4 Section 5. The Illinois Pension Code is amended by changing
5 Sections 15-155 and 15-165 as follows:

6 (40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

7 Sec. 15-155. Employer contributions.

8 (a) The State of Illinois shall make contributions by
9 appropriations of amounts which, together with ~~the other~~
10 employer contributions and other contributions from trust,
11 federal, and other funds, employee contributions, income from
12 investments, and other income of this System, will be
13 sufficient to meet the cost of maintaining and administering
14 the System on a 90% funded basis in accordance with actuarial
15 recommendations.

16 The Board shall determine the amount of State contributions
17 required for each fiscal year on the basis of the actuarial
18 tables and other assumptions adopted by the Board and the
19 recommendations of the actuary, using the formula in subsection
20 (a-1).

21 (a-1) For State fiscal years 2012 through 2045, the minimum
22 contribution to the System to be made by the State for each
23 fiscal year shall be an amount determined by the System to be

1 sufficient to bring the total assets of the System up to 90% of
2 the total actuarial liabilities of the System by the end of
3 State fiscal year 2045. In making these determinations, the
4 required State contribution shall be calculated each year as a
5 level percentage of payroll over the years remaining to and
6 including fiscal year 2045 and shall be determined under the
7 projected unit credit actuarial cost method. Beginning
8 immediately upon the effective date of this amendatory Act of
9 the 101st General Assembly, the required State contribution
10 shall take into consideration the amount of the actual-employer
11 normal-cost contribution required under subsection (a-5).

12 For each of State fiscal years 2018, 2019, and 2020, the
13 State shall make an additional contribution to the System equal
14 to 2% of the total payroll of each employee who is deemed to
15 have elected the benefits under Section 1-161 or who has made
16 the election under subsection (c) of Section 1-161.

17 A change in an actuarial or investment assumption that
18 increases or decreases the required State contribution and
19 first applies in State fiscal year 2018 or thereafter shall be
20 implemented in equal annual amounts over a 5-year period
21 beginning in the State fiscal year in which the actuarial
22 change first applies to the required State contribution.

23 A change in an actuarial or investment assumption that
24 increases or decreases the required State contribution and
25 first applied to the State contribution in fiscal year 2014,
26 2015, 2016, or 2017 shall be implemented:

1 (i) as already applied in State fiscal years before
2 2018; and

3 (ii) in the portion of the 5-year period beginning in
4 the State fiscal year in which the actuarial change first
5 applied that occurs in State fiscal year 2018 or
6 thereafter, by calculating the change in equal annual
7 amounts over that 5-year period and then implementing it at
8 the resulting annual rate in each of the remaining fiscal
9 years in that 5-year period.

10 For State fiscal years 1996 through 2005, the State
11 contribution to the System, as a percentage of the applicable
12 employee payroll, shall be increased in equal annual increments
13 so that by State fiscal year 2011, the State is contributing at
14 the rate required under this Section.

15 Notwithstanding any other provision of this Article, the
16 total required State contribution for State fiscal year 2006 is
17 \$166,641,900.

18 Notwithstanding any other provision of this Article, the
19 total required State contribution for State fiscal year 2007 is
20 \$252,064,100.

21 For each of State fiscal years 2008 through 2009, the State
22 contribution to the System, as a percentage of the applicable
23 employee payroll, shall be increased in equal annual increments
24 from the required State contribution for State fiscal year
25 2007, so that by State fiscal year 2011, the State is
26 contributing at the rate otherwise required under this Section.

1 Notwithstanding any other provision of this Article, the
2 total required State contribution for State fiscal year 2010 is
3 \$702,514,000 and shall be made from the State Pensions Fund and
4 proceeds of bonds sold in fiscal year 2010 pursuant to Section
5 7.2 of the General Obligation Bond Act, less (i) the pro rata
6 share of bond sale expenses determined by the System's share of
7 total bond proceeds, (ii) any amounts received from the General
8 Revenue Fund in fiscal year 2010, (iii) any reduction in bond
9 proceeds due to the issuance of discounted bonds, if
10 applicable.

11 Notwithstanding any other provision of this Article, the
12 total required State contribution for State fiscal year 2011 is
13 the amount recertified by the System on or before April 1, 2011
14 pursuant to Section 15-165 and shall be made from the State
15 Pensions Fund and proceeds of bonds sold in fiscal year 2011
16 pursuant to Section 7.2 of the General Obligation Bond Act,
17 less (i) the pro rata share of bond sale expenses determined by
18 the System's share of total bond proceeds, (ii) any amounts
19 received from the General Revenue Fund in fiscal year 2011, and
20 (iii) any reduction in bond proceeds due to the issuance of
21 discounted bonds, if applicable.

22 Beginning in State fiscal year 2046, the minimum State
23 contribution for each fiscal year shall be the amount needed to
24 maintain the total assets of the System at 90% of the total
25 actuarial liabilities of the System.

26 Amounts received by the System pursuant to Section 25 of

1 the Budget Stabilization Act or Section 8.12 of the State
2 Finance Act in any fiscal year do not reduce and do not
3 constitute payment of any portion of the minimum State
4 contribution required under this Article in that fiscal year.
5 Such amounts shall not reduce, and shall not be included in the
6 calculation of, the required State contributions under this
7 Article in any future year until the System has reached a
8 funding ratio of at least 90%. A reference in this Article to
9 the "required State contribution" or any substantially similar
10 term does not include or apply to any amounts payable to the
11 System under Section 25 of the Budget Stabilization Act.

12 Notwithstanding any other provision of this Section, the
13 required State contribution for State fiscal year 2005 and for
14 fiscal year 2008 and each fiscal year thereafter, as calculated
15 under this Section and certified under Section 15-165, shall
16 not exceed an amount equal to (i) the amount of the required
17 State contribution that would have been calculated under this
18 Section for that fiscal year if the System had not received any
19 payments under subsection (d) of Section 7.2 of the General
20 Obligation Bond Act, minus (ii) the portion of the State's
21 total debt service payments for that fiscal year on the bonds
22 issued in fiscal year 2003 for the purposes of that Section
23 7.2, as determined and certified by the Comptroller, that is
24 the same as the System's portion of the total moneys
25 distributed under subsection (d) of Section 7.2 of the General
26 Obligation Bond Act. In determining this maximum for State

1 fiscal years 2008 through 2010, however, the amount referred to
2 in item (i) shall be increased, as a percentage of the
3 applicable employee payroll, in equal increments calculated
4 from the sum of the required State contribution for State
5 fiscal year 2007 plus the applicable portion of the State's
6 total debt service payments for fiscal year 2007 on the bonds
7 issued in fiscal year 2003 for the purposes of Section 7.2 of
8 the General Obligation Bond Act, so that, by State fiscal year
9 2011, the State is contributing at the rate otherwise required
10 under this Section.

11 (a-2) Beginning in fiscal year 2018, each employer under
12 this Article shall pay to the System a required contribution
13 determined as a percentage of projected payroll and sufficient
14 to produce an annual amount equal to:

15 (i) for each of fiscal years 2018, 2019, and 2020, the
16 defined benefit normal cost of the defined benefit plan,
17 less the employee contribution, for each employee of that
18 employer who has elected or who is deemed to have elected
19 the benefits under Section 1-161 or who has made the
20 election under subsection (c) of Section 1-161; for fiscal
21 year 2021 and each fiscal year thereafter, the defined
22 benefit normal cost of the defined benefit plan, less the
23 employee contribution, plus 2%, for each employee of that
24 employer who has elected or who is deemed to have elected
25 the benefits under Section 1-161 or who has made the
26 election under subsection (c) of Section 1-161; plus

1 (ii) the amount required for that fiscal year to
2 amortize any unfunded actuarial accrued liability
3 associated with the present value of liabilities
4 attributable to the employer's account under Section
5 15-155.2, determined as a level percentage of payroll over
6 a 30-year rolling amortization period.

7 In determining contributions required under item (i) of
8 this subsection, the System shall determine an aggregate rate
9 for all employers, expressed as a percentage of projected
10 payroll.

11 In determining the contributions required under item (ii)
12 of this subsection, the amount shall be computed by the System
13 on the basis of the actuarial assumptions and tables used in
14 the most recent actuarial valuation of the System that is
15 available at the time of the computation.

16 The contributions required under this subsection (a-2)
17 shall be paid by an employer concurrently with that employer's
18 payroll payment period. The State, as the actual employer of an
19 employee, shall make the required contributions under this
20 subsection.

21 As used in this subsection, "academic year" means the
22 12-month period beginning September 1.

23 (a-5) Beginning immediately upon the effective date of this
24 amendatory Act of the 101st General Assembly, the actual
25 employer of a participating employee shall contribute an amount
26 equal to the full employer's normal cost of the benefits earned

1 under this System that result from employment by that employer,
2 to be paid to the System on a payroll-by-payroll basis, using
3 the percentage of earnings determined on a System-wide basis
4 and certified by the System to all employers for use in the
5 applicable fiscal year.

6 (b) If an employee is paid from trust or federal funds, the
7 employer shall pay to the Board contributions from those funds
8 which are sufficient to cover the accruing normal costs on
9 behalf of the employee. However, universities having employees
10 who are compensated out of local auxiliary funds, income funds,
11 or service enterprise funds are not required to pay such
12 contributions on behalf of those employees. The local auxiliary
13 funds, income funds, and service enterprise funds of
14 universities shall not be considered trust funds for the
15 purpose of this Article, but funds of alumni associations,
16 foundations, and athletic associations which are affiliated
17 with the universities included as employers under this Article
18 and other employers which do not receive State appropriations
19 are considered to be trust funds for the purpose of this
20 Article.

21 (b-1) The City of Urbana and the City of Champaign shall
22 each make employer contributions to this System for their
23 respective firefighter employees who participate in this
24 System pursuant to subsection (h) of Section 15-107. The rate
25 of contributions to be made by those municipalities shall be
26 determined annually by the Board on the basis of the actuarial

1 assumptions adopted by the Board and the recommendations of the
2 actuary, and shall be expressed as a percentage of salary for
3 each such employee. The Board shall certify the rate to the
4 affected municipalities as soon as may be practical. The
5 employer contributions required under this subsection shall be
6 remitted by the municipality to the System at the same time and
7 in the same manner as employee contributions.

8 (c) Through State fiscal year 1995: The total employer
9 contribution shall be apportioned among the various funds of
10 the State and other employers, whether trust, federal, or other
11 funds, in accordance with actuarial procedures approved by the
12 Board. State of Illinois contributions for employers receiving
13 State appropriations for personal services shall be payable
14 from appropriations made to the employers or to the System. The
15 contributions for Class I community colleges covering earnings
16 other than those paid from trust and federal funds, shall be
17 payable solely from appropriations to the Illinois Community
18 College Board or the System for employer contributions.

19 (d) Beginning in State fiscal year 1996, the required State
20 contributions to the System shall be appropriated directly to
21 the System and shall be payable through vouchers issued in
22 accordance with subsection (c) of Section 15-165, except as
23 provided in subsection (g).

24 (e) The State Comptroller shall draw warrants payable to
25 the System upon proper certification by the System or by the
26 employer in accordance with the appropriation laws and this

1 Code.

2 (f) Normal costs under this Section means liability for
3 pensions and other benefits which accrues to the System because
4 of the credits earned for service rendered by the participants
5 during the fiscal year and expenses of administering the
6 System, but shall not include the principal of or any
7 redemption premium or interest on any bonds issued by the Board
8 or any expenses incurred or deposits required in connection
9 therewith.

10 (g) If ~~June 4, 2018 (Public Act 100-587)~~ the amount of a
11 participant's earnings for any academic year used to determine
12 the final rate of earnings, determined on a full-time
13 equivalent basis, exceeds the amount of his or her earnings
14 with the same employer for the previous academic year,
15 determined on a full-time equivalent basis, by more than 6%,
16 the participant's employer shall pay to the System, in addition
17 to all other payments required under this Section and in
18 accordance with guidelines established by the System, the
19 present value of the increase in benefits resulting from the
20 portion of the increase in earnings that is in excess of 6%.
21 This present value shall be computed by the System on the basis
22 of the actuarial assumptions and tables used in the most recent
23 actuarial valuation of the System that is available at the time
24 of the computation. The System may require the employer to
25 provide any pertinent information or documentation.

26 Whenever it determines that a payment is or may be required

1 under this subsection (g), the System shall calculate the
2 amount of the payment and bill the employer for that amount.
3 The bill shall specify the calculations used to determine the
4 amount due. If the employer disputes the amount of the bill, it
5 may, within 30 days after receipt of the bill, apply to the
6 System in writing for a recalculation. The application must
7 specify in detail the grounds of the dispute and, if the
8 employer asserts that the calculation is subject to subsection
9 (h) or (i) of this Section, must include an affidavit setting
10 forth and attesting to all facts within the employer's
11 knowledge that are pertinent to the applicability of that
12 subsection. Upon receiving a timely application for
13 recalculation, the System shall review the application and, if
14 appropriate, recalculate the amount due.

15 The employer contributions required under this subsection
16 (g) may be paid in the form of a lump sum within 90 days after
17 receipt of the bill. If the employer contributions are not paid
18 within 90 days after receipt of the bill, then interest will be
19 charged at a rate equal to the System's annual actuarially
20 assumed rate of return on investment compounded annually from
21 the 91st day after receipt of the bill. Payments must be
22 concluded within 3 years after the employer's receipt of the
23 bill.

24 When assessing payment for any amount due under this
25 subsection (g), the System shall include earnings, to the
26 extent not established by a participant under Section 15-113.11

1 or 15-113.12, that would have been paid to the participant had
2 the participant not taken (i) periods of voluntary or
3 involuntary furlough occurring on or after July 1, 2015 and on
4 or before June 30, 2017 or (ii) periods of voluntary pay
5 reduction in lieu of furlough occurring on or after July 1,
6 2015 and on or before June 30, 2017. Determining earnings that
7 would have been paid to a participant had the participant not
8 taken periods of voluntary or involuntary furlough or periods
9 of voluntary pay reduction shall be the responsibility of the
10 employer, and shall be reported in a manner prescribed by the
11 System.

12 This subsection (g) does not apply to (1) Tier 2 hybrid
13 plan members and (2) Tier 2 defined benefit members who first
14 participate under this Article on or after the implementation
15 date of the Optional Hybrid Plan.

16 (g-1) (Blank). ~~June 4, 2018 (Public Act 100-587)~~

17 (h) This subsection (h) applies only to payments made or
18 salary increases given on or after June 1, 2005 but before July
19 1, 2011. The changes made by Public Act 94-1057 shall not
20 require the System to refund any payments received before July
21 31, 2006 (the effective date of Public Act 94-1057).

22 When assessing payment for any amount due under subsection
23 (g), the System shall exclude earnings increases paid to
24 participants under contracts or collective bargaining
25 agreements entered into, amended, or renewed before June 1,
26 2005.

1 When assessing payment for any amount due under subsection
2 (g), the System shall exclude earnings increases paid to a
3 participant at a time when the participant is 10 or more years
4 from retirement eligibility under Section 15-135.

5 When assessing payment for any amount due under subsection
6 (g), the System shall exclude earnings increases resulting from
7 overload work, including a contract for summer teaching, or
8 overtime when the employer has certified to the System, and the
9 System has approved the certification, that: (i) in the case of
10 overloads (A) the overload work is for the sole purpose of
11 academic instruction in excess of the standard number of
12 instruction hours for a full-time employee occurring during the
13 academic year that the overload is paid and (B) the earnings
14 increases are equal to or less than the rate of pay for
15 academic instruction computed using the participant's current
16 salary rate and work schedule; and (ii) in the case of
17 overtime, the overtime was necessary for the educational
18 mission.

19 When assessing payment for any amount due under subsection
20 (g), the System shall exclude any earnings increase resulting
21 from (i) a promotion for which the employee moves from one
22 classification to a higher classification under the State
23 Universities Civil Service System, (ii) a promotion in academic
24 rank for a tenured or tenure-track faculty position, or (iii) a
25 promotion that the Illinois Community College Board has
26 recommended in accordance with subsection (k) of this Section.

1 These earnings increases shall be excluded only if the
2 promotion is to a position that has existed and been filled by
3 a member for no less than one complete academic year and the
4 earnings increase as a result of the promotion is an increase
5 that results in an amount no greater than the average salary
6 paid for other similar positions.

7 (i) When assessing payment for any amount due under
8 subsection (g), the System shall exclude any salary increase
9 described in subsection (h) of this Section given on or after
10 July 1, 2011 but before July 1, 2014 under a contract or
11 collective bargaining agreement entered into, amended, or
12 renewed on or after June 1, 2005 but before July 1, 2011.
13 Notwithstanding any other provision of this Section, any
14 payments made or salary increases given after June 30, 2014
15 shall be used in assessing payment for any amount due under
16 subsection (g) of this Section.

17 (j) The System shall prepare a report and file copies of
18 the report with the Governor and the General Assembly by
19 January 1, 2007 that contains all of the following information:

20 (1) The number of recalculations required by the
21 changes made to this Section by Public Act 94-1057 for each
22 employer.

23 (2) The dollar amount by which each employer's
24 contribution to the System was changed due to
25 recalculations required by Public Act 94-1057.

26 (3) The total amount the System received from each

1 employer as a result of the changes made to this Section by
2 Public Act 94-4.

3 (4) The increase in the required State contribution
4 resulting from the changes made to this Section by Public
5 Act 94-1057.

6 (j-5) For State fiscal years beginning on or after July 1,
7 2017, if the amount of a participant's earnings for any State
8 fiscal year exceeds the amount of the salary set by law for the
9 Governor that is in effect on July 1 of that fiscal year, the
10 participant's employer shall pay to the System, in addition to
11 all other payments required under this Section and in
12 accordance with guidelines established by the System, an amount
13 determined by the System to be equal to the employer normal
14 cost, as established by the System and expressed as a total
15 percentage of payroll, multiplied by the amount of earnings in
16 excess of the amount of the salary set by law for the Governor.
17 This amount shall be computed by the System on the basis of the
18 actuarial assumptions and tables used in the most recent
19 actuarial valuation of the System that is available at the time
20 of the computation. The System may require the employer to
21 provide any pertinent information or documentation.

22 Whenever it determines that a payment is or may be required
23 under this subsection, the System shall calculate the amount of
24 the payment and bill the employer for that amount. The bill
25 shall specify the calculation used to determine the amount due.
26 If the employer disputes the amount of the bill, it may, within

1 30 days after receipt of the bill, apply to the System in
2 writing for a recalculation. The application must specify in
3 detail the grounds of the dispute. Upon receiving a timely
4 application for recalculation, the System shall review the
5 application and, if appropriate, recalculate the amount due.

6 The employer contributions required under this subsection
7 may be paid in the form of a lump sum within 90 days after
8 issuance of the bill. If the employer contributions are not
9 paid within 90 days after issuance of the bill, then interest
10 will be charged at a rate equal to the System's annual
11 actuarially assumed rate of return on investment compounded
12 annually from the 91st day after issuance of the bill. All
13 payments must be received within 3 years after issuance of the
14 bill. If the employer fails to make complete payment, including
15 applicable interest, within 3 years, then the System may, after
16 giving notice to the employer, certify the delinquent amount to
17 the State Comptroller, and the Comptroller shall thereupon
18 deduct the certified delinquent amount from State funds payable
19 to the employer and pay them instead to the System.

20 This subsection (j-5) does not apply to a participant's
21 earnings to the extent an employer pays the employer normal
22 cost of such earnings.

23 The changes made to this subsection (j-5) by Public Act
24 100-624 are intended to apply retroactively to July 6, 2017
25 (the effective date of Public Act 100-23).

26 (k) The Illinois Community College Board shall adopt rules

1 for recommending lists of promotional positions submitted to
2 the Board by community colleges and for reviewing the
3 promotional lists on an annual basis. When recommending
4 promotional lists, the Board shall consider the similarity of
5 the positions submitted to those positions recognized for State
6 universities by the State Universities Civil Service System.
7 The Illinois Community College Board shall file a copy of its
8 findings with the System. The System shall consider the
9 findings of the Illinois Community College Board when making
10 determinations under this Section. The System shall not exclude
11 any earnings increases resulting from a promotion when the
12 promotion was not submitted by a community college. Nothing in
13 this subsection (k) shall require any community college to
14 submit any information to the Community College Board.

15 (l) For purposes of determining the required State
16 contribution to the System, the value of the System's assets
17 shall be equal to the actuarial value of the System's assets,
18 which shall be calculated as follows:

19 As of June 30, 2008, the actuarial value of the System's
20 assets shall be equal to the market value of the assets as of
21 that date. In determining the actuarial value of the System's
22 assets for fiscal years after June 30, 2008, any actuarial
23 gains or losses from investment return incurred in a fiscal
24 year shall be recognized in equal annual amounts over the
25 5-year period following that fiscal year.

26 (m) For purposes of determining the required State

1 contribution to the system for a particular year, the actuarial
2 value of assets shall be assumed to earn a rate of return equal
3 to the system's actuarially assumed rate of return.

8 Sec. 15-165. To certify amounts and submit vouchers.

9 (a) The Board shall certify to the Governor on or before
10 November 15 of each year until November 15, 2011 the
11 appropriation required from State funds for the purposes of
12 this System for the following fiscal year. The certification
13 under this subsection (a) shall include a copy of the actuarial
14 recommendations upon which it is based and shall specifically
15 identify the System's projected State normal cost for that
16 fiscal year and the projected State cost for the self-managed
17 plan for that fiscal year.

18 On or before May 1, 2004, the Board shall recalculate and
19 recertify to the Governor the amount of the required State
20 contribution to the System for State fiscal year 2005, taking
21 into account the amounts appropriated to and received by the
22 System under subsection (d) of Section 7.2 of the General
23 Obligation Bond Act.

24 On or before July 1, 2005, the Board shall recalculate and
25 recertify to the Governor the amount of the required State

1 contribution to the System for State fiscal year 2006, taking
2 into account the changes in required State contributions made
3 by this amendatory Act of the 94th General Assembly.

4 On or before April 1, 2011, the Board shall recalculate and
5 recertify to the Governor the amount of the required State
6 contribution to the System for State fiscal year 2011, applying
7 the changes made by Public Act 96-889 to the System's assets
8 and liabilities as of June 30, 2009 as though Public Act 96-889
9 was approved on that date.

10 (a-5) On or before November 1 of each year, beginning
11 November 1, 2012, the Board shall submit to the State Actuary,
12 the Governor, and the General Assembly a proposed certification
13 of the amount of the required State contribution to the System
14 for the next fiscal year, along with all of the actuarial
15 assumptions, calculations, and data upon which that proposed
16 certification is based. On or before January 1 of each year,
17 beginning January 1, 2013, the State Actuary shall issue a
18 preliminary report concerning the proposed certification and
19 identifying, if necessary, recommended changes in actuarial
20 assumptions that the Board must consider before finalizing its
21 certification of the required State contributions. On or before
22 January 15, 2013 and each January 15 thereafter, the Board
23 shall certify to the Governor and the General Assembly the
24 amount of the required State contribution for the next fiscal
25 year. The Board's certification must note, in a written
26 response to the State Actuary, any deviations from the State

1 Actuary's recommended changes, the reason or reasons for not
2 following the State Actuary's recommended changes, and the
3 fiscal impact of not following the State Actuary's recommended
4 changes on the required State contribution.

5 (a-10) By November 1, 2017, the Board shall recalculate and
6 recertify to the State Actuary, the Governor, and the General
7 Assembly the amount of the State contribution to the System for
8 State fiscal year 2018, taking into account the changes in
9 required State contributions made by this amendatory Act of the
10 100th General Assembly. The State Actuary shall review the
11 assumptions and valuations underlying the Board's revised
12 certification and issue a preliminary report concerning the
13 proposed recertification and identifying, if necessary,
14 recommended changes in actuarial assumptions that the Board
15 must consider before finalizing its certification of the
16 required State contributions. The Board's final certification
17 must note any deviations from the State Actuary's recommended
18 changes, the reason or reasons for not following the State
19 Actuary's recommended changes, and the fiscal impact of not
20 following the State Actuary's recommended changes on the
21 required State contribution.

22 (a-15) On or after June 15, 2019, but no later than June
23 30, 2019, the Board shall recalculate and recertify to the
24 Governor and the General Assembly the amount of the State
25 contribution to the System for State fiscal year 2019, taking
26 into account the changes in required State contributions made

1 by this amendatory Act of the 100th General Assembly. The
2 recalculation shall be made using assumptions adopted by the
3 Board for the original fiscal year 2019 certification. The
4 monthly voucher for the 12th month of fiscal year 2019 shall be
5 paid by the Comptroller after the recertification required
6 pursuant to this subsection is submitted to the Governor,
7 Comptroller, and General Assembly. The recertification
8 submitted to the General Assembly shall be filed with the Clerk
9 of the House of Representatives and the Secretary of the Senate
10 in electronic form only, in the manner that the Clerk and the
11 Secretary shall direct.

12 (a-20) As soon as possible, the Board shall recalculate and
13 recertify to the State Actuary, the Governor, and the General
14 Assembly the projected amount of the required State
15 contribution to the System for the current State fiscal year,
16 taking into account the actual-employer normal-cost
17 contributions required by this amendatory Act of the 101st
18 General Assembly.

19 (a-25) As soon as possible after the effective date of this
20 amendatory act of the 101st General Assembly, the Board shall
21 calculate and certify to the State Actuary, the Governor, the
22 General Assembly, and each employer under this Article the rate
23 of the actual-employer normal-cost contribution to the System
24 for the current fiscal year, expressed as a percentage of
25 earnings and determined on a System-wide basis, for use in the
26 remaining portion of the applicable fiscal year.

1 On or before November 1 of each year, the Board shall
2 calculate and certify to the State Actuary, the Governor, and
3 the General Assembly, and to each employer under this Article
4 (i) the rate of the actual-employer normal-cost contribution to
5 the System for the next fiscal year, expressed as a percentage
6 of earnings and determined on an annual, System-wide basis, and
7 (ii) the projected amount of each employer's contribution for
8 that fiscal year.

9 (b) The Board shall certify to the State Comptroller or
10 employer, as the case may be, from time to time, by its
11 chairperson and secretary, with its seal attached, the amounts
12 payable to the System from the various funds.

13 (c) Beginning in State fiscal year 1996, on or as soon as
14 possible after the 15th day of each month the Board shall
15 submit vouchers for payment of State contributions to the
16 System, in a total monthly amount of one-twelfth of the
17 required annual State contribution certified under subsection
18 (a). From the effective date of this amendatory Act of the 93rd
19 General Assembly through June 30, 2004, the Board shall not
20 submit vouchers for the remainder of fiscal year 2004 in excess
21 of the fiscal year 2004 certified contribution amount
22 determined under this Section after taking into consideration
23 the transfer to the System under subsection (b) of Section
24 6z-61 of the State Finance Act. These vouchers shall be paid by
25 the State Comptroller and Treasurer by warrants drawn on the
26 funds appropriated to the System for that fiscal year.

1 If in any month the amount remaining unexpended from all
2 other appropriations to the System for the applicable fiscal
3 year (including the appropriations to the System under Section
4 8.12 of the State Finance Act and Section 1 of the State
5 Pension Funds Continuing Appropriation Act) is less than the
6 amount lawfully vouchered under this Section, the difference
7 shall be paid from the General Revenue Fund under the
8 continuing appropriation authority provided in Section 1.1 of
9 the State Pension Funds Continuing Appropriation Act.

10 (d) So long as the payments received are the full amount
11 lawfully vouchered under this Section, payments received by the
12 System under this Section shall be applied first toward the
13 employer contribution to the self-managed plan established
14 under Section 15-158.2. Payments shall be applied second toward
15 the employer's portion of the normal costs of the System, as
16 defined in subsection (f) of Section 15-155. The balance shall
17 be applied toward the unfunded actuarial liabilities of the
18 System.

19 (e) In the event that the System does not receive, as a
20 result of legislative enactment or otherwise, payments
21 sufficient to fully fund the employer contribution to the
22 self-managed plan established under Section 15-158.2 and to
23 fully fund that portion of the employer's portion of the normal
24 costs of the System, as calculated in accordance with Section
25 15-155(a-1), then any payments received shall be applied
26 proportionately to the optional retirement program established

1 under Section 15-158.2 and to the employer's portion of the
2 normal costs of the System, as calculated in accordance with
3 Section 15-155(a-1).
