subsection (b-1) of Section 5-20 of the Illinois Anatomical Gift Act, as follows:

(1) The Secretary shall offer, to each applicant for issuance or renewal of a driver's license or identification card who is 18 years of age or older, the opportunity to have his or her name included in the First Person Consent organ and tissue donor registry. The Secretary must advise the applicant or licensee that he or she is under no compulsion to have his or her name included in the registry. An individual who agrees to having his or her name included in the First Person Consent organ and tissue donor registry has given full legal consent to the donation of any of his or her organs or tissue upon his or her death. A brochure explaining this method of executing an anatomical gift must be given to each applicant for issuance or renewal of a driver's license or identification card. The brochure must advise the applicant or licensee (i) that he or she is under no compulsion to have his or her name included in this registry and (ii) that he or she may wish to consult with family, friends, or clergy before doing so.

- The Secretary of State may establish (2) additional methods by which an individual may have his or her name included in the First Person Consent organ and tissue donor registry.
- (3) When an individual has agreed to have his or her name included in the First Person Consent organ and tissue donor registry, the Secretary of State shall note that agreement in the First Person consent organ and tissue donor registry. Representatives of federally designated organ procurement agencies and tissue banks may inquire of the Secretary of State whether a potential organ donor's name is included in the First Person Consent organ and tissue donor registry, and the Secretary of State may provide that information to the representative.

- Section 10. The Illinois Anatomical Gift Act is amended by changing Sections 5-20, 5-40, and 5-45 as follows:
- 17 (755 ILCS 50/5-20) (was 755 ILCS 50/5)
- 18 Sec. 5-20. Manner of Executing Anatomical Gifts.
- 19 (a) A gift of all or part of the body under Section 5-5 (a)
 20 may be made by will. The gift becomes effective upon the death
 21 of the testator without waiting for probate. If the will is not
 22 probated, or if it is declared invalid for testamentary
 23 purposes, the gift, to the extent that it has been acted upon
 24 in good faith, is nevertheless valid and effective.
- 25 (b) A gift of all or part of the body under Section 5-5 (a) 26 may also be made by a written, signed document other than a will. The gift becomes effective upon the death of the donor. 27 28 The document, which may be a card or a valid driver's license 29 designed to be carried on the person, is effective without regard to the presence or signature of witnesses must be signed 30 by the donor in the presence of 2 witnesses who must sign the 31 document in his presence and who thereby certify that he was of 32 and mind and memory and free from any undue influence 33 34 knows the objects of his bounty and affection. Such a gift may

also be made by properly executing the form provided by the Secretary of State on the reverse side of the donor's driver's license pursuant to subsection (b) of Section 6-110 of The Illinois Vehicle Code. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

- (b-1) A gift under Section 5-5 (a) may also be made by an individual consenting to have his or her name included in the First Person Consent organ and tissue donor registry maintained by the Secretary of State under Section 6-117 of the Illinois Vehicle Code. An individual's consent to have his or her name included in the First Person Consent organ and tissue donor registry constitutes full legal authority for the donation of any of his or her organs or tissue. Consenting to be included in the First Person Consent organ and tissue donor registry is effective without regard to the presence or signature of witnesses.
- (c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, then if made for the purpose of transplantation, it shall be effectuated in accordance with Section 5-25, and if made for any other purpose the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee.
- (d) Notwithstanding Section 5-45 (b), the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.
- (e) Any gift by a person designated in Section 5-5 (b) shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message.

 - (1) the execution and delivery to the donee of a signed statement witnessed and certified as provided in Section 5-20(b); or

her custody for the purpose of final disposition. Such request shall be honored by the donee if the terms of the gift are silent on how final disposition is to take place. If the gift is of a part of the body, the donee or technician designated by him upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation and without undue delay in the release of the body for the purposes of final disposition. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body, in the order or priority listed in subsection (b) of Section 5-5 of this Act.

- (b) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

For the purpose of any proceedings, civil or criminal, the validity of an anatomical gift executed pursuant to Section 5-20 of this Act shall be presumed and the good faith of any person participating in the removal or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent or by another individual authorized by the Act shall be presumed.

- (d) This Act is subject to the provisions of "An Act to revise the law in relation to coroners", approved February 6, 1874, as now or hereafter amended, to the laws of this State prescribing powers and duties with respect to autopsies, and to the statutes, rules, and regulations of this State with respect to the transportation and disposition of deceased human bodies.
- (e) If the donee is provided information, or determines through independent examination, that there is evidence that the gift was exposed to the human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS), the donee may reject the gift and shall treat the information and examination results as a confidential medical record; the donee may disclose only the results confirming HIV exposure, and only to the physician of the deceased donor. The donor's physician shall determine whether the person who executed the gift should be notified of the confirmed positive test result.
