the Governor and to each Member of the General Assembly by not later than July 1st of each year and interim progress reports to the Governor and to the Members of the General Assembly not later than December 31st of each year until the Plan is fully implemented; and be it further

RESOLVED, That appropriate committees of the House of Representatives and the Senate shall convene at least one hearing not later than July 1st of each year on the subject of the Plan; and be it further

RESOLVED, That copies of this resolution be sent to the Governor, the Secretary of the Department of Human Services, the Director of the Governor's Office of Management and Budget, and all Members of the General Assembly.

Sec. 50-20. Responsible Education Funding Law.

(a) The Governor shall submit to the General Assembly a proposed budget for elementary and secondary education in which total General Revenue Fund appropriations are no less than the total General Revenue Fund appropriations of the previous fiscal year. In addition, the Governor shall specify the total amount of funds to be transferred from the General Revenue Fund to the Common School Fund during the budget year, which shall be no less than the total amount transferred during the previous fiscal year. The Governor may submit a proposed budget in which the total appropriated and transferred amounts are less than the previous fiscal year if the Governor declares in writing to the General Assembly the reason for the lesser amounts.

(b) The General Assembly shall appropriate amounts for elementary and secondary education from the General Revenue Fund for each fiscal year so that the total General Revenue Fund appropriation is no less

than the total General Revenue Fund appropriation for elementary and secondary education for the previous fiscal year. In addition, the General Assembly shall legislatively transfer from the General Revenue Fund to the Common School Fund for the fiscal year a total amount that is no less than the total amount transferred for the previous fiscal year. The General Assembly may appropriate or transfer lesser amounts if it declares by Joint Resolution the reason for the lesser amounts.

(b-5) In fiscal year 2010, no appropriation made from General funds to the State Board of Education, the Board of Higher Education, the Community College Board, the Student Assistance Commission, or any public university may be decreased from its fiscal year 2009 general appropriation level. An exception may be made only if a program's appropriation is based on actual cost and that cost has been determined by the Board or university to require a lesser appropriation; however, the aggregate appropriation to those Boards or universities for fiscal year 2010 shall not under any circumstances represent a decrease from the fiscal year 2009 aggregate general fund appropriation level for that Board or university.

(b-10) Beginning in fiscal year 2011 and in each fiscal year thereafter, in addition to the amounts required to be transferred under subsection (b), an amount equal to the first 33 1/3% of the amount of additional revenue generated through the taxes imposed by this amendatory Act of the 96th General Assembly in that fiscal year shall be transferred from the General Revenue Fund to the Common School Fund. In addition, beginning in fiscal year 2011 and in each fiscal year thereafter, an amount equal to the next 16 2/3% of the amount of additional revenue generated through those taxes shall be transferred from the General Revenue Fund to the Higher Education Fund.

(b-15) The Higher Education Fund is created as a special fund in the State treasury. Moneys in this Fund may be used only for purposes related to higher education. The Higher Education Fund is not subject to administrative charges that would in any way transfer any funds from the Higher Education Fund into any other fund of the State.

(a) In general. A tax measured by net income is hereby imposed on every individual, corporation, trust and estate for each taxable year ending after July 31, 1969 on the privilege of earning or receiving income in or as a resident of this State. (7) In the case of a corporation, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 4% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 4.8% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(10) In the case of a corporation, for taxable years beginning after June 30, 2009, an amount equal to 7.2% of the taxpayer's net income for the taxable year.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code, equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no

event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing,

processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property or services rendered in conjunction with the sale of tangible consumer goods or commodities.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2008, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2008.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to

the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) Jobs Tax Credit; Enterprise Zone, River Edge Redevelopment Zone, and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of \$500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or

more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Economic Opportunity as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components

of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from

gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the

Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of \$100,000 per site, except that the \$100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed \$40,000 per year with a maximum total of \$150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed \$500 for taxable years ending on or before December 31, 2009 and \$1,000 for taxable years ending on or after January 1, 2010. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of \$250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid

in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of \$100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(iv) This subsection is exempt from the provisions of Section 250.

(a) In general. With respect to the taxable year of a taxpayer beginning prior to July 1, 2009, and ending after June 30, 2009, net income for the period after June 30, 2009, is that amount that bears the same ratio to the taxpayer's net income for the entire taxable year as the number of days in that year after June 30, 2009, bears to the total number of days in that year, and the net income for the period prior to July 1, 2009 is that amount that bears the same ratio to the taxpayer's net income for the entire taxable year as the number of days in that year prior to July 1, 2009, bears to the total number of days in that year.

(b) Election to attribute income and deduction items specifically to the respective portions of a taxable year prior to July 1, 2009, and after June 30, 2009. In the case of a taxpayer with a taxable year beginning prior to July 1, 2009, and ending after June 30, 2009, the taxpayer may elect, instead of the procedure established in subsection (a) of this Section, to determine net income on a specific accounting basis for the 2 portions of his or her taxable year:

(i) from the beginning of the taxable year through June 30, 2009; and

(ii) from July 1, 2009 through the end of the taxable year.

(c) If the taxpayer elects specific accounting under subsection (b):

(1) there shall be taken into account in computing base income for each of the 2 portions of the taxable year only those items earned, received, paid, incurred or accrued in each such period;

(2) for purposes of apportioning business income of the taxpayer, the provisions in Article 3 shall be applied on the basis of the taxpayer's full taxable year, without regard to this Section;

(3) the net loss carryforward deduction for the taxable year under Section 207 may not exceed combined net income of both portions of the taxable year, and shall be used against the income of the

portion of the taxable year from the beginning of the taxable year through June 30, 2009, before any remaining amount is used against the income of the latter portion of the year; and

(d) Under subsection (a) or (b):

(1) the exemptions and credits allowed under Sections 204, 208, and 212, respectively, for the period prior to July 1, 2009, shall be equal to the total exemptions or credits, as applicable, that would be allowed for the taxable year under Sections 204, 208, and 212, respectively, as in effect before the effective date of this amendatory Act of 2009, multiplied by the number of months in the portion of the taxable year ending on or before June 30, 2009 and divided by 12; and

(2) the exemptions and credits allowed under Sections 204, 208, and 212, respectively, for the period after June 30, 2009, through the end of the taxable year shall equal to the total exemptions or credits, as applicable, allowed under Sections 204, 208, or 212, as applicable, for the taxable year, multiplied by the number of months in the taxable year for the period beginning on July 1, 2009 and divided by 12.

(35 ILCS 5/204) (from Ch. 120, par. 2-204)

Sec. 204. Standard Exemption.

(a) Allowance of exemption. In computing net income under this Act, there shall be allowed as an exemption the sum of the amounts determined under subsections (b), (c) and (d), multiplied by a fraction the numerator of which is the amount of the taxpayer's base income allocable to this State for the taxable year and the denominator of which is the taxpayer's total base income for the taxable year.

(b) Basic amount. For the purpose of subsection (a) of this Section, except as provided by subsection (a) of Section 205 and in this subsection, each taxpayer shall be allowed a basic amount of \$1000, except that for corporations the basic amount shall be zero for tax years ending on or after December 31, 2003, and for individuals the basic amount shall be:

(3) for taxable years ending on or after December 31, 2000 and prior to July 1, 2009, \$2,000;

(4) for taxable years ending after June 30, 2009 and prior to December 31, 2010, \$3,000, except that, for taxable years beginning before July 1, 2009, and ending after June 30, 2009, the exemption for the taxable year shall be determined under Section 202.5(d); and

(5) for taxable years ending on or after December 31, 2010, \$3,000.

For taxable years ending on or after December 31, 1992, a taxpayer whose Illinois base income exceeds the basic amount and who is claimed as a dependent on another person's tax return under the Internal Revenue Code of 1986 shall not be allowed any basic amount under this subsection.

(c) Additional amount for individuals. In the case of an individual taxpayer, there shall be allowed for the purpose of subsection (a), in addition to the basic amount provided by subsection (b), an additional exemption equal to the basic amount for each exemption in excess of one allowable to such individual taxpayer for the taxable year under Section 151 of the Internal Revenue Code.

(d) Additional exemptions for an individual taxpayer and his or her spouse. In the case of an individual taxpayer and his or her spouse, he or she shall each be allowed additional exemptions as follows:

For purposes of this paragraph, the determination of whether the spouse is blind shall be made as of the end of the taxable year of the taxpayer; except that if the spouse dies during such taxable year such determination shall be made as of the time of such death.

(C) Blindness defined. For purposes of this subsection, an individual is blind only if his or her central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or if his or her visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual fields subtends an angle no greater than 20 degrees.

(e) Cross reference. See Article 3 for the manner of determining base income allocable to this State.

(35 ILCS 5/804) (from Ch. 120, par. 8-804)

Sec. 804. Failure to Pay Estimated Tax.

(a) In general. In case of any underpayment of estimated tax by a taxpayer, except as provided in subsection (d) or (e), the taxpayer shall be liable to a penalty in an amount determined at the rate prescribed by Section 3-3 of the Uniform Penalty and Interest Act upon the amount of the underpayment (determined under subsection (b)) for each required installment.

(b) Amount of underpayment. For purposes of subsection (a), the amount of the underpayment shall be the excess of:

- (1) the amount of the installment which would be required to be paid under subsection (c), over
- (2) the amount, if any, of the installment paid on or before the last date prescribed for payment.

(c) Amount of Required Installments.

(1) Amount.

(ii) for installments due prior to April 1, 2010, and installments due after April 1, 2011, 100% of the tax shown on the return of the taxpayer for the preceding taxable year if a return showing a liability for tax was filed by the taxpayer for the preceding taxable year and such preceding year was a taxable year of 12 months; or -

(iii) for installments due after April 1, 2010 and prior to April 1, 2011, 120% of the tax shown on the return of the taxpayer for the preceding taxable year if a return showing a liability for tax was filed by the taxpayer for the preceding taxable year and that preceding year was a taxable year of 12 months; except that the amount due for the first installment due after April 1, 2010, shall equal the amount that, when added to the total of all prior installments paid for that taxable year, equals the total of the installments that would be due if this item (iii) had applied to all installments due for that taxable year.

(2) Lower Required Installment where Annualized Income Installment is Less Than Amount Determined Under Paragraph (1).

(A) In General. In the case of any required installment if a taxpayer establishes that the annualized income installment is less than the amount determined under paragraph (1),

(i) the amount of such required installment shall be the annualized income installment, and

(ii) any reduction in a required installment resulting from the application of this subparagraph shall be recaptured by increasing the amount of the next required installment determined under paragraph (1) by the amount of such reduction, and by increasing subsequent required installments to the extent that the reduction has not previously been recaptured under this clause.

(B) Determination of Annualized Income Installment. In the case of any required installment, the annualized income installment is the excess, if any, of

standard exemption for the months in the taxable year ending before the month in which the installment is required to be paid;

(ii) dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date falls; and

(iii) deducting from such amount the standard exemption allowable for the taxable year, such standard exemption being determined as of the last date prescribed for payment of the installment.

then dividing the resulting amount by the number of months in the taxable year (3, 5, 6, 8, 9, or 11 as the case may be).

(d) Exceptions. Notwithstanding the provisions of the preceding subsections, the penalty imposed by subsection (a) shall not be imposed if the taxpayer was not required to file an Illinois income tax return for the preceding taxable year, or, for individuals, if the taxpayer had no tax liability for the preceding taxable year and such year was a taxable year of 12 months. The penalty imposed by subsection (a) shall also not be imposed on any underpayments of estimated tax due before the effective date of this amendatory Act of 1998 which underpayments are solely attributable to the change in apportionment from subsection (a) to subsection (h) of Section 304. The provisions of this amendatory Act of 1998 apply to tax years ending on or after December 31, 1998.

(e) The penalty imposed for underpayment of estimated tax by subsection (a) of this Section shall not be imposed to the extent that the Director or his or her designate determines, pursuant to Section 3-8 of the Uniform Penalty and Interest Act that the penalty should not be imposed.

(f) Definition of tax. For purposes of subsections (b) and (c), the term "tax" means the excess of the tax imposed under Article 2 of this Act, over the amounts credited against such tax under Sections 601(b) (3) and (4).

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use or consumption, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is engaged in the business of selling tangible personal property at retail with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. The provisions of this paragraph shall not apply to nor subject to taxation occasional dinners, socials or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not engaged in the business of selling tangible personal property at retail with respect to such transactions.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of or title to tangible personal property for a valuable consideration.

"Reseller of motor fuel" means any person engaged in the business of selling or delivering or transferring title of motor fuel to another person other than for use or consumption. No person shall act as a reseller of motor fuel within this State without first being registered as a reseller pursuant to Section 2c or a retailer pursuant to Section 2a.

"Selling price" or the "amount of sale" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property, other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include charges that are added to prices by sellers on account of the seller's tax liability under this Act, or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by the Use Tax Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the sellers' duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Gross receipts" from the sales of tangible personal property at retail means the total selling price or the amount of such sales, as hereinbefore defined. In the case of charge and time sales, the amount thereof shall be included only as and when payments are received by the seller. Receipts or other consideration derived by a seller from the sale, transfer or assignment of accounts receivable to a wholly owned subsidiary will not be deemed payments prior to the time the purchaser makes payment on such accounts.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail, or a sale through a bulk vending machine, does not constitute engaging in a business of selling such tangible personal property at retail within the meaning of this Act; provided that any person who is engaged in a business which is not subject to the tax imposed by this Act because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate or a construction contract to engineer, install, and maintain an integrated system of products, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate or was not engineered and installed, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is engaged in the business of selling tangible personal property at retail to the extent of the value of the tangible personal property so transferred. If, in such a transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purpose of this Act, shall be the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property. Construction contracts for the improvement of real estate consisting of engineering, installation, and maintenance of voice, data, video, security, and all telecommunication systems do not constitute engaging in a business of selling tangible personal property at retail within the meaning of this Act if they are sold at one specified contract price.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a person engaged in the business of selling tangible personal property at retail hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

Persons who engage in the business of transferring tangible personal property upon the redemption of

trading stamps are engaged in the business of selling such property at retail and shall be liable for and shall pay the tax imposed by this Act on the basis of the retail value of the property transferred upon redemption of such stamps.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than \$0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

(a) Beginning with the 2005-2006 school year, unless the federal government formally disapproves of such policy through the submission and review process for the Illinois Accountability Workbook, those schools that do not meet adequate yearly progress criteria for 2 consecutive annual calculations in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall be placed on academic early warning status for the next school year. Schools on academic early warning status that do not meet adequate yearly progress criteria for a third annual calculation in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall remain on academic early warning status. Schools on academic early warning status that do not meet adequate yearly progress criteria for a fourth annual calculation in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall be placed on initial academic watch status. Schools on academic watch status that do not meet adequate yearly progress criteria for a fifth or subsequent annual calculation in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall remain on academic watch status. Schools on academic early warning or academic watch status that meet adequate yearly progress criteria for one annual calculation shall be considered as having met expectations and shall be removed from any status designation.

The school district of a school placed on either academic early warning status or academic watch status may appeal the status to the State Board of Education in accordance with Section 2-3.25m of this Code.

A school district that has one or more schools on academic early warning or academic watch status shall prepare a revised School Improvement Plan or amendments thereto setting forth the district's expectations for removing each school from academic early warning or academic watch status and for improving student performance in the affected school or schools. Districts operating under Article 34 of this Code may prepare the School Improvement Plan required under Section 34-2.4 of this Code.

The revised School Improvement Plan for a school that is initially placed on academic early warning status or that remains on academic early warning status after a third annual calculation must be approved by the school board (and by the school's local school council in a district operating under Article 34 of this Code, unless the school is on probation pursuant to subsection (c) of Section 34-8.3 of this Code).

The revised School Improvement Plan for a school that is initially placed on academic watch status after a fourth annual calculation must be approved by the school board (and by the school's local school council in a district operating under Article 34 of this Code, unless the school is on probation pursuant to subsection (c) of Section 34-8.3 of this Code).

The revised School Improvement Plan for a school that remains on academic watch status after a fifth annual calculation must be approved by the school board (and by the school's local school council in a district operating under Article 34 of this Code, unless the school is on probation pursuant to subsection (c) of Section 34-8.3 of this Code). In addition, the district must develop a school restructuring plan for the school that must be approved by the school board (and by the school's local school council in a district operating under Article 34 of this Code).

(b) Beginning with the 2005-2006 school year, unless the federal government formally disapproves of such policy through the submission and review process for the Illinois Accountability Workbook, those school districts that do not meet adequate yearly progress criteria for 2 consecutive annual calculations in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall be placed on academic early warning status for the next school year. Districts on academic early

warning status that do not meet adequate yearly progress criteria for a third annual calculation in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall remain on academic early warning status. Districts on academic early warning status that do not meet adequate yearly progress criteria for a fourth annual calculation in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall be placed on initial academic watch status. Districts on academic watch status that do not meet adequate yearly progress criteria for a fifth or subsequent annual calculation in the same subgroup and in the same subject or in their participation rate, attendance rate, or graduation rate shall remain on academic watch status. Districts on academic early warning or academic watch status that meet adequate yearly progress criteria for one annual calculation shall be considered as having met expectations and shall be removed from any status designation.

A district placed on either academic early warning status or academic watch status may appeal the status to the State Board of Education in accordance with Section 2-3.25m of this Code.

Districts on academic early warning or academic watch status shall prepare a District Improvement Plan or amendments thereto setting forth the district's expectations for removing the district from academic early warning or academic watch status and for improving student performance in the district.

All District Improvement Plans must be approved by the school board.

(c) All new and revised School and District Improvement Plans shall be developed in collaboration with parents, staff in the affected school or school district, and outside experts. All revised School and District Improvement Plans shall be developed, submitted, and monitored pursuant to rules adopted by the State Board of Education. The ~~revised~~ Improvement Plan shall address measurable outcomes for improving student performance so that such performance meets adequate yearly progress criteria as specified by the State Board of Education and shall include a staff professional development plan developed in cooperation with staff. All school districts required to revise a School Improvement Plan in accordance with this Section shall establish a peer review process for the evaluation of School Improvement Plans.

(d) All federal requirements apply to schools and school districts utilizing federal funds under Title I, Part A of the federal Elementary and Secondary Education Act of 1965.

(e) The State Board of Education, from any moneys it may have available for this purpose, must implement and administer a grant program that provides 2-year grants to school districts on the academic watch list and other school districts that have the lowest achieving students, as determined by the State Board of Education, to be used to improve student achievement. In order to receive a grant under this program, a school district must establish an accountability program. The accountability program must involve the use of statewide testing standards and local evaluation measures. A grant shall be automatically renewed when achievement goals are met. The Board may adopt any rules necessary to implement and administer this grant program.

(f) In addition to any moneys available under subsection (e) of this Section, a school district required to maintain School and District Improvement Plans under this Section, including a school district organized under Article 34 of this Code, shall annually receive from the State, subject to appropriation, an amount equal to \$150 times the number of full-time certified teachers and administrators it employs for developing and implementing its mandatory School and District Improvement Plans, including its staff professional development plan.

(5) any businesses with which the school district or charter school has partnered to improve the availability and integration of information technology education within the curriculum; and

(6) any other information that may be specified by rule of the State Board of Education.

(f) In recommending and awarding grants through the program, the State Board of Education shall consider the following criteria:

(1) the degree to which information technology education is already integrated into the curriculum of the applying school district or charter school to ensure that those school districts and charter schools with the least degree of integration receive the grants first;

(2) the degree to which the applicant's proposed plan for using the grant moneys will result in integration of information technology tools and scientific equipment in a manner that measurably improves teaching and learning;

(3) the validity, clarity, and measurability of the goals established by the applicant and the validity of the proposed methods for measuring achievement of the goals;

(4) the accountability system of specific measures and deliverables to determine a baseline and annually assess improvements in teaching and learning;

(5) any other financial resources available to the applicant for integrating information technology education into the curriculum;

(7) the strength and capacity of the applicant to collaborate with the science, technology, engineering and mathematics education center network under Section 4.5 of the Illinois Mathematics and Science Academy Law and to provide open source networking with other public schools in this State; and

(8) any other criteria established by rule of the State Board of Education to ensure that grants are awarded to school districts and charter schools that demonstrate the greatest need and the most valid, effective plan for integrating information technology education into the curriculum.

(g) In awarding grants through the grant program, the State Board of Education shall ensure, to the extent possible, that the grants are awarded to school districts and charter schools in all areas of this State.

(h) Nothing in this Section shall be construed to limit or otherwise affect any school district's ability to enter into an agreement with or receive funds from any private entity.

(i) Each school district and charter school that receives a grant through the grant program created under this Section shall, by August 1 of the school year for which the grant was awarded, submit to the State Board of Education a report specifying the following information:

(1) the manner in which the grant moneys were used;

(2) the progress made toward achieving the goals specified in the grant recipient's application;

(3) any additional entities and businesses with whom the grant recipient has contracted or partnered with the goal of achieving greater integration of information technology education in the 9th grade through 12th grade curriculum;

Sec. 2-3.149. Best practices clearinghouse.

(a) Beginning July 1, 2010 and subject to appropriation, the State Board of Education shall establish an online clearinghouse of information relating to best practices of campuses and school districts regarding instruction, public school finance, resource allocation, and business practices. To the extent practicable, the State Board of Education shall ensure that information provided through the online clearinghouse is specific, actionable information relating to the best practices of high-performing and highly efficient school districts rather than general guidelines relating to school district operation. The information must be accessible by school districts and interested members of the public.

(b) The State Board of Education shall solicit and collect from exemplary or recognized school districts, charter schools, and other institutions determined by the State Board of Education examples of best practices relating to instruction, public school finance, resource allocation, and business practices, including best practices relating to curriculum, scope and sequence, compensation and incentive systems, bilingual education and special language programs, compensatory education programs, and the effective use of instructional technology, including online courses.

(c) The State Board of Education may contract for the services of one or more third-party contractors to develop, implement, and maintain a system of collecting and evaluating the best practices of campuses and school districts as provided by this Section. In addition to any other considerations required by law, the State Board of Education must consider an applicant's demonstrated competence and qualifications in analyzing school district practices in awarding a contract under this subsection (c).

Sec. 2-3.150. The Science, Technology, Engineering, and Mathematics Education Center Grant Program.

(a) As used in this Section, unless the context otherwise requires:

"Grant program" means the science, technology, engineering, and mathematics education center grant program created in this Section.

"Science, technology, engineering, and mathematics education" or "STEM" means learning experiences that integrate innovative curricular, instructional, and assessment strategies and materials, laboratory and mentorship experiences, and authentic inquiry-based and problem centered instruction to stimulate learning in the areas of science, technology, engineering, and mathematics.

"Science, technology, engineering, and mathematics education innovation center" means a center operated by a school district, a charter school, the Illinois Mathematics and Science Academy, or a joint

collaborative partnership that provides STEM teaching and learning experiences, materials, laboratory and mentorship experiences, and educational seminars, institutes or workshops for students and teachers.

(b) Subject to appropriation, the Illinois Mathematics and Science Academy, in consultation and partnership with the State Board of Education, the Board of Higher Education, the business community, the entrepreneurial technology community, and professionals, including teachers, in the field of science, technology, engineering, and mathematics shall create a strategic plan for developing a whole systems approach to redesigning prekindergarten through grade 12 STEM education in this State, including, but not limited to, designing and creating integrative teaching and learning networks among science, technology, engineering, and mathematics innovation education centers, university and corporate research facilities, and established STEM laboratories, businesses, and the Illinois Mathematics and Science Academy.

(c) At a minimum, the plan shall provide direction for program design and development, including the following:

(1) continuous generation and sharing of curricular, instructional, assessment, and program development materials and information about STEM teaching and learning throughout the network;

(2) identification of curricular, instructional, and assessment goals that reflect the research in cognition and the development of creativity in STEM fields and the systemic changes in STEM education, so as to be consistent with inquiry-based and problem-centered instruction in science, technology, engineering, and mathematics. Such goals shall also reflect current frameworks, standards, and guidelines, such as those defined by the National Research Council (National Academy of Science), the American Association for the Advancement of Science, the National Council of Teachers of Mathematics, the National Science Teachers Association, and professional associations in STEM fields;

(3) identification of essential teacher competencies and a comprehensive plan for recruiting, mentoring, and retaining STEM teachers, especially those in under-resourced schools and school districts; creation of a community of practice among STEM center educators and other teachers of science, technology, engineering, and mathematics as part of a network of promising practices in teaching; and the establishment of recruitment, mentoring, and retention plans for Golden Apple teachers in STEM fields and Illinois STEM teachers who have received national board certification and are also part of the STEM innovation network;

(4) a statement of desired competencies for STEM learning by students;

(5) a description of recommended courses of action to improve educational experiences, programs, practices, and service;

(6) the improvement of access and availability of STEM courses, especially for rural school districts and particularly to those groups which are traditionally underrepresented through the Illinois Virtual High School; the plan shall include goals for using telecommunications facilities as recommended by a telecommunications advisory commission;

(7) expectations and guidelines for designing and developing a dynamic, creative, and engaged teaching network;

(8) a description of the laboratory and incubator model for the STEM centers;

(9) support for innovation and entrepreneurship in curriculum, instruction, assessment, and professional development; and

(10) cost estimates.

(d) The plan shall provide a framework that enables the teachers, school districts, and institutions of higher education to operate as an integrated system. The plan shall provide innovative mechanisms and incentives to the following:

(1) educational providers, as well as professional associations, business and university partners, and educational receivers (students and teachers) at the prekindergarten through grade 12 and postsecondary levels to design and implement innovative curricula, including experiences, mentorships, institutes, and seminars and to develop new materials and activities for these;

(2) course providers and receivers for leveraging distance learning technologies through the Illinois Virtual High School and applying distance learning instructional design techniques, taking into consideration the work of a telecommunications advisory commission;

(3) prekindergarten through grade 12 teachers to encourage them to take graduate STEM courses and degree programs; such incentives may include a tuition matching program;

(4) appropriate State agencies, federal agencies, professional organizations, public television stations, and businesses and industries to involve them in the development of the strategic plan; and

(5) businesses, industries, and individuals for volunteering their time and community resources.

(e) The plan shall provide a mechanism for incorporating the cost for accomplishing these goals into the

ongoing operating budget beginning in 2010.

(f) There is created the Science and Technology Education Center Grant Program to provide development and operating moneys in the form of matching funds for existing or proposed nonprofit STEM education centers. At a minimum, each STEM center that receives a grant shall not only provide STEM education activities to students enrolled in the school district or charter school and materials and educational workshops to teachers employed by the school district or charter school, but also, as part of generative and innovative teaching and learning network, shall share information with all STEM centers, the Illinois Mathematics and Science Academy, and partner associations or businesses.

(g) School districts, charter schools, the Illinois Mathematics and Science Academy, and joint collaborative partnerships may establish science and technology education centers or may contract with regional offices of education, intermediate service centers, public community colleges, 4-year institutions of higher education, non-profit or for-profit education providers, youth service agencies, community-based organizations, or other appropriate entities to establish science and technology education centers within the public school system. Districts and charter schools may individually operate alternative learning opportunities programs or may collaborate with 2 or more districts or charter schools or do both to create and operate science and technology education centers.

(h) Beginning with the 2010-2011 school year, the State Board of Education shall, subject to available appropriations, annually award one or more science, technology, engineering, and mathematics education center grants for the development and operation of STEM centers.

A school district, a charter school, the Illinois Mathematics and Science Academy, or a joint collaborative partnership may apply for a STEM center grant pursuant to procedures and time lines specified by rule of the State Board of Education.

(i) The State Board of Education, in selecting one or more school districts, charter schools, or joint collaborative partnerships or the Illinois Mathematics and Science Academy for receipt of a grant, shall give priority to applicants that are geographically located farthest from other STEM centers or applicants that have less opportunity for science, technology, engineering, and mathematics resource support. The State Board shall also consider the following factors:

(1) the facility, equipment, and technology that are or will be provided and the activities and range of programs that are or will be offered by the STEM education center;

(2) the strength and capacity of the school district or charter school to work as a network cooperatively with the Illinois Mathematics and Science Academy, other STEM centers, universities and STEM laboratories, businesses, and industries; and

(3) recommendations of the Illinois P-20 Council and the Illinois Mathematics and Science Academy.

(j) A STEM center grant shall be payable from moneys appropriated to the STEM Education Center Grant Fund.

The State Board of Education shall specify the amount to be awarded to each school district, charter school, or joint collaborative partnership that is selected to receive a grant and to the Illinois Mathematics and Science Academy, if selected to receive a grant. The amount awarded to a new STEM center for start-up costs shall not exceed \$1,000,000 for the first fiscal year and may not be renewed. The amount awarded to an operating STEM center for operating costs shall not exceed \$500,000 for one fiscal year and shall be renewed annually for 5 consecutive years if the STEM center is meeting its accountability goals and its role as an active partner in a generative teaching and learning network.

(k) Each school district, charter school, or joint collaborative partnership that receives a grant pursuant to the grant program and the Illinois Mathematics and Science Academy, if selected to receive a grant, shall demonstrate, prior to receiving any actual moneys, that the center has received or has a written commitment for matching funds from other public or private sources in the amount of a dollar-for-dollar match with the amount of the grant. This requirement may be waived upon application to and approval by the State Board of Education based on a showing of continued need or financial hardship.

(l) The State Board of Education shall promulgate such rules as are required in this Section and such additional rules as may be required for implementation of the grant program.

(m) Each school district or charter school that receives a grant through the grant program shall, by the close of each school year for which the grant was awarded, submit to the Illinois Mathematics and Science Academy and the State Board of Education a report specifying the following information:

(1) the manner in which the grant money was used;

(2) the progress made toward achieving the goals and producing the deliverables specified in the grant recipient's application;

(3) any additional entities and businesses with whom the grant recipient has contracted or partnered

with the goal of achieving greater integration of information technology education in prekindergarten through grade 12 curriculum;

(4) the recipient school district's or charter school's plan for continuing the integration of information technology education into the curriculum, regardless of whether the grant is renewed;

(5) the documentation demonstrating effective digital collaboration and networking, technological cooperation and sharing, and personal networking via innovative, entrepreneurial networks;

(6) a description of innovative instructional methods;

(7) evidence of staff training and outreach to teachers beyond those working in the STEM education center; and

(8) any other information specified by rule of the State Board of Education.

(n) Notwithstanding the other provisions of this Section, a recipient school need not submit a report for any academic year in which no grants are made through the grant program.

(o) The STEM Education Center Grant Fund is created as a special fund in the State treasury. All money in the Fund shall be used, subject to appropriation, by the State Board of Education for the purpose of funding science, technology, engineering, and mathematics education center grants awarded under this Section.

(p) The State Board of Education may solicit and accept money in the form of gifts, contributions, and grants to be deposited in the STEM Education Center Grant Fund. The acceptance of federal grants for purposes of this Section does not commit State funds nor place an obligation upon the General Assembly to continue the purposes for which the federal funds are made available.

(105 ILCS 5/2-3.151 new)

Sec. 2-3.151. School Improvement Partnership Pool Fund.

(a) The School Improvement Partnership Pool Fund is created as a special fund in the State treasury. All interest earned on moneys in the Fund shall be deposited into the Fund. The School Improvement Partnership Pool Fund shall not be subject to sweeps, administrative charges, or charge-backs, such as, but not limited to, those authorized under Section 8h of the State Finance Act, nor any other fiscal or budgetary maneuver that would in any way transfer any funds from the School Improvement Partnership Pool Fund into any other fund of the State.

(b) Beginning in Fiscal Year 2011, moneys in the School Improvement Partnership Pool Fund shall be used, subject to appropriation, by the State Board of Education for a competitive grant program to provide school districts with demonstrated academic and financial need quality, integrated support systems, such as training for staff, tutoring programs for students, small school initiatives, literacy coaching, proven programs such as reduced class size, extended learning time, and after school and summer school programs, programs to engage parents, and other systems as determined by the State Board of Education.

(c) School districts eligible to apply to the State Board of Education for a grant under subsection (b) of this Section shall be limited to those (i) with any school that has not met adequate yearly progress under the federal No Child Left Behind Act of 2001 for at least 2 consecutive years or (ii) that have been designated through the State Board of Education's School District Financial Profile System as on financial warning or financial watch status. The State Board may, by rule, establish any additional procedures with respect to this grant program.

(105 ILCS 5/2-3.152 new)

Sec. 2-3.152. Resource management service.

(a) Subject to appropriation, the State Board of Education shall establish and maintain an Internet web-based resource management service for all school districts on or before July 1, 2013. If no State funds are provided to school districts specifically for implementation of this Section, school districts are relieved from implementing all requirements under this Section.

(b) The resource management service shall identify resource configurations that contribute to improving internal resources for instructional programs, provide action-oriented analysis and solutions, and give school districts the ability to explore different scenarios of resource allocation.

(c) Annually, by the first day of October, an Internet web-based preliminary resource allocation report must be generated for each school district and delivered via the Internet to each district superintendent for use by the management team and the exclusive bargaining agents of the school district's employees. This report shall identify potential cost savings or resource reallocation opportunities for the district in 5 core areas of school district spending. These core areas are instruction, operation and maintenance, transportation, food service, and central services. This analysis shall show district spending in detailed subcategories compared to demographically or operationally similar peer school districts. The web-based resource allocation reports generated under this Section constitute preliminary drafts, notes,

recommendations, memoranda, and other records in which opinions are expressed or policies or actions are formulated and therefore exempt from disclosure under subdivision (f) of subsection (1) of Section 7 of the Freedom of Information Act.

(d) Each school district shall have the ability through the on-line resource allocation report to test various resource allocation scenarios relative to pre-defined peers as well as geographic peers and the most efficient peers statewide. Each district shall have the ability to choose specific combinations of districts for comparison.

(e) The resource management service shall contain, based on the spending and demographic profile of the school district, action-oriented information, such as effective best practices in schools districts, diagnostic questions, and other management or community considerations that may be implemented to capture savings identified in the resource allocation report.

(f) The resource management service may be initiated and maintained through a contract between the State Board of Education and an independent third party specializing in school market research within this State and the United States. Any contract with a third party must be awarded through the State Board of Education's standard request for proposal procedure. Up to 25% of the annual appropriation may be allocated by the State Board of Education to hire personnel and facilitate data collection. No less than 25% of the annual appropriation shall be utilized by the State Board of Education to deliver training to school district personnel in the use of the management service. Such training shall be delivered by certificated school business officials or State Board of Education trained personnel and may be provided through administrator academies and mentoring programs. The State Board of Education may establish contracts with other organizations to provide such training and mentoring.

In the event that a district does not employ a certificated school business official, if State funds are provided specifically for this purpose, at least one employee must be trained and certified in the use of the resource management service. In addition, a representative of the exclusive bargaining agents of the school district's employees shall be invited to be trained and certified.

(g) The State Board of Education shall identify the data required to implement the resource management service and develop annual data reporting instruments designed to collect the information from each school district.

The State Board of Education may provide grants to school districts to permit those school districts to develop and implement a plan for a shared services agreement in the following areas: operation and maintenance and central services.

(h) Annually, the certificated school business official or resource management service trained employee in each school district shall review and certify that the resource allocation report has been received and reviewed by the management team and the exclusive bargaining agent of the district. Subsequently, a report must be filed with the State Board of Education identifying the considerations that will be studied as a result of such analysis. In addition, any implementation of strategies or reallocation of resources associated with the resource management service must be annually reported to the Board of Education, the exclusive bargaining agents of the school district's employees, and, subsequently, the State Board of Education. The State Board shall annually prepare a cumulative report to be posted electronically containing those initiatives studied and implemented on a statewide basis.

(105 ILCS 5/3-7) (from Ch. 122, par. 3-7)

Sec. 3-7. Failure to prepare and forward information. If the trustees of schools of any township in Class II county school units, or any school district which forms a part of a Class II county school unit but which is not subject to the jurisdiction of the trustees of schools of any township in which such district is located, or any school district in any Class I county school units fail to prepare and forward or cause to be prepared and forwarded to the regional superintendent of schools, reports required by this Act, the regional superintendent of schools shall furnish such information or he shall employ a person or persons to furnish such information, as far as practicable. Such person shall have access to the books, records and papers of the school district to enable him or them to prepare such reports, and the school district shall permit such person or persons to examine such books, records and papers at such time and such place as such person or persons may desire for the purpose aforesaid. For such services the regional superintendent of schools shall bill the district an amount to cover the cost of preparation of such reports if he employs a person to prepare such reports.

Each school district shall, as of June 30 of each year, cause an audit of its accounts to be made by a person lawfully qualified to practice public accounting as regulated by the Illinois Public Accounting Act. Such audit shall include (i) development of a risk assessment of district internal controls, (ii) an annual review and update of the risk assessment, and (iii) an annual management letter that analyzes significant

risk assessment findings, recommends changes for strengthening controls and reducing identified risks, and specifies timeframes for implementation of these recommendations, as well as financial statements of the district applicable to the type of records required by other sections of this Act and in addition shall set forth the scope of audit and shall include the professional opinion signed by the auditor, or if such an opinion is denied by the auditor, shall set forth the reasons for such denial. Each school district shall on or before October 15 of each year, submit an original and one copy of ~~the such~~ audit to the regional superintendent of schools in the educational service region having jurisdiction in which case the regional superintendent of schools shall be relieved of responsibility in regard to the accounts of the school district. If any school district fails to supply the regional superintendent of schools with a copy of such audit report on or before October 15, or within such time extended by the regional superintendent of schools from that date, not to exceed 60 days, then it shall be the responsibility of the regional superintendent of schools having jurisdiction to cause such audit to be made by employing an accountant licensed to practice in the State of Illinois to conduct such audit and shall bill the district for such services, or shall with the personnel of his office make such audit to his satisfaction and bill the district for such service. In the latter case, if the audit is made by personnel employed in the office of the regional superintendent of schools having jurisdiction, then the regional superintendent of schools shall not be relieved of the responsibility as to the accountability of the school district. The copy of the audit shall be forwarded by the regional superintendent to the State Board of Education on or before November 15 of each year and shall be filed by the State Board of Education. Beginning on July 1, 2010, all school districts shall utilize a competitive request for proposals process at least once every 5 years when contracting for such an annual audit, provided that school districts with existing contracts of less than 5 years in length that are in effect on July 1, 2010 shall utilize a competitive request for proposals process when contracting for an annual audit after the expiration date of the existing contract.

Each school district that is the administrative district for several school districts operating under a joint agreement as authorized by this Act shall, as of June 30 each year, cause an audit of the accounts of the joint agreement to be made by a person lawfully qualified to practice public accounting as regulated by the Illinois Public Accounting Act. Such audit shall include (i) development of a risk assessment of district internal controls, (ii) an annual review and update of the risk assessment, and (iii) an annual management letter that analyzes significant risk assessment findings, recommends changes for strengthening controls and reducing identified risks, and specifies timeframes for implementation of these recommendations, as well as financial statements of the operation of the joint agreement applicable to the type of records required by this Act and, in addition, shall set forth the scope of the audit and shall include the professional opinion signed by the auditor, or if such an opinion is denied, the auditor shall set forth the reason for such denial. Each administrative district of a joint agreement shall on or before October 15 each year, submit an original and one copy of such audit to the regional superintendent of schools in the educational service region having jurisdiction in which case the regional superintendent of schools shall be relieved of responsibility in regard to the accounts of the joint agreement. The copy of the audit shall be forwarded by the regional superintendent to the State Board of Education on or before November 15 of each year and shall be filed by the State Board of Education. The cost of such an audit shall be apportioned among and paid by the several districts who are parties to the joint agreement, in the same manner as other costs and expenses accruing to the districts jointly. Beginning on July 1, 2010, all school districts operating under a joint agreement shall utilize a competitive request for proposals process at least once every 5 years when contracting for such an annual audit, provided that all school districts operating under a joint agreement with existing contracts of less than 5 years in length that are in effect on July 1, 2010 shall utilize a competitive request for proposals process when contracting for an annual audit after the expiration date of the existing contract.

The State Board of Education shall determine the adequacy of the audits. All audits shall be kept on file in the office of the State Board of Education.

The report card shall be an index of school performance measured against statewide and local standards and will provide information to make prior year comparisons and to set future year targets through the school improvement plan.

(2) Reporting Requirements. Each school district shall prepare a report card in accordance with the guidelines set forth in this Section which describes the performance of its students by school attendance centers and by district and the district's financial resources and use of financial resources. Such report card shall be presented at a regular school board meeting subject to applicable notice requirements, posted on the school district's Internet web site, if the district maintains an Internet web site, made available to a newspaper of general circulation serving the district, and, upon request, sent home to a parent (unless the district does not maintain an Internet web site, in which case the report card shall be sent home to parents without request). If the district posts the report card on its Internet web site, the district shall send a written notice home to parents stating (i) that the report card is available on the web site, (ii) the address of the web site, (iii) that a printed copy of the report card will be sent to parents upon request, and (iv) the telephone number that parents may call to request a printed copy of the report card. The report card shall also specify the amount of money that the district receives from all sources, including without limitation subcategories specifying the amount from local property taxes, the amount from general State aid, the amount from other State funding, and the amount from other income.

(c) The report card shall include applicable indicators of parental involvement in each attendance center. The parental involvement component of the report card shall include the percentage of students whose parents or guardians have had one or more personal contacts with the students' teachers during the school year concerning the students' education, and such other information, commentary, and suggestions as the school district desires. For the purposes of this paragraph, "personal contact" includes, but is not limited to, parent-teacher conferences, parental visits to school, school visits to home, telephone conversations, and written correspondence. The parental involvement component shall not single out or identify individual

students, parents, or guardians by name.

(d) The report card form shall be prepared by the State Board of Education and provided to school districts by the most efficient, economic, and appropriate means.

(e) The report card shall include an indicator describing whether the school district has improved, declined, or remained stable in the aggregate percentage of students making at least one-year's academic growth each year, subject to a statewide longitudinal data system being established and data being available.

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334. For the 2007-2008 school year, the Foundation Level of support is \$5,734.

(3) For the 2008-2009 school year ~~and each school year thereafter~~, the Foundation Level of support is

~~\$5,959 or such greater amount as may be established by law by the General Assembly.~~

(4) It is the intention of the 96th General Assembly that the Foundation Level of support be increased to the Education Funding Advisory Board's recommendation for the 2006-2007 school year and be inflation adjusted to the 2013-2014 school year, which would create a Foundation Level of \$8,410, and that this Foundation Level of support be reached as soon as practicable using the additional revenue generated by the tax increases provided by this amendatory Act of the 96th General Assembly.

For the 2010-2011 school year, the Foundation Level of support is \$6,190. For each school year thereafter, the Foundation Level of support shall be no less than \$6,190.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the

Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an

institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the

homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation

utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income

eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and

less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve

educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subsection (B) ~~subdivision (B)(3)~~ of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Sec. 19-3. Boards of education. Any school district governed by a board of education and having a population of not more than 500,000 inhabitants, and not governed by a special Act may borrow money for the purpose of building, equipping, altering or repairing school buildings or purchasing or improving school sites, or acquiring and equipping playgrounds, recreation grounds, athletic fields, and other buildings or land used or useful for school purposes or for the purpose of purchasing a site, with or without a building or buildings thereon, or for the building of a house or houses on such site, or for the building of a house or houses on the school site of the school district, for residential purposes of the superintendent, principal, or teachers of the school district, and issue its negotiable coupon bonds therefor signed by the president and secretary of the board, in denominations of not less than \$100 nor more than \$5,000, payable at such place and at such time or times, not exceeding 20 years from date of issuance, as the board of education may prescribe, and bearing interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, payable annually, semiannually or quarterly, but, with the exception of those bonds described in Section 17-2.11c of this Code, no such bonds shall be issued unless the proposition to issue them is submitted to the voters of the district at a referendum held at a regularly scheduled election after the board has certified the proposition to the proper election authorities in accordance with the general election law, a majority of all the votes cast on the proposition is in favor of the proposition, and notice of such bond referendum has been given either (i) in accordance with the second paragraph of Section 12-1 of the Election Code irrespective of whether such notice included any reference to the public question as it appeared on the ballot, or (ii) for an election held on or after November 1, 1998, in accordance with Section 12-5 of the Election Code, or (iii) by publication of a true and legible copy of the specimen ballot label containing the proposition in the form in which it appeared or will appear on the official ballot label on the day of the election at least 5 days before the day of the election in at least one newspaper published in and having a general circulation in the district, irrespective of any other requirements of Article 12 or Section 24A-18 of the Election Code, nor shall any residential site be acquired unless such proposition to acquire a site is submitted to the voters of the district at a referendum held at a regularly scheduled election after the board has certified the

proposition to the proper election authorities in accordance with the general election law and a majority of all the votes cast on the proposition is in favor of the proposition. Nothing in this Act or in any other law shall be construed to require the notice of the bond referendum to be published over the name or title of the election authority or the listing of maturity dates of any bonds either in the notice of bond election or ballot used in the bond election. The provisions of this Section concerning notice of the bond referendum apply only to (i) consolidated primary elections held prior to January 1, 2002 and the consolidated election held on April 17, 2007 at which not less than 60% of the voters voting on the bond proposition voted in favor of the bond proposition, and (ii) other elections held before July 1, 1999; otherwise, notices required in connection with the submission of public questions shall be as set forth in Section 12-5 of the Election Code. Such proposition may be initiated by resolution of the school board.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

The proceeds of any bonds issued under authority of this Section shall be deposited and accounted for separately within the Site and Construction/Capital Improvements Fund.

(4) Describes the role of mentor teachers, the criteria and process for their selection, and how they will be trained, provided that each mentor teacher shall demonstrate the best practices in teaching his or her respective field of practice. A mentor teacher may not directly or indirectly participate in the evaluation of a new teacher pursuant to Article 24A of this Code or the evaluation procedure of the public school, unless the school district and exclusive bargaining representative of its teachers negotiate and agree to it as part of an alternative evaluation plan under Section 24A-5 or 24A-8 of this Code.

(5) Provides ongoing professional development for both beginning teachers and mentors.

(A) Beginning teachers shall participate in an ongoing, formal network of novice colleagues for the purpose of professional learning, problem-solving, and mutual support. Administrators and site mentor leaders must have sufficient knowledge and experience to understand the needs of beginning teachers and the role of principals in supporting each component of the program. Site administrators must take time to meet and communicate concerns with beginning teachers and their mentors.

Sec. 21A-25. Funding. From a separate appropriation made for the purposes of this Article, for each new teacher ~~participating in a new teacher induction and mentoring program~~ that meets the requirements set forth in Section 21A-20 of this Code ~~or in an existing program that is in the process of transition to a program that meets those requirements~~, the State Board of Education shall pay the public school ~~\$1,200~~ \$6,000 annually for each of 2 school years for the purpose of providing one or more of the following:

Each public school shall determine, in conjunction with its exclusive representative, if any, how the ~~\$1,200~~ \$6,000 per school year for each new teacher shall be used, provided that if a mentor teacher receives additional release time to support a new teacher, the total workload of other teachers regularly employed by the public school shall not increase in any substantial manner. If the appropriation is insufficient to cover the ~~\$1,200~~ \$6,000 per school year for each new teacher, public schools are not required to develop or implement the program established by this Article. In the event of an insufficient appropriation, a public school or 2 or more schools acting jointly may submit an application for a grant administered by the State Board of Education and awarded on a competitive basis to establish a new teacher induction and mentoring program that meets the criteria set forth in Section 21A-20 of this Code. The State Board of Education may retain up to \$1,000,000 of the appropriation for new teacher induction and mentoring programs to train mentor teachers, administrators, and other personnel, to provide best practices information, and to conduct an evaluation of these programs' impact and effectiveness.

(105 ILCS 5/29-5) (from Ch. 122, par. 29-5)

Sec. 29-5. Reimbursement by State for transportation. Any school district, maintaining a school, transporting resident pupils to another school district's vocational program, offered through a joint agreement approved by the State Board of Education, as provided in Section 10-22.22 or transporting its resident pupils to a school which meets the standards for recognition as established by the State Board of Education which provides transportation meeting the standards of safety, comfort, convenience, efficiency and operation prescribed by the State Board of Education for resident pupils in pre-kindergarten, kindergarten, or any of grades 1 through 12 who: (a) reside at least 1 1/2 miles as measured by the customary route of travel, from the school attended; or (b) reside in areas where conditions are such that walking constitutes a hazard to the safety of the child when determined under Section 29-3; and (c) are transported to the school attended from pick-up points at the beginning of the school day and back again at the close of the school day or transported to and from their assigned attendance centers during the school day, shall be reimbursed by the State as hereinafter provided in this Section.

The State will pay the cost of transporting eligible pupils less the assessed valuation in a dual school district maintaining secondary grades 9 to 12 inclusive times a qualifying rate of .05%; in elementary school districts maintaining any of grades pre-K ~~K~~ to 8 times a qualifying rate of .06%; and in unit districts maintaining any of grades pre-K ~~K~~ to 12, including optional elementary unit districts and combined high school - unit districts, times a qualifying rate of .07%; provided that for optional elementary unit districts and combined high school - unit districts, assessed valuation for high school purposes, as defined in Article 11E of this Code, must be used. To be eligible to receive reimbursement in excess of 4/5 of the cost to transport eligible pupils, a school district shall have a Transportation Fund tax rate of at least .12%. If a school district does not have a .12% Transportation Fund tax rate, the amount of its claim in excess of 4/5 of the cost of transporting pupils shall be reduced by the sum arrived at by subtracting the Transportation Fund tax rate from .12% and multiplying that amount by the districts equalized or assessed valuation, provided, that in no case shall said reduction result in reimbursement of less than 4/5 of the cost to transport eligible pupils.

The minimum amount to be received by a district is \$16 times the number of eligible pupils transported.

Any such district transporting resident pupils during the school day to an area vocational school or another school district's vocational program more than 1 1/2 miles from the school attended, as provided in Sections 10-22.20a and 10-22.22, shall be reimbursed by the State for 4/5 of the cost of transporting eligible pupils.

School day means that period of time which the pupil is required to be in attendance for instructional purposes.

If a pupil is at a location within the school district other than his residence for child care purposes at the time for transportation to school, that location may be considered for purposes of determining the 1 1/2 miles from the school attended.

Claims for reimbursement that include children who attend any school other than a public school shall show the number of such children transported.

Claims for reimbursement under this Section shall not be paid for the transportation of pupils for whom transportation costs are claimed for payment under other Sections of this Act.

The allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall be limited to the sum of the cost of physical examinations required for employment as a school bus driver; the salaries of full or part-time drivers and school bus maintenance personnel; employee benefits excluding Illinois municipal retirement payments, social security payments, unemployment insurance payments and workers' compensation insurance premiums; expenditures to independent carriers who operate school buses; payments to other school districts for pupil transportation services; pre-approved contractual expenditures for computerized bus scheduling; the cost of gasoline, oil, tires, and other supplies necessary for the operation of school buses; the cost of converting buses' gasoline engines to more fuel efficient engines or to engines which use alternative energy sources; the cost of travel to meetings and workshops conducted by the regional superintendent or the State Superintendent of Education pursuant to the standards established by the Secretary of State under Section 6-106 of the Illinois Vehicle Code to improve the driving skills of school bus drivers; the cost of maintenance of school buses including parts and materials used; expenditures for leasing transportation vehicles, except interest and service charges; the cost of insurance and licenses for transportation vehicles; expenditures for the rental of transportation equipment; plus a depreciation allowance of 20% for 5 years for school buses and vehicles approved for transporting pupils to and from school and a depreciation allowance of 10% for 10 years for other transportation equipment so used. Each school year, if a school district has made expenditures to the Regional Transportation Authority or any of its service boards, a mass transit district, or an urban transportation district under an intergovernmental agreement with the district to provide for the transportation of pupils and if the public transit carrier received direct payment for services or passes from a school district within its service area during the 2000-2001 school year, then the allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall also include the expenditures that the district has made to the public transit carrier. In addition to the above allowable costs school districts shall also claim all transportation supervisory salary costs, including Illinois municipal retirement payments, and all transportation related building and building maintenance costs without limitation.

Special education allowable costs shall also include expenditures for the salaries of attendants or aides for that portion of the time they assist special education pupils while in transit and expenditures for parents and public carriers for transporting special education pupils when pre-approved by the State Superintendent of Education.

Indirect costs shall be included in the reimbursement claim for districts which own and operate their own school buses. Such indirect costs shall include administrative costs, or any costs attributable to transporting pupils from their attendance centers to another school building for instructional purposes. No school district which owns and operates its own school buses may claim reimbursement for indirect costs which exceed 5% of the total allowable direct costs for pupil transportation.

The State Board of Education shall prescribe uniform regulations for determining the above standards and shall prescribe forms of cost accounting and standards of determining reasonable depreciation. Such depreciation shall include the cost of equipping school buses with the safety features required by law or by the rules, regulations and standards promulgated by the State Board of Education, and the Department of Transportation for the safety and construction of school buses provided, however, any equipment cost reimbursed by the Department of Transportation for equipping school buses with such safety equipment shall be deducted from the allowable cost in the computation of reimbursement under this Section in the same percentage as the cost of the equipment is depreciated.

On or before August 15, annually, the chief school administrator for the district shall certify to the State Superintendent of Education the district's claim for reimbursement for the school year ending on June 30 next preceding. The State Superintendent of Education shall check and approve the claims and prepare the vouchers showing the amounts due for district reimbursement claims. Each fiscal year, the State Superintendent of Education shall prepare and transmit the first 3 vouchers to the Comptroller on the 30th day of September, December and March, respectively, and the final voucher, no later than June 20.

If the amount appropriated for transportation reimbursement is insufficient to fund total claims for any

fiscal year, the State Board of Education shall reduce each school district's allowable costs and flat grant amount proportionately to make total adjusted claims equal the total amount appropriated.

For purposes of calculating claims for reimbursement under this Section for any school year beginning July 1, 1998, or thereafter, the equalized assessed valuation for a school district used to compute reimbursement shall be computed in the same manner as it is computed under paragraph (2) of subsection (G) of Section 18-8.05.

All reimbursements received from the State shall be deposited into the district's transportation fund or into the fund from which the allowable expenditures were made.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02b, or 14-13.01 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Any school district with a population of not more than 500,000 must deposit all funds received under this Article into the transportation fund and use those funds for the provision of transportation services.

AMENDMENT NO. 2. Amend House Resolution 68 by replacing everything after the heading with the following:

"WHEREAS, On December 24, 2008, the purchase of the Elgin, Joliet and Eastern (EJ&E) rail line by Canadian National (CN) was approved by the Surface Transportation Board (STB); the EJ&E is a stretch of train tracks from Waukegan to Gary, Indiana; and

WHEREAS, While many communities in the metro area of Chicago benefited by the shift in train traffic created by the merger, many other communities experienced a negative increase in train traffic; this

increase is expected to have an impact on the day-to-day lives of working families along sections of the EJ&E, such as traffic congestion and grade crossing safety concerns, emergency vehicle access, interruption of commuter rail service, hazardous materials transportation safety, noise pollution, decreased property values, and increased taxes to pay for mitigation expenses associated with infrastructure impact from the purchase of the EJ&E rail line; and

WHEREAS, The RTA has expressed concern about possible negative effects that the proposed EJ&E merger could have on construction of the proposed STAR Line, a mass-transit line which had hoped to use part of the EJ&E's right-of-way; and

WHEREAS, Railroad transport is one of the fastest growing means of fuel-efficient freight transport in the nation and is expected to continue to grow; and

WHEREAS, Significant growth is expected in rail freight traffic in the near and distant future creating environmental and safety concerns for those communities surrounding freight rail lines; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage and support action by the 111th Congress of the United States to enact legislation to review the Surface Transportation Board to ensure adequate federal support to compensate impacted local communities for infrastructure upgrades due to shifts in track usage; and be it further

RESOLVED, That we believe that the federal government should help fund infrastructure upgrades for communities impacted by mergers, such as the CN and EJ&E merger, that cause significant fluctuation in rail traffic for the health and safety of both the employees of the rail carrier and the local communities such as improvements to State, municipal, and county streets, grade crossings, and commuter rail; and be it further

RESOLVED, That we encourage Congress and President Barack Obama to support H.R. 693, the Reaching the Star Act, creating a Suburban Transit Access Route or STAR line inter-suburban commuter rail to ease road traffic congestion in 100 communities from Joliet to O'Hare International Airport, providing safe and reliable transportation options for the more than 1.6 million area residents living in high-congestion areas; and be it further

RESOLVED, That a suitable copy of this resolution be sent to President Barack Obama, the Speaker and Minority Leader of the United State House of Representatives, the President Pro Tempore and the Minority Leader of the United States Senate, and to each member of the Illinois congressional delegation."

(105 ILCS 5/27A-4)

Sec. 27A-4. General Provisions.

(a) The General Assembly does not intend to alter or amend the provisions of any court-ordered desegregation plan in effect for any school district. A charter school shall be subject to all federal and State laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status, or need for special education services.

(b) The total number of charter schools operating under this Article at any one time shall not exceed 120 ~~60~~. Not more than 70 ~~30~~ charter schools shall operate at any one time in any city having a population exceeding 500,000 and ; not more than 45 ~~15~~ charter schools shall operate at any one time in the ~~counties of DuPage, Kane, Lake, McHenry, Will, and that portion of Cook County that is located outside a city having a population exceeding 500,000, with not more than one charter school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located; and not more than 15 charter schools shall operate at any one time in the remainder of the State, with not more than one charter~~

school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located. In addition to these charter schools, up to but no more than 5 charter schools devoted exclusively to re-enrolled high school dropouts may operate at any one time in any city having a population exceeding 500,000. Notwithstanding any provision to the contrary in subsection (b) of Section 27A-5 of this Code, each such dropout charter may operate up to 15 campuses within the city. Any of these dropout charters may have a maximum of 1,875 enrollment seats, any one of the campuses of the dropout charter may have a maximum of 165 enrollment seats, and each campus of the dropout charter must be operated by the same legal entity as that for which the charter is approved and certified.

For purposes of implementing this Section, the State Board shall assign a number to each charter submission it receives under Section 27A-6 for its review and certification, based on the chronological order in which the submission is received by it. The State Board shall promptly notify local school boards when the maximum numbers of certified charter schools authorized to operate have been reached.

(c) No charter shall be granted under this Article that would convert any existing private, parochial, or non-public school to a charter school.

(d) Enrollment in a charter school shall be open to any pupil who resides within the geographic boundaries of the area served by the local school board, provided that the board of education in a city having a population exceeding 500,000 may designate attendance boundaries for no more than one-third of the charter schools permitted in the city if the board of education determines that attendance boundaries are needed to relieve overcrowding or to better serve low-income and at-risk students. Students residing within an attendance boundary may be given priority for enrollment, but must not be required to attend the charter school.

(e) Nothing in this Article shall prevent 2 or more local school boards from jointly issuing a charter to a single shared charter school, provided that all of the provisions of this Article are met as to those local school boards.

(f) No local school board shall require any employee of the school district to be employed in a charter school.

(g) No local school board shall require any pupil residing within the geographic boundary of its district to enroll in a charter school.

(h) If there are more eligible applicants for enrollment in a charter school than there are spaces available, successful applicants shall be selected by lottery. However, priority shall be given to siblings of pupils enrolled in the charter school and to pupils who were enrolled in the charter school the previous school year, unless expelled for cause, and priority may be given to pupils residing within the charter school's attendance boundary, if a boundary has been designated by the board of education in a city having a population exceeding 500,000. Dual enrollment at both a charter school and a public school or non-public school shall not be allowed. A pupil who is suspended or expelled from a charter school shall be deemed to be suspended or expelled from the public schools of the school district in which the pupil resides. Notwithstanding anything to the contrary in this subsection (h), any charter school with a mission exclusive to educating high school dropouts may restrict admission to students who are high school dropouts.

(i) (Blank).

(j) Notwithstanding any other provision of law to the contrary, a school district in a city having a population exceeding 500,000 shall not have a duty to collectively bargain with an exclusive representative of its employees over decisions to grant or deny a charter school proposal under Section 27A-8 of this Code, decisions to renew or revoke a charter under Section 27A-9 of this Code, and the impact of these decisions, provided that nothing in this Section shall have the effect of negating, abrogating, replacing, reducing, diminishing, or limiting in any way employee rights, guarantees, or privileges granted in Sections 2, 3, 7, 8, 10, 14, and 15 of the Illinois Educational Labor Relations Act.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, in all new applications submitted to the State Board or a local school board to establish a charter school in a city having a population exceeding 500,000, operation

of the charter school shall be limited to one campus. The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory Act.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) A charter school shall comply with all applicable health and safety requirements applicable to public schools under the laws of the State of Illinois.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. Annually, by December 1, every charter school must submit to the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service.

(g) A charter school shall comply with all provisions of this Article and its charter. A charter school is exempt from all other State laws and regulations in the School Code governing public schools and local school board policies, except the following:

However, a charter school that is established on or after the effective date of this amendatory Act of the 93rd General Assembly and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on the effective date of this amendatory Act of the 93rd General Assembly and concludes at the end of the 2004-2005 school year. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

Sec. 27A-8. Evaluation of charter proposals.

(a) This Section does not apply to a charter school established by referendum under Section 27A-6.5. In evaluating any charter school proposal submitted to it, the local school board shall give preference to proposals that:

- (1) demonstrate a high level of local pupil, parental, community, business, and school personnel support;

(2) set rigorous levels of expected pupil achievement and demonstrate feasible plans for attaining those levels of achievement; and

(3) are designed to enroll and serve a substantial proportion of at-risk children;

provided that nothing in the Charter Schools Law shall be construed as intended to limit the establishment of charter schools to those that serve a substantial portion of at-risk children or to in any manner restrict, limit, or discourage the establishment of charter schools that enroll and serve other pupil populations under a nonexclusive, nondiscriminatory admissions policy.

(b) In the case of a proposal to establish a charter school by converting an existing public school or attendance center to charter school status, evidence that the proposed formation of the charter school has received majority support from certified teachers and from parents and guardians in the school or attendance center affected by the proposed charter, and, if applicable, from a local school council, shall be demonstrated by a petition in support of the charter school signed by certified teachers and a petition in support of the charter school signed by parents and guardians and, if applicable, by a vote of the local school council held at a public meeting. In the case of all other proposals to establish a charter school, evidence of sufficient support to fill the number of pupil seats set forth in the proposal may be demonstrated by a petition in support of the charter school signed by parents and guardians of students eligible to attend the charter school. In all cases, the individuals, organizations, or entities who initiate the proposal to establish a charter school may elect, in lieu of including any petition referred to in this subsection as a part of the proposal submitted to the local school board, to demonstrate that the charter school has received the support referred to in this subsection by other evidence and information presented at the public meeting that the local school board is required to convene under this Section.

(c) Within 45 days of receipt of a charter school proposal, the local school board shall convene a public meeting to obtain information to assist the board in its decision to grant or deny the charter school proposal.

(d) Notice of the public meeting required by this Section shall be published in a community newspaper published in the school district in which the proposed charter is located and, if there is no such newspaper, then in a newspaper published in the county and having circulation in the school district. The notices shall be published not more than 10 days nor less than 5 days before the meeting and shall state that information regarding a charter school proposal will be heard at the meeting. Copies of the notice shall also be posted at appropriate locations in the school or attendance center proposed to be established as a charter school, the public schools in the school district, and the local school board office.

(e) Within 30 days of the public meeting, the local school board shall vote, in a public meeting, to either grant or deny the charter school proposal.

(f) Within 7 days of the public meeting required under subsection (e), the local school board shall file a report with the State Board granting or denying the proposal. Within 14 days of receipt of the local school board's report, the State Board shall determine whether the approved charter proposal is consistent with the provisions of this Article and, if the approved proposal complies, certify the proposal pursuant to Section 27A-6; provided that for any charter proposal submitted to the State Board within one year after the effective date of this amendatory Act of the 96th General Assembly, the State Board shall have 60 days from receipt to determine such consistency and certify the proposal.

Sec. 27A-9. Term of charter; renewal.

(a) A charter may be granted for a period not less than 5 and not more than 10 school years. A charter may be renewed in incremental periods not to exceed 5 school years.

(b) A charter school renewal proposal submitted to the local school board or State Board, as the chartering entity, shall contain:

(1) A report on the progress of the charter school in achieving the goals, objectives, pupil performance standards, content standards, and other terms of the initial approved charter proposal; and

(2) A financial statement that discloses the costs of administration, instruction, and other spending categories for the charter school that is understandable to the general public and that will allow comparison of those costs to other schools or other comparable organizations, in a format required by the State Board.

(c) A charter may be revoked or not renewed if the local school board or State Board, as the chartering entity, clearly demonstrates that the charter school did any of the following, or otherwise failed to comply with the requirements of this law:

(1) Committed a material violation of any of the conditions, standards, or procedures

set forth in the charter.

- (2) Failed to meet or make reasonable progress toward achievement of the content standards or pupil performance standards identified in the charter.
- (3) Failed to meet generally accepted standards of fiscal management.
- (4) Violated any provision of law from which the charter school was not exempted.

In the case of revocation, the local school board or State Board, as the chartering entity, shall notify the charter school in writing of the reason why the charter is subject to revocation. The charter school shall submit a written plan to the local school board or State Board, whichever is applicable, to rectify the problem. The plan shall include a timeline for implementation, which shall not exceed 2 years or the date of the charter's expiration, whichever is earlier. If the local school board or the State Board, as the chartering entity, finds that the charter school has failed to implement the plan of remediation and adhere to the timeline, then the chartering entity shall revoke the charter. Except in situations of an emergency where the health, safety, or education of the charter school's students is at risk, the revocation shall take place at the end of a school year. Nothing in this amendatory Act of the 96th General Assembly shall be construed to prohibit an implementation timetable that is less than 2 years in duration.

(d) (Blank).

(e) Notice of a local school board's decision to deny, revoke or not to renew a charter shall be provided to the State Board. The State Board may reverse a local board's decision if the State Board finds that the charter school or charter school proposal (i) is in compliance with this Article, and (ii) is in the best interests of the students it is designed to serve. The State Board may condition the granting of an appeal on the acceptance by the charter school of funding in an amount less than that requested in the proposal submitted to the local school board. Final decisions of the State Board shall be subject to judicial review under the Administrative Review Law.

(f) Notwithstanding other provisions of this Article, if the State Board on appeal reverses a local board's decision or if a charter school is approved by referendum, the State Board shall act as the authorized chartering entity for the charter school. The State Board shall approve and certify the charter and shall perform all functions under this Article otherwise performed by the local school board. The State Board shall report the aggregate number of charter school pupils resident in a school district to that district and shall notify the district of the amount of funding to be paid by the State Board to the charter school enrolling such students. The State Board shall require the charter school to maintain accurate records of daily attendance that shall be deemed sufficient to file claims under Section 18-8.05 notwithstanding any other requirements of that Section regarding hours of instruction and teacher certification. The State Board shall withhold from funds otherwise due the district the funds authorized by this Article to be paid to the charter school and shall pay such amounts to the charter school.

- (4) there is a failure or refusal to comply with the provisions of this Act, other applicable laws, collective bargaining agreements, court orders, or with Board rules which the Board is authorized to promulgate.

(b) If the general superintendent identifies a nonperforming school as described herein, he or she shall place the attendance center on remediation by developing a remediation plan for the center. The purpose of the remediation plan shall be to correct the deficiencies in the performance of the attendance center by one or more of the following methods:

- (1) drafting a new school improvement plan;
- (2) applying to the board for additional funding for training for the local school council;

- (3) directing implementation of a school improvement plan;
- (4) mediating disputes or other obstacles to reform or improvement at the attendance center.

If, however, the general superintendent determines that the problems are not able to be remediated by these methods, the general superintendent shall place the attendance center on probation. The board shall establish guidelines that determine the factors for placing an attendance center on probation.

(c) Each school placed on probation shall have a school improvement plan and school budget for correcting deficiencies identified by the board. The plan shall include specific steps that the local school council and school staff must take to correct identified deficiencies and specific objective criteria by which the school's subsequent progress will be determined. The school budget shall include specific expenditures directly calculated to correct educational and operational deficiencies identified at the school by the probation team.

(d) Schools placed on probation that, after a maximum of one year, fail to make adequate progress in correcting deficiencies are subject to the following actions ~~action~~ by the general superintendent with the approval of the board, after opportunity for a hearing:

- (5.5) Operating an attendance center as a contract turnaround school.
- (6) Closing of the school.

(e) Schools placed on probation shall remain on probation from year to year until deficiencies are corrected, even if such schools make acceptable annual progress. The board shall establish, in writing, criteria for determining whether or not a school shall remain on probation. If academic achievement tests are used as the factor for placing a school on probation, the general superintendent shall consider objective criteria, not just an increase in test scores, in deciding whether or not a school shall remain on probation. These criteria shall include attendance, test scores, student mobility rates, poverty rates, bilingual education eligibility, special education, and English language proficiency programs, with progress made in these areas being taken into consideration in deciding whether or not a school shall remain on probation.

(f) Where the board has reason to believe that violations of civil rights, or of civil or criminal law have occurred, or when the general superintendent deems that the school is in educational crisis it may take immediate corrective action, including the actions specified in this Section, without first placing the school on remediation or probation. Nothing described herein shall limit the authority of the board as provided by any law of this State. The board shall develop criteria governing the determination regarding when a school is in educational crisis.

(g) All persons serving as subdistrict superintendent on May 1, 1995 shall be deemed by operation of law to be serving under a performance contract which expires on June 30, 1995, and the employment of each such person as subdistrict superintendent shall terminate on June 30, 1995. The board shall have no obligation to compensate any such person as a subdistrict superintendent after June 30, 1995.

(h) The general superintendent shall, in consultation with local school councils, conduct an annual evaluation of each principal in the district pursuant to guidelines promulgated by the Board of Education. (Source: P.A. 91-219, eff. 1-1-00; 91-622, eff. 8-19-99; 92-16, eff. 6-28-01.)

Notwithstanding any other provision of this Article, neither the board of education nor any local school council or other school official shall recommend that children with disabilities be placed into regular education classrooms unless those children with disabilities are provided with supplementary services to assist them so that they benefit from the regular classroom instruction and are included on the teacher's regular education class register;

Except that children may be committed to or attend parental and social adjustment schools established and maintained either for boys or girls only. All records pertaining to the creation, alteration or revision of attendance areas shall be open to the public. Nothing herein shall limit the board's authority to establish multi-area attendance centers or other student assignment systems for desegregation purposes or otherwise, and to apportion the pupils to the several schools. The appropriate geographical area in which such open enrollment may be exercised shall be determined by the board of education. Such children may be admitted to any such attendance center on a space available basis after all children residing within such attendance center's area have been accommodated. If the number of applicants from outside the attendance area exceed the space available, then successful applicants shall be selected by lottery. The board of education's open enrollment plan must include provisions that allow low income students to have access to transportation needed to exercise school choice. Open enrollment shall be in compliance with the provisions of the Consent Decree and Desegregation Plan cited in Section 34-1.01;

The high school shall notify its students and their parents or guardians of the provisions of this subsection (b).

Section 10. The School Code is amended by changing Section 19-3 as follows:  
(105 ILCS 5/19-3) (from Ch. 122, par. 19-3)

Sec. 19-3. Boards of education. Any school district governed by a board of education and having a population of not more than 500,000 inhabitants, and not governed by a special Act may borrow money for the purpose of building, equipping, altering or repairing school buildings or purchasing or improving school sites, or acquiring and equipping playgrounds, recreation grounds, athletic fields, and other buildings or land used or useful for school purposes or for the purpose of purchasing a site, with or without a building or buildings thereon, or for the building of a house or houses on such site, or for the building of a house or houses on the school site of the school district, for residential purposes of the superintendent, principal, or teachers of the school district, and issue its negotiable coupon bonds therefor signed by the president and secretary of the board, in denominations of not less than \$100 nor more than \$5,000, payable at such place and at such time or times, not exceeding 20 years, with the exception of Lockport High School not exceeding 25 years, from date of issuance, as the board of education may prescribe, and bearing interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, payable annually, semiannually or quarterly, but no such bonds shall be issued unless the proposition to issue them is submitted to the voters of the district at a referendum held at a regularly scheduled election after the board has certified the proposition to the proper election authorities in accordance with the general election law, a majority of all the votes cast on the proposition is in favor of the proposition, and notice of such bond referendum has been given either (i) in accordance with the second paragraph of Section 12-1 of the Election Code irrespective of whether such notice included any reference to the public question as it appeared on the ballot, or (ii) for an election held on or after November 1, 1998, in accordance with Section 12-5 of the Election Code, or (iii) by publication of a true

The proceeds of any bonds issued under authority of this Section shall be deposited and accounted for separately within the Site and Construction/Capital Improvements Fund.

Nothing in this Act shall be construed as to require the listing of maturity dates of any bonds either in the notice of bond election or ballot used in the bond election.

Bonds issued in accordance with this Section for Elgin Community College District No. 509 may be payable at such time or times, not exceeding 25 years from date of issuance, as the board may prescribe, if the following conditions are met:

(i) The voters of the district approve a proposition for the bond issuance at an election held in 2009.

(ii) Prior to the issuance of the bonds, the board determines, by resolution, that the projects built, acquired, altered, renovated, repaired, purchased, improved, installed, or equipped with the proceeds of the bonds are required as a result of a projected increase in the enrollment of students in the district, to meet

(50 ILCS 515/25)

Sec. 25. Installment payment contract; lease purchase agreement; or other agreement.

(a) A unit of local government, or units of local government in combination, may enter into an installment payment contract, lease purchase agreement, or other agreement with a qualified provider or with a third party, as authorized by law, for the funding or financing of the purchase and installation of energy conservation measures by a qualified provider. Every unit of local government may issue certificates evidencing the indebtedness incurred pursuant to the contracts or agreements. Any such contract or agreement shall be valid whether or not an appropriation with respect thereto is first included in any annual or supplemental budget adopted by the unit of local government. Each contract or agreement entered into by a unit of local government pursuant to this Section shall be authorized by official action of the unit of local government's governing body. The authority granted under this Section is in addition to any other authority granted by law.

(b) If a potential bidder, including, but not limited to, a consultant, architect, engineer, or drafter of specifications, assists a unit of local government prior to the issuance of a request for proposal for the funding or financing of the purchase and installation of energy conservation measures, then:

(1) The unit of local government must use a standardized request for proposal form approved by the Department of Commerce and Economic Opportunity; or

(2) A substantial conflict of interest is presumed when a potential bidder (i) proposes the use of its own company's proprietary systems, (ii) provides restrictive equipment specifications in the request for proposal, (iii) mandates that specific improvements be included in the request for proposal in order to submit a proposal to the unit of local government, or (iv) performs fee for service consulting on the proposed project in order to prepare the unit of local government to issue the request for proposal. The presumption of a substantial conflict of interest under this subsection may be overcome if the body authorizing the contract or agreement states in writing on a form, as approved by the Department of Commerce and Economic Opportunity, that it has voted to waive any of the applicable conflicts listed in this subsection and states the reasons why the conflict does not prohibit the potential bidder's participation as a bidder. The form shall also include a statement that materials, references, and assistance in developing requests for proposal may be obtained through the Department of Commerce and Economic Opportunity. The form shall be signed and submitted for publication in the Capital Development Board Procurement Bulletin and the Illinois Procurement Bulletin with the request for proposal.

(c) If a potential bidder, including but not limited to a consultant, architect, engineer, or drafter of specifications, assists a unit of local government by performing a preliminary energy audit, whether for a fee or free of charge, prior to the issuance of a request for proposal for the funding or financing of the purchase and installation of energy conservation measures, then the preliminary energy audit shall be submitted to the Capital Development Board Procurement Bulletin and the Illinois Procurement Bulletin with the request for proposal.

(d) To implement the requirements of this Section, the Department of Commerce and Economic Opportunity shall promulgate rules and provide forms for both requests for proposals and conflict waivers, which shall be made available on the website of the Department of Commerce and Economic Opportunity.

"(105 ILCS 5/10-22.31) (from Ch. 122, par. 10-22.31)

Sec. 10-22.31. Special education.

(a) To enter into joint agreements with other school boards to provide the needed special educational facilities and to employ a director and other professional workers as defined in Section 14-1.10 and to establish facilities as defined in Section 14-1.08 for the types of children described in Sections 14-1.02 and 14-1.03a through 14-1.07. The director (who may be employed under a ~~multi-year~~ contract as provided in subsection (c) of this Section) and other professional workers may be employed by one district, which shall be reimbursed on a mutually agreed basis by other districts that are parties to the joint agreement. Such agreements may provide that one district may supply professional workers for a joint program conducted in another district. Such agreement shall provide that any full-time professional worker school psychologist who is employed by a joint agreement program and spends over 50% of his or her time in one school district shall not be required to work a different teaching schedule than the other professional worker school psychologists in that district. Such agreement shall include, but not be limited to, provisions for administration, staff, programs, financing, housing, transportation, an advisory body, and the method or methods to be employed for disposing of property upon the withdrawal of a school district or dissolution of the joint agreement and shall specify procedures for the withdrawal of districts from the joint agreement as long as these procedures are consistent with subsection (g) of this Section. ~~Except as otherwise provided in Section 10-22.31.1, the withdrawal of districts from the joint agreement shall be by petition to the regional board of school trustees.~~ Such agreement may be amended at any time as provided in the joint agreement or, if the joint agreement does not so provide, then such agreement may be amended at any time upon the adoption of concurring resolutions by the school boards of all member districts, provided that no later than 6 months after the effective date of this amendatory Act of the 96th General Assembly, all existing agreements shall be amended to be consistent with this amendatory Act of the 96th General Assembly. A fully executed copy of any such agreement or amendment entered into on or after January 1, 1989 shall be filed with the State Board of Education. Such petitions for withdrawal shall be made to the regional board of school trustees of all counties having jurisdiction over one or more of the districts in the joint agreement.

Upon receipt of a petition for withdrawal, the regional boards of school trustees having jurisdiction over the cooperating districts shall publish notice of and conduct a joint hearing on the issue as provided in Section 7-6. No such petition may be considered, however, unless in compliance with Section 7-8. If approved by a 2/3 vote of all trustees of those regional boards, at a joint meeting, the withdrawal takes effect as provided in Section 7-9 of this Act.

(b) To either (1) designate an administrative district to act as fiscal and legal agent for the districts that are parties to the joint agreement, or (2) designate a governing board composed of one member of the school board of each cooperating district and designated by such boards to act in accordance with the joint agreement. No such governing board may levy taxes and no such governing board may incur any indebtedness except within an annual budget for the joint agreement approved by the governing board and by the boards of at least a majority of the cooperating school districts or a number of districts greater than a majority if required by the joint agreement. The governing board may appoint an executive board of at least 7 members to administer the joint agreement in accordance with its terms. However, if 7 or more school districts are parties to a joint agreement that does not have an administrative district: (i) at least a majority of the members appointed by the governing board to the executive board shall be members of the school boards of the cooperating districts; or (ii) if the governing board wishes to appoint members who are not school board members, they shall be superintendents from the cooperating districts.

(c) To employ a full-time director of special education of the a joint agreement program under a one-year or multi-year contract. No such contract can be offered or accepted for less than one year, or more than 3 years, except for a person serving as a director of a special education joint agreement for the first time in Illinois. In such a case, the initial contract shall be for a 2-year period. Such contract may be discontinued at any time by mutual agreement of the contracting parties, or may be extended for an additional one-year or multi-year period 3 years at the end of any year.

The contract year is July 1 through the following June 30th, unless the contract specifically provides otherwise. Notice of intent not to renew a contract when given by a controlling board or administrative district must be in writing stating the specific reason therefor. Notice of intent not to renew the contract must be given by the controlling board or the administrative district at least 90 days before the contract expires. Failure to do so will automatically extend the contract for one additional year.

By accepting the terms of the ~~multi-year~~ contract, the director of a special education joint agreement waives all rights granted under Sections 24-11 through 24-16 for the duration of his or her employment as a director of a special education joint agreement.

(d) To designate a district that is a party to the joint agreement as the issuer of bonds or notes for the purposes and in the manner provided in this Section. It is not necessary for such district to also be the administrative district for the joint agreement, nor is it necessary for the same district to be designated as the issuer of all series of bonds or notes issued hereunder. Any district so designated may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the board of education of the issuing district. The resolution may contain such covenants as may be deemed necessary or advisable by the district to assure the payment of the bonds or notes. The resolution shall be effective immediately upon its adoption.

Prior to the issuance of such bonds or notes, each school district that is a party to the joint agreement shall agree, whether by amendment to the joint agreement or by resolution of the board of education, to be jointly and severally liable for the payment of the bonds and notes. The bonds or notes shall be payable solely and only from the payments made pursuant to such agreement.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district, including the issuing district, within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the agreement by a district to pay the bonds and notes shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(e) If a district whose employees are on strike was, prior to the strike, sending students with disabilities to special educational facilities and services in another district or cooperative, the district affected by the strike shall continue to send such students during the strike and shall be eligible to receive appropriate State

reimbursement.

(f) With respect to those joint agreements that have a governing board composed of one member of the school board of each cooperating district and designated by those boards to act in accordance with the joint agreement, the governing board shall have, in addition to its other powers under this Section, the authority to issue bonds or notes for the purposes and in the manner provided in this subsection. The governing board of the joint agreement may from time to time borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08 and including also facilities for activities of administration and educational support personnel employees. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the governing board. The resolution may contain such covenants as may be deemed necessary or advisable by the governing board to assure the payment of the bonds or notes and interest accruing thereon. The resolution shall be effective immediately upon its adoption.

Each school district that is a party to the joint agreement shall be automatically liable, by virtue of its membership in the joint agreement, for its proportionate share of the principal amount of the bonds and notes plus interest accruing thereon, as provided in the resolution. Subject to the joint and several liability hereinafter provided for, the resolution may provide for different payment schedules for different districts except that the aggregate amount of scheduled payments for each district shall be equal to its proportionate share of the debt service in the bonds or notes based upon the fraction that its equalized assessed valuation bears to the total equalized assessed valuation of all the district members of the joint agreement as adjusted in the manner hereinafter provided. In computing that fraction the most recent available equalized assessed valuation at the time of the issuance of the bonds and notes shall be used, and the equalized assessed valuation of any district maintaining grades K to 12 shall be doubled in both the numerator and denominator of the fraction used for all of the districts that are members of the joint agreement. In case of default in payment by any member, each school district that is a party to the joint agreement shall automatically be jointly and severally liable for the amount of any deficiency. The bonds or notes and interest thereon shall be payable solely and only from the funds made available pursuant to the procedures set forth in this subsection. No project authorized under this subsection may require an annual contribution for bond payments from any member district in excess of 0.15% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-8 or 9-12 and 0.30% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-12. This limitation on taxing authority is expressly applicable to taxing authority provided under Section 17-9 and other applicable Sections of this Act. Nothing contained in this subsection shall be construed as an exception to the property tax limitations contained in Section 17-2, 17-2.2a, 17-5, or any other applicable Section of this Act.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the obligation of a district to pay its proportionate share of the principal of and interest on the bonds and notes as required in this Section shall be a general obligation of the district payable from any and all sources of revenue designated for that purpose by the board of education of the district and shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(g) A member district wishing to withdraw from a joint agreement may obtain from its school board a written resolution approving the withdrawal. The withdrawing district must then present a written petition for withdrawal from the joint agreement to the other member districts within such timelines designated by the joint agreement. Upon approval by school board written resolution of all of the remaining member districts, the petitioning member district shall be withdrawn from the joint agreement effective the following July 1 and shall notify the State Board of Education of the approved withdrawal in writing.

(h) The changes to this Section made by this amendatory Act of the 96th General Assembly apply to withdrawals from or dissolutions of special education joint agreements initiated after the effective date of this amendatory Act of the 96th General Assembly.

AMENDMENT NO. 5. Amend Senate Bill 1909 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the STAR Bonds Financing Act.

Section 5. Purpose. It is hereby found and declared that the purpose of this Act is to promote, stimulate, and develop the general and economic welfare of the State of Illinois and its communities and to assist in the development and redevelopment of major tourism, entertainment, retail, and related destination projects within eligible areas of the State, thereby creating new jobs, stimulating significant capital investment, and promoting the general welfare of the citizens of this State, by authorizing municipalities and counties to issue sales tax and revenue (STAR) bonds for the financing of STAR bond projects as defined in Section 10, and to otherwise exercise the powers and authorities granted to municipalities. It is further found and declared to be the policy of the State, in the interest of promoting the health, safety, morals, and general welfare of all the people of the State, to provide incentives to create new job opportunities and to promote major tourism, entertainment, retail, and related destination projects within the State. It is further found and declared:

(a) that as a result of the costs of land assemblage, financing, infrastructure, and other project costs, the private sector, without the assistance contemplated in this Act, is unable to develop major tourism, entertainment, retail, and related destination projects in the State;

(b) that the type of projects for which this Act is intended must be of a certain size, scope, and acreage and have direct access to major highways, and must be developed in a cohesive and comprehensive manner;

(c) that the eligible tracts of land, significant portions of which are vacant and located in the 100-year flood plain, present unique development obstacles and are more likely to remain underutilized and undeveloped, or developed in a piecemeal manner resulting in inefficient and poorly planned developments that do not maximize job creation, job retention, tourism, and tax revenue generation within the State;

(d) that there are multiple eligible areas in the State that could benefit from this Act;

(e) that municipalities of the State that already have an enterprise zone in place have a sufficient tool to encourage development and to preserve and enhance their local tax bases and job opportunities and otherwise achieve the purposes set forth in this Act;

(f) that investment in major tourism, entertainment, retail, and related destination projects within the State would stimulate economic activity in the State, including the creation and maintenance of jobs, the creation of new and lasting infrastructure and other improvements, and the attraction and retention of interstate tourists and entertainment events that generate significant economic activity;

(g) that the continual encouragement, development, growth, and expansion of major tourism, entertainment, retail, and related destination projects within the State requires a cooperative and continuous partnership between government and the public sector;

(h) that the State has a responsibility to help create a favorable climate for new and improved job opportunities for its citizens and to increase the tax base of the State and its political subdivisions by encouraging development by the private sector of major tourism, entertainment, retail, and related destination projects within the State;

(i) that the stagnation of local tax bases and the loss of job opportunities within the State has persisted despite efforts of State and local authorities and private organizations to create major tourism, entertainment, retail, and related destination projects within the State;

(j) that the stagnation of local tax bases and the persistent loss of job opportunities in the State may continue and worsen if the State and its political subdivisions are not able to provide additional incentives to developers of major tourism, entertainment, retail, and related destination projects;

(k) that the provision of additional incentives by the State and its political subdivisions will relieve conditions of unemployment, maintain existing levels of employment, create new job opportunities, retain jobs within the State, increase tourism and commerce within the State, and increase the tax base of the State and its political subdivisions;

(l) that the powers conferred by this Act promote and protect the health, safety, morals, and welfare of the State, and are for a public purpose and public use for which public money and resources may be expended; and

(m) that the necessity in the public interest for the provisions of this Act is hereby declared as a matter of legislative determination.

The governing body of a municipality may establish a STAR bond district within an eligible area within the municipality or partially outside the boundaries of the municipality in an unincorporated area of the county. A STAR bond district which is partially outside the boundaries of the municipality must also be approved by the governing body of the county by the passage of a resolution. The governing body of a county may establish a STAR bond district in an eligible area in any unincorporated area of the county.

(a) When a political subdivision proposes to establish a STAR bond district, the political subdivision shall adopt a resolution stating that the political subdivision is considering the establishment of a STAR bond district. The resolution shall:

(b) Upon the conclusion of the public hearing the governing body of the political subdivision may consider a resolution to establish the STAR bond district.

(3) Upon adoption of a resolution establishing a STAR bond district, the political

subdivision shall send a certified copy of such resolution to the Department of Revenue.

(c) Upon the establishment of a STAR bond district, the STAR bond district and any STAR bond projects shall be governed by a master development agreement between the political subdivision and the master developer. However, the Director may approve additional STAR bond districts in a single projected market area provided that the Director finds that the additional STAR bond district will not thwart the purposes of this Act. The Director shall promptly send a copy of its written findings and approval or denial of a STAR bond district to the requesting political subdivision.

Section 20. Approval of STAR bond projects. The governing body of a political subdivision may establish one or more STAR bond projects in any STAR bond district. The failure to include all information enumerated in this subsection in the feasibility study for a STAR bond project shall not affect the validity of STAR bonds issued pursuant to this Act.

(c) If the political subdivision determines the STAR bond project is feasible, the STAR bond project plan shall include:

- (1) a summary of the feasibility study;
- (2) a reference to the STAR bond district plan that identifies the STAR bond project area that is set forth in the STAR bond project plan that is being considered;

At the public meeting, all interested persons shall be given an opportunity to be heard. At the conclusion of the public meeting, the Department of Commerce and Economic Opportunity shall provide a report to the Director concerning the testimony of the public meeting.

(e) Before a political subdivision may hold a public hearing to consider a STAR bond project plan, the Director must review the feasibility study and consider all of the components of the feasibility study set forth in items (1) through (11) of subsection (b) of Section 20, including without limitation the economic impact study and the financial benefit of the proposed STAR bond project to the local, regional, and state economies, the proposed adverse impacts on similar businesses and projects as well as municipalities within the market area and the net effect of the proposed STAR bond project on the local, regional, and state economies and the Director shall either approve or deny the STAR bond project plan based on the aforementioned criteria.

(f) Upon a finding by the planning and zoning commission of the political subdivision that the STAR bond project plan is consistent with the intent of the comprehensive plan for the development of the political subdivision and upon issuance of the written approval of the STAR bond project plan from the Director pursuant to subsection (e) of Section 20, the governing body of the political subdivision shall adopt a resolution stating that the political subdivision is considering the adoption of the STAR bond project plan. A copy of the political subdivision's resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to each person or persons in whose name the general taxes for the last preceding year were paid on each parcel of land lying within the proposed STAR bond project area within 10 days following the date of the adoption of the resolution. The resolution shall be published once in a

newspaper of general circulation in the political subdivision not less than one week nor more than 3 weeks preceding the date fixed for the public hearing. A map or aerial photo clearly delineating the area of land proposed to be included within the STAR bond project area shall be published with the resolution.

(3) At the public hearing, a representative of the political subdivision or master developer shall present the STAR bond project plan. Following the presentation of the STAR bond project plan, all interested persons shall be given an opportunity to be heard. The governing body may continue the date and time of the public hearing.

(h) Upon conclusion of the public hearing, the governing body of the political subdivision may adopt the STAR bond project plan by a resolution approving the STAR bond project plan.

(i) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan, the political subdivision may enter into a project development agreement if the master developer has requested the political subdivision to be a party to the project development agreement pursuant to subsection (b) of Section 25.

(j) Within 30 days after the adoption by the political subdivision of a STAR bond project plan, the clerk of the political subdivision shall transmit a copy of the legal description of the land and a list of all new and existing mailing addresses within the STAR bond district, a copy of the resolution adopting the STAR bond project plan, and a map or plat indicating the boundaries of the STAR bond project area to the clerk, treasurer, and governing body of the county and to the Department of Revenue. Within 30 days of creation of any new mailing addresses within a STAR bond district, the clerk of the political subdivision shall provide written notice of such new addresses to the Department of Revenue.

If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department on or before the first day of April, the Department, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of July next following the adoption and filing. If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department after April 1 but on or before the first day of October, the Department, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of January next following the adoption and filing.

Any substantial changes to a STAR bond project plan as adopted shall be subject to a public hearing following publication of notice thereof in a newspaper of general circulation in the political subdivision and approval by resolution of the governing body of the political subdivision.

The Department of Revenue shall not collect or allocate any local sales tax increment or State sales tax increment, until the political subdivision also provides, in the manner prescribed by the Department, the boundaries of the STAR bond project area and each address in the STAR bond project area in such a way that the Department can determine by its address whether a business is located in the STAR bond project area. The political subdivision must provide this boundary and address information to the Department on or before April 1 for administration and enforcement under this Act by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement under this Act by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a STAR bond project or any address change, addition, or deletion until the political subdivision reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The political subdivision must provide this boundary change or address change, addition, or deletion information to the Department on or before April 1 for administration and enforcement by the Department of the change, addition, or deletion beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change, addition, or deletion beginning on the following January 1. If a retailer is incorrectly included or excluded from the list of those located in the STAR bond project, the Department of Revenue shall be held harmless if it reasonably relied on information provided by the political subdivision.

(k) Any STAR bond project must be approved by the political subdivision prior to that date which is 23 years from the date of the approval of the STAR bond district, provided however that any amendments to such STAR bond project may occur following such date.

(l) Any developer of a STAR bond project shall commence work on the STAR bond project within 3 years from the date of adoption of the STAR bond project plan. If the developer fails to commence work on the STAR bond project within the 3-year period, funding for the project shall cease and the developer of the project or complex shall have one year to appeal to the political subdivision for reapproval of the project

and funding. If the project is reapproved, the 3-year period for commencement shall begin again on the date of the reapproval.

(m) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan and approval of the Director pursuant to subsection (e) of Section 20, the political subdivision may authorize the issuance of the STAR bonds in one or more series to finance the STAR bond project in accordance with the provisions of this Act.

(n) The maximum maturity of STAR bonds issued to finance a STAR bond project shall not exceed 23 years from the first date of distribution of State sales tax revenues from such STAR bond project to the political subdivision, unless the political subdivision extends such maturity by resolution up to a maximum of 35 years from such first distribution date. Any such extension shall require the approval of the Director. In no event shall the maximum maturity date for any STAR bonds exceed that date which is 35 years from the first distribution date of the first STAR bonds issued in a STAR bond district.

Section 25. Co-Developers and sub-developers. Upon approval of a STAR bond project by the political subdivision, the master developer may, subject to the approval of the Director and the political subdivision, develop the STAR bond project on its own or it may develop the STAR bond project with another developer, which may include an assignment or transfer of development rights.

(a) A master developer may sell, lease, or otherwise convey its property interest in the STAR bond project area to a co-developer or sub-developer.

(b) A master developer may enter into one or more agreements with a co-developer or sub-developer in connection with a STAR bond project, and the master developer may request that the political subdivision become a party to the project development agreement, or the master developer may request that the political subdivision amend its master development agreement to provide for certain terms and conditions that may be related to the co-developer or sub-developer and the STAR bond project. For any project development agreement which the political subdivision would be a party or for any amendments to the master development agreement, the terms and conditions must be acceptable to both the master developer and the political subdivision.

Section 30. STAR bonds; source of payment. Any political subdivision shall have the power to issue STAR bonds in one or more series to finance the undertaking of any STAR bond project in accordance with the provisions of this Act and the Omnibus Bond Acts. STAR bonds may be issued as revenue bonds, alternate bonds, or general obligation bonds as defined in and subject to the procedures provided in the Local Government Debt Reform Act.

(a) STAR bonds may be made payable, both as to principal and interest, from the following revenues, which to the extent pledged by each respective political subdivision or other public entity for such purpose shall constitute pledged STAR revenues:

(b) The political subdivision may pledge the pledged STAR revenues to the repayment of STAR bonds prior to, simultaneously with, or subsequent to the issuance of the STAR bonds.

(c) Bonds issued as revenue bonds shall not be general obligations of the political subdivision, nor in any event shall they give rise to a charge against its general credit or taxing powers, or be payable out of any funds or properties other than those set forth in subsection (a) and the bonds shall so state on their face.

(d) For each STAR bond project financed with STAR bonds payable from the pledged STAR revenues, the political subdivision shall prepare and submit to the Department of Revenue by June 1 of each year a report describing the status of the STAR bond project, any expenditures of the proceeds of STAR bonds that have occurred for the preceding calendar year, and any expenditures of the proceeds of the bonds expected to occur in the future, including the amount of pledged STAR revenue, the amount of

revenue that has been spent, the projected amount of the revenue, and the anticipated use of the revenue.

(e) There is created in the State treasury a special fund to be known as the STAR Bonds Revenue Fund. As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the STAR Bonds Revenue Fund the State sales tax increment for the second preceding month, less the amount of the State sales tax increment deposited into the Local Government Tax Fund and the County and Mass Transit District Fund. As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the Local Government Tax Fund to the STAR Bonds Revenue Fund the State sales tax increment for the second preceding month, as provided in Section 6z-18 of the State Finance Act and from the County and Mass Transit District Fund to the STAR Bonds Revenue Fund the State sales tax increment for the second preceding month, as provided in Section 6z-20 of the State Finance Act.

On or before the 25th day of each calendar month, beginning in January 2010, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money out of the STAR Bonds Revenue Fund to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount of the State sales tax increment and the local sales tax increment (not including credit memoranda) collected during the second preceding calendar month by the Department from retailers and servicemen on transactions at places of business located within a STAR bond district in that municipality or county, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this subsection, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

Section 35. Alternate bonds and general obligation bonds. A political subdivision shall have the power to issue alternate revenue and other general obligation bonds to finance the undertaking, establishment, or redevelopment of any STAR bond project as provided and pursuant to the procedures set forth in the Local Government Debt Reform Act. A political subdivision shall have the power to issue general obligation bonds to finance the undertaking, establishment, or redevelopment of any STAR bond project on approval by the voters of the political subdivision of a proposition authorizing the issue of such bonds.

The full faith and credit of the State, any department, authority, public corporation or quasi-public corporation of the State, any State college or university, or any other public agency created by the State shall not be pledged for any payment under any obligation authorized by this Act.

Section 40. Amendments to STAR bond district. Any addition of real property to a STAR bond district or any substantial change to a STAR bond district plan shall be subject to the same procedure for public notice, hearing, and approval as is required for the establishment of the STAR bond district pursuant to this Act.

(a) The addition or removal of land to or from a STAR bond district shall require the consent of the master developer of the STAR bond district.

(b) Any land that is outside of, but is contiguous to an established STAR bond district and is subsequently owned, leased, or controlled by the master developer shall be added to a STAR bond district at the request of the master developer and by approval of the political subdivision, provided that the land becomes a part of a STAR bond project area.

(c) If a political subdivision has undertaken a STAR bond project within a STAR bond district, and the political subdivision desires to subsequently remove more than a de minimus amount of real property from the STAR bond district, then prior to any removal of property the political subdivision must provide a revised feasibility study showing that the pledged STAR revenues from the resulting STAR bond district within which the STAR bond project is located are estimated to be sufficient to pay the project costs. If the

revenue from the resulting STAR bond district is insufficient to pay the project costs, then the property may not be removed from the STAR bond district. Any removal of real property from a STAR bond district shall be approved by a resolution of the governing body of the political subdivision.

Section 45. Restrictions. No portion of a STAR bond project shall be financed with tax increment financing pursuant to the Tax Increment Allocation Redevelopment Act. During any period of time that STAR bonds are outstanding for a STAR bond district, a developer may not use any land located in the STAR bond district for any (i) retail store whose primary business is the sale of automobiles, including trucks and other automotive vehicles with 4 wheels designed for passenger transportation on public streets and thoroughfares or (ii) stadium or facility for playing National Association of Minor League Baseball or Professional Independent Baseball League games.

Section 50. Reporting taxes. Notwithstanding any other provisions of law to the contrary, the Department of Revenue shall provide a certified report of the State sales tax increment and local sales tax increment from all taxpayers within a STAR bond district to the bond trustee, escrow agent, or paying agent for such bonds upon the written request of the political subdivision on or before the 25th day of each month. Such report shall provide a detailed allocation of State sales tax increment and local sales tax increment from each local sales tax and State sales tax reported to the Department of Revenue.

(a) The bond trustee, escrow agent, or paying agent shall keep such sales and use tax reports and the information contained therein confidential, but may use such information for purposes of allocating and depositing the sales and use tax revenues in connection with the bonds used to finance project costs in such STAR bond district. Except as otherwise provided herein, the sales and use tax reports received by the bond trustee, escrow agent, or paying agent shall be subject to the provisions of Chapter 35 of the Illinois Compiled Statutes, including Section 3 of the Retailer's Occupation Tax Act and Section 9 of the Use Tax Act.

(b) The political subdivision shall determine when the amount of sales tax and other revenues that have been collected and distributed to the bond debt service or reserve fund is sufficient to satisfy all principal and interest costs to the maturity date or dates of any STAR bond issued by a political subdivision to finance a STAR bond project and shall give the Department of Revenue written notice of such determination. The notice shall include a date certain on which deposits into the STAR Bonds Revenue Fund for that STAR bond project shall terminate and shall be provided to the Department of Revenue at least 60 days prior to that date. Thereafter, all sales tax and other revenues shall be collected and distributed in accordance with applicable law.

Section 55. Severability. If any provision of this Act or the application thereof to any persons or circumstances is held invalid, such invalidity shall not affect other provisions or application of the Act that can be given effect without the invalid provisions or application and to this end the provisions of this Act are declared to be severable.

Section 60. Open meetings and freedom of information. All public hearings related to the administration, formation, implementation, development, or construction of a STAR bond district, STAR bond district plan, STAR bond project, or STAR bond project plan, including but not limited to the public hearings required by Sections 15, 20, and 40 of this Act, shall be held in compliance with the Open Meetings Act. The public hearing records, feasibility study, and other documents that do not otherwise meet a confidentiality exemption shall be subject to the Freedom of Information Act.

Section 65. Powers of political subdivisions. The provisions of this Act are intended to be supplemental and in addition to all other power or authority granted to political subdivisions, shall be construed liberally, and shall not be construed as a limitation of any power or authority otherwise granted. In addition to the powers a political subdivision may have under other provisions of law, a political subdivision shall have all of the following powers in connection with a STAR bond district:

(a) To make and enter into all contracts necessary or incidental to the implementation and furtherance of a STAR bond district plan.

(b) Within a STAR bond district, to acquire by purchase, donation, or lease, and to own, convey, lease, mortgage, or dispose of land and other real or personal property or rights or interests in property and to grant or acquire licenses, easements, and options with respect to property, all in the manner and at a price the political subdivision determines is reasonably necessary to achieve the objectives of the STAR bond project.

(c) To clear any area within a STAR bond district by demolition or removal of any existing buildings, structures, fixtures, utilities, or improvements and to clear and grade land.

(d) To install, repair, construct, reconstruct, extend or relocate public streets, public utilities, and other public site improvements located both within and outside the boundaries of a

STAR bond district that are essential to the preparation of a STAR bond district for use in accordance with a STAR bond district plan.

(e) To renovate, rehabilitate, reconstruct, relocate, repair, or remodel any existing buildings, improvements, and fixtures within a STAR bond district.

(f) To install or construct any public buildings, structures, works, streets, improvements, utilities, or fixtures within a STAR bond district.

(h) Subject to the limitations set forth in the definition of "project costs" in Section 10 of this Act, to fix, charge, and collect fees, rents, and charges for the use of any building, facility, or property or any portion of a building, facility, or property owned or leased by the political subdivision in furtherance of a STAR bond project under this Act within a STAR bond district.

(i) To accept grants, guarantees, donations of property or labor, or any other thing of value for use in connection with a STAR bond project.

(j) To pay or cause to be paid STAR bond project costs, including, specifically, to reimburse any developer or nongovernmental person for STAR bond project costs incurred by that person. A political subdivision is not required to obtain any right, title, or interest in any real or personal property in order to pay STAR bond project costs associated with the property. The political subdivision shall adopt accounting procedures necessary to determine that the STAR bond project costs are properly paid.

(k) To exercise any and all other powers necessary to effectuate the purposes of this Act.

Section 66. The State Finance Act is amended by changing Sections 6z-18 and 6z-20 and by adding Section 5.719 as follows:

A portion of the money paid into the Local Government Tax Fund from the 6.25% general use tax rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government shall be distributed to municipalities as provided in this paragraph. Each municipality shall receive the amount attributable to sales for which Illinois addresses for titling or registration purposes are given as being in such municipality. The remainder of the money paid into the Local Government Tax Fund from such sales shall be distributed to counties. Each county shall receive the amount attributable to sales for which Illinois addresses for titling or registration purposes are given as being located in the unincorporated area of such county.

A portion of the money paid into the Local Government Tax Fund from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasohol) on sales subject to taxation under the Retailers' Occupation Tax Act and the Service Occupation Tax Act, which occurred in municipalities, shall be distributed to each municipality, based upon the sales which occurred in that municipality. The remainder shall be distributed to each county, based upon the sales which occurred in the unincorporated area of such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Whenever the Department determines that a refund of money paid into the Local Government Tax Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the Local Government Tax Fund.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer to the STAR Bonds Revenue Fund the State sales tax increment, as defined in the STAR Bonds Financing Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the Local Government Tax Fund.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the Local Government Tax Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the Local Government Tax Fund.

(30 ILCS 105/6z-20) (from Ch. 127, par. 142z-20)

Sec. 6z-20. Of the money received from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasohol) on sales subject to taxation under the Retailers' Occupation Tax Act and Service Occupation Tax Act and paid into the County and Mass Transit District Fund, distribution to the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act, for deposit therein shall be made based upon the retail sales occurring in a county having more than 3,000,000 inhabitants. The remainder shall be distributed to each county having 3,000,000 or fewer inhabitants based upon the retail sales occurring in each such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Of the money received from the 6.25% general use tax rate on tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government and paid into the County and Mass Transit District Fund, the amount for which Illinois addresses for titling or registration purposes are given as being in each county having more than 3,000,000 inhabitants shall be distributed into the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act. The remainder of the money paid from such sales shall be distributed to each county based on sales for which Illinois addresses for titling or registration purposes are given as being located in the county. Any money paid into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund

prior to January 14, 1991, which has not been paid to the Authority prior to that date, shall be transferred to the Regional Transportation Authority tax fund.

Whenever the Department determines that a refund of money paid into the County and Mass Transit District Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the County and Mass Transit District Fund.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the State sales tax increment, as defined in the STAR Bonds Financing Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Regional Transportation Authority and to named counties, the counties to be those entitled to distribution, as hereinabove provided, of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to the Regional Transportation Authority and each county having 3,000,000 or fewer inhabitants shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the County and Mass Transit District Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Regional Transportation Authority or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the Regional Transportation Authority and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of a monthly disbursement to the Regional Transportation Authority or to a county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section and from the Regional Transportation Authority tax fund created by Section 4.03 of the Regional Transportation Authority Act shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the County and Mass Transit District Fund or Local Government Distributive Fund, as the case may be.

Section 67. The Counties Code is amended by changing Sections 5-1006, 5-1006.5, 5-1006.7, and 5-1007 as follows:

(55 ILCS 5/5-1006) (from Ch. 34, par. 5-1006)

Sec. 5-1006. Home Rule County Retailers' Occupation Tax Law. Any county that is a home rule unit may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from such sales made in the course of their business. If imposed, this tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and

enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless the county also imposes a tax at the same rate pursuant to Section 5-1007.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other

mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

This Section shall be known and may be cited as the Home Rule County Retailers' Occupation Tax Law. (Source: P.A. 90-689, eff. 7-31-98; 91-51, eff. 6-30-99.)

(55 ILCS 5/5-1006.5)

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the

additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

Votes shall be recorded as "Yes" or "No".

(2) The proposition for transportation purposes shall be in substantially the following form:

"To pay for improvements to roads and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for transportation purposes shall be in substantially the following form:

"To pay for road improvements and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No".

(3) The proposition for public facility purposes shall be in substantially the following form:

"To pay for public facility purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public facility purposes shall be in substantially the following form:

"To pay for public facility purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the

county board."

For purposes of this Section, "public facilities purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier

maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~Or~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county, ~~and~~ (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, ~~and~~ (iii) any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another

mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. For the purposes of this Section, "transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation. For the purposes of this Section, "public facilities purposes" includes, but is not limited to, the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

(j) The Department may promulgate rules to implement this amendatory Act of the 95th General Assembly only to the extent necessary to apply the existing rules for the Special County Retailers' Occupation Tax for Public Safety to this new purpose for public facilities.

(55 ILCS 5/5-1006.7)

Sec. 5-1006.7. School facility occupation taxes.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for school facility purposes if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question as provided in subsection (c). The tax under this Section may be imposed only in one-quarter percent increments and may not exceed 1%.

This additional tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The Department of Revenue has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection. The Department shall deposit all taxes and penalties collected under this subsection into a special fund created for that purpose.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii)

are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act permits the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability by separately stating that tax as an additional charge, which may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service.

This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department and deposited into a special fund created for that purpose. The Department has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties and definition of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that that reference to State in the definition of supplier maintaining a place of business in this State means the county), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the county), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The tax under this Section may not be imposed until, by ordinance or resolution of the county board, the question of imposing the tax has been submitted to the electors of the county at a regular election and approved by a majority of the electors voting on the question. Upon a resolution by the county board or a resolution by school district boards that represent at least 51% of the student enrollment within the county, the county board must certify the question to the proper election authority in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall (name of county) be authorized to impose a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") at a rate of (insert rate) to be used exclusively for school facility purposes?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the county may, thereafter, impose the tax.

For the purposes of this subsection (c), "enrollment" means the head count of the students residing in the

county on the last school day of September of each year, which must be reported on the Illinois State Board of Education Public School Fall Enrollment/Housing Report.

(d) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the School Facility Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the regional superintendents of schools in counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each regional superintendent of schools and disbursed to him or her in accordance with 3-14.31 of the School Code, is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this Section, on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; ~~and~~ (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county; ~~and~~ (v) less any amounts that are transferred to the STAR Bonds Revenue Fund. When certifying the amount of a monthly disbursement to a regional superintendent of schools under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the regional superintendents of the schools provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the School Facility Occupation Tax Fund.

(e) For the purposes of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This subsection does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(f) Nothing in this Section may be construed to authorize a county board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(g) If a county board imposes a tax under this Section, then the board may, by ordinance, discontinue or reduce the rate of the tax. If, however, a school board issues bonds that are backed by the proceeds of the tax under this Section, then the county board may not reduce the tax rate or discontinue the tax if that rate reduction or discontinuance would inhibit the school board's ability to pay the principal and interest on those bonds as they become due. If the county board reduces the tax rate or discontinues the tax, then a referendum must be held in accordance with subsection (c) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

The results of any election that authorizes a proposition to impose a tax under this Section or to change the rate of the tax along with an ordinance imposing the tax, or any ordinance that lowers the rate or discontinues the tax, must be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and

enforce the tax or change in the rate as of the first day of January next following the filing.

(h) For purposes of this Section, "school facility purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the capital facilities. "School-facility purposes" also includes fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes set forth under Section 17-2.11 of the School Code.

(i) This Section does not apply to Cook County.

(j) This Section may be cited as the County School Facility Occupation Tax Law.

(55 ILCS 5/5-1007) (from Ch. 34, par. 5-1007)

Sec. 5-1007. Home Rule County Service Occupation Tax Law. The corporate authorities of a home rule county may impose a tax upon all persons engaged, in such county, in the business of making sales of service at the same rate of tax imposed pursuant to Section 5-1006 of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing county), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this county tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing county), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless such county also imposes a tax at the same rate pursuant to Section 5-1006.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the

Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in each year to each county which received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

This Section shall be known and may be cited as the Home Rule County Service Occupation Tax Law. (Source: P.A. 90-689, eff. 7-31-98; 91-51, eff. 6-30-99.)

(65 ILCS 5/8-11-1) (from Ch. 24, par. 8-11-1)

Sec. 8-11-1. Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the municipality on the gross receipts from these sales made in the course of such business. If imposed, the tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical

appliances and insulin, urine testing materials, syringes and needles used by diabetics. The tax imposed by a home rule municipality under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-5 of this Act.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than \$500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected

The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. The monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality for expenditure on public infrastructure or for property tax relief or both as defined in Section 8-11-1.2 if approved by referendum as provided in Section 8-11-1.1, of the gross receipts from such sales made in the course of such business. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the

Department on behalf of such municipality, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

The Department of Revenue shall implement this amendatory Act of the 91st General Assembly so as to collect the tax on and after January 1, 2002.

As used in this Section, "municipal" and "municipality" means a city, village or incorporated town, including an incorporated town which has superseded a civil township.

Sec. 8-11-1.4. Non-Home Rule Municipal Service Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose a tax upon all persons engaged, in such municipality, in the business of making sales of service for expenditure on public infrastructure or for property tax relief or both as defined in Section 8-11-1.2 if approved by referendum as provided in Section 8-11-1.1, of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform

Penalty and Interest Act, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the General Revenue Fund, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

The Department of Revenue shall implement this amendatory Act of the 91st General Assembly so as to collect the tax on and after January 1, 2002.

The corporate authorities of a home rule municipality may impose a tax upon all persons engaged, in such municipality, in the business of making sales of service at the same rate of tax imposed pursuant to Section 8-11-1, of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The tax imposed by a home rule municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the

first paragraph of Section 15, 16, 17 (except that credit memoranda issued hereunder may not be used to discharge any State tax liability), 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule municipality pursuant to this Section unless such municipality also imposes a tax at the same rate pursuant to Section 8-11-1 of this Act.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than \$500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected by the municipality for each month under its home rule occupation and service occupation tax during the period July 1, 1989 through June 30, 1990. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. Monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. However, a municipality located in a county with a population in excess of 3,000,000 that elected to become a home rule unit at the general primary election in 1994 may adopt an ordinance or resolution imposing the tax under this Section and file a certified copy of the ordinance or resolution with the Department on or before July 1, 1994. The Department shall then proceed to administer and enforce this Section as of October 1, 1994. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

Any unobligated balance remaining in the Municipal Retailers' Occupation Tax Fund on December 31, 1989, which fund was abolished by Public Act 85-1135, and all receipts of municipal tax as a result of audits of liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund, for distribution as provided by this Section prior to the enactment of Public Act 85-1135. All receipts of municipal tax as a result of an assessment not arising from an audit, for liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution before July 1, 1990, as provided by this Section prior to the enactment of Public Act 85-1135, and on and after July 1, 1990, all such receipts shall be distributed as provided in Section 6z-18 of the State Finance Act.

As used in this Section, "municipal" and "municipality" means a city, village or incorporated town, including an incorporated town which has superseded a civil township.

This Section shall be known and may be cited as the Home Rule Municipal Service Occupation Tax Act. (Source: P.A. 90-689, eff. 7-31-98; 91-51, eff. 6-30-99.)

Sec. 11-74.3-6. Business district revenue and obligations.

(a) If the corporate authorities of a municipality have approved a business district development or redevelopment plan and have elected to impose a tax by ordinance pursuant to subsections (b), (c), or (d) of this Section, each year after the date of the approval of the ordinance and until all business district project costs and all municipal obligations financing the business district project costs, if any, have been paid in accordance with the business district development or redevelopment plan, but in no event longer than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the municipality imposing the tax and all amounts generated by the hotel operators' occupation tax shall be collected and the tax shall be enforced by the municipality in the same manner as all hotel operators' occupation taxes imposed in the municipality imposing the tax. The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (b), (c), and (d) into a special fund held by the corporate authorities of the municipality called the Business District Tax Allocation Fund for the purpose of paying business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has established a business district under this Division 74.3 may, by ordinance or resolution, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that

is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district until the municipality reports the boundary change to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a municipality under this subsection, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business District Service Occupation Tax shall also be imposed upon all persons engaged, in the business district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the business district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the business district, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and

persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the municipality), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other conditions of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can

determine by its address whether a business is located in the business district. The municipality must provide this boundary information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district until the municipality reports the boundary change to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(d) By ordinance, a municipality that has established a business district under this Division 74.3 may impose an occupation tax upon all persons engaged in the business district in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 1% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the business district, to be imposed only in 0.25% increments, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in the Hotel Operators' Occupation Tax Act, and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act.

The tax imposed by the municipality under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the municipality imposing the tax. The municipality shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the municipality and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are employed with respect to a tax adopted by the municipality under Section 8-3-14 of this Code.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, and with any other tax.

Nothing in this subsection shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

The proceeds of the tax imposed under this subsection shall be deposited into the Business District Tax Allocation Fund.

(e) Obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall be retired in the manner provided in the ordinance authorizing the issuance of those obligations by the receipts of taxes levied as authorized in subsections (12) and (13) of Section 11-74.3-3. The ordinance shall pledge all of the amounts in and to be deposited in the Business District Tax Allocation Fund to the payment of business district project costs and obligations. Obligations issued pursuant to subsection (14) of Section 11-74.3-3 may be sold at public or private sale at a price determined by the corporate authorities of the municipality and no referendum approval of the electors shall be required as a condition to the issuance of those obligations. The ordinance authorizing the obligations may require that the obligations contain a recital that they are issued pursuant to subsection (14) of Section 11-74.3-3 and this recital shall be conclusive evidence of their

validity and of the regularity of their issuance. The corporate authorities of the municipality may also issue its obligations to refund, in whole or in part, obligations previously issued by the municipality under the authority of this Code, whether at or prior to maturity. All obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall not be regarded as indebtedness of the municipality issuing the obligations for the purpose of any limitation imposed by law.

(f) When business district costs, including, without limitation, all municipal obligations financing business district project costs incurred under Section 11-74.3-3 have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the municipal general corporate fund. Upon payment of all business district project costs and retirement of obligations, but in no event more than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsections (12) and (13) of Section 11-74.3-3.

Section 75. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 13 as follows:

(70 ILCS 210/13) (from Ch. 85, par. 1233)

Sec. 13. (a) The Authority shall not have power to levy taxes for any purpose, except as provided in subsections (b), (c), (d), (e), and (f).

(b) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a Metropolitan Pier and Exposition Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail within the territory described in this subsection at the rate of 1.0% of the gross receipts (i) from the sale of food, alcoholic beverages, and soft drinks sold for consumption on the premises where sold and (ii) from the sale of food, alcoholic beverages, and soft drinks sold for consumption off the premises where sold by a retailer whose principal source of gross receipts is from the sale of food, alcoholic beverages, and soft drinks prepared for immediate consumption.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and shall employ the same modes of procedure applicable to this Retailers' Occupation Tax as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions of those Sections other than the State rate of taxes), 2c, 2h, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13 and, until January 1, 1994, 13.5 of the Retailers' Occupation Tax Act, and, on and after January 1, 1994, all applicable provisions of the Uniform Penalty and Interest Act that are not inconsistent with this Act, as fully as if provisions contained in those Sections of the Retailers' Occupation Tax Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, pursuant to bracket schedules as the Department may prescribe. The retailer filing the return shall, at the time of filing the return, pay to the Department the amount of tax imposed under this subsection, less a discount of 1.75%, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this

State.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside of the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts, not including credit memoranda, collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for the payment of refunds, and less 2% of such balance, which sum shall be deposited by the State Treasurer into the Tax Compliance and Administration Fund in the State Treasury from which it shall be appropriated to the Department to cover the costs of the Department in administering and enforcing the provisions of this subsection, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the certification, the Comptroller shall cause the orders to be drawn for the remaining amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certificate of registration issued by the Illinois Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under this subsection, and no additional registration shall be required under the ordinance imposing the tax or under this subsection.

A certified copy of any ordinance imposing or discontinuing any tax under this subsection or effecting a change in the rate of that tax shall be filed with the Department, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

The tax authorized to be levied under this subsection may be levied within all or any part of the following described portions of the metropolitan area:

(1) that portion of the City of Chicago located within the following area: Beginning at the point of intersection of the Cook County - DuPage County line and York Road, then North along York Road to its intersection with Touhy Avenue, then east along Touhy Avenue to its intersection with the Northwest Tollway, then southeast along the Northwest Tollway to its intersection with Lee Street, then south along Lee Street to Higgins Road, then south and east along Higgins Road to its intersection with Mannheim Road, then south along Mannheim Road to its intersection with Irving Park Road, then west along Irving Park Road to its intersection with the Cook County - DuPage County line, then north and west along the county line to the point of beginning; and

(2) that portion of the City of Chicago located within the following area: Beginning at the intersection of West 55th Street with Central Avenue, then east along West 55th Street to its intersection with South Cicero Avenue, then south along South Cicero Avenue to its intersection with West 63rd Street, then west along West 63rd Street to its intersection with South Central Avenue, then north along South Central Avenue to the point of beginning; and

(3) that portion of the City of Chicago located within the following area: Beginning at the point 150 feet west of the intersection of the west line of North Ashland Avenue and the north line of West Diversey Avenue, then north 150 feet, then east along a line 150 feet north of the north line of West Diversey Avenue extended to the shoreline of Lake Michigan, then following the shoreline of Lake Michigan (including Navy Pier and all other improvements fixed to land, docks, or piers) to the point where the shoreline of Lake Michigan and the Adlai E. Stevenson Expressway extended east to that shoreline intersect, then west along the Adlai E. Stevenson Expressway to a point 150 feet west of the west line of South Ashland Avenue, then north along a line 150 feet west of the west line of South and North Ashland Avenue to the point of beginning.

The tax authorized to be levied under this subsection may also be levied on food, alcoholic beverages, and soft drinks sold on boats and other watercraft departing from and returning to the shoreline of Lake Michigan (including Navy Pier and all other improvements fixed to land, docks, or piers) described in item (3).

(c) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory

Act of 1991, impose an occupation tax upon all persons engaged in the corporate limits of the City of Chicago in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate of 2.5% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the City of Chicago, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in that Act. Gross rental receipts shall not include charges that are added on account of the liability arising from any tax imposed by the State or any governmental agency on the occupation of renting, leasing, or letting rooms in a hotel.

The tax imposed by the Authority under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration that is issued by the Department to a lessor under the Hotel Operators' Occupation Tax Act shall permit that registrant to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are prescribed in the Hotel Operators' Occupation Tax Act (except where that Act is inconsistent with this subsection), as fully as if the provisions contained in the Hotel Operators' Occupation Tax Act were set out in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, the municipal tax imposed under Section 8-3-13 of the Illinois Municipal Code, and the tax imposed under Section 19 of the Illinois Sports Facilities Authority Act.

The person filing the return shall, at the time of filing the return, pay to the Department the amount of tax, less a discount of 2.1% or \$25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(d) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a tax upon all persons engaged in the business of renting automobiles in the metropolitan area at the rate of 6% of the gross receipts from that business, except that no tax shall be imposed on the business of renting automobiles for use as taxicabs or in livery service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Automobile Renting Occupation and Use Tax Act shall permit that person to engage in a business that is taxable under any

ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 3 (in respect to all provisions of those Sections other than the State rate of tax; and in respect to the provisions of the Retailers' Occupation Tax Act referred to in those Sections, except as to the disposition of taxes and penalties collected, except for the provision allowing retailers a deduction from the tax to cover certain costs, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Automobile Renting Occupation and Use Tax Act, pursuant to bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(e) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a tax upon the privilege of using in the metropolitan area an automobile that is rented from a rentor outside Illinois and is titled or registered with an agency of this State's government at a rate of 6% of the rental price of that automobile, except that no tax shall be imposed on the privilege of using automobiles rented for use as taxicabs or in livery service. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State or an exemption determination must be obtained from the Department of Revenue before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which or State officer with whom the tangible personal property must be titled or registered if the Department and that agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this subsection, to collect all taxes, penalties, and interest due under this subsection, to dispose of taxes, penalties, and interest so collected in the manner provided in this subsection, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same

conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 4 (except provisions pertaining to the State rate of tax; and in respect to the provisions of the Use Tax Act referred to in that Section, except provisions concerning collection or refunding of the tax by retailers, except the provisions of Section 19 pertaining to claims by retailers, except the last paragraph concerning refunds, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the State Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the State Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(f) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose an occupation tax on all persons, other than a governmental agency, engaged in the business of providing ground transportation for hire to passengers in the metropolitan area at a rate of (i) \$2 per taxi or livery vehicle departure with passengers for hire from commercial service airports in the metropolitan area, (ii) for each departure with passengers for hire from a commercial service airport in the metropolitan area in a bus or van operated by a person other than a person described in item (iii): \$9 per bus or van with a capacity of 1-12 passengers, \$18 per bus or van with a capacity of 13-24 passengers, and \$27 per bus or van with a capacity of over 24 passengers, and (iii) for each departure with passengers for hire from a commercial service airport in the metropolitan area in a bus or van operated by a person regulated by the Interstate Commerce Commission or Illinois Commerce Commission, operating scheduled service from the airport, and charging fares on a per passenger basis: \$1 per passenger for hire in each bus or van. The term "commercial service airports" means those airports receiving scheduled passenger service and enplaning more than 100,000 passengers per year.

In the ordinance imposing the tax, the Authority may provide for the administration and enforcement of the tax and the collection of the tax from persons subject to the tax as the Authority determines to be necessary or practicable for the effective administration of the tax. The Authority may enter into agreements as it deems appropriate with any governmental agency providing for that agency to act as the Authority's agent to collect the tax.

In the ordinance imposing the tax, the Authority may designate a method or methods for persons subject to the tax to reimburse themselves for the tax liability arising under the ordinance (i) by separately stating the full amount of the tax liability as an additional charge to passengers departing the airports, (ii) by separately stating one-half of the tax liability as an additional charge to both passengers departing from and to passengers arriving at the airports, or (iii) by some other method determined by the Authority.

All taxes, penalties, and interest collected under any ordinance adopted under this subsection, less any amounts determined to be necessary for the payment of refunds, shall be paid forthwith to the State Treasurer, ex officio, for deposit into a trust fund held outside the State Treasury and shall be administered by the State Treasurer as provided in subsection (g) of this Section.

(g) Amounts deposited from the proceeds of taxes imposed by the Authority under subsections (b), (c), (d), (e), and (f) of this Section and amounts deposited under Section 19 of the Illinois Sports Facilities Authority Act shall be held in a trust fund outside the State Treasury and shall be administered by the Treasurer as follows: first, an amount necessary for the payment of refunds shall be retained in the trust

fund; second, the balance of the proceeds deposited in the trust fund during fiscal year 1993 shall be retained in the trust fund during that year and thereafter shall be administered as a reserve to fund the deposits required in item "third"; third, beginning July 20, 1993, and continuing each month thereafter, provided that the amount requested in the certificate of the Chairman of the Authority filed under Section 8.25f of the State Finance Act has been appropriated for payment to the Authority, 1/8 of the annual amount requested in that certificate together with any cumulative deficiencies shall be transferred from the trust fund into the McCormick Place Expansion Project Fund in the State Treasury until 100% of the amount requested in that certificate plus any cumulative deficiencies in the amounts transferred into the McCormick Place Expansion Project Fund under this item "third", have been so transferred; fourth, the balance shall be maintained in the trust fund; fifth, on July 20, 1994, and on July 20 of each year thereafter the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay that amount to the Authority. "Surplus revenues" shall mean the difference between the amount in the trust fund on June 30 of the fiscal year previous to the current fiscal year (excluding amounts retained for refunds under item "first") minus the amount deposited in the trust fund during fiscal year 1993 under item "second". Moneys received by the Authority under item "fifth" may be used solely for the purposes of paying debt service on the bonds and notes issued by the Authority, including early redemption of those bonds or notes, and for the purposes of repair, replacement, and improvement of the grounds, buildings, and facilities of the Authority; provided that any moneys in excess of \$50,000,000 held by the Authority as of June 30 in any fiscal year and received by the Authority under item "fifth" shall be used solely for paying the debt service on or early redemption of the Authority's bonds or notes. When bonds and notes issued under Section 13.2, or bonds or notes issued to refund those bonds and notes, are no longer outstanding, the balance in the trust fund shall be paid to the Authority.

(h) The ordinances imposing the taxes authorized by this Section shall be repealed when bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are no longer outstanding.

Section 80. The Flood Prevention District Act is amended by changing Section 25 as follows:

(70 ILCS 750/25)

Sec. 25. Flood prevention retailers' and service occupation taxes.

(a) If the Board of Commissioners of a flood prevention district determines that an emergency situation exists regarding levee repair or flood prevention, and upon an ordinance confirming the determination adopted by the affirmative vote of a majority of the members of the county board of the county in which the district is situated, the county may impose a flood prevention retailers' occupation tax upon all persons engaged in the business of selling tangible personal property at retail within the territory of the district to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness issued under this Act. The tax rate shall be 0.25% of the gross receipts from all taxable sales made in the course of this business. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

Persons subject to any tax imposed under this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

If a tax is imposed under this subsection (a), a tax shall also be imposed under subsection (b) of this Section.

(b) If a tax has been imposed under subsection (a), a flood prevention service occupation tax shall also be imposed upon all persons engaged within the territory of the district in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness. The tax rate shall be 0.25% of the selling price of all tangible personal property transferred.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State means the district), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the district), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the district), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the district), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

(c) The taxes imposed in subsections (a) and (b) may not be imposed on personal property titled or registered with an agency of the State; food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption); prescription and non-prescription medicines, drugs, and medical appliances; modifications to a motor vehicle for the purpose of rendering it usable by a disabled person; or insulin, urine testing materials, and syringes and needles used by diabetics.

(d) Nothing in this Section shall be construed to authorize the district to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

(e) The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or a serviceman under the Service Occupation Tax Act permits the retailer or serviceman to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section.

(f) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the Flood Prevention Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the flood prevention district imposes a tax on real property as provided in the definition of "local sales taxes" under the STAR Bonds Financing Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county is equal to the amount (not including credit memoranda) collected from the county under this Section during the

second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department in administering and enforcing the provisions of this Section on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; ~~and~~ (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county ; and (v) less any amounts that are transferred to the STAR Bonds Revenue Fund. When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the counties provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the Flood Prevention Occupation Tax Fund.

(g) If a county imposes a tax under this Section, then the county board shall, by ordinance, discontinue the tax upon the payment of all indebtedness of the flood prevention district. The tax shall not be discontinued until all indebtedness of the District has been paid.

(h) Any ordinance imposing the tax under this Section, or any ordinance that discontinues the tax, must be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

(j) County Flood Prevention Occupation Tax Fund. All proceeds received by a county from a tax distribution under this Section must be maintained in a special fund known as the [name of county] flood prevention occupation tax fund. The county shall, at the direction of the flood prevention district, use moneys in the fund to pay the costs of providing emergency levee repair and flood prevention and to pay bonds, notes, and other evidences of indebtedness issued under this Act.

(k) This Section may be cited as the Flood Prevention Occupation Tax Law.

Section 85. The Metro-East Park and Recreation District Act is amended by changing Section 30 as follows:

(70 ILCS 1605/30)

Sec. 30. Taxes.

(a) The board shall impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the District on the gross receipts from the sales made in the course of business. This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are

prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the District), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the District), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), Sections 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

Nothing in this subsection shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond

district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the STAR Bonds Financing Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money pursuant to Section 35 of this Act to the District from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to the District shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, ~~and~~ (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, ~~and~~ (iii) any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the District provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(d) For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Section 90. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:  
(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall

have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) ~~(g)~~ of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) ~~(g)~~ of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) ~~(g)~~ of this Section.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing, or on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government. After July 1, 2004, if the voters have approved a referendum under this subsection to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed \$20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers'

Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) Until June 30, 2004, if a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

(d-7.1) Beginning July 1, 2004, any fee imposed by the Board of Trustees of any Metro East Mass Transit District under subsection (d-6) and all civil penalties that may be assessed as an incident of the fees shall be collected and enforced by the State Department of Revenue. No retailers' discount shall apply to any fee imposed under subsection (d-6).

(d-8) No item of titled property shall be subject to both the higher rate approved by referendum, as authorized under subsection (d-5), and any fee imposed under subsection (d-6) or (d-7).

(d-9) (Blank).

(d-10) (Blank).

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) (Blank).

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, except as provided in subsection (d-5) of this Section, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing, or, beginning January 1, 2004, on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(h) Except as provided in subsection (d-7.1), the State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the District. The taxes shall be held in a trust fund outside the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the local mass transit district imposes a tax on real property as provided in the definition of "local sales taxes" under the STAR Bonds Financing Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

Section 100. The Regional Transportation Authority Act is amended by changing Section 4.03 as

follows:

(70 ILCS 3615/4.03) (from Ch. 111 2/3, par. 704.03)

Sec. 4.03. Taxes.

(a) In order to carry out any of the powers or purposes of the Authority, the Board may by ordinance adopted with the concurrence of 12 of the then Directors, impose throughout the metropolitan region any or all of the taxes provided in this Section. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes. Nothing in this amendatory Act of the 95th General Assembly is intended to invalidate any taxes currently imposed by the Authority. The increased vote requirements to impose a tax shall only apply to actions taken after the effective date of this amendatory Act of the 95th General Assembly.

(b) The Board may impose a public transportation tax upon all persons engaged in the metropolitan region in the business of selling at retail motor fuel for operation of motor vehicles upon public highways. The tax shall be at a rate not to exceed 5% of the gross receipts from the sales of motor fuel in the course of the business. As used in this Act, the term "motor fuel" shall have the same meaning as in the Motor Fuel Tax Law. The Board may provide for details of the tax. The provisions of any tax shall conform, as closely as may be practicable, to the provisions of the Municipal Retailers Occupation Tax Act, including without limitation, conformity to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed, except that reference in the Act to any municipality shall refer to the Authority and the tax shall be imposed only with regard to receipts from sales of motor fuel in the metropolitan region, at rates as limited by this Section.

(c) In connection with the tax imposed under paragraph (b) of this Section the Board may impose a tax upon the privilege of using in the metropolitan region motor fuel for the operation of a motor vehicle upon public highways, the tax to be at a rate not in excess of the rate of tax imposed under paragraph (b) of this Section. The Authority may collect and enforce the tax itself or by contract with any unit of local government. The State Department of Revenue shall have no responsibility for the collection and enforcement unless the Department agrees with the Authority to undertake the collection and enforcement. As used in this paragraph, the term "parking facility" means a parking area or structure having parking spaces for more than 2 vehicles at which motor vehicles are permitted to park in return for an hourly, daily, or other periodic fee, whether publicly or privately owned, but does not include parking spaces on a public street, the use of which is regulated by parking meters.

(e) The Board may impose a Regional Transportation Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan region. In Cook County the tax rate shall be 1.25% of the gross receipts from sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics, and 1% of the gross receipts from other taxable sales made in the course of that business. In DuPage, Kane, Lake, McHenry, and Will Counties, the tax rate shall be 0.75% of the gross receipts from all taxable sales made in the course of that business. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties

collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

If a tax is imposed under this subsection (e), a tax shall also be imposed under subsections (f) and (g) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Regional Transportation Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) If a tax has been imposed under paragraph (e), a Regional Transportation Authority Service Occupation Tax shall also be imposed upon all persons engaged, in the metropolitan region in the business of making sales of service, who as an incident to making the sales of service, transfer tangible personal property within the metropolitan region, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. In Cook County, the tax rate shall be: (1) 1.25% of the serviceman's cost price of food prepared for immediate consumption and transferred incident to a sale of service subject to the service occupation tax by an entity licensed under the Hospital Licensing Act or the Nursing Home Care Act that is located in the metropolitan region; (2) 1.25% of the selling price of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics; and (3) 1% of the selling price from other taxable sales of tangible personal property transferred. In DuPage, Kane, Lake, McHenry and Will Counties the rate shall be 0.75% of the selling price of all tangible personal property transferred.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the Authority), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional

charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

(g) If a tax has been imposed under paragraph (e), a tax shall also be imposed upon the privilege of using in the metropolitan region, any item of tangible personal property that is purchased outside the metropolitan region at retail from a retailer, and that is titled or registered with an agency of this State's government. In Cook County the tax rate shall be 1% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. In DuPage, Kane, Lake, McHenry and Will counties the tax rate shall be 0.75% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan region. The tax shall be collected by the Department of Revenue for the Regional Transportation Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act, and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

(h) The Authority may impose a replacement vehicle tax of \$50 on any passenger car as defined in Section 1-157 of the Illinois Vehicle Code purchased within the metropolitan region by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the Authority in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each

calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Authority. The amount to be paid to the Authority shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the Authority provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for that amount in accordance with the directions contained in the certification.

(i) The Board may not impose any other taxes except as it may from time to time be authorized by law to impose.

(j) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (e), (f) or (g) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(k) The provisions of any tax imposed under paragraph (c) of this Section shall conform as closely as may be practicable to the provisions of the Use Tax Act, including without limitation conformity as to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed. The taxes shall be imposed only on use within the metropolitan region and at rates as provided in the paragraph.

(l) The Board in imposing any tax as provided in paragraphs (b) and (c) of this Section, shall, after seeking the advice of the State Department of Revenue, provide means for retailers, users or purchasers of motor fuel for purposes other than those with regard to which the taxes may be imposed as provided in those paragraphs to receive refunds of taxes improperly paid, which provisions may be at variance with the refund provisions as applicable under the Municipal Retailers Occupation Tax Act. The State Department of Revenue may provide for certificates of registration for users or purchasers of motor fuel for purposes other than those with regard to which taxes may be imposed as provided in paragraphs (b) and (c) of this Section to facilitate the reporting and nontaxability of the exempt sales or uses.

(m) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Regional Transportation Authority as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing, increasing, decreasing, or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department, whereupon the Department shall proceed to administer and enforce this Section as of the first day of the first month to occur not less than 60 days following such adoption and filing. Any ordinance or resolution of the Authority imposing a tax under this Section and in effect on August 1, 2007 shall remain in full force and effect and shall be administered by the Department of Revenue under the terms and conditions and rates of tax established by such ordinance or resolution until the Department begins administering and enforcing an increased tax under this Section as authorized by this amendatory Act of the 95th General Assembly. The tax rates authorized by this amendatory Act of the 95th General Assembly are effective only if imposed by ordinance of the Authority.

(n) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the Authority. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois and to the Authority (i) the amount of taxes collected in each County other than Cook County in the metropolitan region, (ii) the amount of taxes collected within the City of Chicago, and (iii) the amount collected in that portion of Cook County outside of Chicago, each amount less the amount necessary for the payment of refunds to taxpayers located in those areas described in items (i), (ii), and (iii). Within 10 days after receipt by the Comptroller of the certification of the amounts, the Comptroller shall cause an order to be drawn for the payment of two-thirds of the amounts certified in item (i) of this subsection to the Authority and one-third of the amounts certified

in item (i) of this subsection to the respective counties other than Cook County and the amount certified in items (ii) and (iii) of this subsection to the Authority.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in July 1991 and each year thereafter to the Regional Transportation Authority. The allocation shall be made in an amount equal to the average monthly distribution during the preceding calendar year (excluding the 2 months of lowest receipts) and the allocation shall include the amount of average monthly distribution from the Regional Transportation Authority Occupation and Use Tax Replacement Fund. The distribution made in July 1992 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department of Revenue shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(o) Failure to adopt a budget ordinance or otherwise to comply with Section 4.01 of this Act or to adopt a Five-year Capital Program or otherwise to comply with paragraph (b) of Section 2.01 of this Act shall not affect the validity of any tax imposed by the Authority otherwise in conformity with law.

(p) At no time shall a public transportation tax or motor vehicle parking tax authorized under paragraphs (b), (c) and (d) of this Section be in effect at the same time as any retailers' occupation, use or service occupation tax authorized under paragraphs (e), (f) and (g) of this Section is in effect.

Any taxes imposed under the authority provided in paragraphs (b), (c) and (d) shall remain in effect only until the time as any tax authorized by paragraphs (e), (f) or (g) of this Section are imposed and becomes effective. Once any tax authorized by paragraphs (e), (f) or (g) is imposed the Board may not reimpose taxes as authorized in paragraphs (b), (c) and (d) of the Section unless any tax authorized by paragraphs (e), (f) or (g) of this Section becomes ineffective by means other than an ordinance of the Board.

(q) Any existing rights, remedies and obligations (including enforcement by the Regional Transportation Authority) arising under any tax imposed under paragraphs (b), (c) or (d) of this Section shall not be affected by the imposition of a tax under paragraphs (e), (f) or (g) of this Section.

Sec. 4. (a) The board of commissioners of any county water commission may, by ordinance, impose throughout the territory of the commission any or all of the taxes provided in this Section for its corporate purposes. However, no county water commission may impose any such tax unless the commission certifies the proposition of imposing the tax to the proper election officials, who shall submit the proposition to the voters residing in the territory at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

-----

Shall the (insert corporate	
name of county water commission)	YES

-----

Taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2

through 2-65 (in respect to all provisions therein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicine, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act and under subsection (e) of Section 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

For the purpose of determining whether a tax authorized under this paragraph is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

If a tax is imposed under this subsection (b) a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a County Water Commission Service Occupation Tax shall also be imposed upon all persons engaged, in the territory of the commission, in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory. The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the territory of the commission), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 4 (except that the reference to the State shall be to the territory of the commission), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the commission), 9 (except as to the disposition of taxes and penalties collected and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the territory of the commission), the first paragraph of Section 15, 15.5, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse

themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, and any tax for which servicemen may be liable under subsection (f) of Sec. 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the territory. The tax shall be collected by the Department of Revenue for a county water commission. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers, and except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county water commission as of September 1 next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on

or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(g) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the commission. The taxes shall be held in a trust fund outside the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2010, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the STAR Bonds Financing Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the commission, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the commission, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.

### SENATE BILLS ON SECOND READING

SENATE BILL 1609. Having been read by title a second time on May 27, 2009, and held on the order of Second Reading, the same was again taken up.

Representative Franks offered the following amendment and moved its adoption.

AMENDMENT NO. 2. Amend Senate Bill 1609, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The General Obligation Bond Act is amended by changing Sections 9, 11, and 16 as follows:  
(30 ILCS 330/9) (from Ch. 127, par. 659)

Sec. 9. Conditions for Issuance and Sale of Bonds - Requirements for Bonds.

(a) Except as otherwise provided in this subsection, Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or

within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(30 ILCS 330/11) (from Ch. 127, par. 661)

Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any

previously issued Bonds; and further provided that refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services. Each of the advertisements for proposals shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

(30 ILCS 330/16) (from Ch. 127, par. 666)

Sec. 16. Refunding Bonds. The State of Illinois is authorized to issue, sell, and provide for the retirement of General Obligation Bonds of the State of Illinois in the amount of ~~\$4,839,025,000~~ ~~\$2,839,025,000~~, at any time and from time to time outstanding, for the purpose of refunding any State of Illinois general obligation Bonds then outstanding, including the payment of any redemption premium thereon, any reasonable expenses of such refunding, any interest accrued or to accrue to the earliest or any subsequent date of redemption or maturity of such outstanding Bonds and any interest to accrue to the first interest payment on the refunding Bonds; provided that all non-refunding Bonds in an issue that includes refunding Bonds shall mature no later than the final maturity date of Bonds being refunded; provided that no refunding Bonds shall be offered for sale unless the net present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that , except for refunding Bonds sold in fiscal year 2009, 2010, or 2011, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the Refunding Bonds. Proceeds not needed for deposit in an escrow account shall be deposited in the General Obligation Bond Retirement and Interest Fund. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding general obligation Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be subject to the terms and conditions of this Act.

Section 10. The Build Illinois Bond Act is amended by changing Sections 6, 8, and 15 as follows:

(30 ILCS 425/6) (from Ch. 127, par. 2806)

Sec. 6. Conditions for Issuance and Sale of Bonds - Requirements for Bonds - Master and Supplemental

Indentures - Credit and Liquidity Enhancement.

(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be payable only from the specific sources and secured in the manner provided in this Act. Bonds shall be in such form, in such denominations, mature on such dates within 25 years from their date of issuance, be subject to optional or mandatory redemption, bear interest payable at such times and at such rate or rates, fixed or variable, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in an order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed rates shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended, and interest payable at variable rates shall not exceed the maximum rate permitted in the Bond Sale Order. Said Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal only or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be ~~with Bonds issued maturing or~~ subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than \$100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to

provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than \$100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best & Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary dealers by a Federal Reserve Bank and having capital and surplus of not less than \$100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.

Sec. 8. Sale of Bonds. Bonds, except as otherwise provided in this Section, shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as are directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; and further provided that refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services. Each of the advertisements for proposals shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of the change; provided, however, that all other conditions of the sale shall continue as originally advertised. Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 9 of this Act. The Governor or the Director of the Governor's Office of Management and Budget is hereby authorized and directed to execute and deliver contracts of sale with underwriters and to execute and deliver such certificates, indentures, agreements and documents, including any supplements or amendments thereto, and to take such actions and do such things as shall be necessary or desirable to carry out the purposes of this Act. Any action authorized or permitted to be taken by the Director of the Governor's Office of Management and Budget pursuant to this Act is hereby authorized to be taken by any person specifically designated by the Governor to take such action in a certificate signed by the Governor and filed with the Secretary of State.

(30 ILCS 425/15) (from Ch. 127, par. 2815)

Sec. 15. Refunding Bonds. Refunding Bonds are hereby authorized for the purpose of refunding any outstanding Bonds, including the payment of any redemption premium thereon, any reasonable expenses of such refunding, and any interest accrued or to accrue to the earliest or any subsequent date of redemption or maturity of outstanding Bonds; provided that all non-refunding Bonds in an issue that includes refunding Bonds shall mature no later than the final maturity date of Bonds being refunded; provided that no refunding Bonds shall be offered for sale unless the net present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that, except for refunding Bonds sold in fiscal year 2009, 2010, or 2011, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

Refunding Bonds may be sold in such amounts and at such times, as directed by the Governor upon recommendation by the Director of the Governor's Office of Management and Budget. The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the refunding Bonds. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the refunded Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account and the refunded Bonds shall be deemed paid, discharged and no longer to be outstanding.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be issued pursuant to and subject to the terms and conditions of this Act and shall be secured by and payable from only the funds and sources which are provided under this Act.
