5 Any agreement entered into with a financial institution under this Section shall provide that the financial 6 7 institution shall compare the data of account holders, owners, 8 or customers who maintain one or more accounts at the 9 financial institution with data of individuals and business 10 entities who are identified by the Department as delinguent 11 taxpayers and whose name, record address, and social security 12 number or tax identification number are provided by the Department to the financial institution. 13
