LRB100 09972 MJP 23770 a

1 AMENDMENT TO SENATE BILL 1649

2 AMENDMENT NO. _____. Amend Senate Bill 1649 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Environmental Protection Act is amended by
5 changing Section 22.54a as follows:

6 (415 ILCS 5/22.54a)

7 (Section scheduled to be repealed on February 1, 2018)

8 Sec. 22.54a. Disposal of asphalt roofing shingles.

9 (a) As used in this Section:

10 "BUD" means a beneficial use determination issued under
11 Section 22.54 of this Act.

12 "Eligible shingle recycling facility" means a shingle
13 recycling facility that:

14 (1) is approved for asphalt roofing shingle recycling
15 under a beneficial use determination issued pursuant to
16 Section 22.54 of this Act and is in compliance with the

1 terms of that BUD;

2 (2) is listed on the Department of Transportation's
3 "Qualified Producer List of Certified Sources for
4 Reclaimed Asphalt Shingles" or identified as an approved
5 producer of reclaimed asphalt shingles by the Illinois
6 State Toll Highway Authority; and

7 (3) accepts all delivered loads of asphalt roofing
8 shingles that can be processed into reclaimed asphalt
9 shingles meeting Department of Transportation or Illinois
10 State Toll Highway Authority specifications.

11 (b) No owner or operator of a sanitary landfill that is
12 located within a 25-mile radius of an eligible shingle
13 recycling facility ~~a site where asphalt roofing shingles are~~
14 ~~recycled under a Beneficial Use Determination (BUD) issued by~~
15 ~~the Agency pursuant to Section 22.54 of this Act shall accept~~
16 ~~for disposal loads of whole or processed asphalt roofing~~
17 shingles that can be processed into reclaimed asphalt shingles
18 meeting Department of Transportation or Illinois State Toll
19 Highway Authority specifications.

20 (c) Nothing in this Section shall prohibit or restrict a
21 sanitary landfill from accepting for disposal asphalt roofing
22 shingles that can be processed into reclaimed asphalt shingles
23 meeting Department of Transportation or Illinois State Toll
24 Highway Authority specifications but that are either
25 commingled with municipal waste, including, but not limited to,
26 general construction or demolition debris, or rejected by an

1 eligible shingle recycling facility.

2 (d) The owner or operator of an eligible shingle recycling
3 facility shall notify the Agency in writing of the name and
4 street address of the eligible shingle recycling facility, and
5 he or she shall also notify the Agency when the facility's
6 status as an eligible shingle recycling facility is rescinded
7 or reinstated in accordance with subsection (e) or subsection
8 (f) of this Section. The Agency shall post on its website the
9 information provided to the Agency under this subsection (d)
10 ~~name and address of each site at which the recycling of asphalt~~
11 ~~roofing shingles under a BUD is approved.~~

12 (e) The Agency may issue a notice of intent to rescind
13 recognition as an eligible shingle recycling facility to any
14 owner or operator of a shingle recycling facility that, in the
15 Agency's judgment, is not in compliance with the terms of the
16 facility's BUD. The Agency shall file a copy of the notice with
17 the Board no later than 10 days after the date of service of
18 the notice on the owner or operator. Each notice issued under
19 this subsection (e) shall be served upon the owner or operator,
20 or that person's authorized agent for service of process, and
21 shall include the following information:

22 (1) a statement specifying the provisions of the BUD
23 which were not complied with;

24 (2) if non-compliance was observed during an
25 inspection by the Agency, a copy of the inspection report
26 in which the Agency recorded the non-compliance, which

1 report shall include the date and time of inspection, and
2 weather conditions prevailing during the inspection;

3 (3) instructions for contesting the notice issued
4 under this subsection (e), including notification that the
5 owner or operator has 35 days within which to file a
6 petition for review before the Board to contest the notice;
7 and

8 (4) an affidavit by the personnel observing the
9 non-compliance, attesting to their material actions and
10 observations.

11 If the owner or operator fails to petition the Board for
12 review of the notice within 35 days after the date of service,
13 then the Board shall adopt a final order holding that the
14 shingle recycling facility is not an eligible shingle recycling
15 facility for purposes of this Section. If, within 35 days after
16 the date of service, a petition for review is filed before the
17 Board to contest a notice issued under this subsection (e),
18 then the Agency shall appear as a complainant at a hearing
19 before the Board to be conducted in accordance with Section 32
20 of this Act. The hearing shall be held not less than 21 days
21 after the Board sends a notice of the hearing to the Agency and
22 the owner or operator who petitioned for review of the notice.
23 In these hearings, the burden of proof shall be on the Agency.
24 If, based on the record, the Board finds that the alleged
25 non-compliance occurred, then the Board shall adopt a final
26 order holding that the shingle recycling facility is not an

1 eligible shingle recycling facility for purposes of this
2 Section.

3 (f) If the Board has determined under subsection (e) of
4 this Section that a shingle recycling facility is not an
5 eligible shingle recycling facility, then the owner or operator
6 of the facility may file with the Board a motion to have the
7 facility reinstated as an eligible shingle recycling facility.
8 If, at the time the motion is filed, the owner or operator of
9 the facility is able to affirmatively demonstrate, to the
10 satisfaction of the Board, that all non-compliance at the
11 facility has been corrected, that the facility is in compliance
12 with its BUD, and that the facility is not subject to any
13 pending enforcement action under this Act, then the Board may
14 enter an order reinstating the facility as an eligible shingle
15 recycling facility for the purposes of this Section.

16 Before issuing any order under this subsection (f), the
17 Board shall conduct an evaluation of the owner or operator's
18 prior experience in asphalt shingle recycling operations. The
19 Board may deny a petition for reinstatement under this
20 subsection (f) if the owner or operator, or any employee or
21 officer of the owner or operator, has a history of repeated
22 violations of federal, State, or local laws, regulations,
23 rules, standards, or ordinances related to the operation of an
24 asphalt shingle recycling facility or site, or a history of
25 gross carelessness or incompetence in the handling, storing,
26 processing, transporting, disposing, or recycling of asphalt

1 shingles.

2 (g) Nothing in this Section shall be construed to prevent
3 the Agency from issuing an informal warning to an owner or
4 operator before issuing a notice of intent to rescind
5 recognition as an eligible shingle recycling facility under
6 subsection (e) of this Section.

7 (h) Sections 10-25 through 10-60 of the Illinois
8 Administrative Procedure Act do not apply to proceedings under
9 this Section, and the orders issued by the Board under this
10 subsection apply in addition to any other remedy or penalty
11 that may be provided under this Act or any other law.

12 ~~No later than January 31 of each year, each recipient of a~~
13 ~~BUD for asphalt roofing shingles shall submit a report to the~~
14 ~~Agency that contains the following information: (i) the total~~
15 ~~quantity of asphalt roofing shingles received under the BUD~~
16 ~~during the previous calendar year; (ii) the beneficial uses~~
17 ~~during the previous calendar year of shingles received under~~
18 ~~the BUD; (iii) the total quantity of shingles used in each~~
19 ~~beneficial use during the previous calendar year; and (iv) the~~
20 ~~total quantity and disposition of any shingles received but not~~
21 ~~beneficially used under the BUD during the previous calendar~~
22 ~~year. The report must be submitted on a form and in a format~~
23 ~~prescribed by the Agency.~~

24 (i) This Section is repealed on February 1, 2023 2018.
