SENATE JOINT RESOLUTION

2

8

WHEREAS, The goal of IAI is to facilitate the transfer of courses from one participating college or university to another in order to complete a baccalaureate degree; the three key concepts providing the underlying foundation for IAI are: (1) that "associate and baccalaureate degree-granting institutions are equal partners" in educating college freshmen and sophomores, (2) that "faculties should take primary responsibility for developing and maintaining program and course articulation", and (3) that "institutions are expected to work together to assure that lower-division baccalaureate programs are comparable in scope, quality, and academic rigor"; and

16 with full credit for the student and be accepted at an Illinois
17 public or private institution as they pursue a baccalaureate
18 degree; and

19 WHEREAS, Illinois can do this by improving transitions all
20 along the education pipeline; for postsecondary education,
21 this means strengthening articulation through stable funding
22 and the expansion of transfer tools, such as Transferology and
23 the IAI through development of an objective measure of transfer

1 and acceptance of credits; therefore, be it
