1 Section 82. The Environmental Protection Act is amended by
2 changing Section 9.18 as follows:

3 (415 ILCS 5/9.18)

4 (Section scheduled to be repealed on January 1, 2024)

5 Sec. 9.18. Commission on market-based carbon pricing
6 solutions.

7 (a) In the United States, state-based market policies to
8 reduce greenhouse gases have been in operation since 2009.
9 More than a quarter of the US population lives in a state with
10 carbon pricing and these states represent one-third of the
11 United States' gross domestic product. Market-based policies
12 have proved effective at reducing emissions in states across
13 the United States, and around the world. Additionally,
14 well-designed carbon pricing incentivizes energy efficiency
15 and drives investments in low-carbon solutions and
16 technologies, such as renewables, hydrogen, biofuels, and
17 carbon capture, use, and storage. Illinois must assess
18 available suites of programs and policies to support a rapid,
19 economy-wide decarbonization and spur the development of a
20 clean energy economy in the State, while maintaining Illinois'
21 competitive advantage.

22 (b) The Governor is hereby authorized to create a carbon
23 pricing commission to study the short-term and long-term
24 impacts of joining, implementing, or designing a sector-based,

1 statewide, or regional carbon pricing program. The commission
2 shall analyze and compare the relative cost of, and greenhouse
3 gas reductions from, various carbon pricing programs available
4 to Illinois and the Midwest, including, but not limited to:
5 the Regional Greenhouse Gas Initiative (RGGI), the
6 Transportation and Climate Initiative (TCI), California's
7 cap-and-trade program, California's low carbon fuel standard,
8 Washington State's cap-and-invest program, the Oregon Clean
9 Fuels Program, and other relevant market-based programs. At
10 the conclusion of the study, no later than December 31, 2022,
11 the commission shall issue a public report containing its
12 findings.

13 (c) This Section is repealed on January 1, 2025 ~~2024~~.
