A BILL FOR

AN ACT concerning public aid.

**Be it enacted by the People of the State of Illinois, represented in the General Assembly:**

Section 5. The Illinois Public Aid Code is amended by changing Section 5-5.2 as follows:

(305 ILCS 5/5-5.2) (from Ch. 23, par. 5-5.2)

Sec. 5-5.2. Payment.

(a) All nursing facilities that are grouped pursuant to Section 5-5.1 of this Act shall receive the same rate of payment for similar services.

(b) It shall be a matter of State policy that the Illinois Department shall utilize a uniform billing cycle throughout the State for the long-term care providers. Notwithstanding any other provision of law, whenever a recipient of medical assistance opts to receive hospice care at a long-term care facility, the Department shall make all room and board payments directly to the long-term care provider and all hospice care payments directly to the hospice care provider.

(c) Notwithstanding any other provisions of this Code, the methodologies for reimbursement of nursing services as provided under this Article shall no longer be applicable for bills payable for nursing services rendered on or after a new reimbursement system based on the Resource Utilization Groups

(RUGs) has been fully operationalized, which shall take effect for services provided on or after January 1, 2014.

(d) The new nursing services reimbursement methodology utilizing RUG-IV 48 grouper model, which shall be referred to as the RUGs reimbursement system, taking effect January 1, 2014, shall be based on the following:

(1) The methodology shall be resident-driven, facility-specific, and cost-based.

(2) Costs shall be annually rebased and case mix index quarterly updated. The nursing services methodology will be assigned to the Medicaid enrolled residents on record as of 30 days prior to the beginning of the rate period in the Department's Medicaid Management Information System (MMIS) as present on the last day of the second quarter preceding the rate period based upon the Assessment Reference Date of the Minimum Data Set (MDS).

(3) Regional wage adjustors based on the Health Service Areas (HSA) groupings and adjusters in effect on April 30, 2012 shall be included.

(4) Case mix index shall be assigned to each resident class based on the Centers for Medicare and Medicaid Services staff time measurement study in effect on July 1, 2013, utilizing an index maximization approach.

(5) The pool of funds available for distribution by case mix and the base facility rate shall be determined using the formula contained in subsection (d-1).

(d-1) Calculation of base year Statewide RUG-IV nursing base per diem rate.

(1) Base rate spending pool shall be:

(A) The base year resident days which are calculated by multiplying the number of Medicaid residents in each nursing home as indicated in the MDS data defined in paragraph (4) by 365.

(B) Each facility's nursing component per diem in effect on July 1, 2012 shall be multiplied by subsection (A).

(C) Thirteen million is added to the product of subparagraph (A) and subparagraph (B) to adjust for the exclusion of nursing homes defined in paragraph (5).

(2) For each nursing home with Medicaid residents as indicated by the MDS data defined in paragraph (4), weighted days adjusted for case mix and regional wage adjustment shall be calculated. For each home this calculation is the product of:

(A) Base year resident days as calculated in subparagraph (A) of paragraph (1).

(B) The nursing home's regional wage adjustor based on the Health Service Areas (HSA) groupings and adjustors in effect on April 30, 2012.

(C) Facility weighted case mix which is the number of Medicaid residents as indicated by the MDS data defined in paragraph (4) multiplied by the associated

case weight for the RUG-IV 48 grouper model using standard RUG-IV procedures for index maximization.

(D) The sum of the products calculated for each nursing home in subparagraphs (A) through (C) above shall be the base year case mix, rate adjusted weighted days.

(3) The Statewide RUG-IV nursing base per diem rate:

(A) on January 1, 2014 shall be the quotient of the paragraph (1) divided by the sum calculated under subparagraph (D) of paragraph (2); and

(B) on and after July 1, 2014, shall be the amount calculated under subparagraph (A) of this paragraph (3) plus $1.76.

(4) Minimum Data Set (MDS) comprehensive assessments for Medicaid residents on the last day of the quarter used to establish the base rate.

(5) Nursing facilities designated as of July 1, 2012 by the Department as "Institutions for Mental Disease" shall be excluded from all calculations under this subsection. The data from these facilities shall not be used in the computations described in paragraphs (1) through (4) above to establish the base rate.

(e) Beginning July 1, 2014, the Department shall allocate funding in the amount up to $10,000,000 for per diem add-ons to the RUGS methodology for dates of service on and after July 1, 2014:

(1) $0.63 for each resident who scores in I4200 Alzheimer's Disease or I4800 non-Alzheimer's Dementia.

(2) $2.67 for each resident who scores either a "1" or "2" in any items S1200A through S1200I and also scores in RUG groups PA1, PA2, BA1, or BA2.

(e-1) (Blank).

(e-2) For dates of services beginning January 1, 2014, the RUG-IV nursing component per diem for a nursing home shall be the product of the statewide RUG-IV nursing base per diem rate, the facility average case mix index, and the regional wage adjustor. Transition rates for services provided between January 1, 2014 and December 31, 2014 shall be as follows:

(1) The transition RUG-IV per diem nursing rate for nursing homes whose rate calculated in this subsection (e-2) is greater than the nursing component rate in effect July 1, 2012 shall be paid the sum of:

(A) The nursing component rate in effect July 1, 2012; plus

(B) The difference of the RUG-IV nursing component per diem calculated for the current quarter minus the nursing component rate in effect July 1, 2012 multiplied by 0.88.

(2) The transition RUG-IV per diem nursing rate for nursing homes whose rate calculated in this subsection (e-2) is less than the nursing component rate in effect July 1, 2012 shall be paid the sum of:

(A) The nursing component rate in effect July 1, 2012; plus

(B) The difference of the RUG-IV nursing component per diem calculated for the current quarter minus the nursing component rate in effect July 1, 2012 multiplied by 0.13.

(f) Notwithstanding any other provision of this Code, on and after July 1, 2012, reimbursement rates associated with the nursing or support components of the current nursing facility rate methodology shall not increase beyond the level effective May 1, 2011 until a new reimbursement system based on the RUGs IV 48 grouper model has been fully operationalized.

(g) Notwithstanding any other provision of this Code, on and after July 1, 2012, for facilities not designated by the Department of Healthcare and Family Services as "Institutions for Mental Disease", rates effective May 1, 2011 shall be adjusted as follows:

(1) Individual nursing rates for residents classified in RUG IV groups PA1, PA2, BA1, and BA2 during the quarter ending March 31, 2012 shall be reduced by 10%;

(2) Individual nursing rates for residents classified in all other RUG IV groups shall be reduced by 1.0%;

(3) Facility rates for the capital and support components shall be reduced by 1.7%.

(h) Notwithstanding any other provision of this Code, on and after July 1, 2012, nursing facilities designated by the
