

Sen. Heather A. Steans

Filed: 1/12/2021

10100HB1653sam001

LRB101 07588 KTG 74869 a

1 AMENDMENT TO HOUSE BILL 1653

2 AMENDMENT NO. _____. Amend House Bill 1653 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Public Aid Code is amended by
5 changing Section 14-12 as follows:

6 (305 ILCS 5/14-12)

7 Sec. 14-12. Hospital rate reform payment system. The
8 hospital payment system pursuant to Section 14-11 of this
9 Article shall be as follows:

10 (a) Inpatient hospital services. Effective for discharges
11 on and after July 1, 2014, reimbursement for inpatient general
12 acute care services shall utilize the All Patient Refined
13 Diagnosis Related Grouping (APR-DRG) software, version 30,
14 distributed by 3MTM Health Information System.

15 (1) The Department shall establish Medicaid weighting
16 factors to be used in the reimbursement system established

1 under this subsection. Initial weighting factors shall be
2 the weighting factors as published by 3M Health Information
3 System, associated with Version 30.0 adjusted for the
4 Illinois experience.

5 (2) The Department shall establish a
6 statewide-standardized amount to be used in the inpatient
7 reimbursement system. The Department shall publish these
8 amounts on its website no later than 10 calendar days prior
9 to their effective date.

10 (3) In addition to the statewide-standardized amount,
11 the Department shall develop adjusters to adjust the rate
12 of reimbursement for critical Medicaid providers or
13 services for trauma, transplantation services, perinatal
14 care, and Graduate Medical Education (GME).

15 (4) The Department shall develop add-on payments to
16 account for exceptionally costly inpatient stays,
17 consistent with Medicare outlier principles. Outlier fixed
18 loss thresholds may be updated to control for excessive
19 growth in outlier payments no more frequently than on an
20 annual basis, but at least triennially. Upon updating the
21 fixed loss thresholds, the Department shall be required to
22 update base rates within 12 months.

23 (5) The Department shall define those hospitals or
24 distinct parts of hospitals that shall be exempt from the
25 APR-DRG reimbursement system established under this
26 Section. The Department shall publish these hospitals'

1 inpatient rates on its website no later than 10 calendar
2 days prior to their effective date.

3 (6) Beginning July 1, 2014 and ending on June 30, 2024,
4 in addition to the statewide-standardized amount, the
5 Department shall develop an adjustor to adjust the rate of
6 reimbursement for safety-net hospitals defined in Section
7 5-5e.1 of this Code excluding pediatric hospitals.

8 (7) Beginning July 1, 2014, in addition to the
9 statewide-standardized amount, the Department shall
10 develop an adjustor to adjust the rate of reimbursement for
11 Illinois freestanding inpatient psychiatric hospitals that
12 are not designated as children's hospitals by the
13 Department but are primarily treating patients under the
14 age of 21.

15 (7.5) (Blank).

16 (8) Beginning July 1, 2018, in addition to the
17 statewide-standardized amount, the Department shall adjust
18 the rate of reimbursement for hospitals designated by the
19 Department of Public Health as a Perinatal Level II or II+
20 center by applying the same adjustor that is applied to
21 Perinatal and Obstetrical care cases for Perinatal Level
22 III centers, as of December 31, 2017.

23 (9) Beginning July 1, 2018, in addition to the
24 statewide-standardized amount, the Department shall apply
25 the same adjustor that is applied to trauma cases as of
26 December 31, 2017 to inpatient claims to treat patients

1 with burns, including, but not limited to, APR-DRGs 841,
2 842, 843, and 844.

3 (10) Beginning July 1, 2018, the
4 statewide-standardized amount for inpatient general acute
5 care services shall be uniformly increased so that base
6 claims projected reimbursement is increased by an amount
7 equal to the funds allocated in paragraph (1) of subsection
8 (b) of Section 5A-12.6, less the amount allocated under
9 paragraphs (8) and (9) of this subsection and paragraphs
10 (3) and (4) of subsection (b) multiplied by 40%.

11 (11) Beginning July 1, 2018, the reimbursement for
12 inpatient rehabilitation services shall be increased by
13 the addition of a \$96 per day add-on.

14 (b) Outpatient hospital services. Effective for dates of
15 service on and after July 1, 2014, reimbursement for outpatient
16 services shall utilize the Enhanced Ambulatory Procedure
17 Grouping (EAPG) software, version 3.7 distributed by 3MTM
18 Health Information System.

19 (1) The Department shall establish Medicaid weighting
20 factors to be used in the reimbursement system established
21 under this subsection. The initial weighting factors shall
22 be the weighting factors as published by 3M Health
23 Information System, associated with Version 3.7.

24 (2) The Department shall establish service specific
25 statewide-standardized amounts to be used in the
26 reimbursement system.

1 (A) The initial statewide standardized amounts,
2 with the labor portion adjusted by the Calendar Year
3 2013 Medicare Outpatient Prospective Payment System
4 wage index with reclassifications, shall be published
5 by the Department on its website no later than 10
6 calendar days prior to their effective date.

7 (B) The Department shall establish adjustments to
8 the statewide-standardized amounts for each Critical
9 Access Hospital, as designated by the Department of
10 Public Health in accordance with 42 CFR 485, Subpart F.
11 For outpatient services provided on or before June 30,
12 2018, the EAPG standardized amounts are determined
13 separately for each critical access hospital such that
14 simulated EAPG payments using outpatient base period
15 paid claim data plus payments under Section 5A-12.4 of
16 this Code net of the associated tax costs are equal to
17 the estimated costs of outpatient base period claims
18 data with a rate year cost inflation factor applied.

19 (3) In addition to the statewide-standardized amounts,
20 the Department shall develop adjusters to adjust the rate
21 of reimbursement for critical Medicaid hospital outpatient
22 providers or services, including outpatient high volume or
23 safety-net hospitals. Beginning July 1, 2018, the
24 outpatient high volume adjustor shall be increased to
25 increase annual expenditures associated with this adjustor
26 by \$79,200,000, based on the State Fiscal Year 2015 base

1 year data and this adjustor shall apply to public
2 hospitals, except for large public hospitals, as defined
3 under 89 Ill. Adm. Code 148.25(a).

4 (4) Beginning July 1, 2018, in addition to the
5 statewide standardized amounts, the Department shall make
6 an add-on payment for outpatient expensive devices and
7 drugs. This add-on payment shall at least apply to claim
8 lines that: (i) are assigned with one of the following
9 EAPGs: 490, 1001 to 1020, and coded with one of the
10 following revenue codes: 0274 to 0276, 0278; or (ii) are
11 assigned with one of the following EAPGs: 430 to 441, 443,
12 444, 460 to 465, 495, 496, 1090. The add-on payment shall
13 be calculated as follows: the claim line's covered charges
14 multiplied by the hospital's total acute cost to charge
15 ratio, less the claim line's EAPG payment plus \$1,000,
16 multiplied by 0.8.

17 (5) Beginning July 1, 2018, the statewide-standardized
18 amounts for outpatient services shall be increased by a
19 uniform percentage so that base claims projected
20 reimbursement is increased by an amount equal to no less
21 than the funds allocated in paragraph (1) of subsection (b)
22 of Section 5A-12.6, less the amount allocated under
23 paragraphs (8) and (9) of subsection (a) and paragraphs (3)
24 and (4) of this subsection multiplied by 46%.

25 (6) Effective for dates of service on or after July 1,
26 2018, the Department shall establish adjustments to the

1 statewide-standardized amounts for each Critical Access
2 Hospital, as designated by the Department of Public Health
3 in accordance with 42 CFR 485, Subpart F, such that each
4 Critical Access Hospital's standardized amount for
5 outpatient services shall be increased by the applicable
6 uniform percentage determined pursuant to paragraph (5) of
7 this subsection. It is the intent of the General Assembly
8 that the adjustments required under this paragraph (6) by
9 Public Act 100-1181 shall be applied retroactively to
10 claims for dates of service provided on or after July 1,
11 2018.

12 (7) Effective for dates of service on or after March 8,
13 2019 (the effective date of Public Act 100-1181), the
14 Department shall recalculate and implement an updated
15 statewide-standardized amount for outpatient services
16 provided by hospitals that are not Critical Access
17 Hospitals to reflect the applicable uniform percentage
18 determined pursuant to paragraph (5).

19 (1) Any recalculation to the
20 statewide-standardized amounts for outpatient services
21 provided by hospitals that are not Critical Access
22 Hospitals shall be the amount necessary to achieve the
23 increase in the statewide-standardized amounts for
24 outpatient services increased by a uniform percentage,
25 so that base claims projected reimbursement is
26 increased by an amount equal to no less than the funds

1 allocated in paragraph (1) of subsection (b) of Section
2 5A-12.6, less the amount allocated under paragraphs
3 (8) and (9) of subsection (a) and paragraphs (3) and
4 (4) of this subsection, for all hospitals that are not
5 Critical Access Hospitals, multiplied by 46%.

6 (2) It is the intent of the General Assembly that
7 the recalculations required under this paragraph (7)
8 by Public Act 100-1181 shall be applied prospectively
9 to claims for dates of service provided on or after
10 March 8, 2019 (the effective date of Public Act
11 100-1181) and that no recoupment or repayment by the
12 Department or an MCO of payments attributable to
13 recalculation under this paragraph (7), issued to the
14 hospital for dates of service on or after July 1, 2018
15 and before March 8, 2019 (the effective date of Public
16 Act 100-1181), shall be permitted.

17 (8) The Department shall ensure that all necessary
18 adjustments to the managed care organization capitation
19 base rates necessitated by the adjustments under
20 subparagraph (6) or (7) of this subsection are completed
21 and applied retroactively in accordance with Section
22 5-30.8 of this Code within 90 days of March 8, 2019 (the
23 effective date of Public Act 100-1181).

24 (9) Within 60 days after federal approval of the change
25 made to the assessment in Section 5A-2 by this amendatory
26 Act of the 101st General Assembly, the Department shall

1 incorporate into the EAPG system for outpatient services
2 those services performed by hospitals currently billed
3 through the Non-Institutional Provider billing system.

4 (c) In consultation with the hospital community, the
5 Department is authorized to replace 89 Ill. Admin. Code 152.150
6 as published in 38 Ill. Reg. 4980 through 4986 within 12 months
7 of June 16, 2014 (the effective date of Public Act 98-651). If
8 the Department does not replace these rules within 12 months of
9 June 16, 2014 (the effective date of Public Act 98-651), the
10 rules in effect for 152.150 as published in 38 Ill. Reg. 4980
11 through 4986 shall remain in effect until modified by rule by
12 the Department. Nothing in this subsection shall be construed
13 to mandate that the Department file a replacement rule.

14 (d) Transition period. There shall be a transition period
15 to the reimbursement systems authorized under this Section that
16 shall begin on the effective date of these systems and continue
17 until June 30, 2018, unless extended by rule by the Department.
18 To help provide an orderly and predictable transition to the
19 new reimbursement systems and to preserve and enhance access to
20 the hospital services during this transition, the Department
21 shall allocate a transitional hospital access pool of at least
22 \$290,000,000 annually so that transitional hospital access
23 payments are made to hospitals.

24 (1) After the transition period, the Department may
25 begin incorporating the transitional hospital access pool
26 into the base rate structure; however, the transitional

1 hospital access payments in effect on June 30, 2018 shall
2 continue to be paid, if continued under Section 5A-16.

3 (2) After the transition period, if the Department
4 reduces payments from the transitional hospital access
5 pool, it shall increase base rates, develop new adjustors,
6 adjust current adjustors, develop new hospital access
7 payments based on updated information, or any combination
8 thereof by an amount equal to the decreases proposed in the
9 transitional hospital access pool payments, ensuring that
10 the entire transitional hospital access pool amount shall
11 continue to be used for hospital payments.

12 (d-5) Hospital and health care transformation program. The
13 Department shall develop a hospital and health care
14 transformation program to provide financial assistance to
15 hospitals in transforming their services and care models to
16 better align with the needs of the communities they serve. The
17 payments authorized in this Section shall be subject to
18 approval by the federal government.

19 (1) Phase 1. In State fiscal years 2019 through 2020,
20 the Department shall allocate funds from the transitional
21 access hospital pool to create a hospital transformation
22 pool of at least \$262,906,870 annually and make hospital
23 transformation payments to hospitals. Subject to Section
24 5A-16, in State fiscal years 2019 and 2020, an Illinois
25 hospital that received either a transitional hospital
26 access payment under subsection (d) or a supplemental

1 payment under subsection (f) of this Section in State
2 fiscal year 2018, shall receive a hospital transformation
3 payment as follows:

4 (A) If the hospital's Rate Year 2017 Medicaid
5 inpatient utilization rate is equal to or greater than
6 45%, the hospital transformation payment shall be
7 equal to 100% of the sum of its transitional hospital
8 access payment authorized under subsection (d) and any
9 supplemental payment authorized under subsection (f).

10 (B) If the hospital's Rate Year 2017 Medicaid
11 inpatient utilization rate is equal to or greater than
12 25% but less than 45%, the hospital transformation
13 payment shall be equal to 75% of the sum of its
14 transitional hospital access payment authorized under
15 subsection (d) and any supplemental payment authorized
16 under subsection (f).

17 (C) If the hospital's Rate Year 2017 Medicaid
18 inpatient utilization rate is less than 25%, the
19 hospital transformation payment shall be equal to 50%
20 of the sum of its transitional hospital access payment
21 authorized under subsection (d) and any supplemental
22 payment authorized under subsection (f).

23 (2) Phase 2.

24 (A) The funding amount from phase one shall be
25 incorporated into directed payment and pass-through
26 payment methodologies described in Section 5A-12.7.

1 (B) Because there are communities in Illinois that
2 experience significant health care disparities due to
3 systemic racism, as recently emphasized by the
4 COVID-19 pandemic, aggravated by social determinants
5 of health and a lack of sufficiently allocated
6 healthcare resources, particularly community-based
7 services, preventive care, obstetric care, chronic
8 disease management, and specialty care, the Department
9 shall establish a health care transformation program
10 that shall be supported by the transformation funding
11 pool. It is the intention of the General Assembly that
12 innovative partnerships funded by the pool must be
13 designed to establish or improve integrated health
14 care delivery systems that will provide significant
15 access to the Medicaid and uninsured populations in
16 their communities, as well as improve health care
17 equity. It is also the intention of the General
18 Assembly that partnerships recognize and address the
19 disparities revealed by the COVID-19 pandemic, as well
20 as the need for post-COVID care. During State fiscal
21 years 2021 through 2027, the hospital and health care
22 transformation program shall be supported by an annual
23 transformation funding pool of up to \$150,000,000,
24 pending federal matching funds, to be allocated during
25 the specified fiscal years for the purpose of
26 facilitating hospital and health care transformation.

1 No disbursement of moneys for transformation projects
2 from the transformation funding pool described under
3 this Section shall be considered an award, a grant, or
4 an expenditure of grant funds. Funding agreements made
5 in accordance with the transformation program shall be
6 considered purchases of care under the Illinois
7 Procurement Code, and funds shall be expended by the
8 Department in a manner that maximizes federal funding
9 to expend the entire allocated amount.

10 The Department shall convene, within 30 days after
11 the effective date of this amendatory Act of the 101st
12 General Assembly, a workgroup that includes subject
13 matter experts on healthcare disparities and
14 stakeholders from distressed communities, which could
15 be a subcommittee of the Medicaid Advisory Committee,
16 to review and provide recommendations on how
17 Department policy, including health care
18 transformation, can improve health disparities and the
19 impact on communities disproportionately affected by
20 COVID-19. The workgroup shall consider and make
21 recommendations on the following issues: a community
22 safety-net designation of certain hospitals, racial
23 equity, and a regional partnership to bring additional
24 specialty services to communities. ~~Whereas there are~~
25 ~~communities in Illinois that suffer from significant~~
26 ~~health care disparities aggravated by social~~

~~determinants of health and a lack of sufficiently allocated healthcare resources, particularly community-based services and preventive care, there is established a new hospital and health care transformation program, which shall be supported by a transformation funding pool. An application for funding from the hospital and health care transformation program may incorporate the campus of a hospital closed after January 1, 2018 or a hospital that has provided notice of its intent to close pursuant to Section 8.7 of the Illinois Health Facilities Planning Act. During State Fiscal Years 2021 through 2023, the hospital and health care transformation program shall be supported by an annual transformation funding pool of at least \$150,000,000 to be allocated during the specified fiscal years for the purpose of facilitating hospital and health care transformation. The Department shall not allocate funds associated with the hospital and health care transformation pool as established in this subparagraph until the General Assembly has established in law or resolution, further criteria for dispersal or allocation of those funds after the effective date of this amendatory Act of 101st General Assembly.~~

(C) As provided in paragraph (9) of Section 3 of

1 the Illinois Health Facilities Planning Act, any
2 hospital participating in the transformation program
3 may be excluded from the requirements of the Illinois
4 Health Facilities Planning Act for those projects
5 related to the hospital's transformation. To be
6 eligible, the hospital must submit to the Health
7 Facilities and Services Review Board approval from the
8 Department that the project is a part of the hospital's
9 transformation.

10 (D) As provided in subsection (a-20) of Section
11 32.5 of the Emergency Medical Services (EMS) Systems
12 Act, a hospital that received hospital transformation
13 payments under this Section may convert to a
14 freestanding emergency center. To be eligible for such
15 a conversion, the hospital must submit to the
16 Department of Public Health approval from the
17 Department that the project is a part of the hospital's
18 transformation.

19 (E) Criteria for proposals. To be eligible for
20 funding under this Section, a transformation proposal
21 shall meet all of the following criteria:

22 (i) the proposal shall be designed based on
23 community needs assessment completed by either a
24 University partner or other qualified entity with
25 significant community input;

26 (ii) the proposal shall be a collaboration

1 among providers across the care and community
2 spectrum, including preventative care, primary
3 care specialty care, hospital services, mental
4 health and substance abuse services, as well as
5 community-based entities that address the social
6 determinants of health;

7 (iii) the proposal shall be specifically
8 designed to improve healthcare outcomes and reduce
9 healthcare disparities, and improve the
10 coordination, effectiveness, and efficiency of
11 care delivery;

12 (iv) the proposal shall have specific
13 measurable metrics related to disparities that
14 will be tracked by the Department and made public
15 by the Department;

16 (v) the proposal shall include a commitment to
17 include Business Enterprise Program certified
18 vendors or other entities controlled and managed
19 by minorities or women; and

20 (vi) the proposal shall specifically increase
21 access to primary, preventive, or specialty care.

22 (F) Entities eligible to be funded.

23 (i) Proposals for funding should come from
24 collaborations operating in one of the most
25 distressed communities in Illinois as determined
26 by the U.S. Centers for Disease Control and

1 Prevention's Social Vulnerability Index for
2 Illinois and areas disproportionately impacted by
3 COVID-19 or from rural areas of Illinois.

4 (ii) The Department shall prioritize
5 partnerships from distressed communities, which
6 include Business Enterprise Program certified
7 vendors or other entities controlled and managed
8 by minorities or women and also include one or more
9 of the following: safety-net hospitals, critical
10 access hospitals, the campuses of hospitals that
11 have closed since January 1, 2018, or other
12 healthcare providers designed to address specific
13 healthcare disparities, including the impact of
14 COVID-19 on individuals and the community and the
15 need for post-COVID care. All funded proposals
16 must include specific measurable goals and metrics
17 related to improved outcomes and reduced
18 disparities which shall be tracked by the
19 Department.

20 (iii) The Department should target the funding
21 in the following ways: \$30,000,000 of
22 transformation funds to projects that are a
23 collaboration between a safety-net hospital,
24 particularly community safety-net hospitals, and
25 other providers and designed to address specific
26 healthcare disparities, \$20,000,000 of

1 transformation funds to collaborations between
2 safety-net hospitals and a larger hospital partner
3 that increases specialty care in distressed
4 communities, \$30,000,000 of transformation funds
5 to projects that are a collaboration between
6 hospitals and other providers in distressed areas
7 of the State designed to address specific
8 healthcare disparities, \$15,000,000 to
9 collaborations between critical access hospitals
10 and other providers designed to address specific
11 healthcare disparities, and \$15,000,000 to
12 cross-provider collaborations designed to address
13 specific healthcare disparities, and \$5,000,000 to
14 collaborations that focus on workforce
15 development.

16 (iv) The Department may allocate up to
17 \$5,000,000 for planning, racial equity analysis,
18 or consulting resources for the Department or
19 entities without the resources to develop a plan to
20 meet the criteria of this Section. Any contract for
21 consulting services issued by the Department under
22 this subparagraph shall comply with the provisions
23 of Section 5-45 of the State Officials and
24 Employees Ethics Act. Based on availability of
25 federal funding, the Department may directly
26 procure consulting services or provide funding to

1 the collaboration. The provision of resources
2 under this subparagraph is not a guarantee that a
3 project will be approved.

4 (v) The Department shall take steps to ensure
5 that safety-net hospitals operating in
6 under-resourced communities receive priority
7 access to hospital and healthcare transformation
8 funds, including consulting funds, as provided
9 under this Section.

10 (G) Process for submitting and approving projects
11 for distressed communities. The Department shall issue
12 a template for application. The Department shall post
13 any proposal received on the Department's website for
14 at least 2 weeks for public comment, and any such
15 public comment shall also be considered in the review
16 process. Applicants may request that proprietary
17 financial information be redacted from publicly posted
18 proposals and the Department in its discretion may
19 agree. Proposals for each distressed community must
20 include all of the following:

21 (i) A detailed description of how the project
22 intends to affect the goals outlined in this
23 subsection, describing new interventions, new
24 technology, new structures, and other changes to
25 the healthcare delivery system planned.

26 (ii) A detailed description of the racial and

1 ethnic makeup of the entities' board and
2 leadership positions and the salaries of the
3 executive staff of entities in the partnership
4 that is seeking to obtain funding under this
5 Section.

6 (iii) A complete budget, including an overall
7 timeline and a detailed pathway to sustainability
8 within a 5-year period, specifying other sources
9 of funding, such as in-kind, cost-sharing, or
10 private donations, particularly for capital needs.
11 There is an expectation that parties to the
12 transformation project dedicate resources to the
13 extent they are able and that these expectations
14 are delineated separately for each entity in the
15 proposal.

16 (iv) A description of any new entities formed
17 or other legal relationships between collaborating
18 entities and how funds will be allocated among
19 participants.

20 (v) A timeline showing the evolution of sites
21 and specific services of the project over a 5-year
22 period, including services available to the
23 community by site.

24 (vi) Clear milestones indicating progress
25 toward the proposed goals of the proposal as
26 checkpoints along the way to continue receiving

1 funding. The Department is authorized to refine
2 these milestones in agreements, and is authorized
3 to impose reasonable penalties, including
4 repayment of funds, for substantial lack of
5 progress.

6 (vii) A clear statement of the level of
7 commitment the project will include for minorities
8 and women in contracting opportunities, including
9 as equity partners where applicable, or as
10 subcontractors and suppliers in all phases of the
11 project.

12 (viii) If the community study utilized is not
13 the study commissioned and published by the
14 Department, the applicant must define the
15 methodology used, including documentation of clear
16 community participation.

17 (ix) A description of the process used in
18 collaborating with all levels of government in the
19 community served in the development of the
20 project, including, but not limited to,
21 legislators and officials of other units of local
22 government.

23 (x) Documentation of a community input process
24 in the community served, including links to
25 proposal materials on public websites.

26 (xi) Verifiable project milestones and quality

1 metrics that will be impacted by transformation.
2 These project milestones and quality metrics must
3 be identified with improvement targets that must
4 be met.

5 (xii) Data on the number of existing employees
6 by various job categories and wage levels by the
7 zip code of the employees' residence and
8 benchmarks for the continued maintenance and
9 improvement of these levels. The proposal must
10 also describe any retraining or other workforce
11 development planned for the new project.

12 (xiii) If a new entity is created by the
13 project, a description of how the board will be
14 reflective of the community served by the
15 proposal.

16 (xiv) An explanation of how the proposal will
17 address the existing disparities that exacerbated
18 the impact of COVID-19 and the need for post-COVID
19 care in the community, if applicable.

20 (xv) An explanation of how the proposal is
21 designed to increase access to care, including
22 specialty care based upon the community's needs.

23 (H) The Department shall evaluate proposals for
24 compliance with the criteria listed under subparagraph
25 (G). Proposals meeting all of the criteria may be
26 eligible for funding with the areas of focus

1 prioritized as described in item (ii) of subparagraph
2 (F). Based on the funds available, the Department may
3 negotiate funding agreements with approved applicants
4 to maximize federal funding. Nothing in this
5 subsection requires that an approved project be funded
6 to the level requested. Agreements shall specify the
7 amount of funding anticipated annually, the
8 methodology of payments, the limit on the number of
9 years such funding may be provided, and the milestones
10 and quality metrics that must be met by the projects in
11 order to continue to receive funding during each year
12 of the program. Agreements shall specify the terms and
13 conditions under which a health care facility that
14 receives funds under a purchase of care agreement and
15 closes in violation of the terms of the agreement must
16 pay an early closure fee no greater than 50% of the
17 funds it received under the agreement, prior to the
18 Health Facilities and Services Review Board
19 considering an application for closure of the
20 facility. Any project that is funded shall be required
21 to provide quarterly written progress reports, in a
22 form prescribed by the Department, and at a minimum
23 shall include the progress made in achieving any
24 milestones or metrics or Business Enterprise Program
25 commitments in its plan. The Department may reduce or
26 end payments, as set forth in transformation plans, if

1 milestones or metrics or Business Enterprise Program
2 commitments are not achieved. The Department shall
3 seek to make payments from the transformation fund in a
4 manner that is eligible for federal matching funds.

5 In reviewing the proposals, the Department shall
6 take into account the needs of the community, data from
7 the study commissioned by the Department from the
8 University of Illinois-Chicago if applicable, feedback
9 from public comment on the Department's website, as
10 well as how the proposal meets the criteria listed
11 under subparagraph (G). Alignment with the
12 Department's overall strategic initiatives shall be an
13 important factor. To the extent that fiscal year
14 funding is not adequate to fund all eligible projects
15 that apply, the Department shall prioritize
16 applications that most comprehensively and effectively
17 address the criteria listed under subparagraph (G).

18 (3) (Blank).

19 (4) Hospital Transformation Review Committee. There is
20 created the Hospital Transformation Review Committee. The
21 Committee shall consist of 14 members. No later than 30
22 days after March 12, 2018 (the effective date of Public Act
23 100-581), the 4 legislative leaders shall each appoint 3
24 members; the Governor shall appoint the Director of
25 Healthcare and Family Services, or his or her designee, as
26 a member; and the Director of Healthcare and Family

1 Services shall appoint one member. Any vacancy shall be
2 filled by the applicable appointing authority within 15
3 calendar days. The members of the Committee shall select a
4 Chair and a Vice-Chair from among its members, provided
5 that the Chair and Vice-Chair cannot be appointed by the
6 same appointing authority and must be from different
7 political parties. The Chair shall have the authority to
8 establish a meeting schedule and convene meetings of the
9 Committee, and the Vice-Chair shall have the authority to
10 convene meetings in the absence of the Chair. The Committee
11 may establish its own rules with respect to meeting
12 schedule, notice of meetings, and the disclosure of
13 documents; however, the Committee shall not have the power
14 to subpoena individuals or documents and any rules must be
15 approved by 9 of the 14 members. The Committee shall
16 perform the functions described in this Section and advise
17 and consult with the Director in the administration of this
18 Section. In addition to reviewing and approving the
19 policies, procedures, and rules for the hospital and health
20 care transformation program, the Committee shall consider
21 and make recommendations related to qualifying criteria
22 and payment methodologies related to safety-net hospitals
23 and children's hospitals. Members of the Committee
24 appointed by the legislative leaders shall be subject to
25 the jurisdiction of the Legislative Ethics Commission, not
26 the Executive Ethics Commission, and all requests under the

1 Freedom of Information Act shall be directed to the
2 applicable Freedom of Information officer for the General
3 Assembly. The Department shall provide operational support
4 to the Committee as necessary. The Committee is dissolved
5 on April 1, 2019.

6 (e) Beginning 36 months after initial implementation, the
7 Department shall update the reimbursement components in
8 subsections (a) and (b), including standardized amounts and
9 weighting factors, and at least triennially and no more
10 frequently than annually thereafter. The Department shall
11 publish these updates on its website no later than 30 calendar
12 days prior to their effective date.

13 (f) Continuation of supplemental payments. Any
14 supplemental payments authorized under Illinois Administrative
15 Code 148 effective January 1, 2014 and that continue during the
16 period of July 1, 2014 through December 31, 2014 shall remain
17 in effect as long as the assessment imposed by Section 5A-2
18 that is in effect on December 31, 2017 remains in effect.

19 (g) Notwithstanding subsections (a) through (f) of this
20 Section and notwithstanding the changes authorized under
21 Section 5-5b.1, any updates to the system shall not result in
22 any diminishment of the overall effective rates of
23 reimbursement as of the implementation date of the new system
24 (July 1, 2014). These updates shall not preclude variations in
25 any individual component of the system or hospital rate
26 variations. Nothing in this Section shall prohibit the

1 Department from increasing the rates of reimbursement or
2 developing payments to ensure access to hospital services.
3 Nothing in this Section shall be construed to guarantee a
4 minimum amount of spending in the aggregate or per hospital as
5 spending may be impacted by factors, including, but not limited
6 to, the number of individuals in the medical assistance program
7 and the severity of illness of the individuals.

8 (h) The Department shall have the authority to modify by
9 rulemaking any changes to the rates or methodologies in this
10 Section as required by the federal government to obtain federal
11 financial participation for expenditures made under this
12 Section.

13 (i) Except for subsections (g) and (h) of this Section, the
14 Department shall, pursuant to subsection (c) of Section 5-40 of
15 the Illinois Administrative Procedure Act, provide for
16 presentation at the June 2014 hearing of the Joint Committee on
17 Administrative Rules (JCAR) additional written notice to JCAR
18 of the following rules in order to commence the second notice
19 period for the following rules: rules published in the Illinois
20 Register, rule dated February 21, 2014 at 38 Ill. Reg. 4559
21 (Medical Payment), 4628 (Specialized Health Care Delivery
22 Systems), 4640 (Hospital Services), 4932 (Diagnostic Related
23 Grouping (DRG) Prospective Payment System (PPS)), and 4977
24 (Hospital Reimbursement Changes), and published in the
25 Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499
26 (Specialized Health Care Delivery Systems) and 6505 (Hospital

1 Services).

2 (j) Out-of-state hospitals. Beginning July 1, 2018, for
3 purposes of determining for State fiscal years 2019 and 2020
4 and subsequent fiscal years the hospitals eligible for the
5 payments authorized under subsections (a) and (b) of this
6 Section, the Department shall include out-of-state hospitals
7 that are designated a Level I pediatric trauma center or a
8 Level I trauma center by the Department of Public Health as of
9 December 1, 2017.

10 (k) The Department shall notify each hospital and managed
11 care organization, in writing, of the impact of the updates
12 under this Section at least 30 calendar days prior to their
13 effective date.

14 (Source: P.A. 100-581, eff. 3-12-18; 100-1181, eff. 3-8-19;
15 101-81, eff. 7-12-19; 101-650, eff. 7-7-20.)

16 Section 99. Effective date. This Act takes effect upon
17 becoming law."
