LRB102 22908 KTG 35534 a

1 AMENDMENT TO HOUSE BILL 4408

2 AMENDMENT NO. \_\_\_\_\_. Amend House Bill 4408 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Insurance Code is amended by  
5 changing Section 356z.23 as follows:

6 (215 ILCS 5/356z.23)

7 Sec. 356z.23. Coverage for opioid antagonists.

8 (a) An individual or group policy of accident and health  
9 insurance amended, delivered, issued, or renewed in this State  
10 after the effective date of this amendatory Act of the 99th  
11 General Assembly that provides coverage for prescription drugs  
12 must provide coverage for at least one opioid antagonist,  
13 including the medication product, administration devices, and  
14 any pharmacy administration fees related to the dispensing of  
15 the opioid antagonist. This coverage must include refills for  
16 expired or utilized opioid antagonists.

1       (a-5) Notwithstanding subsection (a), no individual or  
2 group policy of accident and health insurance amended,  
3 delivered, issued, or renewed after January 1, 2024 that  
4 provides coverage for naloxone hydrochloride shall impose a  
5 copayment on the coverage provided, except that this  
6 subsection does not apply to coverage of naloxone  
7 hydrochloride to the extent such coverage would disqualify a  
8 high-deductible health plan from eligibility for a health  
9 savings account under Section 223 of the Internal Revenue  
10 Code.

11       (b) As used in this Section, "opioid antagonist" means a  
12 drug that binds to opioid receptors and blocks or inhibits the  
13 effect of opioids acting on those receptors, including, but  
14 not limited to, naloxone hydrochloride or any other similarly  
15 acting drug approved by the U.S. Food and Drug Administration.

16       (Source: P.A. 99-480, eff. 9-9-15.)

17       Section 10. The Illinois Public Aid Code is amended by  
18 changing Section 5-5 as follows:

19       (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

20       Sec. 5-5. Medical services. The Illinois Department, by  
21 rule, shall determine the quantity and quality of and the rate  
22 of reimbursement for the medical assistance for which payment  
23 will be authorized, and the medical services to be provided,  
24 which may include all or part of the following: (1) inpatient

1 hospital services; (2) outpatient hospital services; (3) other  
2 laboratory and X-ray services; (4) skilled nursing home  
3 services; (5) physicians' services whether furnished in the  
4 office, the patient's home, a hospital, a skilled nursing  
5 home, or elsewhere; (6) medical care, or any other type of  
6 remedial care furnished by licensed practitioners; (7) home  
7 health care services; (8) private duty nursing service; (9)  
8 clinic services; (10) dental services, including prevention  
9 and treatment of periodontal disease and dental caries disease  
10 for pregnant individuals, provided by an individual licensed  
11 to practice dentistry or dental surgery; for purposes of this  
12 item (10), "dental services" means diagnostic, preventive, or  
13 corrective procedures provided by or under the supervision of  
14 a dentist in the practice of his or her profession; (11)  
15 physical therapy and related services; (12) prescribed drugs,  
16 dentures, and prosthetic devices; and eyeglasses prescribed by  
17 a physician skilled in the diseases of the eye, or by an  
18 optometrist, whichever the person may select; (13) other  
19 diagnostic, screening, preventive, and rehabilitative  
20 services, including to ensure that the individual's need for  
21 intervention or treatment of mental disorders or substance use  
22 disorders or co-occurring mental health and substance use  
23 disorders is determined using a uniform screening, assessment,  
24 and evaluation process inclusive of criteria, for children and  
25 adults; for purposes of this item (13), a uniform screening,  
26 assessment, and evaluation process refers to a process that

1 includes an appropriate evaluation and, as warranted, a  
2 referral; "uniform" does not mean the use of a singular  
3 instrument, tool, or process that all must utilize; (14)  
4 transportation and such other expenses as may be necessary;  
5 (15) medical treatment of sexual assault survivors, as defined  
6 in Section 1a of the Sexual Assault Survivors Emergency  
7 Treatment Act, for injuries sustained as a result of the  
8 sexual assault, including examinations and laboratory tests to  
9 discover evidence which may be used in criminal proceedings  
10 arising from the sexual assault; (16) the diagnosis and  
11 treatment of sickle cell anemia; (16.5) services performed by  
12 a chiropractic physician licensed under the Medical Practice  
13 Act of 1987 and acting within the scope of his or her license,  
14 including, but not limited to, chiropractic manipulative  
15 treatment; and (17) any other medical care, and any other type  
16 of remedial care recognized under the laws of this State. The  
17 term "any other type of remedial care" shall include nursing  
18 care and nursing home service for persons who rely on  
19 treatment by spiritual means alone through prayer for healing.

20 Notwithstanding any other provision of this Section, a  
21 comprehensive tobacco use cessation program that includes  
22 purchasing prescription drugs or prescription medical devices  
23 approved by the Food and Drug Administration shall be covered  
24 under the medical assistance program under this Article for  
25 persons who are otherwise eligible for assistance under this  
26 Article.

1           Notwithstanding any other provision of this Code,  
2 reproductive health care that is otherwise legal in Illinois  
3 shall be covered under the medical assistance program for  
4 persons who are otherwise eligible for medical assistance  
5 under this Article.

6           Notwithstanding any other provision of this Section, all  
7 tobacco cessation medications approved by the United States  
8 Food and Drug Administration and all individual and group  
9 tobacco cessation counseling services and telephone-based  
10 counseling services and tobacco cessation medications provided  
11 through the Illinois Tobacco Quitline shall be covered under  
12 the medical assistance program for persons who are otherwise  
13 eligible for assistance under this Article. The Department  
14 shall comply with all federal requirements necessary to obtain  
15 federal financial participation, as specified in 42 CFR  
16 433.15(b)(7), for telephone-based counseling services provided  
17 through the Illinois Tobacco Quitline, including, but not  
18 limited to: (i) entering into a memorandum of understanding or  
19 interagency agreement with the Department of Public Health, as  
20 administrator of the Illinois Tobacco Quitline; and (ii)  
21 developing a cost allocation plan for Medicaid-allowable  
22 Illinois Tobacco Quitline services in accordance with 45 CFR  
23 95.507. The Department shall submit the memorandum of  
24 understanding or interagency agreement, the cost allocation  
25 plan, and all other necessary documentation to the Centers for  
26 Medicare and Medicaid Services for review and approval.

1 Coverage under this paragraph shall be contingent upon federal  
2 approval.

3 Notwithstanding any other provision of this Code, the  
4 Illinois Department may not require, as a condition of payment  
5 for any laboratory test authorized under this Article, that a  
6 physician's handwritten signature appear on the laboratory  
7 test order form. The Illinois Department may, however, impose  
8 other appropriate requirements regarding laboratory test order  
9 documentation.

10 Upon receipt of federal approval of an amendment to the  
11 Illinois Title XIX State Plan for this purpose, the Department  
12 shall authorize the Chicago Public Schools (CPS) to procure a  
13 vendor or vendors to manufacture eyeglasses for individuals  
14 enrolled in a school within the CPS system. CPS shall ensure  
15 that its vendor or vendors are enrolled as providers in the  
16 medical assistance program and in any capitated Medicaid  
17 managed care entity (MCE) serving individuals enrolled in a  
18 school within the CPS system. Under any contract procured  
19 under this provision, the vendor or vendors must serve only  
20 individuals enrolled in a school within the CPS system. Claims  
21 for services provided by CPS's vendor or vendors to recipients  
22 of benefits in the medical assistance program under this Code,  
23 the Children's Health Insurance Program, or the Covering ALL  
24 KIDS Health Insurance Program shall be submitted to the  
25 Department or the MCE in which the individual is enrolled for  
26 payment and shall be reimbursed at the Department's or the

1 MCE's established rates or rate methodologies for eyeglasses.

2 On and after July 1, 2012, the Department of Healthcare  
3 and Family Services may provide the following services to  
4 persons eligible for assistance under this Article who are  
5 participating in education, training or employment programs  
6 operated by the Department of Human Services as successor to  
7 the Department of Public Aid:

8 (1) dental services provided by or under the  
9 supervision of a dentist; and

10 (2) eyeglasses prescribed by a physician skilled in  
11 the diseases of the eye, or by an optometrist, whichever  
12 the person may select.

13 On and after July 1, 2018, the Department of Healthcare  
14 and Family Services shall provide dental services to any adult  
15 who is otherwise eligible for assistance under the medical  
16 assistance program. As used in this paragraph, "dental  
17 services" means diagnostic, preventative, restorative, or  
18 corrective procedures, including procedures and services for  
19 the prevention and treatment of periodontal disease and dental  
20 caries disease, provided by an individual who is licensed to  
21 practice dentistry or dental surgery or who is under the  
22 supervision of a dentist in the practice of his or her  
23 profession.

24 On and after July 1, 2018, targeted dental services, as  
25 set forth in Exhibit D of the Consent Decree entered by the  
26 United States District Court for the Northern District of

1 Illinois, Eastern Division, in the matter of Memisovski v.  
2 Maram, Case No. 92 C 1982, that are provided to adults under  
3 the medical assistance program shall be established at no less  
4 than the rates set forth in the "New Rate" column in Exhibit D  
5 of the Consent Decree for targeted dental services that are  
6 provided to persons under the age of 18 under the medical  
7 assistance program.

8 Notwithstanding any other provision of this Code and  
9 subject to federal approval, the Department may adopt rules to  
10 allow a dentist who is volunteering his or her service at no  
11 cost to render dental services through an enrolled  
12 not-for-profit health clinic without the dentist personally  
13 enrolling as a participating provider in the medical  
14 assistance program. A not-for-profit health clinic shall  
15 include a public health clinic or Federally Qualified Health  
16 Center or other enrolled provider, as determined by the  
17 Department, through which dental services covered under this  
18 Section are performed. The Department shall establish a  
19 process for payment of claims for reimbursement for covered  
20 dental services rendered under this provision.

21 On and after January 1, 2022, the Department of Healthcare  
22 and Family Services shall administer and regulate a  
23 school-based dental program that allows for the out-of-office  
24 delivery of preventative dental services in a school setting  
25 to children under 19 years of age. The Department shall  
26 establish, by rule, guidelines for participation by providers

1 and set requirements for follow-up referral care based on the  
2 requirements established in the Dental Office Reference Manual  
3 published by the Department that establishes the requirements  
4 for dentists participating in the All Kids Dental School  
5 Program. Every effort shall be made by the Department when  
6 developing the program requirements to consider the different  
7 geographic differences of both urban and rural areas of the  
8 State for initial treatment and necessary follow-up care. No  
9 provider shall be charged a fee by any unit of local government  
10 to participate in the school-based dental program administered  
11 by the Department. Nothing in this paragraph shall be  
12 construed to limit or preempt a home rule unit's or school  
13 district's authority to establish, change, or administer a  
14 school-based dental program in addition to, or independent of,  
15 the school-based dental program administered by the  
16 Department.

17 The Illinois Department, by rule, may distinguish and  
18 classify the medical services to be provided only in  
19 accordance with the classes of persons designated in Section  
20 5-2.

21 The Department of Healthcare and Family Services must  
22 provide coverage and reimbursement for amino acid-based  
23 elemental formulas, regardless of delivery method, for the  
24 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
25 short bowel syndrome when the prescribing physician has issued  
26 a written order stating that the amino acid-based elemental

1 formula is medically necessary.

2 The Illinois Department shall authorize the provision of,  
3 and shall authorize payment for, screening by low-dose  
4 mammography for the presence of occult breast cancer for  
5 individuals 35 years of age or older who are eligible for  
6 medical assistance under this Article, as follows:

7 (A) A baseline mammogram for individuals 35 to 39  
8 years of age.

9 (B) An annual mammogram for individuals 40 years of  
10 age or older.

11 (C) A mammogram at the age and intervals considered  
12 medically necessary by the individual's health care  
13 provider for individuals under 40 years of age and having  
14 a family history of breast cancer, prior personal history  
15 of breast cancer, positive genetic testing, or other risk  
16 factors.

17 (D) A comprehensive ultrasound screening and MRI of an  
18 entire breast or breasts if a mammogram demonstrates  
19 heterogeneous or dense breast tissue or when medically  
20 necessary as determined by a physician licensed to  
21 practice medicine in all of its branches.

22 (E) A screening MRI when medically necessary, as  
23 determined by a physician licensed to practice medicine in  
24 all of its branches.

25 (F) A diagnostic mammogram when medically necessary,  
26 as determined by a physician licensed to practice medicine

1 in all its branches, advanced practice registered nurse,  
2 or physician assistant.

3 The Department shall not impose a deductible, coinsurance,  
4 copayment, or any other cost-sharing requirement on the  
5 coverage provided under this paragraph; except that this  
6 sentence does not apply to coverage of diagnostic mammograms  
7 to the extent such coverage would disqualify a high-deductible  
8 health plan from eligibility for a health savings account  
9 pursuant to Section 223 of the Internal Revenue Code (26  
10 U.S.C. 223).

11 All screenings shall include a physical breast exam,  
12 instruction on self-examination and information regarding the  
13 frequency of self-examination and its value as a preventative  
14 tool.

15 For purposes of this Section:

16 "Diagnostic mammogram" means a mammogram obtained using  
17 diagnostic mammography.

18 "Diagnostic mammography" means a method of screening that  
19 is designed to evaluate an abnormality in a breast, including  
20 an abnormality seen or suspected on a screening mammogram or a  
21 subjective or objective abnormality otherwise detected in the  
22 breast.

23 "Low-dose mammography" means the x-ray examination of the  
24 breast using equipment dedicated specifically for mammography,  
25 including the x-ray tube, filter, compression device, and  
26 image receptor, with an average radiation exposure delivery of

1 less than one rad per breast for 2 views of an average size  
2 breast. The term also includes digital mammography and  
3 includes breast tomosynthesis.

4 "Breast tomosynthesis" means a radiologic procedure that  
5 involves the acquisition of projection images over the  
6 stationary breast to produce cross-sectional digital  
7 three-dimensional images of the breast.

8 If, at any time, the Secretary of the United States  
9 Department of Health and Human Services, or its successor  
10 agency, promulgates rules or regulations to be published in  
11 the Federal Register or publishes a comment in the Federal  
12 Register or issues an opinion, guidance, or other action that  
13 would require the State, pursuant to any provision of the  
14 Patient Protection and Affordable Care Act (Public Law  
15 111-148), including, but not limited to, 42 U.S.C.  
16 18031(d)(3)(B) or any successor provision, to defray the cost  
17 of any coverage for breast tomosynthesis outlined in this  
18 paragraph, then the requirement that an insurer cover breast  
19 tomosynthesis is inoperative other than any such coverage  
20 authorized under Section 1902 of the Social Security Act, 42  
21 U.S.C. 1396a, and the State shall not assume any obligation  
22 for the cost of coverage for breast tomosynthesis set forth in  
23 this paragraph.

24 On and after January 1, 2016, the Department shall ensure  
25 that all networks of care for adult clients of the Department  
26 include access to at least one breast imaging Center of

1 Imaging Excellence as certified by the American College of  
2 Radiology.

3 On and after January 1, 2012, providers participating in a  
4 quality improvement program approved by the Department shall  
5 be reimbursed for screening and diagnostic mammography at the  
6 same rate as the Medicare program's rates, including the  
7 increased reimbursement for digital mammography.

8 The Department shall convene an expert panel including  
9 representatives of hospitals, free-standing mammography  
10 facilities, and doctors, including radiologists, to establish  
11 quality standards for mammography.

12 On and after January 1, 2017, providers participating in a  
13 breast cancer treatment quality improvement program approved  
14 by the Department shall be reimbursed for breast cancer  
15 treatment at a rate that is no lower than 95% of the Medicare  
16 program's rates for the data elements included in the breast  
17 cancer treatment quality program.

18 The Department shall convene an expert panel, including  
19 representatives of hospitals, free-standing breast cancer  
20 treatment centers, breast cancer quality organizations, and  
21 doctors, including breast surgeons, reconstructive breast  
22 surgeons, oncologists, and primary care providers to establish  
23 quality standards for breast cancer treatment.

24 Subject to federal approval, the Department shall  
25 establish a rate methodology for mammography at federally  
26 qualified health centers and other encounter-rate clinics.

1 These clinics or centers may also collaborate with other  
2 hospital-based mammography facilities. By January 1, 2016, the  
3 Department shall report to the General Assembly on the status  
4 of the provision set forth in this paragraph.

5 The Department shall establish a methodology to remind  
6 individuals who are age-appropriate for screening mammography,  
7 but who have not received a mammogram within the previous 18  
8 months, of the importance and benefit of screening  
9 mammography. The Department shall work with experts in breast  
10 cancer outreach and patient navigation to optimize these  
11 reminders and shall establish a methodology for evaluating  
12 their effectiveness and modifying the methodology based on the  
13 evaluation.

14 The Department shall establish a performance goal for  
15 primary care providers with respect to their female patients  
16 over age 40 receiving an annual mammogram. This performance  
17 goal shall be used to provide additional reimbursement in the  
18 form of a quality performance bonus to primary care providers  
19 who meet that goal.

20 The Department shall devise a means of case-managing or  
21 patient navigation for beneficiaries diagnosed with breast  
22 cancer. This program shall initially operate as a pilot  
23 program in areas of the State with the highest incidence of  
24 mortality related to breast cancer. At least one pilot program  
25 site shall be in the metropolitan Chicago area and at least one  
26 site shall be outside the metropolitan Chicago area. On or

1 after July 1, 2016, the pilot program shall be expanded to  
2 include one site in western Illinois, one site in southern  
3 Illinois, one site in central Illinois, and 4 sites within  
4 metropolitan Chicago. An evaluation of the pilot program shall  
5 be carried out measuring health outcomes and cost of care for  
6 those served by the pilot program compared to similarly  
7 situated patients who are not served by the pilot program.

8 The Department shall require all networks of care to  
9 develop a means either internally or by contract with experts  
10 in navigation and community outreach to navigate cancer  
11 patients to comprehensive care in a timely fashion. The  
12 Department shall require all networks of care to include  
13 access for patients diagnosed with cancer to at least one  
14 academic commission on cancer-accredited cancer program as an  
15 in-network covered benefit.

16 On or after July 1, 2022, individuals who are otherwise  
17 eligible for medical assistance under this Article shall  
18 receive coverage for perinatal depression screenings for the  
19 12-month period beginning on the last day of their pregnancy.  
20 Medical assistance coverage under this paragraph shall be  
21 conditioned on the use of a screening instrument approved by  
22 the Department.

23 Any medical or health care provider shall immediately  
24 recommend, to any pregnant individual who is being provided  
25 prenatal services and is suspected of having a substance use  
26 disorder as defined in the Substance Use Disorder Act,

1 referral to a local substance use disorder treatment program  
2 licensed by the Department of Human Services or to a licensed  
3 hospital which provides substance abuse treatment services.  
4 The Department of Healthcare and Family Services shall assure  
5 coverage for the cost of treatment of the drug abuse or  
6 addiction for pregnant recipients in accordance with the  
7 Illinois Medicaid Program in conjunction with the Department  
8 of Human Services.

9 All medical providers providing medical assistance to  
10 pregnant individuals under this Code shall receive information  
11 from the Department on the availability of services under any  
12 program providing case management services for addicted  
13 individuals, including information on appropriate referrals  
14 for other social services that may be needed by addicted  
15 individuals in addition to treatment for addiction.

16 The Illinois Department, in cooperation with the  
17 Departments of Human Services (as successor to the Department  
18 of Alcoholism and Substance Abuse) and Public Health, through  
19 a public awareness campaign, may provide information  
20 concerning treatment for alcoholism and drug abuse and  
21 addiction, prenatal health care, and other pertinent programs  
22 directed at reducing the number of drug-affected infants born  
23 to recipients of medical assistance.

24 Neither the Department of Healthcare and Family Services  
25 nor the Department of Human Services shall sanction the  
26 recipient solely on the basis of the recipient's substance

1 abuse.

2 The Illinois Department shall establish such regulations  
3 governing the dispensing of health services under this Article  
4 as it shall deem appropriate. The Department should seek the  
5 advice of formal professional advisory committees appointed by  
6 the Director of the Illinois Department for the purpose of  
7 providing regular advice on policy and administrative matters,  
8 information dissemination and educational activities for  
9 medical and health care providers, and consistency in  
10 procedures to the Illinois Department.

11 The Illinois Department may develop and contract with  
12 Partnerships of medical providers to arrange medical services  
13 for persons eligible under Section 5-2 of this Code.  
14 Implementation of this Section may be by demonstration  
15 projects in certain geographic areas. The Partnership shall be  
16 represented by a sponsor organization. The Department, by  
17 rule, shall develop qualifications for sponsors of  
18 Partnerships. Nothing in this Section shall be construed to  
19 require that the sponsor organization be a medical  
20 organization.

21 The sponsor must negotiate formal written contracts with  
22 medical providers for physician services, inpatient and  
23 outpatient hospital care, home health services, treatment for  
24 alcoholism and substance abuse, and other services determined  
25 necessary by the Illinois Department by rule for delivery by  
26 Partnerships. Physician services must include prenatal and

1 obstetrical care. The Illinois Department shall reimburse  
2 medical services delivered by Partnership providers to clients  
3 in target areas according to provisions of this Article and  
4 the Illinois Health Finance Reform Act, except that:

5 (1) Physicians participating in a Partnership and  
6 providing certain services, which shall be determined by  
7 the Illinois Department, to persons in areas covered by  
8 the Partnership may receive an additional surcharge for  
9 such services.

10 (2) The Department may elect to consider and negotiate  
11 financial incentives to encourage the development of  
12 Partnerships and the efficient delivery of medical care.

13 (3) Persons receiving medical services through  
14 Partnerships may receive medical and case management  
15 services above the level usually offered through the  
16 medical assistance program.

17 Medical providers shall be required to meet certain  
18 qualifications to participate in Partnerships to ensure the  
19 delivery of high quality medical services. These  
20 qualifications shall be determined by rule of the Illinois  
21 Department and may be higher than qualifications for  
22 participation in the medical assistance program. Partnership  
23 sponsors may prescribe reasonable additional qualifications  
24 for participation by medical providers, only with the prior  
25 written approval of the Illinois Department.

26 Nothing in this Section shall limit the free choice of

1 practitioners, hospitals, and other providers of medical  
2 services by clients. In order to ensure patient freedom of  
3 choice, the Illinois Department shall immediately promulgate  
4 all rules and take all other necessary actions so that  
5 provided services may be accessed from therapeutically  
6 certified optometrists to the full extent of the Illinois  
7 Optometric Practice Act of 1987 without discriminating between  
8 service providers.

9 The Department shall apply for a waiver from the United  
10 States Health Care Financing Administration to allow for the  
11 implementation of Partnerships under this Section.

12 The Illinois Department shall require health care  
13 providers to maintain records that document the medical care  
14 and services provided to recipients of Medical Assistance  
15 under this Article. Such records must be retained for a period  
16 of not less than 6 years from the date of service or as  
17 provided by applicable State law, whichever period is longer,  
18 except that if an audit is initiated within the required  
19 retention period then the records must be retained until the  
20 audit is completed and every exception is resolved. The  
21 Illinois Department shall require health care providers to  
22 make available, when authorized by the patient, in writing,  
23 the medical records in a timely fashion to other health care  
24 providers who are treating or serving persons eligible for  
25 Medical Assistance under this Article. All dispensers of  
26 medical services shall be required to maintain and retain

1 business and professional records sufficient to fully and  
2 accurately document the nature, scope, details and receipt of  
3 the health care provided to persons eligible for medical  
4 assistance under this Code, in accordance with regulations  
5 promulgated by the Illinois Department. The rules and  
6 regulations shall require that proof of the receipt of  
7 prescription drugs, dentures, prosthetic devices and  
8 eyeglasses by eligible persons under this Section accompany  
9 each claim for reimbursement submitted by the dispenser of  
10 such medical services. No such claims for reimbursement shall  
11 be approved for payment by the Illinois Department without  
12 such proof of receipt, unless the Illinois Department shall  
13 have put into effect and shall be operating a system of  
14 post-payment audit and review which shall, on a sampling  
15 basis, be deemed adequate by the Illinois Department to assure  
16 that such drugs, dentures, prosthetic devices and eyeglasses  
17 for which payment is being made are actually being received by  
18 eligible recipients. Within 90 days after September 16, 1984  
19 (the effective date of Public Act 83-1439), the Illinois  
20 Department shall establish a current list of acquisition costs  
21 for all prosthetic devices and any other items recognized as  
22 medical equipment and supplies reimbursable under this Article  
23 and shall update such list on a quarterly basis, except that  
24 the acquisition costs of all prescription drugs shall be  
25 updated no less frequently than every 30 days as required by  
26 Section 5-5.12.

1           Notwithstanding any other law to the contrary, the  
2 Illinois Department shall, within 365 days after July 22, 2013  
3 (the effective date of Public Act 98-104), establish  
4 procedures to permit skilled care facilities licensed under  
5 the Nursing Home Care Act to submit monthly billing claims for  
6 reimbursement purposes. Following development of these  
7 procedures, the Department shall, by July 1, 2016, test the  
8 viability of the new system and implement any necessary  
9 operational or structural changes to its information  
10 technology platforms in order to allow for the direct  
11 acceptance and payment of nursing home claims.

12           Notwithstanding any other law to the contrary, the  
13 Illinois Department shall, within 365 days after August 15,  
14 2014 (the effective date of Public Act 98-963), establish  
15 procedures to permit ID/DD facilities licensed under the ID/DD  
16 Community Care Act and MC/DD facilities licensed under the  
17 MC/DD Act to submit monthly billing claims for reimbursement  
18 purposes. Following development of these procedures, the  
19 Department shall have an additional 365 days to test the  
20 viability of the new system and to ensure that any necessary  
21 operational or structural changes to its information  
22 technology platforms are implemented.

23           The Illinois Department shall require all dispensers of  
24 medical services, other than an individual practitioner or  
25 group of practitioners, desiring to participate in the Medical  
26 Assistance program established under this Article to disclose

1 all financial, beneficial, ownership, equity, surety or other  
2 interests in any and all firms, corporations, partnerships,  
3 associations, business enterprises, joint ventures, agencies,  
4 institutions or other legal entities providing any form of  
5 health care services in this State under this Article.

6 The Illinois Department may require that all dispensers of  
7 medical services desiring to participate in the medical  
8 assistance program established under this Article disclose,  
9 under such terms and conditions as the Illinois Department may  
10 by rule establish, all inquiries from clients and attorneys  
11 regarding medical bills paid by the Illinois Department, which  
12 inquiries could indicate potential existence of claims or  
13 liens for the Illinois Department.

14 Enrollment of a vendor shall be subject to a provisional  
15 period and shall be conditional for one year. During the  
16 period of conditional enrollment, the Department may terminate  
17 the vendor's eligibility to participate in, or may disenroll  
18 the vendor from, the medical assistance program without cause.  
19 Unless otherwise specified, such termination of eligibility or  
20 disenrollment is not subject to the Department's hearing  
21 process. However, a disenrolled vendor may reapply without  
22 penalty.

23 The Department has the discretion to limit the conditional  
24 enrollment period for vendors based upon category of risk of  
25 the vendor.

26 Prior to enrollment and during the conditional enrollment

1 period in the medical assistance program, all vendors shall be  
2 subject to enhanced oversight, screening, and review based on  
3 the risk of fraud, waste, and abuse that is posed by the  
4 category of risk of the vendor. The Illinois Department shall  
5 establish the procedures for oversight, screening, and review,  
6 which may include, but need not be limited to: criminal and  
7 financial background checks; fingerprinting; license,  
8 certification, and authorization verifications; unscheduled or  
9 unannounced site visits; database checks; prepayment audit  
10 reviews; audits; payment caps; payment suspensions; and other  
11 screening as required by federal or State law.

12 The Department shall define or specify the following: (i)  
13 by provider notice, the "category of risk of the vendor" for  
14 each type of vendor, which shall take into account the level of  
15 screening applicable to a particular category of vendor under  
16 federal law and regulations; (ii) by rule or provider notice,  
17 the maximum length of the conditional enrollment period for  
18 each category of risk of the vendor; and (iii) by rule, the  
19 hearing rights, if any, afforded to a vendor in each category  
20 of risk of the vendor that is terminated or disenrolled during  
21 the conditional enrollment period.

22 To be eligible for payment consideration, a vendor's  
23 payment claim or bill, either as an initial claim or as a  
24 resubmitted claim following prior rejection, must be received  
25 by the Illinois Department, or its fiscal intermediary, no  
26 later than 180 days after the latest date on the claim on which

1 medical goods or services were provided, with the following  
2 exceptions:

3 (1) In the case of a provider whose enrollment is in  
4 process by the Illinois Department, the 180-day period  
5 shall not begin until the date on the written notice from  
6 the Illinois Department that the provider enrollment is  
7 complete.

8 (2) In the case of errors attributable to the Illinois  
9 Department or any of its claims processing intermediaries  
10 which result in an inability to receive, process, or  
11 adjudicate a claim, the 180-day period shall not begin  
12 until the provider has been notified of the error.

13 (3) In the case of a provider for whom the Illinois  
14 Department initiates the monthly billing process.

15 (4) In the case of a provider operated by a unit of  
16 local government with a population exceeding 3,000,000  
17 when local government funds finance federal participation  
18 for claims payments.

19 For claims for services rendered during a period for which  
20 a recipient received retroactive eligibility, claims must be  
21 filed within 180 days after the Department determines the  
22 applicant is eligible. For claims for which the Illinois  
23 Department is not the primary payer, claims must be submitted  
24 to the Illinois Department within 180 days after the final  
25 adjudication by the primary payer.

26 In the case of long term care facilities, within 120

1 calendar days of receipt by the facility of required  
2 prescreening information, new admissions with associated  
3 admission documents shall be submitted through the Medical  
4 Electronic Data Interchange (MEDI) or the Recipient  
5 Eligibility Verification (REV) System or shall be submitted  
6 directly to the Department of Human Services using required  
7 admission forms. Effective September 1, 2014, admission  
8 documents, including all prescreening information, must be  
9 submitted through MEDI or REV. Confirmation numbers assigned  
10 to an accepted transaction shall be retained by a facility to  
11 verify timely submittal. Once an admission transaction has  
12 been completed, all resubmitted claims following prior  
13 rejection are subject to receipt no later than 180 days after  
14 the admission transaction has been completed.

15 Claims that are not submitted and received in compliance  
16 with the foregoing requirements shall not be eligible for  
17 payment under the medical assistance program, and the State  
18 shall have no liability for payment of those claims.

19 To the extent consistent with applicable information and  
20 privacy, security, and disclosure laws, State and federal  
21 agencies and departments shall provide the Illinois Department  
22 access to confidential and other information and data  
23 necessary to perform eligibility and payment verifications and  
24 other Illinois Department functions. This includes, but is not  
25 limited to: information pertaining to licensure;  
26 certification; earnings; immigration status; citizenship; wage

1 reporting; unearned and earned income; pension income;  
2 employment; supplemental security income; social security  
3 numbers; National Provider Identifier (NPI) numbers; the  
4 National Practitioner Data Bank (NPDB); program and agency  
5 exclusions; taxpayer identification numbers; tax delinquency;  
6 corporate information; and death records.

7 The Illinois Department shall enter into agreements with  
8 State agencies and departments, and is authorized to enter  
9 into agreements with federal agencies and departments, under  
10 which such agencies and departments shall share data necessary  
11 for medical assistance program integrity functions and  
12 oversight. The Illinois Department shall develop, in  
13 cooperation with other State departments and agencies, and in  
14 compliance with applicable federal laws and regulations,  
15 appropriate and effective methods to share such data. At a  
16 minimum, and to the extent necessary to provide data sharing,  
17 the Illinois Department shall enter into agreements with State  
18 agencies and departments, and is authorized to enter into  
19 agreements with federal agencies and departments, including,  
20 but not limited to: the Secretary of State; the Department of  
21 Revenue; the Department of Public Health; the Department of  
22 Human Services; and the Department of Financial and  
23 Professional Regulation.

24 Beginning in fiscal year 2013, the Illinois Department  
25 shall set forth a request for information to identify the  
26 benefits of a pre-payment, post-adjudication, and post-edit

1 claims system with the goals of streamlining claims processing  
2 and provider reimbursement, reducing the number of pending or  
3 rejected claims, and helping to ensure a more transparent  
4 adjudication process through the utilization of: (i) provider  
5 data verification and provider screening technology; and (ii)  
6 clinical code editing; and (iii) pre-pay, pre- or  
7 post-adjudicated predictive modeling with an integrated case  
8 management system with link analysis. Such a request for  
9 information shall not be considered as a request for proposal  
10 or as an obligation on the part of the Illinois Department to  
11 take any action or acquire any products or services.

12 The Illinois Department shall establish policies,  
13 procedures, standards and criteria by rule for the  
14 acquisition, repair and replacement of orthotic and prosthetic  
15 devices and durable medical equipment. Such rules shall  
16 provide, but not be limited to, the following services: (1)  
17 immediate repair or replacement of such devices by recipients;  
18 and (2) rental, lease, purchase or lease-purchase of durable  
19 medical equipment in a cost-effective manner, taking into  
20 consideration the recipient's medical prognosis, the extent of  
21 the recipient's needs, and the requirements and costs for  
22 maintaining such equipment. Subject to prior approval, such  
23 rules shall enable a recipient to temporarily acquire and use  
24 alternative or substitute devices or equipment pending repairs  
25 or replacements of any device or equipment previously  
26 authorized for such recipient by the Department.

1 Notwithstanding any provision of Section 5-5f to the contrary,  
2 the Department may, by rule, exempt certain replacement  
3 wheelchair parts from prior approval and, for wheelchairs,  
4 wheelchair parts, wheelchair accessories, and related seating  
5 and positioning items, determine the wholesale price by  
6 methods other than actual acquisition costs.

7 The Department shall require, by rule, all providers of  
8 durable medical equipment to be accredited by an accreditation  
9 organization approved by the federal Centers for Medicare and  
10 Medicaid Services and recognized by the Department in order to  
11 bill the Department for providing durable medical equipment to  
12 recipients. No later than 15 months after the effective date  
13 of the rule adopted pursuant to this paragraph, all providers  
14 must meet the accreditation requirement.

15 In order to promote environmental responsibility, meet the  
16 needs of recipients and enrollees, and achieve significant  
17 cost savings, the Department, or a managed care organization  
18 under contract with the Department, may provide recipients or  
19 managed care enrollees who have a prescription or Certificate  
20 of Medical Necessity access to refurbished durable medical  
21 equipment under this Section (excluding prosthetic and  
22 orthotic devices as defined in the Orthotics, Prosthetics, and  
23 Pedorthics Practice Act and complex rehabilitation technology  
24 products and associated services) through the State's  
25 assistive technology program's reutilization program, using  
26 staff with the Assistive Technology Professional (ATP)

1 Certification if the refurbished durable medical equipment:  
2 (i) is available; (ii) is less expensive, including shipping  
3 costs, than new durable medical equipment of the same type;  
4 (iii) is able to withstand at least 3 years of use; (iv) is  
5 cleaned, disinfected, sterilized, and safe in accordance with  
6 federal Food and Drug Administration regulations and guidance  
7 governing the reprocessing of medical devices in health care  
8 settings; and (v) equally meets the needs of the recipient or  
9 enrollee. The reutilization program shall confirm that the  
10 recipient or enrollee is not already in receipt of the same or  
11 similar equipment from another service provider, and that the  
12 refurbished durable medical equipment equally meets the needs  
13 of the recipient or enrollee. Nothing in this paragraph shall  
14 be construed to limit recipient or enrollee choice to obtain  
15 new durable medical equipment or place any additional prior  
16 authorization conditions on enrollees of managed care  
17 organizations.

18 The Department shall execute, relative to the nursing home  
19 prescreening project, written inter-agency agreements with the  
20 Department of Human Services and the Department on Aging, to  
21 effect the following: (i) intake procedures and common  
22 eligibility criteria for those persons who are receiving  
23 non-institutional services; and (ii) the establishment and  
24 development of non-institutional services in areas of the  
25 State where they are not currently available or are  
26 undeveloped; and (iii) notwithstanding any other provision of

1 law, subject to federal approval, on and after July 1, 2012, an  
2 increase in the determination of need (DON) scores from 29 to  
3 37 for applicants for institutional and home and  
4 community-based long term care; if and only if federal  
5 approval is not granted, the Department may, in conjunction  
6 with other affected agencies, implement utilization controls  
7 or changes in benefit packages to effectuate a similar savings  
8 amount for this population; and (iv) no later than July 1,  
9 2013, minimum level of care eligibility criteria for  
10 institutional and home and community-based long term care; and  
11 (v) no later than October 1, 2013, establish procedures to  
12 permit long term care providers access to eligibility scores  
13 for individuals with an admission date who are seeking or  
14 receiving services from the long term care provider. In order  
15 to select the minimum level of care eligibility criteria, the  
16 Governor shall establish a workgroup that includes affected  
17 agency representatives and stakeholders representing the  
18 institutional and home and community-based long term care  
19 interests. This Section shall not restrict the Department from  
20 implementing lower level of care eligibility criteria for  
21 community-based services in circumstances where federal  
22 approval has been granted.

23 The Illinois Department shall develop and operate, in  
24 cooperation with other State Departments and agencies and in  
25 compliance with applicable federal laws and regulations,  
26 appropriate and effective systems of health care evaluation

1 and programs for monitoring of utilization of health care  
2 services and facilities, as it affects persons eligible for  
3 medical assistance under this Code.

4 The Illinois Department shall report annually to the  
5 General Assembly, no later than the second Friday in April of  
6 1979 and each year thereafter, in regard to:

7 (a) actual statistics and trends in utilization of  
8 medical services by public aid recipients;

9 (b) actual statistics and trends in the provision of  
10 the various medical services by medical vendors;

11 (c) current rate structures and proposed changes in  
12 those rate structures for the various medical vendors; and

13 (d) efforts at utilization review and control by the  
14 Illinois Department.

15 The period covered by each report shall be the 3 years  
16 ending on the June 30 prior to the report. The report shall  
17 include suggested legislation for consideration by the General  
18 Assembly. The requirement for reporting to the General  
19 Assembly shall be satisfied by filing copies of the report as  
20 required by Section 3.1 of the General Assembly Organization  
21 Act, and filing such additional copies with the State  
22 Government Report Distribution Center for the General Assembly  
23 as is required under paragraph (t) of Section 7 of the State  
24 Library Act.

25 Rulemaking authority to implement Public Act 95-1045, if  
26 any, is conditioned on the rules being adopted in accordance

1 with all provisions of the Illinois Administrative Procedure  
2 Act and all rules and procedures of the Joint Committee on  
3 Administrative Rules; any purported rule not so adopted, for  
4 whatever reason, is unauthorized.

5 On and after July 1, 2012, the Department shall reduce any  
6 rate of reimbursement for services or other payments or alter  
7 any methodologies authorized by this Code to reduce any rate  
8 of reimbursement for services or other payments in accordance  
9 with Section 5-5e.

10 Because kidney transplantation can be an appropriate,  
11 cost-effective alternative to renal dialysis when medically  
12 necessary and notwithstanding the provisions of Section 1-11  
13 of this Code, beginning October 1, 2014, the Department shall  
14 cover kidney transplantation for noncitizens with end-stage  
15 renal disease who are not eligible for comprehensive medical  
16 benefits, who meet the residency requirements of Section 5-3  
17 of this Code, and who would otherwise meet the financial  
18 requirements of the appropriate class of eligible persons  
19 under Section 5-2 of this Code. To qualify for coverage of  
20 kidney transplantation, such person must be receiving  
21 emergency renal dialysis services covered by the Department.  
22 Providers under this Section shall be prior approved and  
23 certified by the Department to perform kidney transplantation  
24 and the services under this Section shall be limited to  
25 services associated with kidney transplantation.

26 Notwithstanding any other provision of this Code to the

1 contrary, on or after July 1, 2015, all FDA approved forms of  
2 medication assisted treatment prescribed for the treatment of  
3 alcohol dependence or treatment of opioid dependence shall be  
4 covered under both fee for service and managed care medical  
5 assistance programs for persons who are otherwise eligible for  
6 medical assistance under this Article and shall not be subject  
7 to any (1) utilization control, other than those established  
8 under the American Society of Addiction Medicine patient  
9 placement criteria, (2) prior authorization mandate, or (3)  
10 lifetime restriction limit mandate.

11 On or after July 1, 2015, opioid antagonists prescribed  
12 for the treatment of an opioid overdose, including the  
13 medication product, administration devices, and any pharmacy  
14 fees or hospital fees related to the dispensing, distribution,  
15 and administration of the opioid antagonist, shall be covered  
16 under the medical assistance program for persons who are  
17 otherwise eligible for medical assistance under this Article.  
18 As used in this Section, "opioid antagonist" means a drug that  
19 binds to opioid receptors and blocks or inhibits the effect of  
20 opioids acting on those receptors, including, but not limited  
21 to, naloxone hydrochloride or any other similarly acting drug  
22 approved by the U.S. Food and Drug Administration. The  
23 Department shall not impose a copayment on the coverage  
24 provided for naloxone hydrochloride under the medical  
25 assistance program.

26 Upon federal approval, the Department shall provide

1 coverage and reimbursement for all drugs that are approved for  
2 marketing by the federal Food and Drug Administration and that  
3 are recommended by the federal Public Health Service or the  
4 United States Centers for Disease Control and Prevention for  
5 pre-exposure prophylaxis and related pre-exposure prophylaxis  
6 services, including, but not limited to, HIV and sexually  
7 transmitted infection screening, treatment for sexually  
8 transmitted infections, medical monitoring, assorted labs, and  
9 counseling to reduce the likelihood of HIV infection among  
10 individuals who are not infected with HIV but who are at high  
11 risk of HIV infection.

12 A federally qualified health center, as defined in Section  
13 1905(1)(2)(B) of the federal Social Security Act, shall be  
14 reimbursed by the Department in accordance with the federally  
15 qualified health center's encounter rate for services provided  
16 to medical assistance recipients that are performed by a  
17 dental hygienist, as defined under the Illinois Dental  
18 Practice Act, working under the general supervision of a  
19 dentist and employed by a federally qualified health center.

20 Within 90 days after October 8, 2021 (the effective date  
21 of Public Act 102-665) ~~this amendatory Act of the 102nd~~  
22 ~~General Assembly~~, the Department shall seek federal approval  
23 of a State Plan amendment to expand coverage for family  
24 planning services that includes presumptive eligibility to  
25 individuals whose income is at or below 208% of the federal  
26 poverty level. Coverage under this Section shall be effective

1 beginning no later than December 1, 2022.

2 Subject to approval by the federal Centers for Medicare  
3 and Medicaid Services of a Title XIX State Plan amendment  
4 electing the Program of All-Inclusive Care for the Elderly  
5 (PACE) as a State Medicaid option, as provided for by Subtitle  
6 I (commencing with Section 4801) of Title IV of the Balanced  
7 Budget Act of 1997 (Public Law 105-33) and Part 460  
8 (commencing with Section 460.2) of Subchapter E of Title 42 of  
9 the Code of Federal Regulations, PACE program services shall  
10 become a covered benefit of the medical assistance program,  
11 subject to criteria established in accordance with all  
12 applicable laws.

13 Notwithstanding any other provision of this Code,  
14 community-based pediatric palliative care from a trained  
15 interdisciplinary team shall be covered under the medical  
16 assistance program as provided in Section 15 of the Pediatric  
17 Palliative Care Act.
