

103RD GENERAL ASSEMBLY

State of Illinois

2023 and 2024

SB2983

Introduced 1/31/2024, by Sen. Mary Edly-Allen

SYNOPSIS AS INTRODUCED:

10 ILCS 5/29-4
10 ILCS 5/29-18

from Ch. 46, par. 29-4
from Ch. 46, par. 29-18

Amends the Election Code. In provisions concerning the prevention of voting or candidate support and conspiracy to prevent voting, provides that the term "deception or forgery" includes, but is not limited to the creation and distribution of a digital replica or deceptive social media content that a reasonable person would incorrectly believe is a true depiction of an individual, is made by a government official or candidate for office within the State, or is an announcement or communication made by a government agency and that is reasonably likely to dissuade a voter from registering to vote or lawfully voting, supporting, or opposing the nomination or election of any person for public office or any public question voted upon in any election. Defines additional terms. Effective immediately.

LRB103 38184 SPS 68317 b

1 AN ACT concerning elections.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Election Code is amended by changing
5 Sections 29-4 and 29-18 as follows:

6 (10 ILCS 5/29-4) (from Ch. 46, par. 29-4)

7 Sec. 29-4. Prevention of voting or candidate support.

8 (a) Any person who, by force, intimidation, threat,
9 deception or forgery, knowingly prevents any other person from
10 (a) registering to vote, or (b) lawfully voting, supporting or
11 opposing the nomination or election of any person for public
12 office or any public question voted upon at any election,
13 shall be guilty of a Class 4 felony.

14 (b) As used in this Section:

15 "Artificial intelligence" means a machine-based system
16 that can make predictions, recommendations, or decisions
17 influencing real or virtual environments for a given set of
18 human-defined objectives. "Artificial intelligence" includes
19 generative artificial intelligence.

20 "Deception or forgery" includes, but is not limited to:

21 (1) the creation and distribution of a digital replica
22 of an individual generated by artificial intelligence that
23 a reasonable person would incorrectly believe to be a true

1 depiction of that individual and that is reasonably likely
2 to dissuade a voter from registering to vote or lawfully
3 voting, supporting, or opposing the nomination or election
4 of any person for public office or any public question
5 voted upon in an election;

6 (2) the creation and distribution of deceptive social
7 media content that a reasonable person would incorrectly
8 believe is an announcement or communication made by a
9 government agency and that is reasonably likely to
10 dissuade a voter from registering to vote or lawfully
11 voting, supporting, or opposing the nomination or election
12 of any person for public office or any public question
13 voted upon in an election; and

14 (3) the creation and distribution of deceptive social
15 media content that a reasonable person would incorrectly
16 believe is made by a government official or candidate for
17 office in this State and that is reasonably likely to
18 dissuade a voter from registering to vote or lawfully
19 voting, supporting, or opposing the nomination or election
20 of any person for public office or any public question
21 voted upon in an election.

22 "Digital replica" means any audio or visual material that
23 has been created, materially manipulated, altered, or
24 annotated to appear to be a realistic record of an act, speech,
25 conduct, absence, or appearance of an individual that a
26 reasonable person would incorrectly believe to be a true

1 depiction of that individual and that falsely depicts an
2 individual engaged in speech or conduct in which the depicted
3 individual did not engage.

4 "Generative artificial intelligence" means an automated
5 computing system that when prompted with human prompts,
6 descriptions, or queries can produce outputs that simulate
7 human-produced content, including, but not limited to, the
8 following:

9 (1) textual outputs, such as short answers, essays,
10 poetry, or longer compositions or answers;

11 (2) image outputs, such as fine art, photographs,
12 conceptual art, diagrams, and other images;

13 (3) multimedia outputs, such as audio or video in the
14 form of compositions, songs, or short-form or long-form
15 audio or video; and

16 (4) other content that could be otherwise produced by
17 human means.

18 (Source: P.A. 78-887.)

19 (10 ILCS 5/29-18) (from Ch. 46, par. 29-18)

20 Sec. 29-18. Conspiracy to prevent vote - Liability).

21 (a) If 2 or more persons conspire to prevent by force,
22 intimidation, threat, deception, forgery or bribery any person
23 from registering to vote, or preventing any person lawfully
24 entitled to vote from voting, or preventing any person from
25 supporting or opposing, in a legal manner, the nomination or

1 election of any person for public or political party office,
2 or a proposition voted upon at any election, or to injure any
3 person or such person's property on account of such vote,
4 support or advocacy, and if one or more persons so conspiring
5 do, attempt or cause to be done, any act in furtherance of the
6 object of such conspiracy, whereby another is injured in his
7 person or property or deprived of having or exercising any
8 right, privilege or immunity secured by the Constitution or
9 laws of the United States or the State of Illinois relating to
10 the conduct of elections, voting, or the nomination or
11 election of candidates for public or political party office,
12 all persons engaged in such conspiracy shall be liable to the
13 party injured or any person affected, in any action or
14 proceeding for redress.

15 (b) As used in this Section:

16 "Artificial intelligence" means a machine-based system
17 that can make predictions, recommendations, or decisions
18 influencing real or virtual environments for a given set of
19 human-defined objectives. "Artificial intelligence" includes
20 generative artificial intelligence.

21 "Deception or forgery" includes, but is not limited to:

22 (1) the creation and distribution of a digital replica
23 of an individual generated by artificial intelligence that
24 a reasonable person would incorrectly believe to be a true
25 depiction of that individual and that is reasonably likely
26 to dissuade a voter from registering to vote or lawfully

1 voting, supporting, or opposing the nomination or election
2 of any person for public office or any public question
3 voted upon in an election;

4 (2) the creation and distribution of deceptive social
5 media content that a reasonable person would incorrectly
6 believe is an announcement or communication made by a
7 government agency and that is reasonably likely to
8 dissuade a voter from registering to vote or lawfully
9 voting, supporting, or opposing the nomination or election
10 of any person for public office or any public question
11 voted upon in an election; and

12 (3) the creation and distribution of deceptive social
13 media content that a reasonable person would incorrectly
14 believe is made by a government official or candidate for
15 office in this State and that is reasonably likely to
16 dissuade a voter from registering to vote or lawfully
17 voting, supporting, or opposing the nomination or election
18 of any person for public office or any public question
19 voted upon in an election.

20 "Digital replica" means any audio or visual material that
21 has been created, materially manipulated, altered, or
22 annotated to appear to be a realistic record of an act, speech,
23 conduct, absence, or appearance of an individual that a
24 reasonable person would incorrectly believe to be a true
25 depiction of that individual and that falsely depicts an
26 individual engaged in speech or conduct in which the depicted

1 individual did not engage.

2 "Generative artificial intelligence" means an automated
3 computing system that when prompted with human prompts,
4 descriptions, or queries can produce outputs that simulate
5 human-produced content, including, but not limited to, the
6 following:

7 (1) textual outputs, such as short answers, essays,
8 poetry, or longer compositions or answers;

9 (2) image outputs, such as fine art, photographs,
10 conceptual art, diagrams, and other images;

11 (3) multimedia outputs, such as audio or video in the
12 form of compositions, songs, or short-form or long-form
13 audio or video; and

14 (4) other content that could be otherwise produced by
15 human means.

16 (Source: P.A. 79-1363.)

17 Section 99. Effective date. This Act takes effect upon
18 becoming law.
