which the retirement or disability period of the firefighter fireman begins; provided, however, that when such continued group insurance coverage is in effect with respect to a firefighter fireman on the date of the firefighter's fireman's death but the retirement or disability period of the firefighter fireman does not end with such firefighter's fireman's death, then the deceased firefighter's fireman's spouse upon whose death or remarriage surviving retirement or disability period will end shall be entitled, without further election and upon payment of any required premiums in accordance with the provisions of the group policy, to maintain such continued group insurance coverage in effect until the end of such retirement or disability period. Continued group insurance coverage shall be provided in accordance with this Section at the same premium rate from time to time charged for equivalent coverage provided under the group policy with respect to covered firefighters firemen whose retirement or disability period has not begun, and no distinction or discrimination in the amount or rate of premiums or in any waiver of premium or other benefit provision shall be made between continued group insurance coverage elected pursuant to this Section and equivalent coverage provided to firefighters firemen under the group policy other than pursuant to the provisions of this Section; provided that no municipality shall be required by reason of any provision of this Section to pay any group insurance

1 premium other than one that may be negotiated in a collective

under this Section becomes eligible for medicare coverage,

benefits under the group policy may continue as a supplement

to the medicare coverage upon payment of any required premiums

to maintain the benefits of the group policy as supplemental

coverage.

Within 15 days of the beginning of the retirement or disability period of any <u>firefighter fireman</u> entitled to elect continued group insurance coverage under any group policy affected by this Section, the municipality last employing such <u>firefighter fireman</u> shall give written notice of such beginning by certified mail, return receipt requested to the insurance company issuing such policy. The notice shall include the <u>firefighter's fireman's</u> name and last known place of residence and the beginning date of the <u>firefighter's fireman's</u> retirement or disability period.

or as otherwise directed by the insurance company. Such continued group insurance coverage shall relate back to the beginning of the <u>firefighter's</u> <u>fireman's</u> retirement or disability period.

The amendment, renewal or extension of any group insurance policy affected by this Section shall be deemed to be the issuance of a new policy of insurance for purposes of this Section.

In the event that a municipality makes a program of accident, health, hospital or medical benefits available to its firefighters firemen through self-insurance, or participation in a pool or reciprocal insurer, or by contract in a form other than a policy of group insurance with one or more medical service plans, health care service corporations, health maintenance organizations, or any other professional corporations or plans under which health care or reimbursement for the costs thereof is provided, whether the cost of such benefits is borne by the municipality or the firefighters firemen or both, such firefighters firemen and their surviving spouses shall have the same right to elect continued coverage under such program of benefits as they would have if such benefits were provided by a policy of group accident and health insurance. In such cases, the notice of right to elect continued coverage shall be sent by the municipality; the statement of election shall be sent to the municipality; and references to the required premium shall refer to that portion

of the cost of such benefits which is not borne by the municipality, either voluntarily or pursuant to the provisions of a collective bargaining agreement. In the case of a municipality providing such benefits through self-insurance or participation in a pool or reciprocal insurer, the right to elect continued coverage which is provided by this paragraph shall be implemented and made available to the <u>firefighters</u> firemen of the municipality and qualifying surviving spouses not later than July 1, 1985.

The amendment, renewal or extension of any such contract in a form other than a policy of group insurance policy shall be deemed the formation of a new contract for the purposes of this Section.

This Section shall not limit the exercise of any conversion privileges available under Section 367e.

Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Section specifically denies and limits the exercise by a home rule unit of any power which is inconsistent with this Section and all existing laws and ordinances which are inconsistent with this Section are hereby superseded. This Section does not preempt the concurrent exercise by home rule units of powers consistent herewith.

The Division of Insurance of the Department of Financial and Professional Regulation shall enforce the provisions of this Section, including provisions relating to municipality

- 1 self-insured benefit plans.
