21 in comparison to the total number of students of color or
22 white students on October 1st of the school year in which
23 data are collected, with respect to the use of
24 out-of-school suspensions and expulsions, which must be
25 calculated using the same method as the U.S. Department of
26 Education's Office for Civil Rights uses.

1 ~~The analysis must be based on data collected over 3~~

2 of Education pursuant to subsection (c) of this Section and
3 must be posted on the school district's Internet website.
4 Within one calendar year after the school board's approval of
5 the plan, the school district shall submit to the State Board
6 of Education, in a manner prescribed by the State Board of
7 Education, and post on the district's Internet website a
8 progress report describing the implementation of the plan and

12 this Section for 3 consecutive school years.

13 (e) The calculation of the top 20% of any of the metrics

6 Sec. 2-3.173. Safe Schools and Healthy Learning Grant
7 Program.

8 (a) The State Board of Education, subject to appropriation,
9 is authorized to award competitive grants on an annual basis
10 under a Safe Schools and Healthy Learning Grant Program. The
11 goal of this grant program is to promote school safety and
12 healthy learning environments by providing schools with
13 additional personnel and resources to implement restorative
14 interventions and resolution strategies as alternatives to
15 exclusionary discipline to address the full range of students'
16 intellectual, social, emotional, physical, psychological,
17 behavioral, and moral developmental needs.

18 (b) To receive a grant under this program, a school
19 district must submit with its grant application a plan for
20 implementing evidence-based and promising practices that are
21 aligned with the goal of this program. The application must
22 include a proposal to hire additional school support personnel,
23 including, but not limited to, restorative justice
24 practitioners, school psychologists, school social workers,
25 and other mental and behavioral health specialists, to address

1 identified student needs at one or more schools within the
2 school district. A grant application may include a proposal to
3 engage the services of qualified community-based experts and
4 other experts or practitioners in the areas of restorative
5 practices; drug and alcohol treatment; mental health;
6 behavioral interventions and wraparound services for youth;
7 career, employment, or vocational training for youth; the
8 effects of toxic stress; and training of licensed school
9 personnel in the areas of restorative practices,
10 trauma-informed care, conflict resolution techniques, and
11 effective utilization of school personnel. For purposes of this
12 subsection (b), "promising practices" means practices that
13 present, based on preliminary information, potential for
14 becoming evidence-based practices.

15 Grant funds shall not be used to increase the use of
16 school-based law enforcement or security personnel. Nothing in
17 this Section shall prohibit school districts from involving law
18 enforcement personnel when necessary and allowed by law.

19 (c) The State Board of Education, subject to appropriation
20 for the grant program, shall annually disseminate a request for
21 applications to this program, and funds shall be distributed
22 annually. The criteria to be considered by the State Board of
23 Education in awarding the funds shall be (i) the average ratio
24 of school support personnel to students in the target schools
25 over the preceding 3 school years and (ii) the degree to which
26 the proposal articulates a comprehensive approach for reducing

1 exclusionary discipline while building safe and healthy
2 learning environments. Priority shall be given to school
3 districts that meet the metrics under subsection (b) of Section
4 2-3.162 of this Code.

5 (d) The State Board of Education, subject to appropriation
6 for the grant program, shall produce an annual report on the
7 program in cooperation with the school districts participating
8 in the program. The report shall include both quantitative and
9 qualitative information on the progress being made in reducing
10 exclusionary discipline and the effects of the program on
11 school safety and school climate. This report shall be posted
12 on the State Board of Education's website by October 31 of each
13 year, beginning in 2019.

14 (e) The State Board of Education may adopt any rules
15 necessary for the implementation of this program.

16 Section 99. Effective date. This Act takes effect July 1,
17 2018."
