FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning long-term care.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Illinois Long-Term Care Partnership Program Act.

6 Section 5. Findings. The General Assembly finds that our
7 nation's current financing structure relies too heavily on
8 individuals and families to bear the financial burden of
9 long-term supportive services. The financial burden can be so
10 large that, for many individuals, particularly those with
11 moderate income, the only alternative is Medicaid, which
12 requires spending down all assets in order to qualify to
13 receive long-term care benefits.

14 The General Assembly declares that Medicare is not intended
15 to cover the majority of long-term care expenses. Medicaid is
16 the largest source of funding for long-term care in the United
17 States, making the financing of long-term care costs a
18 significant issue for both State and federal budgets. The
19 growth in spending by the federal government and states for
20 long-term care services through Medicaid will continue to
21 increase as the American population ages.

22 The General Assembly finds that one solution to help
23 address the spiraling Medicaid growth and encourage

1 individuals to plan for their long-term care is the Long Term
2 Care Partnership Program, a public-private partnership between
3 states and private insurance companies. It is the intent of
4 this program to reduce future Medicaid costs for long-term care
5 by delaying or eliminating dependence on Medicaid by providing
6 incentives for individuals to insure against the cost of
7 providing for their long-term care needs. The program,
8 including the treatment of assets for Medicaid eligibility and
9 estate recovery, shall be structured and administered in
10 accordance with federal law and applicable federal guidelines.

12 meeting these requirements; and

26 resources in an amount equal to the insurance benefit payments

1 that are made to or on the behalf of an individual who is a

14 and how they relate to other public and private coverage of
15 long-term care.

16 (c) The Department may not impose any requirement affecting
17 the terms or benefits of qualified long-term care partnership
18 policies unless the Department imposes the requirement on all
19 long-term care policies sold in Illinois without regard to
20 whether the policy is covered under the partnership or is
21 offered in connection with the partnership.
