

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Nurse Practice Act is amended by changing  
5 Sections 60-5 and 60-10 as follows:

6 (225 ILCS 65/60-5)

7 (Section scheduled to be repealed on January 1, 2028)

8 Sec. 60-5. RN education program requirements; out-of-State  
9 programs.

10 (a) All registered professional nurse education programs  
11 must be reviewed by the Board and approved by the Department  
12 before the successful completion of such a program may be  
13 applied toward meeting the requirements for registered  
14 professional nurse licensure under this Act. Any program  
15 changing the level of educational preparation or the  
16 relationship with or to the parent institution or establishing  
17 an extension of an existing program must request a review by  
18 the Board and approval by the Department. The Board shall  
19 review and make a recommendation for the approval or  
20 disapproval of a program by the Department based on the  
21 following criteria:

22 (1) a feasibility study that describes the need for  
23 the program and the facilities used, the potential of the

1 program to recruit faculty and students, financial support  
2 for the program, and other criteria, as established by  
3 rule;

4 (2) program curriculum that meets all State  
5 requirements;

6 (2.5) measurement of program effectiveness based on a  
7 passage rate of all graduates over the 3 most recent  
8 calendar years without reference to first-time test  
9 takers;

10 (3) the administration of the program by a Nurse  
11 Administrator and the involvement of a Nurse Administrator  
12 in the development of the program;

13 (4) the occurrence of a site visit prior to approval;  
14 and

15 (5) beginning December 31, 2022, obtaining and  
16 maintaining programmatic accreditation by a national  
17 accrediting body for nursing education recognized by the  
18 United States Department of Education and approved by the  
19 Department.

20 The Department and Board of Nursing shall be notified  
21 within 30 days if the program loses its accreditation. The  
22 Department may adopt rules regarding a warning process and  
23 reaccreditation.

24 (b) In order to obtain initial Department approval and to  
25 maintain Department approval, a registered professional  
26 nursing program must meet all of the following requirements:

1           (1) The institution responsible for conducting the  
2           program and the Nurse Administrator must ensure that  
3           individual faculty members are academically and  
4           professionally competent.

5           (2) The program curriculum must contain all applicable  
6           requirements established by rule, including both theory  
7           and clinical components.

8           (3) The passage rates of the program's graduating  
9           classes on the State-approved licensure exam must be  
10          deemed satisfactory by the Department.

11          (c) Program site visits to an institution conducting or  
12          hosting a professional nursing program may be made at the  
13          discretion of the Nursing Coordinator or upon recommendation  
14          of the Board. Full routine site visits may be conducted by the  
15          Department for periodic evaluation. Such visits shall be used  
16          to determine compliance with this Act. Full routine site  
17          visits must be announced and may be waived at the discretion of  
18          the Department if the program maintains accreditation with an  
19          accrediting body recognized by the United States Department of  
20          Education and approved by the Department.

21          (d) Any institution conducting a registered professional  
22          nursing program that wishes to discontinue the program must do  
23          each of the following:

24                (1) Notify the Department, in writing, of its intent  
25                to discontinue the program.

26                (2) Continue to meet the requirements of this Act and

1 the rules adopted thereunder until the official date of  
2 termination of the program.

3 (3) Notify the Department of the date on which the  
4 last student shall graduate from the program and the  
5 program shall terminate.

6 (4) Assist remaining students in the continuation of  
7 their education in the event of program termination prior  
8 to the graduation of the program's final student.

9 (5) Upon the closure of the program, notify the  
10 Department, in writing, of the location of student and  
11 graduate records' storage.

12 (e) Out-of-State registered professional nursing education  
13 programs planning to offer clinical practice experiences in  
14 this State must meet the requirements set forth in this  
15 Section and must meet the clinical and faculty requirements  
16 for institutions outside of this State, as established by  
17 rule. The institution responsible for conducting an  
18 out-of-State registered professional nursing education program  
19 and the administrator of the program shall be responsible for  
20 ensuring that the individual faculty and preceptors overseeing  
21 the clinical experience are academically and professionally  
22 competent.
