1 AN ACT concerning safety.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the Carpet
5 Stewardship Act.

6 Section 5. Findings and purpose. The General Assembly
7 finds that:

8 (1) Based on data contained in the Illinois Commodity
9 Waste Generation and Characterization Study, commissioned
10 in 2014 by the Illinois Department of Commerce and
11 Economic Opportunity, approximately 229,000 tons of carpet
12 and carpet padding are landfilled each year, 1.5% of the
13 total waste landfilled in this State.

14 (2) Old carpet and padding are currently being
15 recovered in this State at a carpet recovery rate
16 estimated to be less than 1%, compared to a 29% carpet
17 recovery rate for the second quarter in 2021 in
18 California, which has enacted Extended Producer
19 Responsibility legislation for carpet.

20 (3) Carpet recovery can be significantly expanded by
21 utilizing an Extended Producer Responsibility approach
22 which will lead to job creation through the collection,
23 processing, and marketing of old carpet and padding. In

1 California, this approach has created approximately 150
2 direct jobs.

3 (4) According to the U.S. Environmental Protection
4 Agency, the carpet recovery of old carpet has a positive
5 impact on the reduction of greenhouse gases when compared
6 to the landfilling or incineration of old carpet, which
7 increases the generation of greenhouse gases.

8 (5) Due to the detrimental environmental impacts of
9 improper management of old carpet and padding at the end
10 of its intended use, it is the purpose of this Act to
11 utilize a market share liability approach to recover the
12 funding necessary to implement the clearinghouse program
13 required by this Act.

14 Section 10. Definitions. In this Act:

16 Agency.

17 "Artificial turf" means artificial or synthetic turf used

2 commercial buildings, single or multifamily residential
3 buildings, or sports playing surfaces, (ii) affixed or placed
4 on the floor or building walking surface as a decorative or

19 carpet reutilization and is not meant to mean the gross input
20 pounds of old carpet accepted by a processor. "Carpet
21 recovery" does not include energy recovery or energy
22 generation by means of combusting old carpet, and it does not
23 include any disposal or use of old carpet within the permitted
24 boundaries of a municipal solid waste landfill unit.

25 "Carpet recovery rate" means the percentage of old carpet
26 that is an output of a processor destined for carpet recovery

1 or reutilization and is computed by dividing the amount of old
2 carpet that is an output of a processor destined for carpet
3 recovery or reutilization by the total amount of old carpet
4 that is generated over a program year. To determine the annual
5 carpet recovery rates required by this Act the amount of old
6 carpet generated shall be calculated using an industry
7 standard calculation based on annual sales, replacement rate,
8 and the average weight of carpet.

9 "Carpet reutilization" means donating or selling an old
10 carpet back into the market for its original intended use,
11 when the old carpet retains its original purpose and

13 carpet into finished recovered output ready to be used as an
14 input material for secondary products.

15 "Producer" means a person who manufactures carpet that is
16 sold, offered for sale, or distributed in this State. Producer
17 includes any person who imports carpet into the United States

2 shall transport, or contract to transport, all old carpet to a
3 clearinghouse-approved old carpet collection site as defined
4 in Section 10.

5 (b) Approved carpet collection sites as defined in Section
6 10 shall ensure that old carpet is collected in the prescribed
7 conditions required by the clearinghouse plan. The conditions
8 must also include, but are not limited to, the following
9 requirements:

10 (1) Old carpet must be kept in a location that allows
11 it to remain dry at all times.

12 (2) Containers holding collected old carpet must be
13 free of all noncarpet discarded waste items.

14 (3) Prior to shipment to a processor, containers
15 holding discarded carpet must be filled to the following

22 processor's prescribed container to be housed on site for
23 loading by the collector for pickup at the collection
24 site.

25 (c) Any approved collection site that has collected old
26 carpet as prescribed by the clearinghouse plan and whose full

1 container volume is not removed by a registered processor upon
2 3-business day's electronic notice to the processor stating
3 that collected old carpet is ready for removal may dispose of
4 that container's contents in a landfill.

5 Section 37. Economic support for approved carpet
6 collection sites. The clearinghouse program shall pay approved
7 old carpet collection sites for costs, services, and
8 infrastructure improvements as follows:

9 (1) Reimbursement for reasonable costs, as
10 pre-approved by the clearinghouse, to adapt sites for old
11 carpet collection as required by this Act, including, but
12 not limited to, one-time costs for constructing the needed
13 structure to make the collection of carpet safe and
14 convenient, and to ensure adequate room to maneuver old
15 carpet collection equipment in such a manner so as to not
16 disrupt the normal flow of activity at the collection
17 site.

18 (2) A recovery fee equivalent to \$20 per ton for all
19 old carpet collected that is subject to this Act and
20 loaded into trailers at the collector's site in accordance
21 with subsection (b) of Section 36.

1 and disposal fees.

2 (4) Approved carpet collection sites may not charge a
3 processor any fee for removal of carpet discarded from the
4 collection site location.

5 (5) Economic support for approved carpet collectors
6 under this Section shall be reviewed by the clearinghouse
7 every 3 years as clearinghouse plans are submitted to the
8 Agency.

9 Section 40. State action antitrust exemption. Each
10 producer and the clearinghouse shall be immune from liability
11 for any claim of violation of antitrust law or unfair trade
12 practice if the conduct is a violation of antitrust law, to the
13 extent the producer or clearinghouse is exercising authority
14 under the provisions of this Act.

15 Section 45. Requirements applicable to producers.

16 (a) On and after January 1, 2024, producers of carpet
17 shall provide funding to the clearinghouse sufficient to cover
18 the administrative costs of establishing the clearinghouse in
19 calendar year 2024 and annually thereafter to cover the costs
20 of developing and implementing the clearinghouse plan. The
21 funding mechanism:

22 (1) shall take into account the financial burden that
23 blended carpet, nylon carpet, PET carpet, polypropylene
24 carpet, and wool carpet have on the clearinghouse program

1 costs;

2 (2) shall be differentiated by the type of material,
3 recycling cost, recycling content, and other qualities
4 related to toxicity, resource use, and recyclability;

5 (3) shall ensure an equitable and efficient allocation
6 of financial responsibility among producers;

7 (4) shall be at a level sufficient to cover the annual
8 costs of the clearinghouse program, as reported to the
9 Agency in the clearinghouse plan, and based on program
10 metrics and outcomes; if the Agency determines the level
11 of funding from the producers is not sufficient to cover
12 the annual costs of the clearinghouse program, the Agency
13 may request additional funding from the clearinghouse; and

14 (5) shall not charge:

15 (A) a specific point-of-sale fee to consumers to
16 recoup the costs of the clearinghouse program; or

17 (B) an increase in the cost of carpet to recoup the
18 costs of the clearinghouse program.

19 (b) The amount that each producer pays to fund the
20 clearinghouse program on an annual basis shall be considered
21 proprietary information that is privileged or confidential and
22 shall not be disclosed to the clearinghouse or the public.
23 However, in order to determine if each producer is paying its
24 proper share, an independent professional accounting firm
25 shall be hired by the clearinghouse to review the payments and
26 verify that the funding provided by each producer is in

1 compliance with the funding mechanism agreed to by the
2 producers.

3 (c) Producers, working with the clearinghouse, shall
