LRB100 08499 KTG 35915 a

1 AMENDMENT TO HOUSE BILL 2511

2 AMENDMENT NO. _____. Amend House Bill 2511, AS AMENDED,
3 with reference to page and line numbers of House Amendment No.
4 1 as follows:

5 on page 1, line 5, by replacing "Section" with "Sections 5-5
6 and"; and

7 on page 1, immediately below line 5, by inserting the
8 following:

9 "(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

10 Sec. 5-5. Medical services. The Illinois Department, by
11 rule, shall determine the quantity and quality of and the rate
12 of reimbursement for the medical assistance for which payment
13 will be authorized, and the medical services to be provided,
14 which may include all or part of the following: (1) inpatient
15 hospital services; (2) outpatient hospital services; (3) other

1 laboratory and X-ray services; (4) skilled nursing home
2 services; (5) physicians' services whether furnished in the
3 office, the patient's home, a hospital, a skilled nursing home,
4 or elsewhere; (6) medical care, or any other type of remedial
5 care furnished by licensed practitioners; (7) home health care
6 services; (8) private duty nursing service; (9) clinic
7 services; (10) dental services, including prevention and
8 treatment of periodontal disease and dental caries disease for
9 pregnant women, provided by an individual licensed to practice
10 dentistry or dental surgery; for purposes of this item (10),
11 "dental services" means diagnostic, preventive, or corrective
12 procedures provided by or under the supervision of a dentist in
13 the practice of his or her profession; (11) physical therapy
14 and related services; (12) prescribed drugs, dentures, and
15 prosthetic devices; and eyeglasses prescribed by a physician
16 skilled in the diseases of the eye, or by an optometrist,
17 whichever the person may select; (13) other diagnostic,
18 screening, preventive, and rehabilitative services, including
19 to ensure that the individual's need for intervention or
20 treatment of mental disorders or substance use disorders or
21 co-occurring mental health and substance use disorders is
22 determined using a uniform screening, assessment, and
23 evaluation process inclusive of criteria, for children and
24 adults; for purposes of this item (13), a uniform screening,
25 assessment, and evaluation process refers to a process that
26 includes an appropriate evaluation and, as warranted, a

1 referral; "uniform" does not mean the use of a singular
2 instrument, tool, or process that all must utilize; (14)
3 transportation and such other expenses as may be necessary;
4 (15) medical treatment of sexual assault survivors, as defined
5 in Section 1a of the Sexual Assault Survivors Emergency
6 Treatment Act, for injuries sustained as a result of the sexual
7 assault, including examinations and laboratory tests to
8 discover evidence which may be used in criminal proceedings
9 arising from the sexual assault; (16) the diagnosis and
10 treatment of sickle cell anemia; and (17) any other medical
11 care, and any other type of remedial care recognized under the
12 laws of this State. The term "any other type of remedial care"
13 shall include nursing care and nursing home service for persons
14 who rely on treatment by spiritual means alone through prayer
15 for healing.

16 Notwithstanding any other provision of this Section, a
17 comprehensive tobacco use cessation program that includes
18 purchasing prescription drugs or prescription medical devices
19 approved by the Food and Drug Administration shall be covered
20 under the medical assistance program under this Article for
21 persons who are otherwise eligible for assistance under this
22 Article.

23 Notwithstanding any other provision of this Code,
24 reproductive health care that is otherwise legal in Illinois
25 shall be covered under the medical assistance program for
26 persons who are otherwise eligible for medical assistance under

1 this Article.

2 Notwithstanding any other provision of this Code, the
3 Illinois Department may not require, as a condition of payment
4 for any laboratory test authorized under this Article, that a
5 physician's handwritten signature appear on the laboratory
6 test order form. The Illinois Department may, however, impose
7 other appropriate requirements regarding laboratory test order
8 documentation.

9 Upon receipt of federal approval of an amendment to the
10 Illinois Title XIX State Plan for this purpose, the Department
11 shall authorize the Chicago Public Schools (CPS) to procure a
12 vendor or vendors to manufacture eyeglasses for individuals
13 enrolled in a school within the CPS system. CPS shall ensure
14 that its vendor or vendors are enrolled as providers in the
15 medical assistance program and in any capitated Medicaid
16 managed care entity (MCE) serving individuals enrolled in a
17 school within the CPS system. Under any contract procured under
18 this provision, the vendor or vendors must serve only
19 individuals enrolled in a school within the CPS system. Claims
20 for services provided by CPS's vendor or vendors to recipients
21 of benefits in the medical assistance program under this Code,
22 the Children's Health Insurance Program, or the Covering ALL
23 KIDS Health Insurance Program shall be submitted to the
24 Department or the MCE in which the individual is enrolled for
25 payment and shall be reimbursed at the Department's or the
26 MCE's established rates or rate methodologies for eyeglasses.

1 On and after July 1, 2012, the Department of Healthcare and
2 Family Services may provide the following services to persons
3 eligible for assistance under this Article who are
4 participating in education, training or employment programs
5 operated by the Department of Human Services as successor to
6 the Department of Public Aid:

7 (1) dental services provided by or under the
8 supervision of a dentist; and

9 (2) eyeglasses prescribed by a physician skilled in the
10 diseases of the eye, or by an optometrist, whichever the
11 person may select.

12 Notwithstanding any other provision of this Code and
13 subject to federal approval, the Department may adopt rules to
14 allow a dentist who is volunteering his or her service at no
15 cost to render dental services through an enrolled
16 not-for-profit health clinic without the dentist personally
17 enrolling as a participating provider in the medical assistance
18 program. A not-for-profit health clinic shall include a public
19 health clinic or Federally Qualified Health Center or other
20 enrolled provider, as determined by the Department, through
21 which dental services covered under this Section are performed.
22 The Department shall establish a process for payment of claims
23 for reimbursement for covered dental services rendered under
24 this provision.

25 The Illinois Department, by rule, may distinguish and
26 classify the medical services to be provided only in accordance

1 with the classes of persons designated in Section 5-2.

2 The Department of Healthcare and Family Services must
3 provide coverage and reimbursement for amino acid-based
4 elemental formulas, regardless of delivery method, for the
5 diagnosis and treatment of (i) eosinophilic disorders and (ii)
6 short bowel syndrome when the prescribing physician has issued
7 a written order stating that the amino acid-based elemental
8 formula is medically necessary.

9 The Illinois Department shall authorize the provision of,
10 and shall authorize payment for, screening by low-dose
11 mammography for the presence of occult breast cancer for women
12 35 years of age or older who are eligible for medical
13 assistance under this Article, as follows:

14 (A) A baseline mammogram for women 35 to 39 years of
15 age.

16 (B) An annual mammogram for women 40 years of age or
17 older.

18 (C) A mammogram at the age and intervals considered
19 medically necessary by the woman's health care provider for
20 women under 40 years of age and having a family history of
21 breast cancer, prior personal history of breast cancer,
22 positive genetic testing, or other risk factors.

23 (D) A comprehensive ultrasound screening and MRI of an
24 entire breast or breasts if a mammogram demonstrates
25 heterogeneous or dense breast tissue, when medically
26 necessary as determined by a physician licensed to practice

1 medicine in all of its branches.

2 (E) A screening MRI when medically necessary, as
3 determined by a physician licensed to practice medicine in
4 all of its branches.

5 All screenings shall include a physical breast exam,
6 instruction on self-examination and information regarding the
7 frequency of self-examination and its value as a preventative
8 tool. For purposes of this Section, "low-dose mammography"
9 means the x-ray examination of the breast using equipment
10 dedicated specifically for mammography, including the x-ray
11 tube, filter, compression device, and image receptor, with an
12 average radiation exposure delivery of less than one rad per
13 breast for 2 views of an average size breast. The term also
14 includes digital mammography and includes breast
15 tomosynthesis. As used in this Section, the term "breast
16 tomosynthesis" means a radiologic procedure that involves the
17 acquisition of projection images over the stationary breast to
18 produce cross-sectional digital three-dimensional images of
19 the breast. If, at any time, the Secretary of the United States
20 Department of Health and Human Services, or its successor
21 agency, promulgates rules or regulations to be published in the
22 Federal Register or publishes a comment in the Federal Register
23 or issues an opinion, guidance, or other action that would
24 require the State, pursuant to any provision of the Patient
25 Protection and Affordable Care Act (Public Law 111-148),
26 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any

1 successor provision, to defray the cost of any coverage for
2 breast tomosynthesis outlined in this paragraph, then the
3 requirement that an insurer cover breast tomosynthesis is
4 inoperative other than any such coverage authorized under
5 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and
6 the State shall not assume any obligation for the cost of
7 coverage for breast tomosynthesis set forth in this paragraph.

8 On and after January 1, 2016, the Department shall ensure
9 that all networks of care for adult clients of the Department
10 include access to at least one breast imaging Center of Imaging
11 Excellence as certified by the American College of Radiology.

12 On and after January 1, 2012, providers participating in a
13 quality improvement program approved by the Department shall be
14 reimbursed for screening and diagnostic mammography at the same
15 rate as the Medicare program's rates, including the increased
16 reimbursement for digital mammography.

17 The Department shall convene an expert panel including
18 representatives of hospitals, free-standing mammography
19 facilities, and doctors, including radiologists, to establish
20 quality standards for mammography.

21 On and after January 1, 2017, providers participating in a
22 breast cancer treatment quality improvement program approved
23 by the Department shall be reimbursed for breast cancer
24 treatment at a rate that is no lower than 95% of the Medicare
25 program's rates for the data elements included in the breast
26 cancer treatment quality program.

1 The Department shall convene an expert panel, including
2 representatives of hospitals, free standing breast cancer
3 treatment centers, breast cancer quality organizations, and
4 doctors, including breast surgeons, reconstructive breast
5 surgeons, oncologists, and primary care providers to establish
6 quality standards for breast cancer treatment.

7 Subject to federal approval, the Department shall
8 establish a rate methodology for mammography at federally
9 qualified health centers and other encounter-rate clinics.
10 These clinics or centers may also collaborate with other
11 hospital-based mammography facilities. By January 1, 2016, the
12 Department shall report to the General Assembly on the status
13 of the provision set forth in this paragraph.

14 The Department shall establish a methodology to remind
15 women who are age-appropriate for screening mammography, but
16 who have not received a mammogram within the previous 18
17 months, of the importance and benefit of screening mammography.
18 The Department shall work with experts in breast cancer
19 outreach and patient navigation to optimize these reminders and
20 shall establish a methodology for evaluating their
21 effectiveness and modifying the methodology based on the
22 evaluation.

23 The Department shall establish a performance goal for
24 primary care providers with respect to their female patients
25 over age 40 receiving an annual mammogram. This performance
26 goal shall be used to provide additional reimbursement in the

1 form of a quality performance bonus to primary care providers
2 who meet that goal.

3 The Department shall devise a means of case-managing or
4 patient navigation for beneficiaries diagnosed with breast
5 cancer. This program shall initially operate as a pilot program
6 in areas of the State with the highest incidence of mortality
7 related to breast cancer. At least one pilot program site shall
8 be in the metropolitan Chicago area and at least one site shall
9 be outside the metropolitan Chicago area. On or after July 1,
10 2016, the pilot program shall be expanded to include one site
11 in western Illinois, one site in southern Illinois, one site in
12 central Illinois, and 4 sites within metropolitan Chicago. An
13 evaluation of the pilot program shall be carried out measuring
14 health outcomes and cost of care for those served by the pilot
15 program compared to similarly situated patients who are not
16 served by the pilot program.

17 The Department shall require all networks of care to
18 develop a means either internally or by contract with experts
19 in navigation and community outreach to navigate cancer
20 patients to comprehensive care in a timely fashion. The
21 Department shall require all networks of care to include access
22 for patients diagnosed with cancer to at least one academic
23 commission on cancer-accredited cancer program as an
24 in-network covered benefit.

25 Any medical or health care provider shall immediately
26 recommend, to any pregnant woman who is being provided prenatal

1 services and is suspected of drug abuse or is addicted as
2 defined in the Alcoholism and Other Drug Abuse and Dependency
3 Act, referral to a local substance abuse treatment provider
4 licensed by the Department of Human Services or to a licensed
5 hospital which provides substance abuse treatment services.
6 The Department of Healthcare and Family Services shall assure
7 coverage for the cost of treatment of the drug abuse or
8 addiction for pregnant recipients in accordance with the
9 Illinois Medicaid Program in conjunction with the Department of
10 Human Services.

11 All medical providers providing medical assistance to
12 pregnant women under this Code shall receive information from
13 the Department on the availability of services under the Drug
14 Free Families with a Future or any comparable program providing
15 case management services for addicted women, including
16 information on appropriate referrals for other social services
17 that may be needed by addicted women in addition to treatment
18 for addiction.

19 The Illinois Department, in cooperation with the
20 Departments of Human Services (as successor to the Department
21 of Alcoholism and Substance Abuse) and Public Health, through a
22 public awareness campaign, may provide information concerning
23 treatment for alcoholism and drug abuse and addiction, prenatal
24 health care, and other pertinent programs directed at reducing
25 the number of drug-affected infants born to recipients of
26 medical assistance.

1 Neither the Department of Healthcare and Family Services
2 nor the Department of Human Services shall sanction the
3 recipient solely on the basis of her substance abuse.

4 The Illinois Department shall establish such regulations
5 governing the dispensing of health services under this Article
6 as it shall deem appropriate. The Department should seek the
7 advice of formal professional advisory committees appointed by
8 the Director of the Illinois Department for the purpose of
9 providing regular advice on policy and administrative matters,
10 information dissemination and educational activities for
11 medical and health care providers, and consistency in
12 procedures to the Illinois Department.

13 The Illinois Department may develop and contract with
14 Partnerships of medical providers to arrange medical services
15 for persons eligible under Section 5-2 of this Code.
16 Implementation of this Section may be by demonstration projects
17 in certain geographic areas. The Partnership shall be
18 represented by a sponsor organization. The Department, by rule,
19 shall develop qualifications for sponsors of Partnerships.
20 Nothing in this Section shall be construed to require that the
21 sponsor organization be a medical organization.

22 The sponsor must negotiate formal written contracts with
23 medical providers for physician services, inpatient and
24 outpatient hospital care, home health services, treatment for
25 alcoholism and substance abuse, and other services determined
26 necessary by the Illinois Department by rule for delivery by

1 Partnerships. Physician services must include prenatal and
2 obstetrical care. The Illinois Department shall reimburse
3 medical services delivered by Partnership providers to clients
4 in target areas according to provisions of this Article and the
5 Illinois Health Finance Reform Act, except that:

6 (1) Physicians participating in a Partnership and
7 providing certain services, which shall be determined by
8 the Illinois Department, to persons in areas covered by the
9 Partnership may receive an additional surcharge for such
10 services.

11 (2) The Department may elect to consider and negotiate
12 financial incentives to encourage the development of
13 Partnerships and the efficient delivery of medical care.

14 (3) Persons receiving medical services through
15 Partnerships may receive medical and case management
16 services above the level usually offered through the
17 medical assistance program.

18 Medical providers shall be required to meet certain
19 qualifications to participate in Partnerships to ensure the
20 delivery of high quality medical services. These
21 qualifications shall be determined by rule of the Illinois
22 Department and may be higher than qualifications for
23 participation in the medical assistance program. Partnership
24 sponsors may prescribe reasonable additional qualifications
25 for participation by medical providers, only with the prior
26 written approval of the Illinois Department.

1 Nothing in this Section shall limit the free choice of
2 practitioners, hospitals, and other providers of medical
3 services by clients. In order to ensure patient freedom of
4 choice, the Illinois Department shall immediately promulgate
5 all rules and take all other necessary actions so that provided
6 services may be accessed from therapeutically certified
7 optometrists to the full extent of the Illinois Optometric
8 Practice Act of 1987 without discriminating between service
9 providers.

10 The Department shall apply for a waiver from the United
11 States Health Care Financing Administration to allow for the
12 implementation of Partnerships under this Section.

13 The Illinois Department shall require health care
14 providers to maintain records that document the medical care
15 and services provided to recipients of Medical Assistance under
16 this Article. Such records must be retained for a period of not
17 less than 6 years from the date of service or as provided by
18 applicable State law, whichever period is longer, except that
19 if an audit is initiated within the required retention period
20 then the records must be retained until the audit is completed
21 and every exception is resolved. The Illinois Department shall
22 require health care providers to make available, when
23 authorized by the patient, in writing, the medical records in a
24 timely fashion to other health care providers who are treating
25 or serving persons eligible for Medical Assistance under this
26 Article. All dispensers of medical services shall be required

1 to maintain and retain business and professional records
2 sufficient to fully and accurately document the nature, scope,
3 details and receipt of the health care provided to persons
4 eligible for medical assistance under this Code, in accordance
5 with regulations promulgated by the Illinois Department. The
6 rules and regulations shall require that proof of the receipt
7 of prescription drugs, dentures, prosthetic devices and
8 eyeglasses by eligible persons under this Section accompany
9 each claim for reimbursement submitted by the dispenser of such
10 medical services. No such claims for reimbursement shall be
11 approved for payment by the Illinois Department without such
12 proof of receipt, unless the Illinois Department shall have put
13 into effect and shall be operating a system of post-payment
14 audit and review which shall, on a sampling basis, be deemed
15 adequate by the Illinois Department to assure that such drugs,
16 dentures, prosthetic devices and eyeglasses for which payment
17 is being made are actually being received by eligible
18 recipients. Within 90 days after September 16, 1984 (the
19 effective date of Public Act 83-1439), the Illinois Department
20 shall establish a current list of acquisition costs for all
21 prosthetic devices and any other items recognized as medical
22 equipment and supplies reimbursable under this Article and
23 shall update such list on a quarterly basis, except that the
24 acquisition costs of all prescription drugs shall be updated no
25 less frequently than every 30 days as required by Section
26 5-5.12.

1 Notwithstanding any other law to the contrary, the Illinois
2 Department shall, within 365 days after July 22, 2013 (the
3 effective date of Public Act 98-104), establish procedures to
4 permit skilled care facilities licensed under the Nursing Home
5 Care Act to submit monthly billing claims for reimbursement
6 purposes. Following development of these procedures, the
7 Department shall, by July 1, 2016, test the viability of the
8 new system and implement any necessary operational or
9 structural changes to its information technology platforms in
10 order to allow for the direct acceptance and payment of nursing
11 home claims.

12 Notwithstanding any other law to the contrary, the Illinois
13 Department shall, within 365 days after August 15, 2014 (the
14 effective date of Public Act 98-963), establish procedures to
15 permit ID/DD facilities licensed under the ID/DD Community Care
16 Act and MC/DD facilities licensed under the MC/DD Act to submit
17 monthly billing claims for reimbursement purposes. Following
18 development of these procedures, the Department shall have an
19 additional 365 days to test the viability of the new system and
20 to ensure that any necessary operational or structural changes
21 to its information technology platforms are implemented.

22 The Illinois Department shall require all dispensers of
23 medical services, other than an individual practitioner or
24 group of practitioners, desiring to participate in the Medical
25 Assistance program established under this Article to disclose
26 all financial, beneficial, ownership, equity, surety or other

1 interests in any and all firms, corporations, partnerships,
2 associations, business enterprises, joint ventures, agencies,
3 institutions or other legal entities providing any form of
4 health care services in this State under this Article.

5 The Illinois Department may require that all dispensers of
6 medical services desiring to participate in the medical
7 assistance program established under this Article disclose,
8 under such terms and conditions as the Illinois Department may
9 by rule establish, all inquiries from clients and attorneys
10 regarding medical bills paid by the Illinois Department, which
11 inquiries could indicate potential existence of claims or liens
12 for the Illinois Department.

13 Enrollment of a vendor shall be subject to a provisional
14 period and shall be conditional for one year. During the period
15 of conditional enrollment, the Department may terminate the
16 vendor's eligibility to participate in, or may disenroll the
17 vendor from, the medical assistance program without cause.
18 Unless otherwise specified, such termination of eligibility or
19 disenrollment is not subject to the Department's hearing
20 process. However, a disenrolled vendor may reapply without
21 penalty.

22 The Department has the discretion to limit the conditional
23 enrollment period for vendors based upon category of risk of
24 the vendor.

25 Prior to enrollment and during the conditional enrollment
26 period in the medical assistance program, all vendors shall be

1 subject to enhanced oversight, screening, and review based on
2 the risk of fraud, waste, and abuse that is posed by the
3 category of risk of the vendor. The Illinois Department shall
4 establish the procedures for oversight, screening, and review,
5 which may include, but need not be limited to: criminal and
6 financial background checks; fingerprinting; license,
7 certification, and authorization verifications; unscheduled or
8 unannounced site visits; database checks; prepayment audit
9 reviews; audits; payment caps; payment suspensions; and other
10 screening as required by federal or State law.

11 The Department shall define or specify the following: (i)
12 by provider notice, the "category of risk of the vendor" for
13 each type of vendor, which shall take into account the level of
14 screening applicable to a particular category of vendor under
15 federal law and regulations; (ii) by rule or provider notice,
16 the maximum length of the conditional enrollment period for
17 each category of risk of the vendor; and (iii) by rule, the
18 hearing rights, if any, afforded to a vendor in each category
19 of risk of the vendor that is terminated or disenrolled during
20 the conditional enrollment period.

21 To be eligible for payment consideration, a vendor's
22 payment claim or bill, either as an initial claim or as a
23 resubmitted claim following prior rejection, must be received
24 by the Illinois Department, or its fiscal intermediary, no
25 later than 180 days after the latest date on the claim on which
26 medical goods or services were provided, with the following

1 exceptions:

2 (1) In the case of a provider whose enrollment is in
3 process by the Illinois Department, the 180-day period
4 shall not begin until the date on the written notice from
5 the Illinois Department that the provider enrollment is
6 complete.

7 (2) In the case of errors attributable to the Illinois
8 Department or any of its claims processing intermediaries
9 which result in an inability to receive, process, or
10 adjudicate a claim, the 180-day period shall not begin
11 until the provider has been notified of the error.

12 (3) In the case of a provider for whom the Illinois
13 Department initiates the monthly billing process.

14 (4) In the case of a provider operated by a unit of
15 local government with a population exceeding 3,000,000
16 when local government funds finance federal participation
17 for claims payments.

18 For claims for services rendered during a period for which
19 a recipient received retroactive eligibility, claims must be
20 filed within 180 days after the Department determines the
21 applicant is eligible. For claims for which the Illinois
22 Department is not the primary payer, claims must be submitted
23 to the Illinois Department within 180 days after the final
24 adjudication by the primary payer.

25 In the case of long term care facilities, within 45
26 calendar days of receipt by the facility of required

1 prescreening information, new admissions with associated
2 admission documents shall be submitted through the Medical
3 Electronic Data Interchange (MEDI) or the Recipient
4 Eligibility Verification (REV) System or shall be submitted
5 directly to the Department of Human Services using required
6 admission forms. Effective September 1, 2014, admission
7 documents, including all prescreening information, must be
8 submitted through MEDI or REV. Confirmation numbers assigned to
9 an accepted transaction shall be retained by a facility to
10 verify timely submittal. Once an admission transaction has been
11 completed, all resubmitted claims following prior rejection
12 are subject to receipt no later than 180 days after the
13 admission transaction has been completed.

14 Claims that are not submitted and received in compliance
15 with the foregoing requirements shall not be eligible for
16 payment under the medical assistance program, and the State
17 shall have no liability for payment of those claims.

18 To the extent consistent with applicable information and
19 privacy, security, and disclosure laws, State and federal
20 agencies and departments shall provide the Illinois Department
21 access to confidential and other information and data necessary
22 to perform eligibility and payment verifications and other
23 Illinois Department functions. This includes, but is not
24 limited to: information pertaining to licensure;
25 certification; earnings; immigration status; citizenship; wage
26 reporting; unearned and earned income; pension income;

1 employment; supplemental security income; social security
2 numbers; National Provider Identifier (NPI) numbers; the
3 National Practitioner Data Bank (NPDB); program and agency
4 exclusions; taxpayer identification numbers; tax delinquency;
5 corporate information; and death records.

6 The Illinois Department shall enter into agreements with
7 State agencies and departments, and is authorized to enter into
8 agreements with federal agencies and departments, under which
9 such agencies and departments shall share data necessary for
10 medical assistance program integrity functions and oversight.
11 The Illinois Department shall develop, in cooperation with
12 other State departments and agencies, and in compliance with
13 applicable federal laws and regulations, appropriate and
14 effective methods to share such data. At a minimum, and to the
15 extent necessary to provide data sharing, the Illinois
16 Department shall enter into agreements with State agencies and
17 departments, and is authorized to enter into agreements with
18 federal agencies and departments, including but not limited to:
19 the Secretary of State; the Department of Revenue; the
20 Department of Public Health; the Department of Human Services;
21 and the Department of Financial and Professional Regulation.

22 Beginning in fiscal year 2013, the Illinois Department
23 shall set forth a request for information to identify the
24 benefits of a pre-payment, post-adjudication, and post-edit
25 claims system with the goals of streamlining claims processing
26 and provider reimbursement, reducing the number of pending or

1 rejected claims, and helping to ensure a more transparent
2 adjudication process through the utilization of: (i) provider
3 data verification and provider screening technology; and (ii)
4 clinical code editing; and (iii) pre-pay, pre- or
5 post-adjudicated predictive modeling with an integrated case
6 management system with link analysis. Such a request for
7 information shall not be considered as a request for proposal
8 or as an obligation on the part of the Illinois Department to
9 take any action or acquire any products or services.

10 The Illinois Department shall establish policies,
11 procedures, standards and criteria by rule for the acquisition,
12 repair and replacement of orthotic and prosthetic devices and
13 durable medical equipment. Such rules shall provide, but not be
14 limited to, the following services: (1) immediate repair or
15 replacement of such devices by recipients; and (2) rental,
16 lease, purchase or lease-purchase of durable medical equipment
17 in a cost-effective manner, taking into consideration the
18 recipient's medical prognosis, the extent of the recipient's
19 needs, and the requirements and costs for maintaining such
20 equipment. Subject to prior approval, such rules shall enable a
21 recipient to temporarily acquire and use alternative or
22 substitute devices or equipment pending repairs or
23 replacements of any device or equipment previously authorized
24 for such recipient by the Department. Notwithstanding any
25 provision of Section 5-5f to the contrary, the Department may,
26 by rule, exempt certain replacement wheelchair parts from prior

1 approval and, for wheelchairs, wheelchair parts, wheelchair
2 accessories, and related seating and positioning items,
3 determine the wholesale price by methods other than actual
4 acquisition costs.

5 The Department shall require, by rule, all providers of
6 durable medical equipment to be accredited by an accreditation
7 organization approved by the federal Centers for Medicare and
8 Medicaid Services and recognized by the Department in order to
9 bill the Department for providing durable medical equipment to
10 recipients. No later than 15 months after the effective date of
11 the rule adopted pursuant to this paragraph, all providers must
12 meet the accreditation requirement.

13 The Department shall execute, relative to the nursing home
14 prescreening project, written inter-agency agreements with the
15 Department of Human Services and the Department on Aging, to
16 effect the following: (i) intake procedures and common
17 eligibility criteria for those persons who are receiving
18 non-institutional services; and (ii) the establishment and
19 development of non-institutional services in areas of the State
20 where they are not currently available or are undeveloped; and
21 (iii) notwithstanding any other provision of law, subject to
22 federal approval, on and after July 1, 2012, an increase in the
23 determination of need (DON) scores from 29 to 37 for applicants
24 for institutional and home and community-based long term care;
25 if and only if federal approval is not granted, the Department
26 may, in conjunction with other affected agencies, implement

1 utilization controls or changes in benefit packages to
2 effectuate a similar savings amount for this population; and
3 (iv) no later than July 1, 2013, minimum level of care
4 eligibility criteria for institutional and home and
5 community-based long term care; and (v) no later than October
6 1, 2013, establish procedures to permit long term care
7 providers access to eligibility scores for individuals with an
8 admission date who are seeking or receiving services from the
9 long term care provider. In order to select the minimum level
10 of care eligibility criteria, the Governor shall establish a
11 workgroup that includes affected agency representatives and
12 stakeholders representing the institutional and home and
13 community-based long term care interests. This Section shall
14 not restrict the Department from implementing lower level of
15 care eligibility criteria for community-based services in
16 circumstances where federal approval has been granted.

17 The Illinois Department shall develop and operate, in
18 cooperation with other State Departments and agencies and in
19 compliance with applicable federal laws and regulations,
20 appropriate and effective systems of health care evaluation and
21 programs for monitoring of utilization of health care services
22 and facilities, as it affects persons eligible for medical
23 assistance under this Code.

24 The Illinois Department shall report annually to the
25 General Assembly, no later than the second Friday in April of
26 1979 and each year thereafter, in regard to:

1 (a) actual statistics and trends in utilization of
2 medical services by public aid recipients;

3 (b) actual statistics and trends in the provision of
4 the various medical services by medical vendors;

5 (c) current rate structures and proposed changes in
6 those rate structures for the various medical vendors; and

7 (d) efforts at utilization review and control by the
8 Illinois Department.

9 The period covered by each report shall be the 3 years
10 ending on the June 30 prior to the report. The report shall
11 include suggested legislation for consideration by the General
12 Assembly. The filing of one copy of the report with the
13 Speaker, one copy with the Minority Leader and one copy with
14 the Clerk of the House of Representatives, one copy with the
15 President, one copy with the Minority Leader and one copy with
16 the Secretary of the Senate, one copy with the Legislative
17 Research Unit, and such additional copies with the State
18 Government Report Distribution Center for the General Assembly
19 as is required under paragraph (t) of Section 7 of the State
20 Library Act shall be deemed sufficient to comply with this
21 Section.

22 Rulemaking authority to implement Public Act 95-1045, if
23 any, is conditioned on the rules being adopted in accordance
24 with all provisions of the Illinois Administrative Procedure
25 Act and all rules and procedures of the Joint Committee on
26 Administrative Rules; any purported rule not so adopted, for

1 whatever reason, is unauthorized.

2 On and after July 1, 2012, the Department shall reduce any
3 rate of reimbursement for services or other payments or alter
4 any methodologies authorized by this Code to reduce any rate of
5 reimbursement for services or other payments in accordance with
6 Section 5-5e.

7 Because kidney transplantation can be an appropriate, cost
8 effective alternative to renal dialysis when medically
9 necessary and notwithstanding the provisions of Section 1-11 of
10 this Code, beginning October 1, 2014, the Department shall
11 cover kidney transplantation for noncitizens with end-stage
12 renal disease who are not eligible for comprehensive medical
13 benefits, who meet the residency requirements of Section 5-3 of
14 this Code, and who would otherwise meet the financial
15 requirements of the appropriate class of eligible persons under
16 Section 5-2 of this Code. To qualify for coverage of kidney
17 transplantation, such person must be receiving emergency renal
18 dialysis services covered by the Department. Providers under
19 this Section shall be prior approved and certified by the
20 Department to perform kidney transplantation and the services
21 under this Section shall be limited to services associated with
22 kidney transplantation.

23 Notwithstanding any other provision of this Code to the
24 contrary, on or after July 1, 2015, all FDA approved forms of
25 medication assisted treatment prescribed for the treatment of
26 alcohol dependence or treatment of opioid dependence shall be

1 covered under both fee for service and managed care medical
2 assistance programs for persons who are otherwise eligible for
3 medical assistance under this Article and shall not be subject
4 to any (1) utilization control, other than those established
5 under the American Society of Addiction Medicine patient
6 placement criteria, (2) prior authorization mandate, or (3)
7 lifetime restriction limit mandate.

8 On or after July 1, 2015, opioid antagonists prescribed for
9 the treatment of an opioid overdose, including the medication
10 product, administration devices, and any pharmacy fees related
11 to the dispensing and administration of the opioid antagonist,
12 shall be covered under the medical assistance program for
13 persons who are otherwise eligible for medical assistance under
14 this Article. As used in this Section, "opioid antagonist"
15 means a drug that binds to opioid receptors and blocks or
16 inhibits the effect of opioids acting on those receptors,
17 including, but not limited to, naloxone hydrochloride or any
18 other similarly acting drug approved by the U.S. Food and Drug
19 Administration.

20 Upon federal approval, the Department shall provide
21 coverage and reimbursement for all drugs that are approved for
22 marketing by the federal Food and Drug Administration and that
23 are recommended by the federal Public Health Service or the
24 United States Centers for Disease Control and Prevention for
25 pre-exposure prophylaxis and related pre-exposure prophylaxis
26 services, including, but not limited to, HIV and sexually

1 transmitted infection screening, treatment for sexually
2 transmitted infections, medical monitoring, assorted labs, and
3 counseling to reduce the likelihood of HIV infection among
4 individuals who are not infected with HIV but who are at high
5 risk of HIV infection.

6 Notwithstanding any other provision of this Code to the
7 contrary, on or after July 1, 2018, all FDA approved
8 prescription medications that are recognized by a generally
9 accepted standard medical reference as effective in the
10 treatment of conditions specified in the most recent Diagnostic
11 and Statistical Manual of Mental Disorders published by the
12 American Psychiatric Association must be covered under both
13 fee-for-service and managed care medical assistance programs
14 for persons who are otherwise eligible for medical assistance
15 under this Article and shall not be subject to any (i)
16 utilization control, (ii) prior authorization mandate, or
17 (iii) lifetime restriction limit mandate.
