20           Sec. 27A-5. Charter school; legal entity; requirements.

21           (a) A charter school shall be a public, nonsectarian,  
22           nonreligious, non-home based, and non-profit school. A charter  
23           school shall be organized and operated as a nonprofit  
24           corporation or other discrete, legal, nonprofit entity  
25           authorized under the laws of the State of Illinois.

1 (b) A charter school may be established under this Article  
2 by creating a new school or by converting an existing public  
3 school or attendance center to charter school status. In all  
4 new applications to establish a charter school in a city  
5 having a population exceeding 500,000, operation of the  
6 charter school shall be limited to one campus. This limitation  
7 does not apply to charter schools existing or approved on or  
8 before April 16, 2003.

9 (b-5) (Blank).

10 (c) A charter school shall be administered and governed by  
11 its board of directors or other governing body in the manner  
12 provided in its charter. The governing body of a charter  
13 school shall be subject to the Freedom of Information Act and  
14 the Open Meetings Act. A charter school's board of directors  
15 or other governing body must include at least one parent or  
16 guardian of a pupil currently enrolled in the charter school  
17 who may be selected through the charter school or a charter  
18 network election, appointment by the charter school's board of  
19 directors or other governing body, or by the charter school's  
20 Parent Teacher Organization or its equivalent.

21 (c-5) No later than January 1, 2021 or within the first  
22 year of his or her first term, every voting member of a charter  
23 school's board of directors or other governing body shall  
24 complete a minimum of 4 hours of professional development  
25 leadership training to ensure that each member has sufficient  
26 familiarity with the board's or governing body's role and

1 responsibilities, including financial oversight and  
2 accountability of the school, evaluating the principal's and  
3 school's performance, adherence to the Freedom of Information  
4 Act and the Open Meetings Act, and compliance with education  
5 and labor law. In each subsequent year of his or her term, a  
6 voting member of a charter school's board of directors or  
7 other governing body shall complete a minimum of 2 hours of  
8 professional development training in these same areas. The  
9 training under this subsection may be provided or certified by  
10 a statewide charter school membership association or may be  
11 provided or certified by other qualified providers approved by  
12 the State Board.

13 (d) For purposes of this subsection (d), "non-curricular  
14 health and safety requirement" means any health and safety  
15 requirement created by statute or rule to provide, maintain,  
16 preserve, or safeguard safe or healthful conditions for  
17 students and school personnel or to eliminate, reduce, or  
18 prevent threats to the health and safety of students and  
19 school personnel. "Non-curricular health and safety  
20 requirement" does not include any course of study or  
21 specialized instructional requirement for which the State  
22 Board has established goals and learning standards or which is  
23 designed primarily to impart knowledge and skills for students  
24 to master and apply as an outcome of their education.

25 A charter school shall comply with all non-curricular  
26 health and safety requirements applicable to public schools

1 under the laws of the State of Illinois. The State Board shall  
2 promulgate and post on its Internet website a list of  
3 non-curricular health and safety requirements that a charter  
4 school must meet. The list shall be updated annually no later  
5 than September 1. Any charter contract between a charter  
6 school and its authorizer must contain a provision that  
7 requires the charter school to follow the list of all  
8 non-curricular health and safety requirements promulgated by  
9 the State Board and any non-curricular health and safety  
10 requirements added by the State Board to such list during the  
11 term of the charter. Nothing in this subsection (d) precludes  
12 an authorizer from including non-curricular health and safety  
13 requirements in a charter school contract that are not  
14 contained in the list promulgated by the State Board,  
15 including non-curricular health and safety requirements of the  
16 authorizing local school board.

17 (e) Except as otherwise provided in the School Code, a  
18 charter school shall not charge tuition; provided that a  
19 charter school may charge reasonable fees for textbooks,  
20 instructional materials, and student activities.

21 (f) A charter school shall be responsible for the  
22 management and operation of its fiscal affairs, including, but  
23 not limited to, the preparation of its budget. An audit of each  
24 charter school's finances shall be conducted annually by an  
25 outside, independent contractor retained by the charter  
26 school. The contractor shall not be an employee of the charter

1 school or affiliated with the charter school or its authorizer  
2 in any way, other than to audit the charter school's finances.  
3 To ensure financial accountability for the use of public  
4 funds, on or before December 1 of every year of operation, each  
5 charter school shall submit to its authorizer and the State  
6 Board a copy of its audit and a copy of the Form 990 the  
7 charter school filed that year with the federal Internal  
8 Revenue Service. In addition, if deemed necessary for proper  
9 financial oversight of the charter school, an authorizer may  
10 require quarterly financial statements from each charter  
11 school.

12 (g) A charter school shall comply with all provisions of  
13 this Article, the Illinois Educational Labor Relations Act,  
14 all federal and State laws and rules applicable to public  
15 schools that pertain to special education and the instruction  
16 of English learners, and its charter. A charter school is

18 governing public schools and local school board policies;  
19 however, a charter school is not exempt from the following:

18 (Text of Section after amendment by P.A. 102-466)

19 Sec. 27A-5. Charter school; legal entity; requirements.

20 (a) A charter school shall be a public, nonsectarian,  
21 nonreligious, non-home based, and non-profit school. A charter  
22 school shall be organized and operated as a nonprofit  
23 corporation or other discrete, legal, nonprofit entity  
24 authorized under the laws of the State of Illinois.

25 (b) A charter school may be established under this Article

1 by creating a new school or by converting an existing public  
2 school or attendance center to charter school status. In all  
3 new applications to establish a charter school in a city  
4 having a population exceeding 500,000, operation of the  
5 charter school shall be limited to one campus. This limitation  
6 does not apply to charter schools existing or approved on or  
7 before April 16, 2003.

8 (b-5) (Blank).

9 (c) A charter school shall be administered and governed by  
10 its board of directors or other governing body in the manner  
11 provided in its charter. The governing body of a charter  
12 school shall be subject to the Freedom of Information Act and  
13 the Open Meetings Act. A charter school's board of directors  
14 or other governing body must include at least one parent or  
15 guardian of a pupil currently enrolled in the charter school  
16 who may be selected through the charter school or a charter  
17 network election, appointment by the charter school's board of  
18 directors or other governing body, or by the charter school's  
19 Parent Teacher Organization or its equivalent.

20 (c-5) No later than January 1, 2021 or within the first  
21 year of his or her first term, every voting member of a charter  
22 school's board of directors or other governing body shall  
23 complete a minimum of 4 hours of professional development  
24 leadership training to ensure that each member has sufficient  
25 familiarity with the board's or governing body's role and  
26 responsibilities, including financial oversight and

1 accountability of the school, evaluating the principal's and  
2 school's performance, adherence to the Freedom of Information  
3 Act and the Open Meetings Act, and compliance with education  
4 and labor law. In each subsequent year of his or her term, a  
5 voting member of a charter school's board of directors or  
6 other governing body shall complete a minimum of 2 hours of  
7 professional development training in these same areas. The  
8 training under this subsection may be provided or certified by  
9 a statewide charter school membership association or may be  
10 provided or certified by other qualified providers approved by  
11 the State Board.

12 (d) For purposes of this subsection (d), "non-curricular  
13 health and safety requirement" means any health and safety  
14 requirement created by statute or rule to provide, maintain,  
15 preserve, or safeguard safe or healthful conditions for  
16 students and school personnel or to eliminate, reduce, or  
17 prevent threats to the health and safety of students and  
18 school personnel. "Non-curricular health and safety  
19 requirement" does not include any course of study or  
20 specialized instructional requirement for which the State  
21 Board has established goals and learning standards or which is  
22 designed primarily to impart knowledge and skills for students  
23 to master and apply as an outcome of their education.

24 A charter school shall comply with all non-curricular  
25 health and safety requirements applicable to public schools  
26 under the laws of the State of Illinois. The State Board shall

1 promulgate and post on its Internet website a list of  
2 non-curricular health and safety requirements that a charter  
3 school must meet. The list shall be updated annually no later  
4 than September 1. Any charter contract between a charter  
5 school and its authorizer must contain a provision that  
6 requires the charter school to follow the list of all  
7 non-curricular health and safety requirements promulgated by  
8 the State Board and any non-curricular health and safety  
9 requirements added by the State Board to such list during the  
10 term of the charter. Nothing in this subsection (d) precludes  
11 an authorizer from including non-curricular health and safety  
12 requirements in a charter school contract that are not  
13 contained in the list promulgated by the State Board,  
14 including non-curricular health and safety requirements of the  
15 authorizing local school board.

16 (e) Except as otherwise provided in the School Code, a  
17 charter school shall not charge tuition; provided that a  
18 charter school may charge reasonable fees for textbooks,  
19 instructional materials, and student activities.

20 (f) A charter school shall be responsible for the  
21 management and operation of its fiscal affairs, including, but  
22 not limited to, the preparation of its budget. An audit of each  
23 charter school's finances shall be conducted annually by an  
24 outside, independent contractor retained by the charter  
25 school. The contractor shall not be an employee of the charter  
26 school or affiliated with the charter school or its authorizer

1 in any way, other than to audit the charter school's finances.  
2 To ensure financial accountability for the use of public  
3 funds, on or before December 1 of every year of operation, each  
4 charter school shall submit to its authorizer and the State  
5 Board a copy of its audit and a copy of the Form 990 the  
6 charter school filed that year with the federal Internal  
7 Revenue Service. In addition, if deemed necessary for proper  
8 financial oversight of the charter school, an authorizer may  
9 require quarterly financial statements from each charter  
10 school.

11 (g) A charter school shall comply with all provisions of  
12 this Article, the Illinois Educational Labor Relations Act,  
13 all federal and State laws and rules applicable to public  
14 schools that pertain to special education and the instruction  
15 of English learners, and its charter. A charter school is  
16 exempt from all other State laws and regulations in this Code  
17 governing public schools and local school board policies;  
18 however, a charter school is not exempt from the following:

19 (1) Sections 10-21.9 and 34-18.5 of this Code

18 The change made by Public Act 96-104 to this subsection  
19 (g) is declaratory of existing law.

20 (h) A charter school may negotiate and contract with a  
21 school district, the governing body of a State college or  
22 university or public community college, or any other public or  
23 for-profit or nonprofit private entity for: (i) the use of a  
24 school building and grounds or any other real property or  
25 facilities that the charter school desires to use or convert  
26 for use as a charter school site, (ii) the operation and

1 maintenance thereof, and (iii) the provision of any service,  
2 activity, or undertaking that the charter school is required  
3 to perform in order to carry out the terms of its charter.  
4 Except as provided in subsection (i) of this Section, a school  
5 district may charge a charter school reasonable rent for the  
6 use of the district's buildings, grounds, and facilities. Any  
7 services for which a charter school contracts with a school  
8 district shall be provided by the district at cost. Any  
9 services for which a charter school contracts with a local  
10 school board or with the governing body of a State college or  
11 university or public community college shall be provided by  
12 the public entity at cost.

13 (i) In no event shall a charter school that is established  
14 by converting an existing school or attendance center to  
15 charter school status be required to pay rent for space that is  
16 deemed available, as negotiated and provided in the charter  
17 agreement, in school district facilities. However, all other  
18 costs for the operation and maintenance of school district  
19 facilities that are used by the charter school shall be  
20 subject to negotiation between the charter school and the

22 (j) A charter school may limit student enrollment by age  
23 or grade level.

24 (k) If the charter school is authorized by the State
