

94TH GENERAL ASSEMBLY
State of Illinois
2005 and 2006
SB1986

Introduced 2/25/2005, by Sen. Steven J. Rauschenberger

SYNOPSIS AS INTRODUCED:

305 ILCS 5/12-4.201

Amends the Illinois Public Aid Code. In provisions concerning the Department of Public Aid's data warehouse concerning medical and related services, provides that the Department shall perform all necessary administrative functions to expand its linearly-scalable data warehouse to encompass other healthcare data sources at both the Department of Human Services and the Department of Public Health. Provides that the Department shall leverage the inherent capabilities of the data warehouse to accomplish this expansion with marginal additional technical administration. Provides that the purpose of this expansion is to allow for programmatic review and analysis including the interrelatedness among the various healthcare programs in order to ascertain effectiveness toward, and ultimate impact on, clients. Provides that beginning July 1, 2005, the Department shall supply quarterly reports to the Commission on Government Forecasting and Accountability detailing progress toward this mandate. Effective immediately.

MAY APPLY

1 AN ACT concerning public aid.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Public Aid Code is amended by
5 changing Section 12-4.201 as follows:

6 (305 ILCS 5/12-4.201)

7 Sec. 12-4.201.

8 (a) Data warehouse concerning medical and related
9 services. The Illinois Department of Public Aid may purchase
10 services and materials associated with the costs of developing
11 and implementing a data warehouse comprised of management and
12 decision making information in regard to the liability
13 associated with, and utilization of, medical and related
14 services, out of moneys available for that purpose.

15 (b) The Department of Public Aid shall perform all
16 necessary administrative functions to expand its
17 linearly-scalable data warehouse to encompass other healthcare
18 data sources at both the Department of Human Services and the
19 Department of Public Health. The Department of Public Aid shall
20 leverage the inherent capabilities of the data warehouse to
21 accomplish this expansion with marginal additional technical
22 administration. The purpose of this expansion is to allow for
23 programmatic review and analysis including the
24 interrelatedness among the various healthcare programs in
25 order to ascertain effectiveness toward, and ultimate impact
26 on, clients. Beginning July 1, 2005, the Department of Public
27 Aid shall supply quarterly reports to the Commission on
28 Government Forecasting and Accountability detailing progress
29 toward this mandate.
