LRB103 27655 LNS 59550 a

1 AMENDMENT TO HOUSE BILL 2828

2 AMENDMENT NO. _____. Amend House Bill 2828 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Vector Control Act is amended by changing
5 Section 2 and by adding Sections 1.5 and 3.5 as follows:

6 (410 ILCS 95/1.5 new)

7 Sec. 1.5. Legislative intent. The General Assembly
8 recognizes that:

9 (1) climate change is a factor in future mosquito-borne
10 and vector-borne diseases;

11 (2) there is a need to ensure environmental protection as
12 well as the protection of public health and the quality of
13 life; and

14 (3) an integrated pest management approach is the best way
15 to balancing these goals.

1 (410 ILCS 95/2) (from Ch. 111 1/2, par. 7802)

2 Sec. 2. For the purposes of this Act:

3 "Arthropod" means a mosquito or other invertebrate animal
4 with jointed legs and a segmented body.

5 "Commercial pesticide applicator" means a person certified
6 or licensed under the Structural Pest Control Act or the
7 Illinois Pesticide Act who contracts to apply a pesticide
8 within the scope of his or her certification or license.

9 "Department" means the Illinois Department of Public
10 Health.

11 "Director" means the Director of the Illinois Department
12 of Public Health.

13 "Integrated pest management" means modification of the
14 life system of a vector or pest to reduce its numbers to an
15 acceptable level by applying current biological and
16 technological knowledge to achieve the desired modification in
17 a manner that ensures protection of the environment and public
18 health.

19 "Integrated vector management approach" means an approach
20 that prioritizes prevention, biological, and nonchemical means
21 of controlling disease vectors and prioritizes a data-driven
22 approach to vector management.

23 "Local health authority" means the full-time health
24 department, as recognized by the Department, having
25 jurisdiction over a particular area.

26 "Pest" means undesirable arthropods (including certain

1 insects, spiders, mites, ticks and related organisms), wood
2 infesting organisms, rats, mice, birds and any other obnoxious
3 or undesirable animals.

4 "Vector" means arthropods, rats, mice, birds or other
5 animals capable of carrying disease-producing organisms to a
6 human or animal host. "Vector" does not include animals that
7 transmit disease to humans only when used as human food.

8 (Source: P.A. 86-452.)

9 (410 ILCS 95/3.5 new)

10 Sec. 3.5. Integrated vector management plan; public
11 notification prior to use of wide-area chemical pesticides
12 from the public right of way.

13 (a) An organization performing mosquito control as a
14 public service shall submit to the Department a written
15 integrated vector management plan.

16 (b) This Section does not apply to the Department mosquito
17 control grantees who are supervised by the Department on the
18 effective date of this amendatory Act of the 103rd General
19 Assembly.

20 (c) This Section does not apply to any business or person
21 regulated under the Structural Pest Control Act.

22 (d) A vector management organization shall establish and
23 maintain a system of public notification prior to the use of
24 wide-area chemical pesticides from the public right of way.

25 (e) A vector management plan shall consist of a plan for

1 the prevention, biological, and nonchemical means of
2 controlling disease vectors based upon scientific data
3 prescribed by the Department.

4 Section 99. Effective date. This Act takes effect January
5 1, 2024.".
