To the Honorable Members of  
The Illinois House of Representatives,  
100th General Assembly:

Today, I return House Bill 4637 of the 100<sup>th</sup> General Assembly with specific recommendations for change.

This legislation amends the process by which townships in McHenry County may be dissolved in an effort to consolidate and reduce Illinois' excessive layers of local government.

While I applaud the effort to create a clear process that aligns with the Illinois Constitution's vision that townships may be dissolved if approved by referendum, this is a process that should be available with equal clarity across the state.

This legislation also mandates the abolition of certain road districts in Lake and McHenry County. This question of consolidating services should also go to the voters through a referendum, a process that Lake and McHenry County—and all other counties—can already pursue under state law.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return House Bill 4637, entitled "AN ACT concerning local government," with the following specific recommendations for change:

On page 3, by replacing lines 11 through 16 with the following:
