WHEREAS, News reports have raised questions concerning the College of DuPage's expenditures of public moneys; and

WHEREAS, The College of DuPage is not a State agency; and

WHEREAS, The Illinois Constitution limits the Auditor General's audit authority to "public funds of the State" and case law has interpreted that phrase to mean only those funds directly appropriated or otherwise authorized by the General Assembly following the Governor's preparation and submission of the State budget; and

WHEREAS, The Intergovernmental Cooperation Act allows that "one or more public agencies may contract with any one or more other public agencies to perform any governmental service, activity or undertaking or to combine, transfer, or exercise any powers, functions, privileges, or authority which any of the public agencies entering into the contract is authorized by law to perform ... "; and

WHEREAS, The General Assembly wishes for the Auditor General to conduct a performance audit of the College of DuPage; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Auditor General is directed to conduct a performance audit of the College of DuPage, covering Fiscal Years 2011 through 2014, by entering into an intergovernmental agreement with the College of DuPage that sets forth the scope of the audit; and be it further

RESOLVED, That the College of DuPage is responsible for paying the Auditor General's costs in conducting this audit; and be it further

RESOLVED, That the College of DuPage, the Illinois Community College Board, and any other entity having information relevant to this audit cooperate fully and promptly with the Auditor General's Office in its conduct; and be it further

HOUSE RESOLUTION 172

Offered by Representative Hoffman:

WHEREAS, High injury and death rates related to the Industrial Revolution spurred dissatisfaction among employees and employers; and

WHEREAS, The first modern workers' compensation law originated in Germany in 1884, whereby a compulsory system of accident insurance was created for high-risk occupations, and Wisconsin was the first state to enact a comprehensive workers' compensation law, with every state following by 1948; and

WHEREAS, In 1909, the Cherry Mining Disaster killed 259 men and boys, inciting public outrage toward the working conditions and compensation for workers harmed on the job, and in response to this tragedy, the Illinois General Assembly enacted the Illinois' Workers' Compensation Act in 1911; and

WHEREAS, This Act represented a "grand bargain" between labor and employers, establishing a "no-fault" system to provide for swift and fair compensation for injuries occurring in the workplace in exchange for workers' forfeiture of rights to common law actions against their employers; this "no-fault" system shields employers from being subjected to litigation brought by injured employees and protects employers from costs for pain and suffering, punitive damages, and other remedies that are available under common law; and

WHEREAS, Workers' compensation insurance is a lifeline for injured employees who, despite their injuries, must continue to provide for themselves and their families; and

WHEREAS, Over 99% of Illinois' employers carry insurance to cover the costs associated with workers' compensation claims; and

WHEREAS, The Illinois' Workers' Compensation Act was amended in 2011, forcing injured workers to surrender significant benefits, with the intent to reduce premium costs that Illinois' employers pay for their workers' compensation insurance, and as a result, employers have netted \$315 million in savings as a result of the 2011 legislation; and

WHEREAS, The Illinois Workers' Compensation Commission noted in its 2013 Fiscal Year annual report that the 2011 legislation "produced demonstrable improvements to the workers' compensation environment in Illinois"; and

WHEREAS, According to a study published by the Oregon Department of Consumer and Business Services, Illinois has experienced a 24% reduction in workers' compensation rates between 2013 and 2014, representing the steepest drop in the nation; the National Council on Compensation Insurance, the insurance industry rate-making agency upon which Illinois relies for rate recommendations, has recommended premium rate reductions of nearly 20% since 2011; a 20% premium rate reduction, if fully implemented by insurers, would result in premium savings to Illinois employers of nearly \$1 billion; and

WHEREAS, Illinois has a robust workers' compensation insurance industry, with 330 companies offering insurance to employers, representing the second-most profitable line of insurance that is marketed; workers' compensation insurers do not disclose their rate-making formulas; and

WHEREAS, Annual workers' compensation claims in Illinois have dropped from 62,000 in 2003 to 42,500 in 2013, representing a 31% decrease in a 10-year period; and

WHEREAS, Illinois wages substantially outpace those of other Midwestern states; workers' compensation indemnity benefits directly correlate to wages earned and are responsible for 50% of workers' compensation costs; and

WHEREAS, High wages are desirable for the State and are one of the strongest measurable indicators of economic vitality; and

WHEREAS, Further reductions in benefits for injured employees would create additional harm to those employees and their families, placing them in deeper financial peril and possible ruin; such financial peril results in a cost-shift to government-funded safety nets and entitlement programs; and

WHEREAS, Illinois has made great strides in its effort to reduce costs within the workers' compensation system; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we value the workforce of Illinois and recognize that labor is the engine which drives the State's economy; and be it further

RESOLVED, That injured employees, who have provided their labor and made sacrifices for the betterment of the State and its economy, should not be threatened or confronted with additional benefit reductions through further changes to the Illinois Workers' Compensation Act.

HOUSE RESOLUTION 173

Offered by Representative Phillips:

WHEREAS, The Middle East continues to be the most troubled and violent region on the planet; and

WHEREAS, Current trends, particularly associated with the Islamic Republic of Iran and a group of insurgents in Iraq and Syria who operate as the so-called "Islamic Caliphate" or "ISIS", indicate that dangers to the United States and the other free peoples of the world continue to increase; and

WHEREAS, In the midst of this troubled region, the Republic of Israel stands forth as America's key ally and as a beacon of hope to courageous and free people everywhere; and

WHEREAS, Dangers to the free world center not only on the growing threat of terrorism, but also on the possibility that Iran may acquire nuclear weaponry or acquire the means to quickly obtain nuclear weaponry; and

WHEREAS, Leaders of Iran have expressed the desire to harm or destroy Israel; Iran's policies constitute an existential threat to the balance of power in the Middle East; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we reaffirm our solidarity with the Republic of Israel in the midst of these growing international crises; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the President of the United States, the United States Secretary of State, the members of the Illinois congressional delegation, and the Israeli Ambassador to the United States.

Gillen, which mandates that upon approaching a stationary authorized emergency vehicle displaying warning lights, the approaching vehicle shall reduce the speed of the vehicle, yield the right-of-way by changing lanes away from the authorized emergency vehicle, and proceed with due regard to safety and traffic conditions; and

WHEREAS, When motorists respect Scott's Law and move over, it helps ensure the safety of those men and women who respond to the scene; and

WHEREAS, In recent years, the Illinois State Police have lost Troopers Kyle Deatherage and James Sauter in the line of duty and Troopers Doug Balder, Michael Cokins, and Starlena Wilson have been seriously injured in accidents; and

WHEREAS, The Pontiac Police Department lost Officer Casey J. Kohlmeier and his K-9 partner, Draco, in the line of duty; and

WHEREAS, The Bloomington and Hudson Fire Departments lost Firefighter Christopher Brown in the line of duty; and

WHEREAS, The Illinois Tollway lost Vincent Petrella in the line of duty; and

WHEREAS, These individuals represent only some of the first responders that continue to lose their lives while assisting others along Illinois roadways; and

WHEREAS, Through continued public education about the risks involved for public safety personnel on Illinois roadways, these accidents can be reduced, saving the lives of those who assist others; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage motorists who see flashing emergency vehicle lights to remember Scott's Law and to move their vehicles over to give those first responders an adequate area in which to do their jobs; and be it further

RESOLVED, That we designate December 23, 2015 and December 23, 2016 as "Scott's Law Day" in the State of Illinois.

WHEREAS, With regional offices located in Bloomington, Rockford, Chicago, and Granite City, the Children's Home + Aid has been transforming the lives of foster children and parents since 1883; in the Bloomington regional office alone, which has been working with children for over 120 years, the agency offers a wide range of services and programs; it serves annually the needs of more than 3,000 children and families in McLean County and the surrounding area; and

WHEREAS, It is with the robust and selfless commitment exemplified by foster care agencies and workers like these that the Illinois foster care community has an opportunity to reach the ultimate goal of bettering and empowering the lives of the children who deserve a chance to experience the familial environment that all children should be entitled to; therefore, be it
