

# HB5763

## 102ND GENERAL ASSEMBLY

State of Illinois

2021 and 2022

HB5763

Introduced 11/16/2022, by Rep. Natalie A. Manley

### SYNOPSIS AS INTRODUCED:

305 ILCS 5/5-5

from Ch. 23, par. 5-5

Amends the Medical Assistance Article of the Illinois Public Aid Code. Provides that treatment for a hoarding disorder as defined in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5), shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance.

LRB102 27693 KTG 39487 b

A BILL FOR

1 AN ACT concerning public aid.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Public Aid Code is amended by  
5 changing Section 5-5 as follows:

6 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by  
8 rule, shall determine the quantity and quality of and the rate  
9 of reimbursement for the medical assistance for which payment  
10 will be authorized, and the medical services to be provided,  
11 which may include all or part of the following: (1) inpatient  
12 hospital services; (2) outpatient hospital services; (3) other  
13 laboratory and X-ray services; (4) skilled nursing home  
14 services; (5) physicians' services whether furnished in the  
15 office, the patient's home, a hospital, a skilled nursing  
16 home, or elsewhere; (6) medical care, or any other type of  
17 remedial care furnished by licensed practitioners; (7) home  
18 health care services; (8) private duty nursing service; (9)  
19 clinic services; (10) dental services, including prevention  
20 and treatment of periodontal disease and dental caries disease  
21 for pregnant individuals, provided by an individual licensed  
22 to practice dentistry or dental surgery; for purposes of this  
23 item (10), "dental services" means diagnostic, preventive, or

1 corrective procedures provided by or under the supervision of  
2 a dentist in the practice of his or her profession; (11)  
3 physical therapy and related services; (12) prescribed drugs,  
4 dentures, and prosthetic devices; and eyeglasses prescribed by  
5 a physician skilled in the diseases of the eye, or by an  
6 optometrist, whichever the person may select; (13) other  
7 diagnostic, screening, preventive, and rehabilitative  
8 services, including to ensure that the individual's need for  
9 intervention or treatment of mental disorders or substance use  
10 disorders or co-occurring mental health and substance use  
11 disorders is determined using a uniform screening, assessment,  
12 and evaluation process inclusive of criteria, for children and  
13 adults; for purposes of this item (13), a uniform screening,  
14 assessment, and evaluation process refers to a process that  
15 includes an appropriate evaluation and, as warranted, a  
16 referral; "uniform" does not mean the use of a singular  
17 instrument, tool, or process that all must utilize; (14)  
18 transportation and such other expenses as may be necessary;  
19 (15) medical treatment of sexual assault survivors, as defined  
20 in Section 1a of the Sexual Assault Survivors Emergency  
21 Treatment Act, for injuries sustained as a result of the  
22 sexual assault, including examinations and laboratory tests to  
23 discover evidence which may be used in criminal proceedings  
24 arising from the sexual assault; (16) the diagnosis and  
25 treatment of sickle cell anemia; (16.5) services performed by  
26 a chiropractic physician licensed under the Medical Practice

1 Act of 1987 and acting within the scope of his or her license,  
2 including, but not limited to, chiropractic manipulative  
3 treatment; and (17) any other medical care, and any other type  
4 of remedial care recognized under the laws of this State. The  
5 term "any other type of remedial care" shall include nursing  
6 care and nursing home service for persons who rely on  
7 treatment by spiritual means alone through prayer for healing.

8 Notwithstanding any other provision of this Section, a  
9 comprehensive tobacco use cessation program that includes  
10 purchasing prescription drugs or prescription medical devices  
11 approved by the Food and Drug Administration shall be covered  
12 under the medical assistance program under this Article for  
13 persons who are otherwise eligible for assistance under this  
14 Article.

15 Notwithstanding any other provision of this Code,  
16 reproductive health care that is otherwise legal in Illinois  
17 shall be covered under the medical assistance program for  
18 persons who are otherwise eligible for medical assistance  
19 under this Article.

20 Notwithstanding any other provision of this Section, all  
21 tobacco cessation medications approved by the United States  
22 Food and Drug Administration and all individual and group  
23 tobacco cessation counseling services and telephone-based  
24 counseling services and tobacco cessation medications provided  
25 through the Illinois Tobacco Quitline shall be covered under  
26 the medical assistance program for persons who are otherwise

1 eligible for assistance under this Article. The Department  
2 shall comply with all federal requirements necessary to obtain  
3 federal financial participation, as specified in 42 CFR  
4 433.15(b)(7), for telephone-based counseling services provided  
5 through the Illinois Tobacco Quitline, including, but not  
6 limited to: (i) entering into a memorandum of understanding or  
7 interagency agreement with the Department of Public Health, as  
8 administrator of the Illinois Tobacco Quitline; and (ii)  
9 developing a cost allocation plan for Medicaid-allowable  
10 Illinois Tobacco Quitline services in accordance with 45 CFR  
11 95.507. The Department shall submit the memorandum of  
12 understanding or interagency agreement, the cost allocation  
13 plan, and all other necessary documentation to the Centers for  
14 Medicare and Medicaid Services for review and approval.  
15 Coverage under this paragraph shall be contingent upon federal  
16 approval.

17 Notwithstanding any other provision of this Code, the  
18 Illinois Department may not require, as a condition of payment  
19 for any laboratory test authorized under this Article, that a  
20 physician's handwritten signature appear on the laboratory  
21 test order form. The Illinois Department may, however, impose  
22 other appropriate requirements regarding laboratory test order  
23 documentation.

24 Upon receipt of federal approval of an amendment to the  
25 Illinois Title XIX State Plan for this purpose, the Department  
26 shall authorize the Chicago Public Schools (CPS) to procure a

1 vendor or vendors to manufacture eyeglasses for individuals  
2 enrolled in a school within the CPS system. CPS shall ensure  
3 that its vendor or vendors are enrolled as providers in the  
4 medical assistance program and in any capitated Medicaid  
5 managed care entity (MCE) serving individuals enrolled in a  
6 school within the CPS system. Under any contract procured  
7 under this provision, the vendor or vendors must serve only  
8 individuals enrolled in a school within the CPS system. Claims  
9 for services provided by CPS's vendor or vendors to recipients  
10 of benefits in the medical assistance program under this Code,  
11 the Children's Health Insurance Program, or the Covering ALL  
12 KIDS Health Insurance Program shall be submitted to the  
13 Department or the MCE in which the individual is enrolled for  
14 payment and shall be reimbursed at the Department's or the  
15 MCE's established rates or rate methodologies for eyeglasses.

16 On and after July 1, 2012, the Department of Healthcare  
17 and Family Services may provide the following services to  
18 persons eligible for assistance under this Article who are  
19 participating in education, training or employment programs  
20 operated by the Department of Human Services as successor to  
21 the Department of Public Aid:

22 (1) dental services provided by or under the  
23 supervision of a dentist; and

24 (2) eyeglasses prescribed by a physician skilled in  
25 the diseases of the eye, or by an optometrist, whichever  
26 the person may select.

1           On and after July 1, 2018, the Department of Healthcare  
2 and Family Services shall provide dental services to any adult  
3 who is otherwise eligible for assistance under the medical  
4 assistance program. As used in this paragraph, "dental  
5 services" means diagnostic, preventative, restorative, or  
6 corrective procedures, including procedures and services for  
7 the prevention and treatment of periodontal disease and dental  
8 caries disease, provided by an individual who is licensed to  
9 practice dentistry or dental surgery or who is under the  
10 supervision of a dentist in the practice of his or her  
11 profession.

12           On and after July 1, 2018, targeted dental services, as  
13 set forth in Exhibit D of the Consent Decree entered by the  
14 United States District Court for the Northern District of  
15 Illinois, Eastern Division, in the matter of Memisovski v.  
16 Maram, Case No. 92 C 1982, that are provided to adults under  
17 the medical assistance program shall be established at no less  
18 than the rates set forth in the "New Rate" column in Exhibit D  
19 of the Consent Decree for targeted dental services that are  
20 provided to persons under the age of 18 under the medical  
21 assistance program.

22           Notwithstanding any other provision of this Code and  
23 subject to federal approval, the Department may adopt rules to  
24 allow a dentist who is volunteering his or her service at no  
25 cost to render dental services through an enrolled  
26 not-for-profit health clinic without the dentist personally

1 enrolling as a participating provider in the medical  
2 assistance program. A not-for-profit health clinic shall  
3 include a public health clinic or Federally Qualified Health  
4 Center or other enrolled provider, as determined by the  
5 Department, through which dental services covered under this  
6 Section are performed. The Department shall establish a  
7 process for payment of claims for reimbursement for covered  
8 dental services rendered under this provision.

9 On and after January 1, 2022, the Department of Healthcare  
10 and Family Services shall administer and regulate a  
11 school-based dental program that allows for the out-of-office  
12 delivery of preventative dental services in a school setting  
13 to children under 19 years of age. The Department shall  
14 establish, by rule, guidelines for participation by providers  
15 and set requirements for follow-up referral care based on the  
16 requirements established in the Dental Office Reference Manual  
17 published by the Department that establishes the requirements  
18 for dentists participating in the All Kids Dental School  
19 Program. Every effort shall be made by the Department when  
20 developing the program requirements to consider the different  
21 geographic differences of both urban and rural areas of the  
22 State for initial treatment and necessary follow-up care. No  
23 provider shall be charged a fee by any unit of local government  
24 to participate in the school-based dental program administered  
25 by the Department. Nothing in this paragraph shall be  
26 construed to limit or preempt a home rule unit's or school

1 district's authority to establish, change, or administer a  
2 school-based dental program in addition to, or independent of,  
3 the school-based dental program administered by the  
4 Department.

5 The Illinois Department, by rule, may distinguish and  
6 classify the medical services to be provided only in  
7 accordance with the classes of persons designated in Section  
8 5-2.

9 The Department of Healthcare and Family Services must  
10 provide coverage and reimbursement for amino acid-based  
11 elemental formulas, regardless of delivery method, for the  
12 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
13 short bowel syndrome when the prescribing physician has issued  
14 a written order stating that the amino acid-based elemental  
15 formula is medically necessary.

16 The Illinois Department shall authorize the provision of,  
17 and shall authorize payment for, screening by low-dose  
18 mammography for the presence of occult breast cancer for  
19 individuals 35 years of age or older who are eligible for  
20 medical assistance under this Article, as follows:

21 (A) A baseline mammogram for individuals 35 to 39  
22 years of age.

23 (B) An annual mammogram for individuals 40 years of  
24 age or older.

25 (C) A mammogram at the age and intervals considered  
26 medically necessary by the individual's health care

1 provider for individuals under 40 years of age and having  
2 a family history of breast cancer, prior personal history  
3 of breast cancer, positive genetic testing, or other risk  
4 factors.

5 (D) A comprehensive ultrasound screening and MRI of an  
6 entire breast or breasts if a mammogram demonstrates  
7 heterogeneous or dense breast tissue or when medically  
8 necessary as determined by a physician licensed to  
9 practice medicine in all of its branches.

10 (E) A screening MRI when medically necessary, as  
11 determined by a physician licensed to practice medicine in  
12 all of its branches.

13 (F) A diagnostic mammogram when medically necessary,  
14 as determined by a physician licensed to practice medicine  
15 in all its branches, advanced practice registered nurse,  
16 or physician assistant.

17 The Department shall not impose a deductible, coinsurance,  
18 copayment, or any other cost-sharing requirement on the  
19 coverage provided under this paragraph; except that this  
20 sentence does not apply to coverage of diagnostic mammograms  
21 to the extent such coverage would disqualify a high-deductible  
22 health plan from eligibility for a health savings account  
23 pursuant to Section 223 of the Internal Revenue Code (26  
24 U.S.C. 223).

25 All screenings shall include a physical breast exam,  
26 instruction on self-examination and information regarding the

1 frequency of self-examination and its value as a preventative  
2 tool.

3 For purposes of this Section:

4 "Diagnostic mammogram" means a mammogram obtained using  
5 diagnostic mammography.

6 "Diagnostic mammography" means a method of screening that  
7 is designed to evaluate an abnormality in a breast, including  
8 an abnormality seen or suspected on a screening mammogram or a  
9 subjective or objective abnormality otherwise detected in the  
10 breast.

11 "Low-dose mammography" means the x-ray examination of the  
12 breast using equipment dedicated specifically for mammography,  
13 including the x-ray tube, filter, compression device, and  
14 image receptor, with an average radiation exposure delivery of  
15 less than one rad per breast for 2 views of an average size  
16 breast. The term also includes digital mammography and  
17 includes breast tomosynthesis.

18 "Breast tomosynthesis" means a radiologic procedure that  
19 involves the acquisition of projection images over the  
20 stationary breast to produce cross-sectional digital  
21 three-dimensional images of the breast.

22 If, at any time, the Secretary of the United States  
23 Department of Health and Human Services, or its successor  
24 agency, promulgates rules or regulations to be published in  
25 the Federal Register or publishes a comment in the Federal  
26 Register or issues an opinion, guidance, or other action that

1 would require the State, pursuant to any provision of the  
2 Patient Protection and Affordable Care Act (Public Law  
3 111-148), including, but not limited to, 42 U.S.C.  
4 18031(d)(3)(B) or any successor provision, to defray the cost  
5 of any coverage for breast tomosynthesis outlined in this  
6 paragraph, then the requirement that an insurer cover breast  
7 tomosynthesis is inoperative other than any such coverage  
8 authorized under Section 1902 of the Social Security Act, 42  
9 U.S.C. 1396a, and the State shall not assume any obligation  
10 for the cost of coverage for breast tomosynthesis set forth in  
11 this paragraph.

12 On and after January 1, 2016, the Department shall ensure  
13 that all networks of care for adult clients of the Department  
14 include access to at least one breast imaging Center of  
15 Imaging Excellence as certified by the American College of  
16 Radiology.

17 On and after January 1, 2012, providers participating in a  
18 quality improvement program approved by the Department shall  
19 be reimbursed for screening and diagnostic mammography at the  
20 same rate as the Medicare program's rates, including the  
21 increased reimbursement for digital mammography.

22 The Department shall convene an expert panel including  
23 representatives of hospitals, free-standing mammography  
24 facilities, and doctors, including radiologists, to establish  
25 quality standards for mammography.

26 On and after January 1, 2017, providers participating in a

1 breast cancer treatment quality improvement program approved  
2 by the Department shall be reimbursed for breast cancer  
3 treatment at a rate that is no lower than 95% of the Medicare  
4 program's rates for the data elements included in the breast  
5 cancer treatment quality program.

6 The Department shall convene an expert panel, including  
7 representatives of hospitals, free-standing breast cancer  
8 treatment centers, breast cancer quality organizations, and  
9 doctors, including breast surgeons, reconstructive breast  
10 surgeons, oncologists, and primary care providers to establish  
11 quality standards for breast cancer treatment.

12 Subject to federal approval, the Department shall  
13 establish a rate methodology for mammography at federally  
14 qualified health centers and other encounter-rate clinics.  
15 These clinics or centers may also collaborate with other  
16 hospital-based mammography facilities. By January 1, 2016, the  
17 Department shall report to the General Assembly on the status  
18 of the provision set forth in this paragraph.

19 The Department shall establish a methodology to remind  
20 individuals who are age-appropriate for screening mammography,  
21 but who have not received a mammogram within the previous 18  
22 months, of the importance and benefit of screening  
23 mammography. The Department shall work with experts in breast  
24 cancer outreach and patient navigation to optimize these  
25 reminders and shall establish a methodology for evaluating  
26 their effectiveness and modifying the methodology based on the

1 evaluation.

2 The Department shall establish a performance goal for  
3 primary care providers with respect to their female patients  
4 over age 40 receiving an annual mammogram. This performance  
5 goal shall be used to provide additional reimbursement in the  
6 form of a quality performance bonus to primary care providers  
7 who meet that goal.

8 The Department shall devise a means of case-managing or  
9 patient navigation for beneficiaries diagnosed with breast  
10 cancer. This program shall initially operate as a pilot  
11 program in areas of the State with the highest incidence of  
12 mortality related to breast cancer. At least one pilot program  
13 site shall be in the metropolitan Chicago area and at least one  
14 site shall be outside the metropolitan Chicago area. On or  
15 after July 1, 2016, the pilot program shall be expanded to  
16 include one site in western Illinois, one site in southern  
17 Illinois, one site in central Illinois, and 4 sites within  
18 metropolitan Chicago. An evaluation of the pilot program shall  
19 be carried out measuring health outcomes and cost of care for  
20 those served by the pilot program compared to similarly  
21 situated patients who are not served by the pilot program.

22 The Department shall require all networks of care to  
23 develop a means either internally or by contract with experts  
24 in navigation and community outreach to navigate cancer  
25 patients to comprehensive care in a timely fashion. The  
26 Department shall require all networks of care to include

1 access for patients diagnosed with cancer to at least one  
2 academic commission on cancer-accredited cancer program as an  
3 in-network covered benefit.

4 On or after July 1, 2022, individuals who are otherwise  
5 eligible for medical assistance under this Article shall  
6 receive coverage for perinatal depression screenings for the  
7 12-month period beginning on the last day of their pregnancy.  
8 Medical assistance coverage under this paragraph shall be  
9 conditioned on the use of a screening instrument approved by  
10 the Department.

11 Any medical or health care provider shall immediately  
12 recommend, to any pregnant individual who is being provided  
13 prenatal services and is suspected of having a substance use  
14 disorder as defined in the Substance Use Disorder Act,  
15 referral to a local substance use disorder treatment program  
16 licensed by the Department of Human Services or to a licensed  
17 hospital which provides substance abuse treatment services.  
18 The Department of Healthcare and Family Services shall assure  
19 coverage for the cost of treatment of the drug abuse or  
20 addiction for pregnant recipients in accordance with the  
21 Illinois Medicaid Program in conjunction with the Department  
22 of Human Services.

23 All medical providers providing medical assistance to  
24 pregnant individuals under this Code shall receive information  
25 from the Department on the availability of services under any  
26 program providing case management services for addicted

1 individuals, including information on appropriate referrals  
2 for other social services that may be needed by addicted  
3 individuals in addition to treatment for addiction.

4 The Illinois Department, in cooperation with the  
5 Departments of Human Services (as successor to the Department  
6 of Alcoholism and Substance Abuse) and Public Health, through  
7 a public awareness campaign, may provide information  
8 concerning treatment for alcoholism and drug abuse and  
9 addiction, prenatal health care, and other pertinent programs  
10 directed at reducing the number of drug-affected infants born  
11 to recipients of medical assistance.

12 Neither the Department of Healthcare and Family Services  
13 nor the Department of Human Services shall sanction the  
14 recipient solely on the basis of the recipient's substance  
15 abuse.

16 The Illinois Department shall establish such regulations  
17 governing the dispensing of health services under this Article  
18 as it shall deem appropriate. The Department should seek the  
19 advice of formal professional advisory committees appointed by  
20 the Director of the Illinois Department for the purpose of  
21 providing regular advice on policy and administrative matters,  
22 information dissemination and educational activities for  
23 medical and health care providers, and consistency in  
24 procedures to the Illinois Department.

25 The Illinois Department may develop and contract with  
26 Partnerships of medical providers to arrange medical services

1 for persons eligible under Section 5-2 of this Code.  
2 Implementation of this Section may be by demonstration  
3 projects in certain geographic areas. The Partnership shall be  
4 represented by a sponsor organization. The Department, by  
5 rule, shall develop qualifications for sponsors of  
6 Partnerships. Nothing in this Section shall be construed to  
7 require that the sponsor organization be a medical  
8 organization.

9 The sponsor must negotiate formal written contracts with  
10 medical providers for physician services, inpatient and  
11 outpatient hospital care, home health services, treatment for  
12 alcoholism and substance abuse, and other services determined  
13 necessary by the Illinois Department by rule for delivery by  
14 Partnerships. Physician services must include prenatal and  
15 obstetrical care. The Illinois Department shall reimburse  
16 medical services delivered by Partnership providers to clients  
17 in target areas according to provisions of this Article and  
18 the Illinois Health Finance Reform Act, except that:

19 (1) Physicians participating in a Partnership and  
20 providing certain services, which shall be determined by  
21 the Illinois Department, to persons in areas covered by  
22 the Partnership may receive an additional surcharge for  
23 such services.

24 (2) The Department may elect to consider and negotiate  
25 financial incentives to encourage the development of  
26 Partnerships and the efficient delivery of medical care.

1           (3) Persons receiving medical services through  
2 Partnerships may receive medical and case management  
3 services above the level usually offered through the  
4 medical assistance program.

5           Medical providers shall be required to meet certain  
6 qualifications to participate in Partnerships to ensure the  
7 delivery of high quality medical services. These  
8 qualifications shall be determined by rule of the Illinois  
9 Department and may be higher than qualifications for  
10 participation in the medical assistance program. Partnership  
11 sponsors may prescribe reasonable additional qualifications  
12 for participation by medical providers, only with the prior  
13 written approval of the Illinois Department.

14           Nothing in this Section shall limit the free choice of  
15 practitioners, hospitals, and other providers of medical  
16 services by clients. In order to ensure patient freedom of  
17 choice, the Illinois Department shall immediately promulgate  
18 all rules and take all other necessary actions so that  
19 provided services may be accessed from therapeutically  
20 certified optometrists to the full extent of the Illinois  
21 Optometric Practice Act of 1987 without discriminating between  
22 service providers.

23           The Department shall apply for a waiver from the United  
24 States Health Care Financing Administration to allow for the  
25 implementation of Partnerships under this Section.

26           The Illinois Department shall require health care

1 providers to maintain records that document the medical care  
2 and services provided to recipients of Medical Assistance  
3 under this Article. Such records must be retained for a period  
4 of not less than 6 years from the date of service or as  
5 provided by applicable State law, whichever period is longer,  
6 except that if an audit is initiated within the required  
7 retention period then the records must be retained until the  
8 audit is completed and every exception is resolved. The  
9 Illinois Department shall require health care providers to  
10 make available, when authorized by the patient, in writing,  
11 the medical records in a timely fashion to other health care  
12 providers who are treating or serving persons eligible for  
13 Medical Assistance under this Article. All dispensers of  
14 medical services shall be required to maintain and retain  
15 business and professional records sufficient to fully and  
16 accurately document the nature, scope, details and receipt of  
17 the health care provided to persons eligible for medical  
18 assistance under this Code, in accordance with regulations  
19 promulgated by the Illinois Department. The rules and  
20 regulations shall require that proof of the receipt of  
21 prescription drugs, dentures, prosthetic devices and  
22 eyeglasses by eligible persons under this Section accompany  
23 each claim for reimbursement submitted by the dispenser of  
24 such medical services. No such claims for reimbursement shall  
25 be approved for payment by the Illinois Department without  
26 such proof of receipt, unless the Illinois Department shall

1 have put into effect and shall be operating a system of  
2 post-payment audit and review which shall, on a sampling  
3 basis, be deemed adequate by the Illinois Department to assure  
4 that such drugs, dentures, prosthetic devices and eyeglasses  
5 for which payment is being made are actually being received by  
6 eligible recipients. Within 90 days after September 16, 1984  
7 (the effective date of Public Act 83-1439), the Illinois  
8 Department shall establish a current list of acquisition costs  
9 for all prosthetic devices and any other items recognized as  
10 medical equipment and supplies reimbursable under this Article  
11 and shall update such list on a quarterly basis, except that  
12 the acquisition costs of all prescription drugs shall be  
13 updated no less frequently than every 30 days as required by  
14 Section 5-5.12.

15 Notwithstanding any other law to the contrary, the  
16 Illinois Department shall, within 365 days after July 22, 2013  
17 (the effective date of Public Act 98-104), establish  
18 procedures to permit skilled care facilities licensed under  
19 the Nursing Home Care Act to submit monthly billing claims for  
20 reimbursement purposes. Following development of these  
21 procedures, the Department shall, by July 1, 2016, test the  
22 viability of the new system and implement any necessary  
23 operational or structural changes to its information  
24 technology platforms in order to allow for the direct  
25 acceptance and payment of nursing home claims.

26 Notwithstanding any other law to the contrary, the

1 Illinois Department shall, within 365 days after August 15,  
2 2014 (the effective date of Public Act 98-963), establish  
3 procedures to permit ID/DD facilities licensed under the ID/DD  
4 Community Care Act and MC/DD facilities licensed under the  
5 MC/DD Act to submit monthly billing claims for reimbursement  
6 purposes. Following development of these procedures, the  
7 Department shall have an additional 365 days to test the  
8 viability of the new system and to ensure that any necessary  
9 operational or structural changes to its information  
10 technology platforms are implemented.

11 The Illinois Department shall require all dispensers of  
12 medical services, other than an individual practitioner or  
13 group of practitioners, desiring to participate in the Medical  
14 Assistance program established under this Article to disclose  
15 all financial, beneficial, ownership, equity, surety or other  
16 interests in any and all firms, corporations, partnerships,  
17 associations, business enterprises, joint ventures, agencies,  
18 institutions or other legal entities providing any form of  
19 health care services in this State under this Article.

20 The Illinois Department may require that all dispensers of  
21 medical services desiring to participate in the medical  
22 assistance program established under this Article disclose,  
23 under such terms and conditions as the Illinois Department may  
24 by rule establish, all inquiries from clients and attorneys  
25 regarding medical bills paid by the Illinois Department, which  
26 inquiries could indicate potential existence of claims or

1 liens for the Illinois Department.

2 Enrollment of a vendor shall be subject to a provisional  
3 period and shall be conditional for one year. During the  
4 period of conditional enrollment, the Department may terminate  
5 the vendor's eligibility to participate in, or may disenroll  
6 the vendor from, the medical assistance program without cause.  
7 Unless otherwise specified, such termination of eligibility or  
8 disenrollment is not subject to the Department's hearing  
9 process. However, a disenrolled vendor may reapply without  
10 penalty.

11 The Department has the discretion to limit the conditional  
12 enrollment period for vendors based upon category of risk of  
13 the vendor.

14 Prior to enrollment and during the conditional enrollment  
15 period in the medical assistance program, all vendors shall be  
16 subject to enhanced oversight, screening, and review based on  
17 the risk of fraud, waste, and abuse that is posed by the  
18 category of risk of the vendor. The Illinois Department shall  
19 establish the procedures for oversight, screening, and review,  
20 which may include, but need not be limited to: criminal and  
21 financial background checks; fingerprinting; license,  
22 certification, and authorization verifications; unscheduled or  
23 unannounced site visits; database checks; prepayment audit  
24 reviews; audits; payment caps; payment suspensions; and other  
25 screening as required by federal or State law.

26 The Department shall define or specify the following: (i)

1 by provider notice, the "category of risk of the vendor" for  
2 each type of vendor, which shall take into account the level of  
3 screening applicable to a particular category of vendor under  
4 federal law and regulations; (ii) by rule or provider notice,  
5 the maximum length of the conditional enrollment period for  
6 each category of risk of the vendor; and (iii) by rule, the  
7 hearing rights, if any, afforded to a vendor in each category  
8 of risk of the vendor that is terminated or disenrolled during  
9 the conditional enrollment period.

10 To be eligible for payment consideration, a vendor's  
11 payment claim or bill, either as an initial claim or as a  
12 resubmitted claim following prior rejection, must be received  
13 by the Illinois Department, or its fiscal intermediary, no  
14 later than 180 days after the latest date on the claim on which  
15 medical goods or services were provided, with the following  
16 exceptions:

17 (1) In the case of a provider whose enrollment is in  
18 process by the Illinois Department, the 180-day period  
19 shall not begin until the date on the written notice from  
20 the Illinois Department that the provider enrollment is  
21 complete.

22 (2) In the case of errors attributable to the Illinois  
23 Department or any of its claims processing intermediaries  
24 which result in an inability to receive, process, or  
25 adjudicate a claim, the 180-day period shall not begin  
26 until the provider has been notified of the error.

1           (3) In the case of a provider for whom the Illinois  
2           Department initiates the monthly billing process.

3           (4) In the case of a provider operated by a unit of  
4           local government with a population exceeding 3,000,000  
5           when local government funds finance federal participation  
6           for claims payments.

7           For claims for services rendered during a period for which  
8           a recipient received retroactive eligibility, claims must be  
9           filed within 180 days after the Department determines the  
10          applicant is eligible. For claims for which the Illinois  
11          Department is not the primary payer, claims must be submitted  
12          to the Illinois Department within 180 days after the final  
13          adjudication by the primary payer.

14          In the case of long term care facilities, within 120  
15          calendar days of receipt by the facility of required  
16          prescreening information, new admissions with associated  
17          admission documents shall be submitted through the Medical  
18          Electronic Data Interchange (MEDI) or the Recipient  
19          Eligibility Verification (REV) System or shall be submitted  
20          directly to the Department of Human Services using required  
21          admission forms. Effective September 1, 2014, admission  
22          documents, including all prescreening information, must be  
23          submitted through MEDI or REV. Confirmation numbers assigned  
24          to an accepted transaction shall be retained by a facility to  
25          verify timely submittal. Once an admission transaction has  
26          been completed, all resubmitted claims following prior

1 rejection are subject to receipt no later than 180 days after  
2 the admission transaction has been completed.

3 Claims that are not submitted and received in compliance  
4 with the foregoing requirements shall not be eligible for  
5 payment under the medical assistance program, and the State  
6 shall have no liability for payment of those claims.

7 To the extent consistent with applicable information and  
8 privacy, security, and disclosure laws, State and federal  
9 agencies and departments shall provide the Illinois Department  
10 access to confidential and other information and data  
11 necessary to perform eligibility and payment verifications and  
12 other Illinois Department functions. This includes, but is not  
13 limited to: information pertaining to licensure;  
14 certification; earnings; immigration status; citizenship; wage  
15 reporting; unearned and earned income; pension income;  
16 employment; supplemental security income; social security  
17 numbers; National Provider Identifier (NPI) numbers; the  
18 National Practitioner Data Bank (NPDB); program and agency  
19 exclusions; taxpayer identification numbers; tax delinquency;  
20 corporate information; and death records.

21 The Illinois Department shall enter into agreements with  
22 State agencies and departments, and is authorized to enter  
23 into agreements with federal agencies and departments, under  
24 which such agencies and departments shall share data necessary  
25 for medical assistance program integrity functions and  
26 oversight. The Illinois Department shall develop, in

1 cooperation with other State departments and agencies, and in  
2 compliance with applicable federal laws and regulations,  
3 appropriate and effective methods to share such data. At a  
4 minimum, and to the extent necessary to provide data sharing,  
5 the Illinois Department shall enter into agreements with State  
6 agencies and departments, and is authorized to enter into  
7 agreements with federal agencies and departments, including,  
8 but not limited to: the Secretary of State; the Department of  
9 Revenue; the Department of Public Health; the Department of  
10 Human Services; and the Department of Financial and  
11 Professional Regulation.

12 Beginning in fiscal year 2013, the Illinois Department  
13 shall set forth a request for information to identify the  
14 benefits of a pre-payment, post-adjudication, and post-edit  
15 claims system with the goals of streamlining claims processing  
16 and provider reimbursement, reducing the number of pending or  
17 rejected claims, and helping to ensure a more transparent  
18 adjudication process through the utilization of: (i) provider  
19 data verification and provider screening technology; and (ii)  
20 clinical code editing; and (iii) pre-pay, pre- or  
21 post-adjudicated predictive modeling with an integrated case  
22 management system with link analysis. Such a request for  
23 information shall not be considered as a request for proposal  
24 or as an obligation on the part of the Illinois Department to  
25 take any action or acquire any products or services.

26 The Illinois Department shall establish policies,

1 procedures, standards and criteria by rule for the  
2 acquisition, repair and replacement of orthotic and prosthetic  
3 devices and durable medical equipment. Such rules shall  
4 provide, but not be limited to, the following services: (1)  
5 immediate repair or replacement of such devices by recipients;  
6 and (2) rental, lease, purchase or lease-purchase of durable  
7 medical equipment in a cost-effective manner, taking into  
8 consideration the recipient's medical prognosis, the extent of  
9 the recipient's needs, and the requirements and costs for  
10 maintaining such equipment. Subject to prior approval, such  
11 rules shall enable a recipient to temporarily acquire and use  
12 alternative or substitute devices or equipment pending repairs  
13 or replacements of any device or equipment previously  
14 authorized for such recipient by the Department.  
15 Notwithstanding any provision of Section 5-5f to the contrary,  
16 the Department may, by rule, exempt certain replacement  
17 wheelchair parts from prior approval and, for wheelchairs,  
18 wheelchair parts, wheelchair accessories, and related seating  
19 and positioning items, determine the wholesale price by  
20 methods other than actual acquisition costs.

21 The Department shall require, by rule, all providers of  
22 durable medical equipment to be accredited by an accreditation  
23 organization approved by the federal Centers for Medicare and  
24 Medicaid Services and recognized by the Department in order to  
25 bill the Department for providing durable medical equipment to  
26 recipients. No later than 15 months after the effective date

1 of the rule adopted pursuant to this paragraph, all providers  
2 must meet the accreditation requirement.

3 In order to promote environmental responsibility, meet the  
4 needs of recipients and enrollees, and achieve significant  
5 cost savings, the Department, or a managed care organization  
6 under contract with the Department, may provide recipients or  
7 managed care enrollees who have a prescription or Certificate  
8 of Medical Necessity access to refurbished durable medical  
9 equipment under this Section (excluding prosthetic and  
10 orthotic devices as defined in the Orthotics, Prosthetics, and  
11 Pedorthics Practice Act and complex rehabilitation technology  
12 products and associated services) through the State's  
13 assistive technology program's reutilization program, using  
14 staff with the Assistive Technology Professional (ATP)  
15 Certification if the refurbished durable medical equipment:  
16 (i) is available; (ii) is less expensive, including shipping  
17 costs, than new durable medical equipment of the same type;  
18 (iii) is able to withstand at least 3 years of use; (iv) is  
19 cleaned, disinfected, sterilized, and safe in accordance with  
20 federal Food and Drug Administration regulations and guidance  
21 governing the reprocessing of medical devices in health care  
22 settings; and (v) equally meets the needs of the recipient or  
23 enrollee. The reutilization program shall confirm that the  
24 recipient or enrollee is not already in receipt of the same or  
25 similar equipment from another service provider, and that the  
26 refurbished durable medical equipment equally meets the needs

1 of the recipient or enrollee. Nothing in this paragraph shall  
2 be construed to limit recipient or enrollee choice to obtain  
3 new durable medical equipment or place any additional prior  
4 authorization conditions on enrollees of managed care  
5 organizations.

6 The Department shall execute, relative to the nursing home  
7 prescreening project, written inter-agency agreements with the  
8 Department of Human Services and the Department on Aging, to  
9 effect the following: (i) intake procedures and common  
10 eligibility criteria for those persons who are receiving  
11 non-institutional services; and (ii) the establishment and  
12 development of non-institutional services in areas of the  
13 State where they are not currently available or are  
14 undeveloped; and (iii) notwithstanding any other provision of  
15 law, subject to federal approval, on and after July 1, 2012, an  
16 increase in the determination of need (DON) scores from 29 to  
17 37 for applicants for institutional and home and  
18 community-based long term care; if and only if federal  
19 approval is not granted, the Department may, in conjunction  
20 with other affected agencies, implement utilization controls  
21 or changes in benefit packages to effectuate a similar savings  
22 amount for this population; and (iv) no later than July 1,  
23 2013, minimum level of care eligibility criteria for  
24 institutional and home and community-based long term care; and  
25 (v) no later than October 1, 2013, establish procedures to  
26 permit long term care providers access to eligibility scores

1 for individuals with an admission date who are seeking or  
2 receiving services from the long term care provider. In order  
3 to select the minimum level of care eligibility criteria, the  
4 Governor shall establish a workgroup that includes affected  
5 agency representatives and stakeholders representing the  
6 institutional and home and community-based long term care  
7 interests. This Section shall not restrict the Department from  
8 implementing lower level of care eligibility criteria for  
9 community-based services in circumstances where federal  
10 approval has been granted.

11 The Illinois Department shall develop and operate, in  
12 cooperation with other State Departments and agencies and in  
13 compliance with applicable federal laws and regulations,  
14 appropriate and effective systems of health care evaluation  
15 and programs for monitoring of utilization of health care  
16 services and facilities, as it affects persons eligible for  
17 medical assistance under this Code.

18 The Illinois Department shall report annually to the  
19 General Assembly, no later than the second Friday in April of  
20 1979 and each year thereafter, in regard to:

21 (a) actual statistics and trends in utilization of  
22 medical services by public aid recipients;

23 (b) actual statistics and trends in the provision of  
24 the various medical services by medical vendors;

25 (c) current rate structures and proposed changes in  
26 those rate structures for the various medical vendors; and

1 (d) efforts at utilization review and control by the  
2 Illinois Department.

3 The period covered by each report shall be the 3 years  
4 ending on the June 30 prior to the report. The report shall  
5 include suggested legislation for consideration by the General  
6 Assembly. The requirement for reporting to the General  
7 Assembly shall be satisfied by filing copies of the report as  
8 required by Section 3.1 of the General Assembly Organization  
9 Act, and filing such additional copies with the State  
10 Government Report Distribution Center for the General Assembly  
11 as is required under paragraph (t) of Section 7 of the State  
12 Library Act.

13 Rulemaking authority to implement Public Act 95-1045, if  
14 any, is conditioned on the rules being adopted in accordance  
15 with all provisions of the Illinois Administrative Procedure  
16 Act and all rules and procedures of the Joint Committee on  
17 Administrative Rules; any purported rule not so adopted, for  
18 whatever reason, is unauthorized.

19 On and after July 1, 2012, the Department shall reduce any  
20 rate of reimbursement for services or other payments or alter  
21 any methodologies authorized by this Code to reduce any rate  
22 of reimbursement for services or other payments in accordance  
23 with Section 5-5e.

24 Because kidney transplantation can be an appropriate,  
25 cost-effective alternative to renal dialysis when medically  
26 necessary and notwithstanding the provisions of Section 1-11

1 of this Code, beginning October 1, 2014, the Department shall  
2 cover kidney transplantation for noncitizens with end-stage  
3 renal disease who are not eligible for comprehensive medical  
4 benefits, who meet the residency requirements of Section 5-3  
5 of this Code, and who would otherwise meet the financial  
6 requirements of the appropriate class of eligible persons  
7 under Section 5-2 of this Code. To qualify for coverage of  
8 kidney transplantation, such person must be receiving  
9 emergency renal dialysis services covered by the Department.  
10 Providers under this Section shall be prior approved and  
11 certified by the Department to perform kidney transplantation  
12 and the services under this Section shall be limited to  
13 services associated with kidney transplantation.

14 Notwithstanding any other provision of this Code to the  
15 contrary, on or after July 1, 2015, all FDA approved forms of  
16 medication assisted treatment prescribed for the treatment of  
17 alcohol dependence or treatment of opioid dependence shall be  
18 covered under both fee for service and managed care medical  
19 assistance programs for persons who are otherwise eligible for  
20 medical assistance under this Article and shall not be subject  
21 to any (1) utilization control, other than those established  
22 under the American Society of Addiction Medicine patient  
23 placement criteria, (2) prior authorization mandate, or (3)  
24 lifetime restriction limit mandate.

25 On or after July 1, 2015, opioid antagonists prescribed  
26 for the treatment of an opioid overdose, including the

1 medication product, administration devices, and any pharmacy  
2 fees or hospital fees related to the dispensing, distribution,  
3 and administration of the opioid antagonist, shall be covered  
4 under the medical assistance program for persons who are  
5 otherwise eligible for medical assistance under this Article.  
6 As used in this Section, "opioid antagonist" means a drug that  
7 binds to opioid receptors and blocks or inhibits the effect of  
8 opioids acting on those receptors, including, but not limited  
9 to, naloxone hydrochloride or any other similarly acting drug  
10 approved by the U.S. Food and Drug Administration.

11 Upon federal approval, the Department shall provide  
12 coverage and reimbursement for all drugs that are approved for  
13 marketing by the federal Food and Drug Administration and that  
14 are recommended by the federal Public Health Service or the  
15 United States Centers for Disease Control and Prevention for  
16 pre-exposure prophylaxis and related pre-exposure prophylaxis  
17 services, including, but not limited to, HIV and sexually  
18 transmitted infection screening, treatment for sexually  
19 transmitted infections, medical monitoring, assorted labs, and  
20 counseling to reduce the likelihood of HIV infection among  
21 individuals who are not infected with HIV but who are at high  
22 risk of HIV infection.

23 A federally qualified health center, as defined in Section  
24 1905(1)(2)(B) of the federal Social Security Act, shall be  
25 reimbursed by the Department in accordance with the federally  
26 qualified health center's encounter rate for services provided

1 to medical assistance recipients that are performed by a  
2 dental hygienist, as defined under the Illinois Dental  
3 Practice Act, working under the general supervision of a  
4 dentist and employed by a federally qualified health center.

5 Within 90 days after October 8, 2021 (the effective date  
6 of Public Act 102-665) ~~this amendatory Act of the 102nd~~  
7 ~~General Assembly~~, the Department shall seek federal approval  
8 of a State Plan amendment to expand coverage for family  
9 planning services that includes presumptive eligibility to  
10 individuals whose income is at or below 208% of the federal  
11 poverty level. Coverage under this Section shall be effective  
12 beginning no later than December 1, 2022.

13 Subject to approval by the federal Centers for Medicare  
14 and Medicaid Services of a Title XIX State Plan amendment  
15 electing the Program of All-Inclusive Care for the Elderly  
16 (PACE) as a State Medicaid option, as provided for by Subtitle  
17 I (commencing with Section 4801) of Title IV of the Balanced  
18 Budget Act of 1997 (Public Law 105-33) and Part 460  
19 (commencing with Section 460.2) of Subchapter E of Title 42 of  
20 the Code of Federal Regulations, PACE program services shall  
21 become a covered benefit of the medical assistance program,  
22 subject to criteria established in accordance with all  
23 applicable laws.

24 Notwithstanding any other provision of this Code,  
25 community-based pediatric palliative care from a trained  
26 interdisciplinary team shall be covered under the medical

1 assistance program as provided in Section 15 of the Pediatric  
2 Palliative Care Act.

3 Notwithstanding any other provision of this Code,  
4 treatment for a hoarding disorder as defined in the Diagnostic  
5 and Statistical Manual of Mental Disorders, Fifth Edition  
6 (DSM-5), shall be covered under the medical assistance program  
7 for persons who are otherwise eligible for medical assistance  
8 under this Article.
