Speaker Greiman: "The Hour of 9:00 having arrived, the House will be in Session. The Members will be at their chair. The Chaplain for today will be the Reverend Richard P. Wenneborg, Pastor, Chatham Christian Church. Reverend Wenneborg is a guest of Representative Karen Masara. The guests in the gallery may wish to rise and join us for the invocation."

Reverend Wenneborg: "Shall we pray? Father we thank You so very much for the blessings You've given to us in this great land of ours. We thank You for the confidence You've shown to us in giving us the privilege and responsibility of making fair and just laws. And we pray today that You enable these men and women to be good stewards of the time they have and to faithfully fulfill the duties You have given to them, in Jesus name. Amen."

440 to honor the young people you see down in front here. These are our student interns who come from high schools all over the state to intern in various facets of government. They have worked for... in, as I say, in many different areas here, but among the Representatives that they worked for were Representative Hartke, Phelps, Curran, myself, Masara, Mays, Parke and Tate. We've all been honored to have them work for us. They've been super young people. They learned a lot. They added a lot to our lives, and I hope we've added to theirs, and if the Clerk would like to read the Resolution. Do you want to read the Resolution? Alright. I move for the passage. All in favor say 'aye', opposed 'no'. The 'ayes' have it. The Resolution is adopted."

Speaker Greiman: "Thank you. And thank you, young people. We all appreciate your work and efforts on our behalf. Alright, Messages from the Senate."

Clerk O'Brien: "Message from the Senate by Ms. Hawker, Secretary. 'Mr. Speaker, I am directed to inform the House of Representatives that the Senate has passed Bills of the following titles, and passage of which I am instructed to ask concurrence of the House of Representatives, to wit: Senate Bills Nos. 711, 713, 714, 716, 717, 720, 724, 728, 736, 742, 745, 749, 756, 760, 762, 767, 771, 772, 776, 777, 782, 787, 790, 794, 796, 798, 801, 804, 814, 822, 827, 831, 833, 834, 841, 848, 854, 855, 856, 861, 865, 873, 875, 883, 884, 886, 896, 897, 898, 903, 905, 907, 909, 910, 914, 920, that's 820, 917, 924, 925, 926, 931, 935, 937, 938, 939, 940, 947, 952, 953, 957, 962, 968, 972, 977, 981, 982, 986, 988, 990, 994, 995, 999, 1000, 1001, 1003, 1013, 1020, 1022, 1032, 1041, 1043, 1047, 1050, 1057, 1056, 1074, 1076, 1080 and 1089, passed by the Senate May 21, 1987. Speaker Greiman: "On page 20, 20 of the Calendar, on the Order of House Bills Second Reading, Special Order Pensions, appears House Bill 331. Out of the record. On this Order appears House Bill 2224. Mr. Hallock, are you prepared... do you wish... out of the record. On this Order of Business appears House Bill 2710, Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2710, a Bill for an Act to amend the Illinois Pension Code. This Bill has been read a Second Time previously. No Committee Amendments."

Speaker Greiman: "Floor Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Harris."

Speaker Greiman: "Yes, Mr. Capparelli, thank you. We will take this out of the record in accordance with your request. Thank you. Yes, for what purpose does the Gentleman from Cook, Mr. Cullerton, seek recognition?"

Cullerton: "Yes, well, Mr. Speaker, while you are doing your Conference Committee on the podium, while we are waiting, I just thought I'd make a few more announcements with regard to baseball scores. I think the Cardinals are still in first place by percentage points. The Cubs are ... the Cubs are right there, right behind them, just waiting for their Cardinals to wilt in that July heat down there in St. Louis. And if they happen, if the Cardinals happen to win, though, it's the second best team in the division. I don't mind them in that city winning because there's, if you think about it, there's really not much else to do in that town, in St. Louis, except to cheer for the Cardinals, so whereas up in Chicago, we've got a lot of other diversions, so they are my second best... second favorite team and it's nice to see they're on top. You never know, when it gets real hot down there, and real sweltery, in July, they might be in... might be in big trouble in July."

Speaker Greiman: "The Gentleman from St. Clair, Mr. Flinn."

Flinn: "Well, I appreciate the report Representative Cullerton gave us on the baseball status. The St. Louis Post Dispatch didn't get into town today, I wasn't able to find out, but I did notice during the prayer that Representative Cullerton was saying a little prayer of his own. It went something like this. 'Holy Mary, full of grace, why are the Cubs still in second place?'"

Speaker Greiman: "The Gentleman from Sangamon, Mr. Curran."

Curran: "Mr. Speaker, I feel that the Gentleman from St. Clair missed his cue and I move the previous question."

Speaker Greiman: "Agreed Resolutions. Death Resolutions."

Clerk O'Brien: "House Resolution 443, offered by Anthony Young, with respect to the Memory of Levita Greer."

Speaker Greiman: "The Gentleman from Cook, Mr. Young, moves for the adoption. All in favor say 'aye', opposed 'no'. In the opinion of the Chair the 'ayes' have it. The Death Resolution is adopted. On page 18 of the Calendar, on the Order of Vehicle Code, House Bills Second Reading, appears House Bill 2526. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2526, a Bill for an Act to amend the Illinois Vehicle Code. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Greiman: "Any Motions with respect to Amendment #1?"

Clerk O'Brien: "No Motions filed."

Speaker Greiman: "Floor Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Rea, Goforth and Phelps."

Speaker Greiman: "The Gentleman from Franklin, Mr. Rea, on Amendment 2."

Rea: "Mr. Chairman, I withdraw Amendment 2."

Rea, Phelps and Goforth."

Speaker Greiman: "The Gentleman from Franklin, Mr. Rea, on Amendment #3."

Rea: "Mr. Speaker, Members of the House, what Amendment 3 does is restore the Bill plus it eliminates the area in... pertaining to the fine of \$500.00 for any violation. It eliminates that Section. I would move for adoption."

Speaker Greiman: "The Gentleman from Franklin moves for the adoption of Amendment 3. On that, is there any discussion? The Gentleman from DuPage, Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. Just so the floor knows, this Amendment essentially puts the Bill back in its original form. It allows 80,000 pound trucks, so long as the operator of the truck has purchased a natural resource decal at a cost of \$200.00 a year. This Amendment also nullifies an Amendment adopted yesterday, which would have reduced the motor fuel tax allotment to counties in which these trucks operate by the amount of damage the trucks inflict on the roads. The Department of Transportation is opposed to the Bill. This Amendment is... becomes the Bill, and I stand in opposition to adoption of the Amendment."

Speaker Greiman: "The Lady from Cook, Ms. Parcels."

Parcels: "Thank you, Mr. Speaker. I want to remind you all that yesterday you did pass an Amendment which I offered, overwhelmingly, which said that the... they would... those funds down there would be reduced for their road work, and it was said by the Sponsors of the Bill that actually they didn't tear up the roads, but we know that last year the southern Illinois Legislators ask for 5 million in a Rural Revival Bill, and two years ago they asked for funds for roads in southern Illinois because they had torn up their roads. They also said that their roads down there were so

bad their busses could hardly... they couldn't get their children to school because the bus... the roads were in such bad shape the school busses couldn't travel on them. The Sponsors talk about the state's truck weight being... this is bad for their business down there because the truck weights here are much lighter than they are in other states, but that is true. But what do we do? In Kentucky, their roads are a mess because of the truck weights. I gave you those statistics yesterday, that 53% of their bridges are a mess in Kentucky. So maybe we should carry 200,000 pounds and really tear the roads up. You adopted a very fine Amendment yesterday of mine, overwhelmingly, and this takes that Amendment out. This just allows them to tear up the roads and go ahead and ask for funds and who is to pay for that extra road money and the damage caused by these heavier trucks, the trucking industry or the taxpayers? A 'no' vote is proper on this Amendment."

Speaker Greiman: "Further discussion? There being none, the Gentleman from Franklin, Mr. Rea, to close."

Rea: "Thank you, Mr. Speaker, Members of the House. In fact, the Department of Transportation was opposed to Amendment 1. This takes that out, and they were also opposed to leaving the penalty in, and this takes that out, so this is along the lines of... of... that we felt in terms of the Department of Transportation, and I would ask for an 'aye' vote."

Speaker Greiman: "The question is, 'Shall the Amendment be adopted?' Those in favor say 'aye', opposed 'no'. In the opinion... all those in favor signify by voting 'aye', those opposed vote 'no'. Voting is open. The Gentleman from Kane, Mr. Kirkland, one minute to explain your vote."

Kirkland: "Maybe the Sponsor can shake his head. How does IDOT feel about Amendment 3?"

Clerk O'Brien: "No further Amendments."

Speaker Greiman: "Third Reading. Mr. Clerk, read the Bill on Third Reading."

Clerk O'Brien: "House Bill 2526, a Bill for an Act to add Sections to the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from Franklin, Mr. Rea, on House Bill 2526."

Rea: "Take the Bill out of the record."

Speaker Greiman: "Out of the record. Agreed Resolutions."

Clerk O'Brien: "House Joint Resolution 82, offered by Representative Hensel; 83, by Pullen; 84, Hasara; House Resolutions 431, Rea; 432, Tate; 433, Tate; 434, Terzich; 435, Barger; 436, Myvetter Young; 438, Rea; 441, Hensel; 442, Barnes."

Speaker Greiman: "The Gentleman from Lake, Mr. Matijevich, moves for the adoption of the Agreed Resolutions. Those in favor 'aye', opposed 'no'. In the opinion of the Chair the 'ayes'... and the Agreed Resolutions are adopted. General Resolutions."

Clerk O'Brien: "House Resolutions 439, Shaw."

Speaker Greiman: "Committee on Assignment. Death Resolutions."

Clerk O'Brien: "House Resolution 437, Flinn, with respect to the memory of Al N. Young."

Speaker Greiman: "The Gentleman from St. Clair, Mr. Flinn, moves for the adoption of the Death Resolution. Those in favor 'aye', opposed 'no'. In the opinion of the Chair the 'ayes' have it. Bills left on the Order of Second Reading that are on the Consent Calendar. Moreover, there are some Bills on the Order of Third Reading now on the Consent Calendar that will have to be brought back for Amendments. Reminding you that whatever Amendment might be put on, might certainly change it from being on the Consent Calendar, so that if you are interested in the Bill remaining on the Consent Calendar, your Amendment should be not very ambitious. Now, if a Member has a Bill on the Order of Consent Calendar Third Reading and must bring the Bill back to the Order of Second Reading for an Amendment, please come down to the well and give the Clerk the number of your Bill so that we may call those Bills that are on the Order of Consent Calendar Third Reading that need to be returned to the Order of Second for an Amendment. We are now going to proceed on the Order of Consent Calendar Second Reading and that is the Bills that are in the printout now being distributed. Mr. Clerk, on the Order of Consent Calendar Second Reading appears House Bill 113, read the Bill."

Clerk O'Brien: "House Bill 113, a Bill for an Act to create the Illinois Live Entertainment Performance Crowd Safety Act. This Bill has been read a Second Time previously. Amendment #1 was adopted in Committee."

Speaker Greiman: "Motions with respect to Amendment #1?"

Clerk O'Brien: "No Motions filed."

Speaker Greiman: "Floor Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative DeLeo."

Speaker Greiman: "The Gentleman from Cook, Mr. DeLeo, on Amendment #2."

DeLeo: "Thank you, Mr. Speaker, Members of the House. Amendment #2 increases the penalty for scalping tickets and also raises the limit on the original Bill from 25,000 to

75,000. I ask for its adoption. It's been... the Bills... It's been agreed by the Bill's Sponsor."

Speaker Greiman: "The Gentleman from Cook, Mr. DeLeo, moves for the adoption of Amendment 2 to House Bill 113. And on that the Gentleman from Fulton, Mr. Homer."

Homer: "Will the Sponsor yield?"

Speaker Greiman: "He indicates he will."

Homer: "Representative DeLeo, this is the Bill that has to do with crowd control, and, correct?"

DeLeo: "That is correct."

Homer: "And to avoid what happened like at the Ohio 'Who' Concert and the Bruce Springsteen and the rest of them, and as I understand it, what the Bill does is say that no more than 20% of the tickets may be general admission."

DeLeo: "That is correct."

Homer: "But by increasing the threshold to 75,000, you're also increasing the number of people who will be allowed to have general admission substantially, aren't you?"

DeLeo: "Well, it's been a... it was amended in Committee from 10,000 to 25,000, to accommodate certain facilities in Cook County, 'Ravina', Poplar Creek. This is designated at a large... for a large facility where general seats... numbered seats are not available. This is geared for Soldier's Field or a large... "

Homer: "Is that about... is that about the only one you can think of, Soldier's Field, that would hold 75,000. Alright, but 20% of 75,000 is a lot of people. Is it contemplated that that this going to be manageable?"

DeLeo: "I'm sorry, Tom."

Homer: "20% general admission of 75,000 tickets is a lot of tickets."

DeLeo: "Well, it's 15,000."

Homer: "Alright, have you considered that by raising the

85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

threshold you are also raising the number of people who will be allowed general admission?"

DeLeo: "Well, currently we have no provisions, so this is... we've had rock concerts in the past at Soldier's Field that's had 60 or 70,000 g.a. seats. This would restrict it to a special area."

Homer: "Alright, thank you."

Speaker Greiman: "The Gentleman from McLean, Mr. Ropp."

Ropp: "Would the Sponsor yield?"

Speaker Greiman: "He indicates he will."

Ropp: "Representative, does anyone ever get picked up for scalping tickets?"

DeLeo: "Quite frequently. They are arrested in front of facilities in Chicago all the time. In front of the Chicago Stadium, in front of the Cubs park and in front of the Sox park. They hawk tickets on the street."

Ropp: "Okay, I just thought there was a Bill introduced that would just... "

Speaker Greiman: "The question is, 'Shall... ' yes, Mr. Johnson?"

Johnson: "Part of Judge Steigman's package this year was a Bill that would have eliminated criminal penalties all together for what we call scalping tickets. I almost introduced the Bill, and I thought the University probably wouldn't like that, but I never figured out exactly why it should be a crime at all to sell something for more than you bought it for. You do that in futures, in stock and everything else in the world, why is this a crime? If you're smart enough to buy early or buy it at the appropriate time and to the right event, why shouldn't you be able to sell it for whatever the market will bring?"

DeLeo: "According to provision that we now have in the state, you may not sell or exchange any ticket with a respective license number. What happens is we have tickets that are

HOUSE OF REPRESENTATIVES

bona fide, and then there are bogus tickets. The tickets shall bear the stamp of every license. The tickets shall not be sold or resold by any place of entertainment without the printed face value. We have... you are able to sell tickets outside the facility, or outside the promoter, if you are a licensed ticket broker in the State of Illinois."

Johnson: "No, my question was, if I happen to know or figure out nine months ahead of time that the Illinois-Indiana game is going to be a sell-out near the end of the season and I want to go out and risk the fact that both teams may be in last place by the last game of the season, nine months ahead of time and buy those tickets, why shouldn't I, if I've made the right guess, why shouldn't I be able to sell those for twice their face if somebody will pay for them? What is there... when I ask you what the law is, I'm asking what it is that prompts us as a policy making body to say that's criminal conduct?"

DeLeo: "Well, we lose the tax on it, for number one."

Speaker Greiman: "The Gentleman from DuPage, Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Greiman: "He indicates he will."

McCracken: "Currently there is no licensing requirement for ticket agencies, is that right, or ticket outlets?"

DeLeo: "No. There's licensed ticket brokers."

McCracken: "Oh, there are. This is a completely new Act, isn't it, that you're proposing, relative to the ticket regulation?"

DeLeo: "That's correct."

McCracken: "Well, what is the current law regarding regulation of ticket outlets?"

DeLeo: "Tom, I'm unfamiliar with the current... I'm not familiar with the current."

McCracken: "Well, what problem has come to your attention which

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

May 22, 1987

requires this type of regulation?"

DeLeo: "Well, like I mentioned earlier, we've had problems where these tickets are being bought. Somebody will wait in line and the public is not able to get the tickets. We've had people waiting in line buying 10 or more tickets and reselling them out in front of the facilities for three, four times the face value."

McCracken: "Well, but that's not the ticket company or the ticket outlet that's doing that, that's a private individual, unrelated to the ticket outlet. Isn't that right?"

DeLeo: "That's correct."

McCracken: "Well then, how would this effect that person? He'd still be allowed to buy 10 or 20 tickets and he would still be breaking the law if he were standing outside selling them for more than face value. What does regulating the ticket company itself have to do with scalping at a game, or something like that. I mean, how does that stop that?"

DeLeo: "Well, this will put a penalty on it."

McCracken: "A penalty on the scalper?"

DeLeo: "Yes."

McCracken: "Well, that's already in the law. Do you raise the penalty on a scalper?"

DeLeo: "It's... it will be a Class A Misdemeanor."

McCracken: "Okay. I think that's the current law. Okay, to the Bill. I'm not sure what prompts the Sponsor to propose this regulation. It's already against the law to scalp tickets. It's a Class A Misdemeanor, and the reason it's against the law is not because... well, the reason it's against the law is because the person doesn't pay sales tax on the resale, so I'm not sure what the purpose of proposing to register and regulate these ticket agencies when they have nothing to do with the scalping. Apparently the raising of the attendance, which relates to the

original Bill from 25 to 75, was agreed to by the Sponsor. I don't know if he's agreed to this regulation, but I just don't think it's necessary to regulate the ticket outlets when all we're trying to do is deal with the scalper."

Speaker Greiman: "The question is, 'Shall this Amendment be adopted?' All those in favor signify by... I'm sorry... signify by saying 'aye', those opposed 'no'... all those in favor signify by voting 'aye', those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question there are 63 voting 'aye', 43 voting 'no', 1 voting 'present' and the Amendment is adopted. Are there further Amendments?"

Clerk O'Brien "No further Amendments."

Speaker Greiman: "Third Reading. On this Order appears House Bill 871. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 871. This Bill has been read a Second Time previously. No Committee Amendments."

Speaker Greiman: "Are there Floor Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative DeLeo."

Speaker Greiman: "The Gentleman from Cook, Mr. DeLeo."

DeLeo: "Thank you, Mr. Speaker, Members of the House of Representatives. Amendment #1, in the original Bill, the penalties were given to me by the Department of Veteran Affairs, which were quite extensive. We reduced the theft of a flag from a Class 4 Felony to a Class 8. I was asked to do this in Committees, reducing the penalties."

Speaker Greiman: "The Gentleman from Cook moves for the adoption of Amendment #2 (sic - Amendment #1) to House Bill 871. On that is there any discussion? There being none, the question is, 'Shall the Amendment be adopted?' In favor 'aye', opposed 'no', the Amendment is adopted. Further

Clerk O'Brien: "House Bill 1047. This Bill has been read a Second Time previously. Amendment #2 was adopted in Committee. 1 and 2."

Speaker Greiman: "Are there any Motions?"

Clerk O'Brien: "Motion to table Amendment #2, offered by Representative Jones."

Speaker Greiman: "The Lady from Cook, Ms. Jones, on Motion to table Amendment #2. Ms. Jones."

Jones: "Yes, Mr. Speaker and House Members. I tabled Amendment 2, and there should be an Amendment 3."

Speaker Greiman: "The Lady from Cook moves to table Amendment #2. On that, is there any discussion? The Gentleman from Cook, Mr. Piel."

Piel: "Question. Could she tell us who the Sponsor of Amendment #2 was and who... what the Amendment does?"

Jones: "The Sponsor of Amendment 2 was myself. In Committee there was Amendment 1 and 2, and there was a problem with both of them because they both... they didn't really understand them. Amendment #3 straightens that problem out, which makes it Chicago only."

Piel: "So Amendment #2, which removed the downstate school districts from the closed campus policy, will be add... you're taking... you're putting it back onto the Bill and then with Amendment #3 you're putting it back into the Bill. Is that correct?"

Jones: "No. Downstate is not going on it. Amendment #3 actually states that it's Chicago only and it's not a mandate closed campus, but a closed campus study, for Chicago schools only."

Clerk O'Brien: "Motion to table Amendment #1, by Ms. Jones."

Speaker Greiman: "The Lady from Cook moves to table Amendment #1, and on that is the Lady from Cook, Ms. Jones."

Jones: "The same problem with Amendment 1 was with 2. It was in Committee. It was very controversial as to what Amendment #1 and Amendment #2 did. Amendment #3 straightens out all sort of problem with Amendment #1."

This is a good Bill, however Cook County would have a hard time accepting it right at this time, and therefore I have agreed to take Cook County out and let the rest of the counties go with it and that's all this Amendment would do."

Right now they have the ability to remove people who don't follow the programs they are insisted upon. Both changes apply to collar counties and makes... makes the DuPage County Tourism Bureau eligible for state grants along with other tourism bureaus."

Speaker Breslin: "The Gentleman has moved the adoption of Amendment #2 to House Bill 2746, and on that question, the Gentleman from Cook, Representative Cullerton."

Cullerton: "Yes. Will the Sponsor yield?"

Speaker Breslin: "He indicates he will."

Cullerton: "I heard a magic word. What was the magic word?"

McCracken: "Tourism?"

Cullerton: "No. It was DuPage. Is this a DuPage Amendment?"

McCracken: "No."

Cullerton: "What does it do?"

McCracken: "It's an Amendment for the people, John."

Cullerton: "How much money for DuPage?"

McCracken: "No money. It allows that Tourism Bureau to participate in the DCCA grant program."

Cullerton: "So there's no money. It just allows them to participate. Maybe they'll give money to DCCA."

McCracken: "I don't know that that will happen, but we would just participate as all other tourism bureaus participate, including the Chicago Bureau."

Flinn: "Thank you, Madam Speaker. A couple of weeks ago I got up and opposed one of the Democrats Amendments against a Republican Bill, and my statement was essentially this. In all the time I've spent in the Legislature, I have never introduced a Bill which would strike the enacting clause or strike everything after the enacting clause and put on my own Bill. I think it's a cowardly way to attack a Bill. I think a Bill... a Sponsor ought to have a chance to have his Bill voted up or down. STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

May 22, 1987

today's paper, pick up yesterday's paper, you turn on the television and on every page is an article or discussion in terms of AIDS. Our constituents are calling on us to take actions to deal with this very very critical problem. House Bill 736 represents a approach to dealing with this problem that has received the support across the board from almost everybody who is involved in this issue. House Bill 736 saves money in terms of AIDS and provides the services and the programs that we need to deal with this critical disease. It saves money, in that there are four separate provisions in this Bill encouraging long term care for AIDS patients. If you saw the New York Times this morning, you saw the statement from the Director of the New York State Public Health Department. That State is close to bankruptcy in its medical program because of the number of AIDS patients and because of the cost to the State of dealing with this problem. House Bill 736, by getting the State of Illinois into the provision of long term care programs, is going to save this State a substantial amount of money and prevent us from ending up where New York potentially is, in the State of bankruptcy. About a year ago there was a study by the Center for Disease Control, in which they projected that the average cost of treating an AIDS patient would be \$150,000. When they went out to see what the actual costs were, they found in those State's that have long term care programs the costs were less than \$40,000 a patient. And it is very simple, the economics are very simple as to why. A hospital bed costs in excess of \$400 a day. Long term care costs less than a quarter of that. So the major portion of House Bill 736 deals with the long term care. It provides for a pilot program, in terms of long term care programs, be they using unused hospital beds, be they using nursing homes or be they using

residential care settings. It opts us into the sixth omnibus Federal Reconciliation Act, under which we can receive 50% reimbursement for the cost of treating medicaid AIDS patients, as long as we certify that the community base care for the AIDS patient is cheaper than a hospital care. It also does a number of other things in terms of long term care. So this is a good investment. It's something that the professionals say makes sense, something the patients themselves say makes sense. And it's something that is going to save us money. Additional provisions of this Bill deal with the training of government... State government employees."

Speaker Breslin: "Bring your remarks to a close, Representative Levin."

Levin: "Okay... Thank you. Who deal with the public and need to have a basic knowledge of that... of AIDS and how it is transmitted, so they can better deal with the public. This legislation also has on it, as a result of the compromise Amendment worked out with the Republican side of the aisle, the provision dealing with blood trusts for families. If there are specific questions, I'd be happy to answer them. I just encourage your support for a Bill that you can take back to your constituents and say we did something significant in terms of this very dreaded disease."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 736. And on that question, does anyone stand in opposition? Anyone standing in opposition? The Gentleman from Winnebago, Representative Mulcahey. No. The question is 'Shall House Bill 736 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. House. I believe that it is important that we take a step forward toward the care of AIDS patients, in that we provide for long term care and hospice care for these infected people. It is an extremely costly disease, it is extremely costly on our society. And I commend the Gentleman for bringing this Bill before us. I do have some reservations about a few of the provisions, but he has made very substantial progress in producing a very fine Bill and most of its original intent even was excellent. And so I stand in support of his Bill."

I don't know of any opposition to this and I would appreciate a favorable Roll Call."

Speaker Greiman: "The Gentleman from... the Lady moves for the passage of House Bill 1268, and on that the Gentleman from Cook, Mr. Cullerton."

Cullerton: "Mr. Speaker, did you pledge, before you left the General Assembly, that you would cosponsor a Bill with Representative Pullen?"

Speaker Greiman: "I always deemed it an impossibility..."

Cullerton: "I think it's time for you to... I think it's time for you to leave. When you and Pullen get together on a Bill, I think it's time for you to leave. I think it's very appropriate."

Speaker Greiman: "Thank you, Mr. Cullerton. The question is 'Shall this Bill pass?' All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open and this is final action. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question there are 116 voting 'aye', none voting 'no', none voting 'present'. Mr. Saltsman, 'aye'. Mr. Saltsman, 'aye'. So on this question there are 117 voting 'aye', none voting 'no', none voting 'present', and this bill, having received the Constitutional Majority, is hereby declared passed. On this Order appears House Bill 1415. Mr. Clerk, take the record." (sic - read the Bill)

Clerk O'Brien: "House Bill 1415, a Bill for an Act in relation to Abortions. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from DuPage, Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. This Bill amends the Right of Conscience Act and also the Illinois Abortion Law. And as to the Right of Conscience Act, specifies that a physician is not required to perform, assist, counsel, suggest, recommend, refer or participate in diagnostic testing to defect fetal abnormalities, which may lead to an abortion. The other portion of the Bill requires that when

an abortion is performed and the fetus is viable, that it be performed in a hospital. This Amendment was discussed at some length on the floor within the last few days. I move the passage of House Bill 1415."

Speaker Greiman: "The Gentleman from DuPage, Mr. McNamara (sic - McCracken), moves for the passage of House Bill 1415. And on that, is there any discussion? The Gentleman from Cook, Mr. Young."

Young: "Would the Sponsor yield?"

Speaker Greiman: "He indicates he will."

Young: "Does this Bill alter the definition of when a fetus is viable?"

McCracken: "No, that's current."

Young: "Thank you."

Speaker Greiman: "Further discussion? There being none, the question is, 'Shall this Bill pass?' All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open. This is final action. Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question there are 79 voting 'aye', 35 voting 'no', none voting 'present'. This Bill, having received a Constitutional Majority, is hereby declared passed. We'll take out of the record, momentarily. We'll be back to it later. On 1471. On this Order appears House Bill 1623. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 1623, a Bill for an Act to amend the Alcoholism and Substance Abuse Act. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from Sangamon, Mr. Curran."

Curran: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. House Bill 1623 simply requires the Department of Alcohol and Substance Abuse to establish a statewide education program, to provide dissemination of information

to state employees relating to alcohol abuse and drug abuse. I move for favorable adoption."

Speaker Greiman: "The Gentleman moves for the passage of House Bill 1623. Does anyone stand in opposition to that Bill? There being no one. The question is, 'Shall this Bill pass?' All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is open. This is final action. Have all voted who wish? Have all voted who wish? Yes. Oh, I'm sorry, Ms. Breslin. Have all voted who wish? Mr. Clerk, take the record. On this question there are 113 voting 'aye', 4 voting 'no', none voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. Yes, the Gentleman from Sangamon, Mr. Curran, for what purpose to do seek recognition?"

Curran: "Mr. Chairman, for purposes of an announcement. In Room 400, in about one-half hour, Milton Friedman, will be proved wrong. There will be a free lunch. Courtesy of the Illinois Education Association, Room 400, for Democratic Members of the House of Representatives. Thank you."

Speaker Greiman: "The Gentleman from Cook, Mr. Leverenz."

Leverenz: "I would just like the record to reflect that there is no free lunch and I have been joined in that by ten other people."

Speaker Greiman: "Alright. On this Order appears House Bill 1471. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 1471, a Bill for an Act to amend the Professional Service Corporation Act. Third Reading of the Bill."

Speaker Greiman: "And on that the Lady from Cook, Ms. Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. House Bill 1471 would merely provide that professional nurses may incorporate for professional reasons in the State of Illinois and join with other medical providers in a joint

operation. I'd be happy to answer your questions. And I would appreciate your support for House Bill 1471."

Speaker Greiman: "Does anyone stand in opposition to this Bill? The Gentleman from DuPage, Mr. McCracken."

McCracken: "Mr. Speaker, traditionally the professional corporations have consisted of Members of a single profession and this would allow them to join together in a single professional service corporation. The Illinois State Medical Society is absolutely opposed to this Bill. And this consists of a very substantial departure from previous law. And I stand in opposition to it."

Speaker Greiman: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "This is not on this bill. I just only want to rise and say if the IEA can't feed the Republicans, they're not going to feed me either."

Speaker Greiman: "The Gentleman from Winnebago, Mr. Hallock."

Hallock: "Well, let me just say to you that they are going to feed the Republicans today at the same time in Room 300."

Speaker Greiman: "There being no further discussion. The question is, 'Shall this Bill pass?' All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? The Gentleman from Morgan, Mr. Ryder. One minute to explain your vote."

Ryder: "I only rise to indicate that if it gets a requisite amount of votes, that we're going to ask for a verification, please."

Speaker Greiman: "Sure. The Gentleman from Macon, Mr. Tate. Have all voted who wish? The Gentleman from Macon, Mr. Dunn."

Dunn: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I rise in support of this legislation. This is not really a controversial piece of legislation. This simply

allows those doctor's who wish to incorporate and to incorporate the nursing staff into the same corporation, so they can participate in profit sharing plans and those kind of things. It allows them to do that. Currently, the Professional Services Corporation Act will not permit that. It's not a controversial Bill. I don't know anybody who is really opposed to this Bill and it's a good Bill for the nurses. They have asked for this Bill. And I think we should accommodate them and put 60 green votes up there so they can participate in professional corporations with doctors."

Speaker Greiman: "The Lady from Champaign, Ms. Satterthwaite, one minute to explain your vote."

Satterthwaite: "Madam Chairman and Members of the House. Simply to indicate that not all doctors in this State are opposed to this legislation. In fact, two years ago one of the Institutions in my district came to me. People in the medical profession came to me, to ask me to introduce similar legislation. The State of Indiana provides a much more comprehensive means for intergrating the various health providers in order to have a delivery system that will make a team effort. And for that reason, I think that we should support this legislation."

Speaker Greiman: "The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Yes, Mr. Speaker and Ladies and Gentleman of the House. If we believe in the totality of the health care system, surely the nurses are a part of that system. And I... you know... I really think, the only reason, that this could fail is that doctors would be greedy. I don't think the doctors are that greedy. I think doctors realize that nurses provide health care, just as doctors provide health care. So, I would urge the Members of this Body to include the nurses into that system."

On this Order appears House Bill 2044. Excuse me, I see Mr. McNamara is in the Chamber, so let's go back to 1225. Mr. Clerk, on this Order is House Bill 1225. Read the Bill, Sir."

Clerk O'Brien: "House Bill 1225, a Bill for an Act to amend the Critical Health Problems and Comprehensive Health Education Act. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from Cook, Mr. McNamara."

McNamara: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. House Bill 1225 amends the Critical Health Problems and Comprehensive Health Education Act. And it includes sexual abstinence until marriage as an educational area curriculum base. I urge it's adoption. I'll be happy to answer any questions."

Speaker Greiman: "The Gentleman moves for the passage of House Bill 1225. And on that, does anyone stand in opposition? The Gentleman from Cook, Mr. White."

White: "Mr. Speaker and Ladies and Gentlemen of the House. I think this particular Bill is a bad one. I think that when you are talking about teaching of abstinence, I think that should start at home. And I think that this is a bad setting for it. And I oppose the Bill."

Speaker Greiman: "The Gentleman from St. Clair, Mr. Stephens."

Stephens: "Well, thank you, Mr. Speaker, the Members of the Assembly. In my district in Collinsville, in the junior high schools there, they are teaching a course they call 'Sex Respect'. And the essence of the course is that it is okay to say no to sex. It's okay to practice abstinence

until you are married. The kids are very receptive. They feel encouraged that adults, teachers and parents, have the courage to say to them, 'that there are bounds that you must live within'. This is a good Bill for Illinois. I urge those who believe in strong families, basic Christian and Judeo beliefs, that you support House Bill 1225."

Speaker Greiman: "The Gentleman from Cook, Mr. Bowman."

Bowman: "Yes, Mr. Speaker, Ladies and Gentlemen of the House. I'm sorry, I let this Bill get away from me on Second Reading. I think if this Bill had been properly amended, I could vote for it. I think as a precondition to teaching abstinence before marriage, we should make the teachers sign an affidavit saying that they themselves did not have sex before marriage. I think under the circumstances, we open the door to hypocrisy in our schools. And I stand in opposition."

Speaker Greiman: "The Gentleman from Cook, Mr. Kubik."

Kubik: "Thank you, Mr. Speaker, will the Sponsor yield?"

Speaker Greiman: "Indicates he will."

Kubik: "Representative, is this a mandate? A mandated portion?"

Speaker Greiman: "Mr. McNamara, your on."

McNamara: "Thank you, Mr. Speaker. It is a shame that when we take a look at some of the things..."

Kubik: "Mr. Speaker."

McNamara: "That make common sense. Those things like you teach moral responsibility and the fact that you say that abstinence before marriage is permissible. Its right. Its good. Now, let everyone else do what they wish but these are things that are important... Oh I'm sorry."

Kubik: "Mr. McNamara, I was asking a question. I just wanted to know whether this would be a mandated program?"

Young: "Would the Sponsor yield?"

Speaker Greiman: "Indicates he will."

Young: "Representative, just by looking at the Bill, it would lead me to believe that you think that abstinence is not already taught in the schools, in sex and in health education classes."

McNamara: "If that is a question, I believe one of the things is that if you really look at the Bill, then it would lead you to believe that under this Section maybe human ecology and health are not taught in the school. Human growth and development are not taught in the school. Prevention and control of disease are not taught in the school. Because these are all other things that are mandated under this Section as logical things to be taught. The basics, so, if that would lead you to believe in that area then it would naturally lead you to believe that perhaps the rest of these items are not taught in the schools."

Young: "Representative, Representative, do you have a fear that maybe sexual promiscuity is being taught in this school or...? I don't understand the reason for this Bill, Representative. To the Bill, Mr. Speaker."

McNamara: "... Was that a question? Do you wish me to answer it?"

Speaker Greiman: "Proceed, Mr. Young."

Young: "It was a rhetorical question. To the Bill. If I were an educator, I would be grossly offended by a Bill like this, because it carries an implication that either this is not being done, or in fact, perhaps the opposite is being done. I wonder what we think that is being, what is being taught in our schools today. Of course sexual abstinence is already being taught and encouraged and all of the sex education or health clinics, at least in the Chicago Public School system."

Giorgi: "Mr. Speaker, I want to congratulate Representative Stephens and Representative McNamara for finally getting it in the curriculum. And this was in the curriculum in the first schools of America. The first schools in America were private schools; then came the public schools. I want to congratulate them for getting back to the curriculum that was taught in early America... in the first school's of America. Congratulations, fellows."

This Bill, having received the Constitutional Majority, is hereby declared passed. Ms. Breslin, for what purpose do you seek recognition?"

Breslin: "Thank you, Mr. Speaker. To... I to, seek recognition to clarify the record, because of the technical problems with voting when one is in one's chair, or when one is at the Speaker's program. On occasion, I have been voted incorrectly, and that has happened again today. And I would like to correct the record. On House Bill 1415, I was recorded as voting 'no', but wish to have been recorded as voting 'aye'. On House Bill 432, I wish to be recorded as voting 'no'. And House Bill 2480, I wish to be recorded... to have been recorded as voting 'aye'. Thank you."

Criminal Code. Third Reading of the Bill."

Speaker Greiman: "The Lady from Cook, Ms. Pullen."

Pullen: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I think a Majority of the Members of the House agree that it is time for us to take steps to protect the public from a very deadly epidemic. One of the main purposes for State Government is to protect the public health. And in the situation of the AIDS epidemic, it does not appear that the state has been responding to that responsibility. House Bill 2044 seeks to protect the uninfected. It is a Bill that received much discussion during the Amendment stage the other day. So I will just briefly mention what its provisions are. It makes it a felony for one who knows that he or she is an AIDS carrier to donate blood. It requires blood banks and hospitals to institute blood trust programs to allow prospective blood recipients to recruit their own donors, so that that blood may be reserved for them for up to seven days, and then released to the general pool. It requires marriage license applicants to be tested for the AIDS virus. It requires the testing of convicted sex offenders and convicted IV drug abusers. It requires infected health care workers to notify their employers and the employers to remove them from direct patient care. It requires public health agencies to notify public school superintendent and board president of any school age child infected with AIDS virus. And it tightly restricts access to data within the Department of Public Health's AIDS computer program. About this last provision, there was some confusion when we adopted that Amendment, and I would like to assure the Members of the House that this Amendment has been researched and does, in fact, restrict access to data within the Department of Public Health's computer. It does

HOUSE OF REPRESENTATIVES

not open it in any way. I think it is time for us to move forward to protect the public from the infection. The... this Bill is a reasonable, moderate, prudent, approach. It is not punitive. It has confidentiality built into it, wherever that is needed. And this Bill is needed today. I urge an 'aye' vote."

Speaker Greiman: "The Lady from Cook, Ms. Pullen, moves for the passage of House Bill 2044. And on that, the Lady from Cook, Ms. Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. I rise in opposition to House Bill 2044. Politicians stepping in where experts fear to tread. The Speaker appointed a medical advisory panel to help us deal with the spread of this dread epidemic disease, AIDS, Acquired Immune Deficiency Syndrome. Virtually every item in House Bill 2044 was rejected unanimously by this panel on the grounds that these measures will not help to prevent the spread of this disease, will not help educate and inform the public how they might protect themselves against the spread of this disease. We'll spend money, individual taxpayers' money, individuals' money from their own pockets, in ways that will not be helpful in combatting this disease. I think that the measure before us is one that carries with it an inappropriate message to the folks back home. It will not help to stop the disease; it will not help to protect people from the disease on the basis of expert testimony from the Speaker's Medical Panel. Further, it will give people back home a sense that they are protected, that we have done something that will help stop the spread of this disease. That sense of security, the false sense of security that is inherent in passage of House Bill 2044, is perhaps the best reason to stop it in its tracks. I would urge you to support the medical experts who know a

lot more than we as politicians do about the nature of diseases that are contagious. I would urge you to say 'no' to House Bill 2044."

Speaker Greiman: "The Gentleman from Cook, Mr. Levin."

Levin: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Clearly, this Legislature and every single Member is under pressure from constituents around the State to do something about AIDS. Unfortunately, legislation is not always the solution to every problem. Unfortunately, legislation sometimes can make a situation worse. We heard extensive testimony in Subcommittee on many of these proposals and we heard that they make the situation worse, and not better. We heard that an open ended blood trust can play havoc with our blood supply system and the availability of blood to those that need it. We heard that marriage license testing, as Representative Currie indicated, would create a false sense of security, and also impose probably about a hundred dollar extra expense every time a young couple goes to get married. And we heard that we're focusing on the wrong population in imposing this requirement. So I suggest that other legislation more appropriate, is able to give us the ability to go back to our constituents and say, 'We have done something significant on this issue.' This Bill will come back to haunt us. It will not help the situation. Legislation is not always the best solution to a problem. I urge a 'no' vote on 2044."

Speaker Greiman: "The Gentleman from Cook, Mr. McNamara."

McNamara: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. This Bill does something that is very basic again. It says that we are going to find out what causes the disease of AIDS and who has the disease of AIDS and try to prevent that disease from wiping out our race. I think

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

that, you know, one point that was brought up is, it was done in the area of syphilis, where we found out exactly what happens with that disease, and then eventually, were able to conquer that disease. What's more logical than that? What else can we do, other than to protect our people, our constituents with at least the medical knowledge that there is something being done here by this General Assembly, and I think it's the most responsible thing that we can do in this General Assembly. At least to give them those protections that are so important that we were sent here to give them. This is a very important Bill. It is a very strong measure that says we are going to try to do something about AIDS. We're not condemning. We're trying to help people. We're trying to save lives. It's important, it's right, and your 'aye' vote should definitely appear on that board. Thank you."

Speaker Greiman: "The Lady from Lake, Ms. Frederick."

Frederick: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I also rise to support House Bill 2044. I think our problem here today is a difference in perspective. I think we ought to error on the side of being safe rather than sorry tomorrow. I urge your support of House Bill 2044."

Speaker Greiman: "The Lady from Lake, Ms. Stern."

Stern: "Mr. Speaker and Members of the House, I think this is a very grave and serious problem. I, too, am a Member of the AIDS Subcommittee and heard the experts, and I will not repeat the remarks of my colleagues, but I think we have before us an example of someone that we should all emulate. I have a new hero. I think 'Dr. C. Everett Coop', the Surgeon General, a man of impeccable conservative credentials... not any more, says my colleague across the way... I think we see in him, a man who is not going to

allow himself to be stampeded against his better judgment into programs that are not going to have an effect. And I believe that this Bill is one such program. We have asked our experts for their opinion and they have unanimously rendered it. And this Bill flies in the face of every one of those recommendations. I think this is serious. And I think that we have to remain cool and evaluative and careful and I urge a 'no' vote on this Bill."

Speaker Greiman: "The question is, 'Shall this Bill pass?' All in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open. This is final action. The Gentleman from St. Clair, Mr. Stephens. One minute to explain your vote."

Stephens: "Thank you, Mr. Speaker. This Bill simply addresses the problem of public health with public health, responses. It's a legitimate Bill. And I'm glad to see that it's going to pass."

Satterthwaite: "Mr. Speaker and Members of the House. The Bill as amended, provides for a study group to be formed dealing with Mental Health Services within the community and asking especially for concentration on services to the mentally ill. Hallock: "Will the Sponsor yield for a question?"

Speaker Greiman: "Indicates she will."

Hallock: "How will this legislation interplay with the different regional Mental Health Facilities that the State runs around the State?"

Satterthwaite: "Well, this is simply a study and so any recommendations that would come out of this study group might impact on that, but until the study is done there would be no impact. And I would assume that if the study recommends a legislative change we would have to come back and approve that."

Hallock: "But this study does not at any point in time, at least currently, bind or require any private provider or the State to do any certain things in this area."

Satterthwaite: "I'm sorry, I didn't get all of your question."

Hallock: "Does this Bill require the private providers or the State to take certain actions at this point in time?"

Satterthwaite: "The only action that they would have to take is, if they are designated as members of this Committee, they would meet and study the issue... designing a system for funding the community mental health services."

Hallock: "Thank you."

House. House Bill 2276 is basically Amendment #1 which would authorize the Department of Commerce and Community Affairs to make available grants and low interest loans to home owners who suffered damage to their homes as a result of flooding in the month of October, 1986. There was declared a Federal disaster in the State of Illinois during that month and a lot of homeowners in various sections all over the State had damage to their foundations and to their heating systems and to the structures of their homes. And the Federal Program, the SBA program... loans and grants program, did not cover many of these people because they were pensioners, they were elderly, they were sick and had various disabilities that would not make them eligible for a SBA loan. So this Bill proposes that a small fund of \$500,000 be set up that would make available grants and loans to those categories of people who were not eligible under the other disaster programs. And I move for the passage of the Bill."

Speaker Greiman: "The Lady from St. Clair moves for the passage of House Bill 2276. Does anyone stand in opposition to this Bill? The Gentleman from Lake, Mr. Churchill."

Churchill: "Thank you, Mr. Speaker. Will the Representative yield for some questions?"

Speaker Greiman: "Indicates she will."

Churchill: "Representative Younge, can you explain how... what portion of the State does this cover?"

Younge: "It covers certain northern areas of the State and southern areas of the State. There was a large... many counties who were... which were declared disaster areas in the October 86 flood. And under this Bill those areas would be available for grants and loans to persons who are homeowners, who had structural damages to their homes. There were quite a few pensioners, there were quite a few

elderly people, there were quite a few people who did not qualify for one reason or another to disaster assistance, or it wasn't sufficient to cover the foundations and the heating systems in the very drastic damage that they suffered. And this Bill is an effort to set up a small fund that would make available some assistance to them. Many of these people are elderly people who have seriously damaged foundations and they need our help."

Churchill: "Yes, I understand all of that, but is this Bill specifically limited to just East St. Louis?"

Younge: "No the Amendment makes it statewide."

Churchill: "Which Amendment is that?"

Younge: "Amendment #1."

Churchill: "Okay. My records indicate that Amendment #1 applies specifically to the residents of East St. Louis."

Younge: "No, I'll read the Amendment to you. It says the 'Department shall make grants and low interest loans available to homeowners who suffered damage to their homes as a result of a flood in the month of October 1986. It doesn't say anything about East St. Louis."

Churchill: "But the original Bill is only for East St. Louis, correct?"

Younge: "The original Bill has been changed by Amendment 1 to make it statewide."

Churchill: "And that's done in Amendment #1?"

Younge: "Yes."

Churchill: "Amendment #1 doesn't say anything about making it statewide. It just amends that portion of the Bill that already exists, which is just for East St. Louis. So as it stands this is a program just for East St. Louis."

Younge: "The Amendment deletes everything by deleting lines 8 thru 13, which are the lines of the major portion of the Bill, the body of the Bill, and therefore the Amendment

makes it statewide."

Churchill: "How many homes were damaged during the flood?"

Younge: "In my area, I know that there were about 6,000 residences. We believe that the cases involved in this situation are about 110. I don't know the numbers in other parts of the State."

Churchill: "Do you have any idea of what the cost of this program is going to be?"

Younge: "Yes. I have prepared an Amendment which would request that the fund be set up for \$500,000."

Churchill: "And do you think \$500,000 is sufficient to repair all of the flood damage from the flood last year across the State?"

Younge: "I think that that is what ought to be made available during this term in order to help persons who are similarly situated. In reference to the intent of this Bill."

Churchill: "In Lake County alone there were millions of dollars of flood damage. How are you going to cover millions of dollars of flood damage with \$500,000?"

Younge: "The issue, Representative Churchill, quite a few of those persons who were damaged by the flood received loans because they work or receive various types of grants, or the amount of the damage to their homes might have only been what they were given. I'm talking about a limited group of people who are homeowners, who received... had substantial damage to their foundations, to their heating systems and the help that they received was not adequate to keep them in their homes and straighten their situation out."

Churchill: "Does this Bill set an upward limit on the cost?"

Younge: "We do that through the appropriations process. My Amendment would establish only a half-million dollars in the fund for this."

Churchill: "And so if somebody amended your Amendment or your appropriation so that it was \$100,000,000, then, that would be the upper limit?"

Younge: "Well, our process here is that the General Assembly decides what the amount that is finally approved. And I am telling you what it is and I think it would be an appropriate amount. But, our process is that we limit what is finally approved."

Churchill: "Thank you. Mr. Speaker to the Bill. I would rise in opposition to this Bill. I fail to see at this point how it is applicable to the whole State. But I suppose that even if it is applicable to the whole State it becomes more expensive than just if it is limited to the city of East St. Louis. This is a blank check. We're writing a blank check for damages from the flooding of last year. Believe me, the people of my area would love to have a recovery system for the damages that they suffered last year. But I think before we go in and write a blank check, we ought to find out what the damages are and set out exactly what the program should be to help those people. I don't think we ought to be in the business of writing a blank check to all of the people who suffered damages for last year. And this is a bad Bill to pass at this time."

Speaker Greiman: "Ladies and Gentlemen, I wonder if we could just interrupt the presentation of this Bill for a few moments for the introduction of a distinguished Illinois Senator, Mr. Madigan, in the Chair."

Speaker Madigan: "Ladies and Gentlemen, excuse me for the interruption, especially in the middle of a Bill. But we are very happy to have with us one of our United States Senators. A man who served in this Chamber and in the Senate for several years, before serving in State Office. And now representing us at the Capital of the United

States. Our good friend, United States Senator Alan Dixon."

Alan Dixon: "Thank you very much, Mr. Speaker. I thank you for that friendly reception. It's great to have an opportunity to visit in the Illinois House where I spent so many happy years. I was elected to the House in November of 1950, the year that Everett McKinley Dirksen defeated Scott Lucas and came here in January of 51, served twelve years in the House. And may I say Mr. Speaker, we never worked on a Friday in May in all the time I was a Member of the Legislature in either the House or the Senate. In fact, we adjourned in the middle of June in 1951, with all our work done. I used to speak all the time against annual Sessions and say that the cost of government would rise in direct proportion to the number of days that the General Assembly was in Session. And I just want to tell you that when I was here as a freshman Member of the Illinois House, Adlai Stevenson was Governor, the budget for two years was one billion dollars, and we thought it was a lot of money. We drop that on the floor in Washington, nowadays. But may I say to you, that it was a great privilege to be here, a great experience in my life. I think about it always with the warmest and the greatest memories and I appreciate the opportunity to come back and to say to every one of you individually and as a group. You have my highest personal regards and my best wishes and my office is always open. And I want to be of service to you at every opportunity. God bless you all and thank you for letting me come and say hello."

Speaker Grieman: "I think that the Senator was entering a Motion to adjourn there. Alright. Yes, Matijevich."

Matijevich: "On behalf of somebody else, I was going to ask Alan. Is there any truth to the rumor that he's Jim Edgar's

father? But I was going to say myself that we appreciate that big smile of Alan, Senator Dixon. He haven't seen a board smile like that since Judy Koehler left the House."

Speaker Greiman: "Alright. Ladies and Gentlemen, Representative Younge had presented her Bill. Mr. Churchill had stood in opposition and questioned her with respect to that Bill. There are a number of folk's who wish to speak on the Bill. I wonder if we might, take the Roll and have Members speak, on... as explanation of vote. If I could have leave for that? Therefore, accordingly, Ms. Younge to close. Briefly."

Younge: "Thank you very much, Mr. Speaker and Members of the House. There is no question but that during the recent National Disaster... the Federal Disaster, in terms of a flood. There were a number of homeowners that simply fell through the cracks in terms of the federal programs. They were not able to get SBA Loans because they were senior citizens, or because they didn't have the income or they were approaching retirement or because they were ill or they were blind or some other reason. These people experienced damages to their foundations, to their floors, to the sidewalks, to their heating systems. And they simply are living in houses which are almost uninhabitable. The questions are clearly verified that there is a great need and I think what we ought to do is to establish this program in the Department of OCCA, as a program and establish a small fund in order to help a number of the people this year. And I move for the passage of this Bill for those reasons."

Speaker Greiman: "The question is shall this Bill pass? All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open. The Gentleman from Cook, Mr. Huff. One minute to explain your vote."

Huff: "Thank you, Mr. Speaker. Very briefly, I rise to support this Bill. This is a reason Bill. It's well balanced and it shows a great deal of compassion on the part of this Lady. And of course there are always a great number of people, for whatever the reason, who fall between the cracks. That's what this Bill attempts to do, to try to go back and have a tertiary effect on trying to give some benefit of those people, for reasons beyond their control, as to why they were left out of the program."

Speaker Greiman: "Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question, there are 67 'aye', 45 'nay', 3 voting 'present'. This Bill, having received a Constitutional Majority, is hereby declared passed. On this Order, appears House Bill 2594. Mr. Clerk, read the Bill."

Clerk Leone: "House Bill 2594, a Bill for an Act in relationship to the care and custody of minors. Third Reading of the Bill."

Speaker Greiman: "The Gentleman, asks leave of the House, to return this Bill to the Order of Second Reading, for the purpose of an Amendment? Leave is granted. Mr. Clerk, are there any Amendments?"

Clerk Leone: "Floor Amendment #3 is being offered by Representative Wolf."

Wolf: "Amendment #4, Mr. Speaker, is strictly a technical Amendment. And, I move for its adoption."

Speaker Greiman: "The Gentleman from Madison, moves for the adoption of Amendment #4. Is there any discussion? There being none. The question is 'Shall it be adopted?' Those in favor 'aye', opposed 'nay'. In the opinion of the Chair, the 'ayes', have it. The Amendment is adopted. Are there further Amendments?"

Clerk Leone: "There are no further Amendments."

Speaker Greiman: "Third Reading. The Gentleman from Madison, Mr. Wolf, asks leave to have this considered... this Bill considered at this time. Does the Gentleman have leave to use the Attendance Roll Call? Leave is granted. Mr. Clerk, read the Bill, on Third Reading."

Clerk Leone: "House Bill 2594, a Bill for an Act in relationship to the care and custody of minors. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from Madison, Mr. Wolf."

Wolf: "Thank you, Mr. Speaker and Members of the House. House Bill 2594 amends the Juvenile Court Act and the County Shelter Care and Detention Home Act. It authorizes the Juvenile Court Judge to place an adjudicated minor in home detention shelter care and also authorizes an increase in the cap of the tax levy used to establish and support a shelter care or detention home. The increase in the tax levy is by a referendum only. The Bill also strikes from current law some outdated and inappropriate phraseology which is no longer consistent with other Sections of the Code. I move for passage of House Bill 2594."

Stephens: "Thank you."

Clerk Leone: "House Bill 2682, a Bill for an Act in relationship to Hemophilia Advisory Committee. Third Reading of the Bill."

Speaker Greiman: "The Lady from Cook, Ms. Pullen."

Pullen: "Mr. Speaker, I would appreciate it if I could ask for Representative Stephens to handle the Bill, please. His Amendment has become the Bill."

Speaker Greiman: "The Gentleman (sic - Lady) yields her time to Mr. Stephens. The Gentleman from St. Clair, Mr. Stephens."

Stephens: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. House Bill 2682 as amended would require the Department of Public Health to trace the sexual contacts of those persons infected with the AIDS virus. This is a standard public health procedure being done routinely for syphilis and gonorrhea for many years. He debated this issue last evening, I believe, and rather than further explanation I would yield to any questions and I would move for its passage."

adoption... for the passage of House Bill 2682. Does anyone stand in opposition? The Gentleman from Cook, Mr. Homer."

Homer: "Thank you, Mr. Speaker, Ladies and Gentlemen. We had a question and answer session on this Bill previously and I must rise to oppose the Bill and ask others to consider what the Bill would do and why the experts have advocated, to my understanding, pretty unanimously against this Bill. This is a contact tracing provision which would set up a mechanism whereby the local health departments would be required, if delegated by the state, to, each time there was a case of someone contracting AIDS, to interrogate that person about all the other sexual partners that person's had within the previous seven years. And then the local health department would be required to go out and find and trace every sex partner that that person's had sex with for the past seven years, regardless of where the people have moved to, and can you imagine the expense and the effort that would be associated with such a program, number one, and number two, the desirability at this point in time of having a program where you could have, for example, a lady who is married, happily married with children who gets a letter from the local health department from some county saying, 'Dear Mrs. Jones: You are hereby advised that we've talked to Mr. Smith, who has AIDS, and he tells us that you had intercourse with him six years ago.' How disruptive that type of communication would be, number one, and number two, the type of rumor mill that that might create throughout all communities about these kinds of circumstances, so the merit of this kind of program, I know it's well intended, but it's burdensome, it's expensive, and then there's a provision in the Bill that would say that if any disgruntled citizen that lives within the

jurisdiction of a local health department feels that the local health department isn't doing its utmost under this obligation, that that individual can go into court, have immediate standing to file a complaint in court, and has to do nothing else, because all the Bill would require, the person files a complaint, and then if the burden, according to this Bill, would be on the health department to prove that it has been doing a good job. Now, that's the darndest kind of litigation I've ever heard of. Can you imagine setting up a structure where a plaintiff can come in and just make some sort of an unfounded claim, and then, putting the burden on the defendant to prove his innocence? What kind of justice or concept is that? And if you adopt it for this kind of a policy, what kind of precedent are you establishing for other kind of lawsuits? You talk about frivolous lawsuits. My lord, you're opening Pandora's box by establishing a precedent such as this."

Speaker Greiman: "Further discussion? The Gentleman from Cook, Mr. McNamara."

McNamara: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. This Bill is... has the audacity to actually trace down a disease and try to prevent other people from getting a disease. How can we do something like that? It just makes too much common sense to do that. It's no different than the syphilis tracing, the gonorrhea tracing, the things that help wipe out those dreaded diseases. And also, in the previous remarks, it said that it would be burdensome. It would require that a governmental agency does its job. Well, I'd like to see a lot of governmental agencies doing their job, and I think the public has that right to require that. If it is burdensome to save the public, to save a life, then let it be burdensome. This is a fine piece of legislation that's going to go a long way

towards helping to trace, to cure, to help our society rid itself of this scourge, and I urge its passage. Thank you."

Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question, there are 81 'aye', 30 'no', 3 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. And now Ladies and Gentlemen, on this, on page 9 of the Calendar on the Order of Speaker's Table, Public Health, appears House Resolution 242. Mr. Clerk."

Clerk Leone: "House Resolution 242 urges the Council on Mental Health and Developmental Disabilities of the Citizens Assembly to study the overuse of adolescent psychiatric hospitals and units."

Speaker Greiman: "And on that the Gentleman from Cook, Mr. Williams."

Williams: "Yes. There is... there have been two Amendments to the Resolution to remove objectionable language there that was there. We would ask for the Clerk to... "

Speaker Greiman: "Alright. Mr. Clerk, are there Amendments?"

Clerk Leone: "Floor Amendment #1 is being offered by Representative Williams."

Wojcik: "I have an Amendment. Maybe there is a Clerk error?"

Speaker Greiman: "We'll check. Yes. There is an Amendment filed additionally by Ms. Wojcik... Wojcik and it apparently was listed as Amendment 1 also, so with leave of the House we will allow the... Ms. Wojcik to amend that Amendment on its face. Mr. Clerk, would you advise us of the Reference Bureau number on that?"

Clerk Leone: "The Amendment offered by Representative Wojcik is HRS85HR0242LKHC01."

Speaker Greiman: "Alright. With leave of the House, that will be designated as Amendment #2 and on Amendment #2, Ms. Wojcik."

Wojcik: "Yes, Mr. Speaker and Members of the House. What Amendment #2 does, it urges the Citizens Assembly to not hold their hearings in weeks in which the legislature is in Session; and again I must reiterate the reason for this is because of the lack of attendance on the citizens part. And if we're going to perform this service and truly do it in a professional way, we should do it when the citizens and the Legislators have time to pay attention to what is going on at the committee meetings."

Speaker Greiman: "The Lady moves Amendment 2 and on that the Gentleman from Lee, Mr. Olson."

on Mental Health and Developmental Disabilities, I rise in opposition to this Amendment that comes from the Department of Public Aid, ostensibly. We are best served when we have many of our meetings while we are here. It cuts down on travel time, cuts down on travel costs. An isolated incident that may have happened within the last few weeks should not detract from the activities of the Citizens Assembly. I urge the defeat of this Amendment."

Speaker Greiman: "The Lady from Cook, Ms. Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. I join Representative Olson in opposing Amendment 2 to House Resolution 242. Citizen Council meetings are often set during weeks when the Legislature is in Session in order to save the taxpayers money, in order that we are not doing double round trips to and from Springfield. There was one particular occasion when the House and Senate schedules changed after a particular Citizens Council meeting was set. That's unfortunate, but that surely should not give rise to prohibitions or urgings against holdings of meetings at times when individual schedules and taxpayers schedules might be best served. We do not need to support this Amendment, in fact we should certainly defeat it."

Speaker Greiman: "Ms. Parcells."

Parcells: "Thank you, Mr. Speaker. I rise in support of the Amendment. We spoke recently... of a recent meeting where there was not one single Representative or Senator at the meeting. Its very rude to those from the private sector who think we are showing a lack of interest, which is not true. Our agencies of government are asked to come in and testify. We should be meeting in the off-season to prepare the things that we want to bring to the Legislature, not trying to do this while we're in Session. There is plenty of time. As far as the cost goes, half of the people are

up-state, half are down. Either way, somebody is having to move. I urge the adoption of the Amendment."

Speaker Greiman: "Ms. Wojcik to close."

Wojcik: "Yes, Mr. Speaker and Members of the House. First of all I would like to clearly state that this Motion or Amendment is not at the urging of Public Aid. This is specifically at my own urging and again, I say we are talking about saving taxpayers dollars. Well, I don't think the tax payers have an input when the Membership does not show up. The elected people and the appointed people are not showing up to these committees. I think the intent is well. I feel rather sorry for the staff because the burden of heaviness is placed upon them to make major decisions. That is not their job. The decision making factor comes out of that committee and it comes out of our intellect as being Legislators and elected people. This is not being performed. Perhaps we can review. I really strongly recommend that you look at the Roll Call. That you check the absenteeisms and you see who is making the decisions. And the Public Aid is not suggesting this, I am. Perhaps if Public Aid had an input they would make the same statement that I am making now. So I think that there is a fallacy here, that this is my recommendation and it's purely upon experience in being Chairman of the Public Aid Citizens Assembly."

Speaker Greiman: "The question is, 'Shall this Amendment be adopted?' All in favor say 'aye', opposed 'no'. In the opinion of the Chair the 'nos' have it and the Amendment fails. Further Amendments?"

Clerk Leone: "There are no further Amendments."

Speaker Greiman: "Mr. Williams on the Resolution."

recognition?"

Wojcik: "Mr. Speaker, I would like a Roll Call on that last Amendment."

Speaker Greiman: "Ms. Wojcik, we'll give you a Roll Call. All those in favor signify by voting 'aye', those opposed vote 'no' on the last Amendment. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question there are 44 voting ... Mr. Saltsman votes 'no', Mr. Shaw votes 'no', Mr. Novak votes 'no'. Okay. On this question there are 43 voting 'aye', 69 voting 'no', none voting 'present' and the Motion fails. Mr. Williams on the Resolution."

Williams: "Okay. The Resolution basically asks the Citizens Council to study the situation where you find various youth are being sent, some unnecessarily and some who need it, to psychiatric evaluations in lieu of the... in essence, what becomes the criminal justice system. The question is... is just asking for a study to determine the use of psychiatric care dealing with youth who find themselves in troublesome situations. We've been able to find that many youth are basically allowed to opt into psychiatric evaluation as a means of avoiding the criminal system, while those who may need it and don't have the financial ability to get it, sometimes are left out and the Bill would just ask for a study and I would ask for your favorable support on this in adoption of this Resolution."

Speaker Greiman: "The question is, 'Shall the Amendment... I'm sorry, shall this Resolution be adopted?' All those in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it and the Resolution is adopted. On this same Order, with leave, we wish to take up at this time House Resolution 360. Mr. Clerk, House Resolution 360. Barnes: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. When the Resolution was printed inadvertently, we left off, resolved, that the Commission on Intergovernmental Cooperation provides staff research, administrative and logistical support to the Task Force. In the opinion of the Chair, the 'ayes' have it. The Amendment is adopted. Are there further Amendments?"

Clerk Leone: "There are no further Amendments."

Speaker Greiman: "Ms. Barnes, on the Resolution."

Barnes: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. House Resolution 360, addresses a series of conferences that the Intergovernmental Cooperation Commission is held. It was a result of a Senate Resolution 813, that appropriated \$10,000 for the purposes of studying teenage suicides and its effect in Illinois. As I have said on the House Floor before, we held one hearing at McCormick Place. And at that Conference we had over 700 hundred people. The second one was held in Springfield, we had over 600 hundred in attendance. And a third Policy Committee hearing was held and we had over 400 hundred and that was held up in Cook County. This Resolution calls for the Task Force, for 12 Members, three appointed by the Speaker, three by the Minority Leader, three by President

of the Senate and three by the Minority of the Senate. We feel that if this Task Force is in place, that we will come up with some very very suitable solutions to a definite problem that we are facing in the State of Illinois. And I would ask for an 'aye' vote."

Speaker Greiman: "The Lady from Cook, Ms. Barnes, moves for the adoption of House Resolution 360. Does anyone stand in opposition? The question is 'Shall this Resolution be adopted?' Novak: "Yes, Mr. Speaker, I'd like to be recorded for the record as an 'aye' vote on House Bill 360."

Novak: "Thank you."

co-ops. Where members of those co-op's who sit on the board, have to take time off from their farms, hire people to do the work and come to the meeting of the Boards. And so what they do currently is to pay to get reimbursed for their time. When we passed House Bill... Senate Bill 1200 last year, we immunized Members of the Board of Directors for judgement, in terms of negligent conduct. But, we required that they serve without compensation. This legislation attempts to deal with that situation... the unique situation faced by these member co-ops, where the members do have to take the time off, hire somebody in most cases to work on the farm in their absence and go to the meetings. It is expected that there will be additional Amendments in the Senate to this legislation. And our intention at this point is simply to keep this Bill moving."

Speaker Greiman: "The Gentleman from Cook, Mr. Levin, moves for the passage of House Bill 1312. Does anyone stand in opposition? The Gentleman from McLean, Mr. Ropp."

Ropp: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Greiman: "He indicates he will."

Ropp: "Thank you."

Tate: "Thank you, Mr. Speaker. Point of Information. Can the Chair indicate to the Membership if and when we will do budget's today?"

Speaker Greiman: "Well, we'll have to check that and be back to you. He will be back to you, Mr. Tate. Now, Ladies and Gentlemen, we are going on a Special Subject Matter Call - State Government Second Reading and on that appears House Bill 1304. Mr. Clerk, read the Bill."

Clerk Leone: "On page 3 of your Calendar, House Bill 1304, a Bill for an Act to amend the Illinois Marriage and Dissolution of Marriage Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Greiman: "Are there Motions with respect to Amendment #1."

Clerk Leone: "No Motions filed."

Speaker Greiman: "Are there any Floor Amendments?"

Clerk Leone: "Floor Amendment #2 is being offered by Representatives Capparelli and Barger."

Speaker Greiman: "The Gentleman from Cook, Mr. Capparelli, on Amendment #2."

Capparelli: "Mr. Speaker, would you table that Amendment, please?"

Speaker Greiman: "The Amendment's withdrawn. Further Amendments?"

Capparelli: "Table that one, too."

Speaker Greiman: "Withdrawn. Further Amendments?"

Clerk Leone: "Floor Amendment #4, offered by Representative Cowlshaw."

Speaker Greiman: "The Lady from DuPage, Ms. Cowlshaw, on Amendment 4."

Cowlshaw: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Amendment #4 was suggested by Representative O'Connell and simply changes the word 'compensation' to the words 'a reasonable honorarium'. Means the same thing."

Speaker Greiman: "The Lady from DuPage moves for the adoption of Amendment 4. And on that the Gentleman from Cook, Mr. Cullerton."

Cullerton: "Representative Cowlshaw, I recall this Bill being up in the Judiciary Committee. Is that correct?"

Cowlshaw: "Yes, Sir."

Cullerton: "And did it pass out of the Judiciary Committee, or not?"

Cowlshaw: "Yes, sir."

Cullerton: "And this was an Amendment that we talked about in Committee, as I recall."

Cowlshaw: "Yes, sir. Representative O'Connell suggested in Committee, that we might want to might want to change the word 'compensation' to 'honorarium' in order to make very clear what the intention was, Tape Malfunction. And then further discussion with Representative O'Connell, he thought be a good idea to put the word 'responsible' in front of it."

Cullerton: "Okay, thank you."

Cowlshaw: "You're welcome."

Speaker Greiman: "The Gentleman from Cook, Mr. O'Connell."

O'Connell: "Thank you, Mr. Speaker. This is a Amendment that I had talked to Representative Cowlshaw about during

Committee and she accommodated some of my concerns. That it be interpreted as compensation by placing it as reasonable honorarium, I think it avoided the potential improprieties that may have emanated. So I would support the Lady's Amendment."

Speaker Greiman: "The Gentleman from Cook, Mr. Cullerton."

Cullerton: "It is a point of inquiry. Is Amendment #1 on the Bill? Because, that greatly expands the..."

Speaker Greiman: "Mr. Clerk, has Amendment #1 been adopted?"

Clerk Leone: "Amendment #1 is adopted."

Speaker Greiman: "Yes, it has been adopted, Mr. Cullerton."

Cullerton: "Is that what you want, Representative Cowlshaw?"

Cowlshaw: "Representative Cullerton, Amendment #1 was adopted in the Judiciary Committee and became the Bill."

Cullerton: "It allows any county wide elected official..."

Cowlshaw: "Any County Official elected county wide. That is correct."

Cullerton: "Including Coroners?"

Cowlshaw: "That is correct. Anyone elected county wide."

Cullerton: "Or their designee?"

Cowlshaw: "No. That is not in there. No designees are permitted. Representative Cullerton, you almost have to read Amendment #1, because that becomes the Bill."

Speaker Greiman: "Mr. Olson, the Gentleman from Lee."

Olson: "Will the Lady yield?"

Speaker Greiman: "Indicates she will."

Olson: "Mary Lou, who is supporting this initial initiative? Who of the County Officials wants to get into this posture?"

Cowlshaw: "Representative Olson, this legislation was not suggested by any specific county official in my own county or any other. It was suggested by various persons who have to do with various religious persuasions who have members of their congregations who wish to marry someone who is not

of the same religious persuasion and have a civil marriage ceremony in a private home or a hotel on the evening, or on a weekend. And since we no longer permit Judges, to accept any compensation honorarium or whatever, for performing civil marriage ceremonies these young couples are unable to find anyone to come and officiate at their wedding."

Olson: "Well, in our small area, the 15th Circuit, our Judges quite readily perform those ceremonies because that's good for them at retention time. And we've had no problems with people of different ethnic and religious persuasions from being married. I was just curious. I think I can speak for our County Clerks, in our District. I don't think they'd be too anxious to get into this. Is this permissive...or would this become statutory?"

Cowlshaw: "It's not required at all. Anyone who does not wish to do this is not compelled to do so."

Olson: "Do the Coroners and the Circuit Clerks and Recorders and Auditors know this legislation is floating around?"

Cowlshaw: "I would suppose so."

Olson: "Thank you."

Cowlshaw: "You are welcome. Mr. Speaker, I move for adoption of this Amendment."

Speaker Greiman: "The question is 'Shall the Amendment be adopted?' All those in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the Amendment is adopted. Are there further Amendments?"

Clerk Leone: "There are no further Amendments?"

Speaker Greiman: "Third Reading. The Lady asks leave of the House to allow this Bill to be considered at this time. Leave using the Attendance Roll Call. Mr. Clerk, read the Bill."

Reading of the Bill."

Speaker Greiman: "Lady from DuPage, Ms. Cowlshaw."

Cowlshaw: "Thank you Mr. Speaker, Ladies and Gentlemen of the House. Since we no longer permit Judges, whether they are still serving as Judges, or are retired Judges to accept any compensation whatsoever for performing a civil marriage ceremony we have found in certain areas of the State and particularly those areas of high population density, that if a young couple who consist of two different religious persuasions would like to be married and have that marriage ceremony, a civil ceremony which would therefore not emphasize the differences between them, but rather the forward looking sort of togetherness that marriage is the promise of, are unable to find anyone to come and perform this ceremony. Consequently all this Bill does is authorize, and by the way I should add that under current law, the County Clerk of Cook County has the right to solemnize marriages. But, that is the only county official in the entire State who that has that authority. So, this would extend that authority to all the other county clerks in the other 101 counties. And because of the fact that if you are only going to have the County Clerk, it is possible that that person might have a scheduling conflict at the time when the wedding was planned. Consequently, we extended this to any county official who is elected county wide and have provided that if this person does this, at some time other than regular business hours, that person would be entitled to receive a reasonable honorarium for having gone out on the evening or the weekend to perform a civil marriage. That's all the Bill does. It does not require anyone to do this. It simply authorizes them to do so if they choose to. Thank you."

Speaker Greiman: "The question is, the Lady from DuPage moves for

the passage of House Bill 1304. And on that the Gentleman from Cook, Mr. Sutker."

Sutker: "Mr. Speaker and Ladies and Gentlemen. I want to commend the Lady for a creative and innovative approach to a very severe problem in the marriage field. It's thoughtful. It is something that I think will be used. We know that Judges are avoiding the responsibility of conducting marriages for many purposes. Part of it relating to matters that concern them in their capacity as Members of the Judiciary and I support her bill."

Speaker Greiman: "The Gentleman from Cook, Mr. Preston."

Preston: "Thank you, Mr. Speaker. I have the highest respect for the Sponsor of this Bill. I know she is concerned about it, we've talked about this legislation. And yet I have to rise in opposition to her Bill. I think that it is very bad public policy to permit employees, elected officials, high ranking elected officials, throughout the State of Illinois the clerks and other county wide elected officials to accept additional private fees paid to them by people who want to use their services. I know in Cook County there is indeed no problem getting Judges to perform marriages for couples. That's one of the functions they do regularly. I know from personal experience, that Judges go out and are willing to perform those services at somebody's hotel or home when they are having a wedding ceremony. And to permit, in addition to Clerk's, other people to do it is one thing, that's fine. But permitting them to take honoraria for doing this kind of service, I think, is highly inappropriate. In fact what I think we'll find if this becomes law, is that you will find in some of the counties, you'll find people who are out hustling to do these marriages. Because if you charge \$25 for a single marriage, you might be able to have a great Saturday by

putting together an extra eight marriages, pick up and extra \$200. And you might be known as a county official who's out there trying to say 'don't go to your church. Come to me, I'll perform your wedding. We'll have it real nice, any way you want it.' I think that's not what government ought to be about. And while I know the Lady is very sincere, I think it... we really should not be allowing public officials to use their office, their official duties of their office, to earn private money."

Speaker Greiman: "With... since there are no... seeking recognition, with leave of the House we'll take the record and allow Members to explain their vote. The question is 'Shall this Bill pass?' All in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open. This is final action. The Gentleman from DeKalb, Mr. Countryman. One minute to explain your vote."

Countryman: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I rise in support of this Bill. In all due respect to the Gentleman who just spoke, unfortunately we didn't include State Representatives. He might be out there hustling these things on Saturday. Maybe he needs something to do on Saturday, I don't know. But I just don't believe that's the way its going to work. There is a definite problem out there. The Lady has addressed the problem. People who take a Saturday afternoon and attend this sort of a ceremony usually stay, they spend the entire day there. And if they get an honorarium for it, I think it's appropriate. We authorize ministers to do this and receive an honorarium, and that's just fine. I don't think there is any difference here. In Cook County, the Clerk can do this now. I've talked to the Lady about the Bill and suggested that she add all of the officials in case the one official would be unavailable or there would be a

conflict of time. I think people are entitled to get married and I think this Bill promotes marriage, promotes proper civil ceremonies when the people want that. And I think it is a good Bill and I ask for an 'aye' vote."

Speaker Greiman: "The Lady from Sangamon, Ms. Hasara. One minute to explain your vote."

Hasara: "Thank you, Mr. Speaker. With all due respect to the Sponsor, I rise in opposition. I'm sorry. In explaining my vote, it has nothing to do with the honorarium or anything else. It has to do with the importance of marriage. When I was in the courthouse, I'd watch these people run in at the last minute, scurrying around to find a Judge. And I think this Bill simply makes it easier for them to scurry around at the last minute without having given thought to the importance of what they are doing. And I think we are just opening up the doors for these fast marriages. If they had to put it off a little bit and think a little more they would be a little more careful. Thank you."

Speaker Greiman: "The Gentleman from McLean, Mr. Ropp. One minute to explain your vote."

Ropp: "Thank you, Mr. Speaker. I certainly feel that marriage is kind of a sanctified thing that actually should be done in churches predominantly. Although I do understand that Judges do do it. This really seems like it's kind of an anti-business deal, because if you allow elected officials, look, you're taking away the flaws, you're taking away those people who prepare meals and dinners for all those big weddings. It is just kind of an anti-business kind of a Bill. I certainly would urge everyone to vote against it, because you know the next thing these people may be busy, we may have to go to a gasoline station attendant to perform the ceremony."

Speaker Greiman: "Ms. Cowlishaw, one minute to explain your

vote."

Cowlshaw: "Thank you, Mr. Speaker. I want to explain for the benefit of Representative Preston. This Bill prohibits these people from accepting any kind of compensation if they do this in their office during regular... or during regular business hours. It only provides an honorarium if they go out on the evening or the weekend to a hotel or a private home or somewhere to perform this ceremony. In that case, they've abandoned their family their home to go out and perform this service for someone. And it is only in that case that they would be entitled to have an honorarium."

Speaker Greiman: "Mr. Sutker, you spoke in debate, Sir. Mr. Sutker."

Sutker: "Does that disqualify me at this time Mr. Speaker? I'd like to address the remarks of Representative Preston."

Speaker Greiman: "The answer is 'yes', but alright."

Sutker: "Representative Preston, one of the reasons for the problem currently, is because the... "

Speaker Greiman: "Mr. Sutker, there seems to be a complaint. You spoke in debate. Alright. The question is 'Shall... have all voted who wish? Have all voted who wish? Ms. Pullen, one minute to explain your vote."

Pullen: "Thank you, Mr. Speaker. I'm not sure whether this was brought out in debate or not but the Cook County Clerk already has the opportunity to do this... I am not addressing you, Mr. Speaker. Excuse me. And this would extend it to the other county clerks. I think that it is a reasonable Bill and I think that we should give the Lady our votes. Thank you."

Implementation of this gifted program would be delayed, however, until January 31, 1991, whereby we in the General Assembly and the Governor determine the formula and the funding levels and whether or not they are available. I believe very strongly as do many other Members, that we have not done enough in the last 25 years on gifted education in the State of Illinois. This seeks to set out a four year plan where we will move in a very methodical way to identify those gifted population students in the State of Illinois and meet their needs. The needs of this special group of which have never really been addressed nor met in the State of Illinois. I think most of us recognize that much of the gifted program that we see in our local schools are pretty much pull out enrichment programs and not truly gifted. House Bill 486 would seek to correct that. I ask for your 'aye' vote."

Speaker Greiman: "The Gentleman moves for the adoption of Amendment #2 to House Bill 1592. And on that, the Gentleman from Cook, Mr. Ronan."

Ronan: "Representative Shaw, this is an interesting Amendment. And I want to make sure all the Members know what this bad Amendment is trying to do. Representative Shaw, I want you to describe the Amendment to the Body. What does this Amendment really do?"

Shaw: "The... as you know, Representative Ronan, the Illinois Insurance Companies, they have a guarantee fund set up in case of insolvency. And the only thing that this Amendment is asking is that the HMO, Health Maintenance Organization set up the same type of fund that would guarantee its

HOUSE OF REPRESENTATIVES

policyholders some type of insurance in case they go under."

Ronan: "Well, Representative Shaw, I think you are establishing a very difficult and very important piece of public policy. And I just want to make sure the Members understand what you are trying to do. What you are saying is that there are some HMO's out there that probably aren't delivering the services that should be delivered. So you're going to then demand that the legitimate HMO's, the ones that are delivering services for the residents of the State of Illinois, the ones that are really providing decent health care, are going to have to pay for the improper operations of the HMO's that aren't doing a good job. Isn't that a misdirected kind of public policy? Shouldn't we be doing a better job policing the whole HMO industry, so that HMO's that aren't doing a good job, shouldn't they be brought in, so that they are not allowed to practice in Illinois as opposed to penalizing the good HMO's?"

Shaw: "No, I don't think so. When you think in terms of 1,500,000 people in this State are now members of HMO's and if you read the papers, there was just one that went bankrupt yesterday. And those people have nowhere to go once they go bankrupt. And I think that it is the duty of this Body to make sure that if the... this type of service is going to be offered that the people of this State that hold those policies is going to be protected and the guarantee fund would serve as that protection. As you know the Department of Insurance also introduced their own Bill, saying that it was needed. And I think that we, as Representatives, have to protect the people of this State."

Ronan: "Yeah. Well, Representative Shaw, just so we set the record straight. What you want to do is, you want to raise the cost of people who are in legitimate, good HMO's. What

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

this Amendment does is it raises the costs of people that are in proper HMO system and penalizes them for the people who happen to sign up with an HMO that goes bankrupt. I think this is not the way we should establish public policy. That's why I rise against your Amendment and I urge its defeat. This is not what we should be doing, forcing our people who are in the legitimate HMO's of this State, having to pay higher rates, for the few that have gone bankrupt. I think you want to address the issue of bankruptcy you should do it through a number of other mechanisms that are available and I urge the defeat of this Amendment. Thank you."

Speaker Greiman: "Further discussion? The Gentleman from Champaign, Mr. Johnson."

Johnson: "Representative Shaw is well intended in this amendment, but unfortunately I don't think it's well directed to achieve anything good for the people of Illinois. I agree with Representative Ronan and I think more particularly, what I am concerned about, is the overall quality of health care in Illinois that would result if we adopted this Amendment to in effect subsidize from well managed HMO's that are providing payment for medical services. The bottom line of that being I think, that the ability to pay for and provide good quality medical services in the State would suffer. I know Representative Shaw is well intended. I know what his intention is, but this Amendment simply doesn't either achieve those objectives and intentions, or work in the interest of the people of the State and subscribers and well managed HMO's that pay for legitimately rendered medical services. So like Representative Ronan, I think that people on both sides of the aisle should look very carefully about what they are doing in this Amendment and vote 'no'."

Speaker Greiman: "The Gentleman from Fulton, Mr. Homer."

Homer: "Thank you, Mr. Speaker. I rise in support of the Gentleman's Amendment and I'd also take note and point out that this is essentially an agency Bill. The Department of Insurance, through Representative Peterson, 'Bill', and Myron Olson, introduced this Bill basically, as House Bill 2792 at the recommendation of the Department of Insurance. And all the Bill would attempt to do was to put HMO's on par with all other insurance companies to make the Illinois guarantee fund provisions that are now applicable to all other insurance companies, also applicable to HMO's. And it is done not just in the interest of the consumer to protect against the case where an HMO goes under, but also to bolster the integrity of the HMO industry itself. It's a Bill that's in the interest of HMO's because the consumers have to have confidence in the reliability of these organizations. Right now, in Illinois, there are 45 HMO's. In the last month alone, two of them have gone under and there are another three that are on the brink. So if we are going to maintain HMO's and their integrity, we need to have them treated no differently than other insurance companies by establishing this guarantee fund. So I rise to support the Gentleman's Amendment."

Speaker Greiman: "There are a number of Members seeking recognition. With leave, we would call a Roll Call vote and let Members explain their vote. Yes, Mr. Olson, to close."

Olson: "Thank you very much. I am a cosponsor of this Amendment. And as many of you have known over the years, Representative Shaw and I barely agree on the fact that today is Friday. But he is now finding that he is on the other side of the fence from the insurance lobby, who has worked this hard very floor (sic) and are skulking around

to see if they can defeat this Amendment. This is an Insurance Department Initiative as Representative Homer described. It was part of the original program and contrary to what is being said this Amendment comes to us from the Department of Insurance and I urge it's adoption."

Speaker Greiman: "The question is 'Shall the Amendment be adopted?' All in favor signify by voting 'aye', those opposed vote 'no'. Voting is open. Mr. Tate, the Gentleman from Macon, one minute to explain your vote."

Tate: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Contrary to the previous Speaker, not the previous speaker, but the Speaker from the Gentleman on the other side, had indicated this a proconsumer Amendment. This is an anti-consumer Amendment. We sit down, and when you contract out with an HMO you have a certain set rate. If we are going to allow good financially sound HMO's, which is a consumer decision when they contract out, then we shouldn't have to pay those people that have entered into the contract, shouldn't have to pay for the poorly operated. The real issue here is making sure that we provide adequate reinsurance. That we provide minimum capitals for these HMO's and if we address... those are the real problems. That's addressing the real solution. I see that the Amendment's not going to pass, but if it should receive the requisite number of votes I'll ask for verification."

Speaker Greiman: "The Gentleman from Cook, Mr. Huff, one minute to explain your vote."

Huff: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. The one thing that disturbed me greatly about the testimony of Representative Ronan and also Representative Johnson, was that while they offered arguments against Representative Shaw's Bill, they still did not do anything

to give relief to those people who have already prepaid their medical insurance, only to be thrown abruptly out of a bed, many of whom are cancer patients, to be told subsequently, that they no longer have that insurance because the HMO that they prepaid has gone bankrupt. I think a small guarantee would clear the air greatly and clear out automatically a lot of those HMO's that are shaky. I think that this is a good Bill and it is a modest protection for the consumer. I think that we should all put more 'green' votes up there."

Speaker Greiman: "The Chair merely recommends to the Body that there are many, many Bills to be considered today before the we close down and one should be judicious about seeking recognition. Hr. Pedersen, one minute to explain your vote. Hr. Pedersen, one minute to explain your vote."

Pedersen: "Thank you, Hr. Speaker. I think the problem with the Amendment is that the insurance industry feels that the... they are competing on an unlevel playing field. HMO's have different mandated benefits, they have different reserve requirements and regulations. And they are all for a guarantee fund, but they don't feel that they should be in the same fund even though they are not co-mingled, because they feel that if something goes wrong they'll dip into their reserve fund to take care of the HMO's, that they would favor a separate guarantee association. I think this needs some work and I recommend that we do that, so that we can come up with something to solve the problem. Thank you."

Speaker Greiman: "On this question there are 42 'ayes', 66 'nos', 5 voting 'present' and the Amendment fails. Are there further Amendments?"

Clerk Leone: "Floor Amendment #3, offered by Representative Shaw."

Speaker Greiman: "The Gentleman from Cook, Mr. Shaw, on Amendment #3."

Shaw: "Amendment #3 is a technical Amendment and I move for its adoption."

Speaker Greiman: "The Gentleman moves for the adoption of Amendment #3 and on that is there any opposition? The Gentleman from Cook, Mr. Parke."

Parke: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. I'd like to rise against this Amendment. In fact, it does the same thing that we, excuse me, that Amendment #2 did. The only difference is, that this applies to an HMO in Oak Park that has been declared insolvent. And this is after the effect. It's a lot more than just technical. I'm sure the Sponsor misunderstood what he had said. In fact, this tries to put an HMO that is already insolvent into the life and health... solvency fund and I think this is the wrong direction to take this kind of legislation. I believe it is wrong for the policyholders in both life and health insurance companies in Illinois to have to pick up the expenses of a company that did not do well and has now become insolvent. I think this is a bad precedent and I ask for the Members to defeat this Amendment as they did Amendment #2."

Speaker Greiman: "The Gentleman from DuPage, Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. I also rise in opposition to this. We discussed generally in Amendment 2, the proper procedure for protecting HMO's from insolvency and decided that Amendment #2, in its general approach was the incorrect way to go about this. The Gentleman's Amendment brings into very clear and stark terms exactly whether his proposal in 2 is the right way to go. This proposal in Amendment 3 would seek to bail out a particular HMO which has already gone bankrupt. It's already been insolvent..."

declared insolvent and placed in liquidation. This would require HMO membership to in effect, bring this out of insolvency and liquidation. This is not a technical Amendment. The Gentleman may have been referring to Amendment #4 when he said that. But this is certainly not the Amendment we want to introduce."

Speaker Greiman: "The Gentleman from Cook, Mr. Ronan."

Ronan: "Thank you, Mr. Speaker and Members of the House."

Speaker Greiman: "Yes, Mr. Shaw, for what purpose do you seek recognition?"

Shaw: "I would withdraw Amendment #3."

Speaker Greiman: "The Amendment is withdrawn. Further Amendments?"

Clerk Leone: "Floor Amendment #4, offered by Representative Shaw."

Clerk Leone: "House Bill 1592, a Bill for an Act to amend the Illinois Insurance Code. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from Cook, Mr. Shaw, on House Bill 1592. Yes, Mr. McCracken, for what purpose do you seek recognition?"

Speaker Greiman: "No Amendments were made today apparently."

McCracken: "Thank you."

Speaker Greiman: "Shaw?"

Shaw: "Yes, Mr. Speaker. The only thing this Bill does, it sets up a risk retention fund for small businesses throughout the State. And I ask for its passage."

Speaker Greiman: "The Gentleman moves for the passage of House Bill 1592. And on that the Gentleman from DuPage, Mr. McCracken, stands in opposition."

McCracken: "Mr. Speaker, or Mr. Shaw... will the Sponsor yield?"

Speaker Greiman: "He indicates he will."

McCracken: "Thank you. Floor Amendment 1 was never adopted on this Bill. All we have is the original Bill, is that right?"

Shaw: "Right. The same Bill that Representative Tate passed out."

McCracken: "Okay. And this requires a retention trust fund to be set up for small businesses?"

Shaw: "Right."

McCracken: "Do the small businesses contribute to that, or how is that funded?"

Shaw: "No. It's voluntarily set up... self insurance."

McCracken: "Voluntary? It authorizes the establishment of these trusts by associations formed for small businesses, provides for regulation by the Department of Insurance and participation is permissive, is that correct?"

Shaw: "Right."

McCracken: "Okay. Thank you."

Clerk Leone: "On page 5 of the Calendar, House Bill 2034, a Bill for an Act to amend the Capital Development Board Act. Third Reading of the Bill."

Speaker Greiman: "Mr. Cullerton, the Gentleman from Cook, on House Bill 2034."

Cullerton: "Yes, thank you, Mr. Speaker and Ladies and Gentlemen of the House. The Bill is basically embodied in Amendment #4 that was adopted last night. The Amendment combines three Port District Bills, House Bill 68, Representative Van Duyn, House Bill 2317, Representative Phelps and House Bill 2034, Representative Giglio. The Bill basically then is the omnibus Port District's Bill. Creates the Alexander-Pulaski Counties Port District. The powers that are attributed to the Port District include issuing permits for construction of wharfs, regulating the anchorage moorage and speed of water vessels within the jurisdiction, the ability to acquire property and issue general obligation bonds or revenue bonds with voter approval, have the ability to levee a tax after voter approval. The Board would be made up of 12 Members. That's with regard to the Alexander-Pulaski County Port District. The Joliet Port District Act, it amends that Act, which is the current law. Right now it provides that only upon successful vote of referendum can the Joliet Regional Port District locate a public airport. This Bill eliminates that requirement for the public referendum, so that the Port District would be

empowered to locate and maintain the airport facility.

Speaker Greiman: "The Gentleman moves for the passage of House
Bill 2034. Does anyone stand in opposition? The Gentleman
from Will, Mr. Wennlund."

Wennlund: "Thank you, Mr. Speaker, Ladies and Gentlemen of the
House. Section 36 of this House Bill 2034 attacks the
Joliet Regional Port District, attaches to House Bill 68,
which was a Bill to eliminate the referendum provisions
from the Joliet Regional Port District Act that allows them
to build, construct and establish an airport. By way of
information, because my law firm represents people who are
engaged in litigation, in opposition to the purchase by the
Joliet Regional Port District of an airport, which is now
before the Third District Appellate Court. This Bill, the
provision requiring a referendum was added in 1983 by a
unanimous vote of this House. It was put in to protect the
people surrounding a proposed airport site. It was put in
to protect those people from the noise and the air traffic
that was involved. Representative Davis introduced that
Bill, and was unanimously adopted by both Houses of the
General Assembly. By way of information, this is another
attempt to disenfranchise the voters of the Joliet Regional
Port District which consists of appointees, seven
appointees for six-year terms. I urge every Member of this
House to give careful consideration... when you're
disenfranchising the voters of the State of Illinois. I am
not going to vote on this Bill, but I want the Members of
the General Assembly to know that this is another blow to a
Government by the People. Thank you."

Speaker Greiman: "Further discussion. The Gentleman from DuPage,

Mr. McCracken."

McCracken: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I also rise in opposition to this Bill. As amended, it's actually three or four different bills affecting various port districts throughout the State. I suspect that was an attempt to garner support for what would otherwise have been a distinctly unpopular bill. House Bill 2034, in the first instance, amends the Chicago Regional Port District and allows it to use cargo handling receipts to pay off new bonds before reimbursing the State for money appropriated and expended for such facilities. In 1955 bonds were issued and the Capital Development Board requires that the payback obligation of those bonds not be subordinated to any new bonds. What this Amendment does is allows the Port District to use new receipts or current receipts to pay off new bonds before reimbursing the State for money expended and appropriated by the Port District. This is a substantial change in the priority of debt that is being restructured by this Bill and it is a substantially large amount of money. The outstanding bonds at this time are approximately \$12,000,000. Representative Wennlund has already acquainted you with the Joliet Regional Port District Bill. House Bill 2317 would create the Alexander-Pulaski Counties Regional Port District Act and among other things, give it the authority to issue revenue bonds without referendum. It would be granted imminent domain rights. It would be authorized to establish, organize, own, acquire, participate, operate, sell and transfer to export trading companies. This is a very substantial piece of legislation. It is a very unwise reprioritizing of debt to the State, primarily for the benefit of Chicago. I urge a 'no' vote."

Kirkland: "Thank you, Mr. Speaker. Would the controversy that surrounds airports as they grow and as the neighborhoods grow around them, it just seems to me a referendum to decide whether to establish one is an excellent manner in which to not only decide whether one is appropriate now but to set a precedent for making decisions later when the demographics change. I urge a 'no' vote."

Speaker Greiman: "The Gentleman from Will, Mr. Regan. One minute to explain your vote."

Regan: "Thank you, Mr. Speaker, Members of the House. We all know the problems of Midway Airport. Now we want to bring them to Will County. And I think it is a terrible vote up there. Let's go with... "

Clerk O'Brien: "House Bill 1154, a Bill for an Act to amend the Code of Criminal Procedure. Third Reading of the Bill."

Speaker Greiman: "The Gentleman from Hill, Mr. Petka."

Petka: "Thank you, Mr. Speaker and Members of the House. House Bill 1154 has been referred to as the State's Right to a Jury Trial. Actually it should be called the victim's right to a jury trial. What this Bill basically does is provide in certain limited circumstances, such as the offenses of first degree murder, Class X felonies, criminal sexual assault and all felony drug cases, the right of the State to seek a jury trial. This right is currently enjoyed under Federal law and in approximately thirty separate jurisdictions. This Bill is supported by the State's Attorneys Association, the Illinois Chiefs of Police and I am proud to say that the State's Attorney of Cook County, Richard Daley, also has supported this Bill. A few years back a Commission studied the felony courts in Cook County at the request of Chief Judge Cummerferd. At the conclusion one of the findings that was made by the Commission was that legislation very similar to this should

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

be enacted as a way of restoring public confidence in the integrity of our criminal justice system. I believe that this is a necessary step into restoration of public confidence in our judicial system. I have sat in the Judiciary Committee and I have noted many Representatives from both sides of the aisle who have come in obviously reflecting concerns of their constituents about tougher sanctions against violent offenders. Ladies and Gentlemen of the House, what I am suggesting to you is not simply enough to have laws on the books against violent offenders and against rapists and child molesters. We simply must have a mechanism for ensuring that the public will will be carried out. House Bill 1154 is exactly that. It is simply another weapon in the arsenal against street crime. I would ask at this time for favorable consideration of legislation. I will entertain any questions."

Speaker Greiman: "The Gentleman from Will, Mr. Petka, moves for the passage of House Bill 1154. And on that the Gentleman from Cook, Mr. Cullerton."

Cullerton: "Yes, thank you, Mr. Speaker and Ladies and Gentlemen of the House. I respectfully rise and disagree with the Sponsor of the Bill. I don't believe it is a good idea. Last year we recognized the fact that drug cases are very serious. We passed the Bill that gave the State the right to a jury trial in drug cases. And I don't think that that has been around for very long. I think it's if anything, it went into... it doesn't even go into effect, I think, maybe until July 1st. So before we've even had a chance to see how that works, we are adding on new crimes where this so called right can be. A better way of phrasing it is really... for those of you who are interested, it's a denying... it's a Bill that denies the defendant the right to a bench trial. The one thing I think you have to be

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

May 22, 1987

very very much aware of is Amendment #1 to this Bill. Representative Young, in an attempt to a... probably an attempt to gut the Bill, snuck an Amendment on. And what the Amendment says is that the State of Illinois has to reimburse any cost... oh, Amendment 2 I see, so... I'm sorry, I thought Amendment #1 was on the Bill. That means that the local government will have to bear the additional cost. Now what that means is that State's Attorneys, who as we know are all politicians, and they have some person come to them say 'we would like you to have a jury trial in this case.' They have to go to... the county has to go through all of the additional costs and expense of having a jury trial. It takes a lot longer. You have a need for more sheriffs, more bailiffs and slows down the process. Jury trials take much longer than bench trials. As a result, you have a backlog and when you have a backlog you have pressure on the State's Attorney to start making deals and to cop people out for lesser crimes. So for that reason... those two reasons, number one the main increase in cost of the local government and secondly, the fact that we really haven't had a chance to even see whether or not the right to a jury trial... the State right to a jury trial even works in the drug cases. I think the best approach is to start off, at least go for a year or so and see whether or not there is an additional cost to the State for the drug cases. See how often it is used or not used. And then perhaps if it is necessary, then extend it to the other crimes. But for right now, I think it is a very bad idea."

Speaker Greiman: "The Gentleman from Champaign, Mr. Johnson."

Johnson: "To the Sponsor. In your experience as a prosecutor in Will County, which costs more money to the public sector to try, a jury trial or a bench trial?"

STATE OF ILLINOIS

Petka: "Mr. Johnson, it certainly costs a little bit more money to have a jury trial... ."

Johnson: "Okay, second question. Which... Which on an average, which type of case takes longer to try, a bench trial or a jury trial?"

Petka: "It certainly depends upon the case, but if I may just get back to you... "

Johnson: "On an average... just on an average, which one do you think takes longer to try?"

Petka: "Generally the felony case would take longer because the stakes are much higher, Mr. Johnson."

Johnson: "A jury trial takes longer."

Petka: "Generally speaking yes, Sir."

Johnson: "This Bill really has... and I was really proud of the General Assembly yesterday for looking beyond the labels of victims rights and the labels of law and order on the eavesdropping Bill. And they really made a commitment yesterday on their votes to the concept of fairness and the concept of freedom in this country. You know the type of case that this addresses itself to, is the kind of case that society really ought to have vindication. If somebody's been brutally murdered, there has been a terrible case of child molestation, somebody ought to hang for that crime. At least that is the public thought and I agree. Those are terrible crimes. And that's the very reason why this system of ours shouldn't adopt this policy. Because there are cases that are so gruesome and so bad that twelve people are going to say, we got to find somebody, we are going to hang somebody for this crime and the fact that they are charged with a crime is sufficient. Put them away. Either lock them up for life or put them on death row. And there are certainly cases where a person who is brought to trial is innocent and ought to have the

opportunity to have a judge that is not subject to partisan elections, is not subject to the blood mentality of getting somebody and is willing to look at the law beyond the emotions. And that's why it is important to have that protection. And there are other cases that are completely different; major bribery cases, financial misuse cases, that are very complex. Where you have got intricate expert testimony, long detailed testimony and to dovetail that with the law... that twelve people on a jury in a limited number of cases, simple don't have the legal capacity, legal background of tying those things together to handle. Now in most cases Representative Petka would agree, and those of the other of us who have tried cases on both sides of the coin, most cases you want to have a jury trial. You want to have twelve people, because there is always going to be one or two in the process that you maybe can get to, 'quote-unquote'. But this is not a level playing field society or a law. We have a system in this country and in Illinois, where there is a presumption of innocence and prior to conviction, prior to the time that somebody is convicted of an offense, you don't have and shouldn't have a level playing field. I don't think Representative Petka thinks that you should and certainly the founders of our Constitution and this society of ours and this society of laws of ours doesn't think we should. This isn't a victim's rights Bill. It isn't the law and order Bill. It isn't any of those catch words. It's simply a commitment to the concept that a defendant, until he is convicted, until he or she is convicted, is presumed to be innocent and ought to have those procedural safeguards built up. And if one of those procedural safeguards in a tiny fraction of the cases is to say let's throw out all the emotion and the idea that we ought to convict somebody or

85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

in the other cases that this is so complex and the law is so intricate that they ought to have a trained jurist hear the case, then that's a sacrifice and a trade-off that we've got to make. In addition to that, jury trials take a whole lot longer, a whole lot longer... sometimes in these cases take a week, than bench trials. We've got a big backlog in our system, congestion in our system anyway so what we are going to do here is to allow the State to demand a jury trial and make the backlog even worse. And everybody admits that it cost more. And I think even Representative Petka would agree, it costs a whole lot more to try jury trials than it does bench trials. So what we are going to say if we pass this Bill is let's spend a whole lot more money. Money is not the crucial factor. The crucial factor is justice and I have already talked about that. But if money is a collateral factor we want to do what we can to make sure that cases in those limited number of cases where it's appropriate are tried in a judicious and economical matter. And for those reasons and not withstanding, I know the sincere commitment of the Sponsor to this Bill and the concepts behind it. It has been beat time and time and time again and we ought not to engraft on it and I urge a 'no' vote."

Speaker Greiman: "The Gentleman from Cook, Mr. O'Connell."

O'Connell: "Thank you, Mr. Speaker. I think we are all victims of buzz words and I heard a couple of buzz words from yesterday's debate on eavesdropping and today's debate on the State right to a jury trial. While the previous speaker has the utmost of my respect as a legislator and a lawyer, I think he has bias against at certain of these issues. And utilizing the words 'fairness' and 'politicians' where it applies to the fact that a jury cannot be fair but a judge can or a State's Attorney as a

politician and can't effectively represent in a moralistic and ethical way the people that are bringing the complaints, I think is a misuse of the words 'fairness' and a deprecation of the words 'politician'. What can be more fair than twelve people of your own peers? And as far as the State's Attorney being a politician, I'm a politician and I'm proud of it. We have to place within our system a certain element of trust that the people that they elect can do their bidding in an ethical and moralistic way. And mere fact that a State's Attorney is labeled as a politician does not in any way reflect the fact that he cannot be a fair minded and ethical and justiciable individual who can represent the best interest of his people. So, what we are asking here is that it be a jury of peers to try a murder case, a Class X case, or a criminal sexual assault case. That wasn't mentioned. We are not asking for a jury to involve itself in a complex sophisticated case... and their inability to understand, we are talking about some very basic cases. I think the Gentleman's... the Sponsor's Bill is not only well intended but it would function well, as well, left to these proceedings. It is the jurist who will determine what instructions will be given to the jury for them to consider on a factual basis of whether or not the facts occurred as they were presented in the case. What's so terrible about letting a jury take that into consideration? We talked about why a case goes to a judge as opposed to a jury. The pure and simple fact is, if a defense attorney thinks it is in his best interest for his or her client to have a bench trial as opposed to a jury trial or visa-versa he has the right to exercise the best interest for his client and decide one or the other. I see no reason why the State's Attorneys clients, the people, shouldn't have the same

opportunity to have their attorney exercise the best interest for the people and ask for a jury trial if it is in fact, in their best interest. I would support House Bill 1154 and would encourage all of the Members to do so, as well."

Speaker Greiman: "With leave of the House, the Chair would like to call for the vote and then recognize Members on explanation of vote. The question is 'Shall this Bill pass?' All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is open. Mr. Dunn, the Gentleman from Macon to explain your vote. The Gentleman from Lee, Mr. Olson to explain your vote."

Dunn: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. From its inception in Committee, Representative Petka has redefined the scope and the narrowness of this issue, and therefore I am going to support his measure."

Speaker Greiman: "Have all voted who wish? Have all voted who wish? The Lady... I'm sorry, the Lady from LaSalle, Ms. Breslin, one minute to explain your vote."

Breslin: "Thank you, Mr. Speaker and Ladies and Gentlemen, I rise in opposition to the Bill. This Bill has been before our Committee several times and I have always opposed it. I believe that in certain circumstances it is subject to great abuse. Not by the average State's Attorney, but by the State's Attorney hell bent on reelection, who gets a sensational case before the public eye at a very poignant time in his reelection career. It can do a great disservice to the citizen. In addition to that, I must tell you that the increased cost to state and local government by such a procedure, would be astronomical. A 'no' vote is the right vote on this Bill."

Regan: "Thank you, Mr. Speaker and Members of the House. I think that you all know that the public outcry, every time a criminal gets off on a technicality. The letters come pouring in to all of us. We know that the time is here for justice to go the way it should go and that's for the criminal to be put away. The public wants to be protected and our judicial system is doing an excellent job, that in some areas certainly you have read about them, at least monthly something comes out where some atrocious crime gets away because of technicality. Let's put one more green vote up there for justice."

Speaker Greiman: "The Gentleman from Will, Mr. Wennlund, one minute to explain your vote."

Wennlund: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Representative O'Connell hit the nail right on the head when he said this is a vote for the people, because the people are involved in every criminal case. The essential element is still the people and the victims, and I urge everybody's 'aye' vote on this Bill."

Speaker Greiman: "The Gentleman from Cook, Mr. Sutker, one minute to explain your vote."

Sutker: "Mr. Speaker and Ladies and Gentlemen of the House. I wish that all of you had taken time to listen to Representative Tim Johnson on this Bill. Because had you listened closely you could not possibly vote 'aye' on this Bill. I'd like to incorporate in my remarks everything he said. This is a very dangerous precedent, and I would like to see more 'no' votes on the board."

Speaker Greiman: "The Gentleman from Livingston, Mr. Ewing, one minute to explain your vote."

Ewing: "Mr. Speaker and Ladies and Gentlemen of the House. The State's Attorney is the only one of a four party, in any law suit that doesn't have the chance to have a jury trial

if the defendant doesn't ask for it. Thirty states use this. This isn't something that can be abused. The State's Attorney has a county board over them. The State's Attorney isn't interested in increasing costs. The people who don't want this Bill to pass, are the defense bar. Listen to the people who are talking against it. Do we stand here for the people of Illinois? Do we want to put criminals behind bars, or do we want to let them off? If you want to have them behind bars, you'll vote 'yes'."

Speaker Greiman: "The Gentleman from Will, Mr. Petka, one minute to explain your vote."

Petka: "Well, thank you very much, Mr. Speaker and Members of the House. I didn't have an opportunity to close, Mr. Speaker, but I just want to address one issue that was raised, which I believe is a 'red herring', and that is the increase in cost to the State. There is no increase in the cost to State, as a matter of fact, it is in my opinion there is not going to be a significant increase in the cost to the counties. We now have required to have jurors serving, and most of the jurors, when we have these bench trials are simply playing cards in the backroom. So that I believe that we have tossed a 'red herring' into the... a skunk into the wood pile. But more importantly and more directly, Mr. Speaker and Members of the House, to talk about this as being a very dangerous Bill, we are simply turning our backs on victims of violent crimes who have been short changed by the system. It is doggone high near time that we take criminal decisions out of the smoke room and out of the cloak room and place them in the courtroom where they belong."

Speaker Greiman: "The Gentleman from McDonough, Mr. Slater, one minute to explain your vote."

Slater: "Thank you, Mr. Speaker. Yesterday it was drugs, today

It's Class X, it's murderers, it's aggravated sexual abuse, tomorrow who knows what it's going to be and three years from now it's going to be in every misdemeanor. This is indeed a dangerous Bill, and we want criminals who are convicted to be in jail, we want them to be in prison. But we are not convicted criminals until we have been found guilty. And what if anyone of us was standing in front of the bar, standing in front of the judge, standing in front of the jury. Isn't that a decision that we should be able to make, ourselves? These decisions aren't made by defense lawyers. These decisions are made by the people who are accused. It's their right, and you are taking it away. Thank you."

Speaker Greiman: "Mr. Johnson, do you... did you just want to verify? Alright. The Gentleman from Macon, Mr. Dunn, one minute to explain your vote."

Dunn: "Well the follow-up of what the last Speaker said, this Bill is certainly not going to... a red vote is not a defense lawyers vote because if the Bill, if the green lights prevail and this becomes law, there will be more jury trials and be more business for defense lawyers. Those who are worrying about which lawyers will make money on this are missing the point. The point of the red votes is to protect the individual rights and freedoms which have made this country what it is today. We all talk around here, 'if ain't broke don't fix it', we have been operating with the current system for over 100 years in this State and in this Nation, and we have been proud of our tradition of protecting the individual rights and freedoms right up to this week when we voted to repeal the seatbelt law, because we didn't like the way it impinged upon the individual rights and freedoms of the citizens of this State. This Bill is a retrenchment from that position. It

is inconsistent with the viewpoint that the individual has a lot of rights, freedoms and protections. Red is the way to vote if you believe in individual rights and freedoms, not 'green' on this Bill."

Speaker Greiman: "The Gentleman from Cook, Mr. Huff, one minute to explain your vote."

Huff: "Thank you, Mr. Speaker. I rise against this Bill because it gives the prosecutor the opportunity, given the nature of the crime, to whip the jury into a frenzy of a presumption of guilt when the defendant may be innocent. For that reason I urge more 'red' votes."

Speaker Greiman: "Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question there are 65 voting 'aye', 50 voting 'no', 2 voting 'present'. And the Gentleman from Champaign, Mr. Johnson, requests a verification."

Johnson: "No, no, no, Mr. Speaker."

Speaker Greiman: "Yes, Mr. Johnson."

Johnson: "If somebody else wants to verify it fine, but in consideration of the time of the House, I'm not going to put us through that. I withdraw my request. If somebody else wants to make it, I don't want to preclude from doing it but I am not going to try to verify this."

Speaker Greiman: "On this question there are 60... Yes, Mr. Bowman... On this question there are 65 voting 'aye', 50 voting 'no', 2 voting 'present'. And this Bill having received the Constitutional Majority is hereby declared passed. On this Order appears House Bill 1502. Mr. Clerk, call the Bill."

It also includes an Amendment that was put on by Representative Giorgi which relates to the payment of salaries for Public Defenders to bring them in line with the State's Attorneys. I'd ask for passage of this Bill."

Speaker Grieman: "The Gentleman from Lake, Mr. Churchill."

Churchill: "I would reiterate what I just said."

Speaker Greiman: "The Gentleman from Lake, Mr. Churchill, moves for the passage of House Bill 1502. Does anyone stand in opposition? There being no one the question is 'Shall this Bill pass?' All in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open and this is final action. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. Capparelli: "Thank you, Mr. Speaker. I think everyone knows what this is. I won't go into a long detail. House Bill 925 makes it unlawful to prescribe or dispense contraceptives in high school buildings or grounds. I think House Bill 925 is a good Bill because these high school clinics have been ineffective in the past. The reduction they talk about are not in pregnancy rates, but rather in abortions."

Speaker Greiman: "The Gentleman from Cook, Mr. Capparelli, moves for the passage of House Bill 925. Does anyone stand in opposition? The Gentleman from Cook, Mr. Williams."

Williams: "Yes. This has been debated over and over, and I don't really think this statement may or may not change the outcome of this vote, but I represent the area in which Dusable Museum is... I mean Dusable School is in, in which the clinic is there. And even though there are many of you here today who are going to cast an 'aye' vote for this, I want you to think about the situation. You talk about a child should be taught how not to get involved with sexual relationships. You talk about things, but if you live downstate, and you live in a community where the parents have an ability to continually watch the child where there is a two family home and things of this nature, that guidance goes a long way. But if you happen to live in an area like I do, and where the children and the parents just isn't there. Eighty per cent of the homes in the Robert Taylor are single family female homes. To sit there and tell that child who goes out into the street, who sees prostitutes, who sees other things and sexual abuses, his curiosity is for real. His desire to have these things is for real and we cannot stop this with this Bill. We will not be stopping them from having sex. We won't do that. This Bill will essentially, forever put certain people in poverty. You're going to force children to be born who you are not willing to support. You're going to force situations that is just unconscionable considering the level of commitment which this Body is willing to give towards funding the health and education of these children.

I beg you today, when you think about that child that lives in my district, who's father is not there, who comes up, who has all types of desires and curiosity. When you think about that family, please, for that family whose parent knows that he cannot control that child, whether we like it or not, it just is not the case; and as you cast your vote, please be compassionate for those who don't have the luxury of a parent to give them the proper guidance. Who don't have the luxury of the sort of income, and quite honestly, and a lot of you don't want to hear it, who can be sent off somewhere to get the proper sort of abortions ... and get those things which... that families in our community cannot afford. Think about this very carefully, because this will hurt. You will have people whose lives will be forever destroyed because at 13 and 14 and 15 and even 12 and 10, they're going to be forced, and not forced, but they're going to be conceiving children which they cannot support. Whom they cannot, in any way, give them the proper guidance. So I please urge you to make this choice. Make it one with compassion and not one based upon morals which do not exist in the area where I'm from. I urge a 'no' vote on this piece of legislation."

Speaker Greiman: "The Gentleman from St. Clair, Mr. Stephens."

Stephens: "Thank you, Mr. Speaker. Representative Williams, that was a compassionate speech and I appreciate it. Yes, many of the fathers in Chicago have given up on their children. We understand the 80% of the families in certain areas are single parent, led by the mother. I ask the Legislature in Illinois and the Governor of Illinois not to give up on those children. Not to give up because things are tough. Not to give up because the prostitutes are in the streets in front of the homes. God still lives in Chicago. The families of Chicago may have trouble and may have strife,

Mr. Speaker, but they are still families. They may be single parent families, but they have values and we cannot give up on those values. To take the decision making process out of the family and give it to the schools and give it to government and give it to bureaucrats is wrong. The compassion for those children is shared by both sides of the aisle. We differ in opinion, but the compassion is the same. There are differences between Chicago upstate and downstate families, yes. They're mostly empirical. A family is a family is a family. Let's not give up on the concept just because the going is getting tough, just because statistics are heading in the wrong direction. Let us not abandon the family. Yes, let's be compassionate. Let's continue to work toward a solution for a very serious problem, both in the City of Chicago and downstate. For us to make the statement that House Bill 925 encompasses is truly right. I urge its passage."

Speaker Madigan: "Ladies and Gentlemen, today is the last day to consider House Bills. The Chair has been attempting to be fair to all in terms of calling Bills, but it requires time just to be able to call Bills for Members. This Bill has been thoroughly debated, both at the time that it was taken from the table and on the Order of Second Reading. We've already had one person speak against the Bill and one person speak for the Bill. I would suggest that we now go to Roll Call and permit those three people seeking recognition to explain their vote. But I would encourage all to be brief, not only on this Bill, but on all subsequent Bills, so that we can accommodate as many Members as possible. So the question is, 'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed by voting 'no'. The Chair recognizes Representative Kirkland to explain his vote."

I suggest a 'no' vote."

Speaker Madigan: "Representative Flowers to explain her vote."

Flowers: "Madam (sic - Mr.) Speaker, Ladies and Gentlemen of the House. I would just like to read to you some figures regarding babies having babies. Pre-natal care, hospital delivery and physician costs, \$1700.00; ADC cash grants, \$198.00 a month; cash payment after the child is born, \$250.00 a month; food stamps, \$149.00 a month; Medicaid costs for the adult, \$2,358.00 a year; first year infant care, \$478.00 a year. Would you be willing on the other side of the aisle, or the other Members of this Body, be willing to give these kids a chance in life? Will you be willing to support them for the rest of their lives? And for the previous speaker, we're not going to give up on our kids despite the fact of discrimination, lack of jobs, lack of housing and lack of everything that we need in our community to give our kids a chance so they do not have to involve in sex. Thank you."

Speaker Madigan: "Representative Jones to explain her vote."

Jones: "Thank you, Mr. Speaker. To explain my vote, I think a lot has been said. I think the Members on the other side of the aisle understand just where we're coming from. My district is adjacent to Representative Williams', in fact I'm across the street from Dusable. the hearings on this clinic and I opposed this clinic along with the Board of Education. The women, the mothers in that district, came out one Saturday morning 400 strong begging us to change. One mother had five daughters. Three of them had left that school. There was two left. Three hundred girls left Ousable High School a year before this program. One hundred twenty-seven left last year. Maybe this does not involve your district. It involves mine. I have voted for things that did not involve my district, but it was very, very concerning to your district, and I sympathized with you. Now I ask you, I beg of you, please put a 'no' vote up there and help our district, the Twenty-third and the Twenty-fourth Districts. Thank you."

Morrow: "Thank you, Mr. Speaker. Although I'm a new Member in this House, I had the fortune to come here 10 years ago and serve as an honorary page. This Session we've had a lot of Bills concerning drugs, and this might not be on this topic, but a lot of people were not concerned about drugs in their families 10 or 15 years ago. I rise in opposition to this Bill because of the fact that tomorrow, one day, if I am fortunate to remain in this... this House, a lot of you are going to vote for this Bill because in 10 or 15 years from now the problem that faces us is going to face you. a Third Time."

Clerk O'Brien: "House Bill 2580, a Bill for an Act to amend Sections of the Illinois Marriage and Dissolution of Marriage Act. Third Reading of the Bill."

Speaker Madigan: "Mr. Greiman."

Greiman: "Thank you, Speaker. Currently when a person owing child support flaunts the orders of a Court and does not appear at all for a period of actually three and sometimes four or more occasions, a warrant is then issued. Not a warrant for the nonpayment, but a warrant for contempt of Court. When the person is picked up, that person is brought before the Court. There is no provision for bail. Some Courts in Illinois say, well there's no provision for bail, therefore this defendant must stay in custody. Other Courts have said there's no provision for bail, therefore this person should be let go. And so that is the dilemma that the Courts of Illinois have. This tries to provide some method for a person to make bail pending any determination. Now remember, this is not for someone who is served initially or arrested initially, this is for someone who has had a summons served, failed to respond; had notice of Motion, failed to respond; had rule to show cause, failed to respond; and then finally a warrant, failed to respond. So someone has had a least four times, four bites at the apple and has not shown up. This would suggest that if they are picked up on the warrant after all those times and they put up 20% of the bail, as bail, they can be released pending the Court date. The reason why 20% rather than the 10% in a criminal case, is simply because in a criminal case we don't know whether the defendant has a history of showing up. In this case now we know indeed that he has a history of not showing up. Accordingly, and of course if he does fail to show then the bond is

Speaker Madigan: "The Gentleman moves for the passage of the Bill. The Chair recognizes Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Madigan: "The Sponsor indicates that he will yield."

McCracken: "Is there any other way to secure the persons release, other than putting up the 20% figure?"

Greiman: "Well, a Court could... a Court could have hearing right at that point. Immediate hearing at that point, and it clearly could reduce the amount. It always still would be discretionary with the Court."

McCracken: "Could they release without any money being put up?"

Greiman: "They could."

McCracken: "Alright. So its your position that this language, which appears to be mandatory, does not take away that discretion of the Court, whereby, it could release the person on his own recognizance."

Greiman: "The Court could clearly do that. Absolutely could do that."

McCracken: "Well, I'm not so sure that's what it says, but that's good enough. Thank you."

Speaker Madigan: "Mr. Dunn."

Dunn: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. I rise in opposition to the legislation. The Sponsor spoke of four times someone receives notice. I don't know where the Bill says that. As I read the Bill it says that in any proceeding to enforce an Order for Support where the person required to pay the support has failed to appear after due notice, he can be arrested and the bail would be 20% of the child support arrearage. crimes, Class X crimes, where we put up 10% of the amount of the bail in cash and you can be released. Furthermore, I do notice, may mean personal service of summons and may not, I don't know what it means in this particular case, but, there are plenty of people who... if you go to any traffic Court in downstate Illinois, particularly on a Monday morning where people are paying traffic tickets, you will always find someone in the Court House about 11:00 o'clock in the morning who is confused about what Court Room he or she should have been in. They've been in the wrong Court Room all morning, they have not appeared, and they've had due notice. There has been a mistake. They try to get those things cleared up, they try to get them cleared up in a hurry. This Bill, says that simply after due notice the Sheriff can come out, arrest the people and put them up in jail and tell them that they have to get 20% of the arrearage in hand before they can get out of jail. They may have a job, maybe trying to pay on some arrearage, maybe trying to work something out. In other word a lot of circumstances... this Statute... this proposed legislation would apply in every case. It's too harsh. It's a bad Bill. And we should not pass this Bill because it is oppressive. I urge a 'no' vote."

Speaker Madigan: "The question is, 'Shall this Bill, pass?' Those in favor signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? we did that. This Bill would create an Act that would be the first of its kind in the United States, as far as I know. And would address both sides of a... what everybody concedes is a muddled state of the law with respect to libel and slander. One of the problems from the standpoint of the media is the prospect of a large money judgment that would put them out of business. And in more cases than not big defense costs that are due to the discovery process that's involved in defamation cases, particularly in the Westmoreland-type case, where there's is a public official plaintiffs. This Bill addresses that in two specific ways. The first is if you choose this alternative that this Bill creates, restoration of reputation and a judicial declaration of falsity, you can't get money judgment. You can't get money judgment against the defendant. And at the same time it almost eliminates the whole discovery process altogether, pretrial discovery and thus the elimination of tens of thousands, if not millions of dollars in some cases, of defense attorney fees and discovery costs. But it does another thing from a plaintiff's standpoint. It eliminates, if you choose this alternative, the requirement that in order to obtain a vindication of your name, the requirement that you have to show malice. And this Bill simply sets up a group of... or a categorization of elements that you have to show to get a judicial declaration of falsity. There has to be a material misstatement, it has to be damaging to you, it has to be defamatory and so forth. We can go through the Bill, if you will. I dealt with this concept for a long time, the American Bar Association has dealt with it in various of their counsels for some time. It's gone through a long process of consideration before we put it in to begin with and we thought it was carefully crafted, but because some

people in various quarters raised various objections, we have a number of Amendments to address those objections. It's fair, it's just and it's something that's long overdue in an area of the law that is extremely muddled and uncertain. I'd be more than happy to respond to what questions people think is appropriate, what you want to ask me. But I think we have a good measure of support for it and it's something that's eminently fair to all involved and I would ask your support."

Speaker Madigan: "The question is 'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Clerk O'Brien: "House Bill 529, a Bill for an Act to amend an Act to revise the Law in relation to Criminal Jurisprudence. Third Reading of the Bill."

McCracken: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House. This Bill provides that every person is competent to testify as a witness except as otherwise provided by law. The purpose of this is merely to remove those presumptions created by case law relative to the competence of a witness based on age. There is a presumption now in case law that a person under seven is incompetent, between seven and fourteen no presumption, and above fourteen competent. This would still require, upon a request by either defendant or the State, that any child be voir dired as to his competence to testify. All this does is remove those age presumptions and where else it is otherwise provided by law as to competence, this Bill would not affect it, such as the Dead Man's Act. I move it's passage."

Regardless of even if he was booked, arrested, whatever happened, his records could be circulated. He could be permanently harassed. And this is just a bad Bill. I think we should keep the law as it stands now, where these records can only be circulated once someone has been convicted. Just because they were picked up and have alleged to be committed a crime, is no reason to allow their fingerprints and photos to be circulated."

Speaker Madigan: "Mr. Countryman."

A classic example are knives and forks are fine in the cafeteria, but they are not fine out in the recreational yard or in the cell house. A better example would be screwdrivers. They're fine in the vocational shops, but they are not fine out in the yards or in the cell house. Open to questions Mr. Chairman."

Young: "There is nothing included in the Bill then, as to determine when a knife or a fork is not a deadly weapon?"

Wennlund: "Yes, there is. When the Director of the Department of Corrections issues its Rules and Regulations and authorizes the use of a screwdriver, for instance, in a vocational building. At that point in time, it would be authorized."

Young: "Is there anything in the Bill that guarantees that the inmate would be aware of the notice requirements?"

House Bill 2241 allows victims of sexual abuse age twelve and younger to testify by means of video tape in prosecutions for criminal sexual abuse, aggravated criminal sexual abuse, criminal sexual assault and aggravated criminal sexual assault. Let me make it very clear, Ladies and Gentlemen of the House, that this Bill in no way attempts to counter Representative Preston's initiative in this area. House Bill 510... In fact, I voted for House Bill 510. This Bill, however, is an alternative to House Bill 510. It's genesis did come from my district. I think the Bill addresses the Governor's Amendatory Veto. Let me share briefly with you. As you are all familiar, Mr. Preston's Bill, again a fine piece of legislation, and I am happy to vote for it and I voted for it again yesterday, had been Amendatorally Vetoed the last two years by the Governor. I would submit to you that the key difference between House Bill 2241 and House Bill 510 is that House

Bill 510 does not allow cross examination by the defendant at the time of the making of the video tape. Rather, House Bill 510 requires that the child be available to testify at trial and that the defendant have an opportunity to cross examine at that time. I think that we are aware that the Governor's primary objections to the Bill are as follows: It does not adequately preserve the defendants Constitutional Right of Confrontation and Cross Examination, and 2; that as written it would not accomplish its goal of protecting children from the trauma of reliving the sexual assault in open Court. I agreed to hold this Bill until Representative Preston had met with the Governor and I certainly would not intend to move it had he not had his meeting. Let me just close by saying this: under 510, fewer children would have to relive the offense during cross examination. On the other hand, those who would have to undergo cross examination would have to do so in open Court. In front of perhaps, a large group of strangers, including the jurors and the media. Under House Bill 2241 that I present to you now, no child would have to testify in open Court, but conversely, more children would have to undergo cross examination. House Bill 2241 is endorsed by the Illinois Association of Chiefs of Police. I urge your favorable consideration of House Bill 2241."

Speaker Madigan: "Mr. Preston."

Preston: "Thank you, Mr. Speaker. Would the Gentleman yield for a question?"

Speaker Madigan: "The Sponsor yields."

Preston: "Representative Black, under House Bill 2241, if after the cross... the direct examination and the cross examination, after the video tape is made of a child, if the prosecutor, thereafter, finds that for whatever reason, either lack of sufficient evidence or that the accused was

Innocent and no trial went forward, still under this version, the child would have undergone the trauma of cross examination. Is that correct?"

Black: "I believe you are correct."

Preston: "And if during the trial of the case there is new evidence in addition to the testimony of this child the defense counsel may want to bring the child for additional cross examination. That is precluded under your bill. Is that correct?"

Black: "I believe that you are correct."

Preston: "If I may speak to the Bill, Mr. Speaker?"

Speaker Madigan: "Mr. Preston, please be brief, Sir."

Preston: "Thank you. I have the upmost respect for the Sponsor of this Legislation. He has indeed tried to work with me. He has been cooperative in every way and Representative Regan and I have made every attempt to try to resolve differences with the Governor's Office and because of the Governor's very tight schedule we've been unable to meet with him these last two and a half weeks. I have to oppose House Bill 2241 for a number of reasons. Under this Bill, a hundred percent of the children who were already victimized by an abuser would have to undergo further trauma under cross examination. Under House Bill 510, the previous version that passed this General... this House and the General Assembly, on two prior occasions. In that... under the provisions of that Bill, children who once had been video taped, the Texas experience has been that fifty percent of the defendants once seeing that video tape plead guilty. And in those cases, those children, therefore, would never have to undergo cross examination. Under this Bill, not only would all children have to undergo cross examination, but even children in trials that never go forward where an accused is not further prosecuted at

trial, because the evidence shows that the prosecution does not have sufficient evidence to get a conviction. Or the person they're after pleads guilty or the person... or for whatever reason the accused is found to be innocent. Nonetheless, that poor child has to go forward with cross examination under the provisions of House Bill 2241. Additionally, from a defense counsel standpoint, if evidence comes out at trial that would require further questioning of this child witness that is precluded under the provisions of House Bill 2241, because once the video tape is made, that child cannot thereafter be called for cross examination in Court. This Bill is clearly unconstitutional. Now, the prior version that the Sponsor has referred to was written, was drafted by the Criminal Law Committee of the Chicago Bar Association made up of defense counsel of prosecutors. It is very constitutional. It's been upheld in Texas which has similar legislation."

Speaker Madigan: "Mr. Preston, could you bring your remarks to a close?"

Preston: "Yes, Mr. Speaker, I'm sorry. I think the Sponsor is extremely well intended, but this Bill is a very bad concept. It hurts the children that it's designed to help. And for that reason, I urge you to please vote 'no' on 2241."

Speaker Madigan: "The question is 'Shall this Bill, pass?' Those in favor of the passage of the Bill signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Mr. Black to explain his vote."

Black: "Thank you very much, Mr. Speaker. I didn't get an opportunity to close. I think the question, Ladies and Gentlemen, is whether the trauma that Representative Preston refers to, refers to the trauma of cross

examination which is going to take place anyway, if I have any understanding of the law, or whether 2241, which would allow that trauma to at least be in Chambers and on video tape of cross examination, is a better way to go. I have absolutely no quarrel with Representative Preston. All I am attempting to do, and I urge your support, is to get a Bill that the Governor can sign so that we can begin the process of eliminating that trauma of a child having to testify in open Court."

Speaker Madigan: "Have all voted who wish? The Clerk, shall take the record. On this question, there are 48 'ayes', 55 'nos'. The Bill fails. On the same Order, there appears House Bill 2721, Mr. Daley. Mr. Clerk, read the Bill."

Speaker Madigan: "Mr. Clerk, is the Bill on the Order of Second Reading?"

Clerk O'Brien: "The Bill's on Second Reading."

Speaker Madigan: "Are there any further Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Daley and Homer."

Speaker Madigan: "Mr. Daley."

Daley: "Thank you, Mr. Speaker. Amendment #1, it deletes from the Bill the provisions which would have made the new offense subject to mandatory transfer provisions of the Juvenile Act. As a result, a minor charged with a new offense of aggravated battery of the senior citizen would be tried in juvenile court rather than adult court. I'd be happy to answer any questions."

record. And Mr. Daley moves for the adoption of the Amendment. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2721, a Bill for an Act in relation to the offense of aggravated battery of a senior citizen. Third Reading of the Bill."

Speaker Madigan: "Mr. Daley on Third Reading."

Daley: "Mr. Speaker and Members of the House. House Bill 2721 creates a new offense of aggravated battery against a senior citizen and would provide... and would provide anyone who causes great bodily harm, permanent disability or disability to anyone over sixty, commits the offense that is a Class 2 felony. I'd ask for a favorable Roll Call and be happy to answer any questions."

Speaker Madigan: "Mr. Johnson."

Johnson: "Now as I understand it, I can't think of hardly anything that isn't aggravated battery. I thought we...I thought we changed the law last year or sometime to provide that a normal battery, if it was against a senior citizen, was an aggravated battery. Didn't we do that?"

Speaker Madigan: "Mr. Daley."

Daley: "As to the... Representative, what Bill... as to the law last year or this?"

Johnson: "I thought if you did a normal battery on a senior citizen, it became an aggravated battery. I thought that's what the law was now. Or is what you're saying... you tell me if I am wrong, that we, yes, we did do that last year, but what this does, is it elevates that kind of an aggravated battery from a Class 3 felony to a Class 2 felony. Is that what we are doing?"

Daley: "It is presently a Class 3. We are raising it to a Class 2."

Johnson: "Well, on a senior citizen. Is that right?"

Daley: "Correct."

Johnson: "Well, you know, I really hate to do this, but I think everybody ought to realize what we are going to be doing now. The litany is just beginning with this Bill. A few years ago the law was, if you committed a battery, and it was on a very narrow category, mainly a battery against a policeman or when you basically tried to dismember somebody, then it became an aggravated battery. So then the flood gates opened. We made it an aggravated battery if you sneezed in the presence of a park district employee. And then we have a battery in a public place. And we expanded bat... a normal battery, which is an offensive touching, which means you brush against somebody in a park, to include everything. Representative Cullerton and Slater and myself and others have tried to bring some sanity to the law by saying that aggravated battery ought to be a limited number of categories. Namely, where you cause serious bodily harm to somebody, or perhaps you do it against a policeman or a fireman in the line of duty where other lives could be jeopardized. But we've got such a laundry list of offenses that are aggravated battery that go from being a misdemeanor to a Class 3 felony, that it's just endless. Now, with this Bill, and I know it is well intended, what we are doing is we're saying when you commit an aggravated battery against a senior citizen, that's more of an offense. More of an offense. A longer penitentiary term than when you commit that same offense against a policeman or a fireman or when you do serious bodily harm to somebody. So now, just so you'll all be ready, what's going to happen is, every group in the world that's now

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

covered under the Aggravated Battery Statute, that's a Class 3 felony. As if, you know ten years in the penitentiary or whatever isn't bad enough is going to come in here, the park district employees, the people who walk in a public place, firemen and policemen, perhaps legitimately, every other group in the world. I wish I had the Statute. Darren have you got that file here, so I could give you the whole list of categories that's included under aggravated battery? It's unbelievable. It's going to come in now, to make it a Class 2 felony. And a Class 2 felony, as if we don't... that's a penitentiary term of three to seven years. So you might as well get ready. Representative Cullerton, I know where you are, those of the others who are concerned about this. But, believe me, this is just the beginning. Because we are going to spend the next ten years with every group who thinks if you offensively bump against them in a park or sneeze in their presence that they deserve special protection. They not only already have special protection by making that a felony, now we are going to elevate it to a Class 2 felony. I know Representative Daley is well intended in this regard, but you just don't realize what you are doing by opening up this 'Pandora's Box'. Let me just read for you, some of the offenses that are aggravated batteries. Well it's too long... virtually everything you could possible ever do becomes an aggravated battery under Illinois Law. And, the other ramification is, collectively this is a whole lot more penitentiary time. And collectively that means we are going to have to build two or three new prisons. I guess people on this side of the aisle, as long as we have the patronage system in our favor, should probably be in favor of two or three new penitentiary systems. Because then we can, you know, do

good political things in our area. But on the other side of the aisle, you could do that too. So it's sort of betting on the come, in that respect."

Speaker Madigan: "Mr. Johnson... Mr. Johnson."

Johnson: "The ramifications of this Bill, are really substantial, you ought to be really careful before you elevate this to a Class 2 felony, because it's something that there is absolutely no stopping once we let the locomotive out of the engine block."

Speaker Madigan: "Mr. Countryman, could you be brief, Sir?"

Countryman: "Thank you, Mr. Speaker, I will and I won't repeat what my seatmate has said. But I stand in opposition to this Bill. This makes the violation a non-probational Class 2 felony. Representative McCracken said to me earlier, you know, what happens is sometimes they charge aggravated battery when they should charge attempted murder. We've got the laws on the books; we don't need this Bill. I have the greatest respect for the Sponsor, but I recommend a 'no' vote. This Bill is just not needed. All it will do is load up the penitentiaries. Thank you."

Speaker Madigan: "The question is 'Shall this Bill pass?' Those in favor of the passage of the Bill, signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Johnson."

Johnson: "I really hate to do this, but I... before I open these flood gates, I'm going to verify this. With all due respect, we just can't let this pass. I'm going to verify if it gets to sixty votes."

Speaker Madigan: "Have all voted who wish? The Clerk shall take the record. On this question, there are 58 'ayes', and 53 'nos'. The Bill having failed to receive a Constitutional

Goforth: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House, back in about 1949 this General Assembly took the State Police out of patronage which was one of the best things that ever happened to the State Police. As a result of that, I was privileged to spend 26 years of my life on that force. At the same time in your great wisdom, you also appointed a merit board to make sure that this stayed in effect. The intent of this Bill is to keep the Merit Board separated from the State Police like it was really originally intended. Now I think I have talked to almost every Member on this, so we'll make it short. Please give me all your support. Thank you."

Speaker Madigan: "Mr. Clerk, read the Bill."

House Bill 1302 makes it a criminal offense, a Class 4 felony, for anyone who is in actual control of a building to allow the building to be used for either the manufacture or distribute or sell of drugs. Basically, it is an attempt to try to prevent what we would call 'drug houses' that exist in our area. It's a first step, it's a good step, and I believe that it deserves passage. I hereby move for its adoption."

Speaker Madigan: "Mr. Daniels."

Daniels: "Mr. Speaker and Ladies and Gentlemen of the House. I believe most people in the chamber knows what House Bill 1000 does. It does exactly the same as Senate Bill 990 that came out of the Senate yesterday by a vote of 51 to 5 with the exception of the date. This Bill has a trigger date for nationwide interstate banking of October 1, 1988. I have talked to the Illinois Bankers Association and have advised them that we will continue to discuss the appropriate trigger date and with that understanding they are willing to support the Bill in its current fashion with continuing discussion. And, I ask for your favorable support."

Speaker Madigan: "Mr. Piel."

Piel: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. The Bill in its present form is not probably what you are going to see as the Bill in its final form. Or it might be. But, the... all the parties involved have been in long discussions. It might be President Rock's Bill is the final one decided on, it might be this one. Clerk O'Brien: "House Bill 475, ... "

Piel: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. House Bill 475 amends the Banking Act and what it does is if... probably the best way to describe it would be to give you an example. If holding Company A buys holding Company B. Under the present law holding Company A has five facilities already. And holding Company B already has

five. They would have to close five facilities under the present law. And what this basically does is stating that if a holding company buys another holding company what they are doing they are also buying the rights involved with that present holding company. Now you have heard probably some people oppose the Bill because of, you know, the situation of different... expanding their powers. Let me tell you, there is a lot of small town banks, small towns in Southern Illinois that have one bank. If their holding company is purchased, that Bank might be closed in that small town. And that's what basically the genesis of this Bill is for, is so we would not have potential closures of present facilities if another Bank were to purchase them. And, I would ask for the passage of House Bill 475."

Speaker Madigan: "Mr. Countryman."

Countryman: "Thank you, Mr. Speaker. I have a Parliamentary Inquiry. House Bill 475, I believe constitutes branch banking and therefore under Article 8, Section 8 of the Illinois Constitution of 1970, would require a three-fifths majority. Would you tell me if the Chair is in concurrence with my judgement?"

Speaker Madigan: "The Parliamentarian will respond."

Mike Pollak: "On behalf of the Speaker and in accordance with Section 8 of Article 13 of the Constitution it will take three... it is branch banking and will take three-fifths of those voting on the issue or sixty, whichever is greater."

Speaker Madigan: "Mr. Countryman."

Countryman: "As I understood the Parliamentarian, he said it would take three-fifths or sixty, whichever is greater. So that would mean three-fifths?"

Speaker Madigan: "Of those voting, Mr. Countryman."

This Bill makes a number of changes in the Pharmacy Act as requested by the Illinois Pharmacy Association. Under this Bill a Pharmacist located in Chicago may fill or refill a valid prescription or file in a Pharmacy in any other State transferred by means of Electronic Data Processing Equipment. Included in this authority are a number of safeguards to help prevent abuse of Controlled Substances Act. It also increases the number of members of the State Board of Pharmacy from 7 to 9 and requires 7 registered pharmacists and 2 public members of the Board. I ask for a favorable Roll Call. This will bring the Pharmacy in Illinois into the 20th Century. I would be glad to answer any questions. I ask for a favorable Roll Call."

analysis. It indicates that this Bill, if I understand it correctly. Perhaps Representative Currie should mention this when she explains her vote. It says the Board of Education will no longer be authorized to levy a property tax. So, I know it's not a tax increase. Some people may have been confused. It's not a tax increase. If I read it correctly it denies them the right to levy a property tax. Is that correct, Representative Currie?"

Speaker Madigan: "Representative Currie."

Currie: "It is not a property tax increase, Representative. It does permit the Board to continue levying taxes that they now use to operate and maintain school buildings leased from the Public Building Commission. Those leases are soon to expire. The question is how will the Board pay for the operation and maintenance of those buildings, costs presently incurred by the Board, costs they presently pay out of property tax levies. This would only ensure that they are still able to levy for precisely the same purposes that they are levying for today. So it is not a property tax increase and without passage of this Bill, they will not be able to maintain these buildings that they will own when these leases expire. This is only for the Chicago Board of Education and it only affects their capacity to operate and maintain buildings that they now operate and maintain. Without passage of this Bill, they will be unable to do the work they're doing for maintenance and operations under the current terms of their lease agreements."

Speaker Madigan: "Place the Bill on the Order of Second Reading. Mr. Clerk, are there any Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Doederlein."

Speaker Madigan: "Representative Doederlein."

Doederlein: "Amendment #2 inserts the word 'shall' on page 3 line 9, after the word 'Department'."

Speaker Madigan: "Those for the Amendment say 'aye', those against say 'no'. The 'ayes' have it. The Amendment is

Clerk O'Brien: "House Bill 2364, a Bill for an Act requiring immunization screening in post secondary educational institutions. Third Reading of the Bill."

Speaker Madigan: "Representative Doederlein."

Doederlein: "House Bill 2364 provides that no person shall attend the public or a private post secondary educational institution without presenting proof that he has received such immunizations against preventable communicable diseases as are required by the rules of the Department of Public Health."

Speaker Madigan: "Those in favor of the passage of the Bill signify by voting 'aye', those opposed ... Representative Didrickson?"

Didrickson: "Will the Sponsor yield for a question, please?"

Speaker Madigan: "She yields."

Didrickson: "What kind of communicable diseases are we talking about here?"

Doederlein: "I'm sorry, I can't hear."

Didrickson: "What kind of communicable diseases are we taking about here? What kind of presentation do we have to have?"

Doederlein: "Well, there's mumps and measles and all those that are required by the Department."

Didrickson: "An AIDS test? Would that qualify?"

Doederlein: "I don't think that's in the records yet."

Didrickson: "Is that a communicable disease? When that does get in there would that be?"

Doederlein: "Immunization ..."

Doederlein: "We've had so many cases of mumps and measles at the college level and ..."

Didrickson: "You're trying to get at the concern that has been raised with regards to mumps, measles?"

Doederlein: "If you're over 30 years old you don't have to have the immunization."

Didrickson: "If you're over 30? So if you're 29 you would. Okay. How about Herpes? Is that included in there? Is that a communicable disease? How many tests, I mean how many ..."

Doederlein: "This is the same thing as ... this is the same thing as you would when you begin school."

Didrickson: "To get into kindergarten also? Well, I don't want to take the time on the Floor, I just thought those questions ought to be raised."

Speaker Madigan: "The question is, 'Shall this Bill pass?' Those in favor signify by saying 'aye' ... voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 98 'ayes', 14 'nos'. This Bill having received a Constitutional Majority is hereby declared 'passed'. House Bill 2384, Mr. Slater. Amendment, please."

Speaker Madigan: "The Bill shall be placed on the Order of Second Reading. Are there any Amendments?"

Clerk O'Brien: "Floor Amendment #4, offered by Representative Slater and Anthony Young."

Speaker Madigan: "Mr. Slater?"

Slater: "Mr. Speaker, Amendment #4 simply clarifies our intent that the City of Chicago is excluded from the provisions of this legislation. I move its adoption."

Speaker Madigan: "Mr. Matijevich."

Matijevich: "Well, I guess I probably should wait until Third Reading because I think this is a bad Bill and I've been asked by the Illinois Association of School Boards to speak against it and I think they're right. I'll wait until Third then."

Speaker Madigan: "Mr. Hoffman?"

Hoffman: "Thank you, very much, Mr. Speaker, Ladies and Gentlemen of the House. This Amendment ... This Amendment takes the City of Chicago out of the Bill. Now, if the Bill is as the previous speaker said, is a bad Bill, then it ought to be equally bad for everyone. We shouldn't have some of the largest school district in this State, which takes 33% of the General Distributing Fund for their own use as 22% of the student population, has 597 buildings in that one school district and say that that doesn't apply to you. If it applies to Toulon, it ought to apply to Chicago. And I oppose this Amendment and ask you to do the same thing."

Speaker Madigan: "Ladies and Gentlemen there are 4 people seeking recognition ... 3 people seeking recognition. The Bill is now on the Order of Second Reading. There is an Amendment filed and I have in front of me a request for a Fiscal Note. So, if the Amendment is adopted then there is a request for a Fiscal Note. The Chair might suggest that

the proponents of this Bill may wish to regroup. Mr. Slater?"

Slater: "Mr. Speaker, I would request that the Body act on the Amendment and thereafter, depending on the outcome, I will make a Motion relative to the Fiscal Note."

Speaker Madigan: "Yes, Sir. We are now on the question of the Amendment. Mr. Hoffman, do you wish to speak again? Fine. On the Amendment, Mr. Young."

Young: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I rise in support of the Amendment. It's clear the Sponsors' intention in this Bill was not for it to apply to the City of Chicago. This Bill deals with recall of when an elected school districts, Chicago has an appointed school district. It also calls for recall after 5% or more of the registered voters have signed a petition. Such a petition requirement in the City of Chicago would call for about 60 to 70,000 signatures. The only thing this Amendment does, is clarify the Sponsors intent. I move for its adoption."

Speaker Madigan: "On the Amendment the Chair recognizes Representative Pullen."

Pullen: "Thank you, Mr. Speaker. If there is anywhere in the State where someone other than the voters themselves should be able to recall school board members because of incompetence, it is where they are not elected by the people to begin with, the City of Chicago. And yet this Amendment would seek to restrict the Bill to have someone other than the voters remove school board members for incompetence in only places where the voters have elected school board members. This is a wrong Amendment. It should be completely the other way around if the Bill had any merit at all, which I don't think it does. And I urge the defeat of the Amendment."

Speaker Madigan: "Mr. Matijevich."

Matijevich: "Mr. Speaker, I wasn't going to speak on the Amendment but I'm going to ask my friends in Chicago because I can see that they're trying to exclude you to get your votes. And I'm going to ask my friends in Chicago, I don't think you believe in recall like I do. So, I urge my friends in Chicago to join me against this Amendment. I think throughout 21 years my votes with Chicago have been very good."

Speaker Madigan: "The question is, 'Shall the Amendment be adopted?' Those in favor signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 39 'ayes', 70 'no'. The Amendment 'fails'. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. And I put the Bill on the Order of Third Reading because the Fiscal Note had related to the Bill as amended. Mr. Johnson."

Johnson: "I don't know. I suppose the Sponsor can make the Motion. I guess I can too. I would move that the House declare the Fiscal Note Act inapplicable to this Bill."

Speaker Madigan: "Mr. Johnson, the question is moot."

Johnson: "Okay, I'm sorry."

Speaker Madigan: "I think the question is moot."

Johnson: "I should be mute more often too."

Speaker Madigan: "Well, you said that now. The Bill is now on Third Reading. Mr. Slater, what is your pleasure?"

Slater: "Call the Bill."

Speaker Madigan: "Okay. Mr. Clerk, has the Bill been read a third time?"

Speaker Madigan: "Mr. Slater."

Slater: "Thank you, Mr. Speaker. What House Bill 2384 does, is provide a mechanism for voter input. A means whereby people in the community can have a say on whether or not a school board member has been incompetent, has been derelict in his duty and has willfully failed to perform his activities as a school board member. In early conversations on this Bill with the Illinois School Board, they were concerned about due process. And we provided for a hearing through this procedure. They were concerned about notice and we provided for notice to an affected school board member through this process. They were also concerned about the right to counsel. All those things are provided for in this Bill at this point in time. What we've got to remember is, that we have in the laws of this State of Illinois right now, statutory language which says that a School Regional Superintendent can remove a school board member for willful failure to perform his duties. And what we are doing right now, is providing a mechanism whereby the people who are affected, the voters who live in that district may have access to that process. We just voted an increase of \$5,000 for Regional Superintendents of Schools. That may not be enough. They may be back here for more. They need something to do in some cases. And this is something for them to do."

Speaker Madigan: "Ladies and Gentlemen. We would like to move expeditiously."

Slater: "But quite seriously, this is a chance for input from the local level. On the point that was raised by the last Amendment, it was the intent of this legislation as it was filed, and it is legislative intent as I am establishing right now, that this apply only in situations where there are elected school board members. That it would not apply

in appointed positions. Chicago has an appointed school board. I urge the adoption... I urge the passage of this Bill.

Speaker Madigan: "Alright, let's turn off Mr. Slater. He would like to move expeditiously. Mr. Slater has spoken for the Bill. The Chair would like to take one opponent to the Bill and then go to Roll Call and let the others explain their vote. And, we'll let Mr. Matijevich rise as the opponent to the Bill. Mr. Matijevich."

Matijevich: "Mr. Speaker, Ladies and Gentlemen. Now I ask my friends in North... in Chicago and downstate to join me in opposition. I've always considered Representative Slater and Cullerton and Johnson as sort of my experts in the matter of protection of civil rights and protecting citizens. I think this is a very dangerous precedent because what is incompetent to one, may not be incompetence to another. And this matter of recall unfortunately very often hinges on emotional issues rather than substance. I don't like to think for example, that if we're going to start this trend that the next trend may be that we have some recall provisions as to Regional Superintendent of Schools or other public officials because of the danger of one issue type of... one issue judgements. So I think many of you feel like I do, so rather than prolong this I would urge a resounding 'no' vote on this Bill. Representative Slater has so many good Bills. But I don't put this one in that category."

Speaker Madigan: "The question is, 'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed by voting 'no'. Mr. Curran to explain his vote."

Curran: "Thank you, Mr. Speaker. I rise in support of House Bill 2384. I don't see the danger. And frankly with all due respect to the Gentleman who killed the earlier Amendment,

Curran: "Thank you, Mr. Speaker."

Speaker Madigan: "Representative Cowlshaw? Do you persist? You're recorded as 'no'."

Cowlshaw: "No, thank you, Mr. Speaker. It's doing very well without any help."

Giglio: "Mr. Speaker, would it be an imposition to introduce the graduating class of Lincoln School in my district up in the Gallery?"

Speaker Madigan: "After I ... After I take the Roll Call, Mr. Giglio. On this question there are 37 'ayes', 70 'no's'. This Bill having failed to receive a Constitutional Majority is hereby declared 'lost'. Mr. Giglio, for the purpose of an announcement."

Giglio: "Thank you, Mr. Speaker. These are 46 individuals who graduated from Lincoln School in my district. I'd like the people in the Gallery to give them a nice hand. Right up here in back of me."

Speaker Madigan: "Those in ... The Chair recognizes Mr. Preston."

Preston: "Thank you, Mr. Speaker. As much as I respect the Sponsor of this Bill, I rise in very strong opposition to it. This... we recently passed out legislation that would require this instruction in kindergarten through 8th grade. Not just instruction, but teaching children how to avoid abuse. What do you do in the situation of three parents of three students in a class of 30 or 40 students decide that they are not going to want their children to have this kind of education which may be in part, a part of the science curriculum, might be part of the physical education curriculum or the health curriculum, or the social studies curriculum. Are these three children to be sent to some other room, we know not where, and miss their instruction in health, or physical education, or science, or social studies? In that case these children might not even be eligible to graduate from their various courses ... or to pass their various courses. This completely negates the purpose of legislation designed to protect children from physical and sexual abuse by telling them what alternatives they may have. Like telling a teacher, telling their physician, or telling their mother or father if they've been abused. This is bad legislation. As much as the Sponsor is well intended, I urge you to please vote 'no' on this Bill."

Speaker Madigan: "Again Ladies and Gentlemen. We have two people seeking recognition. Could we proceed to Roll Call and recognize them to explain their vote? The question is,

'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed by voting 'no'. The Chair recognizes Mr. Regan to explain his vote."

Regan: "Thank you, Mr. Speaker. In all due respect, 35% of the incest is actually by an actual parent. There's another 20% done by stepparents. I would suggest that the very strong possibility of those that object to this would be those that are abusing. I would sure appreciate 'no' votes."

Speaker Madigan: "Representative Cowlshaw has withdrawn her request. And the Clerk shall take the record. On this question there are 77 'ayes', 29 'no's'. This Bill having received a Constitutional Majority is hereby declared 'passed'. On the same Order, House Bill 1093, Mr. Mulcahey. Mr. Clerk, on what Order is this Bill?"

Clerk O'Brien: "The Bill appears on Third Reading."

Speaker Madigan: "Read the Bill."

Clerk O'Brien: "House Bill 1093, a Bill for an Act to amend the School Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Mulcahey."

Mulcahey: "Thank you, Mr. Speaker, Members of the House. House Bill 1093 sets the following criteria regarding reclassification of principals. The school board establishes a written job description regarding performance objectives on principals and each year an Individual Performance Objective Conference is held for the principal. Now if that Performance Evaluation Conference identifies problem areas or deficiencies based on the provisions of the job description, a written plan for improvement is provided to the principal. And if the deficiencies are not corrected, there's an administrative conference between the principal and the evaluator, the superintendent before any recommendation is made to the board. And also if the

principal requests, he or she is entitled to an executive session meeting with the school board. Now if the board is still determined to proceed with reclassification or not to renew the contract of the principal, the principal is given a written notice to that effect by April 1st. And the key, I think is that the notice to the principal includes a reason for reclassification or for nonrenewal and these reasons for reclassification or nonrenewal must be based on the principal's evaluation with the job description as the criteria for that particular evaluation. One other very important thing is in here is that the Bill does not preclude principals being ordered to accept lateral transfers to positions of similar rank and salary. The Bill does not preclude principals from being reclassified to reduce the number of principals within a school district. And I would move for the adoption of House Bill 1093."

Speaker Madigan: "Representative Cowlshaw."

Cowlshaw: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Due process protections are already provided in the law for everyone, including principals of schools. What this Bill provides in fact, is defacto tenure. Back in your own districts when you talk to people about education, what is one of the things that frequently is brought up about how we could improve the system of public education? I will tell you that most of your constituents say that they object to tenure. They object to anyone having a job that is protected to the point that if that person is not truly competent, there is very little that can be done about that situation. Now we want to put principals into that same kind of status. I would submit to you that in the private sector, when a person reaches a management kind of level and this is a management position, that person

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

52nd Legislative Day

May 22, 1987

then has to move forward and retain that position on the basis of performance. And if the performance is not there, the person understands that that's the risk you run when you reach this kind of position. A principal is in charge of that school. He is the captain of that ship. And as the captain, as the very top ranking person, he ought to be evaluated on the basis of his performance each and every year, just as the superintendent is evaluated by the school board each and every year. Principals are managers. As managers they receive salaries that are commensurate with that responsibility. They ought not to be provided with tenure. And Ladies and Gentlemen, that's what this is. This is a very bad concept. I am strongly opposed to it. And I urge your 'no' vote."

Speaker Madigan: "The Chair again would suggest we now go to Roll Call and recognize others to explain their vote. So the question is, 'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed by voting 'no'. The Chair recognizes Mr. Kirkland to explain his vote."

Kirkland: "Fine. The only problem at this point is that I have a couple of questions for the Sponsor and I want to ..."

Speaker Madigan: "Well proceed to the questions, Mr. Kirkland."

Kirkland: "Alright, thank you. This Bill applies to reclassification and not dismissal. Is that correct?"

Mulcahey: "And dismissal as well. Yes. Not renewal of contract."

Kirkland: "In the sense of reclassification, if a principal objects to an attempt at reclassification by a superintendent, how long can the process be stretched out, let's say first before it would go to court? Under your Bill, how long could he stretch out the process, if he simply all the way along says, 'I should not be reclassified'?"

STATE OF ILLINOIS
85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

Mulcahey: "Well, if the person says he should not be reclassified based upon the job description of course, this is that notice comes April 1st. And for that particular time the principal can proceed and do what he has to at that time, including those three or four points that I alluded to. Those three or four steps."

Kirkland: "If you go through those three or four steps, how long can that process take?"

Mulcahey: "I really have no idea. The first three or four steps takes only a matter of a couple of months."

Kirkland: "Thank you."

Speaker Madigan: "The Chair would point the attention of the Members to the current count on this Bill. And there are two others seeking recognition. Do they persist? Mr. Brunsvold to explain his vote."

Brunsvold: "Thank you, Mr. Speaker. Representative Mulcahey, is Amendment #1 on this Bill?"

Mulcahey: "No, Amendment #1 is not on the Bill."

Brunsvold: "To the Bill, Mr. Speaker. I would rise in support of Representative Mulcahey. Often times the way to dismiss a principal, or get rid of a principal is to start moving them around. Putting him in buildings that he doesn't want to be in, or for some reason he probably does not want to deal in that situation, so they put him in that building and they keep moving him around and in the end he has to quit. So, that's the way you get rid of a principal. And this simply guards his right in a due process situation and I stand in support of Representative Mulcahey."

Speaker Madigan: "Have all voted who wish? Mr. Mulcahey."

Mulcahey: "Mr. Speaker. I take offense at the Lady from the other side of the aisle talking in terms of my position on tenure. I think you all know how I stand on tenure. And I promised each and every one of you people that if this Bill

85th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

had any inkling at all, that it had any tenure involved, that I would throw it out the window. I didn't throw it out the window because there's no tenure in there. It's simply a job description provided to a principal and he's evaluated once a year on that job description. As it is today ... As it is today, he has no recourse whatsoever if the Superintendent of the Board of Education doesn't like the fact that he kicked Johnny out of school for two days and mommy and daddy complain enough to the school board, they can reclassify him. They don't even have to hire him back. He doesn't have any recourse. If they don't like the way he parts his hair, or the color of the tie he wears, they can get rid of a principal or reclassify him. It's got nothing to do with tenure. It's evaluation based upon job description. That simple."

Speaker Madigan: "Have all voted who wish? The Clerk shall take the record. On this question there are 63 'ayes', 49 'nos'. This Bill having received a Constitutional Majority ... Mr. Rice wishes to be recorded as 'aye'. Mr. Young wishes to be recorded as 'aye'. Representative Davis wishes to be recorded as 'aye'. Mr. DeJaegher wishes to be recorded as 'aye'. Speaker Madigan: "Have all voted who wish? The Clerk shall take the record. On this question there are 38 'ayes', 71 'nos'. This Bill having failed to receive a Constitutional Majority is hereby declared 'lost'. The next Bill is House Bill 2846, Mr. Daniels. Mr. Clerk, on what Order is this Bill?"

Clerk O'Brien: "House Bill 2745, a Bill for an Act to amend the Environmental Protection Act. Third Reading of the Bill."

Speaker Madigan: "Mr. Flinn."

Flinn: "Mr. Speaker, Ladies and Gentlemen of the House. House Bill 2745 was pretty well explained on Second Reading in the Amendment stage. What it basically does is deal with the problem of St. Louis trash in Madison and St. Clair County. We are asking that 30% of the fees collected be allowed to be used for related problems of the St. Louis trash. And I move for the adoption of the Bill."

Speaker Madigan: "Those in favor of the passage of the Bill signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 107 'ayes', 3 people voting 'no'. This Bill having received a Constitutional Majority is hereby declared 'passed'. We should now move to the Order of the Consent Calendar and the Clerk shall proceed to read the Bills on the Order of Third Reading. Mr. Clerk, proceed."

Turner: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I'd like to make an announcement regarding the annual SIA Tennis Tournament that's coming up for the Legislators and since we are going home for the weekend, I know many of you may want to practice for this tournament that's coming up on June 2nd. I, along with Representative Margie Parcells, Gordon Ropp and John Dunn, are the Co-chairmen this year and if you would see any one of us, we have the forms that are available to sign up for the tournament. This first tournament is for the beginners, which I fit into that classification, those who play once a year, and if you are interested for a fun night, you might want to see myself, Gordie, John or Margie regarding signing up for the tournament. The tournament is going to be held June 2nd of this year. Thank you."

Speaker Giglio: "Give him a hand."

voting record is so dismal in the House. My switch seems to be inoperable, though I think it has been fixed. We are all set. Thank you, Mr. Speaker."

Speaker Madigan: "Have all voted who wish? Have all voted who wish? Mr. Terzich."

Terzich: "Yes, Mr. Speaker, after the Roll Call, I would like to have leave to vote 'aye' on House Bill 1415. For some reason or another, I was not properly voted."

Speaker Madigan: "That shall be noted in the record."

Terzich: "I'd like to vote 'aye'."

Speaker Madigan: "I said it shall be noted in the record."

Terzich: "Thank you very much."

Speaker Madigan: "You're welcome. Have all voted who wish? The Clerk shall take the record. On this question, there are 117 'ayes', no... there are 117 'ayes', no one voting 'no'. The documents have been distributed for those who wish to be recorded differently than what has been recorded on the voting machine and we will wait until approximately 5:00 or 5:15 for the return of those documents. On a Special Call - Welfare Reform, there appears House Bill 194. Mr. Homer. Mr. Clerk, House Bill 194, on what Order is this Bill?"

Speaker Madigan: "Read the Bill."

Clerk Leone: "House Bill 194, a Bill for an Act to amend the Illinois Public Aid Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Homer."

Homer: "Thank you, Mr. Speaker. Ladies and Gentlemen, this Bill was discussed at length the other day with regard to an attempted Amendment which was defeated. The Bill addresses the personal needs allowance of residents of long term nursing care facilities. The... who are on social security or SSI. They are allowed... if they are also public aid

recipients, to retain \$25 per month as personal needs allowance from which they are required to spend for sundry items such as their nonprescription drugs that aren't covered, their clothing, toiletries, all types of requirements have to come out of this allowance. The Bill would very modestly increase that allowance by ten dollars a month and establish it at \$35. It has not been increased since it was established back some 13 or 14 years ago. I would urge your favorable consideration on the Bill."

Speaker Madigan: "Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. I rise in opposition to the Bill. The Department of Public Aid is in opposition to the Bill. The annual estimated cost of the Bill, as amended, is 7.2 million dollars. I think it's something that should be considered only in the larger context of state finances somewhat later in the year. I stand in opposition."

Speaker Madigan: "The question is, 'Shall this Bill pass?' Those in favor will signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Representative Satterthwaite, to explain her vote."

Satterthwaite: "Mr. Speaker and Members of the House, this is a very much needed increase to people who have had to live on a very minimal amount of personal money in the past. Without this, we are really encouraging people to avoid letting us know what their income is if they have a relative or someone who will help to subsidize them. It is only justified that they have some small increase in their personal allowance. You cannot possibly live on \$25 a month for all of the necessities that have to come out of that amount of money. You are supposed to report anything that you get, even a gift, and so if someone wants to help a person and give them the money for a new pair of shoes, they have to report that. We are encouraging people to

avoid the law without giving them a reasonable increase."

Speaker Madigan: "Representative Wojcik."

Wojcik: "Yes, Mr. Speaker and Members of the House, I would like to explain my vote and tell you from personal experiences what I see happens with this money that is given to the people in the nursing homes. The nursing home people do not get the money. Most of the times, it's their family that's taking it from them. They don't even use this money and that's why the big argument is here. Beside the fiscal cost, I think there's a big problem in the allowances that are given to them and it's not truly used by the patient that's in the nursing home."

Speaker Madigan: "Have all voted, who wish? The Clerk shall take the record. On this question, there are 59 'ayes', 51 'no'. The Chair recognizes Mr. Homer."

Homer: "Speaker, I'd like a Poll of the Absentees."

Speaker Madigan: "Representative Pullen."

Pullen: "Mr. Speaker, I couldn't see which light I was pushing behind all this stuff on my desk. I would like to change my vote to 'no', please."

Speaker Madigan: "Change Representative Pullen to 'no'. Mr. Clerk, poll the absentees."

Clerk Leone: "A poll of those Members not voting: Representatives Giorgi and Klemm are not voting."

Speaker Madigan: "Mr. Giorgi. Record Mr. Giorgi as 'aye'. Have all voted who wish? Have all voted who wish? Mr. Clerk, have you taken the record. Okay, on this question, there are 59 'ayes', 52 'nos'. This Bill, having failed to receive a Constitutional Majority is hereby... Mr. Homer."

Currie: "May I have leave to bring the Bill back to Second Reading for purposes of an Amendment?"

Speaker Madigan: "The Bill shall be placed on the Order of Second Reading."

Clerk Leone: "Floor Amendment #2 is being offered by Representative Currie."

Speaker Madigan: "Representative Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. This Amendment makes the program which would provide Medicaid Services to low income pregnant women permissive to fit a time schedule that will be fiscally responsible. I urge its adoption."

Speaker Madigan: "Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

Clerk Leone: "There are no further Amendments."

Speaker Madigan: "Third Reading. Is there leave to hear the Bill on the Order of Third Reading? Leave is granted. Mr. Clerk, read the Bill."

Clerk Leone: "The Bill is on the Order of Third Reading."

This is a, if you will, pro-family Bill in that it allows for the Department of Corrections to exchange information with the Department of Public Aid so that they can deal with living arrangements and provisions relating to prisoners and their relationships with their families. I would encourage your support and would answer any questions you may have."

voting 'no'. This Bill, having received a Constitutional Majority, is hereby declared passed. On the same Order, there appears House Bill 1353. Mr. Clerk, on what Order is this Bill?"

Clerk Leone: "On page 15, the Bill is on the Order of Second Reading."

Speaker Madigan: "Are there any Amendments?"

Clerk Leone: "Amendment #1 is being offered by Representatives Wojcik and McCracken."

Speaker Madigan: "Representative Wojcik, on Amendment #1."

Wojcik: "Yes, Mr. Speaker, Members of the House. What this Amendment... it provides that the grant amounts will be set for an average size family at a fixed percentage based on one wage earner paid at the federal minimum wage."

Speaker Madigan: "Representative... Mr. Clerk, who is the Bill's Sponsor? Mr. LeFlore."

LeFlore: "Mr. Speaker, I oppose that Amendment, Amendment #1."

Speaker Madigan: "Now, fine. Mr. LeFlore, let me advise you that there has been a request for a fiscal note filed on the Bill. The Clerk informs me..."

LeFlore: "It has been filed, Mr. Speaker."

Speaker Madigan: "Mr. Clerk, do you have the fiscal note? Fine, Sir. So, Mr. LeFlore stands in opposition to the Amendment. On the Amendment, Representative Currie. Has Representative Currie abandoned her station? Representative Bowman."

Bowman: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I join Representative LeFlore in opposition to this Amendment. There's several aspects of it that are very unwise. Number one and really the foremost aspect is that we are... would be affixing the public aid grant level at the federal minimum wage or a fixed percentage of the federal minimum wage. Number one, that takes control over

the grant level completely out of our hands here in the State of Illinois. If you are going to relate it to anything, you ought to relate it to the state minimum wage, not the federal minimum wage. Yes, let me also point out that the federal minimum wage has not changed for a number of years. Maybe that's why the Sponsor of the Amendment wants to use that as her benchmark; however, everyone here should be advised that there is legislation pending in the Congress to do something about that. And as we all know, practicing Legislators, that when something hasn't changed for many years, pressures build up and build up just like volcanoes and eventually they erupt. So, we are on the eve of a sudden jump in the federal minimum wage and I can just about predict that if this Amendment is adopted and the legislation becomes law, that suddenly we are going to be faced with a very abrupt increase in the grant level and it will be completely out of our control. I think this is a very bad proposal and I strongly urge its defeat."

Speaker Madigan: "Representative Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. I wonder if the Sponsor of this Amendment is aware of Amendment #2 to this Bill which would change its provisions rather substantially and in light of Amendment #2, she might be interested in withdrawing Amendment 1."

Wojcik: "Representative, I am not familiar with Amendment #2. Could you explain Amendment #2 to me?"

Currie: "Yes, Amendment 2 will put the Bill into a form in which we can deal with the issue of floors for public aid grant levels when this Bill is in the Senate. There have been changes on another Bill in the welfare program, House Bill 2853, that take out maximum considerations from the Bill in its present form so that there can be a discussion of floors and ceilings in respect to public aid grants while

these Bills wend their ways through the rest of the legislative process. And on that basis, the Amendment #2 to this Bill will keep the issue of floors, of minimums alive, but will make no substantive change nor will it create any dollar cost responsibilities for the Department of Public Aid."

Wojcik: "Representative, I'm told that this does not make it the type of Bill that we'd like to have so that we could clean it up in the Senate because there is already an insertion of 49.7 percent..."

Currie: "Which is.. which is present... which is the current level and I can only tell you I showed this Amendment to the Department of Public Aid two days ago, and it was my understanding that they concurred in adopting this Amendment to this Bill so that these discussions could continue in the Senate with both those issues tied together, the issues of floor and ceiling at the same time."

Wojcik: "Representative, I am told that they have not agreed to this and that the 49.7 percent is not currently in the statutes."

Currie: "This is... that's the current level and all this Amendment... all Amendment 2 does is to say that the level for this year... which is the level for this year..."

Wojcik: "Representative, I am told that there is a denial of that subject matter."

Speaker Madigan: "Ladies, could we bring the discussion to a close? And the question is, on the Amendment, those for the Amendment will signify by voting 'aye', those opposed by voting 'no'. Those for the Amendment vote 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The question is the Amendments. We are on the Amendments. Have all voted who wish? Are there any further Amendments?"

Clerk Leone: "Floor Amendment #2 is being offered by
Representative Currie and LeFlore."

Speaker Madigan: "Representative Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. The
intent of Amendment 2 is to establish that the grant levels
shall be what the grant levels are today in an effort to
keep the discussion of floors open. I move adoption of the
Amendment. It has no fiscal impact. It affects only the
current year. I'd appreciate your support."

Speaker Madigan: "Those for the Amendment say 'aye', those
opposed say 'no'. The 'ayes' have it. The Amendment is
adopted. Are there any further Amendments?"

Clerk Leone: "There are no further Amendments."

Speaker Madigan: "Mr. LeFlore."

LeFlore: "I'd like to move it, Mr. Speaker."

Speaker Madigan: "There being no further Amendments, the Bill
shall be placed on the Order of Third Reading. Mr. Clerk,

Clerk Leone: "House Bill 1353, a Bill for an Act to amend the
Illinois Public Aid Code. Third Reading of the Bill."

Speaker Madigan: "Mr. LeFlore."

LeFlore: "Thank you, Mr. Speaker. House Bill 1353, as amended,
the Public Aid Code, in relation to the amount of
assistance to be paid in each category of recipient
required as grant level. I urge a 'yes' vote on the Bill.
If there is any questions, I'm open for answering

Mays: "Thank you very much, Mr. Speaker. I think the people should know that with the defeat of Amendment #1, what you are basically doing is saying that people can make more on public aid than a family that works, that makes the minimum wage and I don't think that's the kind of policy we want to be setting here in this chamber. That's why I want to say 'no' until we can get this Bill back in the shape that it ought to be in."

Speaker Madigan: "Have all voted who wish? Representative Currie, to explain her vote."

Currie: "Thank you, Mr. Speaker, Members of the House. Just to remind you that there is no fiscal impact in this Bill, as amended, at all. The Bill applies to the current year and it merely states the obvious, that public grant levels in the State of Illinois today are 49.7 percent of what the state says it takes to keep body and soul together. This Bill costs no money, costs not one penny more than what we are spending in public welfare grants today. The purpose of moving this Bill is to continue discussions about what the public aid grant should be. Should it be tied to the minimum wage? Should it be tied to other issues? And I think it would be very nice if Representative LeFlore could move his Bill over to the Senate, this Bill that does not cost anybody anything."

Speaker Madigan: "Have all voted who wish? Have all voted who wish? The Clerk shall take the record. Mr. LeFlore."

Daniels. Turn on Mr. Daniels."

Daniels: "Put me on. The Governor's Office has requested that we continue dialogue on the general issue of welfare reform. Personally, I don't like some of the items in this Bill, but based upon that request, since this issue is important to the Administration and is a national issue, I will change my vote only to get this Bill out and that request by the Governor's Office and I'd ask leave to be changed to 'aye'."

Speaker Madigan: "Representative Braun."

Braun: "Thank you very much, Mr. Speaker, Ladies and Gentlemen of the House. Consistent with Representative Daniels last remark, I would ask everyone to take a look at this Bill. The Governor has said in his message that this was the year for us to consider an increase in the grant level for public aid. We know, obviously, that given the process, this is a matter which will be worked out over time. I would say to you that this General Assembly has not increased or taken any action with regard to changing the grant level for public aid. This is an issue that not only affects adults, but primarily affects children and old people and senior citizens and the handicapped and I would encourage your support for the cost of living increase for public aid. And I would be delighted to answer any questions you may have."

Daniels."

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House, I understand the concern here. We have a several number of welfare reform Bills over... being sent over to the Senate and I would just suggest to the Representative that there are several matters that are available to deal with and I don't think it's necessary to send any others over other than the one that we dealt with extensively before. And Representative Braun, I think that you could handle it in that fashion and would request that you work with us through the other Bills that will be there."

Speaker Madigan: "Representative Braun. Representative Braun."

Braun: "Mr. Speaker, the Gentleman has left me almost speechless, but not quite. I would... I would ask the Members again... we know that there are vehicles and there are vehicles and there are vehicles, but this issue, I think, is one which... it would not be inappropriate to send this Bill to the Senate as well to be part of the general package. It's an issue that's got to be taken up. It's an issue that will be taken up and I would ask for your support for this legislation which started out in the process in the normal way and which will raise... or keep alive on the table the issue of whether or not and to what extent we will support the senior citizens and the old people who are dependent on... and children who are dependent on public assistance for their livelihood. I would ask for your support."

Speaker Madigan: "Representative Hallock."

Hallock: "Thank you. Will the Sponsor yield?"

the actual dollar number for this Bill. No, I do not. What I can tell you is that the last public aid increase that we granted was in '80. That was five percent. And all this suggests is that we do it again in this General Assembly."

Hallock: "Well, it so happens I have just received a fiscal note from the Department and their cost estimates place this Bill at around 64 million. But I guess what's as important as the amount of money involved here is the issue and the concept itself. We're being asked now here in the General Assembly to give a cost of living increase to those who are on welfare when many people in our state, working people, haven't had a cost of living increase in many, many years. We are getting our priorities wrong. It's the working people in this state who fund the whole State of Illinois. We try to do what we can to be fair and help those who are in need and that's important that we do that. But to suggest at a time of crisis in Illinois that we turn around and spend 64 million bucks on this program is an absolutely abominable idea. I urge it be defeated."

Speaker Madigan: "Representative Wojcik."

Wojcik: "I have some questions of the Sponsor."

Speaker Madigan: "The Sponsor yields, but the Chair would admonish both Representatives Braun and Wojcik that we would like to move along. I don't mean to irritate anyone, but could we just move along expeditiously? So, proceed, Representative Wojcik."

Wojcik: "Then may I speak to the Bill instead of asking questions?"

Speaker Madigan: "That would be fine."

Wojcik: "I would like to point out that there really truly is a cost to this Bill, that it is 64.4 million and what we are looking at with public aid, instead of looking at public

aid as something to take care of the need immediately and to help them find a job and to help them make something of themselves, we're looking as public aid should be a business and we're going cost of living expenses, standard of need expenses. This is not a business. We are not giving merit increases. We are not giving salary raises. We are trying to get them on their feet, put them to work and let them learn to be the most dignified individuals in the whole State of Illinois. This is a bad proposal. It's a costly proposal and we should not get ourselves into this. We're talking 62.4... or 64.4 million dollars. Thank you."

It would permit the Department of Public Aid, if the federal rules and regulations are changed in this Session of Congress, to experiment with entrepreneurial programs so that people who are on public aid may separate their assets between personal assets and business assets without losing their eligibility for public aid, until their income got to such a level as they would no longer be eligible. Daniels."

Speaker Madigan: "Mr. Daniels."

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House, there has been substantial and lengthy negotiations between the parties of interest in the area of welfare reform and let me state briefly that people across the political spectrum have reached a consensus that the national welfare system isn't working and they are looking for us to correct many of the inequities that exist. Amendment #9 to House Bill 2853 makes various changes to the welfare reform proposal to conform with the recommendations of the Governor's Task Force on Welfare Reform and to meet concerns raised by representatives of several client advocacy groups. This Amendment continues the interim assistance program in those geographic areas of the state where the Illinois Department does not administer a general assistance program, provides that grant diversion projects will be coordinated with the programs administered under the Illinois Emergency Employment Development Act, clarifies job search program requirements, provides that general assistance clients which have been determined disabled will receive the same cash benefits and medical coverage as interim assistance clients, makes technical corrections as suggested by the Legal Assistance Foundation, clarifies language for establishing demonstration projects, adds back the original language allowing the Department to use State Board of Elections computer information and deletes obsolete

language in several Sections of the Public Aid Code. I think that this has rather universal agreement. I'd ask for your support of Amendment #9."

Speaker Madigan: "Those for the Amendment say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

Clerk Leone: "Floor Amendment #10, offered by Representative Hyvetter Younge."

Speaker Madigan: "Representative Younge."

Younge: "Thank you very much, Mr. Speaker. Amendment #10 would require all of the job opportunities to have acceptable occupational safety and health standards, requires pre-employment training and including family resource development. I move for the adoption of the Amendment."

Speaker Madigan: "Mr. Daniels."

Daniels: "Mr. Speaker, has this Amendment been printed and distributed?"

Speaker Madigan: "I see. Representative Younge, the Clerk informs me that this has not been printed and distributed."

Daniels: "I would move to table."

Speaker Madigan: "Would you like to withdraw the Amendment?"

which you recently adopted. This is an Administration Bill to enact welfare reform. In cooperation with the Director of Public Aid, Ed Duffy, his assistant, Mike Taylor, several other people from the Department, we proudly present this as a direction of moving Illinois forward in welfare reform in cooperation with our Governor, James Thompson. This does restructure general assistance in certain areas of the state, allows for the development of grant diversion and entrepreneur programs, extends medical assistance and expanded day care services, provides for state demonstration projects which would be conducted throughout the state, deletes some obsolete language and also implements changes which will allow the state to collect more child support. Several other provisions are contained in here and I would ask for your favorable support in the passage of House Bill 2853."

Speaker Madigan: "Representative Currie."

Currie: "Thank you, Mr. Speaker and Members of the House. I rise in modified support of House Bill 2853 and only to make the point that the continuing discussions will surround the issue of maximum grant levels tied to the minimum wage as well as floors for grant levels in the State of Illinois. There will be further discussions on the characteristics, the structure of the interim assistance program in the City of Chicago. I point out to the Members of this Body that this program, this Bill, will cost us 22.6 million dollars, but I think it's well worth the spending if the welfare reform program that ends up as 2853 does the job we all hope it will."

Speaker Madigan: "Those in favor of the passage of the Bill signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Mr. Bowman, to explain his vote."

Bowman: "Yes, I just want to say, 'Thank you,' to Mr. Daniels by voting 'no' on this Bill."

* Speaker Madigan: "Mr. Williams to explain his vote. This Bill now has 103 'aye' votes."

Williams: "I'm voting 'aye' on this Bill, but the only purpose is to let them know that presently there is only 375 case workers to deal with. What you are going to have is a double load in terms of Project Chance and we would like you, as you consider the negotiations, to increase the number of case workers to handle the load. They don't handle it now. We'd like them to handle it later. Thank you."

Speaker Madigan: "Representative Davis, to explain your vote."

Davis: "I would like to ask Representative Daniels a question. Does this Bill include in it that if a recipient refuses some type of employment that he will be removed from the welfare?"

Daniels: "Well, we are in the Roll Call, but I would be happy to suggest to you that it depends upon the circumstances. There are sanctions, but the sanctions are very carefully set forth in the Bill and you should know that we have met with the City of Chicago and their negotiating team and they have agreed to the movement of this legislation, are satisfied that it's reasonable."

Davis: "I mean this is not the type of legislation that would force welfare recipients to work at the removal of asbestos, is it?"

Daniels: "No, absolutely not."

Davis: "Alright. Thank you. Then I will change my vote."

Speaker Madigan: "Have all voted who wish? The Clerk shall take the record. On this question, there are 107 'ayes', 4 people voting 'no'. This Bill, having received a Constitutional Majority, is hereby declared passed. The

next Bill is House Bill 2862, Mr. Daniels. Mr. Clerk, are there any Amendments?"

Speaker Madigan: "Who is the Sponsor?"

Clerk Leone: "Is being offered by Representative Currie."

Speaker Madigan: "Representative Currie. Withdraw the Amendment. Are there any further Amendments?"

Clerk Leone: "Floor Amendment #5 is being offered by Representative Daniels."

Speaker Madigan: "Mr. Daniels."

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House, this is another part of the welfare reform package. This Amendment makes technical changes to House Bill 2862 pertaining to the immediate income withholding for child support. This amends the income withholding provisions of the five child support statutes as follows: Requires that all orders for withholding entered by the court provide for immediate service on the payor of income; provides for separate service of the order for withholding to collect a delinquency accrued prior to the first service of the order, and to update the amount of delinquency and arrearage. It clarifies that notwithstanding the changes in the income withholding statutes, that in order for withholdings to be governed by the law in effect on the date it was entered. And I would seek your favorable support of the Amendment."

Speaker Madigan: "Mr. Dunn."

Dunn: "Sponsor yield for a question?"

Speaker Madigan: "Sponsor yields."

Dunn: "Does this Amendment have the mandatory withholding provision in it?"

Daniels: "Yes."

Dunn: "Okay, then I rise in opposition to the Amendment. I hope we defeat it."

The objections were raised by Majority Leader McPike and Mr. Homer concerning the actual infringement on good time. What the Amendment does is allow that a sentenced... person who is sentenced for a crime which provides a mandatory minimum shall not receive any portion of good behavior allowance that would reduce the sentence below the minimum and I ask for adoption of the Amendment."

Speaker Madigan: "Mr. Cullerton."

Cullerton: "Yes, just to clarify now then, what you are trying to do here is if there's a mandatory minimum like in a case where... drunk driving pays for... somebody has to spend 24 or 48 hours in jail, one or two days in jail, as a mandatory minimum, the purpose of the Bill is that they shouldn't have a day for day good time. Is that what you are trying to accomplish with the Bill?"

Weaver: "That's correct. It simply establishes a floor."

Cullerton: "And the... alright, and the Amendment clears up the inconsistency that was created by the first Amendment that was adopted? Is that correct?"

Ryder: "I would now ask for immediate... or to move to Third Reading."

Speaker Madigan: "The Bill shall be placed on the Order of Third Reading. Mr. Clerk, has this Bill been read a Third Time?"

Clerk Leone: "No. House Bill 1320, a Bill for an Act to amend the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Ryder."

Ryder: "Thank you, Mr. Speaker. The Bill now has, with the Amendment that it has, requires or allows overweight in a certain small specific circumstance that required a permit before. Now the permit process will be eliminated."

Speaker Madigan: "Those in favor of the passage of the Bill signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 103 'aye', 9 'no'. This Bill, having received a Constitutional Majority, is hereby declared passed. House Bill 2656, Mr. Parke. Mr. Clerk, are there any Amendments?"

Clerk Leone: "On page 6 of the Calendar, House Bill 2656. It's been read a Second Time previously. Floor Amendment #1 is being offered by Representative Parke and Stern."

Speaker Madigan: "Mr. Parke."

Parke: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Amendment #1 deletes the authority of the Inter-Governmental Highway Corridor Agency created in this Bill to issue revenue bonds or to utilize any state funds. That was a request from Representative McPike, to remove that, and we have so done. I ask for approval of Amendment 1."

Speaker Madigan: "Mr. Parke, I'm told that I inadvertently called this Bill, that the calling of the Bill was a mistake and

the Bill should be taken out of the record. House Bill 2698, Mr. Hicks. Mr. Clerk, has 2698 been read a Third Time?"

Clerk Leone: "House Bill 2698 has been read a Third Time and is on postponed consideration."

Speaker Madigan: "Mr. Hicks."

Hicks: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 2698 was a Bill we discussed in detail yesterday. It's the Landlord-Tenants Act, and I'd ask for its approval."

Speaker Madigan: "Mr. Hicks, did you wish to call the Bill again?"

Hicks: "Yes, Sir."

Speaker Madigan: "I see. Alright. So the Bill shall be called on the Order of Third Reading. There are now four people seeking recognition. This is the Landlord-Tenant Bill, Ladies and Gentlemen. Let's have your attention. This is the Landlord-Tenant Bill that was thoroughly debated previously. The Chair would suggest that we go to Roll Call and then let people explain their vote. On this question, those who are in favor of the passage of the Bill signify by voting 'aye', those opposed by voting 'no'. Mr. Greiman to explain his vote."

Greiman: "Yes, this Bill has not improved. It is not like wine. It does not improve over two days ago. It is a bad Bill for tenants. It is a bad political vote for anybody that has any number of tenants in their... on either side of this aisle. You're going to see brochures that say that on the 22nd day of May, 1987, Representative So and So voted to screw the tenants of this state, and there you're going to find... keep saying 'oh' all you want, but that's what that brochure is going to say. And Mr. Daniel's staff is going to prepare them for our Democratic targets and Mr.

Madigan's staff is going to prepare them for your targets. So if you got tenants... if you got no tenants in your district, then, sure, vote for it. But if you've got any sizable number of tenants, this Bill... I... you could do a brochure that will knock your socks off, and believe me, both sides will. So if you're political, and you'd like to come back, I suggest you vote 'no' on this Bill, or maybe 'present', and we can negotiate some of these things out."

Speaker Madigan: "Mr. Johnson to explain your vote."

Johnson: "Representative Greiman really didn't mean that. Because I don't think he thinks that casting political votes are what we should do, or casting votes for tenants or against tenants or for landlords or against landlords are what we should do. We're talking about the best interests of the people of the State of Illinois and our economic and legal system. This is a well considered Bill that's been developed over years and years and years, and I think most people are going to cast a vote, as I think Representative Greiman really thinks they should, based on the merits of this issue and what's best for all the people of the state."

Speaker Madigan: "Representative Braun to explain her vote."

Braun: "Mr. Speaker, whether this is a good Bill or a bad Bill seems to me not to be the issue. The fact is, this has been voted on before and there are a number of people in this room who have Bills on the Calendar that haven't even been called yet. It seems to me that in light of the fact, I know you've tried to be fair to the Membership, but to give one Bill like this, which has vehement opposition, I mean it looks like it's passing, but to give it three cracks at the apple, when some people haven't even had their first Bill called, seems to me to be patently unfair and an abuse of the process, Mr. Speaker."

Speaker Madigan: "Mr. Matijevich."

Matijevich: "Yes, Mr. Speaker, I've got House Bill 3, 3, that's a pretty early Bill, it's a smoke detector Bill, and I had a feeling it may not be called, but I object to a call... a Bill being called twice just because the Realtors want it, and I can't get a call on a Bill. I think there's Members here that haven't been here since noon, and they're voting on this Bill, and I can't get a Bill called that I've been sitting waiting here all Session."

Speaker Madigan: "Mr. Bowman."

Bowman: "Number one, Mr. Speaker, I request a verification of this Roll Call, and number two, I would just like to point out that this is the first time this Bill has made it to the floor in many years. We have... while we have had some debate on it at this time, it is not as well considered as Representative Johnson would like to make us believe. I would point out furthermore that it repeals the existing Landlord-Tenants Statute that is now on the books in Illinois, that governs every square inch of the state, whether you have a home-rule community in your district or not. And in particular, it completely revises and rejects several judicial doctrines that have grown up over the years. This is one-sided legislation. It definitely favors landlords over tenants. It is not even-handed. I urge its rejection."

Speaker Madigan: "Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 66 'ayes', 39 'nos'. There has been a request for a verification. Mr. Clerk, poll the absentees."

Clerk Leone: "A Poll of those not voting. Representative Klemm, Laurino and McNamara."

Speaker Madigan: "Mr. Flinn, the Bill is on the Consent Calendar. Shall we take it out of the record? Mr. Flinn. Turn on Mr. Flinn."

Flinn: "Mr. Speaker, I didn't know whether somebody knocked it off and I didn't get the notice, so that's why I'm trying the Bill again. It was on the Consent Calendar, and I was sure it was on there when we passed the Consent Calendar."

Speaker Madigan: "Okay. The matter is on the Consent Calendar, so we'll take it out of the record. House Bill 1490, Mr. Barger."

Clerk Leone: "On page 7 of the Calendar, House Bill 1490, a Bill for an Act to amend the Illinois Municipal Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Barger."

Barger: "Thank you, Mr. Speaker. This merely codifies the fact that Municipal Laws rank other local jurisdictions. As the ranking comes on laws: Federal Laws are first; State are second; Municipal is third and the various minor jurisdictions come under those. This simplifies things for new members of park boards and school districts, so that they won't try to pass laws that won't work. I'd appreciate a 'yes' vote."

Speaker Madigan: "Mr. Cullerton."

Cullerton: "Representative Barger, why does the city come ahead of the county?"

Clerk Leone: "House Bill 2607, a Bill for an Act to amend the Unified Code of Corrections. Third Reading of the Bill."

Speaker Madigan: "Mr. Kirkland."

Kirkland: "Thank you, Mr. Speaker. The Bill sets up a procedure for a misdemeanant to petition a sentencing court to serve a portion or all of his county jail term under conditions of home incarceration. The purpose of the legislation is to put into state law the authorization for courts to use electronic monitoring devices. These devices are becoming increasingly sophisticated... more sophisticated, affordable and reliable in these kind of situations. The Bill is based on a Kentucky Statute, at this point. And there are several local programs around the country, including in Lake County, Illinois, that have experimented successfully with these devices. I ask for approval."

So Mr. McCracken, would like to call House Bill 521. Mr. Clerk, read the Bill."

Clerk Leone: "House Bill 521, a Bill for an Act to amend the Code of Criminal Procedure. Third Reading of the Bill."

McCracken: "Thank you, Mr. Speaker, 521 codifies current case law providing for an exception to the Hearsay Rule in the case of statements made to medical personnel for the purposes of diagnosis or treatment, including descriptions of the cause of the symptoms, pain or suffering. It does merely that, and is asked for because there seems to have been some inconsistent application in the trial courts of this rule. I move its passage."

Speaker Madigan: "Mr. Homer."

Homer: "Thank you. Will the Sponsor yield?"

Speaker Madigan: "The Sponsor yields."

Homer: "For the purpose of legislative intent, Representative McCracken, it is my understanding that under current case laws, specifically People vs. Gant, the 1974 Illinois Supreme Court Case, a general rule was enunced which held that such statements made by a patient to a doctor when consulting for treatment are universally to be admitted as evidence of the facts stated. Your Bill would specifically provide for such an exception to Hearsay Rule when the... when the case involved was one dealing with a prosecution for a sex offense. Is it your intent, therefore, to... to suggest that the exception shall not apply in the prosecution of other cases?"

McCracken: "No, not at all. The exception is uniform regardless

of the type of case, and this Bill codifies that."

Homer: "Your Bill codifies it with regard to sex offenses, but is it your intent..."

McCracken: "Oh, yes. I'm sorry. You're right."

Homer: "Alright. Alright. It was... was it your intent to change the current rule with respect to the admissibility of such statements in the prosecution of other kinds of cases."

McCracken: "No. Not at all and it should not be interpreted as such."

Homer: "Thank you."

Speaker Madigan: "The question is, 'Shall this Bill pass?' Those in favor of the passage of the Bill signify by voting 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 90 'ayes', 11 'nos'. This Bill, having received a Constitutional Majority, is hereby declared passed. Speaker Madigan: "Third Reading. Read the Bill."

Clerk Leone: "House Bill 213, a Bill for an Act to amend the Illinois Vehicle Code. Third Reading of the Bill."

Matijevich: "Mr. Speaker, Ladies and Gentlemen of the House. House Bill 213 was introduced because we have sex offenses and drug offenses whereby drivers licenses are revoked. However, no one's licenses are being revoked because notice isn't being provided. This mandates that notice be provided. So it's a good quote 'law and order' Bill against drug and sex offenders and I move... move for its passage."

Speaker Madigan: "Mr. Regan."

Regan: "I'm sorry, Mr. Speaker, but inadvertently in the eleventh hour I pushed the wrong button on House Bill 529. I'd like to be recorded as voting 'yes', please."

Clerk Leone: "Floor Amendment #1, offered by Representative Black."

Speaker Madigan: "I'm told that you are correct, Mr. Cullerton.
The Bill is now on Third Reading."

Cullerton: "Thank you, Mr. Speaker. This Bill deals with the
controversy that developed around the Retail Merchants
Association and a number of banks that resulted in this
compromise, which is supported by both. It permits the
drawee bank to also assess a fee against a depository
institution. I would appreciate a favorable vote."

Speaker Madigan: "Those in favor of the passage of the Bill

Clerk Leone: "House Bill 2540, a Bill for an Act to amend the
Uniform Commercial Code. Third Reading of the Bill."

Speaker Madigan: "Mr. McCracken."

McCracken: "I rise in opposition to the Bill, Mr. Speaker. There
is no reason that the depository institution should also
have this as well as the drawee bank. It's not necessary
in the chain. It buries the UCC. There is no particular
need for it. I stand in opposition."

Speaker Madigan: "The question is, 'Shall this Bill pass?' Those
in favor signify by voting 'aye', those opposed by voting
'no'. Have all voted who wish? Have all voted who wish?
Mr. Homer to explain his vote."

Homer: "Thank you, Mr. Speaker. This Bill has had a history
where there's been a conflict between the bankers and the
retail merchants, but finally, this year, they... it is my
understanding they've sat down and come up with an agreed
Bill. I don't... I don't understand why it still has so
much opposition. The agreement reached between the parties
was that the banks would not be allowed to assess a charge
against the depositor of the check, but they would be
allowed to assess each other. And as I understand it, that
was an agreement and I would urge support."

Clerk Leone: "The Bill is on the Order of Second Reading."

Speaker Madigan: "Are there any Amendments?"

Clerk Leone: "Floor Amendment #1 is being offered by Representative Parcels."

Speaker Madigan: "Representative Parcels."

Parcels: "Thank you, Mr. Speaker. Ladies and Gentlemen, this is the Bill that would make Casimir Pulaski Holiday once again commemorative. You've all been told by your teachers and your parents and school boards that the kids are not in school enough. They have almost half of their weeks are four day weeks. We do better honor to our heroes, all of them, by studying them in school, commemorating their birthdates, instead of having the kids run around not knowing why they are on vacation. This will take that back to a commemorative day and I move for the adoption of Amendment #1 to House Bill 1702."

Speaker Madigan: "Those for the Amendment say 'aye', those opposed say 'no'. Those for the Amendment vote 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? Speaker Madigan: "Representative Parcels. Mr. Mulcahey."

Mulcahey: "Mr. Speaker, I would yield to Representative Parcels."

Speaker Madigan: "Representative Parcels."

Parcels: "Well, I think that... that pretty much covers the Bill. The rest of the Bill was somewhat... what... it was a typical Bill, very brief education Bill, having to do with tuition being paid for orphans and so on. The big part of the Bill now is that this will become a commemorative holiday as many others of our great heroes. Klds will study our heroes and know about the heroes of the United States and have that day in school to do other things, too, reading, writing and arithmetic. I move for the passage of House Bill 1702, as amended."

Speaker Madigan: "Mr. Cullerton."

Cullerton: "Yes. Mr. Speaker, just so you know, this... just so it's clear. This was a shell Bill Representative Mulcahey had. This Amendment was just adopted. The Amendment eliminates Casimir Pulaski's birthday as a legal holiday and makes it a commemorative holiday. That's what it does, so certain Representatives who pushed very hard to pass the Casimir Pulaski Birthday Bill would be very upset if this passed, so you can take it from there."

Speaker Madigan: "Those in favor of the passage of the Bill signify by voting 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? IDDT's decision relative to highway cuts for entrances and exits be reviewed under the Administrative Review Act rather than by trial de novo. Under the Administrative Review Act the court would consider whether the findings are supported by the evidence heard at the Administrative Appeal and whether the proper law was applied. Under trial de novo an entirely new trial, not bound by the findings of the Administrative Hearing, would be conducted. Trial de novo is the exception to the rule for the appeal of administrative proceedings. This would not affect in any way any homeowners right to just compensation. That would be an entirely separate matter and would be considered by the Circuit Court in the first instance. I move its passage."

First, the Federal law which would allow such a disregard was designed to allow those states which don't have a medically needy program to continue medical assistance. Illinois' medical needy program covers persons regardless of receipt of SSI, and secondly, this Bill would create inequity within Illinois' medically needy program and this Bill is both unfair and unaffordable. Terzich: "Well, thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 21 is a very simple Bill. It limits the distribution of alcoholic beverage in the State of Illinois between certain hours. Basically, the Bill prohibits the sale of liquor between 2:00 a.m. in the morning until 7:00 a.m. during the weekdays. and from 7:00 a.m. in the morning until 3:00 a.m. on weekends. The it's simplified in the fact that we're restricting the distribution of alcoholic beverages. There's many, many reasons for this, of course. It will not affect approximately 95% of the distributors in the State of Illinois. However, if you are concerned about drunken driving, if you are concerned about the late night bars, you will support the Bill. I would like to stipulate that on drug abuse, that was just printed the other day, which all of you have received a copy, that one million people in Illinois suffer the direct effects of drugs and alcohol. This makes substance abusers our single largest disability group. One of three... "

Speaker Madigan: "Mr. Terzich, would you bring your remarks to a close."

Terzich: "Yes, I will, Mr. Speaker, but it's extremely important that it comes from the home where one or more family members is a substance abuser. The overlap between alcohol and the drug fields, that alcohol is a drug. Make no mistake. It's a legal drug, but nonetheless a drug. Alcohol, in fact, is our country's most abused drug and addiction to alcohol, alcoholism has been recognized by the

Terzich: "... I shall. Thank you, Mr. Speaker, for the courtesy. Alcohol is different from drug abusers in some ways. They share the same addiction of characteristics, the legislature recognized the similarities and they have addressed this problem and I would urge your support on House Bill 21."

Speaker Madigan: "The Chair suggests that we proceed to Roll Call and then recognize those to explain their vote. Those in favor of the passage of this Bill signify by voting 'aye', those opposed vote 'no'. The Chair recognizes Mr. Mautino to explain his vote."

Mautino: "I'm not sure that I have to, Mr. Speaker, but I'd like to explain that I think this is something each municipality should make a determination on. Probably the biggest tourism attraction is that night life that is available in the convention cities. If, in fact, you want to enact this statewide, you should move all your convention sites down to downstate Illinois where we already have the 2:00 closing license. Thank you."

Speaker Madigan: "Could we just take the record, Ladies and Gentlemen? Alright, fine. Mr. Shaw, do you have some pearls of wisdom to add? Mr. Shaw wishes to be recorded as 'no'. Would the Clerk record Mr. Shaw as 'no', and Mr. Clerk, could we take... Mr. Ackerman would like to be 'aye'. Mr. Regan, did you wish to speak?"

the funeral directors and it... all it does is clarify the trust fund in a small amount. It also clarifies what the cemeteries can sell in pre-need, and then finally what it does, it states that a person answering the phone, taking a death notice, ordering flowers, does not constitute funeral directing. And this was approved by the Illinois Funeral Directors Association, the Funeral Directors Association of Chicago, and the Cemetery Association. That's all it does. It was also approved by Senator Brookins in regards to his part in the task force. Thank you."

Muff: "Okay. Thank you."

Speaker Madigan: "Those for the Amendment say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

Clerk Leone: "There are no further Amendments."

Speaker Madigan: "Third Reading. Mr. Clerk, has the Bill been read a Third Time?"

McCracken: "I rise in opposition to this. This... we're short on money. We just can't afford a Centralia outlet."

Speaker Madigan: "Mr. Johnson. Mr. Johnson."

Johnson: "How many of the past Enterprise Zones that we've created, how many have we done legislatively, and how many have we done administratively? I don't recall our ever having, maybe we have legislatively created an Enterprise Zone before."

Granberg: "Mr. Johnson, I'm not sure. We're just trying to be trendsetters, that's all."

Johnson: "Well, my only brief point would be that if we get in the business of creating Enterprise Zones legislatively, I think we take it into a new strata that nobody really wants to take it into, and I would suggest that perhaps the administrative regulations that we use now are more appropriate for the creation of these Zones than we are to come in with a Bill."

Speaker Madigan: "The question is... Mr. McCracken."

McCracken: "I seek a verification if it appears to get the required number of votes."

Clerk Leone: "House Bill 875, a Bill for an Act to amend the School Code. Third Reading of the Bill."

Speaker Madigan: "Mr. Steczo."

Steczko: "Thank you, Mr. Speaker, Members of the House. House Bill 875 adds to the primary purpose of schooling the two words 'career education'. Presently the School Code includes as the primary purpose 'language, arts, mathematics, biology, physical and social science, fine arts, physical development and health'. We think it's highly appropriate that some consideration be given as a primary goal of education, that career education should be one of those, and high on that list. I would move for the passage, Mr. Speaker, of House Bill 875."

Speaker Madigan: "Mr. Hoffman."

Hoffman: "Will the Sponsor yield to a question?"

Hoffman: "What does it say?"

Steczo: "Well the Depart... the Office of Education indicates that the cost to local districts would be 5 to 10 million dollars, however, we have... the State Board of Education indicates that that would be for assessment purposes and we have found just the other day that there are Federal funds through the Carl Perkins Vocational Education Act that certainly would handle any assessments that could be done. However, we would anticipate that the way you assess the success of career education would be how many kids are working after they graduate from school, so that would be the intention."

Speaker Madigan: "Mr. Hoffman, shall we just go to Roll Call?"

Hoffman: "Five to ten million dollars. Is that all? I think you're right, Mr. Speaker. We should go to Roll Call and get out of here."

Speaker Madigan: "Okay. Let's please be patient, now, Ladies and Gentlemen. We've worked very well to accommodate all of our Members and we'll just be a few more minutes. The question is, 'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. We could have been gone an hour and a half ago. We're calling Bills that don't mean anything and probably will not even get out of the Senate Rules Committee, for what reason, I don't know. But Mr. Speaker, this isn't fair. This isn't fair to all of us."

Speaker Madigan: "Let me simply repeat what I said earlier. We

have worked throughout this day to accommodate all Members, Democrat and Republicans. Now there are a few Members remaining who would like to have Bills called. That's what we're attempting to do. This happens every once in a while. Not every day. You know my policy is not to overwork the House. Especially Republicans, if they just sit there. Now we were ready to take the record. Mr. McCracken, I presume you wish to request a verification, and there are some people who would like to be recorded, so Representative Davis, 'aye'; Bugielski, 'aye'; Anthony Young, 'aye'; Granberg, 'aye'; Mr. Brunsvold, 'aye'; Mr. Morrow, 'aye'; Mr. Mautino, 'aye'; Mr. Mulcahey change from 'no' to 'aye'."

Daniels: "Are you going to dump this Roll Call and start again?"

Speaker Madigan: "Yes."

Daniels: "Alright. Well, I'll speak at that point."

Speaker Madigan: "Dump the Roll Call. Okay. Back on Roll Call. Those in favor vote 'aye', those opposed vote 'no'. Mr. Daniels?"

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House. Let's talk specifically about House Bill 875 and the Fiscal Note filed to it. This will cost the local school districts out of the formula, 5 to 10 million dollars that we don't have. Now I know it's getting late and I know that we all want to go home. We're going to stay here and finish our work, I understand that. But, when we're talking about a shortage of Revenues, it's just craziness to pass Bills like this. Ropp: "Thank you, Mr. Speaker. In all due respect to my leader. If in all, in all of education, if we aren't in every phase of that preparing people for the career or the world of work opportunity, then I'll put in with you. We have for so many years not prepared people to do something after they get ... the field ... after they have completed their education. We have spent millions of dollars for people who have not been educated to do something. This provides that opportunity. If it is only \$5 million, I can assure you we have spent billions to take care of those people who have not been prepared for the world of work. And I say it is money well spent."

Speaker Madigan: "Representative Cowlshaw."

Cowlshaw: "Mr. Speaker, we would find the money somewhere, somehow, if what this Bill did was to teach the children of this State to read, to write and to compute. Because then the jobs would find them. This Bill is absurd."

Speaker Madigan: "Mr. Steczo?"

Steczko: "Thank you, Mr. Speaker. Just in response. The Fiscal Note that was prepared by the Office of Education, I think erroneously assumes that separate kinds of assessments are going to have to be done in order to assess career education as a goal. That's not the intent of this Bill. And in fact if there is a means by which we can ... we can provide that type of career education as a goal by putting it in another place in the Statutes, we intend to do that in the Senate. Our intention is to focus education on career education, be it vocational or otherwise and also to try to keep the costs down as best we can, but as a determining factor of success, to have the schools gauge on how many students are working 4,5,6,7 years after graduation, which most do already. And that's the purpose

and we think that the Office of Education is highly in error in what they provided to us."

Speaker Madigan: "Mr. Turner? Hr. Turner."

Turner: "Yes, Mr. Speaker. I think that this issue is a very important issue. And I know a lot of us want to go home but there are people in the State of Illinois who have no home to go to. This Bill, this Amendment would create, or make it possible for people to have a place to go. There are a number of agencies and private organizations which are willing to donate monies to make affordable housing possible. And I'm asking for your favorable Roll Call on this Amendment. It's time to go home, let's make some homes for those who don't have a place to go."

Again, this ... what we have now since the Amendments have been adopted is, we have now created the Illinois Housing Trust Fund, which we tried to make housing in this State affordable and available to both low and moderate income people here in the State of Illinois. I ask for a favorable Roll Call on this Bill. I certainly discussed it in length. It is not a finished plan but it is an idea that I think its time has come and it's a step in the right direction."

Speaker Madigan: "Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. I rise in opposition to this. The Gentleman, if by the most recent change in the program, seeks to, in essence, duplicate what the CHA is doing already and apparently what we have taken under, or what we have decided to investigate, this is redundant and I think it just doesn't serve any purpose that isn't already served by the law. This is not the answer. The investigation of the CHA is the answer. And I think we should oppose the Bill."

the Bill. We had a chance on the last Amendment to make sure that only 10% of this would be spent in any one part of this State. The fact that that was defeated indicates one thing. And we all know it here today. We might as well speak to it on this Bill. And that is, if we pass this Bill this money is going to Chicago. It's not going downstate. It's not going to the Collar county suburbanites. This is going to Chicago. If you vote for this Bill, it's a pure Chicago Bill and you've got to vote 'no'."

Speaker Madigan: "Mr. McAuliffe?"

McAuliffe: "Mr. Speaker and Ladies and Gentlemen of the House. I was in support of Representative McCracken's Amendment. I don't think we need to build 75 or 80% of the low income housing in Chicago. I know the people in my neighborhood don't want any more low income housing. So I think we ought to spread this out and let every part of the State get some of the money. Don't give us all the benefits. We don't need it."

Speaker Madigan: "Mr. Churchill?"

Churchill: "Thank you, Mr. Speaker. I would question that perhaps the money from this would go into the CHA and it might be something that we would all want to watch over. I don't think this is a good vote for anybody, upstate, downstate, or any place else."

Speaker Madigan: "The question is, 'Shall this Bill pass?' Those in favor signify by voting 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? Mr. Turner."

Turner: "Thank you, Mr. Speaker. I would like to ... I want to inform the Members of this House that this is not for public housing. This Bill is to help low and moderate income people here and the entire State of Illinois. Many

of you on the other side of the aisle who are now homeowners, your children will not be able to afford the houses in DuPage County and other counties in this State simply because of the rising costs of real estate. This Trust Fund would allow them, as well as the poor and the very poor a chance to get decent housing here in the State of Illinois. The previous speakers were totally wrong in saying that this money is going to CHA, or that all of it is going to the City of Chicago. There has been a match by the Chicago Equity Fund of over \$35,000,000 thus far to help in the housing problems that they're having in the City of Chicago. This would try to take care of the needs throughout the entire State. And I would ask and urge each Member to vote 'green' if you're worried, or if you have any compassion or thought about creating housing here in this State, especially for those who will have no place to go in a very short time."

Speaker Madigan: "Representative Braun."

Braun: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. It's late and everybody is tired. But I wish you would pay very close attention to what it is that Representative Turner actually said and what the Bill actually does. It's not a CHA replacement. There already is a CHA and it's a mess and everybody knows that. What this is about is providing housing for people who work, housing for people who cannot have access to the capital to build or buy, that you and I might have in this Chamber. The question is most the people in your district will be affected by this Bill. This is not just a Chicago Bill. That's all the rational argument. The irrational argument in response to some of the legislators who spoke on this is, maybe what we ought to do is take 48 of 48 states and send it Representatives McCracken's district. And take

50/50 state and send it to Representative Kirkland's district. And take the Cabrini-Green and send it to Representative Churchill's district and we'll spread it out and then you can all deal with low and moderate income housing problems. We won't have the problem any more. Because then you'll have it sitting in your front yard and you will have to come up with some solutions. I'll bet you'll hope that Representative Turner comes back to this General Assembly with a proposal that makes this much sense."

Speaker Madigan: "Mr. Huff."

Huff: "Briefly. Very briefly. The State Housing agency in this State, Mr. Speaker and Ladies and Gentlemen of the House, has built over a million units in this State. If they put 2 units in my district they will still have 999,998 to go."

Speaker Madigan: "Have all voted who wish? Mr. McCracken?"

McCracken: "For a verification, Mr. Speaker, if it appears to receive the required number of votes."

Speaker Madigan: "Mr. Bowman?"

Bowman: "Just to point out that this is actually one of the safest votes that you can make because there is no funding mechanism in the Bill. The Bill is practically a vehicle Bill."

Speaker Madigan: "Mr. Tate?"

Tate: "Thank you, Mr. Speaker. A point of information. Did I hear you say that the House would adjourn no later than 8:00?"

Speaker Madigan: "Mr. Clerk, is the Bill on the Order of Third Reading?"

Clerk Leone: "The Bill is currently on the Order of Third Reading."

Speaker Madigan: "The Bill shall be placed on the Order of Second Reading. And I believe there are 7 Amendments and there is a request for leave to withdraw the first 6 Amendments. Is leave granted? Leave is granted. We are now on Amendment #7. Who is the Sponsor of Amendment #7?"

Clerk Leone: "Floor Amendment #7 is offered by Representative VanDuyne."

VanDuyne: "Yes, Mr. Speaker. Representative Petka and Representative McAuliffe and Representative VanDuyne are Sponsors of Amendment #7. And what it does is just give us the 5 mile access off and on to the highways. And I'd move for adoption of Amendment #7."

Speaker Madigan: "Mr. VanDuyne, there has been a question relative to the Sponsorship. Mr. VanDuyne."

VanDuyne: "I have the Amendment right in my hand, Mr. Speaker. It says VanDuyne, Petka and McAuliffe."

Speaker Madigan: "You're talking about the Amendment. The computer tells us that relative to the Bill, Mr. McAuliffe is the Chief Sponsor of the Bill. And there has been an objection to calling the Bill unless the Chief Sponsor consents to the calling of the Bill. So, Mr. McAuliffe is not here and the Bill shall be taken from the record. 979, Mr. Saltsman. 979, Mr. Saltsman. Mr. Clerk, read the Bill."

estimated that by the Fiscal Note that was filed after the Bill was amended that it would cost an additional \$9.3 million dollars to implement this legislation. If you'll look at the legislation what you see that it does in fact, is to tie salaries at universities in this State to the medium level of their national comparison groups, whatever that happens to be by the year 1991. What you're doing in effect, is taking the right of this legislature away to make the... to make the appropriations, as well as to give direction to those people who are involved in the collective bargaining process, as well as the various boards. And I rise in opposition to this legislation."

Speaker Madigan: "Mr. Terzich."

Terzich: "The House Bill 2624 creates the McCormick Place Rehabilitation Fund. It's a special fund in the State Treasury and the monies in the Fund shall be expended for the purpose of rehabilitating the Convention Hall and Exhibition Building known as McCormick Place. At the present time the McCormick Place is in excess of 20 years old and they have substantial rehabilitation costs in there. At the present time the current economic impact for the State of Illinois is in excess of 2.7 billion dollars. There is no money provided in this Bill and I would urge your support."

Speaker Madigan: "Mr. McCracken?"

McCracken: "I believe Amendments 2 and 3 got on this and Amendment 2 requires that no monies should be expended for this purpose unless all safety codes are met. And if there is any doubt as to compliance, the Auditor General shall investigate. No monies should be ... oh, I'm sorry. That's the Amendment. Speaker Madigan: "For what purpose does Mr. Terzich seek recognition?"

Terzich: "I would like to have a little respect also, Mr. Speaker. You know, I've been sitting here, and I you know, I attentively listen to other peoples' Bills and I don't care to be abused on my legislation. I didn't put it in for nothing. You know we take enough abuse on McCormick Place. The Bill simply set a rehabilitation fund. It's one of the stars in the State of Illinois and I don't need the abuse of all of that. It brings in 2.7 billion dollars and for some of the malarkey that comes out of player codes and everything else, why not have a little confidence. It's a great piece of attraction in the State of Illinois and they're doing a fine job and we don't have to have the wise remarks about ripping off everybody in the State of Illinois. The McCormick Place has been funded by the people of the City of Chicago and the County of Cook and it's not coming from the downstate, it's not coming from ... the money is coming from the City of Chicago. And it deserves the respect of the Bill."

Speaker Madigan: "Mr. O'Connell."

O'Connell: "Mr. Speaker, this Amendment is 52 pages long. How are we supposed to digest a Floor Amendment of 52 pages which may have been distributed some time. The Bill itself, Mr. Speaker, it eliminates many of the vestiges of Condominium Law. I would submit that this Amendment should be defeated and the Bill itself should be defeated overwhelmingly."

Speaker Madigan: "Mr. Peterson."

Peterson: "Thank you, Mr. Speaker. I would just like to point out to this Body that not too long ago I proposed some government ethics legislation and the Gentleman who's getting up to propose this legislation said that we had a lot of problems and so forth and it was a good piece of legislation. Yet, he's up on this Floor now proposing he has a conflict of interest and is going to file it with the Speaker. Thank you."

Speaker Madigan: "The question is, 'Shall this Amendment be adopted?' Those in favor signify by voting 'aye', those opposed by voting 'no'. The Board is open. Please record yourself. The Clerk shall take the record. On this question there are 7 'ayes', 88 'nos'. And the Amendment

On this question there are 102 'ayes', 5 'nos'. This Bill having received a Constitutional Majority is hereby declared passed. Mr. Huff?"

Huff: "Yes, Oh bless you, Mr. Speaker. I rise for the purpose of a Motion, Mr. Speaker. Very briefly, being the principal Sponsor of House Bill 839 and House Bill 38, pursuant to House Rule 37, I humbly beseech you to recommit my Bills to Interim Study Calendar on the Committee ..."

Speaker Madigan: "Is there leave? Leave is granted. The Bills shall be placed on the Order of the Interim Study Calendar. The Chair recognizes Mr. Daley."

Daley: "Mr. Speaker, on House Bill 653 I was recorded as voting 'yes'. I would like the record to show that I would like to be recorded as 'no'."

Speaker Madigan: "It shall be so noted. Mr. Churchill?"

Churchill: "Yes, Mr. Speaker. You're asking if we could hear some other Bills. I think House Bill 7 would be a great

Representative Braun."

Braun: "Thank you, Mr. Speaker. On House Bill 20, which was
voted on last night, my switch was inadvertently but not by
me voted in error. I would like to be recorded as wanting to
have voted 'yes' on that Bill."

Speaker Madigan: "It shall be so noted. Representative Wojcik."

Wojcik: "Yes, Mr. Speaker. This really doesn't have anything to
do with a Bill. But I would like to put in a personal
request that the ladies washroom gets completed. It has
been a terrible, terrible inconvenience this week to go out
all over the place to find a comfortable position to be in.
So, if you would be so kind as have it repaired that we
will be able to utilize it next week, I think we would all
appreciate it."

Speaker Madigan: "Mr. Bowman?"

Bowman: "Yes. Just to say that on House Bill 1205 I was recorded
as 'yes'. That is a Higher Ed Bill and I do wish to be
recorded as voting 'present'."

Speaker Madigan: "It shall be so noted. Mr. Levin?"

Levin: "Since I didn't do so well before... I had a Bill that was
inadvertently knocked off the Consent Calendar. It's
agreed to by the other side with an Amendment. House Bill
1359."

Speaker Madigan: "1359. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 1359, a Bill for an Act to amend the
Illinois Chemical Safety Act. Third Reading of the Bill."

Speaker Madigan: "The question is, 'Shall the Bill pass?' Mr.
Levin?"

Levin: "Leave to take it back to Second to make it an agreed
Bill."

Clerk O'Brien: "Amendment #3, offered by Representative Levin."

Speaker Madigan: "Mr. Levin?"

Levin: "Amendment #3 basically guts the Bill so that negotiations on emergency response can continue in the Senate. With this Amendment it becomes an agreed Bill."

Speaker Madigan: "Those for the Amendment say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is 'adopted'. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Madigan: "Third Reading. The Bill having been read a third time, the question is, 'Shall this Bill pass?' Those in favor signify by saying 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Peterson?"

Peterson: "Just like to tell this side of the aisle that this Bill has been agreed upon and I urge an 'aye' vote."

Speaker Madigan: "The Clerk shall take the record. On this question there are 91 'ayes', 14 'nos'. This Bill having received a Constitutional Majority is hereby declared passed. Mr. Stephens."

Stephens: "Thank you, Mr. Speaker. Just to wish the CUBS good luck this weekend."

Speaker Madigan: "Representative Younge?"

Younge: "Yes. Thank you, Mr. Speaker. I would like to call House Bill 899."

Speaker Madigan: "1889. Pardon me?"

Younge: "899."

Speaker Madigan: "899. House Bill 899. Mr. Clerk?"

Speaker Madigan: "Mr. Clerk, read the Bill."

Clerk O'Brien: "I just read it."

Speaker Madigan: "Representative Younge."

Younge: "Thank you, Mr. Speaker. Last year the Governor signed into law the Metro-East Solid Waste Disposal Act. I promised as a part of that signing that I would take off the EPA Director as one of the members of the Board. And this Bill... this is all this Bill does. And, I move for the passage of the Bill."

Speaker Madigan: "The question is, 'Shall the Bill pass?' Those in favor signify by voting 'aye', those opposed vote 'no'. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question there are 43 'ayes', 51 'nos'. The Bill fails. House Bill 994, Mr. Giglio. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 994, a Bill for an Act to amend the Liquor Control Act. Third Reading of the Bill."

Giglio: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 994 allows the Dorchester Club in the Village of Dalton to sell liquor. It was a facility that was owned privately and taken over by the Village. And it's huge enough to have banquets and now they would like to sell liquor. I would ask for your favorable support."

Speaker Madigan: "Those in favor of the Bill signify by voting 'aye', those opposed vote 'no'. Have all voted who wish? Mr. LeFlore?"

LeFlore: "Yes, Mr. Speaker. I would like to call 25 ... House Bill 2516."
