

1 AN ACT concerning health.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Egg and Egg Products Act is amended
5 by changing Section 6 as follows:

6 (410 ILCS 615/6) (from Ch. 56 1/2, par. 55-6)

7 Sec. 6. Candling; labeling; sales by producers; retail
8 sales; temperature requirements. All eggs sold at retail or
9 purchased by institutional consumers must be candled for
10 quality and graded for size.

11 A producer may sell on his own premises where eggs are
12 produced, direct to household consumers, for the consumer's
13 personal use and that consumer's non-paying guests, nest run
14 eggs without candling or grading those eggs.

15 All eggs designated for sale off the premises where the
16 entire flock is located, such as at farmers' markets, and at
17 retail or for institutional use must be candled and graded and
18 held in a place or room in which the temperature may not exceed
19 45 degrees Fahrenheit after processing. Nest run eggs must be
20 held and transported at or below 45 degrees Fahrenheit ambient
21 temperature beginning 36 hours after the time of lay. ~~Nest run~~
22 ~~eggs shall be held at 60 degrees Fahrenheit or less at all~~
23 ~~times. During transportation, the egg temperature may not~~

1 ~~exceed 45 degrees Fahrenheit.~~

2 Hatcheries buying eggs for hatching purposes from
3 producers under contract may sell their surplus eggs to a
4 licensed packer or handler provided that the hatchery shall
5 keep records which indicate the number of cases sold, the date
6 of sale and the name and address of the packer or handler
7 making the purchase.

8 All eggs candled or candled and graded outside the State
9 must meet Federal standards before they can be sold or offered
10 for sale in the State. No eggs may be offered for sale for
11 consumer use 45 days or more after the date of candling.

12 Each container of eggs offered for sale or sold at
13 wholesale or retail must be labeled in accordance with the
14 standards established by the Department showing grade, size,
15 packer identification, and candling date, and must be labeled
16 with an expiration date, or other similar language as specified
17 by USDA standards, that is not later than 45 days from the
18 candling date for grade A eggs and not later than 30 days after
19 the candling date for grade AA eggs.

20 The grade and size of eggs must be conspicuously marked in
21 bold face type on all consumer-size containers.

22 The size and height of lettering or numbering requirement
23 shall be set by regulation and shall conform as near as
24 possible to those required by Federal law.

25 All advertising of shell eggs for sale at retail for a
26 stated price shall contain the grade and size of the eggs. The

1 information contained in such advertising shall not be
2 misleading or deceptive. In cases of food-borne disease
3 outbreaks in which eggs are identified as the source of the
4 disease, all eggs from the flocks from which those
5 disease-causing eggs came shall be identified with a producer
6 identification or flock code number to control the movement of
7 those eggs.

9 Section 99. Effective date. This Act takes effect upon
10 becoming law.
