Currie: "Thank you, Speaker and Members of the House. I move the House concur in Senate Amendment 1 to House Bill 3553. This measure was approved in the Senate at the very end of our scheduled adjournment activity in May and got lost in the shuffle. It is not controversial. It passed the Senate 56 to 0. The issue are NOx trading credits which the Federal Environmental Protection Agency allows state en... environmental protection agencies to offer to electric utilities and other users, other manufacturers. The Illinois program was divided between electrical generators and other manufacturers. The electrical generators used up their share. But the nonelectrical generating programs did not. So the EPA has proposed that instead we open our program further to electrical generators. We understand that there are some who would like to take advantage of the program as the federal opportunity for these trades expire shortly. It is important that we pass this measure now. And if there is real activity in the arena it is conceivable that we could generate about \$4 million dollars for the environmental protection agency in our own state. I know of no opposition. I'd be happy to answer your questions."

Speaker Turner: "The Gentleman from Vermilion, Representative Black, for what reason do you rise?"

Black: "A... just to say that I'm staying with you if I can't get home tonight a..., Mr. Speaker. Would that be all right?"

Speaker Turner: "It won't take long."

Black: "Okay. I a... would the Sponsor yield?"

Speaker Turner: "She indicates she will."

Black: "Representative, just one quick question. The a... the main power generating plant for my district is coal-fired. It is... it's a dual fuel plant it, also has natural gas. But natural gas is very expensive right now, so they generate electricity by burning coal. And they have to have these permits, these a... NO permits a... to be in compliance with the clean air standards. Now are all of the coal-fired generating electrical plants in Illinois in agreement that a... there are sufficient permits available that they can be sold on the open market and will not hurt their ability to a... continue to operate if they are burning coal?"

Currie: "As far as I know the answer is 'yes'."

Black: "Okay. Fine. Thank you."

Speaker Turner: "Seeing no further questions, the question is, 'Shall the House concur in Senate Amendments 1 to House Bill 3553?' All those in favor shall signify by voting 'aye'; all those opposed signify by voting 'nay'. On this question... the voting is now open. Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk... the Clerk shall take the record. On this question, there are 87 voting 'aye', 18 voting 'nay', 0 'presents' and the House does concur in Senate Amendments 1 to House Bill 3553. This Bill, having received the Constitutional Majority, is hereby declared passed. On the Order of Resolutions, we have House Joint Resolution 53. Representative Fritchey."

Fritchey: "Thank you, Speaker. A... House Joint Resolution 53 creates American Eagle Day. What this recognizes is two things. Number one, Illinois is probably the largest home in the country to migrating bald eagles and the fact that ecotourism is one of the fastest growing segments of the travel industry, not only for people from Chicago but throughout the state and throughout the region come to Illinois to appreciate these birds in their natural environment. And I request an 'aye' vote. Thank you."

Speaker Turner: "Seeing no further questions, the question is, 'Should House Joint Resolution 53 pass?' All those in favor say 'aye'; all those opposed say 'no'. In the opinion of the Chair the 'ayes' have it and House Joint Resolution 53 does pass. Mr. Clerk, read the Adjournment Resolution."

Clerk Bolin: "Senate Joint Resolution #52, offered by Representative Currie.
