A message from the Senate by
Mr. Anderson, Secretary:
Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House in the adoption of their amendment to a bill of the following title, to-wit:

SENATE BILL NO. 2040

A bill for AN ACT concerning appropriations.
House Amendment No. 1 to SENATE BILL NO. 2040.
Action taken by the Senate, July 15, 2015.

A message from the Senate by

Mr. Anderson, Secretary:

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has passed a bill of the following title, the veto of the Governor to the contrary notwithstanding, in the passage of which I am instructed to ask the concurrence of the House, to-wit:

Senate Bill No. 2031

A bill for AN ACT concerning appropriations.

I am further directed to transmit to the House of Representatives the following copy of the Governor's veto message to the Senate:

Passed by the Senate, July 15, 2015, by a three-fifths vote.

Tim Anderson, Secretary of the Senate

June 25, 2015

To the Honorable Members of
The Illinois Senate,

99th General Assembly:

Today I veto Senate Bill 2031 from the 99th General Assembly in order to protect Illinois taxpayers from an unbalanced and therefore unconstitutional budget.

The Speaker of the House and the President of the Senate have admitted that the General Assembly's budget is unbalanced. The Governor's Office of Management and Budget concurs, calculating that this budget is nearly \$4 billion out of balance.

For too long, the State of Illinois has made spending promises that exceed available revenues, relied on accounting gimmicks to make budgets appear balanced, used borrowing and cost deferral strategies to push costs into the future, and delayed payments to vendors.

This has generated significant backlogs of unpaid bills and a crushing debt burden of well over \$100 billion. Because of past fiscal mismanagement, Illinois is experiencing the worst fiscal crisis in America, highlighted by Illinois being assigned the worst credit rating of any state.

The State of Illinois will be forced to pay more than \$6 billion in debt payments in Fiscal Year 2016 due to years of fiscal neglect and overspending. A balanced budget is the only way to responsibly protect taxpayers and put the State on a path to once again using its resources for important public services rather than interest and debt service.

A balanced budget is not just good practice, it is a constitutional requirement: "Appropriations for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year." ILL. CONST. art. VIII, § 2(b). Although the General Assembly has chosen to disregard its constitutional obligation, as Governor I cannot approve a budget that violates this fundamental principle.

We must be partners in enacting a balanced budget that meets critical public needs within the resources available. The surest way to do that is by enacting structural reforms inside government and economic reforms that stimulate our economy and bring new jobs to Illinois.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 2031, entitled "AN ACT concerning appropriations", with the foregoing objections, vetoed in its entirety.

Sincerely,

Bruce Rauner
GOVERNOR

The foregoing SENATE BILL 2031 was ordered reproduced and placed on the appropriate order of business.

HOUSE RESOLUTION

The following resolution was offered and placed in the Committee on Rules.

HOUSE RESOLUTION 641

Offered by Representative Lang:

WHEREAS, Illinois Vision 20/20 has established a blueprint for the future of education in Illinois for the more than 2 million school children educated in the State; and

WHEREAS, One of the pillars and areas for prioritization of this vision is to provide students with a 21st century learning environment; and

WHEREAS, Illinois should modernize its approach by delivering 21st century instruction that provides all students access to modern learning environments and incorporate technology in state learning standards; education should also allow students to learn and apply knowledge, think creatively, and be well-prepared for a global citizenry; and

WHEREAS, A 21st century education must address the role of technology in the broad definition of learning, not as the total solution, but technology as a tool that can enhance and augment the teaching and learning processes in our schools by reducing costs, encouraging higher-level thinking, increasing student engagement, and aiding in individualized instruction; and

WHEREAS, A technology gap exists in Illinois schools, with less affluent schools unable to provide their students the benefits of technology in instruction; and

WHEREAS, Broadband has become a fundamental infrastructure need for instruction providing students with direct access to a world of learning materials; access to adequate broadband and bandwidth is not equitable, with only 26% of Illinois districts having adequate infrastructure; and

WHEREAS, Thousands of citizens of Illinois, 500 school districts representing nearly 760,000 students, education organizations, companies, non-profits, and those who support public education have endorsed the Vision 20/20 plan in order to fulfill the promise of public education in Illinois; and

WHEREAS, The members of this body join the Vision 20/20 supporters in promoting the priorities of this vision; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we designate August 18, 2015 as The Vision 20/20 21st Century Learning Day in the State of Illinois and applaud the architects of the Vision 20/20 plan to invest in our children's future, our State's future, and our nation's future; and be it further

RESOLVED, That a suitable copy of this resolution be presented to the Alliance Vision 20/20 organization as a symbol of our respect and esteem for its work.

At the hour of 4:56 o'clock p.m., the House Perfunctory Session adjourned.
