1 AN ACT concerning local government.

## Be it enacted by the People of the State of Illinois, represented in the General Assembly:

- Section 1. Short title. This Act may be cited as the Community Land Trust Task Force Act.
  - Section 5. Findings. The General Assembly finds:
    - (1) Homeownership is the principal way families build wealth, yet homeownership is most inaccessible to communities of color in Illinois, who are 1.6 times less likely than white people to be homeowners.
    - (2) The property tax sale system contributes to the racial wealth gap in homeownership by transferring home equity from communities of color to investors, threatening community stability, and increasing housing costs.
    - (3) Homeownership serves as a critical tool to close the racial wealth gap by enabling historically excluded families to build generational wealth.
    - (4) Community land trusts curb displacement and foster generational wealth by creating opportunities for permanently affordable homeownership using a onetime subsidy.
    - (5) Community land trusts preserve naturally occurring affordable housing by closing the affordability gap so
