Speaker Redmond: "The House will now come to order and the members will please be in their seats. ...will be led in prayer this morning by the Reverend Krueger, the House Chaplain."

1.

Reverend Krueger: "...Father, the Son and the Holy Ghost, Amen. Oh, Lord, bless this House to Thy service this day, Amen. In the Book of Proverbs, second chapter verses 1 through 4 'My son keep my words and lay up my commandments with Thee, keep my commandments and live in my law as the apple of thine eye. Bind them under thy fingers, write them upon the table of thine heart, say unto wisdom thou art my sister. And call understanding thy kinswoman.' Let us pray. 'Warm our cold hearts, Lord, we beseech Thee. Take away all that hinders us from giving ourselves to Thee. Mold us according to Thine own image. Give us grace to obey Thee in all things and ever to follow Thy gracious leading. Make us this day to be kind and thoughtful to our fellowman, to be gentle and unselfish, careful to hurt no one by word or deed but anxious to do good to all and make others happy. Oh, Lord, forgive the sins of our tempers, pardon our hasty words and uncharitable thoughts, make us watchful that we offend not with our tongue, give us a meek and loving spirit which is in Thy sight of great price. We would not live unto ourselves but under Thee. Keep us from erring this day ...and all that may offend Thee so that our actions may be to the welfare to the people of this State and of help to its people and pleasing unto Thee. For Jesus Christ's sake, Amen."

If, when you are reading House Bills Second Reading, if you will look at page 14, there are a number of bills that are out of place beginning with House Bill 85 and going through House Bill 984. Evidently the printer, when he put the calendar together today, did not intersperse the bills. Now I will just tell you we are having trouble with the printers again. These were printed in Bloomington last night, or at least set up there, because of some typing problems here. So that I apologize to the members but those bills are on the calendar and if you will look at page 14, they start with the numbers that were not moved last week."

Speaker Redmond: "Representative Washington." Washington: "Mr. Speaker and members of the House, Representative D'Arco is correct. The reason for that is because of the confusion in the name . . . because people associate the name "mechanics" with automobile mechinics, and it has nothing to do with automobile mechanics. Another part of the amendment would provide that contractors, in submitting their contract . . . in submitting their contract to a homeowner, provide in tintype of print that the materials in labor are, in the payments, thereof, are to be required to be made to the contractor before the owner has to make payment, thereof. The second part of the amendment would provide a notice to the owner from the subcontractor that the work on material that he has supplied has been delivered to the job site and not to give a waiver of lien to the contractor until the subcontractor has been paid within 14 days from the date of the notice; and that's the substance of the amendment." Well, will you please pay strict attention here. Ah . . . We have with us another guest today. Representative Grotberg resented Representative Porter's efforts of last week, so he has Miss U.S.A., Representative Grotberg." Grotberg: ". . . ladies and gentlemen of the House, may I present to you Miss Karen Morrison from St. Charles and her father, Rex, is close by. Where did you go, Rex, come up. The reigning Miss U.S.A., beauties come and beauties go, but not too many of them are reigning queens that come to Illinois and the General Assembly, her dad, Rex Morrison; and Miss Karen Morrison, would you say a few words, and I have a

little proclamation to make."

Miss Karen Morrison: "Hi. This is one of my . . . I'm . . ," Unknown: "They can hear you, they can hear you."

Miss Karen Morrison: "They can . . . hey, that's right . . . Speaker, and ladies and gentlemen of the House, I'd like to thank you, I recieved your . . . ah . . . your invitation to come here today through Representative Grotberg, and I never dreamed, in 20 years of my life, that I'd ever be standing and addressing the leaders of the Country and of our State. I had one occasion while I was in the somewhat similar situation, and that was at the beginning of my reign, when I met President Ford, who was then Vice President. He gave me a gift to give to the President Marcos of the Phillipines for the Miss Universe Contest; and I'm just thrilled to death; and I'm not going to talk a long time, but I'd really like to tell you about, too, its been a

beautiful year, first of all. I've three more weeks to go, and there were situations that I thought were good experiences for me in representing the United States a . . . abroad; and one of those is when I was in the Phillipines. It was . . . we had just finished the contest and we went on to the hotel for security reasons and I walked into my room and the girl across the hall was crying and there was a group of people in the room and I walked in there and I asked her what was wrong and she burst out and started screaming at me and telling me, 'In your Country, your terrible Country, they're not helping my Country'. Well, what had happened was this was when Turkey and Greece were fighting over, I also want to say Caracus, 'you'll have to excuse me, . . ."

#### Unknowns: "Cyprus."

Miss Karen Morrison: "Cyprus, I always want to do that, and she was yelling at me and it made me feel funny inside, but afterwards we talked about it and it was kind of strange seeing three girls who lived together for almost a month, who were so close, to think that their Country was fighting. But it kind of hit home, and I explained to her that personally it was not my fault; but there's nothing I could do about it right now; and another incident was very and it hit home was when I went visited Panama; and I got off the plane and we had our limousine brigade with the motorcycles and the whole thing, and I noticed that Miss Universe was there also. Her limousine was open and so was Miss Panama, but mine was closed; and I had an extra body guard through the whole time. I was not allowed to go to the Lottery drawing that was public, and on my way back I had to ask the driver, as I was leaving the Country, I had to ask the driver what exactly was the reason for my being sheltered so much; and I., found out three reasons. The bananas, the price between the bananas between the United States and Panama; Castro was living down the street from me and the American Embassy had been stoned about, I think it was 23 days before I had gotten there, but these were just two experiences that really made me feel proud of my Country and proud to represent my Country; and I guess that's it. Thank you."

Grotberg: "Now, Miss U.S.A. in your . . . the remaining two weeks of your reign, May 17 she gives up here crown, hopefully, to the young lady that was here last week from Deerfield or . . . ah . . . the North shore. Really. Really. Thank you, on behalf of all of the people of Illinois, the State flower is the Violet. We were able to find enough to make a bouquet and we worked all morning at it." Miss Karen Morrison: "Thank you."

Grotberg: "And Mr. Clerk, no, Mr. Clerk would you read the proclamation." Mr. Jack O'Brien: "House Joint Resolution 44, whereas, this body is very

proud and wishes to congratulate Miss Karen Jean Morrison of St. Charles, Illinois, who on May 18, 1974, was crowned Miss U.S.A.; and, whereas, she was chosen Miss U.S.A. over 4 other finalists, who had been selected from an original group of 51 beautiful girls at the 23rd Annual Miss U.S.A. Pageant at Niagara Falls International Convention Center; and, whereas, Miss Morrison, a tall and shapely, blue-eyed blond, is delighted that for a second year in a row a Miss Illinois has gone on to become Miss U.S.A.; and, whereas, she is presently a student at the University of Wisconsin and a part-time model and evenutally wants to go into an acting career; therefore, be it resolved by the House of Representatives of the 79th General Assembly of the State of Illinois that we congratulate Miss Karen Morrison on being selected Miss U.S.A. for 1974 and for a successful reign as Miss U.S.A., and be it further resolved that a suitable copy of this Preamble and Presentation be forwarded to Miss Karen Morrison of St. Charles, Illinois?"

Grotberg: "Thank you very much, and Tom Ewing and Joe Fennessey if you'd been here on time, you two could have gotten in on this thing. Thank you very much."

Miss Karen Morríson: "Can I tell you one more thing?" Grotberg: "One more thing."

Miss Karen Morrison: "Ah . . . If you want to see, hopefully, another Illinds girl win the title, watch on May 17th, O.K., we're going to take the "Triple Crown". O.K., thank you."

Speaker Redmond: "Representative Shea?"

Shea: "Mr. Speaker, I think there was some error made when this bill was reflurred . . . referred to the floor; and I'd like to look at the committee assignment on it. This has a companion bill and I believe

the companion bill is 899 and has not been reported out of the Appropriations Committee, yet. So I think this bill ought to be re-referred to the Committee on Assignments awaiting the appropriation bill, and I would so move."

Speaker Redmond: "Representative Duff."

Duff: "Well, M . . . Mr. Speaker, . . . ah . . . you just put it on Third Reading, is it possible we could hold it there while we talk and find out what's the trouble?"

Speaker Redmond: "Representative Shea."

Shea: "Mr. Speaker, I've made a motion and I'd like to be heard on it, because this bill, the appropriation bill was not reported out, this bill should · · · should have gone to the Committee on Appropriations before it went on the Calendar. Speaker Redmond: "Representative Duff."

Duff: "Mr. Speaker, all I asked for was some time to talk to them." Speaker Redmond: "Representative Giorgi."

Giorgi: "Mr. Speaker, I objected before you moved the bill to Third Read-

ing, I had asked it for a fiscal note, so the bill must remain on Second according to the rules."

Speaker Redmond: "Representative Shea."

Shea: "I think our rules require this to be re-referred and I . . . I

would hope the gentleman would make that motion."

Speaker Redmond: "Representative Duff."

Duff: "Mr. Speaker, very simply, the Majority Leader may very well be right. All I asked him for was a moment to find out what's going on. That's all."

Speaker Redmond: "Moment granted. We'd better move the bill back to Second Reading, because a fiscal note has been requested and it can't . . . has to stay in the Order of Second Reading until the fiscal note has been furnished. The bill remains on Second Reading. The order of business is House Bills, Third Reading. Representative Walsh."

Maragos: "Mr. Speaker, having filed the fiscal note as requested last Saturday, I now move that . . . ah . . . leave to move the House Bill 357 to Third Reading, Consideration Postponed." Speaker Redmond: "Representative Schlickman. Representative Schlickman." Schlickman: "Mr. Speaker, I have two questions with regards to the fiscal

note. Number one, I would like to know who prepared it. There is no indication on either two pages of the fiscal note as to who did draw it up. The Statute requires that either the effected agency or the sponsor, and I'm wondering who did draw it up."

34.

Maragos: "In this case, it was drawn up by the . . . ah . . . Illinois Commerce Commission, which would be the responsible agency."

Schlickman: "O.K.; my second question, you note or the I.C.C. notes on the first page assuming fiscal year '76 effective date of . . . ah . . . January 1, 1976. Its my understanding, a recollection of the bill, that there is no express effective date; and, therefore, the effective date would be October 1, 1975; and I wondering what happened to the months of October, November and December."

Maragos: "As I explained to you the other day, Representative Schlickman, I doubt if any money is going to be spent at all in '76, but assuming that the . . . the worse being the worse, a . . . ah . . . the Commerce Commission has advised me that . . . ah . . . they would not be able to pre . . . pre . . . prepare to even to put this in effect the day before January . . . January 1, even though they got the authority after October 1st, because it'll take 'em at least two or three months to get organized and start putting this into operation; and between October 1st and January 1st, they would not have any . . . ah . . . expenditures, whatsoever."

Schlickman: "Well, it seems to me that if that is the case, the I.C.C. should have made that representation, made that provision in its fiscal note, because this fiscal note standing alone, in and of itself, is in conflict with the . . . ah . . . effective date provision of the bill. Let me say this, I have no objection to the bill's advancing to the Order of Consideration Postponed, Third Reading. I was just inquiring about about the . . . ah . . . contents of the note. Thank you."

Speaker Redmond: "Gentleman has moved that House Bill 357 be advanced to Third Reading, Consideration Postponed. Third Reading."

Maragos: "Thank you."

Speaker Redmond: "The order of business is House Bills, Third Reading; and on House Bills, Third Reading, appears House Bill 534. Representative Choate. Representative Choate."

Choate: "Ah . . . Mr. Speaker, are we going to Third Reading for the consideration of this bill or to Third Reading, period?" Speaker Redmond: "Well, we would hope that we'd get the amendments on . . .

ah . . . 863 and . . ."

 $\frac{1}{2}$ 

Choate: "The only reason I ask . . . ah . . . we're stopping on the advancement of the Second Reading Bills if we're going to Third Reading. In other words, we did not go completely through the list of bills on the priority call on Second Reading."

Speaker Redmond: "The reason that we didn't is that the . . . the last four lines of bills were not in the Bill Book, so rather than get the objection that they didn't have them on their desks. Why as soon as they're in the Bill Book or on the desks . . ."

Choate: "Then you'll go back to Second Reading and then back to mine." Speaker Redmond: "That's correct, that's correct, yeah. House Bill 534;

Representative Polk, for what reason do you rise?"

Polk: "Mr. Redmond, on a point of personal privilege. Ah . . . Did you get a response from the Senate in relation to my comment on the floor last week. Is . . . are they going to hear House bills and are they hearing House Bills?"

Speaker Redmond: "President of the Senate was in Washington, and I wasn't able to consult with him, but I will do that today and . . . ah . . . I'm sure they will be all right."

Polk: "Thank you."

Mr. Jack O'Brien: "House Bill 534, G. L. Hoffman, a bill for an act to amend the School Code. Third Reading of the bill."

Speaker Redmond: "Representative Hoffman."

Hoffman: "Take it out of the Record, please."

Speaker Redmond: "Out of the Record, 458, Representative Hirschfeld." Mr. Jack O'Brien: "House Bill 458, Hirschfeld, a bill for an act to amend

the Public Community College Act. Third Reading of the bill." Speaker Redmond: "Representative Hirschfeld."

Hirschfeld: "Thank you, Mr. Speaker, and ladies and gentlemen of the House, House Bill 458 would require the Junior Colleges to publish their financial statements each year in a newspaper. Most of them are doing this now . . . ah . . . but it was felt it should be by operation of Law. There was no op . . . there is no opposition that I know of to this bill, and I would respect a favorable . . . ah . . . Roll Call."

36. Speaker Redmond: "Any discussion? The question is, shall House Bill 458 pass? Those in favor vote "aye", those oppose vote "no" . . . voted who wish? . . . voted who wish? The Clerk will take the Record. On this question there are 124 "aye", 2 "no"; and the bill having received the Constitutional majority is, hereby, declared passed. House Bill 45, Representative Washingtion." Mr. Jack O'Brien: "House Bill 45, Washington, a bill for an act to add sections to an act relating to the practice of beauty culture." Speaker Redmond: "Take it out of the Record. 119." Mr. Jack O'Brien: "119?" Unknown: "Porter wants it out of the Record." Speaker Redmond: "Out of the Record. 825, oh, 826, pardon me, R. K. Hoffman." Mr. Jack O'Brien: "House Bill 826, R. K. Hoffman, a bill for an act to add sections to the Retail Installment Sales Act. Third Reading of the bill." Speaker Redmond: "Is Ron Hoffman on the floor? Take that one out of the Record. 885, VanDuyne." Mr. Jack O'Brien: "House Bill 885, VanDuvne, . . ." Speaker Redmond: "885." Mr. Jack O'Brien: ". . . a bill for an act making supplemental appropriation to the Department of Corrections. Third Reading of the bill." Speaker Redmond: "Representative VanDuyne." VanDuyne: "Thank you, Mr. Speaker, I think that everybody in the House is aware of the need of Will County for this money. It is, merely, to reimburse Will County for something that the state has failed to appropriate money for. Ah . . . We in Will County feel as badly about this as anyone he . . . anyone here in the House, but really we have no other recourse, because the judge has mandated that we . . . ah . . . pay this money out in advance. So . . . ah . . . I know you, probably a lot of people in the House disagree with this, and . . . ah . . . I agree with them, but there's really nothing we can do; and we need support . . . ah . . . to put this money back in our General Account, so I urge your favorable vote. Thank you." Speaker Redmond: "Representative Shea."

Shea: "Mr. Speaker, ladies and gentlemen of the House, I rise to support
this legislation. After this bill first came up, I spent a great deal
of time talking to both the Administrator of the Supreme Court and the
Chief Justice with regards to what I felt are extravagent payments to
attorneys representing indigents. They, hopefully, will get it straight-
ened out, but, in the meantime, there's a court order that for some
reason or another was not appealed or was unappealable; and I think it
would be ah just impossible for the County of Will to
make these payments, so I think we ought to give the money to the
County of Will or appropriate it to the Department so they can reimburse
the County of Will for what a judge has done; and, in light of the
happenings the other day at Joliet, there are some bills here that I
hope we will amend to make clear the intent of the General Assembly
on the payment of attorneys representing indigents."
Speaker Redmond: "Representative Fleck."
Fleck: "Would the sponsor yield for a question?"
Speaker Redmond: "He indicates he will."
Fleck: "Heard a lot of talk about attorneys fees and indigents, what are
these fees for? I'm looking at the Digest."
VanDuyne: "Well, ah representative the Law, as I understand it
now, ah read that its the obligation of the Department of
Corrections to pick up the fees for these people in in Stateville,
who are, I understand, ah referred to as indigents; and
ah there was a little shortage of appropriation or at least
the appropriation in this account has been depleted; and the judge in
Will County has ah brought this ah payment on
the Treasury of Will County, so we have no other choice but to pay
this."
Fleck: "O.K., now, how much what's the fees per lawyer?"
VanDuyne: "Ah The"
Fleck: "I mean what's the hourly rate they're getting paid?"
VanDuyne: "Its ah200"
Fleck: "200,000 is a lot of hours at a \$100 an hour towards that."
VanDuyne: "The judge allowed \$250 per day, per defendant; and I might add
that ah in yesterday's paper, the total amount for the

. . . ah . . . the whole trial was something in excess of \$150,000."

Fleck: "Thank you." Speaker Redmond: "Representative Schlickman," Schlickman: "Would the sponsor yield for a question?" Speaker Redmond: "He indicates he will." Schlickman: "Why can't the claims for attorneys fees be presented to the Court of Claims, where there would be an agency of state government that could more adequately review the propriety of the fees as determined by the judge--I'm over here--why can't the claim for attorneys fees as determined by the trial judge by presented to the Court of Claims, that agency of state government that has been given the responsibility to review claims of a . . . ah . . . citizen rates against the State of Illinois?" VanDuyne: "Ah . . . Mr. Schlickman, I would rather . . . ah . . . defer it to someone who is more know, that is the law by the way, but I would rather defer it to someone more in . . . as interested in this as I am, and who is a little bit more knowledgeable about the Law; and this my running mate, . . . ah . . . Representative Sangmeister, please. if you don't mind." Speaker Redmond: "Representative Sangmeister." Sangmeister: "Yes, Representative Schlickman, in answer to your question the present law does not . . . ah . . . require that we go through the procedure of filing a claim with the Court of Claims. It says that the expenses that arise out of this kind of a trial are to be paid by . . . ah . . . the county in which the trial is held and then be reimbursed by the Department of Corrections; and all we're doing is following through on the present law. I also would not adhere to your procedure to the Court of Claims for the simple reason from a practical standpoint. Your legal premise is good; but, yet, as we all know, the Court of Claims is so slow that it would be two or three years before you get your claim settled over there." Speaker Redmond: "Representative Brummet."

Brummet: "Mr. Speaker, a question of the sponsor."

Speaker Redmond: "Proceed."

Brummet: "I'm just curious why this wasn't put in the supplemental appro-

priation for the Department of Corrections. We just got through passing this a few days ago."

VanDuyne: "Ah . . . Well, of course, this is a specific request on the part

of the three of us from Will County, . . . ah . . . Representative. Ah . . . We had no knowledge of the supplementary appropriation for this, and this . . . this is . . . ah . . . supposedly going into a specific account and that is to handle the legal fees of the indigents in the Stateville Penitentiary. Ah . . . I might add that . . . ah . . . there was one other bill brought through here the same way, too, . . . ah . . . for \$25,000 for some other county down south."

Speaker Redmond: "Representative Mulcahey."

Mulcahey: "Would the sponsor yield?"

Speaker Redmond: "He indicates he will."

Mulcahey: "Representative VanDuyne, what . . . according to last week's paper, there was another, they had a little bit of trouble down at Joliet, once again, what kind of a guaranty do we have here in the General Assembly that in six months or a year there will not be somebody else back for another appropriation?"

VanDuyne: "Well, really none . . . ah . . . but you . . . as you under . .

I hope you understand that . . . ah . . . this is the obligation of the Department of Corrections to have money in their fund or in their appropriations to handle these . . . ah . . . legal fees. Now, the error was made in the appropriation to that department, and . . . ah . . . and to compound this thing . . . ah . . . when the judge ordered that Will County, the Treasurer of Will County pay this, every Friday night . . . ah . . . he compounded the issue. So all we're trying to do is get money that the . . . back to Will County that they really have no obligation to spend; and . . . ah . . . there's no guaranty that this won't happen every week or even every day."

Mulcahey: "Was this the request of the Department to introduce this bill?" VanDuyne: "Well, . . . ah . . . no, not really, but this is the way the department wanted it handled. They didn't want to . . . this \$200,000 to get in there and . . . ah . . . and confuse the supplementary appropriation."

Mulcahey: "Thank you."

40. Speaker Redmond: "Representative Barnes." Barnes: "Thank you very much, Mr. Speaker, would the sponsor yield for a question or two?" Speaker Redmond: "He indicates he will." Barnes: "Thank you. Essentially, if I'm correct in following the explanation that was given on the Court of Claims, is it not true that if we appropriate this money in the fashion that's presented before us here on this bill, that we are saying a . . . in . . . in fact that the . . ah . . . state has no vehicle or way to challenge either the extent of a lia . . . liability or the amount of the payments for the lawyers?" VanDuyne: "Ah . . . Representative Barnes, no, that's not true. We are asking for an appropriation of \$200,000, true; but the total . . . ah . . . amount of this trial was just . . . I think it was roughly \$155,000. Now, the . . . ah . . . Department of Corrections has all the right in the World to . . . ah . . . to question this." Barnes: "Well, what I'm saying here, I'm not talking about the Department of Corrections, I'm talking about the General Assembly and our function as it relates to the normal procedure that are involved. As . . . ah . . . Representative . . . ah . . . your fellow Representative from Will County expressed, that normally this is did under the Court of Claims that these kinds of considerations is determined there. The . . . ah . . . nature of the . . . ah . . . legitimacy of the liability in the amount of compensation that is fixed, thereof. Now, what I'm saying here is in the appropriation, as its presented to us, you are asking for some \$122,000 for expenditures for certain legal . . . ah . . . work that has been did with those amounts set out. Aren't we, simply, by passing this bill precluding the state from anymore . . . ah . . . opportunity to challenge whether or not these are actual, in fact, legitimate liabilities at the rate that they are being presented?" VanDuyne: "Ah . . . Representative Barnes, I . . . I would say "no". All you're doing is transferring . . ." Barnes: "Well, what . . . what would be the review process that we will

have after we pass this appropriation?"

VanDuyne: "You are ... transferring the authority from this body to

the Department of Corrections, that's all. They have all the authority in the World to question this and pay only what they think is just." Speaker Redmond: "Representative Simms."

Simms: "Mr. Speaker, to speak, briefly, on the bill, I don't question . ah . . . the state's responsibility; but I think its a poor precedent for every time a specific county has a problem and a reimbursement problem that a seperate legislative bill has to be introduced; and I think it would be incumbent upon the Department of Corrections to set up a policy and . . . ah . . . fund it through the general appropriation rather than to rely on each time a county , . . ah . . . has need for reimbursement for a seperate legislative bill; and I think the most advantageous thing for the Assembly to do at this time would be to withhold their support of this legislation and hopefully the Department of Corrections would include this in their budget; and a much better type of procedure . . . ah . . . for paying these claims and also for taking a closer look at the claims, which I think Representative Barnes and Schlickman were referring to, and I . . . for this reason I'm going to cast a "no" vote based on the principle I think its a poor precedent for the General Assembly to start is to enact seperate legislative bills for each county on a reimbursement basis. Its my understanding, also, there's another county now that's in the same process of having other legislation drafted for the same thing; and I, certainly, don't think we want to be down here considering 102 seperate appropriation bills on an annual basis; and for these reasons, I'm going to vote "no"."

Speaker Redmond: "Representative Flinn." Flinn: "Mr. Speaker, I move the previous question."

Speaker Redmond: "Gentleman has moved the pre . . . previous question. The question is, shall the main question be put? All in favor indicate by saying "aye", oppose "no"; the "ayes" have it. The question is, shall House Bill . . . Representative VanDuyne to close."

VanDuyne: "Ah . . . Ladies, and gentlemen and Mr. Speaker, . . ah . . . I'll just clo . . . close very briefly in saying this that if I believe . . . I agree with Mr. Simms completely; I think some restriction has to be placed on these things; but I think the restriction should be

. . . should be placed on the judges. Ah . . . When a judge can hand down a court order where the counties . . . ah . . . have no other recourse but to pay these things and, thereby, depleting their . . . their closed treasury as it is right now, . . . ah . . . I think we have no other recourse but to pass this bill and then take action as far as . . . ah . . . giving the judges this . . . ah . . . this authority. So I just plead for an affirmative vote, thank you." Speaker Redmond: "Representative Lechowicz, did you rise?"

Speaker Redmond: "Representative Peters? Question is, shall House Bill 885 pass? Those in favor vote "aye", those oppose vote "no". Have all voted who wish? Representative Barnes."

Barnes: "Thank you very much, Mr. Speaker. Mr. Speaker and members of the House, I concur with the problem as it was presented to us in Appropriations II by the Representative from Will County. I think they do have a problem there, but I think if we are to establish here some kind of precedents as has been presented to us to pay these kinds of requests, I think that we should take a real hard look at it. We are, presently, being presented with one request now for this amount of money as its presented in this bill. We have one pending and we have another one on the way. I think that if we set the precedence, we're gonna' run into problems down the line, whereas, we will be paying each low county for every low expenditure that they are forced to make in the courts, and we will be reimbursing them out of the General Revenue funds; and for those reasons, I vote "no"."

Speaker Redmond: "Representative Lechowicz."

Lechowicz: "Very briefly, Mr. Speaker, I want to compliment the Sponsor by taking this bill out of the Record the other day and trying to work out an agreeable method of . . . ah . . . reimbursement; and I would just ask that . . . ah . . . this bill does deserve an "aye" vote. The county had nothing to do with the court order. Representative Shea tried to talk to the court administrator in that area and he also pointed out the fact that we will amend the necessary bills in this Session to prevent this from happening; and I think it deserves an "aye" vote at this time . . . appreciate it."

Speaker Redmond: "This bill is an emergency and it needs . . . its got 107 votes. Any further explanations? Representative Sangmeister."

Sangmeister: "Well, the bill is over so briefly, I just want to respond to Representative Simms; and that is, you know, there's no way the Department of Corrections can see for a contingency where we're going to have riot . . . ah . . . in a . . . a state prison. So that's
the reason that there wasn't enough in their contingency fund to handle this, no more than there was in the County of Will, which only had \$18,000 set aside for this type of a contingency. So that's the reason that we got to come forward in the manner in which we are and I agree with Representative Lechowicz there are other bills on the floor of this House to correct a situation like this and . . . ah . . . take into consideration that these events do happen and prepare properly for them, and in some respect, to . . . ah . . . put the Judiciary in line as to what kind of fees that they may be charging in these cases. So we thank you for your affirmative vote."

Speaker Redmond: "Take the Record. On this question there is 111 "ayes", 22 "no"; and the bill having received the necessary three-fifths Constitutional majority is, hereby, declared passed. House Bill 6."

Mr. Jack O'Brien: "House Bill 6, Kosinski, a bill for an act to amend the Criminal Code of 1961. Third Reading of the bill."

Speaker Redmond: "Representative Kosinski."

Kosinski: "Mr. Speaker, and ladies and gentlemen of the House, this is another step in my eternal fight . . . my eternal fight against the criminal use of firearms. Gun thefts . . . gun theft is skyrocke . . . skyrocketing in the United States according to The Wall Street Journal. As more restrictions go on the use of firearms that rate will continue to skyrate . . . skyrocket, rather. The advantage of using a stolen gun in crime is that such a gun is not traceable beyond the point of theft, making stolen guns a desirable commodity in the crime market. House Bill 6 increases the inference of penalty for theft of the firearm. In my book there's quite a difference between stealing a \$50 fire extinguish . . . extinguisher and a \$50 death-dealing weapon, which el . . . ultimately ends up in a criminal's hands. I ask for your affirmative vote."

Speaker Redmond: "Any discussion? Question is ... Representative McClain. McClain." McClain: "Thank you, Mr. Speaker. Would the sponsor yield to two quick

questions, please.?"

Speaker Redmond: "He indicates he will."

McClain: "...ah...Roman, could you first explain what the penalty is for a Class IV felony."

Kosinski: "Class...Class IV felony."

McClain: "That's the penalty your're ...ah...."

Kosinski: "Yeah. Is ...ah. Excuse me one second while I get my manual

here. A Class IV felony is imprisonment for a minimum of one year.

...ah... Fine--\$10,000 or greater in the amounts stated in defense."

McClain: "O.K. and the second question is, is it not possible for a person

who commits a crime with a weapon to get a lesser sentence than a person now ...ah...convicted of this crime?"

Kosinski: "I didn't answer...understand your question, Mac." McClain: "Is it not possible for a person that commits a crime with ...ah...

a firearm now to receive a lesser sentence than if he would be convicted of this...ah...if this becomes law."

Kosinski: "He would get a potentially ...two things are accomplished here.

A narrow area of theft, other than a person, Mac, or by a launderman who comes into your home, or by a purveyor of goods, or by a servant, or . . . Or by . . . ah . . . the acquaintance walking through your home is . . . is added to the Statutes through this. In addition, what this does is infers that the theft of a firearm is equivalent . . . equivalent to over 150. It puts emphasis on . . . on the theft of a firearm in the court's mind so that the coiut . . . court treats differently the theft of a firearm in its determination of sentence than it might in theft of some other commodity."

McClain: "Yes, sir, I understand your intent of the legislation, what the legislation says. What I'm trying to say is, is it not possible now if this bill becomes Law for a person to get a . . . a more stricter sentence violating this particular bill than he would if he committed a . . . ah . . . crime with a firearm?"

20.225

44.

Kosinski: "Yes, that is...that is, my intention, yes, Mac." McLain: "Thank you."

Speaker Redmond: "Any further discussion. The question is shall House

Bill 6 pass? All in favor vote "aye", those opposed vote "no." All voted who wished? All voted who wished? Take the record. Maragos, "aye".
On this question 144 "aye", one "no." The bill having received the constitutional majority is hereby declared, McMaster's "aye", passed.
22, House Bill 22, Representative Deuster."

Mr. Jack O'Brien: "House Bill 22, Deuster. A Bill for an Act to Amend an Act to Prevent Fraudulent and Corrupt Practices in the Making or Accepting of Official Appointments and Contracts by Public Officials. Third Reading of the Bill."

Deuster: "Mr. Speaker and Ladies and Gentlemen of the House. House Bill 22 is a very, very important measure that takes care of a risk ... a serious risk that every Illinois citizen suffers right now from members of this General Assembly down to every official in local govenment. And that is because the Illinois Corrupt Practices Act is so broad and so unlimited that it in theory and in practice subjects all of us to an extreme risk of being found guilty of a felony, of having our character and good name ruined forever simply because this Act provides as follows `and the only way to describe it is to actually read it and it is short. "No person holding any office either by election or by appointment under the laws or consitution of this State may in any, may in any manner be interested directly or indirectly in his own name or in the name of any other person in any contract or in the performance of any contract" and ...ah...if for example you are sitting on a school board or a village board and you have the slightest interest in a contract...even if you ...ah...for example are an insurance salesman and your company might write the insurance policy for that local unit of govenment or if you hold one share of stock in the General Motors Corporation and your unit of government might buy a GMC truck or something you run the risk of being found guilty of a felony and the penalties under the Corrupt Practices Act for even these technical violations is that the office holder would be subject to a fine of \$200 to \$1,000 imprisonment from one to five years. Every contract would be voided that was made in

violation. You couldn't hold public office for two more years and not only that you can't even sit on the board. We have had many, many instances that we had one out in Crystal Lake in McHenry County where a president for many years of a school board had a hardware store and because the school did some business with his hardware store and because he happened to be unfortunate enough to run for office as a Democrat the Republican State's Attorney took him to the Grand Jury and indicted him and the State's Attorneys of our major counties, many of them feel that they are required under their duties of office to prosecute. And the result of this is that anybody with any conceivable interest who secures legal counsel just won't serve on a local board and the result according to the Kane County State's Attorney his opinion was that ... ah ... actually we are scaring people out of running for office and we are almost to the situation where the only people who will take public office are those who own nothing, know nothing and earn nothing. Now in view of that, House Bill 22 will simply provide this ... That a person may serve on a local unit of government if having an interest in a contact IF ... If he does not vote in any other way then "present" on any matter relating to that contract and provided he , publicly identifies the nature of his interests. This will allow many talented people who serve particularily on local govenment, without any pay at all, to continue to serve even though they might have a technical interest, provided they don't vote and that they publicly identify the' nature of the interest. I think this, this modifies the Corrupt Practices Act in a way that is resonable. I would be happy to answer any questions and I ... ah ... I'll yield to other members for the purpose of questions." Speaker Redmond: "Representative Choate."

Choate: "Mr. Speaker, Ladies and Gentlemen of the House. I only want to make one observation as far as this piece of legislation is concerned. That if this bill is passed, you for all practical purposes are saying that for certain office holders through out the State of Illinois that you will condone a conflict of interest providing they vote "present"

upon the proposition before that board or that body. We have heard a lot in recent months and years about reforming government, improving the public eye...image, improving the public knowledge as far as the public official is concerned and I am saying to you that if you want to improve the public image you don't only go to the middle of that image and you don't go to the top of that image, you go all the way from the bottom to the top. I, for one, will not vote for this legislation and say yes if certain officials in the State only want to vote 'present' then I condone them having a conflict. I think that this bill is in the wrong direction. As far as honesty in govenment is concerned, as far as the public image is concerned, I would ur...urge you to look at the meaning of this bill and then vote 'no'." Speaker Redmond: "Representative Williams."

Williams: ". . . ah . . . Ys, I would like to ask a . . . a question of the Sponsor."

Speaker Redmond: "Proceed."

Williams: "I'm not sure that I heard you right, John, but did you say if you owned any stock in any kind of a company that might ...ah... well...ah...let me give you this example...suppose you owned a few shares of AT&T stock and the Village Board was going to put in a telephone system. ...Ah...would this mean that you couldn't vote on that if you owned a few shares or if you were from Cicero where I imagine almost everyone owns a few shares of AT&T and it would be possible that the entire village board wouldn't be able to vote they owned 2 or 3 shares of AT&T stock. Is that, I mean, do I understand it right?"

Deuster: "That is a very good question. Under existing law that is precisely the case. As a matter of fact, every member of the board would be subject to prosecution and indictment and being found guilty of ...of a felony. Of course, the reason this doesn't happen normally is because State's Attorneys have some self ...res ...some sense of self restraint. But the law does say no person holding any office may be in any manner ...in any manner interested either directly or indirectly and the answer is under existing law the case you site would void that contract and would subject all of the office holders to the penalties of this Act. That's why we need a change in it. Of course, if House Bill 22 were adopted they could sit and they could say because I own shares of stock

in IT&T and we're doing something with the telephones here, I'm not going to vote and that's the nature of my interest. So the purpose of this is to allow them to continue to serve in a ridiculous ...ah... extreme case that you have outlined so that they don't have to be subjected to this or run this risk."

Speaker Redmond: "Representative Shea."

Williams: "...Wait a minute, I have another question here. With the conglomerates that are going on and so forth it would be conceivable that you might not know that that company that you own a few shares of stock in might have merged with some other company. What would happen in the case that ...ah...you didn't know that that company had an interest in the ...."

Deuster:

5 2AG.

er: "First of all, under existing law, whether you knew or didn't know, you'd be in trouble. Under the bill you would at least take care of those cases where the person did know what his interest was. And I think, in most cases, we have narrowed the risk to a very small area where you might have an interest you didn't know about. ...ah... because I think even though we still haven't provided the perfect answer, I suppose the perfect answer would be to repeal the Act but I don't think that's appropriate. I think if we take a step in the direction of allowing them to serve on local units of government that would be helpful."

Williams: "All right, thank you very much."

Speaker Redmond: "Representative Shea. Representative Lechowicz."
Lechowicz: "Thank you, Mr. Speaker, the sponsor has indicated and he's quoted the existing law quite extensively, and I'd like to know what the existing law is because . . . ah . . . under my recollection, it was if you had over 5 percent then . . . ah . . . you would have to have a beneficial interest in the corporation. Am I wrong?"
Deuster: "Ah . . . I would like to direct . . . ah . . . your attention

and the attention of every member to an article that appeared in the . . . ah . . . April addition of Illinois Issues, which sets this all out; and the answer is, actually, there is no limit. Ah . . . In some other states, they have tried to define what a minimal interest is, but in our state under the law as it stands now there is no . . .

## JPR 23 1975

49.

ah . . . limit. As a matter of fact, Representative Lechowicz, I was thinking of trying to define a minimal interest, which is really what we're trying to take care of; but even if you define 'minimal' . . . ah . . . you leave some confusion, because a judge might interpret what a local official thought to be minimal as substantial and he'd run the risk. So in order to take the risk out, I didn't put that adjective in. But the answer is under Illinois law, there is no percentage definition, no kind of definition that I know at all that would . . . ah . . . that would say there was no area of risk. The Statute as is stands says, 'any man . . . interested in any manner directly or indirectly in any contract'. So to my knowledge, at least, there's no limit, whatsoever, under existing law; and all you . . . all we local officials from top to bottom, us, the Governor, school board members, everybody; the only thing we can trust on is that our state's attorney is gonna' have some good sense and a sense of self-restraint and not go after any of us for a . . . a minimal . . ah . . . minor . . . ah . . . conflict."

Speaker Redmond: "Representative . . . proceed." Lechowicz: "Mr. Speaker, if I may address myself to the bill?" Speaker Redmond: "Proceed."

Lechowicz: "Thank you, Mr. Speaker, ladies and gentlemen of the House, I think this bill goes in the complete opposite direction in what this House voted and . . . on a number of years ago. If that is true what Representative Deuster just pointed out as far as the interest in contracts when . . . under the present Statutes, I'll probably go along with the bill giving a . . . a minimum as far as the stock ownership in various corporations. I don't think it was the intent, in fact, I bélieve in our own statement of economic interest that its . . . ah . . . anything above a certain percentage; then, in turn, you've got to declare it, but I think that when you take everything away and state that, the person should only state to these voting 'present' that I think its . . . ah . . . probably the wrong direction. This bill should be defeated or held and amended properly."
Speaker Redmond: "Representative Shea. Representative Mautino. Mautino."

#### GENERAL ASSEMBLY STATE OF ILLINOIS HOUSE OF REPRESENTATIVES

HOUSE OF REPRESENTATIVES

Speaker Redmond: "He indicates he will."

Mautino: "Ah . . . Representative Deuster, is it not true under the

Corporate Laws of the State of Illinois that in the area of licensing if . . . if you own less than five percent, or excuse me, if you own more than five percent of the outstanding stock, is it not true that you would then, therefore, be in conflict and not eligible for a license under the corporate division because of that statute? Any corporation that's licensed by the State of Illinois and, whereby, an employee or an interested person would have more than five percent of stock, you would, therefore, be in conflict of interest if they did any business with the State of Illinois or any governmental body, is that not true?"

Deuster: "Well, if . . . if that is true, that's an . . . that's . . . that's another part of the law. What we're dealing with here is the Corrupt Practices Act, which has no such limit."

Mautino: "I see, but there are other statutes that deal with the same problem, is that not true?"

Deuster: "There are . . . yes, the truth is there are provisions that touch on this in the School Code and . . . ah . . . also the Municipal Code, but there is also the Corrupt Practices Act that we're dealing with right now; and there have been court cases that . . . ah . . . indicated that there . . . they see no limit, whatsoever, here. As a matter of fact, a collective bargaining agreement was set aside and held void by a court this year or late '74, I forget which, I believe I have it here, because . . . because . . . ah . . . there happened to be a husband who was a school teacher and the wife was serving on the board and even though in that case she didn't even vote, she voted pass and identified her interest, they held the contract void because of that . . . ah . . . interest. But the courts number of decisions I have here and the opinions of the State Attorneys . . . State's attnorneys are that . . . ah . . . its and here is a quote, 'this simply points up the fact that the State's attorney of any county has virtually complete and unchecked discretion as to when to prosecute a suspected violation of the statute'. The opinion of the State's attorney's and a number of court cases, there are no

ŧ

limits."

Mautino: "Well, we . . . we differ on that point, but the case you men-

tioned was in Lee County, I believe . . ."

Deuster: "Yes."

Mautino: ". . . Lee County, and . . . ah . . . on the other area, I do know is five percent on the conflict of interest. Its a very wide area in a great, great scope. I commend you for trying, but I think its a little wider than what you purport. Thank you, sir."

Deuster: "Ah . . . yes."

Speaker Redmond: "Representative Craig."

craig: "Well, Mr. Speaker and members of the House, I was one of the very few in this General Assembly that didn't vote for this ethics bill when it was first started. I felt then and I feel like now its coming back to haunt you 'til you find out you want to start making exceptions; and I don't believe that its any good to make these exceptions for this individual but not for this one. All you're saying is you want no one to be in any public life of any sort that has any interest that knows anything about anything, you don't want them in there because they've got conflicts. We have seen this many times in our local area. For instance, a man worked at a bank and was on a school board, and because he was on that school board, he either had to resign from working at the bank, take the funds out of the bank, one or the other, he had his choice. He gave up the school board. It just so happened to that particular bank at that time was bidding the highest interest rate for the school fund of any of the banks that bid on it. Now, these are the ridiculous things that's come about under this ethic statement. I think the only thing wrong with Mr. Deuster's bill, he ought to take all of it out, not just this man or that man; and I will oppose on those grounds."

Speaker Redmond: "Representative Deuster. Representative Satterthwaite." Satterthwaite: "I have a . . . a question. The . . . the bill in my Bill Book, which is numbered House Bill 22, has something to do with dead animals found on the highway; and I don't understand . . . ah . . . you know, I try . . . I was trying to look up the language of this bill, and I find that there is confusion in our Bill Books on it."

### APR 22 1975

52.

Speaker Redmond: "Representative Deuster, can you explain the problem?" Deuster: "Well, thi . . . this sort of a problem has happened before. I

suggest that you look on the date of your synopsis, you're not looking on the . . . ah . . . final . . ."

Satterthwaite: "I did . . . I did look on my synopsis and it looks all right, but in my Bill Book, apparently, two bills have been mixed into one here."

Speaker Redmond: "Representative Deuster."

Deuster: "Well, I don't know anything abut dead dogs." Shea: "Well, Mr. Speaker, evidently, when the bill was turned in to the

Clerk, not only was the face sheet on the one-page bill put in, but, evidently, there was another one of Mr. Deuster's bills stapled along with it; and the Clerk sent it to the printer that way and no doubt came back that way. I think it should only be the face sheet and page

l; its a one-page bill."

12114

Speaker Redmond: "Representative Deuster."

Deuster: "Oh, yes, now it comes to me. The Legislative Reference Bureau had a billpretaining to dead dogs that didn't belong to me and . . . ah . . . it was accidentally stapled to this bill; and I think the Clerk

or somebody said, 'well, they'd just disregard it'. It was not my bill, I have had a cat bill, but nothing doing with dead dogs." Speaker Redmond: "Wonder if the Clerk can shed a little light on this? The

bill . . . the bill that's in the possession of the Clerk is the correct bill and . . . and the subject matter defined is the correct one. It has nothing to do with dead dogs. Yeah, yeah, the question is, shall this bill pass? Those in favor indicate by voting "aye" and oppose vote "no". Representative Deuster."

Deuster: "Well, normally, the sponsor closes, I know everybody's heard enough about this, but this is a subject that takes a little courage and guts because, . . . ah . . . you're right, it does qualify the . . . ah . . . the beautiful Ethics Act that we have on the book, but some day this ought to be a good rule called, "Remember", because you're going to have a dear friend or it might even be yourself being indicted somewhere because of the ridiculous state of this law. It needs qualification and it needs modification; and I recognize its a

53. sensitive area and I appreciate those few of you who are voting "yes." Speaker Redmond: "Representative Totten." Totten: "Thank you, Mr. Speaker. I was going to explain my vote but apparently this bill is a dead dog." Speaker Redmond: "Have all voted who wish? Representative Deuster." Deuster: "I would like after the record is taken...ah...to put this on the order of Postponed Consideration because a ... nope.... Well, I'm ... ah. .. I'm sorry but Representative Lechowicz suggested maybe an amendment could ... ah ... repair it and out of respect to that side of the aisle I would 12ke to try that." Speaker Redmond: "The gentleman has asked that the bill be put on Postponed Consideration. does he have leave? Placed on Postponed Consideration. Representative ... ah... Shea. On Deuster.... ah... The record was taken on that was it? No. no...it's on Postponed Consideration." Deister: Well, I had asked that after the record is taken that it be placed on the order of postponed .... Speaker Redmond: "Once you take the record, I think it's too late to move to put it on Postponed Consideration. Representative Shea." Shea: "Mr. Speaker, members of the House. In the posting before Appropriations Committee, House Bills 1134 and 1135 were posted as House Bills 1034 and 1035; and House Bills 1041 and 1042 were not sent to the Committee on Assignments and read in until yesterday...so I would move that House Bills 1134 and 1135 and House Bills 1041 and 1042 can be heard this week in Appropriations if posted through today. House Bills 1041 and 1042 are Mr. Lechowicz's bills with regards to a bonding ...ah. bills and 1134 and 1135 are Mr. Rayson's bills. I think they are on

some kind of gun control. So I would move that we do suspend the rules to hear those four bills this week if posted by today."

Speaker Redmond: "The gentleman has moved that we suspend the rule on posting. All those in favor vote...all those in favor vote "aye", opposed vote "no". Representative Matijevich."

Matijevich: Mr. Speaker and members of the House. Could I add a couple on there. I talked to the Leadership on both sides the aisle should ... inadvertence...House Bill 1964 and there's some poetic justice to it and we need ...ah...107 votes for Harold Katz's bill ...ah ... to ... ah ... have that heard in the Executive Committee ...ah...this week. Also,

iling of a com

54.

House Joint Resolution #38 ...ah...Representative Washburn. I had promised to have heard this week. And...ah...House Bill 2966 was supposed to be referred to another committee and it wasn't done on time so it wasn't posted and we have to hear that this week. So I would like to have 2196 and I would like to add that to this Roll Call." Speaker Redmond: "Gentlemen have leave to add those to the previous motion.

Representative Shea."

Shea: "There ain't no objection, they will be added."

Speaker Redmond: "Have all voted who wish. Take the record. On this question there are a 116 "aye", no "nay." The motion is adopted. Representative Shea. Resolution?"

Shea: "Mr. Speaker, I would like leave to table House Bill 2211 which I am the chief sponsor of and it seems that...ah...the Department of Transportation and the Department of Law Enforcement have worked out their differences so I would now move to table that bill of which I am the chief sponsor."

Speaker Redmond: "Does he have leave? The bill is tabled." Shea: "All right, Now, Mr. Speaker, I would move that this House stand in

adjournment until 11:15 A.M. tomorrow morning."

Speaker Redmond: "We have some agreed resolutions, will you hold the vote on that? Representative Stone."

Stone: "Mr. Speaker and Ladies and Gentlemen, there will be a meeting of the Higher Education Committee at 2 o'clock. It is not on the calendar but this is a recessed meeting so I think we will be all right. We will meet at 2 o'clock."

Speaker Redmond: Agreed Resolutions."

Mr. Fred Selcke: "House Resolution 222, Yourell; House Resolution 223, Fary, et al. House Resolution 224, McCourt. House Resolution 225, Kucharski, et al."

Speaker Redmond: "Representative Giorgi." Giorgi: "Mr. Speaker, House Resolution 222 by Yourell "and ashur an a men". Resolution 223 by Fary honors Monsignor John 'Kozul'. Resolution 224 honors the Monsignor Eugene Vincent 'Mokahee'. And 225 honors Mr. and Mrs. Mitchell 'Surfan' of Peoria and I move for the adoption of the Agreed Resolutions.

Speaker Redmond: "Gentleman moves for the adoption of the

Agreed Resolutions. All in favor say "aye", oppose "no"; the "ayes" have it. The resolutions are adopted. Representative Fennessey." Fennessey: ". . . Speaker and members of the House, I would like to announce that the Elections Committee will meet at nine tomorrow morning

in Room 122A."

Speaker Redmond: "Representative DiPrima."

DiPrima: "Mr. Speaker, . . . ah . . . the Veteran's Affairs Committee is

listed on the Calendar as meeting on Wednesday at 4:00 o'clock. We are meeting tomorrow morning at 9:30 and then at 4:00 o'clock tomorrow, and not on Wednesday as it is listed in the Calendar."

Speaker Redmond: "Thank you. Representative Maragos."

Maragos: "Mr. Speaker and members of the House, on behalf of the Revenue Committee, we'd like to announce that we are starting 8:00 a.m. sharp tomorrow, we have a lot of bills; and if you want to get out early Friday, please, all the sponsors bring all the bills that they have that have been posted, because they'll have a long day tomorrow. We'd like to get started early. Coffee and will be provided for the committee and any special guests. Thank you."

Speaker Redmond: "Representative Pierce."

Pierce: ". . . Speaker, . . . ah . . . the Environment, Energy and Natural Resources Committee will meet today, Monday, at 2 p.m. in the broom

closet, Room 122A."

Speaker Redmond: "Representative Lucco."

Lucco: "Mr. . . . Mr. Speaker, I'd like to have leave to table House Bill 1334. I am the main Sponsor of that bill. I have a duplicate bill."

Speaker Redmond: "All right, objections?"

Lucco: "Table 1334."

Speaker Redmond: "Objections? The bill is tabled. Representative Geo-

Karis. 1334, it was 1334, wasn't it, Representative Lucco? Representative Geo-Karis."

Geo-Karis: "Ah . . . Mr. Speaker, and ladies and gentlemen of the House, the Energy Seminar that was scheduled for tomorrow night for the legislators has been cancelled in view of the fact that we have pressing legislative work, will be resumed May 6."

Speaker Redmond: "Representative Hanahan."

Hanhan: ". . . er and members of the House, the House Appropriations Subcommittee on the State Fair will meet immediately up in Room 512 immediately upon adjournment."

Speaker Redmond: "Representative Barnes. Barnes."

Barnes: "Thank you, Mr. Speaker. Mr. Speaker and members of the House, Tra . . the Transportation Subcommittee that will be hearing House Bills 1727, 1815, 1816 and 2687 will be tonight at 8 p.m. in Room El in the State Building, Room El, 8 p.m."

Speaker Redmond: "Anything further? Question is on the motion of the gentleman to adjourn 'til tomorrow at 11:15. All in favor say "aye", oppose "no"; the "ayes" have it. We stand adjourned. Representative Deuster, look at Rule 38."
