

1 AN ACT concerning safety.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Environmental Protection Act is amended by  
5 changing Sections 55, 55.6, and 55.6a as follows:

6 (415 ILCS 5/55) (from Ch. 111 1/2, par. 1055)

7 Sec. 55. Prohibited activities.

8 (a) No person shall:

9 (1) Cause or allow the open dumping of any used or  
10 waste tire.

11 (2) Cause or allow the open burning of any used or  
12 waste tire.

13 (3) Except at a tire storage site which contains more  
14 than 50 used tires, cause or allow the storage of any used  
15 tire unless the tire is altered, reprocessed, converted,  
16 covered, or otherwise prevented from accumulating water.

17 (4) Cause or allow the operation of a tire storage site  
18 except in compliance with Board regulations.

19 (5) Abandon, dump or dispose of any used or waste tire  
20 on private or public property, except in a sanitary  
21 landfill approved by the Agency pursuant to regulations  
22 adopted by the Board.

23 (6) Fail to submit required reports, tire removal

1 agreements, or Board regulations.

2 (b) (Blank.)

3 (b-1) Beginning January 1, 1995, no person shall knowingly  
4 mix any used or waste tire, either whole or cut, with municipal  
5 waste, and no owner or operator of a sanitary landfill shall  
6 accept any used or waste tire for final disposal; except that  
7 used or waste tires, when separated from other waste, may be  
8 accepted if: (1) the sanitary landfill provides and maintains a  
9 means for shredding, slitting, or chopping whole tires and so  
10 treats whole tires and, if approved by the Agency in a permit  
11 issued under this Act, uses the used or waste tires for  
12 alternative uses, which may include on-site practices such as  
13 lining of roadways with tire scraps, alternative daily cover,  
14 or use in a leachate collection system or (2) the sanitary  
15 landfill, by its notification to the Illinois Industrial  
16 Materials Exchange Service, makes available the used or waste  
17 tire to an appropriate facility for reuse, reprocessing, or  
18 converting, including use as an alternate energy fuel. If,  
19 within 30 days after notification to the Illinois Industrial  
20 Materials Exchange Service of the availability of waste tires,  
21 no specific request for the used or waste tires is received by  
22 the sanitary landfill, and the sanitary landfill determines it  
23 has no alternative use for those used or waste tires, the  
24 sanitary landfill may dispose of slit, chopped, or shredded  
25 used or waste tires in the sanitary landfill. In the event the  
26 physical condition of a used or waste tire makes shredding,

1     slitting, chopping, reuse, reprocessing, or other alternative  
2     use of the used or waste tire impractical or infeasible, then  
3     the sanitary landfill, after authorization by the Agency, may  
4     accept the used or waste tire for disposal.

5             Sanitary landfills and facilities for reuse, reprocessing,  
6     or converting, including use as alternative fuel, shall (i)  
7     notify the Illinois Industrial Materials Exchange Service of  
8     the availability of and demand for used or waste tires and (ii)  
9     consult with the Department of Commerce and Economic  
10    Opportunity regarding the status of marketing of waste tires to  
11    facilities for reuse.

12            (c) Any person who sells new or used tires at retail or  
13    operates a tire storage site or a tire disposal site which  
14    contains more than 50 used or waste tires shall give notice of  
15    such activity to the Agency. Any person engaging in such  
16    activity for the first time after January 1, 1990, shall give  
17    notice to the Agency within 30 days after the date of  
18    commencement of the activity. The form of such notice shall be  
19    specified by the Agency and shall be limited to information  
20    regarding the following:

- 21            (1) the name and address of the owner and operator;  
22            (2) the name, address and location of the operation;  
23            (3) the type of operations involving used and waste  
24    tires (storage, disposal, conversion or processing); and  
25            (4) the number of used and waste tires present at the  
26    location.

1 (d) Beginning January 1, 1992, no person shall cause or  
2 allow the operation of:

3 (1) a tire storage site which contains more than 50  
4 used tires, unless the owner or operator, by January 1,  
5 1992 (or the January 1 following commencement of operation,  
6 whichever is later) and January 1 of each year thereafter,  
7 (i) registers the site with the Agency, except that the  
8 registration requirement in this item (i) does not apply in  
9 the case of a tire storage site required to be permitted  
10 under subsection (d-5), (ii) certifies to the Agency that  
11 the site complies with any applicable standards adopted by  
12 the Board pursuant to Section 55.2, (iii) reports to the  
13 Agency the number of tires accumulated, the status of  
14 vector controls, and the actions taken to handle and  
15 process the tires, and (iv) pays the fee required under  
16 subsection (b) of Section 55.6; or

17 (2) a tire disposal site, unless the owner or operator  
18 (i) has received approval from the Agency after filing a  
19 tire removal agreement pursuant to Section 55.4, or (ii)  
20 has entered into a written agreement to participate in a  
21 consensual removal action under Section 55.3.

22 The Agency shall provide written forms for the annual  
23 registration and certification required under this subsection  
24 (d).

25 (d-4) On or before January 1, 2015, the owner or operator  
26 of each tire storage site that contains used tires totaling

1 more than 10,000 passenger tire equivalents, or at which more  
2 than 500 tons of used tires are processed in a calendar year,  
3 shall submit documentation demonstrating its compliance with  
4 Board rules adopted under this Title. This documentation must  
5 be submitted on forms and in a format prescribed by the Agency.

6 (d-5) Beginning July 1, 2016, no person shall cause or  
7 allow the operation of a tire storage site that contains used  
8 tires totaling more than 10,000 passenger tire equivalents, or  
9 at which more than 500 tons of used tires are processed in a  
10 calendar year, without a permit granted by the Agency or in  
11 violation of any conditions imposed by that permit, including  
12 periodic reports and full access to adequate records and the  
13 inspection of facilities, as may be necessary to ensure  
14 compliance with this Act and with regulations and standards  
15 adopted under this Act.

16 (d-6) No person shall cause or allow the operation of a  
17 tire storage site in violation of the financial assurance rules  
18 established by the Board under subsection (b) of Section 55.2  
19 of this Act. In addition to the remedies otherwise provided  
20 under this Act, the State's Attorney of the county in which the  
21 violation occurred, or the Attorney General, may, at the  
22 request of the Agency or on his or her own motion, institute a  
23 civil action for an immediate injunction, prohibitory or  
24 mandatory, to restrain any violation of this subsection (d-6)  
25 or to require any other action as may be necessary to abate or  
26 mitigate any immediate danger or threat to public health or the

1 environment at the site. Injunctions to restrain a violation of  
2 this subsection (d-6) may include, but are not limited to, the  
3 required removal of all tires for which financial assurance is  
4 not maintained and a prohibition against the acceptance of  
5 tires in excess of the amount for which financial assurance is  
6 maintained.

7 (e) No person shall cause or allow the storage, disposal,  
8 treatment or processing of any used or waste tire in violation  
9 of any regulation or standard adopted by the Board.

10 (f) No person shall arrange for the transportation of used  
11 or waste tires away from the site of generation with a person  
12 known to openly dump such tires.

13 (g) No person shall engage in any operation as a used or  
14 waste tire transporter except in compliance with Board  
15 regulations.

16 (h) No person shall cause or allow the combustion of any  
17 used or waste tire in an enclosed device unless a permit has  
18 been issued by the Agency authorizing such combustion pursuant  
19 to regulations adopted by the Board for the control of air  
20 pollution and consistent with the provisions of Section 9.4 of  
21 this Act.

22 (i) No person shall cause or allow the use of pesticides to  
23 treat tires except as prescribed by Board regulations.

24 (j) No person shall fail to comply with the terms of a tire  
25 removal agreement approved by the Agency pursuant to Section  
26 55.4.

1 (k) No person shall:

2 (1) Cause or allow water to accumulate in used or waste  
3 tires. The prohibition set forth in this paragraph (1) of  
4 subsection (k) shall not apply to used or waste tires  
5 located at a residential household, as long as not more  
6 than 4 ~~12~~ used or waste tires at the site are covered and
