21 (9) of subsection (a) and paragraphs (3) and (4) of this  
22 subsection multiplied by 46%. Beginning July 1, 2022, the  
23 statewide-standardized amounts for outpatient services  
24 shall be increased by a uniform percentage so that base  
25 claims projected reimbursement is increased by an amount

2 paragraphs (8) and (9) of subsection (a) and paragraphs (3)  
3 and (4) of this subsection multiplied by 46%. Beginning  
4 July 1, 2023, the statewide-standardized amounts for  
5 outpatient services shall be increased by a uniform  
6 percentage so that base claims projected reimbursement is  
7 increased by an amount equal to no less than the funds

9           adjustments to the managed care organization capitation  
10          base rates necessitated by the adjustments under  
11          subparagraph (6) or (7) of this subsection are completed  
12          and applied retroactively in accordance with Section  
13          5-30.8 of this Code within 90 days of March 8, 2019 (the  
14          effective date of Public Act 100-1181) ~~this amendatory Act~~  
15          ~~of the 100th General Assembly~~.

16          (c) In consultation with the hospital community, the  
17          Department is authorized to replace 89 Ill. Admin. Code 152.150  
18          as published in 38 Ill. Reg. 4980 through 4986 within 12 months  
19          of June 16, 2014 (the effective date of Public Act 98-651). If  
20          the Department does not replace these rules within 12 months of  
21          June 16, 2014 (the effective date of Public Act 98-651), the  
22          rules in effect for 152.150 as published in 38 Ill. Reg. 4980  
23          through 4986 shall remain in effect until modified by rule by  
24          the Department. Nothing in this subsection shall be construed  
25          to mandate that the Department file a replacement rule.

26          (d) Transition period. There shall be a transition period

1 to the reimbursement systems authorized under this Section that  
2 shall begin on the effective date of these systems and continue  
3 until June 30, 2018, unless extended by rule by the Department.  
4 To help provide an orderly and predictable transition to the  
5 new reimbursement systems and to preserve and enhance access to  
6 the hospital services during this transition, the Department  
7 shall allocate a transitional hospital access pool of at least  
8 \$290,000,000 annually so that transitional hospital access  
9 payments are made to hospitals.

10 (1) After the transition period, the Department may  
11 begin incorporating the transitional hospital access pool  
12 into the base rate structure; however, the transitional  
13 hospital access payments in effect on June 30, 2018 shall  
14 continue to be paid, if continued under Section 5A-16.

15 (2) After the transition period, if the Department  
16 reduces payments from the transitional hospital access  
17 pool, it shall increase base rates, develop new adjustors,  
18 adjust current adjustors, develop new hospital access  
19 payments based on updated information, or any combination  
20 thereof by an amount equal to the decreases proposed in the  
21 transitional hospital access pool payments, ensuring that  
22 the entire transitional hospital access pool amount shall  
23 continue to be used for hospital payments.

24 (d-5) Hospital transformation program. The Department, in  
25 conjunction with the Hospital Transformation Review Committee  
26 created under subsection (d-5), shall develop a hospital

1 transformation program to provide financial assistance to  
2 hospitals in transforming their services and care models to  
3 better align with the needs of the communities they serve. The  
4 payments authorized in this Section shall be subject to  
5 approval by the federal government.

6 (1) Phase 1. In State fiscal years 2019 through 2020,  
7 the Department shall allocate funds from the transitional  
8 access hospital pool to create a hospital transformation  
9 pool of at least \$262,906,870 annually and make hospital  
10 transformation payments to hospitals. Subject to Section  
11 5A-16, in State fiscal years 2019 and 2020, an Illinois  
12 hospital that received either a transitional hospital  
13 access payment under subsection (d) or a supplemental  
14 payment under subsection (f) of this Section in State  
15 fiscal year 2018, shall receive a hospital transformation  
16 payment as follows:

17 (A) If the hospital's Rate Year 2017 Medicaid  
18 inpatient utilization rate is equal to or greater than  
19 45%, the hospital transformation payment shall be  
20 equal to 100% of the sum of its transitional hospital  
21 access payment authorized under subsection (d) and any  
22 supplemental payment authorized under subsection (f).

23 (B) If the hospital's Rate Year 2017 Medicaid  
24 inpatient utilization rate is equal to or greater than  
25 25% but less than 45%, the hospital transformation  
26 payment shall be equal to 75% of the sum of its

1 transitional hospital access payment authorized under  
2 subsection (d) and any supplemental payment authorized  
3 under subsection (f).

4 (C) If the hospital's Rate Year 2017 Medicaid  
5 inpatient utilization rate is less than 25%, the  
6 hospital transformation payment shall be equal to 50%  
7 of the sum of its transitional hospital access payment  
8 authorized under subsection (d) and any supplemental  
9 payment authorized under subsection (f).

10 (2) Phase 2. During State fiscal years 2021 and 2022,  
11 the Department shall allocate funds from the transitional  
12 access hospital pool to create a hospital transformation  
13 pool annually and make hospital transformation payments to  
14 hospitals participating in the transformation program. Any  
15 hospital may seek transformation funding in Phase 2. Any  
16 hospital that seeks transformation funding in Phase 2 to  
17 update or repurpose the hospital's physical structure to  
18 transition to a new delivery model, must submit to the  
19 Department in writing a transformation plan, based on the  
20 Department's guidelines, that describes the desired  
21 delivery model with projections of patient volumes by  
22 service lines and projected revenues, expenses, and net  
23 income that correspond to the new delivery model. In Phase  
24 2, subject to the approval of rules, the Department may use  
25 the hospital transformation pool to increase base rates,  
26 develop new adjustors, adjust current adjustors, or

1       develop new access payments in order to support and  
2       incentivize hospitals to pursue such transformation. In  
3       developing such methodologies, the Department shall ensure  
4       that the entire hospital transformation pool continues to  
5       be expended to ensure access to hospital services or to  
6       support organizations that had received hospital  
7       transformation payments under this Section.

8               (A) Any hospital participating in the hospital  
9       transformation program shall provide an opportunity  
10      for public input by local community groups, hospital  
11      workers, and healthcare professionals and assist in  
12      facilitating discussions about any transformations or  
13      changes to the hospital.

14              (B) As provided in paragraph (9) of Section 3 of  
15      the Illinois Health Facilities Planning Act, any  
16      hospital participating in the transformation program  
17      may be excluded from the requirements of the Illinois  
18      Health Facilities Planning Act for those projects  
19      related to the hospital's transformation. To be  
20      eligible, the hospital must submit to the Health  
21      Facilities and Services Review Board certification  
22      from the Department, approved by the Hospital  
23      Transformation Review Committee, that the project is a  
24      part of the hospital's transformation.

25              (C) As provided in subsection (a-20) of Section  
26      32.5 of the Emergency Medical Services (EMS) Systems

1 Act, a hospital that received hospital transformation  
2 payments under this Section may convert to a  
3 freestanding emergency center. To be eligible for such  
4 a conversion, the hospital must submit to the  
5 Department of Public Health certification from the  
6 Department, approved by the Hospital Transformation  
7 Review Committee, that the project is a part of the  
8 hospital's transformation.

9 (2.5) The hospital transformation payment amount  
10 allocated to a facility in State fiscal years 2019 through  
11 2020 as provided under paragraph (1) shall not be reduced  
12 or altered during State fiscal years 2021 and 2022 if:

13 (i) the facility is located in a county having a  
14 population of more than 3,000,000; and

15 (ii) the facility was a licensed general acute care  
16 hospital that discontinued operations as a hospital on  
17 October 22, 2019 and has a Health Facilities and  
18 Services Review Board project number of E-024-19.

19 The hospital transformation payment amount shall  
20 instead be paid to any entity that purchases the facility  
21 for the purpose of converting the facility to a  
22 freestanding emergency center as provided in subsection  
23 (a-7) of Section 32.5 of the Emergency Medical Services  
24 (EMS) Systems Act, pending approval by the Health  
25 Facilities and Services Review Board of the permit to  
26 establish a freestanding emergency center as defined by the

1           Health Facilities and Services Review Board.

2           (3) By April 1, 2019, ~~March 12, 2018 (Public Act~~  
3 ~~100-581)~~ the Department, in conjunction with the Hospital  
4 Transformation Review Committee, shall develop and file as  
5 an administrative rule with the Secretary of State the  
6 goals, objectives, policies, standards, payment models, or  
7 criteria to be applied in Phase 2 of the program to  
8 allocate the hospital transformation funds. The goals,  
9 objectives, and policies to be considered may include, but  
10 are not limited to, achieving unmet needs of a community  
11 that a hospital serves such as behavioral health services,  
12 outpatient services, or drug rehabilitation services;  
13 attaining certain quality or patient safety benchmarks for  
14 health care services; or improving the coordination,  
15 effectiveness, and efficiency of care delivery.  
16 Notwithstanding any other provision of law, any rule  
17 adopted in accordance with this subsection (d-5) may be  
18 submitted to the Joint Committee on Administrative Rules  
19 for approval only if the rule has first been approved by 9  
20 of the 14 members of the Hospital Transformation Review  
21 Committee.

22           (4) Hospital Transformation Review Committee. There is  
23 created the Hospital Transformation Review Committee. The  
24 Committee shall consist of 14 members. No later than 30  
25 days after March 12, 2018 (the effective date of Public Act  
26 100-581), the 4 legislative leaders shall each appoint 3

1 members; the Governor shall appoint the Director of  
2 Healthcare and Family Services, or his or her designee, as  
3 a member; and the Director of Healthcare and Family  
4 Services shall appoint one member. Any vacancy shall be  
5 filled by the applicable appointing authority within 15  
6 calendar days. The members of the Committee shall select a  
7 Chair and a Vice-Chair from among its members, provided  
8 that the Chair and Vice-Chair cannot be appointed by the  
9 same appointing authority and must be from different  
10 political parties. The Chair shall have the authority to  
11 establish a meeting schedule and convene meetings of the  
12 Committee, and the Vice-Chair shall have the authority to  
13 convene meetings in the absence of the Chair. The Committee  
14 may establish its own rules with respect to meeting  
15 schedule, notice of meetings, and the disclosure of  
16 documents; however, the Committee shall not have the power  
17 to subpoena individuals or documents and any rules must be  
18 approved by 9 of the 14 members. The Committee shall  
19 perform the functions described in this Section and advise  
20 and consult with the Director in the administration of this  
21 Section. In addition to reviewing and approving the  
22 policies, procedures, and rules for the hospital  
23 transformation program, the Committee shall consider and  
24 make recommendations related to qualifying criteria and  
25 payment methodologies related to safety-net hospitals and  
26 children's hospitals. Members of the Committee appointed

1 by the legislative leaders shall be subject to the  
2 jurisdiction of the Legislative Ethics Commission, not the  
3 Executive Ethics Commission, and all requests under the  
4 Freedom of Information Act shall be directed to the  
5 applicable Freedom of Information officer for the General  
6 Assembly. The Department shall provide operational support  
7 to the Committee as necessary. The Committee is dissolved  
8 on April 1, 2019.

9 (e) Beginning 36 months after initial implementation, the  
10 Department shall update the reimbursement components in  
11 subsections (a) and (b), including standardized amounts and  
12 weighting factors, and at least triennially and no more  
13 frequently than annually thereafter. The Department shall  
14 publish these updates on its website no later than 30 calendar  
15 days prior to their effective date.

16 (f) Continuation of supplemental payments. Any  
17 supplemental payments authorized under Illinois Administrative  
18 Code 148 effective January 1, 2014 and that continue during the  
19 period of July 1, 2014 through December 31, 2014 shall remain  
20 in effect as long as the assessment imposed by Section 5A-2  
21 that is in effect on December 31, 2017 remains in effect.

22 (g) Notwithstanding subsections (a) through (f) of this  
23 Section and notwithstanding the changes authorized under  
24 Section 5-5b.1, any updates to the system shall not result in  
25 any diminishment of the overall effective rates of  
26 reimbursement as of the implementation date of the new system

1 (July 1, 2014). These updates shall not preclude variations in  
2 any individual component of the system or hospital rate  
3 variations. Nothing in this Section shall prohibit the  
4 Department from increasing the rates of reimbursement or  
5 developing payments to ensure access to hospital services.  
6 Nothing in this Section shall be construed to guarantee a  
7 minimum amount of spending in the aggregate or per hospital as  
8 spending may be impacted by factors, including, but not limited  
9 to, the number of individuals in the medical assistance program  
10 and the severity of illness of the individuals.

11 (h) The Department shall have the authority to modify by  
12 rulemaking any changes to the rates or methodologies in this  
13 Section as required by the federal government to obtain federal  
14 financial participation for expenditures made under this  
15 Section.

16 (i) Except for subsections (g) and (h) of this Section, the  
17 Department shall, pursuant to subsection (c) of Section 5-40 of  
18 the Illinois Administrative Procedure Act, provide for  
19 presentation at the June 2014 hearing of the Joint Committee on  
20 Administrative Rules (JCAR) additional written notice to JCAR  
21 of the following rules in order to commence the second notice  
22 period for the following rules: rules published in the Illinois  
23 Register, rule dated February 21, 2014 at 38 Ill. Reg. 4559  
24 (Medical Payment), 4628 (Specialized Health Care Delivery  
25 Systems), 4640 (Hospital Services), 4932 (Diagnostic Related  
26 Grouping (DRG) Prospective Payment System (PPS)), and 4977

2 Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499  
3 (Specialized Health Care Delivery Systems) and 6505 (Hospital  
4 Services).

5 (j) Out-of-state hospitals. Beginning July 1, 2018, for  
6 purposes of determining for State fiscal years 2019 and 2020  
7 the hospitals eligible for the payments authorized under  
8 subsections (a) and (b) of this Section, the Department shall  
9 include out-of-state hospitals that are designated a Level I  
10 pediatric trauma center or a Level I trauma center by the  
11 Department of Public Health as of December 1, 2017.
