1 AN ACT concerning safety.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Boiler and Pressure Vessel Safety Act is  
5 amended by changing Sections 2a and 2b as follows:

6 (430 ILCS 75/2a) (from Ch. 111 1/2, par. 3202a)

7 Sec. 2a. Nuclear facilities. Notwithstanding any other  
8 provision to the contrary, the Illinois Emergency Management  
9 Agency ~~Department of Nuclear Safety~~ shall have sole  
10 jurisdiction over all boilers and pressure vessels contained  
11 within or upon or in connection with any nuclear facility  
12 within this State. The Agency ~~Department of Nuclear Safety~~  
13 shall have the same authority and shall have and exercise the  
14 same powers and duties in relation to those boilers and  
15 pressure vessels under this Act as the Board or the State Fire  
16 Marshal have and exercise in relation to all boilers and  
17 pressure vessels in this State that are not included in this  
18 Section. Notwithstanding any other provision to the contrary,  
19 the Agency ~~Department of Nuclear Safety~~ shall establish by rule  
20 the types and frequency of inspections of boilers and pressure  
21 vessels contained within or upon or in connection with any  
22 nuclear facility. The rules may provide that multiple boilers  
23 and pressure vessels in a nuclear power system shall be covered  
24 by a single inspection certificate. The Agency ~~Department of~~  
25 ~~Nuclear Safety~~ may enter into such agreements with the Board or  
26 the State Fire Marshal as are necessary to carry out its duties  
27 under this Act. The agreements may provide that the Agency  
28 ~~Department of Nuclear Safety~~ shall accept and recognize Special  
29 Inspector Commissions issued by the State Fire Marshal.

31 (430 ILCS 75/2b) (from Ch. 111 1/2, par. 3202b)

1           Sec. 2b. In addition to its other powers, the Illinois  
2 Emergency Management Agency ~~Department of Nuclear Safety~~ is  
3 authorized to enter into agreements with the United States  
4 Nuclear Regulatory Commission for the establishment of a  
5 coordinated and comprehensive program to minimize the risks  
6 posed by boilers, pressure vessels, and related components  
7 contained within or upon or in connection with any nuclear  
8 facility within this State. The program may provide for such  
9 inspections of nuclear facilities within the State as may be  
10 agreed upon and for inspections within and outside the State of  
11 Illinois of boilers and pressure vessels to be installed in any  
12 nuclear facility within this State.
