LRB10224100RLC33325b

102ND GENERAL ASSEMBLY

State of Illinois

2021 and 2022

HB4609

Introduced 1/21/2022, by Rep. Rita Mayfield

SYNOPSIS AS INTRODUCED:

20 ILCS 2605/2605-620 new

Amends the Illinois State Police Law of the Civil Administrative Code of Illinois. Provides that subject to appropriation, the Illinois State Police shall procure a cloud-based mobile software system for the supervision of persons in pretrial detention or serving a term of probation, conditional discharge, parole, or mandatory supervised release. The system shall be available to any county or State agency, including the Prisoner Review Board, clerks of the circuit court, public defenders, and State's Attorneys. Establishes the minimum requirements of the software system. Provides that the Illinois State Police, with assistance from the vendor, shall provide the software system without charge to any local or State agency that wishes to use the software to manage supervising persons interacting with its agency. Provides that the Illinois State Police shall permit persons on registries under its administrative control to use the smartphone application to submit required information instead of appearing in person at local law enforcement agency offices for regular appearances. Provides that no fees shall be assessed on persons for the use of the software system. Effective immediately.

A BILL FOR

1   AN ACT concerning State government.

2   **Be it enacted by the People of the State of Illinois,**

3   **represented in the General Assembly:**

4   Section 5. The Illinois State Police Law of the Civil

5   Administrative Code of Illinois is amended by adding Section

6   2605-620 as follows:

7   (20 ILCS 2605/2605-620 new)

8   Sec. 2605-620. Illinois State Police; cloud-based mobile

9   software system.

10   (a) Subject to appropriation, the Illinois State Police

11   shall procure a cloud-based mobile software system for the

12   supervision of persons in pretrial detention or serving a term

13   of probation, conditional discharge, parole, or mandatory

14   supervised release. The system shall be available to any

15   county or State agency, including the Prisoner Review Board,

16   clerks of the circuit court, public defenders, and State's

17   Attorneys.

18   (b) The software system must at a minimum:

19   (1) be available for any State or county agency that

20   supervises persons in pretrial detention or serving a term

21   of probation, conditional discharge, parole, or mandatory

22   supervised release. The system shall be available for

23   unlimited use for an unlimited number of participants in

1   pretrial   detention,   serving   terms   of   probation,

2   conditional   discharge,   parole,   mandatory   supervised

3   release,   participating   in   treatment   court,   specialty

4   court, a juvenile program, or restorative justice program,

5   or required to register in an offender registry;

6   (2)   utilize   an   application   on   the   participant's

7   smartphone   and   provide   a   cloud-based   platform   to   the

8   supervising   agency   that   requires   no   hardware   or   software

9   integration;

10   (3)   provide   location   services,   including   inclusion

11   zones, exclusion zones, curfews, and immediate location at

12   the   direction   of   the   agency   without   action   required   of   the

13   participant and without the use of body attached hardware;

14   (4)   provide   biometric   identification   of   the

15   participant;

16   (5) provide a directory of local services available to

17   the participant;

18   (6)   provide   in-app   chat   and   video   calls   with

19   transcription;

20   (7) provide a scoring mechanism to measure compliance

21   with supervision orders;

22   (8)   provide   written   questionnaires   to   improve

23   efficiency of supervision; and

24   (9) provide a dashboard to identify non-compliance on

25   specific issues across population groups.

26   (c) The vendor selected to host, manage, and update the

1   smartphone application software system shall also provide

2   support staff to provide on-site training and answer customer

3   inquiries from persons or agency staff on an unlimited basis.

4   (d) All non-personal data collected by the software system

5   shall be available for use by other State agencies for data

6   collection and analysis purposes to help assess the efficacy

7   and impact of criminal justice laws and practices, especially

8   pretrial services, including, but not limited to, the Illinois

9   Criminal Justice Information Authority and the Sentencing

10   Policy Advisory Council. All non-personal data collected by

11   the software system in a specific county shall be available

12   for use by any county agency for data collection and analysis

13   purposes.

14   (e) The Illinois State Police, with assistance from the

15   vendor, shall provide the software system without charge to

16   any local or State agency that wishes to use the software to

17   manage supervising persons interacting with its agency.

18   (f) The Illinois State Police shall permit persons on

19   offender registries under its administrative control to use

20   the smartphone application to submit required information

21   instead of appearing in person at local law enforcement agency

22   offices for regular appearances.

23   (g) All funds or expenses saved by local judicial or law

24   enforcement agencies by the use of the Illinois State Police

25   software system shall be retained by the local judicial or law

26   enforcement agency.

1   (h) No fees shall be assessed on persons for the use of the

2   software system.

3   Section 99. Effective date. This Act takes effect upon

4   becoming law.
