With the consent of the affected members, Representative Mautino was removed as principal sponsor, and Representative Fortner became the new principal sponsor of HOUSE BILL 5587.

HOUSE RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 866

Offered by Representative McSweeney:

WHEREAS, There is a critical need in the United States to instill in the minds of students the possibilities unleashed by education and innovation in the fields of Science, Technology, Engineering, and Mathematics (STEM) by providing students, their teachers, and their parents with deep exposure to and a sustainable experience with companies and organizations that provide career paths in these specialized fields; and

WHEREAS, PepsiCo is partnering with STEMconnector and other companies and organizations across the United States, including NASA and Teach for America, to address the need for encouraging youth to pursue STEM degrees and careers; and

WHEREAS, As a strong supporter of STEM education, PepsiCo will host students, teachers, and parents in March of 2014 at its Barrington research facility to provide career visibility, honor teachers, share insights into a real business environment, provide learning about innovation science, and engage parents; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we recognize the date of March 18, 2014 as STEM Career Accelerator Day and commend the students who will participate in the program at PepsiCo's Barrington research facility.

HOUSE RESOLUTION 868

Offered by Representative Bellock:

WHEREAS, Chronic Obstructive Pulmonary Disease (COPD) is an umbrella term used to describe progressive lung diseases including emphysema, chronic bronchitis, refractory non-reversible asthma, and some forms of bronchiectasis; and

WHEREAS, In people with COPD, the airways and air sacs in the lungs lose their elastic qualities and cannot bounce back to their original shape; they then become swollen and thicker and, in some cases, become partially blocked or obstructed, leading to breathing difficulties and, ultimately, the inability to breathe; and

WHEREAS, Smoking is the main risk factor for developing COPD; second hand smoke exposure, occupational dust, chemical exposure, air pollution, and genetics are also common causes of COPD; and

WHEREAS, Nationally, the COPD Foundation reports that COPD is responsible for direct and in-direct health care related costs projected at \$49.9 billion in 2010; 70% of those costs are related to hospitalizations; and

WHEREAS, It is also estimated by the Agency for Healthcare Research and Quality that one out of five individuals over the age of 40 in the hospital have COPD; and

WHEREAS, In Illinois, the prevalence of COPD is 6.1% of the total population; COPD affects individuals across all age groups, but at even higher rates for individuals aged 55-64 at 8.1% and individuals 65 and over at a shocking 13.3%; and

WHEREAS, The American Association for Respiratory Care reports that nationally just over half of all persons with COPD report that their condition limits their ability to work and 34% say that COPD keeps them from working; and

WHEREAS, There is no cure for COPD and its lung damage is irreversible; however, treatments can improve a patient's quality of life by reducing frequency and severity of exacerbations, prevent symptoms from growing worse, and improving health status; and

WHEREAS, Treatments for COPD include the cessation of smoking, removing air pollutants from home and work, and treating symptoms with medication and pulmonary rehabilitation; and

WHEREAS, The Centers for Disease Control and Prevention reports that in 2012 "chronic lower respiratory diseases", which are included within the conditions under the umbrella term of COPD, are the 3rd leading cause of death in the United States; and

WHEREAS, Many individuals who experience shortness of breath or other early symptoms of COPD mistake these symptoms as being a part of the "normal aging process"; these individuals wait to receive treatments until the conditions are severe and the lung damage is significantly more difficult to treat and manage; and

WHEREAS, Concerted public outreach efforts such as DRIVE4COPD, the nation's largest public awareness and screening campaign for COPD, and the National Heart, Lung, and Blood Institute's COPD: Learn More Breathe Better Campaign, can dramatically improve public awareness of COPD; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we recognize Chronic Obstructive Pulmonary Disorder as a chronic health condition in Illinois which contributes to increasing health care costs and decreasing productivity of its citizens; and be it further

RESOLVED, That we urge the Illinois Department of Public Health to include COPD as a chronic health condition in its efforts to address serious and chronic health conditions in Illinois by seeking out and applying for funding and grants available to provide public awareness or treatment for COPD in Illinois; and be it further

RESOLVED, That we urge the Illinois Department of Public Health to include COPD as a chronic health condition in its current efforts to educate the public about the effects of smoking or other preventable and treatable chronic health conditions; and be it further

RESOLVED, That we designate the month of November in 2014 as COPD Awareness Month in the State of Illinois.

Offered by Representative Unes:

WHEREAS, According to numerous scientific reports, including federal government reports by the United States Department of Agriculture and the United States Environmental Protection Agency, there has been a decline in honeybee colonies throughout the United States due to numerous factors, including lack of food sources; and

WHEREAS, Honeybees pollinate a long list of crops, including Illinois' number one crop in 2013, soybeans; and

WHEREAS, The effects of colony collapse disorder has been profound on the honeybee population in the United States; according to the United States Department of Agriculture's National Institute of Food and Agriculture, one-third of the nation's bees die each year; and

WHEREAS, Large geographic areas that specialize in one agricultural crop, like corn, can pose a risk to the insects by providing a limited food source; and

WHEREAS, It is estimated the Illinois Department of Transportation spent over \$14 million in Fiscal Year 2013 on the mowing of State highway medians in a time when our State's revenues have declined; and

WHEREAS, In 2003, the Illinois Department of Transportation piloted a beautification effort planting wildflowers along roadways in 23 Illinois locations for the beautification of our State's commerce and tourism gateways; and

WHEREAS, Low height wildflowers planted in median strips in Illinois would assist with water retention, minimize storm water runoff costs, and help beautify Illinois roadways; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage the Illinois Department of Corrections and the Illinois Department of Transportation to work together to create a program where Illinois Correctional Facility inmates can raise wildflowers and plant them in designated roadway medians as determined by the Illinois Department of Transportation; and be it further

RESOLVED, That we encourage cooperation between the two agencies to work toward the goal of annual growth in the number of median strip low-height wildflower plantings in an effort that would save the State money in mowing costs, encourage better storm water management practices along interstates, encourage natural growth in honeybee populations, provide agronomic job skills for Illinois inmate population, and beautify our State's interstate system; and be it further

RESOLVED, That we urge Illinois Department of Corrections and the Illinois Department of Transportation to work together toward furthering a new pilot program to accomplish these tasks; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Director of the Illinois Department of Corrections and the Secretary of the Illinois Department of Transportation.

HOUSE RESOLUTION 871

Offered by Representative Hammond:

WHEREAS, In recent fiscal years, appropriations to various agencies and groups have been closely examined for their efficiency; and

WHEREAS, Questions remain regarding the efficiency of certain programs; and

WHEREAS, State institutions of higher education are competing for every dollar available through the performance-based funding matrix; and

WHEREAS, Community colleges and universities in Illinois other than Chicago State University have financial aid assistance available to students, which is funded from within their regular appropriations; at Chicago State University, students can receive financial aid assistance through the Financial Assistance Outreach Center; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Auditor General is directed to conduct a performance audit of the State moneys provided by or through Chicago State University to the Financial Assistance Outreach Center in Fiscal Year 2013 and Fiscal Year 2014; and be it further

RESOLVED, That the Financial Assistance Outreach Center, Chicago State University, and any other State agency or entity that may have information relevant to this audit cooperate fully and promptly with the Auditor General's Office in conducting of its audit; and be it further

RESOLVED, That the Auditor General commence this audit as soon as practical and report his findings and recommendations upon completion in accordance with the provisions of Section 3-14 of the Illinois State Auditing Act; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Auditor General.
