MOTIONS SUBMITTED

Representative Reboletti submitted the following written motion, which was placed on the order of Motions in Writing:

MOTION

Pursuant to Rule 18(g), I move to discharge the Committee on Rules from further consideration of House Amendment No. 1 to HOUSE RESOLUTION 34 and advance to the appropriate order of business.

HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 4

Offered by Representative Flowers:

WHEREAS, Due to federal health care reform, an integrated care pilot program in Northern Illinois, and statewide Medicaid reform, a managed care approach to providing Medicaid coverage is no longer up for debate making Medicaid managed care a reality in Illinois; and

WHEREAS, Managed care has proven a sometimes inefficient provider of health care coverage especially for long-term care and those individuals - typically the elderly or people with disabilities - receiving it; and

WHEREAS, Illinois' pilot program and the recent Medicaid reform law make it mandatory for managed care to provide the services expected in a long-term care setting, which is a potentially risky scenario for those receiving these kinds of services; and

WHEREAS, A number of other states have discontinued managed care for people with disabilities and the elderly, including California which found it more cost-effective not to utilize managed care after an extensive overhaul of the state's health care program; and

WHEREAS, The State of Illinois is setting forth on this venture with two for-profit managed care organizations under contract, while not exploring other entities to provide quality care, such as not-for-profit organizations; and

WHEREAS, The Institute on Disability and Human Development at the University of Illinois at Chicago (UIC) is overseeing the consumer satisfaction levels and the managed care organizations' competency for the test population in the pilot program; nonetheless, only an estimated 40,000 individuals

with disabilities are in the pilot program area and targeted to receive services; as Illinois Medicaid reform and federal health care reform become the norm for Medicaid recipients in this State, a conservative estimate is that 2.4 million people currently receive Medicaid, and approximately 1.2 million people - or 50% of the Medicaid population - under that program will move into a managed care system, as mandated by the Illinois Medicaid reform law; this increased number will not receive monitoring from UIC and, possibly, will not receive the adequate follow-up, thereby, leaving them more susceptible to fraudulent practices, abuse, neglect, and insufficient care through providers and the managed care organizations; as Illinois moves toward transitioning 50% of the Medicaid population to a managed care system, as with the pilot program, no other plans except those involving for-profit managed care organizations are presently receiving serious discussion; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that there is created in the Department of Healthcare and Family Services the Medicaid Managed Care Oversight Task Force to monitor how Illinois approaches and manages a new form of health care delivery system based on a managed care model, particularly for people with disabilities and the elderly; and be it further

RESOLVED, That the Task Force shall consist of the following: (1) 3 members, appointed by the Speaker of the Illinois House of Representatives; (2) 3 members, appointed by the Minority Leader of the Illinois House of Representatives; and (3) 4 members, appointed by the Governor; the Task Force shall elect a chairperson from their membership; and be it further

RESOLVED, That the Department of Healthcare and Family Services shall facilitate the Task Force and provide the Task Force with administrative support, but shall have no hand in guiding its direction or ascertaining its results; the Task Force shall meet quarterly and report on its findings to the General Assembly and its appropriate committees; reports from the Task Force shall indicate (i) whether individuals within the pilot program and the intended 50% of Medicaid recipients transitioned into managed care are satisfied with their health outcomes, can access all necessary forms of medical care, and received all necessary information from the State and the Department regarding the changes to their health care delivery system; and (ii) any other satisfaction indicators deemed applicable by the Task Force, especially with the knowledge of how UIC conducted satisfaction surveys; the Task Force's life span shall continue until January 1, 2017, unless the General Assembly deems a longer tenure necessary, as that date would mark the two-year anniversary of the transition of Medicaid enrollees into managed care programs, as mandated by the newly enacted Medicaid reform law in Illinois; and be it further

RESOLVED, That upon receiving reports from the Task Force, the General Assembly and all appropriate committees therein must take the necessary steps to ensure all individuals receiving health care through a managed care delivery system are satisfied with that care and are not receiving worse care as a result; if the General Assembly finds negative outcomes per reports from the Task Force, it should amend the process by which managed care is put to use for Medicaid recipients, especially for people with disabilities and the elderly, and further, if the reports are positive or neutral, the General Assembly should decide whether to continue monitoring the program for a set period to ensure that all recipients receive the best quality health care available to them under a managed care process; and be it further

RESOLVED, That as changes to health care delivery improve or changes come to pass based on new laws passed by the State or federal government, the General Assembly must decide if continuing the use of the managed care approach is the most appropriate, cost-effective, and beneficial means in providing health care to Medicaid recipients in Illinois; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor and to the Director of the Department of Healthcare and Family Services.

HOUSE RESOLUTION 5

Offered by Representative Flowers:

WHEREAS, Mental illness is a critical underlying concept in various areas of our law affecting mitigation of criminal responsibility and fundamental rights to property, individual liberty, and personal privacy; and

WHEREAS, For at least 2 generations, mental illness has been presumed to be brain disease which is best confronted as a treatable medical problem; and

WHEREAS, Vast amounts of State resources and tax monies, not to mention the creative energies and work of our citizens and civil servants, are continuously expended in accordance with Illinois laws and regulations dependent upon derived psychiatric definitions, formulations, and diagnostic criteria for mental disorders, in particular upon those definitions, formulations, and criteria which are found in the American Psychiatric Association's nearly 20-year-old Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV); and

WHEREAS, Some experts in the field of mental health are currently in major and substantial disagreement about methods and standards of psychiatric diagnosis; and

WHEREAS, Despite explicit admonitions in DSM-IV against the use of psychiatric diagnosis for legal purposes such as establishing competence, criminal responsibility or disability, Illinois courts and agencies have nonetheless habitually relied upon the formulations and criteria in the DSM for the precise expertise which the text itself disclaims; and

WHEREAS, A new edition of the American Psychiatric Association's manual, DSM-5, is scheduled for publication in May of 2013, but proposed changes for this upcoming DSM are provoking intense criticism from a diverse range of mental health experts; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Task Force on Mental Health Diagnosis within Illinois Law be created to:

- (1) thoroughly survey the Illinois Compiled Statutes and Administrative Code to identify all instances where our laws and government functions depend upon purported understanding of mental illness or disorder, mental capacity, mental health, behavior or psychology, which may have been recently discredited or found to be incorrect or seriously called into question;
- (2) forward initial recommendations of urgent legislative actions which may be needed to avoid gross injustice or waste of public resources to the General Assembly as soon as possible; and
- (3) produce a final report summarizing the task force's findings and detailing recommended statutory or constitutional strategies to recognize best practices and highlight any areas of major disagreement within the profession; and be it further

RESOLVED, That the task force shall consist of the following members: 5 task force members appointed by the Speaker of the House, 2 of whom are State representatives (one who will serve as co-chairperson), and 3 of whom are professionals in the mental health field; 5 task force members appointed by the minority leader of the House, 2 of whom are State representatives (one who will serve as co-chairperson), and 3 of whom are professionals in the mental health field; one task force member appointed by the Governor under the Division of Mental Health under the Department of Human Services; and one task force member appointed by the Attorney General as a representative of her office and trained in a related field; and be it further

RESOLVED, That the task force be appointed and hold its first meeting by March 1, 2014; and be it further

RESOLVED, That in appointing members of the task force, the Speaker and minority leader shall consider that professional experience in diverse mental health-related fields may be a positive qualification; and be it further

RESOLVED, That the task force shall take voluntary assistance and testimony from individuals and professional organizations and institutions; and be it further

RESOLVED, That the members of the task force shall serve without compensation; and be it further

RESOLVED, That the Department of Human Services shall provide staffing and administrative support services to the task force upon request; and be it further

RESOLVED, That the task force shall submit its final report to the General Assembly, the Governor, and the Attorney General no later than December 31, 2014.

HOUSE RESOLUTION 6

Offered by Representative Flowers:

WHEREAS, The Medicare Rights Center (MRC) published "Medicare: A National Treasure for Forty Years" (2005); the Medicare program was created as part of the Social Security Amendments of 1965, and

the program will celebrate its 48th anniversary on July 30, 2013; and

WHEREAS, The MRC's findings are still valid, to wit: the Medicare program has become a national treasure, reflecting the nation's commitment to the health and independence of older Americans and Americans with disabilities by providing health care coverage to 45 million people; and

WHEREAS, The original design of the Medicare program - its universality, shared risk, simplicity, and dependability - created the foundation for its 48 years of success; Medicare's universal nature ensures that virtually all older Americans and many people with disabilities receive the health care they need, while Medicare pools risk in order to share the financial burdens of illness across healthy and sick individuals and affluent and low-income families; for 46 years, Medicare has guaranteed coverage for a defined set of benefits at a uniform and predictable cost to all seniors and to people with disabilities regardless of their income, health status, or where they live and has dramatically improved the quality of life for millions of individuals; and

WHEREAS, Among the most important reasons to celebrate the past 48 years of Medicare are: (1) guaranteed access to care for people with Medicare; (2) improved quality of life for older Americans and people with disabilities; (3) administrative efficiency and cost containment; (4) critical support for America's healthcare system; and (5) guaranteed benefits and choice of providers; and

WHEREAS, Prior to Medicare, only half of older adults had health insurance; private insurers were unable or unwilling to provide comprehensive, affordable health care coverage to the growing aged population, who were either too old or too sick and therefore too high an insurance risk; through the guarantee of Medicare coverage, the federal government established protections for all people with Medicare that ensure that everyone - including those battling costly illnesses - have access to covered services; and

WHEREAS, Medicare is the second largest source of federal spending for HIV care and treatment, and approximately one out of every five HIV-positive Americans receiving regular medical care depends, at least in part, on the Medicare program; and

WHEREAS, Medicare has also improved access to care in other ways; for example, Medicare was, and continues to be, instrumental in reducing disparities in access and coverage for racial and ethnic minority groups; and

WHEREAS, A 2001 survey demonstrates that people with Medicare are generally more satisfied with their health care than are persons under age 65 who are covered by private insurance; people with Medicare report fewer problems getting access to care, greater confidence about their access, and fewer instances of financial hardship as a result of medical bills; Medicare creates access to health care across many dimensions: access to physician services; access to necessary care; and reduced financial barriers to care; older Americans with Medicare experience comparatively fewer financial barriers to care; and

WHEREAS, By the year 2030, 20% of the U.S. population - 77 million people - will be eligible for Medicare, compared to the 14% of Americans who are Medicare-eligible today; while Medicare gives all Americans a sense of security knowing their parents, grandparents, friends and neighbors can access the health care they need, before long the next generation of Americans will need to count on Medicare too; and

WHEREAS, Thanks to Medicare, millions of Americans are able to afford life-saving care, but Medicare also improves the quality of life for older Americans in other ways; for example, Medicare is also a social safety net that has lifted millions of people out of poverty; in fact, since Medicare was created in 1965, poverty among the elderly has been reduced by nearly two-thirds; by financing health care services, Medicare safeguards beneficiaries and their families from the ruinous costs of medical treatments and prevents individuals from spending unmanageable proportions of their incomes on medical care or being pushed into poverty by their medical bills; in addition, life expectancy has increased by three years and more people are living past the age of 85 than ever before, while disability rates among the elderly are decreasing; with improvements in Medicare coverage for preventive services, such as breast and prostate cancer screening, and advances in care management for people with chronic conditions, further reductions in morbidity and disability can be expected; and

WHEREAS, Equally important in assessing Medicare's success is Medicare's cost-effectiveness; Medicare has consistently contained health care costs better than private health plans; analysis of cumulative spending over a 30-year period further illustrates Medicare's ability to control costs over time; Medicare has been able to accomplish this cost-containment record, in part, by using its resources more efficiently, assessing the clinical effectiveness of services when making coverage decisions and when setting payment rates for certain services; and

WHEREAS, Medicare's payment structure supports the United States' health system infrastructure; for

example, Medicare supports the nation's teaching hospitals and educational opportunities for health care professionals, through enhanced payments; by supporting graduate education for physicians and other providers, Medicare benefits all Americans, whether or not they are covered by Medicare; Medicare also provides extra support to hospitals that serve a disproportionate number of low-income patients and to rural hospitals, which are often more heavily dependent on Medicare reimbursement than other facilities; Medicare also provides enhanced payments to rural health clinics and Federally Qualified Health Centers in medically underserved areas to ensure that care is available for vulnerable people; and

WHEREAS, Medicare is the largest single payer for services provided by the 7,000 home health agencies nationwide; moreover, Medicare is an essential part of the entire U.S. economy as well as a pillar of the health system; and

WHEREAS, Medicare is simple, popular and reliable; seniors are very satisfied with the Medicare program; Medicare's success is related to the unparalleled choice and availability of physicians and health care services that it offers people; and

WHEREAS, Medicare has served Americans well; it is equally available to all seniors and to people with disabilities, regardless of health or financial status, and realizes the right to health care for many of America's most vulnerable individuals; Medicare continues to symbolize a rational, just and systematic approach to health care access for all Americans; and

(b) Other than the Rules Committee, no committee may meet during any session of the House, and no commission created by Illinois law that has legislative membership may meet during any session of the

(d) (e) Regardless of whether notice has been previously given, it is always in order for a committee to table any legislative measure pending before it when the Principal Sponsor so requests, subject to Rule 60.

(e) (4) This Rule may be suspended only by the affirmative vote of 71 members elected, subject to Rule 25.

(House Rule 22)

22. Committee Procedure.

(a) A committee may consider any legislative measure referred to it, except as provided in subsection (b), and may make with respect to that legislative measure one of the following reports to the House or to the parent committee, as appropriate:

- (1) that the bill "do pass";
- (2) that the bill "do not pass";
- (3) that the bill "do pass as amended";
- (4) that the bill "do not pass as amended";
- (5) that the resolution "be adopted";

- (10) that the floor amendment, joint action motion, conference committee report, or motion to table a committee amendment referred by the Rules Committee "be not adopted";
- (11) "without recommendation"; or
- (12) "tabled".

Any of the foregoing reports may be made only upon the concurrence of a majority of those appointed. All legislative measures reported "do pass", "do pass as amended", "be adopted", or "be adopted as amended" are favorably reported to the House. Except as otherwise provided by these Rules, any legislative measure referred or re-referred to a committee and not reported under this Rule shall remain in that committee.

(b) No bill or committee amendment that provides for an appropriation of money from the State Treasury may be considered by an Appropriations Committee unless the bill or committee amendment is limited to appropriations to a single department, office, or institution; this provision does not apply to floor amendments, joint action motions, or conference committee reports.

No bill that provides for an appropriation of money from the State Treasury may be considered for passage by the House unless it has first been favorably reported by an Appropriations Committee or:

- (1) the bill was discharged from an Appropriations Committee under Rule 58;
- (2) the bill was exempted from this requirement by a majority of those appointed to the Rules Committee; or
- (3) this Rule was suspended under Rule 67.

Standing appropriations committees shall conduct hearings for the purpose of reviewing (i) performance data compiled by departments of State government pursuant to Section 50-15 of the State Budget Law of the Civil Administrative Code of Illinois and (ii) other performance data that is requested by the committees from departments of State government and other recipients of State appropriations.

(c) The Chairperson of each committee, or Co-Chairperson from the majority caucus of a standing or special committee, shall keep, or cause to be kept by the Clerk's Office, a record in which there shall be entered:

- (1) The time and place of each meeting of the committee.
- (2) The attendance of committee members at each meeting.
- (3) The votes cast by the committee members on all legislative measures acted on by the committee.

(4) The "Record of Committee Witness" forms executed by each person appearing or registering in each committee meeting, which shall include identification of the witness, the person, group, or firm represented by appearance and the capacity in which the representation is made (if the person is representing someone other than himself or herself), his or her position on the legislation under

consideration, and the nature of his or her desired testimony.

(5) An audio recording of the proceedings.

(6) Such additional information as may be requested by the Clerk.

(d) The committee Chairperson, or the Co-Chairperson from the majority caucus of a standing or special committee, shall file with the Clerk, along with every legislative measure reported upon, a written report containing such information as required by the Clerk. The Clerk may adopt forms, policies, and procedures with respect to the preparation, filing, and maintenance of the reports.

(e) When a committee fails to report a legislative measure pending before it to the House, or when a committee fails to hold a public hearing on a legislative measure pending before it, the exclusive means to bring that legislative measure directly before the House for its consideration is as provided in Rule 18 or Rule 58.

(f) No legislative measure may be called for a vote in a standing committee or special committee in the absence of the Principal Sponsor. The committee Chairperson, the committee Minority Spokesperson, or a chief co-sponsor may present a bill or resolution in committee with the approval of the Principal Sponsor when the committee consents. In the case of standing or special committees with Co-Chairpersons from different political parties, the "Chairperson" means the Co-Chairperson from the majority caucus, and the "Minority Spokesperson" means the Co-Chairperson from the minority caucus. This subsection may not be suspended.

(g) Motions for committee approval of bills and resolutions are renewable, provided that no bill or resolution may be voted on more than twice in any committee on motions to report the bill or resolution favorably, or to reconsider the vote by which the committee adopted a motion to report the bill or resolution unfavorably. A bill or resolution having failed to receive a favorable recommendation after 2 such record votes shall be automatically reported with the appropriate unfavorable recommendation.

(h) A bill or resolution shall be given short debate status by report of the committee if the bill or resolution was favorably reported by a three-fifths vote of the members present and voting, including those voting "present". Bills and resolutions receiving favorable reports may be placed upon the Consent Calendar as provided in Rule 42.

(i) This Rule may be suspended only by the affirmative vote of 71 members elected.

(House Rule 28)

Attendance by members is not required or recorded on perfunctory session days.

Committees may meet and may consider and act upon legislative measures during a perfunctory session day, and the Clerk may receive and read committee reports into the House record during a perfunctory day. HOUSE JOINT RESOLUTION 6

Offered by Representative Osmond:

WHEREAS, It is highly fitting that the Illinois General Assembly pays honor and respect to the truly great individuals who have served our country and, in doing so, have gone above and beyond the call of duty to take part in truly heroic tasks; and

WHEREAS, Of the millions of men and women who have served this country with the Army, Navy, Air Force, Marines, or Coast Guard, only 3,468 have ever been awarded the highest military decoration awarded by the United States government, the Medal of Honor; and

WHEREAS, The Medal of Honor is awarded for conspicuous gallantry and intrepidity at the risk of one's life above and beyond the call of duty while engaged in an action against any enemy of the United States, while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party; and

WHEREAS, It is a true honor for an individual to be awarded the Medal of Honor and serves to distinguish those individuals as true American heroes; and

WHEREAS, Allen J. Lynch was born on October 28, 1945, in Chicago; he grew up in the Lake Eliza area of Indiana, where he attended Union Center Elementary School and Wheeler Junior High School; and

WHEREAS, After graduating from high school, Allen Lynch joined the United States Army in 1964; he was later sent to Vietnam in the fall of 1966 and was assigned to the 12th Cavalry; he served as a rifleman for several months before becoming his platoon's radiotelephone operator; and

WHEREAS, On December 15, 1967, Allen Lynch was serving as a specialist four in Company D, 1st Battalion (Airmobile), 12th Cavalry Regiment of the 1st Cavalry Division (Airmobile); during a firefight near the Binh Dinh Province of Vietnam, he saw 3 wounded soldiers out in the open who were under intense enemy fire; he quickly dropped his radio and went to help the soldiers; under intense fire, he carried the wounded soldiers to safety and single-handedly defended them against the advancing enemy force for several hours; and

WHEREAS, Following this courageous action, Allen Lynch was subsequently promoted to the rank of sergeant and awarded the Medal of Honor for conspicuous gallantry and intrepidity in action at the risk of his life above and beyond the call of duty; and

WHEREAS, Allen Lynch's quick thinking and disregard for his own safety were vital in saving those lives, but his fight on behalf of his fellow soldiers did not end on the battlefield; after the war, he settled in Gurnee and worked for the Department of Veterans Affairs, where he advocated for increased benefits for disabled veterans; he later served as chief of the Illinois Attorney General's Veterans Rights Bureau until his retirement in 2005; and

WHEREAS, Allen Lynch continues his dedication to our nation as a volunteer with the Vietnam Veterans of America organization; he serves as the liaison for the Congressional Medal of Honor Society and frequently gives speeches at military-related events; he also performs ministry work with the Lake County Jail; therefore, be it

WHEREAS, The Ninety-second Congress of the United States of America, at its Second Session, in both houses, by a constitutional majority of two-thirds, adopted the following proposition to amend the Constitution of the United States of America:

"JOINT RESOLUTION

RESOLVED BY THE HOUSE OF REPRESENTATIVES AND SENATE OF THE UNITED STATES OF AMERICA IN CONGRESS ASSEMBLED (TWO-THIRDS OF EACH HOUSE CONCURRING THEREIN), That the following article is proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as a part of the Constitution when ratified by the legislatures of three-fourths of the several States within seven years from the date of its submission by the Congress:

"ARTICLE _____

Section 1. Equality of rights under law shall not be denied or abridged by the United States or any State on account of sex.

Section 2. The Congress shall have the power to enforce by appropriate legislation the provisions of this article.

Section 3. This Amendment shall take effect two years after the date of ratification.""; and

WHEREAS, A Joint Resolution is a resolution adopted by both houses of the General Assembly and does not require the signature of the Governor; a Joint Resolution is sufficient for Illinois' ratification of an amendment to the United States Constitution; and

WHEREAS, The United States Congress has recently adopted the 27th Amendment to the Constitution of the United States, the so-called Madison Amendment, relating to Compensation of Members of Congress; this amendment was proposed 203 years earlier by our First Congress and only recently ratified by three-fourths of the States; the United States Archivist certified the 27th Amendment on May 18, 1992; and

WHEREAS, The founders of our nation, James Madison included, did not favor further restrictions to Article V of the Constitution of the United States, the amending procedure; the United States Constitution is harder to amend than any other constitution in history; and

WHEREAS, The restricting time limit for the Equal Rights Amendment ratification is in the resolving clause and is not a part of the amendment proposed by Congress and already ratified by 35 states; and

WHEREAS, Having passed a time extension for the Equal Rights Amendment on October 20, 1978, Congress has demonstrated that a time limit in a resolving clause can be disregarded if it is not a part of the proposed amendment; and

WHEREAS, The United States Supreme Court in *Coleman v. Miller*, 307 U.S. 433, at 456 (1939), recognized that Congress is in a unique position to judge the tenor of the nation, to be aware of the political, social, and economic factors affecting the nation, and to be aware of the importance to the nation of the proposed amendment; and

WHEREAS, If an amendment to the Constitution of the United States has been proposed by two-thirds of both houses of Congress and ratified by three-fourths of the state legislatures, it is for Congress under the principles of *Coleman v. Miller* to determine the validity of the state ratifications occurring after a time limit in the resolving clause, but not in the amendment itself; and

WHEREAS, Constitutional equality for women and men continues to be timely in the United States and worldwide, and a number of other nations have achieved constitutional equality for their women and men; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the proposed amendment to the Constitution of the United States of America set forth in this resolution is ratified; and be it further

RESOLVED, That a certified copy of this resolution be forwarded to the Archivist of the United States, the Administrator of General Services of the United States, the President pro tempore of the Senate and the Speaker of the House of Representatives of the Congress of the United States, and each member of the Illinois congressional delegation.

The foregoing HOUSE JOINT RESOLUTION CONSTITUTIONAL AMENDMENT 7 was taken up, read in full a first time, ordered reproduced and placed in the Committee on Rules. At the hour of 3:52 o'clock p.m., the House Perfunctory Session adjourned.
