MESSAGES FROM THE SENATE

A message from the Senate by

Ms. Rock, Secretary:

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has accepted the Governor's specific recommendations for change, which are attached, to a bill of the following title, the acceptance of which I am instructed to ask the concurrence of the House, to-wit:

Senate Bill No. 1936

A bill for AN ACT concerning revenue.

I am further directed to transmit to the House of Representatives the following copy of the Governor's specific recommendations for change to the Senate:

Action taken by the Senate, February 9, 2010.

Jillayne Rock, Secretary of the Senate
<MSGEND>

January 21, 2010

To the Honorable Members of the Illinois Senate,
96th General Assembly:

I hereby return Senate Bill 1936 with specific recommendations for change.

I commend the sponsors for their hard work on this bill. Special Service Area bonds can be a valuable tool in helping municipalities support and improve local infrastructure and I am pleased to support efforts that help citizens improve their communities. Maximizing the benefits of a Special Service Area, however, should not come at the expense of Special Service Area homeowners. For that reason, I am pleased to accommodate the sponsors' request for an amendatory veto that would eliminate the restrictions on the maximum principal of the refunding bonds and also explicitly ensure that the total amount of taxes paid by Illinois residents would not increase due to refunding. The Senate sponsor has stated that these changes are consistent with the fundamental purpose and legislative scheme set forth in the bill.

Therefore, pursuant to Article IV, Section 9(e) of the Illinois Constitution of 1970, I hereby return Senate Bill 1936, entitled "AN ACT concerning revenue.", with the following specific recommendations for change:

on page 3, by replacing lines 11 and 12 with "except that the interest rate on the refunding bonds and the maximum"; and

on page 3, by replacing lines 14 and 15 with "may not be greater than that set forth in the original notice for the refunded bonds. Notwithstanding any provision of this Section to the contrary, the debt service of the refunding bonds issued pursuant to this Section may not exceed the debt service estimated to be paid over the remaining duration of the refunded bonds.".

With these changes, Senate Bill 1936 will have my approval. I respectfully request your concurrence.

Sincerely,
s/PAT QUINN
Governor

MOTION

I move to accept the specific recommendations of the Governor as to Senate Bill 1936 in manner and form as follows:

AMENDMENT TO SENATE BILL 1936

IN ACCEPTANCE OF GOVERNOR'S RECOMMENDATIONS

Amend Senate Bill 1936 on page 3, by replacing lines 11 and 12 with "except that the interest rate on the refunding bonds and the maximum"; and on page 3, by replacing lines 14 and 15 with "may not be greater than that set forth in the original notice for the refunded bonds. Notwithstanding any provision of this Section to the contrary, the debt service of the refunding bonds issued pursuant to this Section may not exceed the debt service estimated to be paid over the remaining duration of the refunded bonds.".

HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 884

Offered by Representative Kosel:

WHEREAS, Our nation's use of energy continues to escalate, with increasingly detrimental environmental and economic impact; and

WHEREAS, Outdoor lighting practices currently in widespread use in the State of Illinois consume large amounts of energy and are very energy-inefficient; much more efficient outdoor lighting practices exist; and

WHEREAS, Energy savings would reduce carbon emissions into our air, preserve natural resources used to produce this energy, set a positive precedent for the rest of the nation, and result in a reduction in costs for Illinois taxpayers and businesses; and

WHEREAS, The safety and welfare of pedestrians, cyclists, and motorists depend upon the reduction of glare and the establishment of consistent and well-defined standards for levels of artificial outdoor illumination; and

WHEREAS, The State of Illinois recognizes the need to define limits and protect the State's residents and business owners from the trespass of excessive and misdirected artificial outdoor illumination from adjacent properties; and

WHEREAS, There is growing evidence that excessive artificial outdoor illumination at night has detrimental effects on human health; and

WHEREAS, Excessive artificial outdoor illumination at night has been shown to have detrimental effects on numerous species of flora and fauna, which depend on the natural cycle of day and night for survival; and

WHEREAS, The State of Illinois recognizes the night sky as a natural resource and the need to preserve the unique quality of life of Illinois residents by preserving and enhancing their ability to view the night sky; and

WHEREAS, The sky glow from artificial outdoor illumination negatively impacts the enjoyment of State parks and other areas of natural beauty and wildlife conservation; and

WHEREAS, Establishing pre-determined standards for artificial outdoor illumination will provide Illinois residents, business owners, and developers with a clear set of guidelines to follow; and

WHEREAS, A clear set of guidelines for artificial outdoor illumination will eliminate the need for business establishments to compete for visual attention by escalating outdoor lighting levels; and

WHEREAS, A void remains in the creation and implementation of a modern, practical set of lighting standards which address the issues of energy consumption, environmental, and quality of life related to artificial outdoor illumination in a "holistic", effective manner; and

WHEREAS, The State of Illinois has the potential to become a leader in the area of artificial outdoor illumination practices by promoting sound environmental policies which will benefit residents of the State of Illinois and serve as a positive example for the nation to follow; and

WHEREAS, The State of Illinois acknowledges its responsibility to care for both the daytime and nighttime environments; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we express our support for improved night preservation practices in the State of Illinois; and be it further

RESOLVED, That we encourage municipalities and State agencies to adopt suitable outdoor lighting practices based on the principle of applying artificial light only where it is needed, when it is needed, and to only the levels needed, using the best safety and energy-efficiency standards available; and be it further

RESOLVED, That we encourage the Illinois Sustainable Technology Center to provide artificial outdoor illumination engineering assistance to State agencies, municipalities, and businesses that seek to implement responsible outdoor lighting to conserve energy and preserve the important natural phenomenon of night; and be it further

RESOLVED, That suitable copies of this resolution be sent to the Governor and the Illinois Sustainable Technology Center.

HOUSE RESOLUTION 888

Offered by Representative William Davis:

WHEREAS, The Republic of China (Taiwan) has achieved economic and social stability; in the last 2 decades, Taiwan has been lauded as a beacon of democracy for Asia, has dramatically improved its record on human rights, and has taken great steps forward to enter the world arena as a trusted partner; and

WHEREAS, The State of Illinois has a strong cultural and economic relationship with Taiwan since the establishment of sister-state relations with Taiwan on August 27, 1992; and

WHEREAS, Taiwan's absence from international organizations dealing with climate change has impeded Taiwan's ability to respond to natural disasters like Typhoon Morakot, which struck Taiwan in the summer of 2009 during an unusually bad typhoon season in the Pacific that was possibly exacerbated by climate change; in addition, the global initiative to tackle climate change has been impaired by the lack of participation (observer status) of Taiwan, the world's 17th-largest economy; and

WHEREAS, The government of Taiwan has expressed its gratitude for the assistance and condolences of the international community in the wake of Typhoon Morakot in 2009, as dozens of international organizations and nations stepped up to help, including the United States, which supplied military equipment for rescue and recovery operations, the European Union, Japan, and the Chinese mainland; and

WHEREAS, Aviation safety has become a major global concern since 2001; Taiwan is a key air transport hub in the Asia-Pacific region, with over 1.35 million flights passing through the Taipei Flight Information Region, and has the world's 15th-largest airport by cargo volume, Taoyuan International Airport; and

WHEREAS, The government of Taiwan has undertaken a policy of "flexible diplomacy" in its international relations and a pragmatic approach to China, having completed a number of cross-strait liberalization measures, including regular, direct passenger flights between mainland China and Taiwan and other goodwill measures, resulting in reciprocal gestures and rapprochement between Taipei and Beijing; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we affirm our support for the participation of Taiwan in the United Nations Framework Convention on Climate Change (UNFCCC) and the International Civil Aviation Organization (ICAO) to increase Taiwan's international space and contribution to the global community; and be it further

RESOLVED, That suitable copies of this resolution be presented to U.S. Secretary of State Hillary Clinton, UNFCCC Executive Secretary Yvo de Boer, ICAO Secretary General Raymond Benjamin, and the Taipei Economic and Cultural Office in Chicago.

HOUSE RESOLUTION 890

Offered by Representative McAuliffe:

WHEREAS, Ships of all types sail through the waters in and around our nation every day; and
WHEREAS, These vessels, which are owned by U.S. companies and are registered and operated under the American flag, make up the United States Merchant Marine; and
WHEREAS, In accordance with the Merchant Marine Act of 1936, merchant marines are considered military personnel during war time; and
WHEREAS, During war or national emergency, the Merchant Marine is responsible for delivering military supplies to our armed forces and allies overseas; and
WHEREAS, The role of non-uniformed merchant sailors in World War II was one of the most dangerous and important of the war; and
WHEREAS, Defenseless or lightly armed private merchant ships, facing the same dangers as Navy personnel sailing hostile waters, carried supplies to our soldiers fighting overseas; and
WHEREAS, Hundreds of ships and thousands of men were lost to enemy submarines and aircraft during World War II; and
WHEREAS, There is currently a bill pending in Congress that would allow the merchant marines of World War II to receive benefits for their service; and
WHEREAS, The merchant marines served loyally in times of great danger in defense of their country; it is only fitting and proper that these brave men be given their just reward; therefore, be it
RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the federal government to adopt legislation allowing merchant marines who served during World War II to receive benefits for their service; and be it further
RESOLVED, That suitable copies of this resolution be presented to the members of the Illinois congressional delegation.

HOUSE RESOLUTION 893

Offered by Representative McGuire:

WHEREAS, According to a new report from the Illinois Department of Revenue, Illinois is missing out on an estimated \$153 million in sales tax revenue on online purchases; and
WHEREAS, Not taxing internet purchases subsidizes the growth of distant companies by giving them a price advantage over local stores; such companies contribute little to a community's civic and economic vitality; and
WHEREAS, Such lack of taxation also undermines State and local governments by reducing tax revenue for schools, police, and other government services; the lack of taxes also makes a regressive tax more regressive, due to the fact that only those with Internet access and a credit card are able to take advantage of the tax exemption; and
WHEREAS, Collecting sales taxes for multiple jurisdictions is no longer as burdensome for internet retailers with the advent of software that makes complying with local sales tax rules relatively simple; and
WHEREAS, In addition, the National Governors Association has started the Streamlined Sales Tax Project, approved by 43 states, which will help simplify the tax collection process by establishing uniform sales tax rules and definitions; therefore, be it
RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the President of the United States and the United States Congress to enact legislation requiring internet retailers to collect sales taxes; and be it further
RESOLVED, That suitable copies of this resolution be presented to the President, the Speaker and Minority Leader of the United States House of Representatives, the Majority and Minority Leaders of the United States Senate, and the members of the Illinois congressional delegation.

HOUSE JOINT RESOLUTION 92

Offered by Representative Riley:

WHEREAS, The most common form of lupus is systemic lupus erythematosus affecting any part of the body with complications, including inflammation of the kidneys, an increase in blood pressure in the lungs, inflammation of the heart muscle, hardening of the arteries, inflammation of the central nervous system and brain, and inflammation of the brain's blood vessels; and

WHEREAS, The residents of Illinois need increased awareness of the autoimmune disease systemic lupus erythematosus; it is necessary to disseminate information about the epidemiology, morbidity, and mortality surrounding this affliction; and

WHEREAS, There is a wide disparity in incidence based on gender and ethnicity; more women than men develop lupus; the ratio of occurrence in women relative to men is 90% to 10%, as indicated by national incidence data; additionally, systemic lupus erythematosus is 3 times more common in women of African American, Hispanic, Asian, and Native American descent than it is in Caucasian women; and

WHEREAS, Because the aforementioned facts have serious implications with regard to health care service delivery to these groups, an examination is needed of whether these disparities hold true in Illinois and whether they are caused by a lack of access to health care or other factors; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we respectfully urge the Department of Human Services, the Department of Healthcare and Family Services, and the Department of Public Health to assess existing State and federal assistance programs regarding the treatment and study of lupus; and be it further

RESOLVED, That we urge the appropriate departments to conduct hearings, examine the above-mentioned ancillary issues, and publish a report on their findings; and be it further

RESOLVED, That a suitable copy of this resolution be sent to the Secretary of Human Services, the Director of Healthcare and Family Services, and the Director of Public Health.

HOUSE JOINT RESOLUTION 93

Offered by Representative Crespo:

WHEREAS, State appropriations to public colleges and universities have historically been made on the bases of enrollments rather than completions; and

WHEREAS, The current and future workforce needs, combined with Illinois' financial difficulties, compel the State of Illinois to examine higher education funding based on course completion rates or other similar indicators of success; and

WHEREAS, Increasing the number of high quality post-secondary credentials to meet the demands of the economy and an increasingly global society is Goal 3 of the Illinois Public Agenda for College and Career Success; and

WHEREAS, Many of the several states in the United States are considering ways to provide an incentive to institutions of higher learning not just to enroll students, but also to ensure that they earn the credentials required by the workplace; and

WHEREAS, Performance-based funding may represent a relatively small percentage of a state's higher education budget which some experts assert that it can lead to remarkable results; and

WHEREAS, The challenge for states is to create a financing system that is clearly understood and yet flexible enough to account for differences in institutional mission and demographics; and

WHEREAS, The same set of guidelines and performance targets should probably not be applied similarly to community colleges, bachelor's and master's degree institutions, and research universities; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the Board of Higher Education, working in concert with the Illinois Community College Board and the Illinois Student Assistance Commission, shall undertake a study of the implementation of performance-based funding for higher education; and be it further

RESOLVED, That the Board of Higher Education, the Illinois Community College Board, and the Illinois Student Assistance Commission shall prepare a report by June 1, 2010 with findings and submit

that report to the General Assembly; and be it further

RESOLVED, that the Board of Higher Education shall provide administrative support for the study and report; and be it further
