21 within the State if the pharmacy is licensed by the Department
22 of Financial and Professional Regulation and willing to accept
23 the same terms and conditions that the pharmacy benefit
24 manager has established for other pharmacies participating
25 within the network that the pharmacy wishes to join.

26 (x) A pharmacy benefit manager shall not require

1 participation in additional networks for a pharmacy to enroll
2 in an individual network.

3 (y) A pharmacy benefit manager shall not charge a
4 participant or beneficiary of a pharmacy benefits plan or
5 program that the pharmacy benefit manager serves a different
6 copayment obligation or additional fee for using any pharmacy
7 within a given network of pharmacies established by the
8 pharmacy benefit manager to serve patients within the State.

9 (z) Notwithstanding any other law, when conducting a
10 pharmacy audit, an auditing entity shall:

11 (1) not conduct an on-site audit of a pharmacy at any
12 time during the first 3 business days of a month or the
13 first 2 weeks and final 2 weeks of the calendar year or
14 during a declared State or federal public health
15 emergency;

16 (2) notify the pharmacy or its contracting agent no
17 later than 30 days before the date of initial on-site
18 audit; the notification to the pharmacy or its contracting
19 agent shall be in writing and delivered either:

20 (A) by mail or common carrier, return receipt
21 requested; or

22 (B) electronically with electronic receipt
23 confirmation, addressed to the supervising pharmacist
24 of record and pharmacy corporate office, if
25 applicable, at least 30 days before the date of an
26 initial on-site audit;

1 (3) limit the audit period to 24 months after the date
2 a claim is submitted to or adjudicated by the pharmacy
3 benefit manager;

4 (4) include in the written advance notice of an
5 on-site audit the list of specific prescription numbers to
6 be included in the audit that may or may not include the
7 final 2 digits of the prescription numbers;

8 (5) use the written and verifiable records of a
9 hospital, physician, or other authorized practitioner that
10 are transmitted by any means of communication to validate
11 the pharmacy records in accordance with State and federal
12 law;

13 (6) limit the number of prescriptions audited to no
14 more than 100 randomly selected in a 12-month period and
15 no more than one on-site audit per quarter of the calendar
16 year, except in cases of fraud;

17 (7) provide the pharmacy or its contracting agent with
18 a copy of the preliminary audit report within 45 days
19 after the conclusion of the audit;

20 (8) be allowed to conduct a follow-up audit on site if
21 a remote or desk audit reveals the necessity for a review
22 of additional claims;

23 (9) accept invoice audits as validation invoices from
24 any wholesaler registered with the Department of Financial
25 and Professional Regulation from which the pharmacy has
26 purchased prescription drugs or, in the case of durable

1 medical equipment or sickroom supplies, invoices from an
2 authorized distributor other than a wholesaler;

3 (10) provide the pharmacy or its contracting agent
4 with the ability to provide documentation to address a
5 discrepancy or audit finding if the documentation is
6 received by the pharmacy benefit manager no later than the
7 45th day after the preliminary audit report was provided
8 to the pharmacy or its contracting agent; the pharmacy
9 benefit manager shall consider a reasonable request from
10 the pharmacy for an extension of time to submit
11 documentation to address or correct any findings in the
12 report;

13 (11) be required to provide the pharmacy or its
14 contracting agent with the final audit report no later
15 than 60 days after the initial audit report was provided
16 to the pharmacy or its contracting agent;

17 (12) conduct the audit in consultation with a
18 pharmacist if the audit involves clinical or professional
19 judgment;

20 (13) not chargeback, recoup, or collect penalties from
21 a pharmacy until the time period to file an appeal of the
22 final pharmacy audit report has passed or the appeals
23 process has been exhausted, whichever is later, unless the
24 identified discrepancy is expected to exceed \$25,000, in
25 which case the auditing entity may withhold future
26 payments in excess of that amount until the final

1 resolution of the audit;

2 (14) not compensate the employee or contractor
3 conducting the audit based on a percentage of the amount
4 claimed or recouped pursuant to the audit;

5 (15) not use extrapolation to calculate penalties or
6 amounts to be charged back or recouped unless otherwise
7 required by federal law or regulation; any amount to be
8 charged back or recouped due to overpayment may not exceed
9 the amount the pharmacy was overpaid;

10 (16) not include dispensing fees in the calculation of
11 overpayments unless a prescription is considered a
12 misfill; as used in this paragraph, "misfill" means a
13 prescription that was not dispensed; a prescription that
14 was dispensed but was an incorrect dose, amount, or type
15 of medication; a prescription that was dispensed to the
16 wrong person; a prescription in which the prescriber
17 denied the authorization request; or a prescription in
18 which an additional dispensing fee was charged; or

19 (17) conduct a pharmacy audit under the same standards
20 and parameters as conducted for other similarly situated
21 pharmacies audited by the auditing entity.

22 (aa) Except as otherwise provided by State or federal law,
23 an auditing entity conducting a pharmacy audit may have access
24 to a pharmacy's previous audit report only if the report was
25 prepared by that auditing entity.

26 (bb) Information collected during a pharmacy audit shall

1 be confidential by law, except that the auditing entity
2 conducting the pharmacy audit may share the information with
3 the covered entity for which a pharmacy audit is being
4 conducted and with any regulatory agencies and law enforcement
5 agencies as required by law.

6 (cc) A pharmacy may not be subject to a chargeback or
7 recoupment for a clerical or recordkeeping error in a required
8 document or record, including a typographical error or
9 computer error, unless the error resulted in overpayment to
10 the pharmacy.

11 (dd) A pharmacy shall have the right to file a written
12 appeal of a preliminary and final pharmacy audit report in
13 accordance with the procedures established by the entity
14 conducting the pharmacy audit.

15 (ee) No interest shall accrue for any party during the
16 audit period, beginning with the notice of the pharmacy audit
17 and ending with the conclusion of the appeals process.

18 (ff) A contract between a pharmacy or pharmacist and a
19 pharmacy benefit manager must contain a provision allowing,
20 during the course of a pharmacy audit conducted by or on behalf
21 of a pharmacy benefit manager, a pharmacy or pharmacist to
22 withdraw and resubmit a claim within 30 days after:

23 (1) the preliminary written audit report is delivered
24 if the pharmacy or pharmacist does not request an internal
25 appeal; or

26 (2) the conclusion of the internal audit appeals

1 process if the pharmacy or pharmacist requests an internal
2 audit appeal.

3 (gg) To the extent that an audit results in the
4 identification of any clerical or recordkeeping errors, such
5 as typographical errors, scrivener's errors, or computer
6 errors, in a required document or record, the pharmacy shall
7 not be subject to recoupment of funds by the pharmacy benefit
8 manager unless the pharmacy benefit manager can provide proof
9 of intent to commit fraud or such error results in actual
10 financial harm to the pharmacy benefit manager, a health plan
11 managed by the pharmacy benefit manager, or a consumer.

12 (hh) Any claim that was retroactively denied for a
13 clerical error, typographical error, scrivener's error, or
14 computer error shall be paid if the prescription was properly
15 and correctly dispensed, unless a pattern of such errors
16 exists, fraudulent billing is alleged, or the error results in
17 actual financial loss to the entity. As used in this
18 subsection, "clerical error" means an error that does not
19 result in actual financial harm to the covered entity or
20 consumer and does not include the dispensing of an incorrect
21 dose, amount, or type of medication or dispensing a
22 prescription drug to the wrong person.

23 (ii) For any claim that meets the definition of a clean
24 claim or is deemed to not have violated the terms of the
25 contract or the practice of pharmacy as described under the
26 Pharmacy Practice Act, the pharmacy benefit manager shall pay

1 the pharmacy 5% of the total claim amount to cover audit
2 preparation costs and time taken away from pharmacy staff in
3 providing patient care.

4 (jj) This Section shall not apply to:

5 (1) audits in which suspected fraudulent activity or
6 other intentional or willful misrepresentation is
7 evidenced by a physical review, review of claims data or
8 statements, or other investigative methods;

9 (2) audits of claims paid for by federally funded
10 programs; or

11 (3) concurrent reviews or desk audits that occur
12 within 3 business days after transmission of a claim and
13 where no chargeback or recoupment is demanded.

14 (kk) A violation of this Section shall be an unfair and
15 deceptive act or practice.

16 (ll) ~~(f)~~ This Section applies to contracts entered into or
17 renewed on or after July 1, 2020.

18 (mm) ~~(g)~~ This Section applies to any group or individual
19 policy of accident and health insurance or managed care plan
20 that provides coverage for prescription drugs and that is
21 amended, delivered, issued, or renewed on or after July 1,
22 2020.

25 Sec. 513b1.1. Applicability.

1 (a) This Article applies to a contract or health benefit
2 plan issued, renewed, recredentialed, amended, or extended on
3 or after the effective date of this amendatory Act of the 102nd
4 General Assembly, including any health carrier that performs
5 claims processing or other prescription drug or device
6 services through a third party.

7 (b) As a condition of licensure, any contract in existence
8 on the date the pharmacy benefit manager receives its license
9 to do business in this State shall comply with the
10 requirements of this Article.

11 (c) Nothing in this Article is intended or shall be
12 construed to conflict with existing federal law.

13 (215 ILCS 5/513b1.3 new)

14 Sec. 513b1.3. Fiduciary responsibility. A pharmacy benefit
15 manager is a fiduciary to a health carrier and shall:

16 (1) discharge that duty in accordance with federal and
17 State law;

18 (2) notify the covered entity in writing of any
19 activity, policy, or practice of the pharmacy benefit
20 manager that directly or indirectly presents any conflict
21 of interest and inability to comply with the duties
22 imposed by this Section, but in no event does this
23 notification exempt the pharmacy benefit manager from
24 compliance with all other Sections of this Code; and

25 (3) disclose all direct or indirect payments related

1 to the dispensation of prescription drugs or classes or
2 brands of drugs to the covered entity.

3 Section 10. The Illinois Public Aid Code is amended by
4 changing Sections 5-5.12 and 5-36 as follows:

5 (305 ILCS 5/5-5.12) (from Ch. 23, par. 5-5.12)

6 Sec. 5-5.12. Pharmacy payments.

7 (a) Every request submitted by a pharmacy for
8 reimbursement under this Article for prescription drugs
9 provided to a recipient of aid under this Article shall
10 include the name of the prescriber or an acceptable
11 identification number as established by the Department.

12 (b) Pharmacies providing prescription drugs under this
13 Article shall be reimbursed at a rate which shall include a
14 professional dispensing fee as determined by the Illinois
15 Department, plus the current acquisition cost of the
16 prescription drug dispensed. The Illinois Department shall
17 update its information on the acquisition costs of all
18 prescription drugs no less frequently than every 30 days. The
19 Department shall not reimburse a pharmacy or pharmacist in
20 this State an amount less than the current national average
21 drug acquisition cost listing for the pharmaceutical product.
22 ~~However, the Illinois Department may set the rate of~~
23 ~~reimbursement for the acquisition cost, by rule, at a~~
24 ~~percentage of the current average wholesale acquisition cost.~~

1 (b-5) The Department shall pay a pharmacy or pharmacist a
2 professional dispensing fee at a rate not less than the amount
3 determined by a pharmacy profession-recognized national or
4 state survey of pharmacies for each prescription
5 pharmaceutical product that is dispensed (on a per unit basis
6 based on the same generic product identifier or generic code
7 number) to the patient by the pharmacy. This dispensing fee
8 shall be in addition to the amount that the Department
9 reimburses a pharmacy for the cost of the pharmaceutical
10 product that the pharmacy dispenses to the patient. If a
11 vendor is utilized for conducting the survey or data analysis,
12 the vendor may not be a wholly or partially owned or controlled
13 subsidiary of a pharmacy benefit manager or managed care
14 organization.

15 (b-10) All Medicaid managed care organizations must
16 reimburse pharmacy provider professional dispensing fees and
17 acquisition costs at no less than the amounts established
18 under the fee-for-service program whether the Medicaid managed
19 care organization directly reimburses pharmacy providers or
20 contracts with a pharmacy benefit manager to reimburse
21 pharmacy providers. The reimbursement requirement specified in
22 this subsection applies to all pharmacy services for persons
23 receiving benefits under this Code, including services
24 reimbursed under Section 5-36.

25 (c) (Blank).

26 (d) The Department shall review utilization of narcotic

1 medications in the medical assistance program and impose
2 utilization controls that protect against abuse.

3 (e) When making determinations as to which drugs shall be
4 on a prior approval list, the Department shall include as part
5 of the analysis for this determination, the degree to which a
6 drug may affect individuals in different ways based on factors
7 including the gender of the person taking the medication.

8 (f) The Department shall cooperate with the Department of
9 Public Health and the Department of Human Services Division of
10 Mental Health in identifying psychotropic medications that,
11 when given in a particular form, manner, duration, or
12 frequency (including "as needed") in a dosage, or in
13 conjunction with other psychotropic medications to a nursing
14 home resident or to a resident of a facility licensed under the
15 ID/DD Community Care Act or the MC/DD Act, may constitute a
16 chemical restraint or an "unnecessary drug" as defined by the
17 Nursing Home Care Act or Titles XVIII and XIX of the Social
18 Security Act and the implementing rules and regulations. The
19 Department shall require prior approval for any such
20 medication prescribed for a nursing home resident or to a
21 resident of a facility licensed under the ID/DD Community Care
22 Act or the MC/DD Act, that appears to be a chemical restraint
23 or an unnecessary drug. The Department shall consult with the
24 Department of Human Services Division of Mental Health in
25 developing a protocol and criteria for deciding whether to
26 grant such prior approval.

1 (g) The Department may by rule provide for reimbursement
2 of the dispensing of a 90-day supply of a generic or brand
3 name, non-narcotic maintenance medication in circumstances
4 where it is cost effective.

5 (g-5) On and after July 1, 2012, the Department may
6 require the dispensing of drugs to nursing home residents be
7 in a 7-day supply or other amount less than a 31-day supply.
8 The Department shall pay only one dispensing fee per 31-day
9 supply.

10 (h) Effective July 1, 2011, the Department shall
11 discontinue coverage of select over-the-counter drugs,
12 including analgesics and cough and cold and allergy
13 medications.

14 (h-5) On and after July 1, 2012, the Department shall
15 impose utilization controls, including, but not limited to,
16 prior approval on specialty drugs, oncolytic drugs, drugs for
17 the treatment of HIV or AIDS, immunosuppressant drugs, and
18 biological products in order to maximize savings on these
19 drugs. The Department may adjust payment methodologies for
20 non-pharmacy billed drugs in order to incentivize the
21 selection of lower-cost drugs. For drugs for the treatment of
22 AIDS, the Department shall take into consideration the
23 potential for non-adherence by certain populations, and shall
24 develop protocols with organizations or providers primarily
25 serving those with HIV/AIDS, as long as such measures intend
26 to maintain cost neutrality with other utilization management

1 controls such as prior approval. For hemophilia, the
2 Department shall develop a program of utilization review and
3 control which may include, in the discretion of the
4 Department, prior approvals. The Department may impose special
5 standards on providers that dispense blood factors which shall
6 include, in the discretion of the Department, staff training
7 and education; patient outreach and education; case
8 management; in-home patient assessments; assay management;
9 maintenance of stock; emergency dispensing timeframes; data
10 collection and reporting; dispensing of supplies related to
11 blood factor infusions; cold chain management and packaging
12 practices; care coordination; product recalls; and emergency
13 clinical consultation. The Department may require patients to
14 receive a comprehensive examination annually at an appropriate
15 provider in order to be eligible to continue to receive blood
16 factor.

17 (i) On and after July 1, 2012, the Department shall reduce
18 any rate of reimbursement for services or other payments or
19 alter any methodologies authorized by this Code to reduce any
20 rate of reimbursement for services or other payments in
21 accordance with Section 5-5e.

22 (j) On and after July 1, 2012, the Department shall impose
23 limitations on prescription drugs such that the Department
24 shall not provide reimbursement for more than 4 prescriptions,
25 including 3 brand name prescriptions, for distinct drugs in a
26 30-day period, unless prior approval is received for all

1 prescriptions in excess of the 4-prescription limit. Drugs in
2 the following therapeutic classes shall not be subject to
3 prior approval as a result of the 4-prescription limit:
4 immunosuppressant drugs, oncolytic drugs, anti-retroviral
5 drugs, and, on or after July 1, 2014, antipsychotic drugs. On
6 or after July 1, 2014, the Department may exempt children with
7 complex medical needs enrolled in a care coordination entity
8 contracted with the Department to solely coordinate care for
9 such children, if the Department determines that the entity
10 has a comprehensive drug reconciliation program.

11 (k) No medication therapy management program implemented
12 by the Department shall be contrary to the provisions of the
13 Pharmacy Practice Act.

14 (l) Any provider enrolled with the Department that bills
15 the Department for outpatient drugs and is eligible to enroll
16 in the federal Drug Pricing Program under Section 340B of the
17 federal Public Health Service ~~Services~~ Act shall enroll in
18 that program. No entity participating in the federal Drug
19 Pricing Program under Section 340B of the federal Public
20 Health Service ~~Services~~ Act may exclude Medicaid from their
21 participation in that program, although the Department may
22 exclude entities defined in Section 1905(1)(2)(B) of the
23 Social Security Act from this requirement.

1 (305 ILCS 5/5-36)

2 Sec. 5-36. Pharmacy benefits.

3 (a)(1) The Department may enter into a contract with a
4 third party on a fee-for-service reimbursement model for the
5 purpose of administering pharmacy benefits as provided in this
6 Section for members not enrolled in a Medicaid managed care
7 organization; however, these services shall be approved by the
8 Department. The Department shall ensure coordination of care
9 between the third-party administrator and managed care
10 organizations as a consideration in any contracts established
11 in accordance with this Section. Any managed care techniques,
12 principles, or administration of benefits utilized in
13 accordance with this subsection shall comply with State law.

14 (2) The following shall apply to contracts between
15 entities contracting relating to the Department's third-party
16 administrators and pharmacies:

17 (A) the Department shall approve any contract between
18 a third-party administrator and a pharmacy;

19 (B) the Department's third-party administrator shall
20 not change the terms of a contract between a third-party
21 administrator and a pharmacy without written approval by
22 the Department; and

23 (C) the Department's third-party administrator shall
24 not create, modify, implement, or indirectly establish any
25 fee on a pharmacy, pharmacist, or a recipient of medical
26 assistance without written approval by the Department.

1 (b) The provisions of this Section shall not apply to
2 outpatient pharmacy services provided by a health care
3 facility registered as a covered entity pursuant to 42 U.S.C.
4 256b or any pharmacy owned by or contracted with the covered
5 entity. A Medicaid managed care organization shall, either
6 directly or through a pharmacy benefit manager, administer and
7 reimburse outpatient pharmacy claims submitted by a health
8 care facility registered as a covered entity pursuant to 42
9 U.S.C. 256b, its owned pharmacies, and contracted pharmacies
10 in accordance with the contractual agreements the Medicaid
11 managed care organization or its pharmacy benefit manager has
12 with such facilities and pharmacies. Any pharmacy benefit
13 manager that contracts with a Medicaid managed care
14 organization to administer and reimburse pharmacy claims as
15 provided in this Section must be registered with the Director
16 of Insurance in accordance with Section 513b2 of the Illinois
17 Insurance Code.

18 (c) On at least an annual basis, the Director of the
19 Department of Healthcare and Family Services shall submit a
20 report beginning no later than one year after January 1, 2020
21 (the effective date of Public Act 101-452) ~~this amendatory Act~~
22 ~~of the 101st General Assembly~~ that provides an update on any
23 contract, contract issues, formulary, dispensing fees, and
24 maximum allowable cost concerns regarding a third-party
25 administrator and managed care. The requirement for reporting
26 to the General Assembly shall be satisfied by filing copies of

1 the report with the Speaker, the Minority Leader, and the
2 Clerk of the House of Representatives and with the President,
3 the Minority Leader, and the Secretary of the Senate. The
4 Department shall take care that no proprietary information is
5 included in the report required under this Section.

6 (d) A pharmacy benefit manager shall notify the Department
7 in writing of any activity, policy, or practice of the
8 pharmacy benefit manager that directly or indirectly presents
9 a conflict of interest that interferes with the discharge of
10 the pharmacy benefit manager's duty to a managed care
11 organization to exercise its contractual duties. "Conflict of
12 interest" shall be defined by rule by the Department.

13 (e) A pharmacy benefit manager shall, upon request,
14 disclose to the Department the following information:

15 (1) whether the pharmacy benefit manager has a
16 contract, agreement, or other arrangement with a
17 pharmaceutical manufacturer to exclusively dispense or
18 provide a drug to a managed care organization's enrollees,
19 and the aggregate amounts of consideration of economic
20 benefits collected or received pursuant to that
21 arrangement;

22 (2) the percentage of claims payments made by the
23 pharmacy benefit manager to pharmacies owned, managed, or
24 controlled by the pharmacy benefit manager or any of the
25 pharmacy benefit manager's management companies, parent
26 companies, subsidiary companies, or jointly held

1 companies;

2 (3) the aggregate amount of the fees or assessments
3 imposed on, or collected from, pharmacy providers; and

4 (4) the average annualized percentage of revenue
5 collected by the pharmacy benefit manager as a result of
6 each contract it has executed with a managed care
7 organization contracted by the Department to provide
8 medical assistance benefits which is not paid by the
9 pharmacy benefit manager to pharmacy providers and
10 pharmaceutical manufacturers or labelers or in order to
11 perform administrative functions pursuant to its contracts
12 with managed care organizations.

13 (f) The information disclosed under subsection (e) shall
14 include all retail, mail order, specialty, and compounded
15 prescription products. All information made available to the
16 Department under subsection (e) is confidential and not
17 subject to disclosure under the Freedom of Information Act.
18 All information made available to the Department under
19 subsection (e) shall not be reported or distributed in any way
20 that compromises its competitive, proprietary, or financial
21 value. The information shall only be used by the Department to
22 assess the contract, agreement, or other arrangements made
23 between a pharmacy benefit manager and a pharmacy provider,
24 pharmaceutical manufacturer or labeler, managed care
25 organization, or other entity, as applicable.

26 (g) A pharmacy benefit manager shall disclose directly in

1 writing to a pharmacy provider or pharmacy services
2 administrative organization contracting with the pharmacy
3 benefit manager of any material change to a contract provision
4 that affects the terms of the reimbursement, the process for
5 verifying benefits and eligibility, dispute resolution,
6 procedures for verifying drugs included on the formulary, and
7 contract termination at least 30 days prior to the date of the
8 change to the provision. The terms of this subsection shall be
9 deemed met if the pharmacy benefit manager posts the
10 information on a website, viewable by the public. A pharmacy
11 service administration organization shall notify all contract
12 pharmacies of any material change, as described in this
13 subsection, within 2 days of notification. As used in this
14 Section, "pharmacy services administrative organization" means

19 and negotiate and enter into contracts with third-party payers
20 or pharmacy benefit managers on behalf of pharmacies.

21 (h) A pharmacy benefit manager shall not include the
22 following in a contract with a pharmacy provider:

23 (1) a provision prohibiting the provider from
24 informing a patient of a less costly alternative to a
25 prescribed medication; or

26 (2) a provision that prohibits the provider from

1 dispensing a particular amount of a prescribed medication,
2 if the pharmacy benefit manager allows that amount to be
3 dispensed through a pharmacy owned or controlled by the
4 pharmacy benefit manager, unless the prescription drug is
5 subject to restricted distribution by the United States
6 Food and Drug Administration or requires special handling,
7 provider coordination, or patient education that cannot be
8 provided by a retail pharmacy.

9 (i) Nothing in this Section shall be construed to prohibit
10 a pharmacy benefit manager from requiring the same
11 reimbursement and terms and conditions for a pharmacy provider
12 as for a pharmacy owned, controlled, or otherwise associated
13 with the pharmacy benefit manager. Reimbursement must not be
14 less than the dispensing fees and acquisition costs under the
15 fee-for-service program as required under subsection (b-10) of
16 Section 5-5.12.

17 (j) A pharmacy benefit manager shall establish and
18 implement a process for the resolution of disputes arising out
19 of this Section, which shall be approved by the Department.

20 (k) The Department shall adopt rules establishing
21 reasonable dispensing fees for fee-for-service payments in
22 accordance with guidance or guidelines from the federal
23 Centers for Medicare and Medicaid Services.
