HB3113 Engrossed

1 AN ACT concerning regulation.

2 Be it enacted by the People of the State of Illinois, 3 represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing
Section 8-508 as follows:

6 (220 ILCS 5/8-508) (from Ch. 111 2/3, par. 8-508)

7 Sec. 8-508. No public utility shall abandon or discontinue any service or, in the case of an electric utility, make any 8 9 modification as herein defined, without first having secured the approval of the Commission, except in case of assignment, 10 transfer, lease or sale of the whole or any part of its 11 franchises, licenses, permits, plant, equipment, business, or 12 other property to any political subdivision or municipal 13 14 corporation of this State. In the case of the assignment, transfer, lease or sale, in whole or in part, of any franchise, 15 16 license, permit, plant, equipment, business or other property to any political subdivision or municipal corporation of this 17 State, the public utility shall notify the Commission of such 18 19 transaction. "Modification" as used in this Section means any 20 change of fuel type which would result in an annual net 21 systemwide decreased use of 10% or more of coal mined in 22 Illinois. The Commission shall conduct public hearings on any request by a public utility to make such modification and 23

HB3113 Engrossed - 2 - LRB102 13773 SPS 19123 b

shall accept testimony from interested parties qualified to 1 2 provide evidence regarding the cost or cost savings of the 3 proposed modification as compared with the cost or cost savings of alternative actions by the utility and shall 4 5 consider the impact on employment related to the production of coal in Illinois. Such hearings shall be commenced no later 6 than 30 days after the filing of the request by the public 7 8 utility and shall be concluded within 120 days from the date of 9 filing. The Commission must issue its final determination 10 within 60 days of the conclusion of the hearing. In making its 11 determination the Commission shall attach primary weight to 12 the cost or cost savings to the customers of the utility. In granting its approval, the Commission may impose such terms, 13 14 conditions or requirements as in its judgment are necessary to 15 protect the public interest. Provided, however, that any 16 public utility abandoning or discontinuing service in 17 pursuance of authority granted by the Commission shall be deemed to have waived any and all objections to the terms, 18 19 conditions or requirements imposed by the Commission in that regard. Provided, further, that nothing in this Section shall 20 be construed to limit the right of a public utility to 21 22 discontinue service to individual patrons in accordance with 23 the effective rules, regulations, and practices of such public 24 utility.

The Commission, after a hearing upon its own motion or upon petition of any public utility, shall have power by order HB3113 Engrossed - 3 - LRB102 13773 SPS 19123 b

to authorize or require any public utility to curtail or 1 2 discontinue service to individual customers or classes 3 thereof, or for specific purposes or uses, and otherwise to regulate the furnishing of service, provided that preference 4 5 for service shall be given to those customers serving essential human needs and governmental agencies performing law 6 7 enforcement functions, whenever and to the extent such action 8 is required by the convenience and necessity of the public 9 during time of war, invasion, insurrection or martial law, or 10 by reason of a catastrophe, emergency, or shortage of fuel, 11 supplies or equipment employed or service furnished by such 12 public utility; provided, however, that an interim order, 13 effective for a period not exceeding 45 15 days, may be made 14 without a hearing if the circumstances do not reasonably 15 permit the holding of a hearing. Orders for the curtailment or 16 discontinuance of service pursuant to this paragraph shall not 17 be continued in effect for any period beyond that which is reasonably necessary, shall be vacated by the Commission as 18 soon as public convenience and necessity permit, and shall 19 20 include such arrangements for substitute service in the 21 interim as the Commission in its judgment may impose. Every 22 such order, during the period it is in effect and for such 23 further period, if any, as the Commission may provide, shall 24 have the effect of suspending the operation of all prior 25 orders or parts of orders of the Commission inconsistent 26 therewith. No public utility shall be held liable for any HB3113 Engrossed - 4 - LRB102 13773 SPS 19123 b

1 damage resulting from any action taken, or any omission to 2 act, pursuant to or in compliance with any order under this 3 paragraph for the curtailment or discontinuance of service 4 unless such order was procured by the fraud of the public 5 utility.
