7 Sec. 5-40. Supervision of school construction projects;
8 green projects. The Capital Development Board shall exercise
9 general supervision over school construction projects financed
10 pursuant to this Article. School districts, however, must be
11 allowed to choose the architect and engineer for their school
12 construction projects, and no project may be disapproved by
13 the State Board of Education or the Capital Development Board
14 solely due to a school district's selection of an architect or
15 engineer.

16 With respect to those school construction projects for

1 which a school district first applies for a grant on or after
2 July 1, 2007, the school construction project must receive
3 certification from the United States Green Building Council's
4 Leadership in Energy and Environmental Design Green Building
5 Rating System or the Green Building Initiative's Green Globes
6 Green Building Rating System or must meet green building
7 standards of the Capital Development Board and its Green
8 Building Advisory Committee. With respect to those school
9 construction projects for which a school district applies for
10 a grant on or after July 1, 2009, the school construction
11 project must receive silver certification from the United
12 States Green Building Council's Leadership in Energy and
13 Environmental Design Green Building Rating System unless all
14 of the following are met:
