LRB103 35285 AWJ 70200 a

1 AMENDMENT TO SENATE BILL 2658

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 2658 on page 1,  
3 immediately below line 3, by inserting the following:

4 "Section 3. The Illinois Public Aid Code is amended by  
5 changing Section 5-5 as follows:

6 (305 ILCS 5/5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by  
8 rule, shall determine the quantity and quality of and the rate  
9 of reimbursement for the medical assistance for which payment  
10 will be authorized, and the medical services to be provided,  
11 which may include all or part of the following: (1) inpatient  
12 hospital services; (2) outpatient hospital services; (3) other  
13 laboratory and X-ray services; (4) skilled nursing home  
14 services; (5) physicians' services whether furnished in the  
15 office, the patient's home, a hospital, a skilled nursing  
16 home, or elsewhere; (6) medical care, or any other type of

1 remedial care furnished by licensed practitioners; (7) home  
2 health care services; (8) private duty nursing service; (9)  
3 clinic services; (10) dental services, including prevention  
4 and treatment of periodontal disease and dental caries disease  
5 for pregnant individuals, provided by an individual licensed  
6 to practice dentistry or dental surgery; for purposes of this  
7 item (10), "dental services" means diagnostic, preventive, or  
8 corrective procedures provided by or under the supervision of  
9 a dentist in the practice of his or her profession; (11)  
10 physical therapy and related services; (12) prescribed drugs,  
11 dentures, and prosthetic devices; and eyeglasses prescribed by  
12 a physician skilled in the diseases of the eye, or by an  
13 optometrist, whichever the person may select; (13) other  
14 diagnostic, screening, preventive, and rehabilitative  
15 services, including to ensure that the individual's need for  
16 intervention or treatment of mental disorders or substance use  
17 disorders or co-occurring mental health and substance use  
18 disorders is determined using a uniform screening, assessment,  
19 and evaluation process inclusive of criteria, for children and  
20 adults; for purposes of this item (13), a uniform screening,  
21 assessment, and evaluation process refers to a process that  
22 includes an appropriate evaluation and, as warranted, a  
23 referral; "uniform" does not mean the use of a singular  
24 instrument, tool, or process that all must utilize; (14)  
25 transportation and such other expenses as may be necessary;  
26 (15) medical treatment of sexual assault survivors, as defined

1 in Section 1a of the Sexual Assault Survivors Emergency  
2 Treatment Act, for injuries sustained as a result of the  
3 sexual assault, including examinations and laboratory tests to  
4 discover evidence which may be used in criminal proceedings  
5 arising from the sexual assault; (16) the diagnosis and  
6 treatment of sickle cell anemia; (16.5) services performed by  
7 a chiropractic physician licensed under the Medical Practice  
8 Act of 1987 and acting within the scope of his or her license,  
9 including, but not limited to, chiropractic manipulative  
10 treatment; and (17) any other medical care, and any other type  
11 of remedial care recognized under the laws of this State. The  
12 term "any other type of remedial care" shall include nursing  
13 care and nursing home service for persons who rely on  
14 treatment by spiritual means alone through prayer for healing.

15 Notwithstanding any other provision of this Section, a  
16 comprehensive tobacco use cessation program that includes  
17 purchasing prescription drugs or prescription medical devices  
18 approved by the Food and Drug Administration shall be covered  
19 under the medical assistance program under this Article for  
20 persons who are otherwise eligible for assistance under this  
21 Article.

22 Notwithstanding any other provision of this Code,  
23 reproductive health care that is otherwise legal in Illinois  
24 shall be covered under the medical assistance program for  
25 persons who are otherwise eligible for medical assistance  
26 under this Article.

1           Notwithstanding any other provision of this Section, all  
2 tobacco cessation medications approved by the United States  
3 Food and Drug Administration and all individual and group  
4 tobacco cessation counseling services and telephone-based  
5 counseling services and tobacco cessation medications provided  
6 through the Illinois Tobacco Quitline shall be covered under  
7 the medical assistance program for persons who are otherwise  
8 eligible for assistance under this Article. The Department  
9 shall comply with all federal requirements necessary to obtain  
10 federal financial participation, as specified in 42 CFR  
11 433.15(b)(7), for telephone-based counseling services provided  
12 through the Illinois Tobacco Quitline, including, but not  
13 limited to: (i) entering into a memorandum of understanding or  
14 interagency agreement with the Department of Public Health, as  
15 administrator of the Illinois Tobacco Quitline; and (ii)  
16 developing a cost allocation plan for Medicaid-allowable  
17 Illinois Tobacco Quitline services in accordance with 45 CFR  
18 95.507. The Department shall submit the memorandum of  
19 understanding or interagency agreement, the cost allocation  
20 plan, and all other necessary documentation to the Centers for  
21 Medicare and Medicaid Services for review and approval.  
22 Coverage under this paragraph shall be contingent upon federal  
23 approval.

24           Notwithstanding any other provision of this Code, the  
25 Illinois Department may not require, as a condition of payment  
26 for any laboratory test authorized under this Article, that a

1 physician's handwritten signature appear on the laboratory  
2 test order form. The Illinois Department may, however, impose  
3 other appropriate requirements regarding laboratory test order  
4 documentation.

5       Upon receipt of federal approval of an amendment to the  
6 Illinois Title XIX State Plan for this purpose, the Department  
7 shall authorize the Chicago Public Schools (CPS) to procure a  
8 vendor or vendors to manufacture eyeglasses for individuals  
9 enrolled in a school within the CPS system. CPS shall ensure  
10 that its vendor or vendors are enrolled as providers in the  
11 medical assistance program and in any capitated Medicaid  
12 managed care entity (MCE) serving individuals enrolled in a  
13 school within the CPS system. Under any contract procured  
14 under this provision, the vendor or vendors must serve only  
15 individuals enrolled in a school within the CPS system. Claims  
16 for services provided by CPS's vendor or vendors to recipients  
17 of benefits in the medical assistance program under this Code,  
18 the Children's Health Insurance Program, or the Covering ALL  
19 KIDS Health Insurance Program shall be submitted to the  
20 Department or the MCE in which the individual is enrolled for  
21 payment and shall be reimbursed at the Department's or the  
22 MCE's established rates or rate methodologies for eyeglasses.

23       On and after July 1, 2012, the Department of Healthcare  
24 and Family Services may provide the following services to  
25 persons eligible for assistance under this Article who are  
26 participating in education, training or employment programs

1 operated by the Department of Human Services as successor to  
2 the Department of Public Aid:

3 (1) dental services provided by or under the  
4 supervision of a dentist; and

5 (2) eyeglasses prescribed by a physician skilled in  
6 the diseases of the eye, or by an optometrist, whichever  
7 the person may select.

8 On and after July 1, 2018, the Department of Healthcare  
9 and Family Services shall provide dental services to any adult  
10 who is otherwise eligible for assistance under the medical  
11 assistance program. As used in this paragraph, "dental  
12 services" means diagnostic, preventative, restorative, or  
13 corrective procedures, including procedures and services for  
14 the prevention and treatment of periodontal disease and dental  
15 caries disease, provided by an individual who is licensed to  
16 practice dentistry or dental surgery or who is under the  
17 supervision of a dentist in the practice of his or her  
18 profession.

19 On and after July 1, 2018, targeted dental services, as  
20 set forth in Exhibit D of the Consent Decree entered by the  
21 United States District Court for the Northern District of  
22 Illinois, Eastern Division, in the matter of Memisovski v.  
23 Maram, Case No. 92 C 1982, that are provided to adults under  
24 the medical assistance program shall be established at no less  
25 than the rates set forth in the "New Rate" column in Exhibit D  
26 of the Consent Decree for targeted dental services that are

1 provided to persons under the age of 18 under the medical  
2 assistance program.

3 Notwithstanding any other provision of this Code and  
4 subject to federal approval, the Department may adopt rules to  
5 allow a dentist who is volunteering his or her service at no  
6 cost to render dental services through an enrolled  
7 not-for-profit health clinic without the dentist personally  
8 enrolling as a participating provider in the medical  
9 assistance program. A not-for-profit health clinic shall  
10 include a public health clinic or Federally Qualified Health  
11 Center or other enrolled provider, as determined by the  
12 Department, through which dental services covered under this  
13 Section are performed. The Department shall establish a  
14 process for payment of claims for reimbursement for covered  
15 dental services rendered under this provision.

16 On and after January 1, 2022, the Department of Healthcare  
17 and Family Services shall administer and regulate a  
18 school-based dental program that allows for the out-of-office  
19 delivery of preventative dental services in a school setting  
20 to children under 19 years of age. The Department shall  
21 establish, by rule, guidelines for participation by providers  
22 and set requirements for follow-up referral care based on the  
23 requirements established in the Dental Office Reference Manual  
24 published by the Department that establishes the requirements  
25 for dentists participating in the All Kids Dental School  
26 Program. Every effort shall be made by the Department when

1 developing the program requirements to consider the different  
2 geographic differences of both urban and rural areas of the  
3 State for initial treatment and necessary follow-up care. No  
4 provider shall be charged a fee by any unit of local government  
5 to participate in the school-based dental program administered  
6 by the Department. Nothing in this paragraph shall be  
7 construed to limit or preempt a home rule unit's or school  
8 district's authority to establish, change, or administer a  
9 school-based dental program in addition to, or independent of,  
10 the school-based dental program administered by the  
11 Department.

12 The Illinois Department, by rule, may distinguish and  
13 classify the medical services to be provided only in  
14 accordance with the classes of persons designated in Section  
15 5-2.

16 The Department of Healthcare and Family Services must  
17 provide coverage and reimbursement for amino acid-based  
18 elemental formulas, regardless of delivery method, for the  
19 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
20 short bowel syndrome when the prescribing physician has issued  
21 a written order stating that the amino acid-based elemental  
22 formula is medically necessary.

23 The Illinois Department shall authorize the provision of,  
24 and shall authorize payment for, screening by low-dose  
25 mammography for the presence of occult breast cancer for  
26 individuals 35 years of age or older who are eligible for

1 medical assistance under this Article, as follows:

2 (A) A baseline mammogram for individuals 35 to 39  
3 years of age.

4 (B) An annual mammogram for individuals 40 years of  
5 age or older.

6 (C) A mammogram at the age and intervals considered  
7 medically necessary by the individual's health care  
8 provider for individuals under 40 years of age and having  
9 a family history of breast cancer, prior personal history  
10 of breast cancer, positive genetic testing, or other risk  
11 factors.

12 (D) A comprehensive ultrasound screening and MRI of an  
13 entire breast or breasts if a mammogram demonstrates  
14 heterogeneous or dense breast tissue or when medically  
15 necessary as determined by a physician licensed to  
16 practice medicine in all of its branches.

17 (E) A screening MRI when medically necessary, as  
18 determined by a physician licensed to practice medicine in  
19 all of its branches.

20 (F) A diagnostic mammogram when medically necessary,  
21 as determined by a physician licensed to practice medicine  
22 in all its branches, advanced practice registered nurse,  
23 or physician assistant.

24 The Department shall not impose a deductible, coinsurance,  
25 copayment, or any other cost-sharing requirement on the  
26 coverage provided under this paragraph; except that this

1 sentence does not apply to coverage of diagnostic mammograms  
2 to the extent such coverage would disqualify a high-deductible  
3 health plan from eligibility for a health savings account  
4 pursuant to Section 223 of the Internal Revenue Code (26  
5 U.S.C. 223).

6 All screenings shall include a physical breast exam,  
7 instruction on self-examination and information regarding the  
8 frequency of self-examination and its value as a preventative  
9 tool.

10 For purposes of this Section:

11 "Diagnostic mammogram" means a mammogram obtained using  
12 diagnostic mammography.

13 "Diagnostic mammography" means a method of screening that  
14 is designed to evaluate an abnormality in a breast, including  
15 an abnormality seen or suspected on a screening mammogram or a  
16 subjective or objective abnormality otherwise detected in the  
17 breast.

18 "Low-dose mammography" means the x-ray examination of the  
19 breast using equipment dedicated specifically for mammography,  
20 including the x-ray tube, filter, compression device, and  
21 image receptor, with an average radiation exposure delivery of  
22 less than one rad per breast for 2 views of an average size  
23 breast. The term also includes digital mammography and  
24 includes breast tomosynthesis.

25 "Breast tomosynthesis" means a radiologic procedure that  
26 involves the acquisition of projection images over the

1 stationary breast to produce cross-sectional digital  
2 three-dimensional images of the breast.

3 If, at any time, the Secretary of the United States  
4 Department of Health and Human Services, or its successor  
5 agency, promulgates rules or regulations to be published in  
6 the Federal Register or publishes a comment in the Federal  
7 Register or issues an opinion, guidance, or other action that  
8 would require the State, pursuant to any provision of the  
9 Patient Protection and Affordable Care Act (Public Law  
10 111-148), including, but not limited to, 42 U.S.C.  
11 18031(d)(3)(B) or any successor provision, to defray the cost  
12 of any coverage for breast tomosynthesis outlined in this  
13 paragraph, then the requirement that an insurer cover breast  
14 tomosynthesis is inoperative other than any such coverage  
15 authorized under Section 1902 of the Social Security Act, 42  
16 U.S.C. 1396a, and the State shall not assume any obligation  
17 for the cost of coverage for breast tomosynthesis set forth in  
18 this paragraph.

19 On and after January 1, 2016, the Department shall ensure  
20 that all networks of care for adult clients of the Department  
21 include access to at least one breast imaging Center of  
22 Imaging Excellence as certified by the American College of  
23 Radiology.

24 On and after January 1, 2012, providers participating in a  
25 quality improvement program approved by the Department shall  
26 be reimbursed for screening and diagnostic mammography at the

1 same rate as the Medicare program's rates, including the  
2 increased reimbursement for digital mammography and, after  
3 January 1, 2023 (the effective date of Public Act 102-1018),  
4 breast tomosynthesis.

5 The Department shall convene an expert panel including  
6 representatives of hospitals, free-standing mammography  
7 facilities, and doctors, including radiologists, to establish  
8 quality standards for mammography.

9 On and after January 1, 2017, providers participating in a  
10 breast cancer treatment quality improvement program approved  
11 by the Department shall be reimbursed for breast cancer  
12 treatment at a rate that is no lower than 95% of the Medicare  
13 program's rates for the data elements included in the breast  
14 cancer treatment quality program.

15 The Department shall convene an expert panel, including  
16 representatives of hospitals, free-standing breast cancer  
17 treatment centers, breast cancer quality organizations, and  
18 doctors, including breast surgeons, reconstructive breast  
19 surgeons, oncologists, and primary care providers to establish  
20 quality standards for breast cancer treatment.

21 Subject to federal approval, the Department shall  
22 establish a rate methodology for mammography at federally  
23 qualified health centers and other encounter-rate clinics.  
24 These clinics or centers may also collaborate with other  
25 hospital-based mammography facilities. By January 1, 2016, the  
26 Department shall report to the General Assembly on the status

1 of the provision set forth in this paragraph.

2 The Department shall establish a methodology to remind  
3 individuals who are age-appropriate for screening mammography,  
4 but who have not received a mammogram within the previous 18  
5 months, of the importance and benefit of screening  
6 mammography. The Department shall work with experts in breast  
7 cancer outreach and patient navigation to optimize these  
8 reminders and shall establish a methodology for evaluating  
9 their effectiveness and modifying the methodology based on the  
10 evaluation.

11 The Department shall establish a performance goal for  
12 primary care providers with respect to their female patients  
13 over age 40 receiving an annual mammogram. This performance  
14 goal shall be used to provide additional reimbursement in the  
15 form of a quality performance bonus to primary care providers  
16 who meet that goal.

17 The Department shall devise a means of case-managing or  
18 patient navigation for beneficiaries diagnosed with breast  
19 cancer. This program shall initially operate as a pilot  
20 program in areas of the State with the highest incidence of  
21 mortality related to breast cancer. At least one pilot program  
22 site shall be in the metropolitan Chicago area and at least one  
23 site shall be outside the metropolitan Chicago area. On or  
24 after July 1, 2016, the pilot program shall be expanded to  
25 include one site in western Illinois, one site in southern  
26 Illinois, one site in central Illinois, and 4 sites within

1 metropolitan Chicago. An evaluation of the pilot program shall  
2 be carried out measuring health outcomes and cost of care for  
3 those served by the pilot program compared to similarly  
4 situated patients who are not served by the pilot program.

5 The Department shall require all networks of care to  
6 develop a means either internally or by contract with experts  
7 in navigation and community outreach to navigate cancer  
8 patients to comprehensive care in a timely fashion. The  
9 Department shall require all networks of care to include  
10 access for patients diagnosed with cancer to at least one  
11 academic commission on cancer-accredited cancer program as an  
12 in-network covered benefit.

13 The Department shall provide coverage and reimbursement  
14 for a human papillomavirus (HPV) vaccine that is approved for  
15 marketing by the federal Food and Drug Administration for all  
16 persons between the ages of 9 and 45. Subject to federal  
17 approval, the Department shall provide coverage and  
18 reimbursement for a human papillomavirus (HPV) vaccine for  
19 persons of the age of 46 and above who have been diagnosed with  
20 cervical dysplasia with a high risk of recurrence or  
21 progression. The Department shall disallow any  
22 preauthorization requirements for the administration of the  
23 human papillomavirus (HPV) vaccine.

24 On or after July 1, 2022, individuals who are otherwise  
25 eligible for medical assistance under this Article shall  
26 receive coverage for perinatal depression screenings for the

1 12-month period beginning on the last day of their pregnancy.  
2 Medical assistance coverage under this paragraph shall be  
3 conditioned on the use of a screening instrument approved by  
4 the Department.

5 Any medical or health care provider shall immediately  
6 recommend, to any pregnant individual who is being provided  
7 prenatal services and is suspected of having a substance use  
8 disorder as defined in the Substance Use Disorder Act,  
9 referral to a local substance use disorder treatment program  
10 licensed by the Department of Human Services or to a licensed  
11 hospital which provides substance abuse treatment services.  
12 The Department of Healthcare and Family Services shall assure  
13 coverage for the cost of treatment of the drug abuse or  
14 addiction for pregnant recipients in accordance with the  
15 Illinois Medicaid Program in conjunction with the Department  
16 of Human Services.

17 All medical providers providing medical assistance to  
18 pregnant individuals under this Code shall receive information  
19 from the Department on the availability of services under any  
20 program providing case management services for addicted  
21 individuals, including information on appropriate referrals  
22 for other social services that may be needed by addicted  
23 individuals in addition to treatment for addiction.

24 The Illinois Department, in cooperation with the  
25 Departments of Human Services (as successor to the Department  
26 of Alcoholism and Substance Abuse) and Public Health, through

1 a public awareness campaign, may provide information  
2 concerning treatment for alcoholism and drug abuse and  
3 addiction, prenatal health care, and other pertinent programs  
4 directed at reducing the number of drug-affected infants born  
5 to recipients of medical assistance.

6 Neither the Department of Healthcare and Family Services  
7 nor the Department of Human Services shall sanction the  
8 recipient solely on the basis of the recipient's substance  
9 abuse.

10 The Illinois Department shall establish such regulations  
11 governing the dispensing of health services under this Article  
12 as it shall deem appropriate. The Department should seek the  
13 advice of formal professional advisory committees appointed by  
14 the Director of the Illinois Department for the purpose of  
15 providing regular advice on policy and administrative matters,  
16 information dissemination and educational activities for  
17 medical and health care providers, and consistency in  
18 procedures to the Illinois Department.

19 The Illinois Department may develop and contract with  
20 Partnerships of medical providers to arrange medical services  
21 for persons eligible under Section 5-2 of this Code.  
22 Implementation of this Section may be by demonstration  
23 projects in certain geographic areas. The Partnership shall be  
24 represented by a sponsor organization. The Department, by  
25 rule, shall develop qualifications for sponsors of  
26 Partnerships. Nothing in this Section shall be construed to

1 require that the sponsor organization be a medical  
2 organization.

3 The sponsor must negotiate formal written contracts with  
4 medical providers for physician services, inpatient and  
5 outpatient hospital care, home health services, treatment for  
6 alcoholism and substance abuse, and other services determined  
7 necessary by the Illinois Department by rule for delivery by  
8 Partnerships. Physician services must include prenatal and  
9 obstetrical care. The Illinois Department shall reimburse  
10 medical services delivered by Partnership providers to clients  
11 in target areas according to provisions of this Article and  
12 the Illinois Health Finance Reform Act, except that:

13 (1) Physicians participating in a Partnership and  
14 providing certain services, which shall be determined by  
15 the Illinois Department, to persons in areas covered by  
16 the Partnership may receive an additional surcharge for  
17 such services.

18 (2) The Department may elect to consider and negotiate  
19 financial incentives to encourage the development of  
20 Partnerships and the efficient delivery of medical care.

21 (3) Persons receiving medical services through  
22 Partnerships may receive medical and case management  
23 services above the level usually offered through the  
24 medical assistance program.

25 Medical providers shall be required to meet certain  
26 qualifications to participate in Partnerships to ensure the

1 delivery of high quality medical services. These  
2 qualifications shall be determined by rule of the Illinois  
3 Department and may be higher than qualifications for  
4 participation in the medical assistance program. Partnership  
5 sponsors may prescribe reasonable additional qualifications  
6 for participation by medical providers, only with the prior  
7 written approval of the Illinois Department.

8 Nothing in this Section shall limit the free choice of  
9 practitioners, hospitals, and other providers of medical  
10 services by clients. In order to ensure patient freedom of  
11 choice, the Illinois Department shall immediately promulgate  
12 all rules and take all other necessary actions so that  
13 provided services may be accessed from therapeutically  
14 certified optometrists to the full extent of the Illinois  
15 Optometric Practice Act of 1987 without discriminating between  
16 service providers.

17 The Department shall apply for a waiver from the United  
18 States Health Care Financing Administration to allow for the  
19 implementation of Partnerships under this Section.

20 The Illinois Department shall require health care  
21 providers to maintain records that document the medical care  
22 and services provided to recipients of Medical Assistance  
23 under this Article. Such records must be retained for a period  
24 of not less than 6 years from the date of service or as  
25 provided by applicable State law, whichever period is longer,  
26 except that if an audit is initiated within the required

1 retention period then the records must be retained until the  
2 audit is completed and every exception is resolved. The  
3 Illinois Department shall require health care providers to  
4 make available, when authorized by the patient, in writing,  
5 the medical records in a timely fashion to other health care  
6 providers who are treating or serving persons eligible for  
7 Medical Assistance under this Article. All dispensers of  
8 medical services shall be required to maintain and retain  
9 business and professional records sufficient to fully and  
10 accurately document the nature, scope, details and receipt of  
11 the health care provided to persons eligible for medical  
12 assistance under this Code, in accordance with regulations  
13 promulgated by the Illinois Department. The rules and  
14 regulations shall require that proof of the receipt of  
15 prescription drugs, dentures, prosthetic devices and  
16 eyeglasses by eligible persons under this Section accompany  
17 each claim for reimbursement submitted by the dispenser of  
18 such medical services. No such claims for reimbursement shall  
19 be approved for payment by the Illinois Department without  
20 such proof of receipt, unless the Illinois Department shall  
21 have put into effect and shall be operating a system of  
22 post-payment audit and review which shall, on a sampling  
23 basis, be deemed adequate by the Illinois Department to assure  
24 that such drugs, dentures, prosthetic devices and eyeglasses  
25 for which payment is being made are actually being received by  
26 eligible recipients. Within 90 days after September 16, 1984

1 (the effective date of Public Act 83-1439), the Illinois  
2 Department shall establish a current list of acquisition costs  
3 for all prosthetic devices and any other items recognized as  
4 medical equipment and supplies reimbursable under this Article  
5 and shall update such list on a quarterly basis, except that  
6 the acquisition costs of all prescription drugs shall be  
7 updated no less frequently than every 30 days as required by  
8 Section 5-5.12.

9 Notwithstanding any other law to the contrary, the  
10 Illinois Department shall, within 365 days after July 22, 2013  
11 (the effective date of Public Act 98-104), establish  
12 procedures to permit skilled care facilities licensed under  
13 the Nursing Home Care Act to submit monthly billing claims for  
14 reimbursement purposes. Following development of these  
15 procedures, the Department shall, by July 1, 2016, test the  
16 viability of the new system and implement any necessary  
17 operational or structural changes to its information  
18 technology platforms in order to allow for the direct  
19 acceptance and payment of nursing home claims.

20 Notwithstanding any other law to the contrary, the  
21 Illinois Department shall, within 365 days after August 15,  
22 2014 (the effective date of Public Act 98-963), establish  
23 procedures to permit ID/DD facilities licensed under the ID/DD  
24 Community Care Act and MC/DD facilities licensed under the  
25 MC/DD Act to submit monthly billing claims for reimbursement  
26 purposes. Following development of these procedures, the

1 Department shall have an additional 365 days to test the  
2 viability of the new system and to ensure that any necessary  
3 operational or structural changes to its information  
4 technology platforms are implemented.

5 The Illinois Department shall require all dispensers of  
6 medical services, other than an individual practitioner or  
7 group of practitioners, desiring to participate in the Medical  
8 Assistance program established under this Article to disclose  
9 all financial, beneficial, ownership, equity, surety or other  
10 interests in any and all firms, corporations, partnerships,  
11 associations, business enterprises, joint ventures, agencies,  
12 institutions or other legal entities providing any form of  
13 health care services in this State under this Article.

14 The Illinois Department may require that all dispensers of  
15 medical services desiring to participate in the medical  
16 assistance program established under this Article disclose,  
17 under such terms and conditions as the Illinois Department may  
18 by rule establish, all inquiries from clients and attorneys  
19 regarding medical bills paid by the Illinois Department, which  
20 inquiries could indicate potential existence of claims or  
21 liens for the Illinois Department.

22 Enrollment of a vendor shall be subject to a provisional  
23 period and shall be conditional for one year. During the  
24 period of conditional enrollment, the Department may terminate  
25 the vendor's eligibility to participate in, or may disenroll  
26 the vendor from, the medical assistance program without cause.

1 Unless otherwise specified, such termination of eligibility or  
2 disenrollment is not subject to the Department's hearing  
3 process. However, a disenrolled vendor may reapply without  
4 penalty.

5 The Department has the discretion to limit the conditional  
6 enrollment period for vendors based upon the category of risk  
7 of the vendor.

8 Prior to enrollment and during the conditional enrollment  
9 period in the medical assistance program, all vendors shall be  
10 subject to enhanced oversight, screening, and review based on  
11 the risk of fraud, waste, and abuse that is posed by the  
12 category of risk of the vendor. The Illinois Department shall  
13 establish the procedures for oversight, screening, and review,  
14 which may include, but need not be limited to: criminal and  
15 financial background checks; fingerprinting; license,  
16 certification, and authorization verifications; unscheduled or  
17 unannounced site visits; database checks; prepayment audit  
18 reviews; audits; payment caps; payment suspensions; and other  
19 screening as required by federal or State law.

20 The Department shall define or specify the following: (i)  
21 by provider notice, the "category of risk of the vendor" for  
22 each type of vendor, which shall take into account the level of  
23 screening applicable to a particular category of vendor under  
24 federal law and regulations; (ii) by rule or provider notice,  
25 the maximum length of the conditional enrollment period for  
26 each category of risk of the vendor; and (iii) by rule, the

1 hearing rights, if any, afforded to a vendor in each category  
2 of risk of the vendor that is terminated or disenrolled during  
3 the conditional enrollment period.

4 To be eligible for payment consideration, a vendor's  
5 payment claim or bill, either as an initial claim or as a  
6 resubmitted claim following prior rejection, must be received  
7 by the Illinois Department, or its fiscal intermediary, no  
8 later than 180 days after the latest date on the claim on which  
9 medical goods or services were provided, with the following  
10 exceptions:

11 (1) In the case of a provider whose enrollment is in  
12 process by the Illinois Department, the 180-day period  
13 shall not begin until the date on the written notice from  
14 the Illinois Department that the provider enrollment is  
15 complete.

16 (2) In the case of errors attributable to the Illinois  
17 Department or any of its claims processing intermediaries  
18 which result in an inability to receive, process, or  
19 adjudicate a claim, the 180-day period shall not begin  
20 until the provider has been notified of the error.

21 (3) In the case of a provider for whom the Illinois  
22 Department initiates the monthly billing process.

23 (4) In the case of a provider operated by a unit of  
24 local government with a population exceeding 3,000,000  
25 when local government funds finance federal participation  
26 for claims payments.

1           For claims for services rendered during a period for which  
2 a recipient received retroactive eligibility, claims must be  
3 filed within 180 days after the Department determines the  
4 applicant is eligible. For claims for which the Illinois  
5 Department is not the primary payer, claims must be submitted  
6 to the Illinois Department within 180 days after the final  
7 adjudication by the primary payer.

8           In the case of long term care facilities, within 120  
9 calendar days of receipt by the facility of required  
10 prescreening information, new admissions with associated  
11 admission documents shall be submitted through the Medical  
12 Electronic Data Interchange (MEDI) or the Recipient  
13 Eligibility Verification (REV) System or shall be submitted  
14 directly to the Department of Human Services using required  
15 admission forms. Effective September 1, 2014, admission  
16 documents, including all prescreening information, must be  
17 submitted through MEDI or REV. Confirmation numbers assigned  
18 to an accepted transaction shall be retained by a facility to  
19 verify timely submittal. Once an admission transaction has  
20 been completed, all resubmitted claims following prior  
21 rejection are subject to receipt no later than 180 days after  
22 the admission transaction has been completed.

23           Claims that are not submitted and received in compliance  
24 with the foregoing requirements shall not be eligible for  
25 payment under the medical assistance program, and the State  
26 shall have no liability for payment of those claims.

1           To the extent consistent with applicable information and  
2 privacy, security, and disclosure laws, State and federal  
3 agencies and departments shall provide the Illinois Department  
4 access to confidential and other information and data  
5 necessary to perform eligibility and payment verifications and  
6 other Illinois Department functions. This includes, but is not  
7 limited to: information pertaining to licensure;  
8 certification; earnings; immigration status; citizenship; wage  
9 reporting; unearned and earned income; pension income;  
10 employment; supplemental security income; social security  
11 numbers; National Provider Identifier (NPI) numbers; the  
12 National Practitioner Data Bank (NPDB); program and agency  
13 exclusions; taxpayer identification numbers; tax delinquency;  
14 corporate information; and death records.

15           The Illinois Department shall enter into agreements with  
16 State agencies and departments, and is authorized to enter  
17 into agreements with federal agencies and departments, under  
18 which such agencies and departments shall share data necessary  
19 for medical assistance program integrity functions and  
20 oversight. The Illinois Department shall develop, in  
21 cooperation with other State departments and agencies, and in  
22 compliance with applicable federal laws and regulations,  
23 appropriate and effective methods to share such data. At a  
24 minimum, and to the extent necessary to provide data sharing,  
25 the Illinois Department shall enter into agreements with State  
26 agencies and departments, and is authorized to enter into

1 agreements with federal agencies and departments, including,  
2 but not limited to: the Secretary of State; the Department of  
3 Revenue; the Department of Public Health; the Department of  
4 Human Services; and the Department of Financial and  
5 Professional Regulation.

6 Beginning in fiscal year 2013, the Illinois Department  
7 shall set forth a request for information to identify the  
8 benefits of a pre-payment, post-adjudication, and post-edit  
9 claims system with the goals of streamlining claims processing  
10 and provider reimbursement, reducing the number of pending or  
11 rejected claims, and helping to ensure a more transparent  
12 adjudication process through the utilization of: (i) provider  
13 data verification and provider screening technology; and (ii)  
14 clinical code editing; and (iii) pre-pay, pre-adjudicated, or  
15 post-adjudicated predictive modeling with an integrated case  
16 management system with link analysis. Such a request for  
17 information shall not be considered as a request for proposal  
18 or as an obligation on the part of the Illinois Department to  
19 take any action or acquire any products or services.

20 The Illinois Department shall establish policies,  
21 procedures, standards and criteria by rule for the  
22 acquisition, repair and replacement of orthotic and prosthetic  
23 devices and durable medical equipment. Such rules shall  
24 provide, but not be limited to, the following services: (1)  
25 immediate repair or replacement of such devices by recipients;  
26 and (2) rental, lease, purchase or lease-purchase of durable

1 medical equipment in a cost-effective manner, taking into  
2 consideration the recipient's medical prognosis, the extent of  
3 the recipient's needs, and the requirements and costs for  
4 maintaining such equipment. Subject to prior approval, such  
5 rules shall enable a recipient to temporarily acquire and use  
6 alternative or substitute devices or equipment pending repairs  
7 or replacements of any device or equipment previously  
8 authorized for such recipient by the Department.  
9 Notwithstanding any provision of Section 5-5f to the contrary,  
10 the Department may, by rule, exempt certain replacement  
11 wheelchair parts from prior approval and, for wheelchairs,  
12 wheelchair parts, wheelchair accessories, and related seating  
13 and positioning items, determine the wholesale price by  
14 methods other than actual acquisition costs.

15 The Department shall require, by rule, all providers of  
16 durable medical equipment to be accredited by an accreditation  
17 organization approved by the federal Centers for Medicare and  
18 Medicaid Services and recognized by the Department in order to  
19 bill the Department for providing durable medical equipment to  
20 recipients. No later than 15 months after the effective date  
21 of the rule adopted pursuant to this paragraph, all providers  
22 must meet the accreditation requirement.

23 In order to promote environmental responsibility, meet the  
24 needs of recipients and enrollees, and achieve significant  
25 cost savings, the Department, or a managed care organization  
26 under contract with the Department, may provide recipients or

1 managed care enrollees who have a prescription or Certificate  
2 of Medical Necessity access to refurbished durable medical  
3 equipment under this Section (excluding prosthetic and  
4 orthotic devices as defined in the Orthotics, Prosthetics, and  
5 Pedorthics Practice Act and complex rehabilitation technology  
6 products and associated services) through the State's  
7 assistive technology program's reutilization program, using  
8 staff with the Assistive Technology Professional (ATP)  
9 Certification if the refurbished durable medical equipment:  
10 (i) is available; (ii) is less expensive, including shipping  
11 costs, than new durable medical equipment of the same type;  
12 (iii) is able to withstand at least 3 years of use; (iv) is  
13 cleaned, disinfected, sterilized, and safe in accordance with  
14 federal Food and Drug Administration regulations and guidance  
15 governing the reprocessing of medical devices in health care  
16 settings; and (v) equally meets the needs of the recipient or  
17 enrollee. The reutilization program shall confirm that the  
18 recipient or enrollee is not already in receipt of the same or  
19 similar equipment from another service provider, and that the  
20 refurbished durable medical equipment equally meets the needs  
21 of the recipient or enrollee. Nothing in this paragraph shall  
22 be construed to limit recipient or enrollee choice to obtain  
23 new durable medical equipment or place any additional prior  
24 authorization conditions on enrollees of managed care  
25 organizations.

26 The Department shall execute, relative to the nursing home

1 prescreening project, written inter-agency agreements with the  
2 Department of Human Services and the Department on Aging, to  
3 effect the following: (i) intake procedures and common  
4 eligibility criteria for those persons who are receiving  
5 non-institutional services; and (ii) the establishment and  
6 development of non-institutional services in areas of the  
7 State where they are not currently available or are  
8 undeveloped; and (iii) notwithstanding any other provision of  
9 law, subject to federal approval, on and after July 1, 2012, an  
10 increase in the determination of need (DON) scores from 29 to  
11 37 for applicants for institutional and home and  
12 community-based long term care; if and only if federal  
13 approval is not granted, the Department may, in conjunction  
14 with other affected agencies, implement utilization controls  
15 or changes in benefit packages to effectuate a similar savings  
16 amount for this population; and (iv) no later than July 1,  
17 2013, minimum level of care eligibility criteria for  
18 institutional and home and community-based long term care; and  
19 (v) no later than October 1, 2013, establish procedures to  
20 permit long term care providers access to eligibility scores  
21 for individuals with an admission date who are seeking or  
22 receiving services from the long term care provider. In order  
23 to select the minimum level of care eligibility criteria, the  
24 Governor shall establish a workgroup that includes affected  
25 agency representatives and stakeholders representing the  
26 institutional and home and community-based long term care

1 interests. This Section shall not restrict the Department from  
2 implementing lower level of care eligibility criteria for  
3 community-based services in circumstances where federal  
4 approval has been granted.

5 The Illinois Department shall develop and operate, in  
6 cooperation with other State Departments and agencies and in  
7 compliance with applicable federal laws and regulations,  
8 appropriate and effective systems of health care evaluation  
9 and programs for monitoring of utilization of health care  
10 services and facilities, as it affects persons eligible for  
11 medical assistance under this Code.

12 The Illinois Department shall report annually to the  
13 General Assembly, no later than the second Friday in April of  
14 1979 and each year thereafter, in regard to:

15 (a) actual statistics and trends in utilization of  
16 medical services by public aid recipients;

17 (b) actual statistics and trends in the provision of  
18 the various medical services by medical vendors;

19 (c) current rate structures and proposed changes in  
20 those rate structures for the various medical vendors; and

21 (d) efforts at utilization review and control by the  
22 Illinois Department.

23 The period covered by each report shall be the 3 years  
24 ending on the June 30 prior to the report. The report shall  
25 include suggested legislation for consideration by the General  
26 Assembly. The requirement for reporting to the General

1 Assembly shall be satisfied by filing copies of the report as  
2 required by Section 3.1 of the General Assembly Organization  
3 Act, and filing such additional copies with the State  
4 Government Report Distribution Center for the General Assembly  
5 as is required under paragraph (t) of Section 7 of the State  
6 Library Act.

7 Rulemaking authority to implement Public Act 95-1045, if  
8 any, is conditioned on the rules being adopted in accordance  
9 with all provisions of the Illinois Administrative Procedure  
10 Act and all rules and procedures of the Joint Committee on  
11 Administrative Rules; any purported rule not so adopted, for  
12 whatever reason, is unauthorized.

13 On and after July 1, 2012, the Department shall reduce any  
14 rate of reimbursement for services or other payments or alter  
15 any methodologies authorized by this Code to reduce any rate  
16 of reimbursement for services or other payments in accordance  
17 with Section 5-5e.

18 Because kidney transplantation can be an appropriate,  
19 cost-effective alternative to renal dialysis when medically  
20 necessary and notwithstanding the provisions of Section 1-11  
21 of this Code, beginning October 1, 2014, the Department shall  
22 cover kidney transplantation for noncitizens with end-stage  
23 renal disease who are not eligible for comprehensive medical  
24 benefits, who meet the residency requirements of Section 5-3  
25 of this Code, and who would otherwise meet the financial  
26 requirements of the appropriate class of eligible persons

1 under Section 5-2 of this Code. To qualify for coverage of  
2 kidney transplantation, such person must be receiving  
3 emergency renal dialysis services covered by the Department.  
4 Providers under this Section shall be prior approved and  
5 certified by the Department to perform kidney transplantation  
6 and the services under this Section shall be limited to  
7 services associated with kidney transplantation.

8 Notwithstanding any other provision of this Code to the  
9 contrary, on or after July 1, 2015, all FDA approved forms of  
10 medication assisted treatment prescribed for the treatment of  
11 alcohol dependence or treatment of opioid dependence shall be  
12 covered under both fee-for-service ~~fee for service~~ and managed  
13 care medical assistance programs for persons who are otherwise  
14 eligible for medical assistance under this Article and shall  
15 not be subject to any (1) utilization control, other than  
16 those established under the American Society of Addiction  
17 Medicine patient placement criteria, (2) prior authorization  
18 mandate, or (3) lifetime restriction limit mandate.

19 On or after July 1, 2015, opioid antagonists prescribed  
20 for the treatment of an opioid overdose, including the  
21 medication product, administration devices, and any pharmacy  
22 fees or hospital fees related to the dispensing, distribution,  
23 and administration of the opioid antagonist, shall be covered  
24 under the medical assistance program for persons who are  
25 otherwise eligible for medical assistance under this Article.  
26 As used in this Section, "opioid antagonist" means a drug that

1 binds to opioid receptors and blocks or inhibits the effect of  
2 opioids acting on those receptors, including, but not limited  
3 to, naloxone hydrochloride or any other similarly acting drug  
4 approved by the U.S. Food and Drug Administration. The  
5 Department shall not impose a copayment on the coverage  
6 provided for naloxone hydrochloride under the medical  
7 assistance program.

8       Upon federal approval, the Department shall provide  
9 coverage and reimbursement for all drugs that are approved for  
10 marketing by the federal Food and Drug Administration and that  
11 are recommended by the federal Public Health Service or the  
12 United States Centers for Disease Control and Prevention for  
13 pre-exposure prophylaxis and related pre-exposure prophylaxis  
14 services, including, but not limited to, HIV and sexually  
15 transmitted infection screening, treatment for sexually  
16 transmitted infections, medical monitoring, assorted labs, and  
17 counseling to reduce the likelihood of HIV infection among  
18 individuals who are not infected with HIV but who are at high  
19 risk of HIV infection.

20       A federally qualified health center, as defined in Section  
21 1905(1)(2)(B) of the federal Social Security Act, shall be  
22 reimbursed by the Department in accordance with the federally  
23 qualified health center's encounter rate for services provided  
24 to medical assistance recipients that are performed by a  
25 dental hygienist, as defined under the Illinois Dental  
26 Practice Act, working under the general supervision of a

1 dentist and employed by a federally qualified health center.

2       Within 90 days after October 8, 2021 (the effective date  
3 of Public Act 102-665), the Department shall seek federal  
4 approval of a State Plan amendment to expand coverage for  
5 family planning services that includes presumptive eligibility  
6 to individuals whose income is at or below 208% of the federal  
7 poverty level. Coverage under this Section shall be effective  
8 beginning no later than December 1, 2022.

9       Subject to approval by the federal Centers for Medicare  
10 and Medicaid Services of a Title XIX State Plan amendment  
11 electing the Program of All-Inclusive Care for the Elderly  
12 (PACE) as a State Medicaid option, as provided for by Subtitle  
13 I (commencing with Section 4801) of Title IV of the Balanced  
14 Budget Act of 1997 (Public Law 105-33) and Part 460  
15 (commencing with Section 460.2) of Subchapter E of Title 42 of  
16 the Code of Federal Regulations, PACE program services shall  
17 become a covered benefit of the medical assistance program,  
18 subject to criteria established in accordance with all  
19 applicable laws.

20       Notwithstanding any other provision of this Code,  
21 community-based pediatric palliative care from a trained  
22 interdisciplinary team shall be covered under the medical  
23 assistance program as provided in Section 15 of the Pediatric  
24 Palliative Care Act.

25       Notwithstanding any other provision of this Code, within  
26 12 months after June 2, 2022 (the effective date of Public Act

1 102-1037) and subject to federal approval, acupuncture  
2 services performed by an acupuncturist licensed under the  
3 Acupuncture Practice Act who is acting within the scope of his  
4 or her license shall be covered under the medical assistance  
5 program. The Department shall apply for any federal waiver or  
6 State Plan amendment, if required, to implement this  
7 paragraph. The Department may adopt any rules, including  
8 standards and criteria, necessary to implement this paragraph.

9 Notwithstanding any other provision of this Code, the  
10 medical assistance program shall, subject to ~~appropriation and~~  
11 federal approval, reimburse hospitals for costs associated  
12 with a newborn screening test for the presence of  
13 metachromatic leukodystrophy, as required under the Newborn  
14 Metabolic Screening Act, at a rate not less than the fee  
15 charged by the Department of Public Health. Notwithstanding  
16 any other provision of this Code, the medical assistance  
17 program shall, subject to federal approval, also reimburse  
18 hospitals for costs associated with all newborn screening  
19 tests added on and after the effective date of this amendatory  
20 Act of the 103rd General Assembly to the Newborn Metabolic  
21 Screening Act and required to be performed under that Act at a  
22 rate not less than the fee charged by the Department of Public  
23 Health. The Department shall seek federal approval before the  
24 implementation of the newborn screening test fees by the  
25 Department of Public Health.

26 Notwithstanding any other provision of this Code,

1 beginning on January 1, 2024, subject to federal approval,  
2 cognitive assessment and care planning services provided to a  
3 person who experiences signs or symptoms of cognitive  
4 impairment, as defined by the Diagnostic and Statistical  
5 Manual of Mental Disorders, Fifth Edition, shall be covered  
6 under the medical assistance program for persons who are  
7 otherwise eligible for medical assistance under this Article.

8 Notwithstanding any other provision of this Code,  
9 medically necessary reconstructive services that are intended  
10 to restore physical appearance shall be covered under the  
11 medical assistance program for persons who are otherwise  
12 eligible for medical assistance under this Article. As used in  
13 this paragraph, "reconstructive services" means treatments  
14 performed on structures of the body damaged by trauma to  
15 restore physical appearance.
