(30 ILCS 775/25)

Sec. 25. Medical research and development challenge program.

(a) The State shall provide the following financial incentives to draw private and federal funding for biomedical research, technology and programmatic development:

(1) Each qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital shall receive a percentage of the amount available for distribution from the National Institutes of Health Account, equal to that hospital's percentage of the total contracts and grants from the National Institutes of Health awarded to qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospitals and their affiliated medical schools during the preceding calendar year. These amounts shall be paid from the National Institutes of Health Account.

(2) Each qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital shall receive a payment from the State equal to 25% of all funded grants (other than grants funded by the State of Illinois or the National Institutes of Health) for biomedical research, technology, or programmatic development received by that qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital during the preceding calendar year. These amounts shall be paid from the Philanthropic Medical Research Account.

(3) Each qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital that (i) contributes 40% of the funding for a biomedical research or technology project or a programmatic development project and (ii) obtains contributions from the private sector equal to 40% of the funding for the project shall receive from the State an amount equal to 20% of the funding for the project upon submission of documentation demonstrating those facts to the Comptroller; however, the State shall not be required to make the payment unless the contribution of the qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital exceeds \$100,000. The documentation must be submitted within 180 days of the beginning of the fiscal year. These amounts shall be paid from the Market Medical Research Account.

(b) No hospital under the Medical Research and Development Challenge Program shall receive more than 20% of the total amount appropriated to the Medical Research and Development Fund.

The amounts received under the Medical Research and Development Challenge Program by the Southern Illinois University School of Medicine in Springfield and its affiliated primary teaching hospitals, considered as a single entity, shall not exceed an amount equal to one-sixth of the total amount available for distribution from the Medical Research and Development Fund, multiplied by a fraction, the numerator of which is the amount awarded the Southern Illinois University School of Medicine and its affiliated teaching hospitals in grants or contracts by the National Institutes of Health and the denominator of which is \$8,000,000.

(c) On or after the 180th day of the fiscal year the Comptroller may transfer unexpended funds in any account of the Medical Research and Development Fund to pay appropriate claims against another account.

(d) The amounts due each qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital under the Medical Research and Development Fund from the National Institutes of Health Account, the Philanthropic Medical Research Account, and the Market Medical Research Account shall be combined and one quarter of the amount payable to each qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital shall be paid on the fifteenth working day after July 1, October 1, January 1, and March 1 or on a schedule determined by the Department of Healthcare and Family Services by rule that results in a more expeditious payment of the amounts due.

(e) The Southern Illinois University School of Medicine in Springfield and its affiliated primary teaching hospitals, considered as a single entity, shall be deemed to be a qualified Chicago Medicare Metropolitan Statistical Area academic medical center hospital for the purposes of this Section.

Sec. 30. Post-Tertiary Clinical Services Program. The State shall provide incentives to develop and enhance post-tertiary clinical services. Qualified academic medical center hospitals as defined in Section 15 may receive funding under the Post-Tertiary Clinical Services Program for up to 3 qualified programs as defined in Section 15 in any given year; however, qualified academic medical center hospitals may receive continued funding for previously funded qualified programs rather than receive funding for a new program so long as the number of qualified programs receiving funding does not exceed 3. Each qualified academic medical center hospital as defined in Section 15 shall receive an equal percentage of the Post-Tertiary Clinical Services Fund to be used in the funding of qualified programs. In each State fiscal year, beginning in fiscal year 2008, the full amount appropriated for the Post-Tertiary Clinical Services Program for that fiscal year shall be distributed as described in this Section. One quarter of the amount payable to each qualified academic medical center hospital shall be paid on the fifteenth working day after July 1, October 1, January 1, and March 1 or on a schedule determined by the Department of Healthcare and Family Services by rule that results in a more expeditious payment of the amounts due.

Section 10. The Illinois Public Aid Code is amended by changing Sections 5A-4, 5A-8, 5A-12.2, and 5A-14 and by adding Section 5A-12.3 as follows:

(305 ILCS 5/5A-4) (from Ch. 23, par. 5A-4)

Sec. 5A-4. Payment of assessment; penalty.

(a) The annual assessment imposed by Section 5A-2 for State fiscal year 2004 shall be due and payable on June 18 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2005 shall be due and payable in quarterly installments, each equalling one-fourth of the assessment for the year, on July 19, October 19, January 18, and April 19 of the year. The assessment imposed by Section 5A-2 for State fiscal years 2006 through 2008 shall be due and payable in quarterly installments, each equaling one-fourth of the assessment for the year, on the fourteenth State business day of September, December, March, and May. Except as provided in subsection (a-5) of this Section, the ~~The~~ assessment imposed by Section 5A-2 for State fiscal year 2009 and each subsequent State fiscal year shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the fourteenth State business day of each month. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the Department notifies the hospital provider, in writing, that the payment methodologies to hospitals required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the Comptroller has issued the payments required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12, Section 5A-12.1, or Section 5A-12.2, whichever is applicable for that fiscal year, and the waiver granted under 42 CFR 433.68, all installments otherwise due under Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department and issuance by the Comptroller of the payments required under Section 5A-12.1 or Section 5A-12.2, whichever is applicable for that fiscal year.

(a-5) The Illinois Department may, for the purpose of maximizing federal revenue, accelerate the schedule upon which assessment installments are due and payable by hospitals with a payment ratio greater than or equal to one. Such acceleration of due dates for payment of the assessment may be made only in conjunction with a corresponding acceleration in access payments identified in Section 5A-12.2 to the same hospitals. For the purposes of this subsection (a-5), a hospital's payment ratio is defined as the quotient obtained by dividing the total payments for the State fiscal year, as authorized under Section 5A-12.2, by

the total assessment for the State fiscal year imposed under Section 5A-2.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

(d) Any assessment amount that is due and payable to the Illinois Department more frequently than once per calendar quarter shall be remitted to the Illinois Department by the hospital provider by means of electronic funds transfer. The Illinois Department may provide for remittance by other means if (i) the amount due is less than \$10,000 or (ii) electronic funds transfer is unavailable for this purpose.

(3) In addition to rates paid for inpatient hospital services, the Department shall pay to each freestanding Illinois rehabilitation or psychiatric hospital an amount equal to \$1,000 per Medicaid inpatient day multiplied by the increase in the hospital's Medicaid inpatient utilization ratio (determined using the positive percentage change from the rate year 2005 Medicaid inpatient utilization ratio to the rate year 2007 Medicaid inpatient utilization ratio, as calculated by the Department for the disproportionate share determination).

(j) Magnet hospital adjustment. In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital and each Illinois freestanding children's hospital that, as of February 1, 2008, was recognized as a Magnet hospital by the American Nurses Credentialing Center and that had a case mix index greater than the 75th percentile of case mix indices for all Illinois hospitals amounts as follows:

(1) For hospitals located in a county whose eligibility growth factor is greater than the mean, \$450 multiplied by the eligibility growth factor for the county in which the hospital is located for each Medicaid inpatient day of care provided by the hospital during State fiscal year 2005.

(2) For hospitals located in a county whose eligibility growth factor is less than or equal to the mean, \$225 multiplied by the eligibility growth factor for the county in which the hospital is located for each Medicaid inpatient day of care provided by the hospital during State fiscal year 2005.

For purposes of this subsection, "eligibility growth factor" means the percentage by which the number of Medicaid recipients in the county increased from State fiscal year 1998 to State fiscal year 2005.

(k) For purposes of this Section, a hospital that is enrolled to provide Medicaid services during State fiscal year 2005 shall have its utilization and associated reimbursements annualized prior to the payment calculations being performed under this Section.

(l) For purposes of this Section, the terms "Medicaid days", "ambulatory procedure listing services", and "ambulatory procedure listing payments" do not include any days, charges, or services for which Medicare or a managed care organization reimbursed on a capitated basis was liable for payment, except where

explicitly stated otherwise in this Section.

(m) For purposes of this Section, in determining the percentile ranking of an Illinois hospital's case mix index or capital costs, hospitals described in subsection (b) of Section 5A-3 shall be excluded from the ranking.

(n) Definitions. Unless the context requires otherwise or unless provided otherwise in this Section, the terms used in this Section for qualifying criteria and payment calculations shall have the same meanings as those terms have been given in the Illinois Department's administrative rules as in effect on March 1, 2008. Other terms shall be defined by the Illinois Department by rule.

As used in this Section, unless the context requires otherwise:

"Base inpatient payments" means, for a given hospital, the sum of base payments for inpatient services made on a per diem or per admission (DRG) basis, excluding those portions of per admission payments that are classified as capital payments. Disproportionate share hospital adjustment payments, Medicaid Percentage Adjustments, Medicaid High Volume Adjustments, and outlier payments, as defined by rule by the Department as of January 1, 2008, are not base payments.

"Capital costs" means, for a given hospital, the total capital costs determined using the most recent 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, divided by the total inpatient days from the same cost report to calculate a capital cost per day. The resulting capital cost per day is inflated to the midpoint of State fiscal year 2009 utilizing the national hospital market price proxies (DRI) hospital cost index. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, the Department may obtain the data necessary to compute the hospital's capital costs from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

"Case mix index" means, for a given hospital, the sum of the DRG relative weighting factors in effect on January 1, 2005, for all general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82, divided by the total number of general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82.

"Medicaid inpatient day" means, for a given hospital, the sum of days of inpatient hospital days provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Medicaid obstetrical day" means, for a given hospital, the sum of days of inpatient hospital days grouped by the Department to DRGs of 370 through 375 provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Outpatient ambulatory procedure listing payments" means, for a given hospital, the sum of payments for ambulatory procedure listing services, as described in 89 Ill. Adm. Code 148.140(b), provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding payments for individuals eligible for Medicare under Title XVIII of the Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for services occurring in State fiscal year 2005 that were adjudicated by the Department through March 23, 2007.

(o) The Department may adjust payments made under this Section 12.2 to comply with federal law or regulations regarding hospital-specific payment limitations on government-owned or government-operated hospitals.

(p) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. Any such rules shall be adopted by the Department as authorized by Section 5-50 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented as a result of this subsection (p) shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of this Section.

(q) For State fiscal years 2012 and 2013, the Department may make recommendations to the General

Assembly regarding the use of more recent data for purposes of calculating the assessment authorized under Section 5A-2 and the payments authorized under this Section 5A-12.2.

(1) In addition to the rates paid for outpatient hospital services, the Department shall pay all rural hospitals a supplemental outpatient payment in an amount equal to the hospital's outpatient ambulatory procedure listing payments for Group 3 as defined in 89 Ill. Adm. Code 148.140(b)(1)(C), for State fiscal year 2005. For a hospital qualified as a critical access hospital, as designated by the Illinois Department of Public Health in accordance with 42 CFR 485, Subpart F (2001), the payment amount under this paragraph (1) shall be multiplied by 3.5. In order to qualify for payments under this Section a hospital must:

(C) Be a rural Illinois hospital, as defined at 89 Ill. Adm. Code 148.25(g)(3).

(2) In addition to the rates paid for inpatient hospital services, the Department shall pay \$175 for each Medicaid obstetrical day of care by each Illinois general acute care hospital that was designated a level III perinatal center as of July 1, 2009 and provided more than 2,000 Medicaid obstetrical days of service.

(3) In addition to the rates paid for inpatient hospital services, the Department shall pay \$22 for each Medicaid inpatient day to each hospital designated as a Level I Trauma Center. For the purpose of this Section, a Level I Trauma Center is a hospital designated by the Department of Public Health using the criteria under 77 Ill. Adm. Code 515.2030 or 77 Ill. Adm. Code 515.2035 as of July 1, 2009. For the purposes of this payment, hospitals located in the same city that alternate their Level I Trauma Center designation as defined in 89 Ill. Adm. Code 148.295(a)(2) shall both be eligible to receive this payment.

(4) In addition to the rates paid for inpatient hospital services, the Department shall pay \$37 for each Medicaid inpatient day.

(5) In addition to the rates paid for inpatient hospital services, the Department shall pay an additional \$35 for each Medicaid inpatient day to each hospital qualifying for a payment in paragraph (4) of this subsection (a) that also qualifies for payments under 89 Ill. Adm. Code 148.120 or 89 Ill. Adm. Code 148.122 for the rate period beginning October 1, 2009.

(b) Exclusions from payments under this Section.

(1) A hospital that is operated by a State agency, a State university, or a county with a population of 3,000,000 or more is not eligible for any payment under this Section.

(2) A hospital as defined in 89 Ill. Adm. Code 149.50(c)(4) is not eligible for any payment under paragraph (4) or (5) of subsection (a) of this Section.

(3) A hospital as defined in 89 Ill. Adm. Code 149.50(c)(1) or 89 Ill. Adm. Code 149.50(c)(2) is not eligible for any payment under paragraph (5) of subsection (a) of this Section.

(4) A hospital that ceases operations prior to federal approval of, and adoption of administrative rules necessary to effect, payments under this Section is not eligible for any payment under this Section.

A message from the Senate by

Ms. Rock, Secretary:

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House of Representatives in the passage of a bill of the following title to-wit:

HOUSE BILL 1526

A bill for AN ACT concerning revenue.

Together with the attached amendment thereto (which amendment has been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:

Senate Amendment No. 3 to HOUSE BILL NO. 1526

Passed the Senate, as amended, October 30, 2009.

Jillayne Rock, Secretary of the Senate

AMENDMENT NO. 3. Amend House Bill 1526 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Income Tax Act is amended by changing Section 704A as follows:

(35 ILCS 5/704A)

Sec. 704A. Employer's return and payment of tax withheld.

(a) In general, every employer who deducts and withholds or is required to deduct and withhold tax under this Act on or after January 1, 2008 shall make those payments and returns as provided in this Section.

(b) Returns. Every employer shall, in the form and manner required by the Department, make returns with respect to taxes withheld or required to be withheld under this Article 7 for each quarter beginning on or after January 1, 2008, on or before the last day of the first month following the close of that quarter.

(c) Payments. With respect to amounts withheld or required to be withheld on or after January 1, 2008:

(1) Semi-weekly payments. For each calendar year, each employer who withheld or was required to withhold more than \$12,000 during the one-year period ending on June 30 of the immediately preceding calendar year, payment must be made:

(A) on or before each Friday of the calendar year, for taxes withheld or required to be withheld on the immediately preceding Saturday, Sunday, Monday, or Tuesday;

(B) on or before each Wednesday of the calendar year, for taxes withheld or required

to be withheld on the immediately preceding Wednesday, Thursday, or Friday.

(2) Semi-weekly payments. Any employer who withholds or is required to withhold more than \$12,000 in any quarter of a calendar year is required to make payments on the dates set forth under item (1) of this subsection (c) for each remaining quarter of that calendar year and for the subsequent calendar year.

(3) Monthly payments. Each employer, other than an employer described in items (1) or (2) of this subsection, shall pay to the Department, on or before the 15th day of each month the taxes withheld or required to be withheld during the immediately preceding month.

(4) Payments with returns. Each employer shall pay to the Department, on or before the due date for each return required to be filed under this Section, any tax withheld or required to be withheld during the period for which the return is due and not previously paid to the Department.

(d) Regulatory authority. The Department may, by rule:

(1) If the aggregate amounts required to be withheld under this Article 7 do not exceed \$1,000 for the calendar year, permit employers, in lieu of the requirements of subsections (b) and (c), to file annual returns due on or before January 31 of the following year for taxes withheld or required to be withheld during that calendar year and to pay the taxes required to be shown on each such return no later than the due date for such return.

(2) Provide that any payment required to be made under subsection (c)(1) or (c)(2) is deemed to be timely to the extent paid by electronic funds transfer on or before the due date for deposit of federal income taxes withheld from, or federal employment taxes due with respect to, the wages from which the Illinois taxes were withheld.

(3) Designate one or more depositories to which payment of taxes required to be withheld under this Article 7 must be paid by some or all employers.

(4) Increase the threshold dollar amounts at which employers are required to make semi-weekly payments under subsection (c)(1) or (c)(2).

(e) Annual return and payment. Every employer who deducts and withholds or is required to deduct and withhold tax from a person engaged in domestic service employment, as that term is defined in Section 3510 of the Internal Revenue Code, may comply with the requirements of this Section with respect to such employees by filing an annual return and paying the taxes required to be deducted and withheld on or before the 15th day of the fourth month following the close of the employer's taxable year. The Department may allow the employer's return to be submitted with the employer's individual income tax return or to be submitted with a return due from the employer under Section 1400.2 of the Unemployment Insurance Act.

(f) Magnetic media and electronic filing. Any W-2 Form that, under the Internal Revenue Code and regulations promulgated thereunder, is required to be submitted to the Internal Revenue Service on magnetic media or electronically must also be submitted to the Department on magnetic media or electronically for Illinois purposes, if required by the Department.

(g) For amounts deducted or withheld after December 31, 2009, a taxpayer who makes an election under Section 5-15(f) of the Economic Development for a Growing Economy Act for a taxable year shall be allowed a credit against payments due under this Section for amounts withheld during the first calendar year beginning after the end of that taxable year equal to the amount of the credit awarded to the taxpayer by the Department of Commerce and Economic Opportunity under the Economic Development for a Growing Economy Act for the taxable year. The credit may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the 5 succeeding calendar years. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one taxable year that are available to offset a liability, the earlier credit shall be applied first. This Section is exempt from the provisions of Section 250 of this Act.

Section 10. The Economic Development for a Growing Economy Tax Credit Act is amended by changing Section 5-15 as follows:

(35 ILCS 10/5-15)

Sec. 5-15. Tax Credit Awards. Subject to the conditions set forth in this Act, a Taxpayer is entitled to a Credit against taxes imposed pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act that may be imposed on the Taxpayer for a taxable year beginning on or after January 1, 1999, if the Taxpayer is awarded a Credit by the Department under this Act for that taxable year.

(a) The Department shall make Credit awards under this Act to foster job creation and retention in Illinois.

(b) A person that proposes a project to create new jobs in Illinois must enter into an Agreement with the Department for the Credit under this Act.

(c) The Credit shall be claimed for the taxable years specified in the Agreement.

(d) The Credit shall not exceed the Incremental Income Tax attributable to the project that is the subject of the Agreement.

(e) Nothing herein shall prohibit a Tax Credit Award to an Applicant that uses a PEO if all other award criteria are satisfied.

(f) In lieu of the Credit allowed under this Act against the taxes imposed pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act for any taxable year ending on or after December 31, 2009, the Taxpayer may elect to claim the Credit against its obligation to pay over withholding under Section 704A of the Illinois Income Tax Act.

(1) The election under this subsection (f) may be made only by a Taxpayer that (i) is primarily engaged in one of the following business activities: motor vehicle metal stamping, automobile manufacturing, automobile and light duty motor vehicle manufacturing, motor vehicle manufacturing, light truck and utility vehicle manufacturing, or motor vehicle body manufacturing and (ii) meets the following criteria:

(A) the Taxpayer (i) had an Illinois net loss or an Illinois net loss deduction under Section 207 of the Illinois Income Tax Act for the taxable year in which the Credit is awarded, (ii) employed a minimum of 1,000 full-time employees in this State during the taxable year in which the Credit is awarded, (iii) has an Agreement under this Act on the effective date of this amendatory Act of the 96th General Assembly, and (iv) is in compliance with all provisions of that Agreement; or

(B) the Taxpayer (i) had an Illinois net loss or an Illinois net loss deduction under Section 207 of the Illinois Income Tax Act for the taxable year in which the Credit is awarded, (ii) employed a minimum of 1,000 full-time employees in this State during the taxable year in which the Credit is awarded, and (iii) has applied for an Agreement within 180 days after the effective date of this amendatory Act of the 96th General Assembly.

(2) An election under this subsection shall allow the credit to be taken against payments otherwise due under Section 704A of the Illinois Income Tax Act during the first calendar year beginning after the end of the taxable year in which the credit is awarded under this Act.

(3) The election shall be made in the form and manner required by the Illinois Department of Revenue and, once made, shall be irrevocable.

(4) If a Taxpayer who meets the requirements of subparagraph (A) of paragraph (1) of this subsection (f) elects to claim the Credit against its withholdings as provided in this subsection (f), then, on and after the date of the election, the terms of the Agreement between the Taxpayer and the Department may not be further amended during the term of the Agreement.

CHANGE OF SPONSORSHIP

With the consent of the affected members, Representative Dugan was removed as principal sponsor, and Representative Lang became the new principal sponsor of HOUSE BILL 1306.

SENATE BILLS ON FIRST READING

Having been reproduced, the following bills were taken up, read by title a first time and placed in the Committee on Rules: SENATE BILLS 660 (Fritchey) and 2101 (Fritchey).

HOUSE RESOLUTION

The following resolution was offered and placed in the Committee on Rules.

HOUSE RESOLUTION 740

Offered by Representative Ford:

WHEREAS, At present the debate over federal health care reform legislation, while generating intense debate, nonetheless appears to include a substantial consensus on several key points: reduce the long-term growth of health care; protect families from bankruptcy because of health care costs; invest in prevention and wellness; improve patient safety and quality of care; assure affordable, quality health insurance coverage for all Americans, including those who change jobs or lose their jobs; and eliminate pre-existing

medical condition insurance restrictions; and

WHEREAS, A significant part of the debate over health care reform legislation revolves around whether to include a public option which would be an insurance plan operated by the federal government that would negotiate payment rates with doctors, hospitals, and other health care providers; and

WHEREAS, Supporters of a public option assert that it would benefit consumers because it would save money since it would not need to produce a profit, operate with lower overhead, use the government's bargaining power to negotiate payments to hospitals and doctors, and hold insurance companies accountable through choice and competition; and

WHEREAS, Currently the most discussed legislative proposal includes a public option operated by the federal government which would permit a state to opt out of participating in the public option by adopting a law to that effect; and

WHEREAS, It is important that the citizens of Illinois know that their elected officials serving in the House of Representatives: share their concerns about the availability and affordability of quality health care services and comprehensive health insurance; and wish to communicate their determination, if faced with federal health care reform laws that include a public option and a state opt out provision, to act to maintain the availability of a public option for Illinois residents, whether that be by refusing to opt out or by creating an public option for Illinois residents as part of any legislation that opts out of the national program; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that that we urge the United States Congress to adopt meaningful health care reform legislation that completely addresses the key points upon which there is broad consensus; and be it further

RESOLVED, That the members of the House of Representatives, if faced with federal law that provides for a public option with an option for states to opt out, will decline the opt out option or, if the opt out provision is exercised, create a public option for Illinois residents; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to President Obama, the Majority Leader and Minority Leader of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and to each member of the Illinois congressional delegation.

AGREED RESOLUTIONS

The following resolutions were offered and placed on the Calendar on the order of Agreed Resolutions.

Sec. 13.2. Transfers among line item appropriations.

(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

(a-1) No transfers may be made from one agency to another agency, nor may transfers be made from one institution of higher education to another institution of higher education.

(a-2) Except as otherwise provided in this Section, transfers may be made only among the objects of expenditure enumerated in this Section, except that no funds may be transferred from any appropriation for personal services, from any appropriation for State contributions to the State Employees' Retirement System, from any separate appropriation for employee retirement contributions paid by the employer, nor from any appropriation for State contribution for employee group insurance. During State fiscal year 2005, an agency may transfer amounts among its appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State Contributions to retirement systems; notwithstanding and in addition to the transfers authorized in subsection (c) of this Section, the fiscal year 2005 transfers authorized in this sentence may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund. During State fiscal year 2007, the Departments of Children and Family Services, Corrections, Human Services, and Juvenile Justice may transfer amounts among their respective appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State contributions to retirement systems. During State fiscal year 2010, the Department of Transportation may transfer amounts among their respective appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State contributions to retirement systems. During State fiscal year 2010 only, an agency may transfer amounts among its respective appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State contributions to retirement systems. Notwithstanding, and in addition to, the transfers authorized in subsection (c) of this Section, these transfers may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund.

(a-3) Further, if an agency receives a separate appropriation for employee retirement contributions paid by the employer, any transfer by that agency into an appropriation for personal services must be

accompanied by a corresponding transfer into the appropriation for employee retirement contributions paid by the employer, in an amount sufficient to meet the employer share of the employee contributions required to be remitted to the retirement system.

(b) In addition to the general transfer authority provided under subsection (c), the following agencies have the specific transfer authority granted in this subsection:

The Department of Healthcare and Family Services is authorized to make transfers representing savings attributable to not increasing grants due to the births of additional children from line items for payments of cash grants to line items for payments for employment and social services for the purposes outlined in subsection (f) of Section 4-2 of the Illinois Public Aid Code.

The Department of Children and Family Services is authorized to make transfers not exceeding 2% of the aggregate amount appropriated to it within the same treasury fund for the following line items among these same line items: Foster Home and Specialized Foster Care and Prevention, Institutions and Group Homes and Prevention, and Purchase of Adoption and Guardianship Services.

The Department on Aging is authorized to make transfers not exceeding 2% of the aggregate amount appropriated to it within the same treasury fund for the following Community Care Program line items among these same line items: Homemaker and Senior Companion Services, Alternative Senior Services, Case Coordination Units, and Adult Day Care Services.

The State Treasurer is authorized to make transfers among line item appropriations from the Capital Litigation Trust Fund, with respect to costs incurred in fiscal years 2002 and 2003 only, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made.

The State Board of Education is authorized to make transfers from line item appropriations within the same treasury fund for General State Aid and General State Aid - Hold Harmless, provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made, to the line item appropriation for Transitional Assistance when the balance remaining in such line item appropriation is insufficient for the purpose for which the appropriation was made.

The State Board of Education is authorized to make transfers between the following line item appropriations within the same treasury fund: Disabled Student Services/Materials (Section 14-13.01 of the School Code), Disabled Student Transportation Reimbursement (Section 14-13.01 of the School Code), Disabled Student Tuition - Private Tuition (Section 14-7.02 of the School Code), Extraordinary Special Education (Section 14-7.02b of the School Code), Reimbursement for Free Lunch/Breakfast Program, Summer School Payments (Section 18-4.3 of the School Code), and Transportation - Regular/Vocational Reimbursement (Section 29-5 of the School Code). Such transfers shall be made only when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made and provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made.

During State fiscal year 2010 only, the Department of Healthcare and Family Services is authorized to make transfers not exceeding 4% of the aggregate amount appropriated to it, within the same treasury fund, among the various line items appropriated for Medical Assistance.

Notwithstanding the above, any amounts appropriated for payment of workers' compensation claims to an agency to which the authority to evaluate, administer and pay such claims has been delegated by the Department of Central Management Services may be transferred to any other expenditure object where such amounts exceed the amount necessary for the payment of such claims.

(c-1) Special provisions for State fiscal year 2003. Notwithstanding any other provision of this Section to the contrary, for State fiscal year 2003 only, transfers among line item appropriations to an agency from the same treasury fund may be made provided that the sum of such transfers for an agency in State fiscal year 2003 shall not exceed 3% of the aggregate amount appropriated to that State agency for State fiscal year

2003 for the following objects: personal services, except that no transfer may be approved which reduces the aggregate appropriations for personal services within an agency; extra help; student and inmate compensation; State contributions to retirement systems; State contributions to social security; State contributions for employee group insurance; contractual services; travel; commodities; printing; equipment; electronic data processing; operation of automotive equipment; telecommunications services; travel and allowance for committed, paroled, and discharged prisoners; library books; federal matching grants for student loans; refunds; workers' compensation, occupational disease, and tort claims; and, in appropriations to institutions of higher education, awards and grants.

(c-2) Special provisions for State fiscal year 2005. Notwithstanding subsections (a), (a-2), and (c), for State fiscal year 2005 only, transfers may be made among any line item appropriations from the same or any other treasury fund for any objects or purposes, without limitation, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that the sum of those transfers by a State agency shall not exceed 4% of the aggregate amount appropriated to that State agency for fiscal year 2005.

(d) Transfers among appropriations made to agencies of the Legislative and Judicial departments and to the constitutionally elected officers in the Executive branch require the approval of the officer authorized in Section 10 of this Act to approve and certify vouchers. Transfers among appropriations made to the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, the Illinois Mathematics and Science Academy and the Board of Higher Education require the approval of the Board of Higher Education and the Governor. The Comptroller shall furnish the Governor with information copies of all transfers approved for agencies of the Legislative and Judicial departments and transfers approved by the constitutionally elected officials of the Executive branch other than the Governor, showing the amounts transferred and indicating the dates such changes were entered on the Comptroller's records.

(e) The State Board of Education, in consultation with the State Comptroller, may transfer line item appropriations for General State Aid from the Common School Fund to the Education Assistance Fund.

"Director" means the Director of Natural Resources.

"Local government" includes counties, townships, municipalities, park districts, conservation districts, forest preserve districts, river conservancy districts, and any other unit of local government empowered to expend public funds for the acquisition and development of land for public outdoor park, recreation, or conservation purposes.

"Disadvantaged" means an eligible local government located within a Standard Metropolitan Statistical Area (SMSA) with a per capita equalized assessed valuation (EAV) less than 60% of the State average and more than 15% of the population below the national poverty level and not containing a University in the community, or a unit of government located outside an SMSA with an EAV less than 50% of the State average and more than 20% of its population below the poverty level and not containing a University in the community.

"Park or recreation unit construction project" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, architectural planning, and installation, of (i) capital facilities consisting of buildings, structures, and land for park or recreation purposes and (ii) open spaces and natural areas, as those terms are defined in Section 10 of the Illinois Open Land Trust Act.

Section 10-10. Grant awards. The Department is authorized to make grants for park or recreation unit construction projects with funds appropriated for that purpose from the Build Illinois Bond Fund.

No single construction project may be eligible to receive more than 10% of the amount so appropriated

for any fiscal year, and no more than 10% of the total appropriation may be committed or expended on any one construction project described in an application under this Act.

Of the total amount of funds for construction projects awarded statewide, 20% shall be awarded to the Chicago Park District, provided that the Chicago Park District complies with the provisions of this Act, and 80% shall be awarded to local government units outside of the City of Chicago.

Any local government awarded a construction project grant under this Act shall be eligible for State funding assistance up to 75% of the approved project costs. Those local governments defined as "disadvantaged" shall be eligible for up to 90% State funding assistance, provided that no more than 10% of the amount so appropriated in any fiscal year under this Act is made available for such local governments.

No grant funds awarded by the Department pursuant to this Act shall be used for operational costs.

Section 10-15. Grants. Any local government may apply to the Department for a grant under this Act. An application must be in writing and contain a narrative description of the project, the legal description of the open lands to be acquired or used for the capital development project, a current appraisal performed by an Illinois licensed appraiser showing the fair market value of those lands to be acquired, the estimated project cost, identification of a source of continuous funding sufficient to maintain the new facilities to be created by capital development, the amount of the project cost the applicant proposes to provide, and such other information as required by the Department.

Section 10-20. Priorities for projects. In considering applications for grants under this Act, the Department shall give priority to projects that will provide the greatest benefit to the residents of the State, based upon criteria established by the Department in rules promulgated pursuant to this Act which reflect the useful life of existing facilities and improvements, address public health and safety needs, correct accessibility deficiencies, and reflect outdoor recreation needs and priorities identified through the Department's Statewide Comprehensive Outdoor Recreation Plan (SCORP) Program.

Section 10-25. Consideration of applications. The Department shall consider all applications for grants filed prior to a deadline established by the Department for a fiscal year before awarding any grants for that year. The Department shall evaluate those applications that have been timely filed in accordance with the rules promulgated by the Department pursuant to and consistent with the provisions of this Act.

Section 10-30. Supervision of park or recreation unit construction projects. The Department shall exercise general supervision over park or recreation unit construction projects financed pursuant to this Act. No project may be disapproved by the Department solely due to a park or recreation unit's selection of an architect or engineer.

Section 10-35. Limitation of grant award period. No grant awarded pursuant to this Act shall have an initial term exceeding 3 years beginning on the date of first execution of the grant agreement by the Department. Each local government awarded a grant under this Act may apply for one-year extensions of the grant term if unforeseen and uncontrollable delays in construction are experienced and documented. The grantee must provide written documentation to the Department that significant progress has been made toward completing the construction project and must provide a reasonable estimate of additional time needed for completion before an extension will be considered. If a construction project is terminated by the Department, unexpended funds may be used by the Department subject to appropriation.

Section 10-40. Rules. The Department shall promulgate such rules as it deems necessary for carrying out its responsibilities under the provisions of this Act.

Section 10-45. Progress reports. Progress reports on the implementation and development of this Act shall be filed no later than January 15 of every odd-numbered year with the Governor and the General Assembly until such time as funds are no longer appropriated for this program.
