8 (1) General Requirements to be Prescribed by Commission.  
9 Except as otherwise provided in this Section, no intrastate  
10 carrier shall operate any motor vehicle upon the public roads  
11 of this State unless there is painted or affixed to both sides  
12 of the cab or power unit, in accordance with such  
13 specifications as the Commission may prescribe, the trade name  
14 of the carrier as it appears on the carrier's license or the  
15 carrier's recognized logo, together with the license and  
16 registration number of the carrier. Likewise, no interstate  
17 carrier shall operate any motor vehicle upon the public roads  
18 of this State unless there is painted or affixed to both sides  
19 of the cab or power unit, in accordance with such  
20 specifications as the Commission may prescribe, the  
21 registration or authority number of the carrier. However, an  
22 interstate carrier operating intrastate may operate a motor  
23 vehicle upon the public roads of this State without the

1 authority number of the carrier painted or affixed to any side  
2 of the cab or power unit.

3 (2) Use of ICC-Prescribed Identification. Identifying

10 symbols prescribed by the Commission.

11 (3) Identification of Trip Lessees. Notwithstanding any  
12 other provision of this Section to the contrary, a motor  
13 vehicle trip leased in accordance with this Chapter, Commission  
14 regulations and orders shall not be required to bear the name  
15 and license number of the lessee if:

16 (a) the motor vehicle bears the name and license or  
17 registration number of the lessor in accordance with  
18 subsection (1) of this Section, Commission regulations and  
19 orders;

20 (b) the lessor and lessee are commonly-owned; and

21 (c) the vehicle carries a photocopy of a letter signed  
22 by the lessor, on file with the Commission, stating that  
23 the lessor and lessee are commonly-owned.

24 (4) Rules not superseded. The authority of the Illinois
