24 Sec. 805-580. Electric vehicle charging stations.

1       (a) The Department may provide for at least one electric

6 the use of such electric vehicle charging stations.

7       (b) The Department may adopt and publish specifications  
8 detailing the kind and type of electric vehicle charging  
9 stations to be provided and may adopt rules governing the fees  
10 for use of electric vehicle charging stations at State parks  
11 or other real property that is owned by the Department.

12       Section 15. The State Parks Act is amended by changing  
13 Sections 2, 3, 3a, and 4 as follows:

14       (20 ILCS 835/2) (from Ch. 105, par. 466)

15       Sec. 2. It shall be the policy of the State of Illinois to  
16 acquire a system of State parks which shall embody the  
17 following purposes and objectives:

18       (1) To preserve the most important historic sites and  
19 events ~~that which~~ are connected with the peoples who are  
20 geographically and culturally affiliated to the land now  
21 known as the State of Illinois ~~early pioneer or Indian~~  
22 ~~history,~~ so that their ~~such~~ history ~~of the Indians,~~  
23 ~~explorers, missionaries and settlers~~ may be preserved, not  
24 only as a tribute to those peoples that came before us ~~who~~

1 ~~made possible the building of the State of Illinois and of~~  
2 ~~the Union,~~ but also as a part of the education of present  
3 and future Illinois citizens.

4 (2) To set aside as public reservations those  
5 locations which have unusual scenic attractions caused by  
6 geologic or topographic formations, such as canyons,  
7 gorges, caves, dunes, beaches, moraines, palisades,  
8 examples of Illinois prairie, and points of scientific  
9 interest to botanists and naturalists. These areas should  
10 be large in size and whenever practicable shall be not  
11 less than 1,000 acres in extent. However, smaller areas  
12 may be acquired wherever conditions do not warrant the  
13 acquisition of the larger acreage.

14 (3) To preserve large forested areas and marginal  
15 lands along the rivers, small water courses, and lakes for  
16 a recreation use different from that given by the typical  
17 city park, and so that these tracts may remain unchanged  
18 by civilization, so far as possible, and be kept for  
19 future generations. Such areas also, should be acquired in  
20 units of 1,000 acres or more and may be available as fish  
21 and game preserves. However, smaller areas may be acquired  
22 wherever conditions do not warrant the acquisition of the  
23 larger acreage.

24 (4) To connect these parks with each other by a system  
25 of scenic parkways with widths varying from 100 to 1,000  
26 feet, as a supplement to and completion of the State

1 highway system. Where the present State highway routes may  
2 serve this purpose, their location, alignment and design  
3 should be studied with this plan in view. At suitable  
4 locations along these highways, pure water supplies and  
5 shelters and comfort facilities of attractive design may  
6 be installed for the convenience of the public.

7 The Department of Natural Resources is authorized in  
8 behalf of the State of Illinois to accept by donation or  
9 bequest, to purchase or acquire by condemnation proceedings in  
10 the manner provided for the exercise of the power of eminent  
11 domain under the Eminent Domain Act, or by contract for deed  
12 payable over a period of time not to exceed 10 years, or in any  
13 other legal manner, the title to all such lands, waters or  
14 regions, and the easements appurtenant or contributory  
15 thereto, which shall be in accord with such policy in respect  
16 to a system of State parks, for the purpose of which the  
17 General Assembly may make an appropriation. Purchases by  
18 contract for deed under this Section shall not exceed  
19 \$20,000,000 in total purchase price for land under contract at  
20 any one given time.

23 Sec. 3. In maintaining the State parks the Department of  
24 Natural Resources shall conserve the original character as  
25 distinguished from the artificial landscaping of such parks.

1 As used in this Section, "artificial landscaping" does not  
2 include any landscaping or other site modification or use  
3 resulting from any lease entered into by the Department of  
4 Natural Resources for the creation, operation, or maintenance  
5 of a commercial solar energy system, as defined in Section  
6 10-720 of the Property Tax Code, or a clean energy project, as  
7 defined in the Department of Natural Resources (Conservation)  
8 Law of the Civil Administrative Code of Illinois. Instead,
