Bowman: "Thank you. Mr. Speaker, Ladies and Gentlemen of the House, House Bill 2468 is... was introduced by me and Representative Olson as Members of the Joint Committee on Administrative Rules. When the Bill was heard in Committee, the Department of Public Aid came in and offered testimony and raised some concerns that we felt were legitimate concerns and that the problems that were expressed by the Department had not been any part of the intention of the Joint Committee on Administrative Rules. So the Joint Committee staff and the Department staff sat down and worked out an Amendment that is acceptable to both. So I offer this to the House as a consensus Amendment to take care of the technical problems with the Bill. With this Amendment, I will be prepared to proceed with the Bill."

Speaker Madigan: "Mr. Vinson."

Vinson: "Has the Amendment been printed and distributed, Mr. Speaker?"

Bowman: "I have it on my desk."

Speaker Madigan: "Pages indicate that the Amendment has been printed and distributed, Mr. Vinson."

Vinson: "Inquiry of the Sponsor then."

Speaker Madigan: "Sponsor indicates that he will yield."

Vinson: "Would you explain to us what the Amendment does?"

Bowman: "Yes, basically, first of all, the Bill in its... in its original form required that the point count system be ended, not only for nursing homes, which we have already witnessed, but for pediatric skill care facilities and intermediate care facilities as well. And there was an immediate effective date, and the Department was concerned that they might be liable for some past recoupment if they... with the immediate effective date. So what this does is that it says, 'Well, okay, they can keep the point

count system for those other kinds of facilities, not nursing homes; but, for pediatric facilities and for intermediate care facilities, they can keep it until January 1, '85 by which time they must have new rules in place that abolish the point count system for those programs as well.' So by January 1, '85, we will have seen the end of the point count system for all shelter care, intermediate care and skilled nursing facilities which, I think, was the legislative intent when we passed the earlier Bill."

Vinson: "Thank you."

Speaker Madigan: "There being no further discussion, the question is, 'Shall the Amendment be adopted?' Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. For what purpose does Mr. Bowman seek recognition? Before we recognize Mr. Bowman, relative to House Bills 2466 and 2468, is there leave that those Bills remain on the Order of Short Debate? Leave is granted. Speaker Madigan: "Mr. Clerk, has Amendment #1 been adopted?"

Clerk O'Brien: "Amendment #1 was a Committee Amendment adopted in Committee."

Speaker Madigan: "Representative Topinka, Amendment #1 is a Committee Amendment adopted in Committee. You have filed a written Motion to table that Amendment. On this question there are 100 'ayes', 1 person voting 'no'. Representative Topinka's Motion to table Amendment #1 is adopted. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #2, Topinka."

Speaker Madigan: "Representative Topinka."

Topinka: "Yeab, Mr. Speaker and Ladies and Gentlemen of the House, Floor Amendment #2 basically is a technical Amendment that replaces #1 which was incorrectly drafted and has been compared back and forth between the House Republican and Democratic staffs. Also to... Amendment #2 takes up a concern that Representative Keane addressed in Committee that it should be very specifically noted that nothing retroactive could occur pending the effective date of this Bill. And I would ask for its adoption."

Speaker Madigan: "The Lady moves for the adoption of Amendment #2. Is there any discussion? There being no discussion, the question is, 'Shall the Amendment be adopted?' Vinson: "Well, Mr. Speaker... after Mr. Matijevich finishes his opening, I would like to ask him some questions."

Matijevich: "Speaker, somebody tells me you wanted this out of the record for a while. Is that true?"

Speaker Madigan: "I understand that the Sponsor has requested to take this out of the record because of all the anxiety on Mr. Vinson's face. So this Bill shall be taken out of the record."

Matijevich: "Thank you."

Speaker Madigan: "Mr. Vinson."

Vinson: "I think the Sponsor thought I wanted it out of the record, and I certainly don't. I intend to support the Bill. I just wanted to ask him some questions after he opened it. I certainly in no way want to inhibit the progress of this Bill. We're certainly ready to move forward on this. It's a good Bill for the senior citizens."

Speaker Madigan: "Are you... do you think there may be some misunderstanding among the senior citizens relative to your position?"

Vinson: "No, I doubt that very much. I think Mr. Matijevich might have been afraid that we were going to oppose the Bill and didn't think he could pass the Bill in the face of our opposition. But we are going to support the Bill, and

Van Duyne: "Thank you, Mr. Speaker. With leave of the Chair, I'd like to go back to 2345 and ask Representative Matijevich a question, please."

Speaker Madigan: "Mr. Van Duyne, that Bill has been taken out of the record. Thank you. On House Bill 2348, Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2348, a Bill for an Act to amend Sections of an Act creating the Department of Children and Family Services. Third Reading of the Bill."

Speaker Madigan: "Mr. Cullerton."

Cullerton: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. This Bill deals with the funding of day care centers in the State of Illinois. There are four day care programs administered by the Department of Children and Family Services. They include migrant, protective and employment related day care, and the fourth is a...what's called local effort day care. And this is what is covered by this Bill. Local effort day care is funded in the following fashion: 75 percent of the money is a federal... federal share and 25 percent is a local share. The local effort day care program does not include state funds. There was a Legislative Advisory Committee on Public Aid that conducted a survey of state and local agencies to look into the problem of the manner in which these programs are funded, and it was pointed out to that Committee that the local effort day care program under DCFS needs advance funding. Because of the procedures that are used by the

HOUSE OF REPRESENTATIVES

local effort, there is a... up to a three month delay before a final bill that is submitted for payment actually is paid. This provides for incredible cash flow problems for the day care centers. It has resulted in daily cash flow outlays in excess of up to four million dollars. Again, I point out that this does not involve any state funds. The Bill will provide for advance funding. The Department of Children and Family Services already does this for youth service programs. Now, we would be including child day care services. And I would ask for your support and be happy to answer any questions concerning the Bill."

Speaker Madigan: "Is there any discussion? Representative Pullen."

Pullen: "I'd like to ask the Sponsor a question or two, please."

Speaker Madigan: "Sponsor indicates that he will yield."

Pullen: "Having sponsored advance funding legislation for mental health community facilities in the past, I am familiar with the concept, but I wonder, does this grant to the Director of Children and Family Services any discretion at all, or is it a mandate?"

Cullerton: "Well, it would... the money would be funded in an advanced fashion. The problem, of course, is if it was later discovered that the funds shouldn't have been paid, what to do. Some of the possible solutions for that, of course, would be to take it out of future payment, reduce future payments, but the problem is that there is not enough... it takes so long to get the money so what the Bill does is to provide for advance funding."

Pullen: "Could you please tell me does this Bill provide for any discretion on the part of the Director or does it mandate advance payments?"

Cullerton: "It is a mandate for advanced funding or for

quarterly, but it does allow for discretion with regard to the procedures for verification of services rendered."

Pullen: "Does it allow for discretion on the part of the Director as to whether to advance the payments?"

Cullerton: "I don't think so, no."

Pullen: "Thank you. You indicated that this is to solve cash flow problems in the day care agencies. What happens under this legislation if the state, itself, is experiencing cash flow problems?"

Cullerton: "Okay, I think there is a misunderstanding on behalf... on the part of the analysis done for the Republican staff... by the Republican staff. It's my understanding, and I... I think this is very important, this is federal funds, and the state doesn't have this money sitting in the bank. They are not making interest on it. It's a federal... it's federal funds which are advanced when the state requests them. And for that reason, it has absolutely no effect on the state funds."

Pullen: "Does the state now request the Federal Government to disburse those funds to the state, itself, after the services have already been performed and the state has been billed for them?"

Cullerton: "I'm sorry, could you please repeat that? I didn't hear you."

Pullen: "Does the state now request the Federal Government to send the funds to Illinois after the services have already been provided and they... and the state is billed for the services?"

Cullerton: "That's my understanding, so this would be requesting the Federal Government to send the money sooner."

Pullen: "Are there any federal rules on this concerning whether the services have to have been granted already?"

Cullerton: "It would be permitted, so there are no rules that

HOUSE OF REPRESENTATIVES

would prohibit the state from doing this."

Pullen: "Does the state have to certify that the services have been provided in order to get the money from the Federal Government?"

Cullerton: "That's not my understanding. They certify the expenses after they are verified, but it comes in the form of a block grant and that they don't have to make any certifications before."

Pullen: "They come in the form of a block grant and yet the state doesn't get the money until after the services are already provided now?"

Cullerton: "It's like a line of credit, an authorization to spend, but they don't, for example, have the benefit of the money and don't make interest on the money."

Pullen: "Thank you."

Speaker Madigan: "Representative Bowman."

Bowman: "Thank you. I rise in support of the Gentleman's Motion on this Bill. It is a Bill that we have needed for some time. Day care centers are not big businesses. They are small operations usually just struggling to get by. They pay minimum wage and many working people depend upon these centers. So when they get in a cash flow bind, it's very, very serious indeed, and I think the state has a responsibility to ease the burden on these... on these centers. It's the least we can do. We regulate them. We license them. We make all sorts of demands on them, and it seems to me that the very least we can do is to make sure that they get the money to which they are entitled in the smoothest, most painless possible way, and so this is the kind of legislation that is long overdue. I'm happy to support it, and I urge the House to give it a favorable vote."

Speaker Madigan: "Mr. Cullerton to close."

Cullerton: "Thank you, Mr. Speaker. I would just briefly review the point of the Bill. There is a tremendous cash flow problem for certain day care centers that are... the reason for the cash flow problem is because there is a local 25 percent match, there's long process of verification that's taking place right now. We are asking that these federal funds be advanced quarterly to the day care centers. It's a concept that is already in practice at the Department of Children and Family Services for youth service programs which do include state money. So it's not a revolutionary concept, but it's a very important aid for the continued use of these day care centers, and I would ask for a favorable vote."

Speaker Madigan: "The question is, 'Shall this Bill pass?' All those in favor signify by voting 'aye', all those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? For what purpose does Mr. Cullerton seek recognition?"

Cullerton: "What's the score?"

Speaker Madigan: "83 to 21."

Cullerton: "Sounds good to me."

Speaker Madigan: "Okay, Mr. Clerk, take the record. On this question, there are 84 'ayes', 22 'nos'..."

Cullerton: "Did I win?"

Speaker Madigan: "Mr. Richmond."

Richmond: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. House Bill 2353 increases the appropriation of the State Treasurer for inheritance tax refunds and assessment costs, and as amended, it would now increase it \$800,000 and also to \$1,500,000 in the Estate Tax Distributive Fund. The more that they need in this category, the more revenues are coming into the State Treasury, because that indicates that the inheritance tax receipts have increased and so, therefore, the refund money must be increased. Speaker Madigan: "Mr. Levin."

Levin: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I am pleased to present House Bill 2509, which would put consumer seniors on 25 state boards and commissions in the State of Illinois. This is one of the most important Bills that we will be considering with respect to senior citizens, and it is the priority legislation for the American Association of Retired Persons and virtually every other senior organization in the state. When the page on the calendar is turned, that does not mean that government should not be listening to somebody who has become a senior citizen. It does not mean that they do not have experience and expertise that needs to be heard. It does not mean they should not be involved in the decision-making processes of government. That is what this legislation does. It gives the recognition, it gives the input to the senior citizens of the state, persons who are over 60 years of age, and it says that as a matter of right they should have representation on the various state boards and commissions which have the greatest effect on their lives. This Bill will cover 25 boards and commissions which the senior citizens are most involved with. The subject areas include health and human services, economic issues, culture, education and recreations. Now, there are senior... persons over the age of 60 on a number of these boards and commissions now, but most of these are providers. They are not the consumers. They are not the people that use the services which are the subject matters of the boards and commissions. They are not the victims of the crimes in terms of the commissions that affect criminal activity. This legislation would put senior citizens who are, in fact, consumers on these boards and commissions as a matter of right. I think this is a very exciting Bill.

It certainly enjoys a tremendous amount of support all over this state, and I highly recommend your support of this legislation today. I understand that there is a meeting of the Illinois Council of Senior Citizens tonight, and I know Representative Oblinger has indicated that it would be very nice for her to be able to tell that meeting tonight that this legislation has passed the Illinois House this afternoon."

Clerk O'Brien: "Representative Pierce in the Chair."

Speaker Pierce: "The Gentleman from Cook, Mr. Madigan, is recognized."

Madigan: "Mr. Speaker, Ladies and Gentlemen, I rise on behalf of this Bill. The Bill is very simple. It simply provides that in certain enumerated boards and commissions of this state that there shall be a requirement that there be at least one member of that board or commission who is a senior citizen as defined in the Bill. It's simple. It's clean. It simply says that this state should go on record in this particular area as recognizing our obligation to the senior citizens of this state. We should go on record and provide that there shall be a meaningful role in the operation of State Government for all the senior citizens in this state; and, for those reasons, I heartily recommend your support of this Bill. Thank you very much."

Speaker Pierce: "The Gentleman from Adams, Mr. Mays."

Mays: "Thank you very much, Mr. Speaker, Ladies and Gentlemen of the House. Would the Gentleman yield for a question, Representative Levin?"

Speaker Pierce: "He indicates he will."

Mays: "How do you define senior citizen in this Bill?"

Levin: "A person over the age of 60. This is the same definition as is used for establishing the qualifications of the Director of the Department of Aging."

Mays: "Are there any other areas in state statute that would define senior differently?"

Levin: "For different purposes, senior citizens are defined with various different ages in different parts of the statute."

Mays: "You mentioned in your previous... previous testimony, both in Committee and in your presentation on the floor, that you want these seniors not just to be over the age of 60, but they have to be consumer representatives. Is that correct?"

Levin: "That is correct, and that is what Amendment #1 makes clear; that, you know, we are not talking about providers. We are talking about people who are consumers. And I've got in front of me a publication called 'Illinois Boards and Commissions' which was put together jointly by Lieutenant Governor George Ryan's Office and AARP, and it is focused on consumer seniors being able to get on boards and commissions. It tells them what they need to do, what the qualifications are, what the commissions do, and this is truly something which all the senior citizens of this state, as well as the Lieutenant Governor of our state, feel is very, very important."

Mays: "Why did you choose just these 28 commissions and boards and not all of them?"

Levin: "We attempted to pick, first of all, those subject matters that are most relevant and which the seniors are most concerned about. Every one of these boards and commissions is listed in this publication that the Lieutenant Governor and AARP put together as those boards and commissions which the state seniors are most concerned about. Secondly, we eliminated, with one exception, any board and commission that pays a salary, because that involves expenditures of money. And thirdly, we eliminated any boards and commissions that involve professional boards which involve

the need for unique expertise in particular areas. That is the criteria that we used. It would have been nice to go with more boards and commissions. I think there are others that are certainly relevant to the seniors, but we attempted to be conservative. And I would point out that this is... we are not the first state that is doing this. The State of Arkansas last year, under the direction of their Attorney General, with his support, passed a similar Bill. We are pleased that in this state the Speaker has joined with the Attorney General, Neil Hartigan, in pushing for and in sponsoring this legislation to make Illinois the second state to do this."

Mays: "Can you please give me an example of a consumer representative senior on the... to be appointed to the Juvenile Advisory Board?"

Levin: "As was indicated in response to your question in Committee, the Attorney General indicated that the senior citizens are the ones that are most victimized by the juvenile... the juveniles who are committing crimes as far as the purse snatchings and the muggings and have the most experience, know what it's like to be a victim, and are the ones that know what this state and the various boards and commissions should be doing."

Mays: "So this senior should be a senior that's been victimized by a juvenile at some point before they can be appointed. Not only do they have to be 60 years or older, they've got to be victimized by a juvenile at some point?"

Levin: "Well, or be familiar with..."

Speaker Pierce: "Excuse me, Mr. Levin, Mr... The Gentleman from Will, Mr. Van Dyne, is pointing at a Gentleman in the back, and it's Speaker Bill Redmond, William Redmond, who served for three terms as Speaker of this House and 20 years or more as Member. Welcome home, Bill. The

Gentleman from Cook, Mr. Levin."

Levin: "I... you know, I think I answered the..."

Mays: "Okay..."

Speaker Pierce: "You answered the question, alright. Are we ready?"

Mays: "There's many other questions with regard to this Bill. There is obviously a groundswell of momentum, it seems, with the State of Arkansas already developing a Bill along these lines. I just think this is very, very bad public policy to statutorily designate one given group in a state of 11 and a half million people to be statutorily put on any of these Bills. As a matter of fact, I don't think it's needed at all. We've got 28 boards and commissions delineated in this Bill here. Even the Juvenile Advisory Board does have a senior citizen on it at this time. Every other board has senior citizens on it. The Adult Advisory Board has two out of its nine members. The Illinois Housing Development Board has four out of seven members. And we could go right on down the line. The only board that doesn't have any senior citizens on it out of this whole list is the Commerce and Community Affairs Advisory Council, and I think it would behoove everybody to just abolish that one in the first place. So, it just doesn't seem to me that this legislation is either as important or needed as the Sponsor or Attorney General would indicate."

Speaker Pierce: "The Lady from Dupage, Ms. Karpziel."

Karpziel: "Yes, thank you, Mr. Speaker. I have a question for the Sponsor."

Speaker Pierce: "He indicates he'll yield."

Karpziel: "Representative, you said that one of the reasons that these boards were the ones that were chosen to have senior citizens put on them was because... one of the reasons was because these are the boards that do not have any pay

involved or any expenses reimbursed involved. Why is it that senior citizens can give up their time and volunteer and not be reimbursed? Don't you think they are as good as anyone else and could be put on all the boards, even the ones where they might get their expenses paid, especially since they are the ones that this General Assembly always assume are the ones that are the most needy?"

Levin: "Representative, these are boards and commissions that do not pay a salary. They do, however, reimburse expenses."

Karpiel: "Couldn't they also maybe get a little salary?"

Levin: "Well, you know, I think we have to start some place and, you know, I believe that, you know, there should be seniors on all boards and commissions, but recognizing this is an initial thrust in this area in terms of the State of Illinois, and recognizing that the economy of the state is still not gotten to the point we'd like to see it at, this is a start. Hopefully, you know, down the road we'll be able to go beyond this, but I think this is what this year we can afford to do."

Karpiel: "Well, thank you. To the Bill, Mr. Speaker. I just really haven't too much more to say than Jeff Mays except to say that this is... this Bill, I think is the... it's first of all totally unnecessary, as most of these commissions are totally unnecessary. And in addition to that, I think it is a blatant case of quotaism and discrimination to say that each one of these commissions and boards which already have senior citizens on them are... should by law have to have a senior citizen on it. What if we say that every commission and board in the State of Illinois has to have a woman on it, has to have a tall woman on it, has to have a tall woman from the suburbs on it or have a Hispanic or a black or anything else. I think this is quotaism, and I think it is totally unnecessary."

And it should be rejected."

Speaker Pierce: "The Lady from Sangamon, Representative Oblinger, is recognized."

Oblinger: "Mr. Chairman (sic - Speaker), Members of the General Assembly, I know you feel that this is discriminatory, and you are going to say when are the blacks, when are the veterans, when are the others? Every time I have heard that somebody is going to be appointed to the board, it's always that bright young person. There are some bright old people, and we would like to have that opportunity to make our contribution."

Speaker Pierce: "The Gentleman from Will, Representative Van Dwyne."

Van Dwyne: "Move the previous question."

Speaker Pierce: "Did you move the previous question? Representative Van Dwyne moves the previous question. All those in favor will say 'aye', opposed. 'Ayes' have it. The Gentleman from Cook, Representative Levin, is recognized to close."

Levin: "Thank you, Mr. Speaker. Just in closing I'd like to, first of all, commend the Attorney General and the Speaker for their leadership on this legislation. I think they've responded to the concerns that the seniors have across the state. They've listened to the seniors, and I think we have an opportunity today by passing this legislation to do the same thing. There is just one point I'd like to address and that is the question of, 'Are we singling out the seniors?' And I think the answer is no; because, unlike any other category you can think of, everyone of us one day is going to be a senior citizen. You know, some of us are men, some of us women, some of us are of various ethnic groups, but everyone of us one day, God willing, will become a senior citizen. And so that... this legislation

affects and benefits everyone in the State of Illinois. I think it's a marvelous Bill. I think it's a Bill which is long overdue. It is the priority of every senior group in this state, and I think you could probably cast your vote for House Bill 2509 and go back to your constituents and tell them that you have taken cognizance of the great value that senior citizens should have in government. Thank you very much."

Speaker Pierce: "The question is, 'Shall this Bill pass, House Bill 2509?' All in favor will vote 'aye', all opposed will vote 'nay'. The Gentleman from Mclean, Representative Ropp, is recognized to explain his vote."

Ropp: "Thank you, Mr... Thank you, Mr. Speaker. I think a point should be noted that in all of these committees I don't think that it states who in the world is going to do the appointing. The Governor makes a few appointments, the Speaker of the House, the President of the Senate, and certainly under the Leadership of the Speaker of the House, who is one of the Chief Sponsors here, I'm sure in his appointments he has taken this into consideration the last years and has duly appointed a senior citizen in every one of these committees. I think it is really unnecessary and certainly not that anyone is opposed to having the advice and the counsel of the senior citizens, but certainly this Bill is not needed at this time."

Speaker Pierce: "The Gentleman from Cook, Representative Shaw, is recognized to explain his vote. Have all voted who wish? Any further explanation of votes? Have all voted who wish? The Clerk will take the record. On this question there are 97 'ayes', 10 voting 'nay', none 'present', and the Bill is declared passed. That legislation provided that there would be a deadline of April 30, 1984 for the finalization of that intergovernmental agreement. At the summit last Friday, convened by Governor Thompson relative to the question of the World's Fair and the question of the intergovernmental agreement, the Chairman of the appropriate committee of the Chicago City Council, Alderman Bernard Stone, asked if the deadline for finalization of the agreement could be extended for 30 days to permit a more deliberative consideration of the agreement by the members of the Chicago City Council. Speaker Madigan: "Mr. Clerk, on the Order of Resolutions, read the Resolution."

Clerk O'Brien: "House Joint Resolution 137. Resolved by the House of Representatives of the 83rd General Assembly of the State of Illinois, the Senate concurring herein, that when the House of Representatives adjourn on Friday, April 13, 1984, it stands adjourned until Thursday, April 19, 1984 at 12:00 noon, and when it adjourns on April 19, 1984, it stands adjourned until Tuesday, April 24, 1984 at 12:00 noon, and when the Senate adjourns on Thursday, April 12, 1984, it stands adjourned until Thursday, April 24, 1984, at 12:00 noon."

Speaker Madigan: "On the Resolution, the Chair recognizes Mr. McPike."

McPike: "Thank you, Mr. Speaker. I move for the adoption of the Adjournment Resolution."

Speaker Madigan: "The Gentleman moves for the adoption of the

Adjournment Resolution. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Adjournment Resolution is adopted. Ladies and Gentlemen, if I can have your attention once again, yesterday we spoke about the schedule for consideration of Bills for the next three weeks. Today there should be on your desks a memo along with a schedule, one paper is white, the other is blue. Representative Rice didn't get one. Will the Pages provide that everybody gets one of these? If you'd look on your desks, others have them. Maybe you'd want to look in your wastepaper basket too. Anyhow, the memo explains our plan and the Calendar explains the schedule. Please note that we have provided one more additional day of Perfunctory Session, and that would be on Thursday, April 19. Yesterday, I said that there would be a Perfunctory Session tomorrow and Friday. Now, we have added a third Perfunctory Session on April 19. The Perfunctory Sessions will permit you to introduce your Bills and then to have those Bills considered in the Rules Committee on April 24, so that if you gain the approval of the Rules Committee, you can get the Bills heard in a standing Committee sometime before the deadline for Committee action, which will be on May 4. So, please understand that we are now operating under a rather tight timetable. We only have three weeks remaining until the deadline for House Committee consideration of Bills. One of those weeks is a vacation week. So, in reality, there are only two weeks remaining to get your Bills introduced, approved by the Rules Committee and then considered by a standing Committee of the House. And please read the memo. For what purpose does Mr. Marzuki seek recognition?"

Marzuki: "For the purposes of an announcement, Mr. Speaker. The hearing by the Subcommittee on the Community Right to Know

Speaker Madigan: "Thank you, Mr. Marzuki. Mr. Shaw, for what purpose do you seek recognition?"

Shaw: "Mr. Speaker, it's to make a Motion for House Resolution 808 and 809. Those are Death Resolutions. To remove them from the Speaker's Table and move that they be passed... adopted."

Speaker Madigan: "The Gentleman has moved to take two Death Resolutions off of the Order of the Speaker's Table. Is there leave? Leave is granted. The Resolutions are now under consideration. Mr. Shaw, do you wish to speak to the Resolutions?"

Shaw: "No."

Speaker Madigan: "Do you wish to move for their adoption?"

Shaw: "I move for their adoption, yes."

Speaker Madigan: "Okay, Mr. Shaw moves for the adoption of two Death Resolutions. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Resolutions are adopted. For what purpose does Representative Breslin seek recognition?"

Breslin: "Thank you, Mr. Speaker. As the Chief Sponsor of Senate Joint Resolution 29, I now move to table that Resolution. Senate Joint Resolution 29."

Speaker Madigan: "Lady has requested leave to table Senate Joint Resolution 29. Is there leave? Leave is granted. Mr. Clerk, is the Supplemental Calendar available? For what purpose does Representative Breslin seek recognition? Breslin."

Breslin: "As the Chief Sponsor of House Bill 2683, I now move to table that House Bill. House Bill 2683."

Speaker Madigan: "The Lady moves to table House Bill 2683. Is there leave? Leave is granted. Mr. Clerk, is the

Supplemental Calendar available? Mr. Clerk, do we have a Resolution on the Clerk's table? Ladies and Gentlemen, we are waiting for the Clerk's Office to publish a Supplemental Calendar so that we might consider legislation which would provide additional authorization to the Illinois Lottery. In the meantime, we have a very important Resolution which the Assistant Clerk, Mr. Leone, will read. Mr. Leone, please read the Resolution."

Clerk Leone: "House Resolution 822, sponsored by Hoffman - Republican Leadership. Whereas on April 15, 1942, the Honorable Lee A. Daniels was brought into this world to continue the tradition of major historical events that have taken place on this date; and whereas, on April 15, 1865, Abraham Lincoln, another Republican leader in this House of Representatives who achieved greatness died on this date of a shotgun wound; and whereas, on April 15, 1912, the Titanic sunk into the watery grave; and whereas, April 15 being the date on which numerous tragic events have occurred throughout history has been declared National Hostility Day; and whereas, the Honorable Minority Leader shares the date of his birth not only with these wonderful events, but also with fellow Renaissance man, the great Leonardo DaVinci, and carries on the tradition of the cultivated man who is skilled and well-versed in many of the arts and sciences, if not all of them. And now, therefore, be it resolved by the House of Representatives of the 83rd General Assembly of the State of Illinois that we do hereby tender our dubious congratulations on the date of his birth; and be it further resolved that this Assembly wishes him a glorious day at his palatial retreat in Michigan, where he will spend his day with his family and his tax return. And be it further resolved that a copy of this Resolution shall be given to the Honorable Minority

Leader and his family so they may treasure it always."

Speaker Madigan: "Mr. Hoffman."

Hoffman: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. April the 15th, of course, is a very important day for all of us, and I know there are probably some Members in the House who will probably... are preparing themselves to send a sizable check to Uncle Sam for their taxes due. As a birthday present to all the Members of the House, Representative Daniels wants to pick up all of your bills that are due on his birthday and will forward a check to the Internal Revenue Service on your behalf. And I don't think we could ask any more of the Minority Leader than that. And so, if you'll just drop them off at the office, he will see that they are taken care of. As you've known, he has joined one of those fat cat law firms in Chicago, makes big, big bucks, and he can handle it with ease. Happy birthday, Lee."

Speaker Madigan: "Mr. Daniels."

Daniels: "Mr. Speaker, one of the great pleasures of life is being four days older than you. So I know we won't be in Session, and I always enjoy my birthday thinking about the times that we have together, but I also want to share this momentous occasion, income tax day, with my friend to the north, Harold Washington, who also has his birthday on the same day, and Harold, I'm sure, will join me in sharing some of the expenses of your income tax returns on that day, too. But, truthfully, I appreciate all of your kind wishes and your birthday greetings. I'll be 42, as the Resolutions says, and you know what I say, 'Old enough to know better and old enough to do better.' So thank you very much for your wishes."

Speaker Madigan: "Those in favor of the adoption of the Resolution say 'aye', those opposed say 'no'. I still wish

you a happy birthday, Lee. The 'ayes' have it. The Resolution is adopted, and we all join in wishing Representative Daniels a very, very happy birthday. Agreed Resolutions."

Speaker Madigan: "Mr. Matijevich."

Matijevich: "Speaker, House Resolution 811, Curran, congratulates Mr. and Mrs. Faye Remack on their fiftieth anniversary. 812, Curran, congratulates Mr. and Mrs. Bowden on their fiftieth. 813, Madigan, congratulates Henry Panzegraf on his retirement from the Chicago Fire Department. 814, Harris, congratulates Daniel Heisler for becoming an Eagle Scout. 815, DiPrima, the fiftieth anniversary of Steinmetz High School. 816, DiPrima, congratulates Patrick Zmarzly on his becoming an Eagle Scout. 817, Terzich, congratulates Raymond Bieschke on his retirement from the Chicago Fire Department. 818, Topinka, congratulates Lisle - Woodridge Fire Department. 821, Ewing, congratulates Chatsworth High School Girls' basketball team. I move the adoption of the Agreed Resolutions."

Speaker Madigan: "Gentleman moves for the adoption of the Agreed Resolutions. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Agreed Resolutions are adopted. The Pages will now be distributing House Supplemental Calendar #1. That Calendar contains a Motion by Representative Barnes relative to Senate Bill 388 and also reflects the presence of the Bill on the House Calendar. Is Representative Barnes in the chamber? Representative Barnes. Representative Oblinger, have you found Representative Barnes yet?"

Oblinger: "Here she comes. See, she's coming out of there."

Speaker Madigan: "Representative Barnes."

Barnes: "Mr. Speaker, I was delayed because the washroom could use another facility. Mr. Speaker, Ladies and Gentlemen of the House, I would move for the adoption of the Conference Committee Report on Senate Bill 388. And it involves an emergency appropriation for 50 million dollars to the state lottery fund."

Speaker Madigan: "Representative Barnes would you first move the Motion..."

Barnes: "Oh, yes."

Speaker Madigan: "...to suspend the Calendar requirements? Strike that, not the Calendar requirements, but the notice requirements. Representative Barnes."

Barnes: "I move to suspend the appropriate rule and place on the Calendar on the Order of Conference Committee Reports Senate Bill 388."

Speaker Madigan: "You've all heard the Motion. Is there leave? Leave is granted. On the Bill, Representative Barnes has moved that Senate Bill 388 pass? On that question, the Chair recognizes Mr. Giorgi."

Giorgi: "Mr. Speaker, I think, Representative Barnes, you ought to tell the House why the need for this emergency legislation is because of the phenomenal, beyond expectation growth of the Lottery and the great winners, the millionaire winners we've created - 75 millionaires. And we're running out of money to pay prizes going so great. We ought to tell them how wonderful it is now that it's the fourth largest tax producer for the State of Illinois. You know, say some good about it. Sing it out. Sing its praises."

Speaker Madigan: "Representative Bullock."

Bullock: "Thank you, Mr. Speaker. I just want to add to Representative Giorgi's diatribe here, I received inquires

several days ago from a local correspondent in the Springfield press. And I thought during the campaign that my figures were good, and I found out that they were shortly underestimated. It appears to me that this thing we call the Lottery here in Illinois, Representative Giorgi, is not only the fourth largest revenue producing entity in our state, but it now seems that 50% of the gross receipts from the Lottery, and the Lotto and the Pick 4 originate in the City of Chicago and East St. Louis. And so I think it's rather ironic, Zeke, that somebody's getting the skin from this successful endeavor, and I'm certain that you'll join with me in the next Session of this Body to see if we can't equally distribute these sin revenues that come from Chicago to finance this great operation in State Government. So I'm going to vote for your Bill, Representative Barnes, but I think you ought to know that Representative Giorgi, and I would like our cut."

Speaker Madigan: "Mr. Matijevich."

Matijevich: "Mr. Speaker, I want my 'aye' vote on this Conference Committee to show that, first of all, that I recognize Representative Giorgi as the father of the Lottery; second, that I approve of that commercial that evidently one of your Leaders over there doesn't approve of. I think it is stimulating growth in the Lottery, and we ought to keep that commercial. I like it."

Speaker Madigan: "Mr. Brookins."

Brookins: "Thank you, Mr. Speaker. During the last campaign my district was very much concerned about where the Lottery money is going. They believe that it is going to the educational funds for the State of Illinois. In explaining it, it goes to the General Assembly... the General Revenue, and it is ultimately distributed and reaches education did not totally satisfy them. I think that we need to

designate some of the proceeds from the Lottery to go directly to the education funds of the State of Illinois, and with that, I'll end."

Speaker Madigan: "Is there any further discussion? There being no further discussion, the question is, 'Shall Senate Bill 388 pass?' All those in favor signify by voting 'aye', all those opposed by voting 'no'. Have all voted who wish? The Clerk shall take the record. On this question, there are 100 'ayes', no one voting 'no'. This Bill, having received a Constitutional Majority, is hereby declared passed. General Resolutions."

Clerk O'Brien: "House Resolution 819, Younge."

Speaker Madigan: "Committee on Assignment. Ladies and Gentlemen, the Chair is prepared to adjourn. We shall adjourn today upon the Death Resolution of a former Member. If all Members would please rise, and Mr. Clerk, read the Resolution."

Clerk O'Brien: "House Resolution 820, Representative Rea. Whereas, we were saddened to learn of the recent death of one of our former colleagues, Bert Baker, of Benton, Illinois; and whereas, Mr. Baker was born May 21, 1923 and attended grade and high school in West Frankfort, graduating in 1940, he served with the 36th Infantry Division in Europe during World War II and was awarded the Bronze Star with Cluster for heroic action, as well as the Purple Heart with Cluster; and whereas, the Honorable Bert Baker served six terms in the Illinois General Assembly, from 1954 through 1966; and whereas, Mr. Baker is survived by his widow, Wilma Risner Baker, his son, Ronald D. Baker, and three grandchildren. Therefore, be it resolved, by the House of Representatives of the 83rd General Assembly of the State of Illinois, that we express our deep sympathy to the family and friends of the Honorable Bert Baker for the

loss of our former colleague; and be it further resolved, that a suitable copy of this Preamble and Resolution be presented to Mrs. Baker. And a further token of our... As a further token of our grief, the House does now adjourn."

Speaker Madigan: "Mr. Rea."

Rea: "Thank you, Mr. Speaker and Members of the House. This House has lost a great friend in Bert Baker who served here for six terms. Bert was well respected, and he was not only respected here in the House of Representatives, but in his district. He was known as a hard worker, as a committed individual, as one that loved the district he represented and did much for southern Illinois. And he loved this Body here. I remember a few months ago when Bert Baker was on the floor of the House and visited with many of you, some of you that he had served with before. And Bert told me that day, he said, 'This is the best day that I've had in a long time', because he loved this place. And when he was here, he accomplished many things, not only for the area, but for the State of Illinois. He will certainly be missed by all of us here, as well as the ones in the district. And I ask for leave that all of you join on this Resolution, and that we certainly want to express our condolences to Mrs. Baker and to his son, Ron."

Speaker Madigan: "Mr. Friedrich."

Friedrich: "Mr. Speaker and Members of the House, I was one of those privileged to serve with Bert Baker. I was a Member across the rotunda and across the aisle from Bert Baker, but we worked together on many things that helped our area and has been pointed out the whole State of Illinois. And I certainly am proud to have had that opportunity. As I've said before, like ships that pass in the night, there have been many people who have served in this Body who've made a great contribution to the State of Illinois, and Bert Baker

was one of those people."

102nd Legislative Day

April 11, 1984

General Assembly of the State of Illinois, the Senate concurring herein, that there shall be submitted to the electors of the state for adoption or rejection at the general election next occurring, at least six months after the adoption of this Resolution, a proposition to amend Sections 9 and 10 of Article IV of the Constitution to read as follows: Article IV. The Legislature. Section 9. Veto Procedure. Every Bill passed by the General Assembly shall be presented to the Governor within 30 calendar days after its passage. The foregoing requirement shall be judicially enforced. If the Governor approves the Bill, he shall sign it, and it shall become law. If the Governor does not approve the Bill, he shall veto it by returning it with his objections to the House in which it originated. Any Bill not so returned by the Governor within 60 days after it is presented to him shall become law. If recess or adjournment of the General Assembly prevents the return of the Bill, the Bill and the Governor's objections shall be filed with the Secretary of State within such 60 calendar days. The Secretary of State shall return the Bill and objections to the originating House promptly upon the next meeting of the same General Assembly at which the Bill can be considered. The House to which the Bill is returned shall immediately return (sic - enter) the Governor's objections upon its Journal. If within 15 days after such entry the House, by a record vote of three-fifths of the Members elected passed the Bill, it shall be delivered immediately to the second House. If within 15 calendar days after such delivery the second House, by record vote of three-fifths of the Members elected passes the Bill, it shall become law. The Governor may reduce or veto any item of appropriation in a Bill presented to him. Portions of a Bill not reduced or vetoed

shall become law. An item vetoed shall be returned to the House in which it originated and may become law in the same manner as the vetoed Bill. An item reduced in amount shall be returned to the House in which it originated and may be restored to its original amount in the same manner as the vetoed Bill, except that the required record vote shall be a majority of the Members elected to each House. If a reduced item is not so restored, it shall become law in the reduced amounts. The Governor may return a Bill together with specific recommendations for the correction of technical errors or matters of form to the House in which it originated. The Bill shall be considered in the same manner as a vetoed Bill, but the specific recommendations may be accepted by a record vote of the majority of the Members elected to each House. Such Bill shall be presented again to the Governor; and, if he certifies that such acceptance conforms with his specific recommendations, the Bill shall become law. If he does not so certify, he shall return it as vetoed to the House in which it originated.

Section 10. Effective Dates of Law. The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of the calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A Bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly, by a vote of three-fifths of the Members elected to each House, provides for an earlier effective date. For the purposes of this Section, a law is passed at the time of its final legislative action before its initial presentation to the Governor as provided in subsection (A) of Section 9 of this Article, even though it may become law through one of the processes set forth in subsections (B)
