1.

Doorkeeper: "All persons not entitled to the House floor, please retire to the gallery."

Speaker Redmond: "The House will come to order and the Members please be in their seats. We will be lead in prayer by the Reverend Kruegar, the House Chaplain."

Reverend Kruegar: "In the name of the Father, and of the Son, and the Holy Ghost, Amen: O Lord, bless this House of Thy service this day. I ask you again to join me in prayer for the health of a former Governor of this State. I consider the days of the old and the years that have passed. Hear O Lord we beseech Thee these our prayers as we call upon Thee on behalf of Thy servant, Otto, and bestow upon him the help of Thy merciful consolation, through Jesus Christ, our Lord. Amen: Contentment has been defined as to make work a pleasure, wealth enough to support your needs, patience to toil until some good is accomplished, strength enough to battle with difficulties and overcome them, grace enough to confess your sins and forsake them, charity enough to use, or rather, see some good in your neighbor, love enough to make you useful and helpful to others, hope enough to remove all anxious fears concerning the future and faith enough to make real the things of God. Let us pray for contentment. O God, the sure defense of all who trust in Thee, we beseech Thee, give us contented and trustful hearts, but casting all our cares on Thee and bearing all our trials cheerfully we may be united to Thee in Thy love of this world and finely by Thy mercy, obtain that eternal reward which Thou hast prepared who trust in Thee, through Jesus Christ, Our Lord. Amen."

Washburn: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Would the records show that Representative Tuerk is absent, due to illness."

Speaker Redmond: "Any objections? The record will so show. Members might be interested to know that the Chaplain made the observation that the House was going bananas today... Representative Luft, would you put him on the ah... Roll Call. House Bill, Second Reading appears House Bill 3405... Representative Friedrich..."

Friedrich: "A point of inquiry, Mr. Speaker. I knew that Illinois went pretty far south and we grow cotton but, I didn't know it went far enough south to grow bananas."

Speaker Redmond: "The Chaplain had observed earlier that the House was going bananas today...."

Clerk O'Brien: "House Bill 3405, a Bill for an Act to provide the ordinary contingent expenses of the Commission on Delinquency Prevention. Second Reading of the Bill, no Committee Amendments."

Clerk O'Brien: "House Bill 3406, a Bill for an Act to provide for the ordinary contingent expenses of the Emergency Services and Disaster Agency. Second Reading of the Bill, one Committee Amendment, Amends House Bill 3406, on page 1, line 33 and so forth."

Speaker Redmond: "Representative Byers."

Byers: "Thank you, Mr. Speaker. This Bill has been made part ah... Mr. Speaker, this Bill has been made part of another package ah... are we going to proceed with this Bill?"

Speaker Redmond: "We probably better take this out of the record...."

Byers: "Take it out of the records, for now."

Speaker Redmond: "Take it out of the record, for now. 3409, Representative Satterthwaite, is that also one of those package Bills? Let's take that one out. 3410, out... 3479."

Clerk O'Brien: "House Bill 3479, a Bill for an Act to amend Sections of an Act in regard to the attachments. Second Reading of the Bill, one Committee Amendment."

Speaker Redmond: "Representative Darrow."

Darrow: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. This is basically a technical Amendment, what it does is, provide that the plaintiff in an attachment hearing must prove his case by a preponderance of evidence. The way the Bill was originally drafted, he must prove his case both after post seizure hearing and again on the hearing of the complaint. I would move for adoption."

Speaker Redmond: "Any discussion? The question is on the adoption of the Gentlemans motion to adopt Amendment #1, all in favor indicate by saying 'aye', opposed 'no'. The 'ayes' have it and the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

House Resolution 782, Riccolo ah... congratulates Dwights Fire Department for its hand. Ah... Mr. Speaker, I move the adoption of the Agreed Resolutions."

Speaker Redmond: "The question is on the adoption of the Resolutions, are there any discussion? All those in favor of the adoption of the Resolutions indicate by saying 'aye'... 'aye', opposed 'no'. The 'ayes' have it and the Resolutions are adopted. Further Resolutions."

MAY 9 1978

6.

Clerk O'Brien: "House Resolution 777.... Joint Resolution 92."

Speaker Redmond: "Speakers Table. Senate Bills, First Reading."

Clerk O'Brien: "Senate Bill 1635, Holenwinski. A Bill for an Act to provide for the ordinary contingent expenses of the Commission on Children. First Reading of the Bill."

Speaker Redmond: "House Bill, Second Reading. On House Bills, Second Reading appears House Bill 3392."

Clerk O'Brien: "House Bill 3392..."

Speaker Redmond: "Representative Jaffe.... I have been advised that ah... there are some new Amendments that have not yet been printed, so we won't be able to proceed this... I understand that we have them now... they are on a current basis, Sir."

Clerk O'Brien: "House Bill 3392, a Bill for an Act to provide for the ordinary contingent expenses of the Department Children and Family Services. Second Reading of the Bill ah... two Committee Amendments, Amendment #1, amends House Bill 3392 on page 1, line 26 and so forth."

Speaker Redmond: "Representative Jaffe."

Jaffe: "Ah... Committee Amendment #1, is a... Amendment #1 is a Committee Amendment that takes out approximately a million point two dollars out of the budget of Children and Family Services and I would move its adoption."

Speaker Redmond: "Any discussion? The question is on the adoption of Amendment #1, to House Bill 3392. All in favor of the adoption will indicate by saying 'aye'... 'aye', opposed 'no'. The 'ayes' have it, the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "Ah... Committee Amendment #2, failed in Committee. Amendment #3... amends House Bill 3392 on page 12, by deleting line 29 through 35 and so forth."

Speaker Redmond: "Representative Jaffe."

Jaffe: "Ah... this is also a Committee Amendment, it changes no dollar figure... all it does is break out some line items in some more specific areas and I would move its adoption."

Speaker Redmond: "Any discussion? The Gentleman has moved the adoption"

MAY 3 1976

7.

of Amendment #3, all in favor of the adoption indicate by saying 'aye'... 'aye', opposed 'no'. The 'ayes' have it and Amendment #3, is adopted. Any further Amendments?"

Clerk O'Brien: "Amendment #4... Amends House Bill 3392 as amended in Section 4, by deleting 'foster care' and so forth."

Speaker Redmond: "Representative Jaffe...."

Clerk O'Brien: "That's Gerald Bradley."

Speaker Redmond: "Representative Bradley."

Bradley: "Mr. Speaker, and Ladies and Gentlemen of the House. All Amendment #4 addresses itself to, is a.... inequity, I believe in... the payments that we make to foster parents and those parents that take care of children coming into their homes and what I attempted to do with this Amendment, is to add dollars to the area in this legislation that make payments... or allow us to pay the foster parents ah... for their care they provide for these children in their homes. And, at the same time I have deleted the same number of dollars from the ah... Institutional line items so that we are not increasing the budget in ah... this particular Department but, we're asking you and indicating to the Department that we think more money should be given to... foster care children and with hope; that, more parents will become foster ah... foster parents, so I move the adoption of Amendment #4, to House Bill 3392."

Speaker Redmond: "Representative Grotberg."

Grotberg: "Mr. Speaker, will the Sponsor yield?"

Speaker Redmond: "He indicates that he will."

Grotberg: "Ah... Representative Bradley... ah... you are trans... I don't have a copy of your Amendment first of all, but you are transferring Institutional Care money to... the foster care line of the budget... is that...."

Bradley: "That's what we're doing, yes Sir."

Grotberg: "And, how many dollars are you talking about."

Bradley: "We're going from the ah... the foster care line item was nineteen million, and we've increased it to twenty-four million

MAY 3 1973

8.

and for Institutional Care Group Home ah... with twenty-three million, we have reduced that to eighteen three, six for even distribution dollars."

Grotberg: "Well, then Mr. Speaker, may I address the Amendment. I gather by this Amendment, and I understand what the Gentleman is trying to do but.... we're reducing the ah... Institutional Care line by some five millions of dollars and I have every ah... sympathy for the foster care people of course, in this line but, that is not the method to achieve it. I ah.... you know if we're going to do this let's just appropriate money for that line, Representative Bradley, I... and I would be kinda supportive of.... some other route but the... the Institutional Care line has been very carefully budgeted, there is no growth... sufficient growth in it at all, this year and those same cost have accrued to the Institutional Care... ah.... I just have to disagree with... looking at that line for this five million dollars ah... the other day in appropriations, I attempted to flat out put a quarter.... or three quarters of a million dollars ah... into another line but I didn't borrow it from any other line and we got the Amendment on, but the Bill died, so we had to strip it off in Committee to get this Bill out the way you see it now and I have another Amendment coming up that makes ah... restores two positions that we took out that budget for about thirty-five or fifty thousand dollars, something like that. But, ah... to use this method to get at the foster care needs and I get the same mail that you do, and I'm deeply involved in it... if this gonna be ah.... it's the principal that we're going to deal with, I think that we should ah... deal with it either on this Amendment and defeat your Amendment or sit down and take another look at the whole situation, Representative Bradley, otherwise I have to oppose the Amendment."

Bradley: "Well, the only reason for reducing the amounts on the Institution
Representative Grotberg, was to stay in the spirit, I hope of
this budget section that we're in and met our obligations ah...

session X

MAY 3 1975

that if we do increase in the amount of dollars somewhere along in the ah... in these appropriation Bills, that at the same time we would meet our responsibilities by reducing it in the same area."

Grotberg: "Well, Mr. Speaker, may I continue with the dialogue... I presume that somebody is going...."

Speaker Redmond: "I thought...."

Grotberg: "... move us out of order, pretty soon."

Speaker Redmond: "I thought that ah... it's right here, Representative Jaffe."

Jaffe: "Thank you. Ah... Mr. Speaker, I... I rise in opposition to Amendment #4. Ah... basically what you're doing is, you're taking five million dollars away from Institutional Care and we do have children in those Institutions and do have to pay for them. Ah... Institutional Care asked for literary ah... no increase this year. And, basically what you would do if you adopt this Amendment.... is that you would simply Institutional Care in the State of Illinois and we would not be able to pay our bills to the Institutional Care people. I would therefore urge an opposition and a 'no' vote to Amendment #4."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Ah... will the Sponsor of the Amendment yield?"

Speaker Redmond: "He says, he will."

Ryan: "Representative Bradley, I believe that ah... your error... your Amendment is technically incorrect ah... on your first line there for foster care, you've got nineteen million, five-hundred and fifty-five thousand and four hundred dollars and I believe that figure should be, nineteen thousand, five five one and 400. I think that your Amendment is technically wrong."

RECEIVED 3 1976

Amendment #3, that we adopted prior to this has got that figure in as nineteen, five five one and 400 and you've got it in at nineteen, five five five 400:"

Bradley: "Well, if we were fortunate to get this Amendment on, we could ah... change that ah... later on, Representative Ryan, ah... I was depending on the ah... staff to come up with the right figures I assumed that ah... that was ah.... right ah... I'm not sure that they ah... wrong or your're wrong, I wonder if the Clerk would take a look at that and see what the ah... figure is... on the legislation."

Speaker Redmond: "Meantime, Representative Dunn."

Dunn: "Thank you ah... Mr. Speaker. I have a question if the Sponsor would yield, I'm really not sure that its a proper question for him ah... but I'll ask the question and maybe someone can answer it. Ah... what is the position of the Department with regard to this Amendment?"

Bradley: "I don't think the Department has ah... taken a position, at least to the best of my knowledge ah... on this Amendment ah... period, John?"

Speaker Redmond: "Representative Jaffe, for what purpose do you rise?"

Jaffe: "Ah... Mr. Speaker, I... I don't think that the last ah... statement by Representative Bradley is correct. Ah... the Department has the Children Institutional ah... care facilities and they have to take care of those individuals and I feel that the Department position ah... that they would be in opposition to this Amendment."

Dunn: "Thank you."

Speaker Redmond: "Representative Leverenz."

Leverenz: "Thank you, Mr. Speaker, would the Sponsor ah... yield to a question?"

Speaker Redmond: "He will."

Leverenz: "Will this... change in funding ah... will any of the money go to fund a program known as kaleidoscope."

Bradley: "I certainly hope not."

Leverenz: "Thank you."

Bradley: "Mr. Speaker... as to the best of my knowledge ah... I did not have an opinion from the Department one way or another, that was an honest remark ah..."

Speaker Redmond: "Mr. Clerk, did we ascertain the... nineteen million or nineteen thousand? Representative Bradley, the Clerk advises me that there is ah... a mistake in the ah... discrepancy in the Amendment... it talks about deleting ah... nineteen million, fifty-five, four hundred where as the figure is nineteen million, five fifty-one four hundred. Presume that it could be corrected on..."

Bradley: "Why..."

Speaker Redmond: "I don't know where...."

Bradley: "That's what I was going to suggest, we could correct that...."

Speaker Redmond: "Any objections to correcting it on its face? Nineteen million, five fifty-one... Representative Ryan."

Ryan: "Why, I would object to that, Mr. Speaker, because I'm opposed to the Amendment."

Speaker Redmond: "Well, that's not a valid reason."

Ryan: "It certainly is."

Speaker Redmond: "We've done that before...."

Ryan: "You asked if there was any objections and I...."

Speaker Redmond: "The record will note, Mr. Ryan's objection. Representative Walsh."

Walsh: "Well, Mr. Speaker... that makes the copies that were distributed to the Members incorrect and ah... I... I think this is too serious of a matter to correct on

MAY 8 1976

its face. I think you ought to get the...."

Speaker Redmond: "Okay, we'll take it out of the records then. We'll be here, July 4th. Take this one out of the record. Any other Amendments? I think that we might as well take the whole thing out of record, as long as this Amendment..... any further Amendments, other than Amendment 4.... Amendment #5, Representative Grotberg."

Clerk O'Brien: "Amendment #5, Grotberg. Amends House Bill 3392, on page 4, line 1 and so forth."

Grotberg: "Yes, Thank you....."

Speaker Redmond: "Representative Grotberg."

Grotberg: "Thank you, Mr. Speaker, ah... Amendment #5, assuming Representative Bradley will support this as strongly as I opposed his Amendment.... ah... restores simply restores the badly needed nursing position at the Illinois Children's Hospital school and two Cottage Parents at the Illinois School for the Deaf, they are short two Cottage Parents to ah... maintain 24 hour ah... staff at the several Cottages for a total of net increase of some sixty-five thousand, eight hundred and ninety-eight dollars, included in this is a transfer and a reduction of twelve hundred dollars of State funds ah... transferred out and transferred in of twelve hundred dollars in Federal Funds in the equipment line. The net affect of this is to add to the Children and Family Services total budget ah... sixty-five thousand eight hundred and ninety-eight dollars in General Revenue Fund. This is a commitment as we reduce their budget in Committee ah... that I and several Committee Members made to restore those two badly needed jobs that got caught in the ah... process as we reduced the personnel lines in staff and Committee work. I would appreciate adoption of Amendment #5."

MAY 3 1976

13.

Speaker Redmond: "Representative Jaffe."

Jaffe: "Ah... we have ah... we have no opposition for this particular Amendment, Mr. Speaker and I would move its adoption."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker, would the Gentleman yield on the Amendment?"

Speaker Redmond: "Yes."

Ryan: "Representative Grotberg, how much money is appropriated now ah... in that.... you're trying to put in another approximately sixty-six thousand dollars, is that correct?"

Grotberg: "That's correct, Representative...."

Ryan: "I presume...."

Grotberg: "A hundred and fifteen million dollars appropriated there with 2% transferability."

Ryan: "So, do you think that money could be transferred rather than adding another sixty-six thousand dollars to this budget?"

Grotberg: "Ah.... it's a transferability... with, between Institutions, Representative?"

Ryan: "Yes."

Grotberg: "I'm assuming then, that you would be talking about total transferability capability on a million..."

Ryan: "A hundred and thirteen million."

Grotberg: "A hundred and thirteen million as some twenty millions of dollars.... be in total.... that's 2%... no, it would be two million dollars spent...."

Ryan: "Right."

Grotberg: "... for ability ah... I have no response to that question other than to the.... these line items refer to specific institutions and ah... what that does to transferability that you're speaking of, I have no idea."

MAY 3 1976

14.

Ryan: "Well, it's possible to do ah... Representative Grotberg and probably should be done that way and based on that reason I'm going to have to oppose your Amendment as it grieves me."

Speaker Redmond: "Any further discussion? Representative Lechowicz."

Lechowicz: "Thank you, Mr. Speaker... I'm sorry, Representative Ryan, were you completed? George... were you completed?"

Ryan: "Yeah, I'm done."

Lechowicz: "You posed a very important question, Representative Ryan, as far as transferability factor and ah... I think it was pointed out that it is available between institutions... and now we are highlighting in Amendment #5, the... return of two employees for the Illinois Children Hospital School and what was the total cost? Well, he pointed out before that there were two employees at a cost of sixty-eight thousand dollars... what two employees are they?"

Grotberg: "Ah... let me go into it just a little deeper, Representative Lechowicz. It restores a ten thousand dollar position at the Hospital School, and two positions at the Illinois School for the Deaf... I'm sorry, seven... seven Cottage Centers, my numbers are wrong. So, it's a total of eight positions... seven Cottage Parents at the Illinois School for the Deaf at fifty-five thousand which puts them in at about ah... nine thousand eight or nine thousand dollar position and the fringe ah... gets generally the same because the fringe was budgeted in the first place and left alone..."

Lechowicz: "How long was the positions vacant?"

Grotberg: "The positions, as I recall, the vacancy... in appropriations debate ah... we were assured that they had all been filled, at this point in time, my records

MAY 3 1974

15.

showed that a number of ah... vacancies in the whole Children Family Services of ah... a considerable number of vacancies as of six months ago. The Department Director, testified that these positions are still... the ones that we're talking about, that they are new positions."

Lechowicz: "You are requesting additional positions..."

Grotberg: "Here we are... yes, at seven... at seven thousand dollars and thirty-eight... seven thousand and thirty-eight dollars annual. Child care service workers, two, for a total of forty-nine thousand, two-sixty-six, that is the School for the Deaf. As I understand it, it is the night crew for 24 hour ah... round the clock and to reduce the racial staff student. I've been out there Representative Lechowicz, you know me, I wouldn't stand for much to go unneeded."

Speaker Redmond: "Representative Tipword, please. Representative Jaffe, to close... Representative Grotberg."

Grotberg: "Yes, as I understand it there is presently a forty-five to one staff ratio in these Cottages and this will reduce the staff ratio as well as ah... add ah... twenty-four hour coverage, for the kids and these are the more combined disabled kids... either than deaf some of them are retarded and of high need for personal care."

Speaker Redmond: "The question is on the adoption of Amendment #5, to House Bill 3392. The Gentleman has moved the adoption of the Amendment, all in favor of the adoption indicate by voting 'aye', opposed by voting 'no'. Have all voted who wished? Representative Grotberg."

Grotberg: "Well, thank you, Mr. Speaker. Ah... just to explain my vote. The whole principal of these positions in spite of the opposition of this Amendment, is that

MAY 3 1976

indirect care to kids... ah... the State does some pretty bad things into direct care to kids and others do things pretty well. The State School for the Deaf does it well, and my position is, where the State does do things well, we should darn well make sure that they can get the job done. If... if... I can think of other Institutions lines that I would amend the other way, including many other Institutions as well as the Children and Family Services, but until you have been to Jacksonville and seen the job that's going on it would be very difficult to appreciate that this here is one of the better run schools and if this will help it, I think the General Assembly should express itself to such an Amendment ah... for these relative few dollars for direct services to kids on a twenty-four hour basis. I ask your support."

Speaker Redmond: "Have all voted who wished? This requires a simple majority. The Clerk will take the record. On this question 50 'ayes' and 35 'nos', the motion prevails the Amendment #5 is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Representative Bradley."

Bradley: "Mr. Speaker, I never did really hear what happen... what the disposition with Amendment... my Amendment #4."

Speaker Redmond: "We took it out of the records, temporarily there was that mistake, there were objections made..."

Bradley: "Well, could we hold this... we're having the mistake ah... corrected, it should be back on the floor any minute ah..."

Speaker Redmond: "I understand the Clerk has it in Amendment #6."

Bradley: "Amendment #6, fine."

Clerk O'Brien: "Amendment #6, Gerald Bradley. Amendments

House Bill 3392, as amended in Section 4, by deleting and so forth."

Bradley: "I have already explained the Amendment is the same as Amendment #4, but technically correct now... I offer Amendment #6, to House Bill 3392."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker, what happen to Amendment #4... now that's been taken out of the records?"

Speaker Redmond: "That was taken out of the record, as I... assume that we'll Table that very shortly."

Ryan: "Has Amendment #6, been distributed?"

Speaker Redmond: "Mr. Clerk... will you ask that Gentleman to stop bothering you...has Amendment #6, been distributed?"

Clerk O'Brien: "No."

Speaker Redmond: "I understand that it has not. We'll take 3392 out of the record until.... Representative Bradley."

Bradley: "Well, Mr. Speaker could we Table Amendment #4, while we're here, so the only one that will be left to address ourselves to...."

Speaker Redmond: "Any objections to Tabling Amendment #4, hearing none, Amendment #4 is Tabled. We'll take 3392 out of the record. House Bills, Second Reading appears House Bill 3380."

Clerk O'Brien: "House Bill 3380, a Bill for an Act to provide for the ordinary and contingent expenses of the Department of Labor. Second Reading of the Bill, two Committee Amendments. Amendment #1,...."

Speaker Redmond: "Representative Walsh."

Walsh: "Mr. Speaker, it would appear that you are not functioning in accordance to the rules, which suprised no one, but to point out how you are... the last Bill on House Bill, Second Reading was House Bill 3392, you've asked the Clerk to call, House Bill 3380. I submit to

you that we should go to 3405, and or if that is not to be called, then through the rest of the Bills on House Bills, Second Reading... before we go back to..."

Speaker Redmond: "I hesitate to call your attention to the fact that 3405, was called and there were no Amendments and it is now on Third Reading. So, it would be rather difficult to call it again."

Walsh: "3406, Mr. Speaker, that..."

Speaker Redmond: "That is out of the records, 3408, is out of the records, 3409, is out of the records... 3410, is out of the records... 3479, is on Third Reading, we go back to the next order and ah... Second Reading and the next one to be called is 3380, which is the one that we're on."

Walsh: "Would you tell me what this position was made of 3379?"

Speaker Redmond: "That's being held... it's not being called today... or at the present time."

Clerk O'Brien: "Amendment #1, amends House Bill 3380, on page 1, by deleting line 11 through 24, and so forth."

Speaker Redmond: "Any discussion? Representative Stubblefield.... Representative Barnes."

Barnes: "Thank you, very much, Mr. Speaker. Amendment #1 to House Bill 3380, makes a overall ah... reduction of ah.... twenty-one thousand, six hundred and forty-four for general offices. It makes a reduction of seven thousand for EDP for a total reduction of twenty-eight thousand and six hundred and forty-four. It eliminates one ah... Section of the Federal Project Fund and distributes a total appropriation... to a total of a hundred and fifty thousand among three existing divisions within the Department ah... a total of a hundred and fifty thousand. This Amendment was adopted ah... and ah.... Committee ah... Appropriations II, I would move

it's adoption, Mr. Chairman."

Speaker Redmond: "Any discussion? The question is on the adoption Amendment #1, to House Bill 3380. All in favor indicate by saying 'aye'... 'aye', opposed 'no'. The 'nos', have it and the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "Amendment #2, amends House Bill 3380 as amended in Section 1, by deleting the following; for operations of General Office and so forth."

Speaker Redmond: "Representative Barnes."

Barnes: "Thank you, very much, Mr. Speaker. Mr. Speaker, and Members of the House. Amendment #2, restores General Revenue line item of eighteen thousand, one hundred and forty-four dollars and makes a reduction and the conciliation in ah... immeditation of eighteen thousand, seven hundred dollars. I would move for the adoption of Committee Amendment #2, to House Bill 3380."

Speaker Redmond: "The question is on the adoption of Amendment #2, all in favor... Representative Lechowicz."

Lechowicz: "Yes, Mr. Speaker ah... will the Sponsor yield to one question?"

Speaker Redmond: "He will."

Lechowicz: "Which position are you referring in ah... General Office?"

Barnes: "Which position are we restoring in General Offices?"

Lechowicz: "Yes.. Eighteen thousand and one hundred and forty-four dollars."

Barnes: "Ted, I don't remember the exact position that is being restored, but what we did... was transfer ah... the difference in the like amount in the conciliation and mediation section.... Ah... perhaps the Sponsor of the Bill could tell you the exact position." Representative Stubblefield."

MAY 3 1976

20.

Stubblefield: "Mr. Speaker.... Representative Lechowicz, this is a position of Assistant to the Director and ah... it was restored in as much as, it was a duplication and ah... it's a technical Amendment that ah... corrects the Bill. It has been deleted twice, we restored it one time."

Lechowicz: "Is the position in the Personnel Detail Book of fiscal 77."

Stubblefield: "I believe so, a position currently held by Mr. Walsh."

Lechowicz: "All right, I'll check it. Thank you."

Speaker Redmond: "Any further discussion? Representative Ryan."

Ryan: "Thank you, Mr. Speaker ah... who's Amendment is this ah... will the Sponsor yield?"

Speaker Redmond: "Representative Barnes."

Barnes: "Thank you, very much ah... Representative Ryan, this is Committee Amendment #2."

Ryan: "And, this is the one that cuts an additional five hundred and fifty-six dollars?"

Barnes: "Right, this is the one where we restored a position and ah... the number 1, area of the Amendment with eighteen thousand and one hundred, forty-four, and we made a reduction in the conciliation and mediation section of eighteen thousand, seven hundred. It was a net reduction of five hundred and some odd dollars.... five hundred and ah...."

Ryan: "Okay, thank you."

Barnes: "Fifty-six dollars."

Speaker Redmond: "Representative Lechowicz."

Lechowicz: "My question is to the Sponsor of the Bill... then. Is that the position of Administrative Assistant three?"

Stubblefield: "No it isn't. It's Mr. Walsh."

Lechowicz: "What Administrative Assistant is that there is,

2, 3, and 4."

Stubblefield: "By that number, I can't tell you Representative."

Lechowicz: "Well, based upon the salary that you've got in here... that's my whole point. That position was supposedly vacant in fiscal year 1976, their asking that it be appropriated in fiscal 77, at the exact dollar amount of sixteen thousand, two hundred and forty-four dollars and when you add in the retirement and social security, it comes up to eighteen thousand one hundred and forty-four dollars and how did they pay them in fiscal 76, if it wasn't authorized?"

Stubblefield: "I have no information on that."

Lechowicz: "Let's take it out of the records."

Speaker Redmond: "Take it out of the record. House Bills, Third Reading... Representative Stone."

Stone: "Mr. Speaker, Ladies and Gentleman. I had a Parliamentary inquiry I would like to make, of the Chair, if I may."

Speaker Redmond: "Proceed."

Stone: "The Assistant Minority Leader, made a ah... real catty, nasty remark in reference to the Chair a while ago. I wondered if he apologized to the Speaker, after he found out that he was wrong."

Speaker Redmond: "What would your guess be?"

Stone: "The same as your, Sir."

Speaker Redmond: "Apologize, is not in him. Representative Bradley."

Bradley: "I believe now, before we go to Third Reading... back up a little bit to Second Reading and ah... address ourselves to Amendment #6, on 3392, because I'm informed that the Amendments have been distributed."

Speaker Redmond: "House Bill, Second Reading. On House Bills, Second Reading appears House Bill 3392."

Bradley: "Again, Mr. Speaker, I move my motion for the adopt-

ion of Amendment #6, now to House Bill 3392."

Speaker Redmond: "Representative Jaffe."

Jaffe: "Ah... Mr. Speaker, I would renew my opposition to Amendment #6, as I indicated here beforehand... this five million dollars would be taken away from Institutional Care and it would virtually cripple Institutional Care in this particular State. There are children in those Institutions ah... the Bills must be paid, there are contracts made and everything else and so.... therefore I would urge a 'no' vote on ah... Amendment #6."

Speaker Redmond: "Representative Ryan."

Ryan: "Thank you, Mr. Speaker, I would like to speak against this Amendment. First of all, I would like to ah... let the Membership of the House know that there is a substitute Bill, House Bill 3580... that's presently in the House Rules Committee, that will possibly be heard tomorrow and it tries to establish ah... higher rates for foster care and so, I would suggest to the Sponsor of this Amendment that it is not timely... based on that, secondly ah... this Amendment is a major reordering of priorities for this Department and this Amendment was not discussed in the ah... Committee and I feel that ah... this importance should have at least come through the Committee and so ah... I would suggest that we defeat this Amendment. Thank you."

Speaker Redmond: "Representative Walsh."

Walsh: "I don't care to talk right now, Mr. Speaker."

Speaker Redmond: "Representative Bradley, to close."

Bradley: "Well, thank you, Mr. Speaker and ah... Mr. Ryan I'm well aware of 3580, because I'm the Sponsor of that Bill and I hope that we get it out of Rules Committee tomorrow and, I not a member of your Appropriations Committee and I couldn't be there because of being in Rules to offer this Amendment... at the.... Appropriation

ah... Committee, which I would have been very happy to have done. The only recourse I had, was to present it here for your consideration. Now, I have heard a great deal said ah... this afternoon, about Institutional Care... and I would like to draw the attention to the Members of the House that, the Institutional cost, in my opinion anyway, are astronomical... and the Illinois soldiers and children's ah... school at Normal, Illinois we're talking about an Institutional cost per student or per child.... are somewhere in the neighborhood of twenty thousand dollars a year and what I'm addressing myself too, with this legislation is the possibility of giving foster parents, at least enough money to break even. And, I say that again, just to try to break even.... in supplying the dollars and food, with those dollars in clothing that is so necessary for a child today. You're talking about, in case some of you don't know, we're paying less than a hundred dollars a month for children under 12 years old, to stay in a foster home, we're paying about a hundred and fifty dollars for a teenager and then ~~the~~ this Department comes along and mandates that, forty-five dollars of that hundred and fifty, be spent for clothing, so that leaves them a hundred and five dollars to pay for the food and the rest of the care, medical care, although we do provide them with the medical care they can get Public Aid for these children, but you two standing Gentleman... standing that I'm looking at, know better than I... what the problems are and the difference between foster care and institutional care. The cost of institutions... or the cost for a child in the institution is just over... overwhelming and what I hope to do also, to have other parents who are potential foster parents who can teach these children and I think anybody that's

MAY 3 1976 24.

studied the problem will agree, these children get better care... or have a more average childhood, in a foster home than they do in an institution. I don't think that there is going to be too many on the floor of the House to debate that.... but we simply do not have enough foster parents who will take these... accept the responsibility of raising these children.... Now, I do have House Bill 3580, in Rules tomorrow and I hope I can get that out of there. It does address itself to the same problem, let me suggest to you too, there is a difference in cost. The difference in cost between what private agencies... the private agencies cost per student ah... also what the cost is ah... what... how many dollars a child receives ah... aid to dependent children from the Department of Public Aid. They receive more money than we're talking about than the foster parents receive. I just think there has been an injustice for.... way too long of a time, in the amount of dollars that we can give to foster parents and the huge cost and I do remind you, it's costing us twenty-six thousand dollars in one institution, I wouldn't be surprised if it's not costing us over that amount of dollars in many many other institutions and it's time that we address ourselves to a problem we've had for a long time and now, the reason that I think there is opposition, is because I reduced the amount of the Institutions, but in the spirit of this budget year... I was doing that so that the budget would come out with the same bottom dollar, that we have presently. We have no change there, it's a matter of where we are putting it on the line item and that is why I took the five million from one line item and put it in another. It would have been very simple, but I don't think it would have been meeting our responsibilities

MAY 3 1976

25.

as legislators, to do it any other way but this, so... I simply ask the support of the Members to, let's at least address ourselves and try to justify an injustice in a very.... I think, in my opinion an inequity ah... in the manner in which we've been distributing dollars to those parents who are kind enough to take a child that they don't know, in many instances they have never seen, bring them into their house and offer them their home. Many times with their own children alive... with their own children living in the home with them and they bring them in and open the doors to them... open their hearts in many cases and I don't know how many families that would do something like this and I admire those people that do it. I think at least we should allow them to.... have enough dollars to supply the necessary, the needs, the means to educate those children, to clothe them and to feed them... somewhere near what we're giving those private agencies and those Institutions for doing the same thing. I urge your support for this... on Amendment "6."

Speaker Redmond: "Representative Meyers, for what purpose do you rise?"

Meyer: "Just one quick question of the Sponsor, Mr. Speaker. Representative, you made the statement that the State is presently paying ADC payments, is this true?"

Bradley: "It's my belief that for one child with ADC, that they are getting more money than a child ah... who is in a foster home... less than 12 years old."

Meyer: "Is this ah... an opinion or a fact. To the best of your knowledge."

Bradley: "To the best of my knowledge, I would say that it is a fact."

Meyer: "Thank you."

Speaker Redmond: "The question is on the adoption of Amend-

MAY 3 1976

ment #6, all in favor of the adoption indicate by saying 'aye', opposed 'no'. The opinion of the Chair, the 'nos' have it and the Amendment fails. Are there anymore Amendments."

Clerk O'Brien: "No further Amendments."

Speaker Redmond: "Third Reading. House Bills, Third Reading 3212... Representative Bradley."

Bradley: "Is it to late to ask for a Roll Call?"

Speaker Redmond: "I have already announced.... Third Reading 3212."

Clerk O'Brien: "House Bill 3212, Chapman. A Bill for an Act making appropriations to the Department...."

Speaker Redmond: "Out of the record. 3303, Representative Tipsword."

Clerk O'Brien: "House Bill 3303, a Bill for an Act making appropriations to the Department of Agriculture. Third Reading of the Bill."

Speaker Redmond: "Representative Tipsword... 3303."

Tipsword: "Mr. Speaker and Ladies and Gentlemen. 3303, is a Bill that would appropriate on the behalf of the Department of Agriculture... a sum of a hundred and twenty-three thousand, eight hundred and sixty-three dollars as a supplement to the County Fairs of the State of Illinois. The County Fairs of the State of Illinois are required by the December 31, of the preceeding year to make a determination as to what they will pay in premiums for the coming year and at that time, it is indicated to them what kind of money will be available to them for premium payments from the Agriculture Fund. A year ago, the County Fairs throughout the State of Illinois did this and then as you will recall in June, we ran into the financial crisis situation in which we cut back on our appropriations. At that time the County Fairs had already made their publication...

MAY 3 1978

many of them as to what they would pay in their premium and they were shorted in the amount of money to pay those premiums, it was too late after their advertisements and Fair books were out to change their premium dates and many of them were shorted severely and found themselves in dire financial circumstances, consequently the Department of Agriculture, to the County Fairs division has come back in with this supplemental appropriation to take care of those fairs who found themselves in that kind of a situation and their fairs were so early that they were unable to buy additional advertising to change their premium scale. This is a... an appropriation which would provide from the Agriculture premium fund, the additional amount of money to cover the obligations that they incurred prior to the financial crisis being made aware to the public in general and consequently they found themselves in a situation where they could not change. We have a great number of fairs throughout the State that find themselves in this situation and if anyone is... is interested in whether or not the fairs their particular area are concerned, I would be glad to give them to them ah.... this will give them only the amount of money that they were indicated as of December 31, 1974, what kind of money they would have for their premiums and upon which they advertised. I would urge the passage of this House Bill 3303, it does not affect the General Revenue Fund of the State of Illinois."

Speaker Redmond: "Are there any discussion? The question is, shall.... Representative Schlickman."

Schlickman: "Thank you, Mr. Speaker, would the Sponsor yield?"

Speaker Redmond: "He indicates that he will."

Schlickman: "You have indicated that this appropriation by Amendment #1, is from the Agriculture Premium Fund

rather than the General Revenue Fund, is that correct?"

Tipsword: "That is correct, in fact when the original Bill was drafted an error was made in the ah... Reference Bureau in so drafting, because these are always paid from the Agriculture Premium Fund and we had to amend and put that in by Amendment so that, it came from the same Fund that it was supposed to come from."

Schlickman: "What is the total amount that was appropriated last year, for fiscal 76, for these premiums?"

Tipsword: "I regret that I don't have that information available ah... in the information that I have on hand on how much was totally appropriated last year, for this amount...."

Schlickman: "Does this represent the 6% reduction?"

Tipsword: "Well, here's what I have... wait a minute, yes I do have too. The Statutory base for all County Fairs for fiscal year 76, of full funding was ah... million, six hundred thirty-two thousand, five hundred and six dollars. The sum of one million, four hundred and twenty-seven thousand and six hundred dollars was finally appropriated, now.... the... the amount appropriated finally was approximately 12% less than the amount that was ah... told to the County Fairs at the start of 1975, that they were going to have available for their premiums ah... it was about a 12% reduction in this particular item."

Schlickman: "One further question."

Tipsword: "Yes, Sir."

Schlickman: "Where is the present status of the Agriculture Premium Fund. What balance presently exist there."

Tipsword: "I... I.... that I do not have, I don't know what the balance is... that is in it, except that they tell me the balance is adequate to cover this ah... this appropriation, in fact I was lead to believe that it

was more than adequate to cover this appropriation for last year under the funds that would have been available. ah.... but I can't tell you the exact figures that is in that fund, I regret, I do not have that."

Schlickman: "Do I understand.... or can I...."

Tipsword: "I'm sorry, I didn't hear you."

Schlickman: "Do I assume correctly... that this Bill has the support of the Department of Agriculture?"

Tipsword: "This Bill was drafted at the request of the Department of Agriculture. Yes, Sir."

Schlickman: "Thank you."

Speaker Redmond: "Representative Skinner."

Skinner: "Yes, Mr. Speaker, would the Gentleman yield to a question or two?"

Speaker Redmond: "He will."

Skinner: "Is this more important than the Special Education deficiency?"

Tipsword: "Pardon me, Sir."

Skinner: "Is this more important than the Special Education deficiency?"

Tipsword: "Well, on the basis of assigning priorities, as far as, I think anyone would be concerned... is Special Education ah... deficiency perhaps would have a... a piror priorities, except to those people who are interested in County Fairs, however, it does not come from the same fund. This is from the Agriculture Premium Fund and not from the General Revenue Fund."

Skinner: "I would like to speak to the Bill, Mr. Speaker."

Speaker Shea: "Proceed, Sir."

Skinner: "Now Mr. Speaker. We are having a myth perpetuated on us today and that is that the Agriculture Premium Fund doesn't apparently have any relationship to the General Fund. Surplus funds from the Agriculture Premium Fund go directly to the General Fund at the discretion

of the Governor and it seems to me that, somewhere you've got to start. So, far I haven't seen us willing to start anywhere ah... this is only a hundred and twenty-three thousand dollars, it will undoubtedly sail out with at least a hundred and two votes because there are at least a hundred and two counties that we all represent and incidentally all counties did not overspend; mine didn't for instance, that's why I have the guts enough to stand up here and say this... We just don't have that extra hundred million dollars, Guys... and if Representative Stone can find it, I would be happy to have him kick it in."

Speaker Shea: "The Gentleman from Logan, Mr. Lauer."

Lauer: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. I don't need to ask questions on this Bill because this is one of those Bills that represents giving back to those who have spent money on the basis of the assurance of the State that they would get the money back. Based upon our promise... now, if we're going to give the full faith in credit of the State to our own law... I think it's ~~down~~ well time we did it. It's getting to the place that everyone who under goes the program that has any kind of State support is beginning to say, that the credit of the State is not any better than that of a town bum. We mandate programs or we foster programs and say to a local agency... you pay the bill and we will reimburse you... this money comes out of the ah... pari-mutuel betting, and quite frankly this money goes to encourage the Agriculture industry and improvement in all aspects of that industry. There are County Fairs after County Fairs, after County Fairs.... that based upon our promise to give additional premium money... went ahead and raised their premium of small amount, for the first time in many cases, 20

years. I think that it is time that we finally made good on our word and at least to some extent... and since this doesn't take anything out of the General Revenue Fund, I think that this is the place to start. I strongly solicit an 'aye' vote."

Speaker Shea: "The Gentleman from Kane, Mr. Waddell."

Waddell: "Mr. Speaker, and Ladies and Gentlemen of the House.

I think that the issue that is before us today... is not whether or not we have come to this particular point in our history, that we can or we can not fund and then not fulfill the obligations on which we had the racing and the betting in the State of Illinois, in the first place. We had made a commitment as down state legislators and were willing... on the basis of sharing to the Counties and to the County Fairs and to the Fair and Exhibitions, that portion... after the State of Illinois took the cream off the taxing on the racing, we then had made an obligation. This merely fulfills that obligation and the promise to that portion of the money that we have spent all along and I suggest an 'aye' vote."

Speaker Shea: "The Gentleman from Christian, Mr. Tipsword, to close."

Tipsword: "Mr. Speaker and Ladies and Gentlemen, I appreciate the comments that have been made here in regard to this Bill ah... there are Fairs throughout the State of Illinois that are affected by this, because they didn't know the amount of money that they were actually getting until late in July or the first of August, last year and many... many of the Fairs had already advertized and it was to late to change their advertisement. This has to come out of other funds that was available to them. Since, I had ah... tried to answer Representative Schlickman's questions a little earlier, Representative

MAY 3 1978

32.

Ralph Dunn, has been kind enough to provide me with a figure that there is about five million, two hundred and fifty thousand dollars ah.... as of March 31, in the Agriculture Premium Fund. This would merely reimburse those County Fairs that had made their obligations for premiums under the existing law that we had, indicating to them what their premiums should be and could be. Ah... then when they were shorted by the 12%, later on they could not change, or had already held their Fairs and totally they are out about a hundred and twenty-three thousand, eight hundred and sixty-three dollars. I would move that we adopt this ah... this Bill, to provide for these County Fairs, their total reimbursement which they had to pay out and which is really in comparison to our problems, a very small figure and comes from that five million, two hundred and fifty thousand, that is laying in the Agriculture Premium Fund. I urge your support for this and for all the County Fairs throughtout the State of Illinois."

Speaker Shea: "The Gentleman from Christian, Mr. Tipsword moves for the passage of House Bill 3303. The question is, shall House Bill 3303 pass, all those in favor will vote 'aye' those opposed will vote 'nay', this takes 89, votes. Get Shea, 'aye', please. Have all voted who wished? Have all voted who wished? Have all voted who wished? Take the record, Mr. Chairman... or Mr. Clerk. Take the record... Miss Macdonald, 'aye' and would somebody please look at her switch. Telcser, 'aye'. Farley, is your switch on... Farley, 'aye'. Garmisa, 'aye', he on. Boyle is on 'aye'. Have all voted who wished? Have all voted who wished? Take the record. On this question there are 122 'ayes', 6 'nays' and 1, Member voting 'present'. Representative Duff, did you seek recognition? This Bill having

received the Constitutional Majority is hereby declared passed. Miss Chapman, did you want to call that Bill on Third Reading, today? And, Mr. Washington and Mr. Schneider want to hold their legislation. On House Bill, Second Reading... is Mr. Getty... did you want to call that today? Take that out of the record. Mr. Stubblefield... that's out. Mr. Davis.... that's out. Mr. Byers, that's part of a package, right. Mr. Terzich... is not.... that's out. Mrs Satterthwaite, that's part of a package Bill too, isn't it? Mr. Stubblefield... what about on 3410, Mr. Stubblefield, is he.... 3410 is that ready... we go..."

Clerk Selcke: "House Bill 3410, a Bill for an Act making supplemental appropriation ordinary contingent expenses of the Department of Labor. Second Reading of the Bill, one Committee Amendment. Ah... amend House Bill 3410, on page 1, line 5 by deleting four million and five hundred eighty-seven thousand and nine hundred, inserting in lieu thereof, six million, four hundred and forty-seven thousand, seven hundred."

Speaker Shea: "This is a Committee Amendment, from what Committee, Mr. Clerk?"

Stubblefield: "Appropriations II."

Speaker Shea: "The Gentleman from... Macoupin, Mr.... the Gentleman from Cook, Mr. Barnes."

Barnes: "Thank you very much, Mr. Speaker."

Speaker Shea: "Mr. Barnes, this is Bill that is the supplemental to the Department of Public Aid or I mean, the Department of Labor for four and a half million, to pay unemployment comp. and they raised it to 6½?"

Barnes: "Yes, I was trying to find the exact Amendment ah... Mr. Speaker, but, what the Amendment was... the difference and the original amount of four point five million, which was raised... which was raised to six point

MAY 8 1976³⁴.

four million, the difference was... the Federal money that was made available for the purpose for paying unemployment compensation and at the time it was offered in Committee, the explanation was these were additional funds that had been made available to ah... our unemployment compensation here in Illinois, that's the difference between the four point five and the new figure arrived at, six point four."

Speaker Shea: "The Gentleman from Kankakee, Mr. Ryan, on the question."

Ryan: "Thank you, Mr. Speaker. I think that I can help you Gene. The Amendment adds one million, eight hundred and forty thousand and eight hundred dollars to the request of the Bill.... which is four million, five hundred and eighty-seven thousand, nine hundred dollars which makes this total package... just in this Bill today, six million, four hundred and twenty-eight thousand and seven hundred dollars and if I can just have another second. This makes a total of ten million, four hundred and sixty-one thousand for unemployment compensation for former State employees for fiscal year 1976 and that is what this Bill is all about."

Barnes: "That's... that's absolutely correct."

Ryan: "It's all General Revenue money."

Speaker Shea: "The Gentleman from Cook, Mr. Barnes moves for the adoption of Committee Amendment #1, to House Bill 3410, is there further discussion? All those in favor will say 'aye', those opposed 'nay'. In the opinion of the Chair the 'ayes' have it and the Amendment is adopted. Are there further Amendments? Any Amendments from the floor? Third Reading. On the order of motions, appears House.... Mr. VonBoeckman's motion on House Bill 3054... take that out of the record. House Bill 3373, Mr. Holenwinski, did you want to go

MAY 7 1976 35.

with that one today? You want to strike that now that we've ah... reached an accord."

Holewinski: "I'll hold it."

Speaker Shea: "3390, Mr. Houlihan... is home being a father. 151, is Representative Mann here? 642, Mr. Leverenz and Huff, do you want to hold that Resolution, today. HJRCA 32, Mr. Totten, that's out... House Bill 33... or 3222, 3395 and 96, Mr. Grotberg, do you want to proceed with that written motion... take that out. Senate Bill 193, Mr. Hart, do you want to proceed? Tomorrow... Mr. Grotberg, do you want to Table that motion, now that those Bills are posted. The Gentleman from Kane, Mr. Grotberg, ask leave of the House to Table his motion with regards to, House Bills 3222, 3295, and 3396, is there objections, hearing none the Gentleman's request to Table the motion will be granted. House Joint Resolutions 61, Mr. Kelly, do you want to go with that today... that's out. House Joint Resolution 83, Mr. Polk... is Mr. Polk... do you want to go with your thing today... Senate Joint Resolution Amended 65, Mr. Terzich, I don't see him there. For what purpose do you request... the floor, Mr. Walsh?"

Walsh: "Ah... if this is the appropriate time, Mr. Speaker, to call your attention to the Calendar as for today on page 5, the posting of the Committee on Elementary and Secondary Education... which posts several Bills for hearing on... Tuesday, May 4, that are not in the control of that Committee. There are Bills that are posted for hearing, condition upon the ah... approval of the Rules Committee. Now, I submit to you Mr. Speaker, that if the Bills have not been assigned to that Committee by the Committee on the Assignment of Bills then that Committee has no authority to post them for a hearing, and so they can not be heard tomorrow

nor can the Bills that the posting refers to as possible Committee Bills by Representatives Chapman and Lundy, be heard tomorrow. So, I submit to you that the... the Committee on Elementary and Secondary Education ah... may not meet tomorrow because their posting is faulty."

Speaker Shea: "Mr. Ah..."

Walsh: "I don't see the powerful Chairman of that Committee on the floor."

Speaker Shea: "Well, we might have another man that might speak but, I'm trying to separate your questions. A proposed Committee Bill by Representative Lundy to adjust maximum rates to compensate for decreased equalized assessment... evaluation, you say that that is an improper posting for proposed Committee Bill?"

Walsh: "Well, ah... let's... let's..."

Speaker Shea: "Is that your statement?"

Walsh: "Yeah, that's part of it."

Speaker Shea: "Can you tell me where in the rules... that's prohibited."

Walsh: "Well, there is no place in the rules that I'm ah... familiar with right now, Mr. Speaker..."

Speaker Shea: "That Mr. Walsh, authorized by our rules to post in that manner."

Walsh: "Ah!!! I've never seen it posted that way before, Mr. Speaker... Committee Bills have to be introduced and Committee Bills have number, I don't see how any interested person could go to that Committee Hearing and have any idea what might be proposed in that Bill..."

Speaker Shea: "Mr. Walsh, can I..."

Walsh: "I don't know whether this Bills has been introduced... as not been introduced, if they are going to meet to discuss some subject matter for the purpose for turning out a Committee Bill, that's okay, but they don't have to post it... as I understand it."

Speaker Shea: "Well, you see, our rules do ask them to post by-subject matter, if there is not a Bill... then our rules goes further and say, if from that a Committee Bill is authorized... that the Bill then is introduced, read a first time, sent back to Committee for a public hearing in the form that it came out of."

Walsh: "To clear up this matter... would you...."

Speaker Shea: "If you would look at your...."

Walsh: " Your Parliamentarian...."

Speaker Shea: "Mr. Walsh.... could I finish, please Sir."

Walsh: "I thought that you were finished."

Speaker Shea: "I'm not...."

Walsh: "All right."

Spekaer Shea: "Rule 18 (1), serves notice of no Bill or Resolution may be heard or any vote taken there on in any Committee or Sub-committee unless notice there is... there of is made pursuant to rule 18, except for a vote to refer the Bill or Resolution to a Sub-committee where the Chief Sponsor has given one day prior notice and does not object. Notice of a vote to sponsor a proposed Committee Bill, shall be given by specifying the subject matter of the Bill or by specifying that the proposed Bill is a substitute for a numerated Bill. Perhaps you forgot... that, so I assume now, that you will withdraw your objection to that portion of the posting with regards to the proposed Bill. Turn Mr. Walsh on."

Walsh: "I withdraw that portion of the objection."

Speaker Shea: "Now, turn him off. Now, you further object to those Bills 3509, 3506 and 3583, is that correct, Sir?"

Walsh: "Correct."

Speaker Shea: "I will check and see where those Bills are and then we'll get back to you on that."

MAY 9 1976

38.

Walsh: "Well, assuming, Mr. Speaker that those Bills are in the Rules Committee, which the posting would suggest..."

Speaker Shea: "If they are in the Rules Committee, Sir, they are improperly posted here."

Walsh: "Thank you."

Speaker Shea: "The Gentleman from Madison, Mr. Lucco. Turn to Mr. Lucco, on."

Lucco: "Mr. Speaker and Ladies and Gentlemen of the House. For the edification of Mr. Walsh and all of us, House Bill 3536, is my Bill and it has cleared Rules Committee, I can't speak for the others."

Speaker Shea: "Now, turn Mr. Meyer on... he may enlighten us on another one."

Meyer: "Thank you, Mr. Speaker, just a Parliamentary Inquiry... clarification. If a Bill is in the Rules Committee and has been upon on a petition to discharge Rules Committee, and that petition was turned down, may it then be posted by substitute number in another Committee, even though it's the same Bill as in the Rules Committee?"

Speaker Shea: "I can't... perhaps I don't follow you, Sir."

Meyer: "What you're saying..."

Speaker Shea: "Let me go through it, might I please. You're saying... Sponsor (a) introduces a Bill doing with (x), the Committee on Rules says that the Bill on (x) is not in a position to go out, and stays in Rules. Sponsor (a) then proposes that another Committee then hear... perhaps for a Committee Bill proposition (x), is that correct?"

Meyer: "In post that number, a substitute number. The original number that the Bill... the Rules Committee killed."

Spekaer Shea: "If, I believe complies with Rule 18 (1), because what 18 (1) says, notice of a vote to Sponsor a proposed Committee Bill... proposed Committee Bill

shall be given by specifying the subject matter of the Bill, or by specifying that the proposed Bill is a substitute for a numbered Bill... all that does is, in the first instance give people the opportunity to appear and perhaps object or hear at the time, if the Committee then voted out a Bill are rules would be required to have them bring it to the floor of the House, have it read a first time, have it get a Bill number... read a first time and then to go back to Committee and be posted like any other piece of legislation, but it would not then have to go to the Rules Committee."

Meyer: "Thank you, Mr. Speaker."

Speaker Shea: "The Gentleman from Cook, Mr. Berman."

Berman: "Thank you, Mr. Speaker. Ah... in response to the ah... Minority Leader... Assistant Minority Leader objection to House Bill 3509, I would point out that the ruling that you've just made in response to Representative Meyer, is ah... would comply with Rule 18 (1), and if 3509 does not come out of rules... ah... there is a proper posting for the submission of a Committee Bill of the same subject matter as 3509. Did I lose you...."

Speaker Shea: "I think that may have stretched the rubber band a bit far..."

Berman: "Not at all, Mr. Speaker."

Speaker Shea: "Mr. Clerk, would you please find out... where House Bills 3509, 3536 and 3583, presently are and those Bills are not posted until... let's see that's posted for Tuesday, so perhaps we'll try to get... Mr. Walsh, I see your light on, you don't have to shout... I'll get back to you, Sir. So, if you will check on that. Now, Mr. Walsh you seek recognition, turn Mr. Walsh on."

Walsh: "Mr. Speaker, I... I just think that you ought to

make clear to the Clerk, that what we're looking for is were these Bills where five and a half days ago, or six and a half days ago from tomorrow. The rule requires that there be six and a half days posting, a Chairman may not post a Bill that is not in his name...."

Speaker Shea: "I know. I know the rules, Mr. Walsh..."

Walsh: "Well, you said, you asked the...."

Speaker Shea: "I'm asking the Clerk... please, Sir. I'm asking the Clerk to find out where the Bills are and the posture of them, do you know if on Thursday, somebody made a motion to suspend the rules and allow them to be posted."

Walsh: "Mr. Speaker, that isn't the point...."

Speaker Shea: "Well, I think that's very much the point..."

Walsh: "The first thing... the first thing that you must do is find out where they were at the time that they were posted... if they were in the Rules Committee and subsequent of that time, pass out of the Rules Committee, as Mr. Lucco, says his did..."

Speaker Shea: "Mr. Walsh... Mr. Walsh..."

Walsh: "It is still an improper posting..."

Speaker Shea: "Mr. Walsh, I'll find out where they are, I don't need a lesson Parliamentary procedure by you, Sir."

Walsh: "Well, do you agree with my point..."

Speaker Shea: "Shut him off. The Gentleman from McLean; Mr. Bradley."

Bradley: "Well, thank you, Mr. Speaker. And, I think the ah... Assistant Minority Leader is being very diltory because you have already stated that you're going to try to find out where those Bills are... at that time make some kind of a ruling, it's very clear to everybody else on the floor of the House, but the man that keeps standing up and hollering... Mr. Speaker, Mr.

Walsh... doesn't seem to understand that you will find out where those Bills are and how could he make a ruling on anything, as you suggest, until he finds out where the Bills are and I'm sure that he has already said to you on time and time again... if we've spent fifteen minutes on this, that when he finds out where the Bills are and the Clerk is trying to find out, then he will make the proper ruling."

Speaker Shea: "Mr. Bradley... Gentleman..."

Speaker Bradley: "The Gentleman from Cook, Mr. Shea."

Shea: "Mr. Speaker, Ladies and Gentlemen of the House. I would like to announce that the following Bills have been assigned, reassigned from the Rules Committee to the appropriate, Appropriations Committee, House Bill 3515, by Mr. Hanahan, that went to Appropriation II. House Bill 3431, went to Appropriations I, that was by ah... Mr. Boyle. House Bill 3427, went to Appropriations I, by Mr. Giorgi. House Bill 3551, Appropriations I, Mr. Tipword. House Bill 3565, Mr. Choate, Appropriations I, and House Bill 3384, by Mr. Davis to Appropriations II, now Mr. Chairman there was some mix-up, these were the Bills, whether it was all appropriations Bills or Bills for ordinary contingent... ordinary operating expense of the House which would go directly to the Committee, it is my understanding now, that all appropriations Bill when introduced will go directly to the Appropriations Committee, so then Mr. Speaker, I would ask leave of the House to allow that these Bills be able to be posted for hearing on Thursday, if there is no objection."

Bradley: "The Gentleman, so moves ah... hearing no objections ah... the Gentleman from Cook, Mr. Madison... are you objecting, Sir."

Madison: "Mr. Speaker, I would like to raise a question of

GRAY 3 1976

the maker of the motion, if I might."

Speaker Bradley: "He indicates that he will yield."

Madison: "Ah... Representative Shea, am I to understand you, did I understand you that all Appropriation Bills ah... whether they be for OCE or otherwise, will by-pass Rules Committee."

Shea: "Ah... there are some that are still there, where they are not viable without a companion Bill, so that if there is a companion Bill that is needed to implement the appropriation, those have been left in rules with the companion Bill."

Madison: "Well, ah... I raise the question ah... ah... Representative Shea, because I have an appropriation Bill, House Bill 3777 that does not need a companion Bill, that I was told... had to go to rules because it was not for OCE and I'm wondering why that Bill was not included in your motion."

Shea: "It is not in rules and as far as I know it is probably still on the Committee on assignments. When was it introduced, Sir?"

Madison: "It was introduced ah... last Monday."

Shea: "Some of them have not been assigned yet, but... I will find out and if it is not in Appropriations, I'll make that motion for you tomorrow."

Madison: "Thank you."

Speaker Bradley: "Further discussion... if not, you have all heard the Gentlemans motion, all in favor of the motion? The Gentleman from Kankakee, Mr. Ryan."

Ryan: "Thank you, Mr. Speaker, ah... Representative Shea ah... you're talking about Appropriation Bill, do you want us to suspend the rules, to hear these Bills Thursday."

Shea: "No, what I said, Mr. Ryan, there were six Bills on a list that I read.... that had originally gone to

GENERAL ASSEMBLY

STATE OF ILLINOIS
HOUSE OF REPRESENTATIVES

Rules, it is now my understanding, after speaking to the Speaker and the Minority Leader that those Bills will go all... Appropriations Bill, except those Bills requiring a companion Bill, will now go directly to the appropriate Appropriations Committee. Since, in part, I feel that it was perhaps a mistake on the Committee on assignments so that those people that have been delayed, could have the opportunity to have their Bills heard this week. I was making... asking leave of the House that those six Bills be posted Thursday, if the Sponsors wanted them heard. And, if there is no objection, I would assume that...."

Ryan: "I have no objection, I just wanted to have it clear."

Speaker Bradley: "For clarification, your sending the..."

Shea: "I'm asking leave of the House to have the appropriate rules suspended and to have the Sponsors of these Bills be able to post them on Thursday, if there is no...."

Speaker Bradley: "Is there unanimous consent, hearing no objections ah... leave to use the attendance Roll Call on the Gentlemans motion. No objection, the attendance Roll Call will be used and the Gentlemans motion is adopted. Consideration Postponed, appears House Bills 3363, the Gentleman from Cook, Mr. Shea."

Shea: "Mr. Speaker and Ladies and Gentlemen of the House. House Bill 3363, is a supplemental appropriation to the Comptroller to pay... or reimburse the Counties for the amount of salaries they have paid probation officers and then pursuant to the Juvenile Court Act, are reimbursed up to 50% of that salary... or for 50% of that salary up to a maximum of three hundred dollars per month, per employee. And, I would certainly try to answer any questions."

Speaker Bradley: "Discussion. the Gentleman from Champaign,

Mr. Hirschfeld."

Hirschfeld: "Yes, Mr. Speaker, will the Sponsor yield please."

Speaker Bradley: "He has indicated that he will."

Hirschfeld: "Ah... Representative Shea, could you tell me ah... does this apply to all one hundred and two counties in the State."

Shea: "Yes, it does, Sir."

Hirschfeld: "And all counties have asked for reimbursements, that are entitled to it anyway."

Shea: "Any County that has a Juvenile Probation Officer and pays that county... that county that pays that Juvenile Probation Officer is then permitted to ask for reimbursement under this program."

Hirschfeld: "Can you tell me how many counties that applies too."

Shea: "The program applies to all one hundred and two."

Hirschfeld: "But how many are eligible for reimbursement, because it is my understanding they don't all have Probation Officers."

Shea: "I have not got the figures in front of me, but it's my understanding that this... the additional Probation Officers that have been put on since we've passed the original budget are primarily from downstate counties, Sir."

Hirschfeld: "Could you tell me this then ah... Representative ah... what proportion of the ah... four hundred and thirty-two thousand dollar goes to the County of Cook and what proportion goes to the other one hundred and one counties in the State."

Shea: "I have no way of knowing, I will tell you that out of the appropriation, the major appropriation... it has been broken down where about 60% goes downstate and about 40% to Cook."

Speaker Bradley: "The Gentleman from Cook, Mr. Madison."

Madison: "Thank you, Mr. Speaker, would the Sponsor yield for question?"

Speaker Bradley: "He indicates that he will yield, yes."

Madison: "Representative Shea, when the enabling legislation passed?"

Shea: "I think 1967 or perhaps 69."

Madison: "And, this enabling legislation made it possible for ah... ah... Juvenile Probation Officers to be added and the State would pick up one half of the cost, up to a maximum."

Shea: "Yes, Sir."

Madison: "Did the enabling legislation include a ceiling on the number of Probation Officers that could be added?"

Shea: "No, Sir."

Madison: "And, this supplemental appropriation is necessary because of additional pro... ah... probation officers, is that correct?"

Shea: "This is the exact situation that Mr. Lauer talked about, a few minutes ago and that we've authorized the counties to spend the money... they spent it and now all they are doing is, asking for that expenditure back and this money will allow us to do it."

Madison: "So the question... the present posture of the State right now, is that the counties can add on additional Probation Officers ad infinitum and the State would be responsible for reimbursing half the cost up to a maximum of three hundred dollars, is that correct?"

Shea: "Yes, Sir."

Madison: "Thank you."

Speaker Bradley: "The Gentleman from Knox, Mr. McMaster."

McMaster: "Ah... will the Sponsor yield for a question?"

Speaker Bradley: "He indicates that he will."

McMaster: "Mr. Shea, we have many.... areas, judicial districts

in the State of Illinois where a Probation Officer serves, let's say, five or six counties... how does this affect ah... districts such as that."

Shea: "Are those Juvenile Probation Officers, or regular Probation Officers?"

McMaster: "Regular and I believe Juvenile too."

Shea: "It is my understanding, and I talked to Judge Roberts from out in your area, one time and he's worked out as I understand it an arrangement where they... where if they split the cost, they split the reimbursement. In other words, if... if three counties pay a man nine hundred dollars a month, each county would probably er... three hundred dollars each, each county would be entitled to a reimbursement of up to... a hundred dollars from each of the three counties."

McMaster: "Thank you, Jerry."

Speaker Bradley: "The Gentleman from Tazwell, Mr. Luft."

Luft: "Thank you, Mr. Speaker, may I speak to the Bill."

Speaker Bradley: "You certainly may, Sir."

Luft: "I would like to apologize first to ah... Representative Shea. Last time I spoke against this Bill, I indicated that I hadn't received some information that I had asked for ah... he did provide me with the information that he said that he said that he would give me but, I did not receive the information that I was told that I would get from the Comptrollers Office. This morning or this afternoon, in the ah... Appropriation Committee Dr. Manville, appeared before us, on another supplemental Appropriation Bill, I asked him about this Bill and our analyst, it was said to us... or told to us that this supplemental Appropriation Bill was for a hundred and twenty new... Juvenile Probation Officers in sixty counties. I would like to say that if you go beyond the population bases down in the sixty counties, you're

MAY 3 1976 47.

talking about counties with populations in the teens, I asked him if these people were on board, if they had been hired and he did not know. Some of the counties that are supposedly being reimbursed have not, I know hired these people. I would suggest that we keep this on postponed consideration, Dr. Manville, told me that he would provide me with the figures and the amount of employee that have been employed since December, and all I'm saying is, this can not be a supplemental appropriation for something that there isn't in exist-ants to supplement."

Speaker Bradley: "The Gentleman from Cook, Mr. Shea, to close."

Shea: "No, at the request of Representative Luft, I will certainly take it out of the record until he gets the material if he tells me that Dr. Manville has promised to bring him the material."

Speaker Bradley: "Fine, we'll take it out of the record then. On the Order of concurrence appears House Bill 3186, the Gentleman from Cook, Mr. Getty."

Getty: "Mr. Speaker, Ladies and Gentlemen of the House. Ah... this is a... a supplementary appropriation for the Illinois Law Enforcement Commission, I would ah... move that the House concur in Senate Amendment #1, and I'm going to move that they not concur in Senate Amendment #2. Do concur in Senate Amendment #1 and then I will move to not concur in Senate Amendment #2."

Speaker Bradley: "Well, let's take them one at a time, the Gentleman does move to concur Senate Amendment #1, to House Bill 3186 and this is final action and all those in favor shall vote 'aye' and.... it's not final... it's final action... the Gentleman from Cook, Mr. Duff."

Duff: "Well, Mr. Speaker, we have normally requested that the people who would move the concurrence on the final

motion, explain the Amendment."

Speaker Bradley: "I thought that he was explaining it, Mr. Getty do you wish to explain it and clarify it."

Getty: "The Amendment breakout Adult Field Services Grant of ah... one million ah... fifteen thousand dollars into three separate ah... amounts, it makes no dollar change it just itemizes the amount into three phases work release, community resources and job replacements and halfway house services."

Speaker Bradley: "Further discussion? If not, the question is on the concurrence of Amendment #1, to House Bill 3186... all those in favor... the Gentleman from Cook, Mr. Shea."

Shea: "Could the Clerk tell us, how many Amendments there are to the Bill, I guess the Calendar is not clear."

Clerk Selcke: "It appears that there are two Amendments... wait a minute... yeah, both Senate Amendments. Senate Amendment #1, and Senate Amendment #2."

Speaker Bradley: "Further discussion? Does the House... the question is, does the House concur with Senate Amendment #1, to House Bill 3186, all those in favor will signify by voting 'aye', opposed by voting 'nay'. Marovitz, 'aye'. Have all voted who wished? Have all voted who wished? The Clerk will take the record. On this question there are 114 'ayes', 13 'nays' and 5 voting 'present' and the House does concur in Senate Amendment #1, to House Bill 3186. Further Amendments... or concurrence. The Gentleman from Cook, Mr. Getty."

Getty: "Mr. Speaker, Ladies and Gentlemen of the House. I move that the House does not concur in Senate Amendment #2, Senate Amendment #2, would delete from three items the Juvenile Justice Act implementation the Civil Rights compliance and the Criminal Justice System Information Systems ah... the... there is a technical error in

the Senate Amendment ah... as regards to Juvenile Justice ah... Act and it has deleted Federal but not General Revenue Funds and as to regards, "all three of them it deletes more money than ah... the staff would recommend or than is necessary."

Speaker Bradley: "The Gentleman moves to non concur with Senate Amendment #2, to House Bill 3186. All those in favor say 'aye', opposed 'no'. The 'ayes' have it and the House does not concur in Senate Amendment #2, to House Bill 3186."

Speaker Shea: "With regards to the Committee on Education, the Clerks records indicate that House Bill 3536, came out of Rules Committee 4/28, and the appear to indicate that it was posted before noon on that date... which would then make it eligible for hearing tomorrow. With regards to House Bill 3509, it is my understanding Mr. Berman asked to have Mr. Schneider post that for hearing as a proposed Committee Bill. So, that the ruling of the Chair is, that 3509 may be heard as a proposed Committee Bill... only and if... the Committee comes out with a Bill, that Bill would then have to get a number and go back to Committee and be heard in a normal manner. Now, the Assistant Minority Leader, Mr. Walsh, has a question. Turn Mr. Walsh on."

Walsh: "Well, I had a question, Mr. Speaker, with respect to House Bill 3536, and that question is, was the Bill assigned to the Committee on Education by the the Committee on Assignment of Bills in time for it to be posted? That's enough of this thing, Mr. Speaker."

Speaker Shea: "Mr. Bradley and Mr. Klosak are very prompt and they me that it was done."

Walsh: "Well, that's the answer, it was done they are very prompt and was done... you're a Member of that Committee can you answer affirmatively that, that was done with

that Bill."

Speaker Shea: "I have ruled, Mr. Walsh."

Walsh: "Well, all right, on the other question 3509, I submit to you that is in violation to the rule that you read to me. It either may be posted by number or by subject matter, according to Rule 18 (i). Now, you read that very carefully and you should know better than to say that it can now be considered by subject matter when it has been posted incorrectly by Bill number. Now it's one or the other.... Now.... are you going to say, I ruled on that too."

Speaker Shea: "Mr. Berman."

Berman: "Mr. Speaker, if ah... the Assistant Minority Leader will recall... debate in Rules Committee when this rule was adopted. The purpose of Rule 18 (i), was to apprise the public of the subject matter to be considered by Committee and specifically, I think you're probably giving them better notice by giving them a Bill number than describing it by subject matter. And, I certainly think that it is the intent of the Committee the rule, to apprise the public as specifically as possible of what is being considered by the Committee and posting by Bill number ah... as to that being considered by the Committee, whether it be ah... the specific Bill or the subject matter of a Committee Bill, you are certainly complying with the intention of that rule."

Speaker Shea: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Ah... you know, it hurts me to agree with the Assistant Minority Leader but ah... he's right and I don't like to see this procedure because you know, we've got a lot of Bills that are tied up in Rules Committee and as Chairman of the Executive Committee, I could say well, we're going to post

them on the chance they may or may not get out. The only way that we can post a Committee Bill, is by subject matter, that hasn't been done in this case ah.... Representative Berman, tells me that it was a mistake of the Clerk and I can understand that, and if that was the case, I would support a motion ah... to ah.... suspend the rules but I really think as long as we've got the rules, we ought to live up ah... to them and in this case the Committee subject matter has not been posted, Mr. Speaker."

Speaker Shear: "I'm.... told you before what Mr. Berman told me, now I going to suggest, Mr. Berman before we proceed with this, that you walk over and see the Minority Leader, Mr. Washburn and perhaps you can work out ~~the~~ dilemma. Washburn... Are there any announcements? For ~~what~~ do you seek recognition, Mr. Walsh."

Walsh: "Ah... Representative Madison, points out to me that you ~~are~~ not ah... give us the status of House Bill 3533, which ~~is~~ posted ah... in Education."

Speaker Shear: "That's still in Rules Committee."

Walsh: "Ok~~ay~~, thank you."

Speaker Shear: "Is there any announcements? The Gentleman from Cook, Mr. Lechowicz on an announcement."

Lechowicz: "Thank you, Mr. Speaker. For a purpose of announcements, Appropriation I will meet tomorrow morning at 9 o'clock, in Room 114. Thank you."

Speaker Shear: "Now, Mr. Boyle... at Mr. Lechowicz mike, the Appropriations mike."

Boyle: "Ah... Appropriations II, will meet tomorrow at 10 o'clock, in Room 118."

Speaker Shear: "The Assistant Minority Leader, Mr. Davis."

Davis: "Mr. Speaker and Ladies and Gentlemen of the House. I would like to announce that the Soul Soiree, which was ~~scheduled~~ for Wednesday, May 5, has been cancelled

MAY 3 1976

and the Committee is working on another date. And even if the Committee ah... secures another place and another date, you will be immediately notified and we solicit your support."

Speaker Shea: "The Gentleman from Cook, Mr. Leverenz."

Leverenz: "Thank you, Mr. Speaker, I just want to make an announcement we've got the skating party tonight, I see I'm one of about seventy people that bought tickets for a little R and R party. Thank you."

Speaker Shea: "Committee Reports."

Giorgi: "Mr. Speaker, House Resolution 783 by Nardulli, commends Daniel "Moose" Brinidis, for outstanding services of the Northwest Civic Committee. I move for the adoption of the Agreed Resolution."

of the Bill."

Speaker Shea: All right, the House will be at ease for a minute or two while we see if Mr. Berman has worked out his dilemma."

Speaker Shea: "Mr. Bradley, do you have a motion now."

Bradley: "I don't have a list yet."

Speaker Shea: "All right.... Mr. Berman."

Berman: "Well, Mr.... Mr. Speaker and Ladies and Gentlemen of the House. I think that the best way to try to resolve this matter and I wouldn't impose upon ah.. the House as to the motion, I'm about to make, if it wasn't that ah... ah... witnesses have already come down prepared to testify tomorrow. And, I have discussed this with the Majority.... Minority Leader and the Assistant Minority Leader ah... in order not to ah... require a ruling that may ah... ah... cause problems on some other situation, I would now move to suspend the appropriate rules to allow House Bill 3509, or rather the subject matter of the limitation of the rollback position of the school aid formula, to be heard before the Committee on Elementary and Secondary Education ah... as a proposed Committee Bill, tomorrow afternoon. Ah... the reason for my motion, is that my request to the staff was to have it posted by subject matter and instead it was posted by Bill number. And, ah... for those reasons I ask that the appropriate rule be suspended for hearing tomorrow afternoon, in the Committee on Elementary and Secondary Education."

Speaker Shea: "The Gentleman asks leave of the House for unanimous consent to post.... to post 3509, Mr. Walsh."

Walsh: "Ah... Mr. Speaker, I wonder if the Gentleman would agree that when this Bill, if this Bill is reported out as a Committee Bill... that he will agree to it assigned to the Education Committee as a Committee Bill

so that it can be considered again by them and that maybe witnesses, who because of this foul up in the posting, might be able to be heard who are not aware that it's being heard tomorrow. Now, what I want to protect against, Art, is a motion to ah... read it a first time when introduced as a Committee Bill and put on the order of Second Reading, without reference to a Committee."

Berman: "I'll agree to that."

Speaker Shea: "The Gentleman has asked unanimous consent to have 35... House... the subject matter of House Bill 3509, heard as a Committee proposal in Elementary and Secondary Education on Tuesday, May 4. Is there objection? Is there leave to use the attendance Roll... do you object, Mr. McClain... Mr. Matijevich, do you object? The Gentleman... the Gentlemans motion... the Gentleman has unanimous consent to have the subject matter of 3509, heard in Elementary and Secondary, he's asked to use the attendance Roll Call, is there objection? Mr. Bradley, do you object to that."

Bradley: "No, Sir. But, I didn't hear the Sponsors remarks to Mr. Walsh, are you going to then... recommit the Bill for hearing in Committee?"

Speaker Shea: "He said, that it will go that way and his commitment to Mr. Walsh, is he would not try to by-pass."

Bradley: "I just didn't hear the answer."

Speaker Shea: "I think now we have that matter out of the way. And, the Gentlemans motions is adopted and that Bill.. the subject matter of that Bill can be heard in Elementary and Secondary... Mr. Duff, the Gentleman from Cook."

Duff: "Well, Mr. Speaker, I don't know exactly what the terms of, not by-pass, are.... ah... does that mean he won't try to by-pass before its had a full hearing... that's

okay by me but, ah... this Bill is an extremely important Bill and very frankly, it's a Bill that could go down in Committee, a lot of us.... a lot of other Members might want to by-pass. But, if you think...."

Speaker Shea: "No, let me explain to you, Mr. Walsh just wanted to be sure that Mr. Berman, if it comes out as a Committee proposal, would not attempt to move it right to the Calendar, but would allow it to go back to Committee. All right now, the Gentleman from McLean, Mr. Bradley, on a motion do you now have the appropriate document, Sir."

Bradley: "Yes, Sir, Mr. Speaker and Ladies and Gentlemen of the House. I would like to ask for the suspension of the posting rules on the following Bills, so that they can be posted and be heard this week. It would be House Bill 2969, House Bill 3293, 3294, 3428, 3514, 3520, 3528, 3628, 3777, 3795, so that those Bills could be posted and heard this week. I so move, Sir."

Speaker Shea: "All right, now again Mr. Bradley, these are the appropriations Bills that were in the Rules Committee that people would agree.... should go the appropriate, Appropriations Committee."

Bradley: "Correct, Sir."

Speaker Shea: "Now, those have been assigned to appropriations. Now, Mr. Bradley's motions is that he have unanimous consent for leave, if the Sponsors desire a hearing that those Bills can be requested for posting in Committee for Thursday, is there objection? On that question, Mr. Ryan."

Ryan: "Thank you, Mr. Speaker. Well, I don't understand ah... what the emergency nature is, we're talking about several hundred million dollars in this package of Bills and why they have to be heard this week, it certainly baffles me. Maybe, Mr. Bradley could enlighten

on that.... because several of these Bills are Bills that have been defeated three or four times."

Speaker Shea: "Mr. ah... might I... I, Mr. Ryan take the liberty of making a statement. This is a similar motion to what I just made with regards to six other Bills, and it was the feeling of the Speaker and the Minority Leader that perhaps it was our Rules Committee that inadvertently slowed down these Bills, there is no requirement that they be heard on Tuesday."

Ryan: "Well, why don't we follow regular procedure for posting. What's ah... what's the... why do we have to suspend the Rules and go through...."

Speaker Shea: "Do you object, Mr. Ryan, we'll hold them..."

Ryan: "Yes, I object."

Speaker Shea: "Then why don't we just hold that motion until tomorrow and have that appear on the Calendar and perhaps you can find out if there is just one or two of those Bills that you object to, or what."

Ryan: "I have the list here, Representative Shea, I object to all of them."

Speaker Shea: "Well, the Gentleman has a right to put his motion on the Calendar, you agree with that?"

Ryan: "Wouldn't matter if I did or not."

Speaker Shea: "Are there any further announcements? The Gentleman from McLean, Mr. Bradley, on the adjournment."

Bradley: "Thank you, Mr. Speaker. Mr. Speaker and Ladies and Gentlemen of the House. Now, move that the House does stand adjourned until Tuesday, May 5, at the hour of 5 o'clock."

Speaker Shea: "You've heard the motion but, before we take a vote we have a.... 4 o'clock tomorrow, May 4."

Bradley: "May 4, I'm sorry... I said May 5, I correct it to May 4, Sir at 4 o'clock."

Speaker Shea: "Now, before we take a vote we have some late

announcements that we missed before. Mr. Maragos, do you have a late announcement?"

Maragos: "Mr. Speaker and Members of the House. There has been a conflict as ah.... locations of the Committee on Revenue which is meeting tomorrow at 8:30, the correct Room is D-1, at 8:30 A.M. tomorrow morning and we would like anyone who has interest in the Bills to be there and we will start at 8:30 sharp. Thank you."

Speaker Shea: "Revenue D-1, is that right? That's how it appears on the Calendar."

Maragos: "Yes, but the notices had been ah... give as A-1, on the House floor and therefore, we make sure that everyone knows that it will D-1, tomorrow at 8:30."

Speaker Shea: "All right, now Mr. Laurino for an announcement."

Laurino: "Mr. Speaker, due to conflict of interest with the Executive Committee, the Elections Committee will meet 1 hour beyond the time that it was posted. It was posted for 1, it will now meet at 2 o'clock tomorrow afternoon."

Speaker Shea: "All right, now the Gentleman from Lake, Mr. Pierce."

Pierce: "Yes, ah... Mr. Speaker, the Calendar shows the... at least it did show that the ah... Committee on Environment Energy and Natural Resources was meeting tomorrow morning at 10 A.M. on House Bill 1838, the Bottle Bill. I just want to point out that, that's a Sub-committee meeting of the Energy Sub-committee not the full Committee. The full Committee will meet Wednesday, at ah... 10 A.M. but the Sub-committee will meet tomorrow at 10 A.M., the Energy Sub-committee on House Bill 1838, in Room A-1, not the usual room... Room A-1, in the State Office Building."

Speaker Shea: "Now, to Mr. Polk the Gentleman from Rock Island"

Polk: "Mr. Chairman, since Mr. Schneider apparently doesn't

seem to be on the floor, would you clarify if Education Elementary and Secondary will meet tomorrow and what time and where?"

Speaker Shea: "The Committee on Education will meet tomorrow as I read the Calendar, Sir at 2 P.M. in Room C-1."

Polk: "Thank you."

Speaker Shea: "Now, the Gentleman from Christian, Mr. Tipsword."

Tipsword: "Thank you, Mr. Speaker. Tomorrow morning at 8 o'clock the ah... Economic and fiscal ah... Sub-committee on Medicare will be meeting, and I believe it is either in Room C-3 or C-4, at 8 o'clock tomorrow morning."

Speaker Shea: "Are there any further announcements? Mr. Bradley now renews his motion that the House do stand adjourned until 4 P.M., tomorrow afternoon. All those in favor will say 'aye' those opposed will say 'nay', The 'ayes' have it and the House is adjourned."
