Speaker Madigan: "The House shall come to order. The Members shall be in their chairs. We ask the Members and our guests in the gallery to turn off lap... laptop computers, cell phones and pagers. And we ask the guests in the gallery to rise and join us for the invocation in the Pledge of Allegiance. We shall be led in prayer today by the Reverend All Sampson of the Fernwood Methodist Church in Chicago. Reverend Sampson is the guest of Representative Monique Davis."

Reverend Sampson: "I want to thank you, Speaker Madigan for this introduction. I want to take a moment and present to State Representative, Monique Davis. One of our bibles on one of the biblical scholars for the original African Heritage Bible. The way we look at the bible from African eyes we finally have enough information that Charleston Hesston was not Moses, Elizabeth Taylor was not the Queen of Sheba and Jesus was not born in Europe with blond hair and blue eyes. He was born in Northeast Africa. And I've heard from your Speaker that Monique needs a bible. And... and so, she doesn't know that Brother Mike and I hooked this up politically so that she gets a bible. So, I want to present to one of the greatest sisters in political history coming out of our community sister Monique Davis. It's out way of saying thank you, for all that she's done and all that she has been down through the ages. Thank you one more time. Now may we bow our heads. We pause for a moment to say thank you to the God that made all of us. We pause for a moment to give you the praise because it's kind

of strange we didn't wake up this morning under our own volition, but we woke up because you were the God that gave us permission to have activity of our limbs, to allow the blood to run warm through our veins and for our heart to beat at no charge with no disconnect notice. We want to thank you for this August Body of Legislators who hold the destiny of our people with the stroke of their pen, with the creation of particular Bills that will make a difference in peoples lives. We want to thank you for the Leadership of, Speaker Michael Madigan who a long time ago got blessed with the name Michael, so that he could have a destiny in his own ministry to lead this beloved house. As you go into your deliberations my simple prayer is for wisdom to come into room, understanding to be in the room and for love and patience to balance the room. We ask this in the name of You the God of our ancestors and a... and a few days a... a President will speak, in a few days a Governor will speak. Better to be the Legislator that translates. That idea into some hope and some help for the people of the world and of this great state. We ask all of this in the mighty name of God and the mighty name of our ancestors who made it possible for us to be who we are because they made the sacrifices. In Jesus name we pray, amen. Thank you."

Speaker Madigan: "We shall be led in the Pledge of Allegiance by, Representative Moffitt."

what we represent. So, I'd like to take a moment to ask for a couple of minutes of silence for a fallen Soldier, a Lance Corporal Hector Ramos, 20 year old young man from my area Aurora and he went to \*REVIEW\*. He was an amazing outstanding Soldier, but yet also an amazing citizen, 20 year old young man, Hispanic decent. Speaker Madigan: "State your point."

Yarbrough: "Today is the second day of Black History Month. And each day that we're here we intend to share with you a person, place or thing that happened in Black History. On this day Earnest Everett Just received the Spingarn Medal, he was the very first person to receive that from the NAACP in 1915. He was a true scholar. He sought to find "truth" using scientific methods and inquiry. Although he was bold enough to challenge the theories of leading biologists of the 19th and 20th Century, he was humble and unassuming. Dr. Just was born August 14, 1883 in Charleston, South Carolina. At an early age he demonstrated a gift for academic research. For example, in 1907, he was the only person to graduate magna cum laude from Dartmouth College with a degree in zoology, special honor in botany and history, and honors in sociology. All though Dr. Just was considered a leader and an authority for his work with cell development as an African American, he experienced racism

While in Europe in 1938 he published a number papers and lectured on the topic of cell cytoplasm. Dr. Just died October 27, 1941 in Washington D.C. This day in Black History. Thank you."
