SB0071 Enrolled

1 AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing
Section 16-128A as follows:

6 (220 ILCS 5/16-128A)

7 (Text of Section before amendment by P.A. 99-906)

8 Sec. 16-128A. Certification of installers, maintainers, or
9 repairers.

10 (a) Within 18 months of the effective date of this 11 amendatory Act of the 97th General Assembly, the Commission 12 shall adopt rules, including emergency rules, establishing 13 certification requirements ensuring that entities installing 14 distributed generation facilities are in compliance with the 15 requirements of subsection (a) of Section 16-128 of this Act.

16 For purposes of this Section, the phrase "entities installing distributed generation facilities" shall include, 17 but not be limited to, all entities that are exempt from the 18 19 definition of "alternative retail electric supplier" under item (v) of Section 16-102 of this Act. For purposes of this 20 Section, the phrase "self-installer" means an individual who 21 22 (i) leases or purchases a cogeneration facility for his or her own personal use and (ii) installs such cogeneration or 23

SB0071 Enrolled - 2 - LRB100 05891 RJF 15917 b

self-generation facility on his or her own premises without the
 assistance of any other person.

3 (b) In addition to any authority granted to the Commission under this Act, the Commission is also authorized to: (1) 4 5 determine which entities are subject to certification under this Section; (2) impose reasonable certification fees and 6 7 penalties; (3) adopt disciplinary procedures; (4) investigate any and all activities subject to this Section, including 8 9 violations thereof; (5) adopt procedures to issue or renew, or to refuse to issue or renew, a certification or to revoke, 10 11 suspend, place on probation, reprimand, or otherwise 12 discipline a certified entity under this Act or take other 13 enforcement action against an entity subject to this Section; and (6) prescribe forms to be issued for the administration and 14 enforcement of this Section. 15

16 (c) No electric utility shall provide a retail customer 17 with net metering service related to interconnection of that customer's distributed generation facility unless the customer 18 provides the electric utility with (i) a certification that the 19 20 customer installing the distributed generation facility was a self-installer (ii) evidence 21 or that the distributed 22 generation facility was installed by an entity certified under 23 this Section that is also in good standing with the Commission. For purposes of this subsection, a retail customer includes 24 that customer's employees, officers, and agents. An electric 25 utility shall file a tariff or tariffs with the Commission 26

SB0071 Enrolled - 3 - LRB100 05891 RJF 15917 b

setting forth the documentation, as specified by Commission rule, that a retail customer must provide to an electric utility. The provisions of this subsection (c) shall apply on or after the effective date of the Commission's rules prescribed pursuant to subsection (a) of this Section.

Within 180 days after the effective date of this 6 (d) 7 amendatory Act of the 97th General Assembly, the Commission 8 initiate а rulemaking proceeding to shall establish 9 certification requirements that shall be applicable to persons 10 or entities that install, maintain, or repair electric vehicle 11 charging stations. The notification and certification 12 requirements of this Section shall only be applicable to 13 individuals or entities that perform work on or within an 14 electric vehicle charging station, including, but not limited 15 to, connection of power to an electric vehicle charging 16 station.

For the purposes of this Section "electric vehicle charging station" means any facility or equipment that is used to charge a battery or other energy storage device of an electric vehicle.

21 Rules regulating the installation, maintenance, or repair 22 of electric vehicle charging stations, in which the Commission 23 separate requirements establish based upon the mav characteristics of electric vehicle charging stations, so long 24 25 as it is in accordance with the requirements of subsection (a) of Section 16-128 and Section 16-128A of this Act, shall: 26

SB0071 Enrolled - 4 - LRB100 05891 RJF 15917 b

(1) establish a certification process for persons or
 entities that install, maintain, or repair of electric
 vehicle charging stations;

4 (2) require persons or entities that install,
5 maintain, or repair electric vehicle stations to be
6 certified to do business and to be bonded in the State;

7 (3) ensure that persons or entities that install,
8 maintain, or repair electric vehicle charging stations
9 have the requisite knowledge, skills, training,
10 experience, and competence to perform functions in a safe
11 and reliable manner as required under subsection (a) of
12 Section 16-128 of this Act;

13 (4) impose reasonable certification fees and penalties 14 on persons or entities that install, maintain, or repair of 15 electric vehicle charging stations for noncompliance of 16 the rules adopted under this subsection;

(5) ensure that all persons or entities that install,
maintain, or repair electric vehicle charging stations
conform to applicable building and electrical codes;

(6) ensure that all electric vehicle charging stations
meet recognized industry standards as the Commission deems
appropriate, such as the National Electric Code (NEC) and
standards developed or created by the Institute of
Electrical and Electronics Engineers (IEEE), the Electric
Power Research Institute (EPRI), the Detroit Edison
Institute (DTE), the Underwriters Laboratory (UL), the

SB0071 Enrolled - 5 - LRB100 05891 RJF 15917 b

Society of Automotive Engineers (SAE), and the National
 Institute of Standards and Technology (NIST);

3 include any additional requirements that (7) the Commission deems reasonable to ensure that persons or 4 5 entities that install, maintain, or repair electric 6 vehicle charging stations meet adequate training, 7 financial, and competency requirements;

8 (8) ensure that the obligations required under this 9 Section and subsection (a) of Section 16-128 of this Act 10 are met prior to the interconnection of any electric 11 vehicle charging station;

12 (9) ensure electric vehicle charging stations 13 installed by a self-installer are not used for any 14 commercial purpose;

(10) establish an inspection procedure for the conversion of electric vehicle charging stations installed by a self-installer if it is determined that the self-installed electric vehicle charging station is being used for commercial purposes;

(11) establish the requirement that all persons or entities that install electric vehicle charging stations shall notify the servicing electric utility in writing of plans to install an electric vehicle charging station and shall notify the servicing electric utility in writing when installation is complete;

26

(12) ensure that all persons or entities that install,

SB0071 Enrolled - 6 - LRB100 05891 RJF 15917 b

1 maintain, or repair electric vehicle charging stations 2 obtain certificates of insurance in sufficient amounts and 3 coverages that the Commission so determines and, if 4 necessary as determined by the Commission, names the 5 affected public utility as an additional insured; and

6 (13) identify and determine the training or other 7 programs by which persons or entities may obtain the 8 requisite training, skills, or experience necessary to 9 achieve and maintain compliance with the requirements set 10 forth in this subsection and subsection (a) of Section 11 16-128 to install, maintain, or repair electric vehicle 12 charging stations.

13 Within 18 months after the effective date of this 14 amendatory Act of the 97th General Assembly, the Commission 15 shall adopt rules, and may, if it deems necessary, adopt 16 emergency rules, for the installation, maintenance, or repair 17 of electric vehicle charging stations.

All retail customers who own, maintain, or repair an 18 19 electric vehicle charging station shall provide the servicing 20 electric utility (i) a certification that the customer installing the electric vehicle charging station was a 21 22 self-installer or (ii) evidence that the electric vehicle 23 charging station was installed by an entity certified under this subsection (d) that is also in good standing with the 24 25 Commission. For purposes of this subsection (d), a retail 26 customer includes that retail customer's employees, officers,

SB0071 Enrolled - 7 - LRB100 05891 RJF 15917 b

and agents. If the electric vehicle charging station was not 1 2 installed by a self-installer, then the person or entity that plans to install the electric vehicle charging station shall 3 provide notice to the servicing electric utility prior to 4 5 installation and when installation is complete and provide any required by the 6 other information Commission's rules 7 established under subsection (d) of this Section. An electric utility shall file a tariff or tariffs with the Commission 8 9 setting forth the documentation, as specified by Commission 10 rule, that a retail customer who owns, uses, operates, or 11 maintains an electric vehicle charging station must provide to 12 an electric utility.

13 For the purposes of this subsection, an electric vehicle 14 charging station shall constitute a distribution facility or 15 equipment as that term is used in subsection (a) of Section 16 16-128 of this Act. The phrase "self-installer" means an 17 individual who (i) leases or purchases an electric vehicle charging station for his or her own personal use and (ii) 18 19 installs an electric vehicle charging station on his or her own 20 premises without the assistance of any other person.

(e) Fees and penalties collected under this Section shall be deposited into the Public Utility Fund and used to fund the Commission's compliance with the obligations imposed by this Section.

(f) The rules established under subsection (d) of this
Section shall specify the initial dates for compliance with the

SB0071 Enrolled

1 rules.

19

2 (q) The certification of persons or entities that install, 3 maintain, or repair distributed generation facilities and electric vehicle charging stations as set forth in this Section 4 5 is an exclusive power and function of the State. A home rule unit or other units of local government authority may subject 6 7 entities that install, maintain, or persons or repair 8 distributed generation facilities or electric vehicle charging 9 stations as set forth in this Section to any applicable local 10 licensing, siting, and permitting requirements otherwise 11 permitted under law so long as only Commission-certified 12 persons or entities are authorized to install, maintain, or 13 repair distributed generation facilities or electric vehicle 14 charging stations. This Section is a limitation under subsection (h) of Section 6 of Article VII of the Illinois 15 16 Constitution on the exercise by home rule units of powers and 17 functions exclusively exercised by the State.

18 (Source: P.A. 97-616, eff. 10-26-11; 97-1128, eff. 8-28-12.)

(Text of Section after amendment by P.A. 99-906)

20 Sec. 16-128A. Certification of installers, maintainers, or 21 repairers.

(a) Within 18 months of the effective date of this
amendatory Act of the 97th General Assembly, the Commission
shall adopt rules, including emergency rules, establishing
certification requirements ensuring that entities installing

SB0071 Enrolled - 9 - LRB100 05891 RJF 15917 b

distributed generation facilities are in compliance with the
 requirements of subsection (a) of Section 16-128 of this Act.

For purposes of this Section, the phrase "entities 3 installing distributed generation facilities" shall include, 4 5 but not be limited to, all entities that are exempt from the definition of "alternative retail electric supplier" under 6 item (v) of Section 16-102 of this Act. For purposes of this 7 Section, the phrase "self-installer" means an individual who 8 9 (i) leases or purchases a cogeneration facility for his or her 10 own personal use and (ii) installs such cogeneration or 11 self-generation facility on his or her own premises without the 12 assistance of any other person.

13 (b) In addition to any authority granted to the Commission 14 under this Act, the Commission is also authorized to: (1) 15 determine which entities are subject to certification under 16 this Section; (2) impose reasonable certification fees and 17 penalties; (3) adopt disciplinary procedures; (4) investigate any and all activities subject to this Section, including 18 violations thereof; (5) adopt procedures to issue or renew, or 19 20 to refuse to issue or renew, a certification or to revoke, 21 suspend, place on probation, reprimand, or otherwise 22 discipline a certified entity under this Act or take other 23 enforcement action against an entity subject to this Section; and (6) prescribe forms to be issued for the administration and 24 25 enforcement of this Section.

26

(c) No electric utility shall provide a retail customer

with net metering service related to interconnection of that 1 2 customer's distributed generation facility unless the customer 3 provides the electric utility with (i) a certification that the customer installing the distributed generation facility was a 4 5 self-installer or (ii) evidence that the distributed generation facility was installed by an entity certified under 6 7 this Section that is also in good standing with the Commission. 8 For purposes of this subsection, a retail customer includes 9 that customer's employees, officers, and agents. An electric 10 utility shall file a tariff or tariffs with the Commission 11 setting forth the documentation, as specified by Commission 12 rule, that a retail customer must provide to an electric utility. The provisions of this subsection (c) shall apply on 13 after the effective date of the Commission's rules 14 or prescribed pursuant to subsection (a) of this Section. 15

16 (d) Within 180 days after the effective date of this 17 amendatory Act of the 97th General Assembly, the Commission rulemaking proceeding 18 shall initiate а to establish 19 certification requirements that shall be applicable to persons 20 or entities that install, maintain, or repair electric vehicle notification 21 charging stations. The and certification 22 requirements of this Section shall only be applicable to 23 individuals or entities that perform work on or within an electric vehicle charging station, including, but not limited 24 25 to, connection of power to an electric vehicle charging 26 station.

SB0071 Enrolled - 11 - LRB100 05891 RJF 15917 b

For the purposes of this Section "electric vehicle charging station" means any facility or equipment that is used to charge a battery or other energy storage device of an electric vehicle.

5 Rules regulating the installation, maintenance, or repair of electric vehicle charging stations, in which the Commission 6 7 requirements based may establish separate upon the 8 characteristics of electric vehicle charging stations, so long 9 as it is in accordance with the requirements of subsection (a) 10 of Section 16-128 and Section 16-128A of this Act, shall:

(1) (1) establish a certification process for persons or entities that install, maintain, or repair of electric vehicle charging stations;

14 (2) require persons or entities that install,
15 maintain, or repair electric vehicle stations to be
16 certified to do business and to be bonded in the State;

17 (3) ensure that persons or entities that install, maintain, or repair electric vehicle charging stations 18 19 have the requisite knowledge, skills, training, 20 experience, and competence to perform functions in a safe 21 and reliable manner as required under subsection (a) of 22 Section 16-128 of this Act;

(4) impose reasonable certification fees and penalties
on persons or entities that install, maintain, or repair of
electric vehicle charging stations for noncompliance of
the rules adopted under this subsection;

SB0071 Enrolled

(5) ensure that all persons or entities that install,
 maintain, or repair electric vehicle charging stations
 conform to applicable building and electrical codes;

(6) ensure that all electric vehicle charging stations 4 5 meet recognized industry standards as the Commission deems appropriate, such as the National Electric Code (NEC) and 6 7 standards developed or created by the Institute of 8 Electrical and Electronics Engineers (IEEE), the Electric 9 Power Research Institute (EPRI), the Detroit Edison 10 Institute (DTE), the Underwriters Laboratory (UL), the 11 Society of Automotive Engineers (SAE), and the National 12 Institute of Standards and Technology (NIST);

13 (7) include any additional requirements that the 14 Commission deems reasonable to ensure that persons or 15 entities that install, maintain, or repair electric 16 vehicle charging stations meet adequate training, 17 financial, and competency requirements;

18 (8) ensure that the obligations required under this 19 Section and subsection (a) of Section 16-128 of this Act 20 are met prior to the interconnection of any electric 21 vehicle charging station;

(9) ensure electric vehicle charging stations
installed by a self-installer are not used for any
commercial purpose;

(10) establish an inspection procedure for theconversion of electric vehicle charging stations installed

by a self-installer if it is determined that the self-installed electric vehicle charging station is being used for commercial purposes;

4 (11) establish the requirement that all persons or
5 entities that install electric vehicle charging stations
6 shall notify the servicing electric utility in writing of
7 plans to install an electric vehicle charging station and
8 shall notify the servicing electric utility in writing when
9 installation is complete;

10 (12) ensure that all persons or entities that install, 11 maintain, or repair electric vehicle charging stations 12 obtain certificates of insurance in sufficient amounts and 13 coverages that the Commission so determines and, if 14 necessary as determined by the Commission, names the 15 affected public utility as an additional insured; and

(13) identify and determine the training or other programs by which persons or entities may obtain the requisite training, skills, or experience necessary to achieve and maintain compliance with the requirements set forth in this subsection and subsection (a) of Section 16-128 to install, maintain, or repair electric vehicle charging stations.

23 Within 18 months after the effective date of this 24 amendatory Act of the 97th General Assembly, the Commission 25 shall adopt rules, and may, if it deems necessary, adopt 26 emergency rules, for the installation, maintenance, or repair SB0071 Enrolled - 14 - LRB100 05891 RJF 15917 b

1 of electric vehicle charging stations.

2 All retail customers who own, maintain, or repair an 3 electric vehicle charging station shall provide the servicing electric utility (i) a certification that the customer 4 5 installing the electric vehicle charging station was a self-installer or (ii) evidence that the electric vehicle 6 charging station was installed by an entity certified under 7 8 this subsection (d) that is also in good standing with the 9 Commission. For purposes of this subsection (d), a retail 10 customer includes that retail customer's employees, officers, 11 and agents. If the electric vehicle charging station was not 12 installed by a self-installer, then the person or entity that 13 plans to install the electric vehicle charging station shall provide notice to the servicing electric utility prior to 14 15 installation and when installation is complete and provide any 16 other information required by the Commission's rules 17 established under subsection (d) of this Section. An electric utility shall file a tariff or tariffs with the Commission 18 setting forth the documentation, as specified by Commission 19 20 rule, that a retail customer who owns, uses, operates, or 21 maintains an electric vehicle charging station must provide to 22 an electric utility.

For the purposes of this subsection, an electric vehicle charging station shall constitute a distribution facility or equipment as that term is used in subsection (a) of Section 16-128 of this Act. The phrase "self-installer" means an SB0071 Enrolled - 15 - LRB100 05891 RJF 15917 b

individual who (i) leases or purchases an electric vehicle charging station for his or her own personal use and (ii) installs an electric vehicle charging station on his or her own premises without the assistance of any other person.

5 (e) Fees and penalties collected under this Section shall 6 be deposited into the Public Utility Fund and used to fund the 7 Commission's compliance with the obligations imposed by this 8 Section.

9 (f) The rules established under subsection (d) of this 10 Section shall specify the initial dates for compliance with the 11 rules.

12 Within 18 months of the effective date of this (q) 13 amendatory Act of the 99th General Assembly, the Commission shall adopt rules, including emergency rules, establishing a 14 15 process for entities installing a new utility-scale wind 16 project or a new utility-scale solar project to certify 17 compliance with the requirements of this Section. For purposes of this Section, the phrase "entities installing a new 18 19 utility scale wind project or a new utility-scale solar 20 project" shall include, but is not limited to, any entity 21 installing new wind projects or new photovoltaic projects as 22 such terms are defined in subsection (c) of Section 1-75 of the 23 Illinois Power Agency Act.

The process shall include an option to complete the certification electronically by completing forms on-line. An entity installing <u>a new utility scale wind project or</u> a new 1 utility-scale solar project shall be permitted to complete 2 certification after the subject work has been completed. The 3 Commission shall maintain on its website a list of entities 4 installing new utility-scale wind projects or new 5 utility-scale solar projects measures that have successfully 6 completed the certification process.

7 (h) In addition to any authority granted to the Commission under this Act, the Commission is also authorized to: (1) 8 9 determine which entities are subject to certification under 10 subsection (q) of this Section; (2) impose reasonable 11 certification fees and penalties; (3) adopt disciplinary 12 procedures; (4) investigate any and all activities subject to 13 subsection (q) or this subsection (h) of this Section, 14 including violations thereof; (5) adopt procedures to issue or 15 renew, or to refuse to issue or renew, a certification or to 16 revoke, suspend, place on probation, reprimand, or otherwise 17 discipline a certified entity under subsection (g) of this Section or take other enforcement action against an entity 18 subject to subsection (g) or this subsection (h) of this 19 20 Section; (6) prescribe forms to be issued for the administration and enforcement of subsection (q) 21 and this 22 subsection (h) of this Section; and (7) establish requirements 23 to ensure that entities installing a new wind project or a new 24 photovoltaic project have the requisite knowledge, skills, 25 training, experience, and competence to perform in a safe and 26 reliable manner as required by subsection (a) of Section 16-128

SB0071 Enrolled - 17 - LRB100 05891 RJF 15917 b

1 of this Act.

2 (i) The certification of persons or entities that install, 3 maintain, or repair new wind projects, new photovoltaic projects, distributed generation facilities, and electric 4 5 vehicle charging stations as set forth in this Section is an exclusive power and function of the State. A home rule unit or 6 7 other units of local government authority may subject persons 8 or entities that install, maintain, or repair new wind 9 projects, new photovoltaic projects, distributed generation 10 facilities, or electric vehicle charging stations as set forth 11 in this Section to any applicable local licensing, siting, and 12 permitting requirements otherwise permitted under law so long 13 only Commission-certified persons or entities as are 14 authorized to install, maintain, or repair new wind projects, new photovoltaic projects, distributed generation facilities, 15 16 or electric vehicle charging stations. This Section is a 17 limitation under subsection (h) of Section 6 of Article VII of the Illinois Constitution on the exercise by home rule units of 18 19 powers and functions exclusively exercised by the State.

20 (Source: P.A. 99-906, eff. 6-1-17.)

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes SB0071 Enrolled - 18 - LRB100 05891 RJF 15917 b 1 made by this Act or (ii) provisions derived from any other 2 Public Act.

3 Section 99. Effective date. This Act takes effect upon
4 becoming law or on the date Public Act 99-906 takes effect,
5 whichever is later.
